**SCHEME OF A LOTTERY,**

**F**OR the disposal of fifty lots in la Fayette Vil-lage, beautifully situated at the Cool Springs in St. Mary's county, allowed by the best judges to be as advantageous a situation for a manufacturing town as any on this continent. Charlotte Hall school is now building within two hundred steps of the place. These lots are to be laid off, and the in-habitants will have the advantage of educating their children, and gentlemen at a distance will have the advantage of boarding their children in this village. The healthfulness of this place, and the virtue of the waters, are too generally known to need a description. The drawing will be performed under the in-spection and by the directions of Messieurs Henry Tubman, William and John Cartwright, and Han-son Briscoe, managers, who will see the prizes punctually paid, and the lots conveyed to the for-tunate adventurers; prizes not called for in six months will be deemed generously given to Charlotte Hall school. The drawing will commence at the Cool Springs on the tenth day of January 1786, or sooner if full, and the fortunate numbers will be in-ferred in the Annapolis and Alexandria news-papers.

The scheme is as follows: Fifty lots, to contain sixty feet front and one hundred feet back each, subject to a ground-rent of one penny per foot, and five shillings to be paid on every alienation, with so much woodland as annexed to each number.

One other tract, containing nearly the same quantity of acres, lying within five miles of the above, situate in the fork of the river Patuxent, and commonly known by the name of the Fork Quarter, or Duvall's Range; several saw mills might be erected to great advantage, it being better wooded than any land within many miles; at least 200 acres of very excellent meadow may be made; its improvements are, a dwelling house, quarter, corn house, stable, tobacco house, also two apple orchards.
