

ABSTRACT of the ACT respecting EXECUTIONS, &c.

1. NO execution to issue against debtors to whom indulgence was given by the act of November 1784, C. 55, to establish funds, &c. for five years before the 20th of March 1785, (of which the treasurer of the western shore shall give notice in the Annapolis Gazette and Baltimore Journal) and after that day the said treasurer to issue executions on the bonds on which one year's interest due the 1st of September 1785, shall not be paid before the said 20th of March, for the said one year's interest; and if the interest is not paid by the 1st day of September annually, the said treasurer, every year until 1790, to issue executions to compel payment of the annual interest due on such bonds. After the 1st of January 1790, executions to issue on all the said bonds for principal and interest due.

2. No execution to issue on any bond, for continental state money, before the 1st day of January 1787, unless from the circumstances of the debtors the interest of the state may render it necessary; or unless for the indemnification of securities; the treasurer to be judge in such cases.

3. No execution to issue on any bond for state money, before the first day of July next, unless the circumstances of the debtors, or the indemnification of securities may render it necessary, as above.

4. No process to issue on any bond for specie (lodged in the treasury before the first of June 1785, and where the bonds are due before the first of January 1786) pledged by act of November 1784, C. 55, to redeem the two emissions (of June 1780) of state and continental money, before the first of June next; provided the said debtors before that day, pay into the treasury one half of their debts in specie or state, or continental state money; and in such case the said debtors to have indulgence for the residue, until the first of January 1787; and in case of neglect, after the first day of June next process to issue, and all the money due on the said bonds shall be applied to the redemption of the state money.

5. As it is unjust that persons who have not complied with the terms of sale, prescribed by the laws directing the sales of confiscated property, and have not yet bonded, should be placed on a better footing than the purchasers of the said property who have paid bonds; every purchaser of confiscated property, pledged for the redemption of the two emissions of June 1780, who hath not yet bonded for the same, shall give bond on or before the first day of June next, with such security as the treasurer of the western shore (under the direction of the governor and the council) shall require, for payment of the purchase money and interest thereon; which principal and interest shall be paid in the same manner, and on the same terms and conditions as are respectively prescribed by this act, in the case of persons who have entered into bond for the redemption of the respective emissions of June 1780; and if any of the said purchasers shall neglect to give bond as aforesaid, before the first day of June next, process shall immediately issue thereon, and payment compelled in the money, according to contract.

6. All collectors of the public assessment, and either of the treasurers to receive the two emissions of June 1780, calculating the interest due thereon, at par with specie, in payment of any taxes due the state before the first of January 1785, not appropriated by law.

N. B. By the act of November 1784, C. 55, the above emissions were directed to be received at par, interest included, in payment of any taxes due before the first of March 1784.

7. Collectors to give any specie in their hands, received in payment of the said taxes due before the first of January 1785, in exchange for the said emissions of June 1780; and the governor and the council are requested to instruct the said collectors accordingly.

8. If by all the above means all the state money shall not be brought in by the first day of July next, the treasurer of the western shore shall proportion the balance among all the debtors for such money, and issue executions.

9. After the first day of July next, any possessor of the emission of state money may bring the same into the treasury of the western shore, and take choice of any of the said bonds for the said emission; and the treasurer shall assign the said bonds, and the assignees may, at any time thereafter, issue execution in his own name, and have the same remedy for payment as the state.

10. After the first day of January 1787, any possessor of continental state money may bring in the same, and cause any of the bonds for the said money, and take assignment, and issue execution as aforesaid.

11. As the general words of the act of November 1784, C. 55, "to establish funds, &c." are supposed to include the bonds passed for bills of credit under the old government, which have not been discharged, and this subject was not considered by the legislature when the said act was passed, and the motives which influenced the obligors in the said bonds not to discharge the same in depreciated paper, entitle them at least to the indulgence of

the legislature; no proceeding shall be had or instituted against any obligor or obligors, or his or their securities, on any bond now in the treasury, and passed upon the borrowing from the loan-office during the old government, any bills of credit issued or emitted under the authority thereof, to compel payment of either principal or interest, until after the end of the next session of assembly, or until the legislature shall determine in what manner the obligors aforesaid shall pay off the bonds aforesaid, and the interest thereon due.

12. Any security on bond for confiscated British property, where the principal is dead, or shall die, the treasurer of the western shore, on application, may take bond with good security, for the principal and interest due, and deliver up and assign the original bond to such security, that he may have the same remedy as the state to recover the sum for which he shall give bond as aforesaid, from the estate of the deceased.

13. The attorney-general is entitled to receive fifty shillings current money on suit, or execution, on each bond, and no more, notwithstanding there may be more obligors than one in the same bond, and notwithstanding more executions may issue than one, or executions may issue more than one on the same cause.

THOMAS HARWOOD, treasurer of the Western Shore.

And any person or persons neglecting to deliver their claims as aforesaid, shall be precluded from any adjustment of the same, except at the board of treasury; provided, that in those states where there is no commissioner of accounts, the citizens of such state or states shall be allowed one year for delivering their claims from the time when a commissioner shall have been appointed and enter on the duties of his office.

That all persons who shall neglect to deliver in a particular abstract of their claims as aforesaid, shall be excluded from the benefit of settlement or allowance.
