LEASED,

For any term not exceeding twenty-one years, VERY valuable tract of unimproved LAND, containing about 2700 acres, lying in Dorchel ter county, on the public road leading from Cambridge to Vienna, about nine miles from Cambridge, seven from Vienna, not more than four from a very good landing on Great-Choptank River, nor more than two from two very good merchant mills. The land is in general high, and well adapted to the growth of corn, wheat and tobacco: the lowest of it may easily be rendered quite dry by short ditches, to communicate with several branches, in different parts of the tract, that are very conveniently situated for that purpose: it is very well timbered with oak, poplar, some black walnut, hickory, and several other trees, in some measure, peculiar in their growth to the best lands: a good proportion of it is extremely well calculated for meadow, which, from the particular fituation of the land, may be made at a trifling expence: It will be laid off in tenements of from two to four hundred acres, so as best to suit the convenience of the tenants. None but such as can give good security for the faithful performance of the covenants that will be included in the leases need apply. The terms may be known by applying to Richard Sprigg, Esquire, near Annapolis, or to the subscriber living in Cambridge, who will shew the land to any person disposed to take a lease. WILLIAM GOLDSBOROUGH.
