

JUST RECEIVED,

From LEE'S and Co. Patent and Family Medicine Store Baltimore, and for sale by GIDEON WHITE, Annapolis. DR. HAMILTON'S celebrated WORM DESTROYING LOZENGES.

The astonishing success which has constantly attended the administration of this medicine, emboldens the proprietor to offer a return of the purchase money whenever the desired effects are not produced. Indeed a single instance of their failure has not come to his knowledge, where the printed directions have been followed.

A tenth part of the evidence already detailed to the public, is sufficient to convince even the most prejudiced, that this medicine is so certain in its operation, and so salutary in its effects, as to claim the highest degree of confidence from the afflicted, or those otherwise interested in the cure or prevention of all disorders of the stomach and bowels, especially those resulting from worms.

The proprietor offers to the inspection of every applicant, a list of cures with the particulars, longer he is persuaded than any one will be at the trouble of reading.

AFFIDAVIT OF RECENT CURES.

MICHAEL DUFFEY, residing at No. 47, Wilke's Street, Fell's Point, in the city of Baltimore, voluntarily maketh oath, that the following statement is just and true.

In the beginning of May last, my three children, a boy of seven, and two girls, the one five and the other three years of age, were taken very ill, nearly at the same time, of a common fever, as I then supposed; but was soon convinced the disorder was caused by worms—they were frequently troubled with convulsion fits, and violent startings in their sleep, and with almost continual vomiting and purging, particularly the youngest. I made immediate application to a physician of the first reputation, and his medicines were administered with a confidence of success which only increased our disappointment. The children grew daily worse, and I was absolutely without hope of their recovery. The youngest soon appeared almost devoid of animation, and scarcely an inhabitant of this world. In this distressing moment, I was told that HAMILTON'S WORM DESTROYING LOZENGES had performed many cures in cases equally desperate—I immediately purchased a box, and gave each of them a dose, which in a few hours produced the most desirable effects; the eldest voided a great number of very large worms, and the second, thousands of small ones, many of them not a quarter of an inch long—in the youngest they seemed to be consumed, and had the appearance of skins and of slimy matter. I repeated the dose agreeable to the paper of direction and they all speedily recovered a good state of health, which they still enjoy, though five months have nearly elapsed since they were on the borders of the grave, and the death of the whole appeared to be inevitable.

Sworn before me this 26th day of Sept. 1799. J. SMITH.
