

GIDEON WHITE,
HAS RECEIVED, AND FOR SALE,
From LEE's and Co. Patent and Family medicine
store, Baltimore.

A fresh supply of the following valuable medicines:
HAMILTON'S WORM DESTROYING LOZENGES.
Four years have scarcely elapsed since the introduction of HAMILTON'S WORM DESTROYING LOZENGES into general use, yet in this short period upwards of one hundred and twenty thousand persons of both sexes, of every age, and in every situation have received benefit from this extraordinary remedy, in various complaints arising from worms, and from obstructions in the stomach and bowels.

This medicine, which is as innocent and mild, as it is certain and efficacious in its operation, cannot injure the youngest infant, or the most delicate pregnant lady, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels, removing whatever is foul or offensive within, particularly that slimy humour from whence worms and many fatal disorders proceed.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

A dose of this medicine given occasionally will effectually prevent the vomiting and purging of children, a dreadful disorder which annually destroys thousands of the infant part of our cities. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

The celebrity acquired by the Worm Lozenges, particularly in the state of Maryland, renders the further publication of certificates in their favour, an unnecessary expense.

HAMILTON'S

ESSENCE AND EXTRACT OF MUSTARD,

The extract is celebrated for removing cold and windy complaints in the stomach and bowels, flying pains and other spasmodic affections.

The testimony of thousands and daily experience, sufficiently prove the superiority of the above medicine over all others in the cure of the maladies we have enumerated.
