...Extract of a letter from a young la...

...brother in Paterson, (N. J.) dated...  
...October 31.  
...A mineral spring has lately been...  
...discovered in Alford, in a very sin...  
...gular manner. A young man, son...  
...of Mr. Sergeant, had been very sick...  
...for some time, a short time before...  
...his death, he dreamed that a man...  
...came to him, and stood on a rock...  
...which was not far from his father's house...  
...and told him, that near that place...  
...was a spring, the water of which...  
...would cure a consumption. He...  
...dreamed it a second and a third time...  
...within a week. He was very anx...  
...ious, and wished to have them dig & find...  
...where it was; they carried him on...  
...a horse into the field, and he inform...  
...ed them where the man stood in his...  
...dream. They dug and found a spring...  
...of very singular looking water; (I...  
...have seen some of it.) It resembles...  
...slay-pit water, but will never settle...  
...nor strain clear. This the young...  
...man thought was not the right...  
...spring and wished them to dig fur...  
...ther; he said the man told him a flat...  
...stone would lie over the spring.—...  
...The young man died, and the last...  
...word he said was "dig." Since his...  
...death, a man has been there from...  
...Massachusetts, who could use the...  
...mineral rod; they dug twelve feet...  
...under the earth and came to the flat...  
...stone; they drew it off with oxen...  
...and under it was the spring; the...  
...water is clear and people can drink

...THE MORNING CHRONICLE,  
...A NEW DAILY PAPER,  
...TO BE ESTABLISHED IN THE CITY  
...OF BALTIMORE.

...It is with unfeigned reluctance that the...  
...subscriber has been obliged to solicit the...  
...attention of the Public to a New Daily Paper,  
...which he proposes with all possible expedit...  
...ness to establish in Baltimore, to be denomi...  
...nated THE MORNING CHRONICLE.

...With regard to the political character of...  
...this publication, he seems any concealment...  
...it will be decidedly of the Federal cast...  
...That federalism, which was known and pra...  
...ctised in the days of Washington—that fed...  
...eralism, for which Hamilton wrote & fought,  
...and for which Montgomery fell—that fed...  
...eralism, which, with a large and comprehe...  
...sive view, embraces all characters, so far...  
...as they augment the prosperity and the gra...  
...ndeur of their country, and which turns an...  
...eye of the most transcendent disdain on the...  
...little, despicable, mean personal bickerings...  
...for office—that federalism, which would...  
...raise, ennoble, and aggrandize the charac...  
...ter of our dear and beloved country, and in...  
...opposition to that detestable, mushroom fed...  
...eralism, whose only aim is to raise and ag...  
...grandize private families—that federalism...  
...that exalts in the spectacle of our country's...  
...greatness; that delights to behold the star...  
...spangled banner glittering over every sea...  
...our commerce bounded by no other restric...  
...tions than those of the ocean—that federa...  
...lism, that cheers the honest husbandman at...  
...his plough, the merchant at his desk, and...  
...the mechanic at his anvil. He is too old...  
...and the grave too near, for the subscriber...  
...to turn an apostate now; to lend himself to...  
...the seamy meanness of individual ambition;...  
...or to mistake his own welfare for the well...  
...fare of his country. These are the federal...  
...sentiments of the Editor, and such as he will...  
...be governed by until the hour of his dis...  
...solution. He seeks not individual patronage...  
...he looks for support on his countrymen at...  
...large—if he fails in this appeal to their...  
...confidence, he is content to remain unnoticed...  
...and forgotten.

...PAUL ALLEN,  
...Late Editor of the Federal Republican  
...and Baltimore Telegraph.
