PROPOSAL

FOR PRINTING

The Journals of the Conventions of the Province of Maryland,

Held in the City of Annapolis, in the years 1774, 1775 and 1776.

If Sufficient encouragement be offered, the Subscriber proposes to publish, in one volume octavo, the Journals of the Conventions of the Province of Maryland in the years 1774, '75 and '76. It is believed that there are not more than two copies of these Journals now extant; and from the circumstance that they were printed in pamphlet form, and unbound, it may be fairly concluded that they, too, must in a few years be destroyed by the mere decay of time. These Journals are the only authentic evidence of the Political History of Maryland, during that interesting and unquiet period. Although we have, in abundance, histories of Maryland, as connected with the association of Provinces and Colonies, that time formed, for mutual protection against the improper assumption of power on the part of the Mother Country, yet none of these works embrace what may be termed its Domestic or Internal Political History.

This part of the history of Maryland should be her prize to her down to posterity, not only on account of its deep interest, but as a public State Record of the voluntary sacrifices, daring spirit, and determined resolution, of her citizens, during the period of doubt and dismay.

In the confident expectation that the citizens of Maryland will consider it proposed publication of sufficient importance to entitle it to their patronage, the Subscriber is induced to issue these proposals.

The Price per Copy, not to exceed \$2 00.
