TEMPERANCE SOCIETY.

The following extracts were taken from a Report of the Officers of the Temperance Association of Washington County, Maryland, at their first Annual Meeting, held in Hagers Town on the 1st January 1830.

PIRATES EXECUTED.

Capt. Wilcox, of the schr. Superior, of Philadelphia, arrived at N. York from Gibraltar, states that on the day which he sailed, the captain of the gang of pirates recently executed at Cadiz, was hung at Gibraltar.

THE EXPLOSION.

Passengers, who were on board the Helen M. Gregor, at Memphis, when the late melancholy explosion took place, concur with other gentlemen, who have passed Memphis since the accident occurred, in estimating the number of killed, at not less than thirty-four.

REWARD OF GOOD CONDUCT.

The Baltimore & Washington Stage Company have presented to Mr. Charles Haslup, the driver of the stage upon which the attack was made by highwaymen in January last, a silver goblet, as a testimony of his good conduct on that occasion.

ROCKET STEAM ENGINE.

A few evenings ago, we were exceedingly gratified by the sight of a steam engine, the smallest ever made, the workmanship of an ingenious artizan named Charles Swift, who is employed in the Rutland Foundry in this town.

JOURNAL OF HEALTH.

Blessings on the merry sons of Esculapius who conduct this pleasant and useful hebdomadal! It is one of the most entertaining periodicals we have ever met with; and there is a tone of sincerity and a visible abhorrence of quackery in its spirited essays, which cannot fail to recommend it to all classes of readers.

POCKET STEAM ENGINE.
