By the Express from the South.
FROM FLORIDA—REPORTED SURRENDER OF OSEOLA.

The Savannah papers state that a letter had been received in that city from an officer in the Army in Florida, containing the gratifying news that Oseola has come into Jesus's camp with 300 warriors. The great Chief formed his men into line—leaned himself against a tree—and when the U. S. officer who was deputed to receive him, came up, he approached him, and gave up his rifle with all the grace of a fallen hero. Doubtful!

Gen. Jesup has thus covered himself with glory, for there can be no doubt that he will eventually have the haughty and malignant, but truly brave Oseola, within his power. We are glad that Jesup has succeeded. One of our generals, at least, will not be brought to a Court Martial for not doing his duty. What Clinch, Gaines and Scott, under fair auspices, could not have accomplished, Gen. Jesup has been enabled to perform. The stain which has blotted the national escutcheon, that of permitting a band of savages to burn our habitations, and destroy our citizens with impunity is at last wiped off.

Our correspondents need be under no apprehension respecting the truth of our statements. We can vouch for their general correctness. The Oculum brings official despatches from Gen. Jesup, of the same tenor; and all may be assured that the war has terminated. We omitted to state before, that Jumper and Alligator selected the 18th of the current month as the day on which they were to meet General Jesup, with Oseola, dead or alive.

Gen. Jesup we are informed, in the action of the 2d inst. took 150 negro prisoners, 250 ponies, and 1000 head of cattle.—Georgian.

UNCLAIMED BAGGAGE.

The New York Legislature have a bill under consideration to dispose of the unclaimed baggage at different steamboat and stage offices, throughout the state. It appears that there are some hundreds of trunks remaining unclaimed in the city of New York, and in Utica and Buffalo there are whole lots stored with unclaimed baggage, which has been collecting there for 15 years.

A bill passed the Senate of the United States on Wednesday, making the burning of any of the public buildings of the government punishable with death.

LATEST FROM NEW ORLEANS AND MEXICO.

NEW ORLEANS, Feb. 11.

By the arrival of the schooner Cora, from Tampico in eight days, information has been received that the new Mexican Constitution of centralism was proclaimed at Tampico in the latter part of January, and received with great rejoicings. The Cora brings 300,000 dollars specie for sundry merchants of N. Orleans.

Extract of a letter dated.

VERA CRUZ, January 22.

The Mexican fleet under Commodore Lopez, consisting of three brigs, one brigantine, and one schooner, are now lying at anchor off our port, and are to go to sea as soon as orders to that effect have been given to Gen. Bravo, but they are so ill provided with men, money, and provisions, that it is thought to be impos-

ible for them to do so in their present condition at least. Two gun-boats are also being fitted out to cruise.

Captain Wise has been ordered to the command of a small cutter to cruise in the Gulf of California for the protection of Mexican persons and property.

Mr. Kidd has favoured us with the following extract of a letter addressed to him.

MATAMOROS, Jan. 17, 1837.

General Bravo and staff arrived here on the 9th inst. he immediately held a council and next morning sent despatches to the city of Mexico and Vera Cruz; also sent one of his Aids to Monterey to order the 1st Division to march for this place, about 2000 of whom arrived here on the 13th, and at this time the garrison consists of about 2500 men. They are still making preparations for the campaign against Texas, and are, we believe, calculating to start next April, with a schooner, Cañico has arrived from Campeche, with a floating bridge for the use of the army, but it is thought that the want of money and the disinclination of the troops to venture into this quarter, will ultimately end in their being disbanded, as many of the officers sincerely wish that Santa Anna may dispose of Texas and save their military credit and reputation, which is already low enough. We have a report here that Bustamante is on his way to supercode Bravo.

The duty on flour imported at this place has been reduced from 40 to 20 per cent, but all flour imported under this regulation is to be applied to the use of the army.

TEXAS.

One of the last acts passed by the Texas Congress was the following, adopting a National Seal and Standard. We can but admire the simplicity and beauty of the devices. That now lonely Star, we hope yet to behold beaming with brightness and beauty in the political firmament.

LATER FROM FRANCE.

The packet ship NORMANDE, Captain PELL, from Havre, which received a pilot on Thursday last, made Sandy Hook again on Sunday, and was in the lower bay in the afternoon. The Courier and Enquirer having received by her Paris and Havre papers of the 3d January. The Normandie took the place in the line of the Francois I, which will not sail till the 9th.

It now appears, contrary to the last accounts by the way of England, that the assassin who made the last attempt on the life of the King, had no accomplices. The individuals who had been arrested on suspicion of being connected with him, have been set at liberty.

The raising of the siege of Bilbao is confirmed, and it is now stated that the Queen's General Espartaco, who relieved that place, in driving the Carlists from before it, made himself master of all their artillery.

MAMMOTH SHEET.
OFFICE OF THE SATURDAY NEWS
AND LITERARY GAZETTE.
Philadelphia, November 26, 1836.

THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a Double Number—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest—or one of the largest presses in Philadelphia is used for our ordinary impression—but this would accommodate only a single page of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supplementary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprise. A gain of two thousand new subscribers will not repay the actual cost of this single number.

We flatter ourselves that, besides its extraordinary size, this number presents attractions that entitle it to some attention. It contains the whole of *Friendship's Offering for 1837*, the London copy of which costs \$4, and has 324 closely printed pages of letter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to their ordinary supply of miscellaneous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the *Saturday News* we need not speak. That has now become so well known as to require no comment. We may take occasion to say, however, that in enterprise and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to realize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be adopted; and there is no periodical in the United States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort—From time to time, as opportunity offers, we propose to adopt extraordinary means for the interest and gratification of our subscribers.

L. A. GOBEY, & Co.

THE SALMAGUNDI,
OR NEWS OF THE DAY.
EMBELLISHED WITH A MULTITUDE OF COMIC ENGRAVINGS.

A NEW PERIODICAL, of a novel character, bearing the above appellation, will be commenced on the beginning of January, 1836. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous lively and pungent sallies which are daily floating along the tide of Literature, and which, for the want of a proper channel for their preservation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the scintillations of their genius. It is not necessary to detail the many attractions which this journal will possess, as the publisher who furnishes a specimen number to every person who desires it—(those out of the city will forward their orders, postage paid)—and he pledges himself wanting to make each succeeding number superior in every respect to the preceding one.

THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gentleman's Vade Mecum. It is calculated that MORE THAN

500 ENGRAVINGS

will be furnished to the patrons of this Journal in one year—these, in addition to an extensive and choice selection of Satire, Criticism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The Terms of THE SALMAGUNDI will be TWO DOLLARS per annum, payable invariably in advance. No paper will be furnished unless this stipulation is strictly adhered to. Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by forwarding a ten dollar note. The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

THE SALMAGUNDI will be published on alternate weeks—otherwise it would be impossible to procure the numerous Embellishments which each number will contain—and the general interest it will afford must be enhanced by this arrangement.

Address, CHARLES ALEXANDER, Athenian Buildings, Franklin Place, Philadelphia.
