

THESE works have been published by us for six years. There are now more subscribers for them, probably, than for any paper published in the United States. Only one more than there are for any other paper published in this District. This large and increasing subscription is conclusive evidence of their utility. They are invaluable to all who feel an interest in the proceedings of Congress. No other publication is so cheap. It is, in fact, the cheapest publication in the United States—perhaps in the world. Our position at the seat of Government, enables us to print them at so low a rate. We are prepared to publish the proceedings of Congress in detail, for our daily paper. This, it requires, comparatively, but a small additional expense to change them to the size of the Congressional Globe and Appendix. If it were not for these circumstances we could not publish them for four times as much charged.

The Congressional Globe is made up of daily proceedings of the two houses of Congress, and the speeches of the members, condensed. The year and days on all important subjects are given. It is published weekly, with small type, on sixteen royal octavo pages.

The Appendix contains the speeches of the members at full length, written up by themselves, and is printed in the same form as the speeches can be prepared. There are more numbers printed for a year than there are weeks in it.

Each of these works is complete in itself. It is desirable for every subscriber to have both, because, if there should be any deficiency in the synopsis of a speech in the Congressional Globe, or any denial of its correctness, it may be removed at once, by referring to the speech in the Appendix.

Indexes to both are sent to subscribers, as soon as they can be prepared after the adjournment of Congress.

TERMS:
For one copy of the Congressional Globe, one copy of the Appendix, \$1.
Six copies of either of the above works, to be sent for \$5, twelve copies for \$10, a proportionate number for a larger sum. Payments may be transmitted by mail, postage paid, at our risk. The notes of any corporation bank in the United States, current in the section of country where a subscriber resides, will be received. But when subscribers can procure the notes of banks in the Northern and Middle States, they please send them.

To insure all the numbers, the subscribers should be here by the 11th of December.

The Democratic papers with which we exchange, will please give this prospectus a insertion.

No attention will be paid to any order, unless the money accompany it, or some more responsible person, known to us, shall agree to pay it before the season expires.

A Letter from Mr. Sheldon P. Gilbert, to Dr. Wm. Evans, proprietor of the celebrated Gummolle Pills.
Dear Sir—It is the inimitable power known the medical qualities of the Gummolle Pills, he as well as thousands since (besides my wife) would have experienced its wonderful effects on the nervous system. The public utility of Gummolle Pills is so great, that it is not only the natural effect of the nervous debility, upon the mental powers, which made it necessary for him to seek relief beneath the rural shade, but the cure itself gave his physical nature no repose. If some one then had known the secret of concentrating the medical virtues of Gummolle Pills, the discoverer would have been immortalized with poetic zeal as the benefactor of suffering man.

The above lines were prompted from the effect I have experienced from Dr. Wm. Evans' Gummolle Pills. Yours, with esteem,
Sheldon P. Gilbert.

**JOURNAL OF PROCEEDINGS
OF THE HOUSE OF DELEGATES
OF THE STATE OF MARYLAND,
DECEMBER SESSION, 1852.**

TUESDAY, Jan. 29th, 1853.
The Speaker announced the following resolutions as having been received from the Senate on yesterday, viz:

The bill for the relief of Pilemon Chew, endorsed "will pass," and ordered to be engrossed and read.

The resolutions relating to the improvement of the harbour of Havre-de-Grace, endorsed, "assented to," and ordered to be engrossed.

Mr. Williams, of Harford, submitted the following report:
Ordered, That the clerk of this house cause the statistical exhibits, which were referred to yesterday, in the report made in relation to the discharge of imprisonment for debt, to be printed together with the said report, to the number of—copies.

Mr. Watson moved to fill the blank in said order with six hundred and sixty-six copies. Resolved in the affirmative.

The said order was then read the second time and adopted.

The clerk of the Senate returned the bill, for the relief of John F. Holtzman, also the bill to authorise Charles B. Gwynn, of the city of Baltimore, to bring into this State a negro woman named Sally, a slave for life.

The bill, to authorise Addison B. Reily to remove into this State two negro slaves for life, and

The bill, to alter and change the names of James Francis Corkran and Thomas Henry Corkran, of Caroline county.

Severally endorsed "will pass," and the bills ordered to be engrossed.

And delivered a resolution granting the use of the Library to officers of the Army and Navy of the United States.

Mr. Stewart moved that the house suspend the rule, for the purpose of offering an order.

Resolved in the affirmative.

Mr. Stewart then submitted the following order:
Ordered, That it be noted on the journal that, on the ballot for the election of United States Senator, held on Saturday, the 26th inst., Mr. Stewart, of Montgomery, asked to be excused, and was excused, from voting, for the following reasons:

Because he considered the preceding inexpedient, impolitic and unjust.

Because suddenly brought upon the General Assembly without one hour's notice, interrupting public business, and postponing an important debate, and unbecomingly for any public necessity or to attain any public good.

Because, in expedient and unnecessary, denying, without notice, to those members who have sworn in, as attending members, but who are accidentally or temporarily absent, an opportunity of voting, and to those gentlemen who are present and claiming seats, the right to participate in a question so important and dear to freemen, when a few days' delay, without detriment to the public interest, might afford the opportunity and give the right to all who are entitled to participate in the election of a United States Senator.

Unjust, because, being inexpedient, unnecessary and impolitic, suddenly forced upon this General Assembly, as it is, it is not only denied to the qualified, sworn and attending members, who are accidentally and temporarily absent, an opportunity of voting, but intrudes the liberties and franchises of the people of Kent, Frederick and Annapolis, by virtually depriving them of an equal participation in a most sacred and important right.

And, therefore, for the foregoing reasons, the election of a United States Senator at this time, and in the manner now proceeding, is protested against as an act inexpedient, impolitic and unjust; wrong in principle, dangerous in practice, and which inflicts injustice on a portion of the people of this State, deeply affects and concerns every freeman of Maryland.

Mr. Turner moved to lay said order on the table.
Determined in the negative.
Mr. Fitzhugh moved to amend said order by striking out the words "and was excused."
Mr. Handy moved to amend said amendment by inserting in lieu of the words to be stricken out these words, and was excused from voting by the courtesy of this house, and not.
Resolved in the affirmative.
The question was then put, will the house adopt the amendment as amended, Resolved in the affirmative.

Mr. Bowie moved that said order be rejected. Resolved in the affirmative, yeas 29, nays 28.

And Mr. Ridgely presented a memorial of the president and directors of the Franklin Bank of Baltimore, praying an extension of the time limited for the sale of the augmented stock of said bank.

Mr. Pige chairman of the committee on ways and means, submitted the following report:
The committee of ways and means, to which was referred the communication received from the Annapolis and Elk Ridge Rail Road Company, respectfully submit the following report.

The charter of the company authorised a subscription of \$300,000 payable out of the fund to be raised by the sale of the stock to be created under the provisions of the act of December session 1835, chapter 365, entitled an act for the promotion of internal improvement. This subscription was made by the treasurer on the 15th day of March 1833. The commissioners appointed under the provisions of this act, sold three millions of dollars of the stock to the Baltimore and Ohio rail road company, and a like amount to the Chesapeake and Ohio canal company. The legislature confirmed the contracts at its last session, and declared that the stock realized under them, should be used to the benefit of all the companies named in the act above referred to, including the Annapolis and Elk Ridge rail road company. Under these resolutions No. 26, the Annapolis and Elk Ridge rail road company would have been entitled to receive 1 25 per cent of the fund, or \$240,000 if the whole six millions had been received. The Baltimore and Ohio rail road company have not however been enabled to make sale of the stock contracted for by it, and it is believed by the committee, that so long as the act requires a premium of 20 per cent, nothing will be realized from that source. The Legislature at its last session, also passed another resolution No. 68, under which the Chesapeake and Ohio canal company were authorised to receive bonus or stock to the amount of \$250,000 on condition however that the respective proportions of the said companies of any monies raised by the sale or hypothecation of the stock or bonds, should be paid into the Treasury, to meet the requirements of the other companies. By these resolutions the Annapolis and Elk Ridge rail road company would be entitled to receive about \$103,000, if all the stock had been sold or hypothecated. This company has accordingly received \$60,000 from the Chesapeake and Ohio canal company, upon requisitions of the Treasurer, and a requisition for an additional sum of \$15,000 was forwarded on Tuesday last. Apprehending some difficulty in the obtaining of this last sum from the Chesapeake and Ohio canal company, the president of the Annapolis and Elk Ridge rail road company proposed to the canal company the transfer of \$15,000 of the State stock, in case of the inability of the last named company to pay the money, and was informed by the officers of that company, that it was unable to pay the money, or to transfer the stock, the whole amount being already pledged in this country, or in Europe. Under these circumstances the Annapolis and Elk Ridge rail road company, asks the Legislature to authorise the Commissioners of Loan to deliver to them a portion of the stock not exceeding \$57,500, on the terms of the original law, with the understanding that the premium of twenty per centum shall be refunded; provided that the law should be modified, according to the proposition contained in the memorial of the Baltimore and Ohio rail road, and other companies, lately submitted to the consideration of the Legislature.

The whole capital of the company subscribed is \$352,000 of which the State as before mentioned holds \$300,000. The city of Annapolis \$10,000, and individual stockholders \$42,000. The corporation of Annapolis has already anticipated its subscription by the payment of \$7500 in cash, and the creation of a six per cent stock, to the amount of \$2500, all the individual stockholders have paid \$25 on each share, and many of them \$30 per share and some \$40 per share.

The annexed tables which were furnished by the company to the committee, will show that the company could with the means appropriated for its benefit, execute the work which it was chartered to make.
