NOTICE.

Some time during, or directly after, the late war with Great Britain, John D. or Wm D. Turner, then a lad, was brought from Norfolk, Va. by a Gentleman, to this place. If said Turner is yet living, he will hear of something much to his interest, by calling on the Editor.

ON LOW SPIRITS.

Low spirits is a certain state of the mind, accompanied by indigestion, which the greatest physicians are agreed upon the slightest grounds, and the worst consequences imagined. Ancient medical writers supposed this disease to be confined to those particular regions of the abdomen technically called hypochondria, which are situated on the right or left side of that cavity, whence comes the name hypochondriasis.

Symptoms. The common corporeal symptoms are, flatulency in the stomach or bowels, acid eructations, costiveness, and a general debility of the system. The mental symptoms are, a general depression of spirits, a gloomy and morose disposition, a loss of the usual cheerfulness, a loss of the usual energy of the mind, a loss of the usual vigour of the body, a loss of the usual power of the intellect, a loss of the usual power of the will, a loss of the usual power of the passions, a loss of the usual power of the affections, a loss of the usual power of the faculties, a loss of the usual power of the senses, a loss of the usual power of the organs, a loss of the usual power of the system, a loss of the usual power of the whole.

Cause. A sedentary life of any kind, especially severe study, protracted to a late hour in the night, and a long and painful exertion of the mind, are the most common causes of this disease. It is also caused by a total derangement of the nervous system. The mental feelings and peculiar train of ideas that haunt the imagination and overwhelm the judgment, exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

Treatment. The principal objects of treatment are, to remove indigestion, strengthen the body, and enliven the spirits, which may be promoted by exercise, early rising, regular meals, pleasant conversation, and the use of a mild aperient. We know nothing better adapted to obtain this end, than Dr. Wm. Evans' Aperient Pills—being mild and certain in their operation. The bowels being once cleared, the inevitable flatulency, acid eructations, and costiveness, (and spasm) are an infallible remedy, and without dispute have proved a great blessing to the numerous public.

Some physicians have recommended a free use of mercury, but it should not be resorted to; in many cases it greatly aggravates the symptoms.

A REAL BLESSING TO MOTHERS.

Dr. Wm. Evans' Celebrated Soothing Syrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thoughtless parents, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores, and sealing the gums, thereby preventing convulsions, Fevers, &c.

THE BARON VON HUTCHELER HERB PILLS.

These Pills are composed of Herbs, which exert a specific action on the heart, give an impulse or strength to the arterial system; the blood is quickened and equalized in its circulation through all the vessels, whether of the skin, the parts situated internally, or the extremities; and as all the secretions of the body are drawn from the heart, there is a consequent increase of every secretion, and a quickened action of the absorbent and exhalant, or discharging vessels. Any morbid action which may have taken place is corrected, and the body resumes a healthy state.

These Pills, after much anxious toil and research, having been brought by the Proprietor to the present state of perfection, supersede the use of the innumerable other medicines; and are so well adapted to the frame, that the use of them, by maintaining the body in the due performance of its functions, and preserving the vital stream in a pure and healthy state, causes it to last many years longer, or than it otherwise would, and the mind to become so composed and tranquil, that old age when it arrives, will appear as a blessing, and not as a curse. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it.

They are so compounded, that by strengthening and equalizing the action of the heart, liver, and other organs, they expel the morbid matter which is accumulated in the blood, and the circulation, through the excretory ducts into the passage of the bowels, so that by the brisk or slight evacuations, which may be regulated by the doses of the Herbs Pills, always remembering that the evacuations from the bowels are kept up, the secretions from all the other vessels of the body will also be going on in the same proportion, by which means the blood invariably becomes purified.

Steady perseverance in the use of the Herbs Pills will produce a cure even in the most acute or obstinate diseases; but in such cases the dose may be augmented, according to the intensity of the disease; these Pills being so admirably adapted to the constitution, that they may be taken at any time.

In all cases of Hypochondriasis, Low Spirit, Pains of the Heart, Nervous Irritability, Nervous Weakness, Flaccid Albus, Seminal Weakness, Indigestion, Loss of Appetite, Flatulency, Hæmorrhoids, General Debility, Bodily Weakness, Chlorosis or Green Sickness, Flatulent or Hysterical Pains, Hysterics, Headache, Hiccups, Sea Sickness, Night-Mare, Gout, Rheumatism, Asthma, Tic Douloureux, Cramp, Spasmodic Affections, and those who are victims to that most excruciating disorder, Gout, will find relief from their sufferings, by a course of the Herbs Pills.

None of the above Pains in the Stomach, Head, Stomach or Back, Dimness or Confusion of Sight, Noises in the Inside, alternate Flushing of Heat and Chills, Tremors, Watchings, Agitation, Anxiety, Bad Dreams, Spasms, will in every case be relieved by an occasional dose of the Herbs Pills.

One of the most dangerous epochs to females is at the change of life; and it is then they require a medicine which will so invigorate their circulations, and thus strengthen their constitutions as may enable them to withstand the shock of the Herbs Pills.

Those who have the care and education of females, whether the studious or the sedentary part of the community, should never be without a supply of the Herbs Pills, which remove disorders in the head, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination.

When the Nervous System has been too largely drawn upon or overstrained, nothing is better to correct and invigorate the drooping constitution than these Pills.

DIRECTIONS.

Baron Von Hutcheler Herb Pills are to be taken in the morning and night, when the Stomach is full or the Bowels costive, sufficient to operate twice or three times. The dose may be from three to twelve, or more, night and morning.

General Depot for the sale of the Baron Von Hutcheler Herb Pills, 100 Chatham st. New York.

At continuous, total loss of appetite, constant pain in the right side, great depression of spirits, could not lie in bed only on the right side, disturbed sleep, dimness of sight, urine high colored, pain under the right shoulder blade, languor, listlessness, with other symptoms indicating a morbid state of the Liver.

She was attended by three of the most eminent physicians, but found only temporary relief, until she procured some of Baron Von Hutcheler Herb Pills, which effectually relieved her of all the above distressing symptoms, and says she is perfectly cured.

Dyspepsia, five years standing.

Mr. John Sutherland, of 608 Water street, had been severely afflicted with dyspepsia for five years, with the following distressing symptoms: sickness at the stomach, headache, dizziness, faintness, palpitation of the heart, great distress at the pit of the stomach after eating, great fullness, acid eructations, coldness and weakness of the extremities, emaciation, heartburn, disturbed rest, frightful dreams, flying pains in the chest, side, and back, costiveness, dislike for society or conversation, great lassitude upon the least exertion, and completely unable to attend to any business. Had applied to many eminent physicians, but could find no relief, and despaired of ever being cured. Was advised by a friend to make use of Baron Von Hutcheler Herb Pills, the first dose of which gave him great relief, and by persevering in taking the pills, according to the directions, for six months, was perfectly restored to health and the enjoyment of his family and friends.

Dyspepsia, eight years standing, cured by the use of the celebrated Baron Von Hutcheler Herb Pills.

Captain J. Davis, of the ship William, was labouring under the following symptoms, viz: violent pain in the stomach after eating, great pain in the head, vomiting up all his food, heartburn, dizziness, violent palpitation of the heart, great nervous irritability, and a constant languor, costiveness, and so debilitated as to be unable to attend to any business; could find no relief until after he commenced using Baron Von Hutcheler Herb Pills, from which he found great relief in a few days, and in a few weeks was perfectly cured, and recommenced every person similarly afflicted, to immediately commence using the Herb Pills.

Cure of Nervous and Bilious Affection.

TAKE NOTICE.—Mr. Elias Shaffer, of the town of Westerlo, county of Albany, was for above 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head and side, palpitation of the heart, want of appetite, &c. After expending during his confinement, nearly three hundred dollars, without obtaining any permanent relief, he by accident noticed an advertisement of Baron Von Hutcheler Herb Pills, and was consequently induced to make a trial of them. After using them about a fortnight, he was able to walk out in four months he could attend to business, and he considered his disease entirely removed. The above information was given to the subscriber by Mr. Shaffer himself, there can, therefore, be no deception.

SUBSCRIPTION

TO THE

SIXTH VOLUME OF

THE CULTIVATOR,

CONDUCTED BY J. BUEL,

of Albany.

IN presenting our subscription for the sixth volume of the Cultivator, the Conductor avails himself of the opportunity of tendering his thanks to the gentlemen, whose voluntary exertions have given to this paper a circulation almost unprecedented in our country—and particularly to the numerous correspondents whose communications have enriched its columns. We respectfully invite the continued co-operation of both classes, as an efficient mode of promoting useful improvement, and advancing the prosperity of our country. The plan and price of the Cultivator will remain as they are; but as the publication can only be sustained by a large circulation and prompt payments, much will depend upon the voluntary aid which we expect, and upon the subscriptions being promptly paid in advance.

The Cultivator will continue to treat of the science of agriculture, to furnish instructions for the best mode of practice in all the departments of husbandry, in horticulture, and other rural affairs, and to give useful lessons for the improvement of the young mind. The Conductor will endeavor to render it a present help, and a volume of useful reference, to all who have the ambition to distinguish themselves in rural labours and rural improvements—to help themselves and to benefit society.

To meet the public demands, we have published a new edition of our four first volumes, which may be had, stitched, at 50 cents per vol.

All papers stopped at the end of the volume, in February, unless the subscription is renewed.
