

PROSPECTUS OF THE AMERICAN PHRENOLOGICAL JOURNAL & MISCELLANY.

It is a remarkable fact, that while the community, but from moral considerations: from a desire to know and to promulgate truth. Hence should a large subscription list be obtained, a considerable proportion of the profits will be devoted to the enlargement and improvement of the work, without an increase of expense to the subscribers. More frequent illustrations and embellishments will, in that case, be inserted, and the attractions of the work be thus multiplied.

1. The American Phrenological Journal and Miscellany will be issued monthly, commencing on the 2d of October next. 2. Each number will contain at least 32 octavo pages, making a volume of not less than 384 pages; corresponding in point of mechanical execution with the best periodicals of the day.

5. The work will be furnished to subscribers at \$2 per annum for a single copy; \$5 (current in Philadelphia or New York) for three copies, or \$10 (current as above) for seven copies sent to one address. To Clergymen and Theological Students, single copies will be furnished at \$1.50 per annum; and to companies of eight or more of such, it will be reduced to \$1.25 per copy, if sent to one address, and the subscription forwarded to the publisher free of expense.

N. B. As funds are already deposited for sustaining the work one year, subscribers will incur no risk of loss by paying in advance; and for the same reason, subscriptions will be invariably required in advance. Money sent by mail, if enclosed in the presence of the post-master, will be at the risk of the publisher; but postage must, in every case, be paid.

Subscriptions, and letters of business, may be addressed to the publisher, ADAM WALLING, 46 Carpenter-street, Philadelphia, and communications for the work to the Editor of the Am. Phren. Jour., care of A. WALLING.

To editors who will give this Prospectus one or two insertions, and forward a paper containing it to the publisher, the work will be sent for one year.

Post-masters throughout the country will please to act as agents for this Journal. August 25.

ANNE ARUNDEL COUNTY, Md. Chief Judge of the Orphans Court of Anne Arundel County, by petition, in writing of Edward Denver, of Anne Arundel county, stating that he is now in actual confinement for debt, and praying for the benefit of the act of the General Assembly of Maryland, entitled, An act for the relief of solvent insolvent debtors, passed at December session 1805, and the several supplements thereto, on the terms therein mentioned, a schedule of his property, and a list of his creditors, on oath, so far as he can ascertain the same, being annexed to his petition, and the said Edward Denver having satisfied me by competent testimony that he has resided two years within the state of Maryland immediately preceding the time of his application, and the said Edward Denver having taken the oath by the said act prescribed for the delivering up his property, and given sufficient security for his personal appearance at the county court of Anne Arundel county, to answer such interrogatories and allegations as may be made against him, and having appointed Elijah Wells his trustee, who has given bond as such, and received from the said Edward Denver a conveyance and possession of all his property, real, personal and mixed—I do hereby order and adjudge, that the said Edward Denver be discharged from imprisonment, and that he give notice to his creditors by causing a copy of this order to be inserted in some newspaper published in Anne Arundel county, once a week for three consecutive months, before the fourth Monday in October next, to appear before the said county court, at the court house of said county, at ten o'clock in the forenoon of that day, for the purpose of recommending a trustee for their benefit, and to show cause, if any they have, why the said Edward Denver should not have the benefit of the said act, and supplements, as prayed. Given under my hand this second day of May, in the year of our Lord one thousand eight hundred and thirty nine.

PROSPECTUS For publishing in the City of Baltimore a Daily and Tri-Weekly Paper to be called the BALTIMORE POST AND COMMERCIAL TRANSCRIPT.

The Post and Transcript will be devoted to Politics, Commerce, Agriculture, Arts, Literature and News.

4. POLITICS.—The Post and Transcript will be the firm and undeviating advocate of the doctrine of DEMOCRATIC REPUBLICANISM, which constitute the fundamental elements of our social and political system. As this declaration imports, on the great question of National Policy, the paper will be of the "strict constructionist" school, maintaining that the action of Government should be limited to the exercise of those powers which are specifically enumerated in the constitution. It will consequently oppose the measures of those who by a loose interpretation of this sacred charter of our liberties, seek the establishment of schemes subversive of the principles upon which the free Lib of our government is reared, and which, unchecked, tend to confusion and anarchy from which no relief can be found but in despotism.

Among these schemes, regarded as of obviously dangerous tendency, is that of a National Bank, which, however harmless or useful it might be in the full strength and unanimity of the republic, would, in a period of danger,—its branches penetrating every part of the country, and in the words of Jefferson, "acting by command and in phalanx,"—have power to interfere serious and alarming obstacles to the operations of government.

The assumption of the right to impose a tariff beyond the duties necessary to the supply of the public wants of government; the application of the public money upon schemes of internal improvement, and the interference of government with the domestic institutions of the States, particularly with the institution of Slavery, will be equally opposed as encroachments upon the constitution and upon the rights of States.

The facility of the banks to periodical convulsions, and their inability to comply, at all times, with the conditions upon which they are employed by the Treasury, as evinced by the suspension of 1837, render the measure of dispensing with their agency in conducting the fiscal operations of Government one of obvious necessity. The Post and Transcript will therefore advocate the adoption of the Independent Treasury System, as a measure calculated to relieve government from the contingencies to which its connection with Banks renders it liable—one which will insure stability and uniformity in its fiscal action, and reduce the potent influence of the Executive over a league of deposit Banks, to the mere power of appointing and dismissing the officers necessary to carry out the system. But while the Treasury System will be supported as a judicious fiscal measure, Banking Institutions will not be opposed. On the contrary their interests—with such checks as are calculated to secure the object of their creation, will be supported as essential to the prosperity and advancement of the country.

Such is the outline of the doctrine of the advocacy of which the new paper is to be commenced, and to the defence and vindication of which the Editor pledges his best support. They are the doctrines of the present administration; and as their continuance and efficiency depend much upon the energy and zeal of those to whom the important office of carrying them into effect is entrusted, the paper will zealously advocate the reelection of MARTIN VAN BUREN to the Presidency, as one who has proved himself eminently qualified to uphold and defend them and insure their unobscured action. It is believed the Post and Transcript will not be found an unworthy coadjutor of the democratic paper system entered in the cause in this city.

On the subject of State politics the paper will advocate a judicious reform, consonant with the spirit and principles of our republican institutions. Aware of the great caution and deliberation with which this subject should be approached, it will nevertheless fearlessly advocate such changes as our own experience has convinced us to be necessary, or such as the history of other States in the confederacy has taught to be wise and salutary.

The all important subject of Internal Improvement will be earnestly pressed upon the public attention; the great necessity of a vigorous prosecution and early completion of the great works in which the State is already so deeply interested, will be urged as positively necessary to preserve unimpaired the public faith and to secure the true and permanent prosperity of our City and State.

II. COMMERCE.—The commercial development of the paper will be attended to with the utmost care, and no effort will be spared to render the information relative to foreign, domestic and local markets, and the general state of trade, full and satisfactory.

III. AGRICULTURE.—This important subject will receive more attention than has usually been paid to it in similar publications; and besides detailing facts of importance to the farmer and planter, it is intended to discuss the principles of agricultural economy and to claim for the husbandman that station as a citizen and an important producing agent, to which his independence and labour entitle him.

IV. THE ARTS, both fine and mechanical, will have their appropriate department, and such discussion will be entered into as will tend to evolve the true principles upon which both are founded and to foster the efforts of native genius and skill rather than of foreign ingenuity.

V. LITERATURE AND NEWS.—The Post and Transcript will aim at nourishing a sound and pure literary taste, and at the same time will endeavor to equal the best of its cotemporaries in judicious selections in the promptitude, accuracy and extent of its general intelligence, foreign and domestic.

The first number will be issued in the course of the present month, after which it will be regularly continued. It is desired that the names of subscribers be returned as speedily as possible to the Publisher.

TERMS.—The Post and Transcript will be of the largest class of newspapers—the DAILY at \$3, and the TRI-WEEKLY at \$5 per annum, payable in advance, unguaranteed in the city.

Editor Post and Transcript, Baltimore, Md. Those containing remittances may be forwarded at the expense of the publisher; all others, must be paid.

SUBSCRIPTION TO THE SIXTH VOLUME OF THE CULTIVATOR, CONDUCTED BY J. BUEL, of Albany.

In presenting our subscription for the sixth volume of the Cultivator, the Conductor avails himself of the opportunity of tendering his thanks to the gentlemen, whose voluntary exertions have given to this paper a circulation almost unprecedented in our country—and particularly to the numerous correspondents whose communications have enriched its columns. We respectfully invite the continued co-operation of both classes, as an efficient mode of promoting useful improvement, and advancing the prosperity of our country. The plan and price of the Cultivator will remain as they are; but as the publication can only be sustained by a large circulation and prompt payments, much will depend upon the voluntary aid which we expect, and upon the subscriptions being promptly paid in advance.

The Cultivator will continue to treat of the science of agriculture, to furnish instructions for the best models of practice in all the departments of husbandry, in horticulture, and other rural affairs, and to give useful lessons for the improvement of the young mind. The Conductor will endeavor to render it a present help, and a volume of useful reference, to all who have the ambition to distinguish themselves in rural labours and rural improvements—to help themselves and to benefit society.

To meet the public demands, we have published a new edition of our four first volumes, which may be had, stitched, at 50 cents per vol.

All papers stopped at the end of the volume, in February, unless the subscription is renewed.

JOURNAL OF THE AMERICAN SILK SOCIETY AND RURAL ECONOMIST.

At a Convention which met at Baltimore on the 11th of December last, composed of a great number of gentlemen from various parts of the Union, distinguished for their public services, patriotism, and practical intelligence, the following resolutions were unanimously adopted:

Resolved, That it is the deliberate opinion of this Convention that Silk may be grown in all the United States, not only for domestic purposes, but as a valuable article of commercial export—thereby giving an active employment to American labour, and retaining millions of dollars in our country, that are annually sent out of it for the purchase of silken goods.

Resolved, That a National Silk Journal ought to be established under the auspices of the Executive Committee, and all the funds over and above the support of said paper ought to be devoted to the advancement of the silk cause in the United States. Under the latter resolution, J. S. SKINER, postmaster of Baltimore, was invited to become the editor of the work, and has consented to do so—so far as may be consistent with the strict performance of his public duties.

In the course of the discussions which took place in the Convention, all the difficulties which have been encountered, and which may yet be apprehended, in the prosecution of the silk culture, as a great branch of American industry, were fully considered; and the result was an universal conviction that, now, in the words of the resolution, "Silk may be grown in the United States, not only for domestic purposes, but as a valuable article of commercial export." The suitability of our soil and climate to the growth and health of the worm, and the trees which supply its food; the capabilities, the habit, and the genius of our people for conducting the business through its whole process, and the price of American labour as compared with that of silk-producing countries, all were fully canvassed, and the most sceptical became satisfied. The fact is, that our unrestrained freedom in the entertainment and discussion of various and discordant doctrines, religious and political, has imparted to us, as to our English ancestry, an omnivorous appetite for knowledge, and a capacity to learn in a few years what cannot be acquired in ages, where all is dull conformity and routine of thought and of action! This has happened in manufactures as in other things; American ingenuity, unrestrained by prejudice or law, has triumphed over difficulties apparently insurmountable! How long may it be asked, after our first cotton spindle was put in motion before Yankee "Lovelles" were sold at a profit in China? So will be with silk. The only question is as to how long it shall take us? With a monthly journal to concentrate and diffuse every ray of floating light on the subject, it was the opinion of the Convention that we may realize and enjoy, in our own day, the boon which indolence and want of concert may procrastinate, but which nothing short of Turkish apathy can finally defeat.

Let all then who may feel any concern as cultivators, manufacturers, or vendors of silk, or as patriots willing to offer suitable occasions and aid to the unemployed and the helpless, come forward in support of a work to be faithfully and honestly devoted to these objects of private happiness, and of national independence. Though silk, and every thing connected with its production; and all improvements in machinery for its preparation and manufacture, will constitute the chief design and aim of the journal, for the sake of agreeable and useful variety, a considerable portion of its pages will be dedicated to the justly popular and kindred subjects of agriculture, horticulture, and rural and domestic economy. Hence, the adjunctive title "Rural Economist."

The Journal of the American Silk Society will be published monthly, in pamphlet form, each number will contain thirty-two pages, printed on new type and handsome paper, with a printed coloured cover.

All persons friendly to the objects of the Journal will please collect at once and transmit the names and subscription money of those who may feel disposed to patronize it. TERMS. Two Dollars a year, or six copies for Ten Dollars, always to be paid before the work is sent. All subscriptions to begin with the first number of the year, andkin no case will the work be sent to any subscriber longer than it shall have been paid for.

All Editors of papers who may desire to see Silk added to the list of American Staples; and who will have the kindness to insert this prospectus, will be entitled to a copy of the Journal. Baltimore, January, 1839.

SHERIFFALTY.

At the friendly solicitations of a number of the Voters of Anne Arundel County, the subscriber is induced to offer his services as a Candidate for SHERIFF of said County, and will endeavour so to discharge the duties, if honoured with their confidence, as to give satisfaction. JOHN S. SELBY.

CERTIFICATES. MORE CONCLUSIVE PROOFS of the extraordinary efficacy of Dr. Wm. Evans' celebrated CAMOMILE and APERIENT ANTIBILIOUS PILLS, in alleviating afflicted mankind.—Mr. Robert Cameron, 101 Broadway, New York, writes: "I have used your Pills, &c. Symptoms, unusual flatulency in the bowels, severe griping, frequent inclination to go to stool, tenesmus, loss of appetite, nausea, vomiting, frequency of pulse, and a frequent discharge of a peculiar matter, mixed with blood, great debility, sense of burning heat, with an intolerable bearing down of the parts. Mr. Cameron is enjoying perfect health, and he returns his sincere thanks for the extraordinary benefit he has received."

ASTHMA, THREE YEARS' STANDING.—Mr. Robert Monroe, Schuylkill, affected with the above distressing malady. Symptoms: Great languor, dyspepsia, disturbed rest, nervousness, difficulty of breathing, cough, and a sense of oppression in the chest, distended rest, sometimes tingling, and pain in the right side, with an occasional languor and faintness; any endeavor to rise causing immediate exhaustion, and a sense of oppression in the chest, which rendered the patient unable to attend to his business. None of the above symptoms have returned since the use of Dr. Wm. Evans' medicine. He is now a strong man. He resorted to many of the usual remedies, but without success. He is now enjoying all the benefits of the medicine, and he is willing to recommend it to the afflicted respecting the cure he has received to him by the use of Dr. Wm. Evans' medicine.

Another recent test of the utility of Dr. Wm. Evans' Medicine.—DYSPEPSIA, THREE YEARS' STANDING.—Mr. J. M. K. writes: "I have used your Pills, &c. Symptoms, unusual flatulency in the bowels, severe griping, frequent inclination to go to stool, tenesmus, loss of appetite, nausea, vomiting, frequency of pulse, and a frequent discharge of a peculiar matter, mixed with blood, great debility, sense of burning heat, with an intolerable bearing down of the parts. Mr. Cameron is enjoying perfect health, and he returns his sincere thanks for the extraordinary benefit he has received."

LIVER COMPLAINT, TEN YEARS' STANDING.—Mrs. Hannah Brown, wife of Joseph Brown, North Sixth st. near Second street, Williamsburg, afflicted for the last ten years with Liver Complaint, restored to health through the treatment of Dr. Wm. Evans' Medicine. Habitual constipation of the bowels, total loss of appetite, excruciating pain of the epigastrium region, great depression of spirits, languor and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, and a sense of oppression in the chest, which rendered the patient unable to attend to his business. None of the above symptoms have returned since the use of Dr. Wm. Evans' medicine. He is now a strong man. He resorted to many of the usual remedies, but without success. He is now enjoying all the benefits of the medicine, and he is willing to recommend it to the afflicted respecting the cure he has received to him by the use of Dr. Wm. Evans' medicine.

DRACISM.—Interesting Case.—Mrs. Green, street, above Third, Philadelphia, for several years with the following symptoms: Sickening at the stomach, with a generation of the muscles, difficulty of breathing, languor, lassitude, great depression of spirits, and a sense of oppression in the chest, which rendered the patient unable to attend to his business. None of the above symptoms have returned since the use of Dr. Wm. Evans' medicine. He is now a strong man. He resorted to many of the usual remedies, but without success. He is now enjoying all the benefits of the medicine, and he is willing to recommend it to the afflicted respecting the cure he has received to him by the use of Dr. Wm. Evans' medicine.

PARALYTIC RHEUMATISM.—A perfect cure effected by the treatment of Dr. Wm. Evans' Medicine.—Mr. John Gibson, of North Fourth street, Williamsburg, afflicted with the above complaint for three years and nine months; during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, but especially in his hip, shoulder, knees and ankles; an aggravation of the pain to which he was subjected for the most part all times from the general heat, with an obvious thickening of the fascia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

MR. ANNA F. KENNY, No. 115 Lewis street, between Stanton and Houston sts., afflicted for ten years with the following distressing symptoms: Acid eructation, daily spasmodic pains in the head, loss of appetite, palpitation of her bowels, rigidity and dimness of sight, could not lie on her right side, distressing inability of engaging in any thing but a sedentary life, and a general debility of her system, which rendered her unable to attend to her business. None of the above symptoms have returned since the use of Dr. Wm. Evans' medicine. He is now a strong man. He resorted to many of the usual remedies, but without success. He is now enjoying all the benefits of the medicine, and he is willing to recommend it to the afflicted respecting the cure he has received to him by the use of Dr. Wm. Evans' medicine.
