BALTIMORE, THURSDAY, MARCH 23, 1899.

Alleged Contempt Case of Mr. Maulsby—Application for a Writ of Habeas Corpus—Arrangements for a Trip to Havana, March 23, 1899.

The Want of Communication with Mexico—McLane Detained at New Orleans—Steam Line for the Gulf—Obstructions in the Mississippi—Instead of obtaining a writ from New Orleans, Mr. Tenney on her return to New Orleans, where she will have been due yesterday.

It is possible that it may be called by the enterprising project of the line, Col. Carlos Butterfield, under an arrangement with the Postmaster General, to be made in conformity with the provisions of the act of the first session of the last Congress, allowing contracts for steam mail service between this and other points.

The obstructions in the navigation of the waters of the Mississippi are not likely now to be removed, but the plans which were tried, at great cost, for removing the obstructions, were not successful, and were utterly abortive.

Some little surprise was created in the "ancient city" by the unexpected presence of William P. H. H. Jones, Jr., of the Greenmount Cemetery, who arrived here on Monday morning, and in the same train of cars were reported, eminent in their profession, both from Baltimore and from other points, and who were expected to be greeted by the public interest attached to the case, of which the outlines are as follows:

On the 23rd of March the grand jury of Frederick county sent to Col. Maulsby an informal summons to appear before the grand jury at Frederick on the 24th of March.

The following application for a writ of habeas corpus was made to the court by Judge B. B. H. Jones, Jr., of the County of Frederick, Md., on the 23rd of March, 1899.

The arrival of the British minister, Lord Lyons, in the city of Annapolis, has been a subject of much interest to the people of this city.
