

MARYLAND INSURANCE ADMINISTRATION
PREMIUM FINANCE COMPANY DIRECTORY

as of April 6, 2005

Currently 98 companies are registered to engage in business as a premium finance company in the State. Current registrations expire on June 30, 2005. Registrations must be renewed annually on July 1.

Premium finance companies provide a means of financing the purchase of insurance. A policyholder enters into an agreement with a premium finance company to obtain a loan. The premium finance company agrees to pay the insurance company the entire policy premium up front, while the policyholder agrees to repay the premium finance company in installments according to an established schedule for the amount of the loan, plus interest and services fees. The premium finance company acts as the agent of the policyholder in making the payment to the insurance company.

The premium finance company has the authority to cancel the insurance policy in the event that the policyholder fails to make the required installment payments. The premium finance agreement also contains an assignment of or is secured by the unearned premium or refund obtainable from the insurer on cancellation of the insurance policy.
