1-2-3

Utility Bill Assistance at a Glance

1. Apply for MEAP and EUSP energy assistance

Limited income customers may be eligible for two state programs that can help pay off utility bills. You can apply for these programs on the same application.

Maryland Energy Assistance Program (MEAP) distributes funds for gas, oil, electricity and other home heating and cooling bills to limited income individuals and families.

Electric Universal Service Program (EUSP) is a new program that helps low-income electricity customers pay their current and past due electricity bills. Some customers who are not eligible for MEAP are eligible for EUSP.

Enrollment in these programs is not automatic. You must meet eligibility requirements and apply in person at a local assistance agency. Local assistance offices are listed in this guide. For locations in other counties, contact the Maryland Office of Home Energy Programs (1-800-352-1446).

Important! If you have received a shut-off notice and someone in the home is seriously ill or needs life support equipment, contact the utility immediately. You must send a physician's certification about the condition to the utility. A copy of the physician's certification is included in this packet.

2. Ask about other energy assistance funds

You may be able to get additional assistance from a local Fuel Fund, or other state or local programs. Information about some of these funds is included in this packet. Ask for a phone number or referral when you apply for energy assistance.

3. Try to work out a payment arrangement

You may still owe money to the utility even if you received energy assistance. Also, if your income is higher than the guidelines, you will not be eligible to receive EUSP or MEAP funds.

You should contact the utility to work out a reasonable payment plan for the past-due amount. If you try to work out a payment arrangement and are not successful, contact the Public Service Commission at 410-767-8028 to make a complaint. The PSC complaint form is enclosed in this packet.

You may be able to get help from local agencies that work with senior citizens, persons with disabilities or faith-based organizations, particularly if you have had a household emergency such as a job loss, job injury, or high medical bills. Ask your local assistance agency about these programs.

The Office of People's Counsel is here to help you. Contact our office if you are having problems resolving a dispute with your utility, need help getting energy assistance or if you have questions about the law, regulations or process for filing consumer complaints.

Electric and Gas Utility Programs

BUDGET BILLING (EVEN MONTHLY PAYMENT PLAN). The utilities offer an even monthly payment plan for customers, which allows the customer to pay the same amount every month. The monthly payments are based on a customer's expected annual usage. This amount is changed periodically if the customer uses more or less gas or electricity than anticipated. The program does not eliminate monthly changes in the bill, but it does smooth them out. This program is especially helpful if a customer wants to maintain a fixed amount of expenses throughout the year.

BILL EXTENDER PLAN. The utility is required to adjust a customer's bill due date if he or she receives monthly income through Social Security or through a government-sponsored assistance program. This can help avoid late payment fees, since a customer can pay the bill after receipt of his or her monthly income.

PAYMENT ARRANGEMENTS WITH THE UTILITY. A customer who is having difficulty paying gas or electric bills should ask the utility about a payment plan to pay past-due bills over time. A deferred payment plan should take a customer's individual circumstances into account, including other available assistance, income and the amount owed. If the utility will not work with the customer to establish reasonable payment arrangements, the customer may contact the Public Service Commission's Office of External Relations to request help mediating acceptable payment arrangement terms:

PUBLIC SERVICE COMMISSION OF MARYLAND

BALTIMORE, MARYLAND 21202
410-767-8028
1-800-492-0474
www.psc.state.md.us/psc

UTILITY SERVICE PROTECTION PROGRAM (USPP). USPP is a program designed to protect households from utility service terminations during the winter. The program, established by the Public Service Commission, is available to MEAP recipients, and provides assistance, such as reconnection fee and security deposit waivers, to eligible off-service customers. A customer must enroll in the company's even monthly payment plan and apply the MEAP grant to the heating company bill.

BGE CUSTOMER ASSISTANCE MAINTENANCE PROGRAM (CAMP). BGE customers who are eligible for MEAP and who participate in USPP may qualify for up to \$144 a year in credits on their BGE bills. A customer may be able to get \$12, \$9 or \$7 per month in bill credits for each month a bill is paid in full by the due date.

DISPUTES WITH THE UTILITY. A customer should contact the utility first to request information or resolve a dispute. If it is not resolved, a customer may file a complaint:

BALTIMORE COUNTY RESOURCE GUIDE

Energy Assistance Programs - OHEP

MARYLAND ENERGY ASSISTANCE PROGRAM (MEAP)

MEAP is an energy assistance program that helps low-income households with their heating bills. The program, administered by the Office of Home Energy Programs (OHEP), is available to homeowners and renters who meet the income requirements and heat with electricity, gas, oil, propane, wood or other fuels. The program provides an annual grant that varies depending on household size, household income and type of home heating source.

EASTERN FAMILY RESOURCE CENTER
9100 FRANKLIN SQUARE DRIVE
BALTIMORE, MARYLAND 21237
HARRIET HERTZ
410-853-3385

See page 6 for a separate list of local centers.

If a customer has questions or concerns about MEAP/EUSP or the status of an application, the customer may call:

DHR CONSTITUENCY SERVICES
410-767-7140
1-800-332-6347

OR

DHR ENERGY ASSISTANCE HOTLINE
1-800-352-1446

ELECTRIC UNIVERSAL SERVICE PROGRAM (EUSP)

EUSP is a new program which helps low-income electricity customers pay their electricity bills. The program is available to homeowners and renters who meet the income requirements, which are the same as the guidelines for MEAP. Some customers, who are not eligible for MEAP because they are in subsidized housing, may be eligible for EUSP. The program includes bill assistance, retirement of certain old bills, and weatherization services. The program provides an annual grant which is applied through an even monthly payment plan with the electric company. Therefore, EUSP recipients are currently required to enroll in budget billing.

EUSP - WEATHERIZATION

The EUSP program includes weatherization services for a limited number of EUSP customers. The services are intended to reduce electricity use and electricity bills for a household. The services are available for homeowners and in certain instances, to renters. A person applies for this with EUSP and MEAP.

APPLIANCE REPAIR AND REPLACEMENT

FURNACES

This program is delivered through DHCD's Weatherization Assistance Program (WAP) delivery service network (see page 8). Limited funds are available for homeowners who meet the MEAP income guidelines. The program helps to replace inoperable boilers and furnaces or ones that operate at an efficiency level below 70%. Eligible renters having problems with their furnaces may contact the local housing inspection office, if available.

An applicant should contact the local energy office for all OHEP appliance programs. If the person has an emergency (i.e., defective or inoperable furnace), he or she should inform the agency staff person.

BALTIMORE COUNTY RESOURCE GUIDE

Documents Needed and Income Guidelines

A person may apply for both MEAP and EUSP (including weatherization) and DHCD's weatherization program (see page 8) with one application.

DOCUMENTS NEEDED WHEN APPLYING FOR ASSISTANCE

A customer should plan to bring the following information when applying for grants or other assistance:

- 1. Identification.** Driver's license or Maryland ID or employment ID or DSS ID or Green Card.
- 2. Proof of Residence.** Property tax bill or lease or rent book or current bills mailed to the billpayer's address.
- 3. Proof of Income.** Examples: Pay stubs (last 4-7 weeks), unemployment insurance check stubs, benefit letter (TCA, SSI, SSDI, VA, Social Security), pension benefits, disability check, worker's compensation, any other receipt of income.
- 4. Social Security Cards.** All members of the household over age 2.
- 5. Energy Usage.** Electric bill, gas and other fuel bills, turn-off notice.
- 6. Landlord Information.** Name, address and telephone number.

MEAP GUIDELINES FOR 2003-2004

These guidelines are used for many energy programs, including MEAP, EUSP, Weatherization and Fuel Funds. Gross income refers to income before taxes.

Number of Household Members	Gross Monthly Income
1	\$1,123
2	\$1,515
3	\$1,908
4	\$2,300
5	\$2,693
6	\$3,085
Each additional person add:	\$393

BALTIMORE COUNTY RESOURCE GUIDE

Energy Assistance Programs - DSS

DEPARTMENT OF SOCIAL SERVICES (DSS)

Each local DSS agency has discretion to allocate the funds described below in different ways. All of these funds may be available to assist households with children. Flex Funds and Local Funds may be available to single adult households and particularly older adults (possibly through Adult Protective Services). If a customer currently is not receiving services through DSS (e.g., TCA, TEMHA), he or she can still contact the local DSS agency for possible assistance with housing and energy emergencies. **Please note that all of these grants are highly discretionary.**

EMERGENCY ASSISTANCE TO FAMILIES WITH CHILDREN (EAFC)

EAFC is an emergency grant program that provides funds for household emergencies, including utility bills. The program is available to families with one or more children under the age of 21, who are related to and reside with the applicant, and can only be used once every 12 months. A person does not have to be receiving any state assistance to apply for an emergency grant. However, he or she must document individual circumstances.

FLEX FUNDS

Flex Funds are monies provided to all local departments of social services to maintain or reunify children with their families. These monies are available for a variety of needs, but the goods and services purchased must be related to the child's or family's plan for service. Flex Funds are often issued for utility bills.

WELFARE AVOIDANCE GRANT (WAG)

These grants may be available to a person who has applied and is eligible for Temporary Cash Assistance (TCA). The grant is intended to address household emergencies or other needs, if circumstances would prevent a household member from gaining or continuing employment. A grant usually is awarded in an amount equal to 3 months or less of assistance benefits. Any person who receives the grant must forego TCA for the number of months covered by the grant.

SPECIAL FUNDS OR LOCAL FUNDS

Special Funds, or "Local Funds" are charitable or local funds administered by local DSS offices. These funds are available for household emergencies and are usually allocated based upon a household's income and level of need. These funds are not part of any federal or state-mandated program and thus may not always be available.

If a customer has questions or concerns about these funds or the status of an application, the customer may call:

DHR CONSTITUENCY SERVICES
410-767-7140
1-800-332-6347

You may access the above programs by contacting the local Department of Social Services in your area. Please see the list on the next page.

Offices on Aging

This office does provide emergency grants up to a maximum of \$250.00. Applicants must (1) be 65 or older; (2) be at risk of being institutionalized; (3) be a Baltimore County resident; (4) have an income of 60% of the median income; and (5) have 50% matching funds so that the grant and the matching funds equal the total balance due.

Energy Assistance - Other Funds

FUEL FUNDS

Local Fuel Funds offer financial assistance to limited income individuals with energy-related emergencies. Fuel Funds generally use EUSP/MEAP income guidelines for eligibility. Certain Fuel Funds may permit a one-time waiver of the income eligibility requirement, based on individual circumstances. Most Fuel Funds combine a grant from private funds with (1) a customer contribution, and (2) a matching credit from a utility or its ratepayers. Fuel Funds provide limited grants after a customer has contacted or obtained help from other programs.

The **Baltimore County Fuel Fund** serves only Baltimore County residents. Grants from this fund are given once a year and can be in the form of a cash grant, BGE credits, or a combined cash and credit award. The Baltimore County Fuel Fund will award up to a \$150 cash grant and \$300 in BGE matching credits. Credit awards are used to match one dollar for every two dollars paid on an applicant's BGE account. However, BGE credits cannot be used to match federal or state dollars such as an EAFC grant.

The Baltimore County Fuel Fund provides assistance with BGE utility bill and Emergency Fuel oil. For assistance with utility bills eligible applicants must: (1) be income eligible under MEAP guidelines, (2) have a termination notice, (3) exhaust MEAP, EAFC, and FEMA funds, (4) have a BGE bill in the applicant's name. Fuel Fund grants will not be approved unless all monies paid on an applicant's account, (fuel fund grant, applicant's money, and private donations, etc.) are sufficient to prevent termination or restore service. For assistance with emergency fuel oil, the applicant must: (1) have exhausted MEAP, EAFC and FEMA funds, if applicable, (2) have less than ¼ tank of fuel oil.

For more information, or to apply, call the local Community Action Network (CAN) office:

Conservation and Housing Programs

DHCD WEATHERIZATION ASSISTANCE PROGRAM (WAP)

WAP is designed to assist limited income families with reducing their energy usage by providing installation of energy conserving measures, as well as offering furnace cleaning and tuning. WAP eligibility is based on MEAP guidelines. WAP is funded by the United States Department of Energy and is administered through the state by the Department of Housing and Community Development (DHCD). DHCD also administers BGE's low-income conservation program (CHIP). BGE's program includes significant funding for gas boiler and gas furnace repairs and replacement.

BALTIMORE COUNTY RESOURCE

Telephone Bill Assistance

TEL-LIFE

This is a low-cost discount telephone service provided by Verizon. This service is limited to customers who receive TCA, TEMHA, SSI or PAA benefits.

Verizon charges \$0.66 for the first 30 local phone calls on a private phone line. After 30 calls, the customer is billed at \$0.08 per call. The \$5.00 Federal Subscriber Line Charge also is waived, although special fees for 911 and Universal Service must be paid. Customers who do not have phone service with Verizon pay half of the line connection charge of \$48. Customers who have trouble reading, seeing or hearing may be eligible for other discounts.

Customers who owe Verizon \$100 or more must make arrangements to pay their bill before Tel-Life will be established on their line.

Link Up America

This is a Federal plan that may pay half the cost of getting new Tel-Life or other phone service hooked up.

Tel-Life is helpful for a household that makes few phone calls. See the examples in the chart:

You'll pay this much for your phone line and calls:	If you make this many local calls per month:
\$0.66	30 or less
\$3.06	60 (2 calls per day)
\$5.46	90 (3 calls per day)
\$7.86	120 (4 calls per day)
\$12.66	180 (6 calls per day)
\$15.06	210 (7 calls per day)

To get an application or to get more information, call

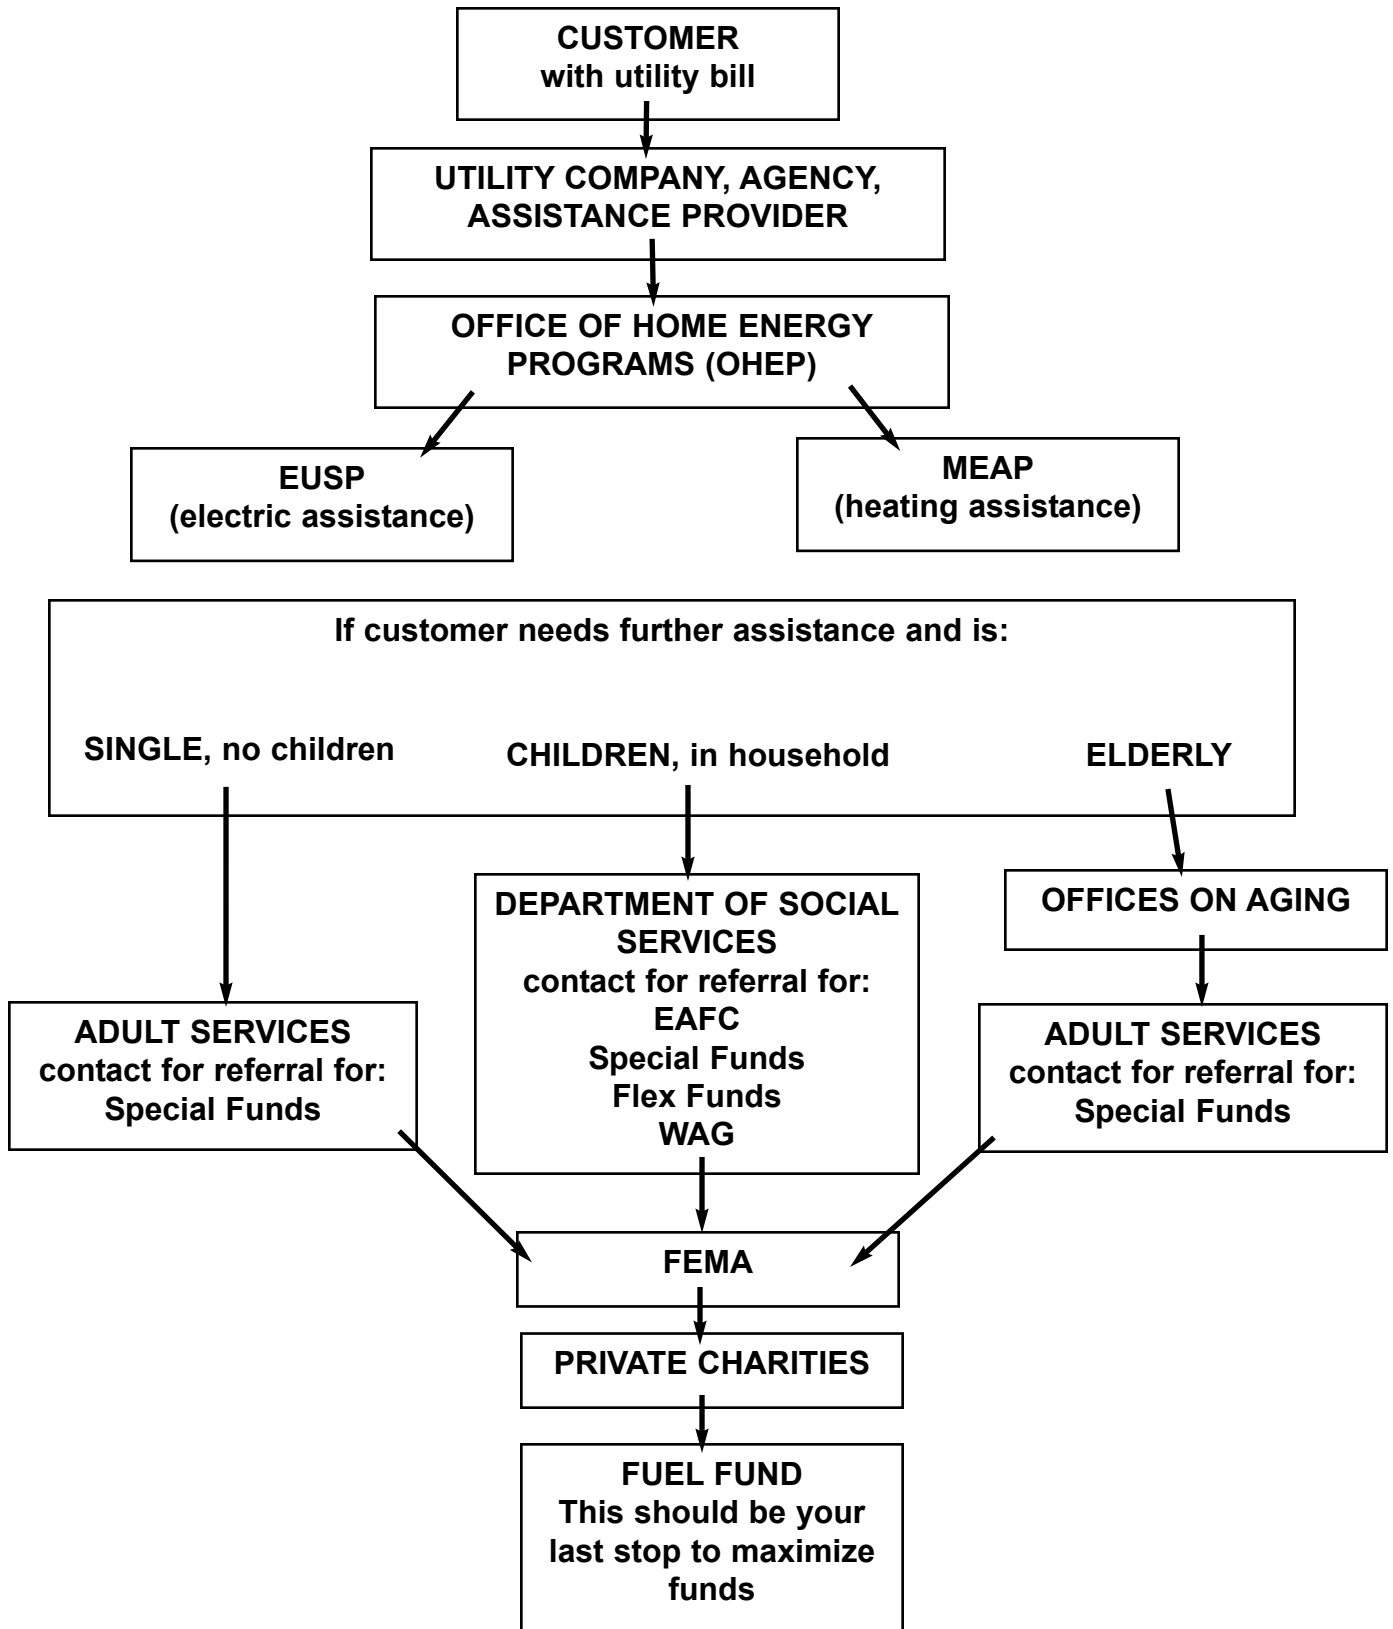

1-800-525-0145

To apply for Tel-Life/Link Up America, fill out the application and **MAIL** it (don't take it) to:

DEPARTMENT OF HUMAN RESOURCES
 TEL-LIFE UNIT
 311 W. SARATOGA STREET
 BALTIMORE, MD 21201

DHR will determine eligibility. If the customer is eligible, DHR will send the application to Verizon. Once the approval is received, Verizon will contact the customer to arrange for connection of the service. The process takes approximately 30 days.

PHYSICIAN CERTIFICATION OF SERIOUS ILLNESS OR LIFE SUPPORT

This is to certify that _____ is a resident of:

Street Address: _____

City, State, Zip: _____

Telephone Number: _____

Relationship to Customer _____

Account Number: _____

THIS SECTION IS TO BE COMPLETED BY A LICENSED PHYSICIAN ONLY

I hereby certify that termination of electric and/or gas service will either (check applicable box or boxes):

aggravate an existing serious illness* or

prevent the use of life support equipment by the person named above.**

(Please print)

Physician's Name _____

License No. _____

Title _____

Address _____

Office Number _____ Fax Number _____

E-Mail Address (optional) _____

Physician's signature _____ Date _____

This medical certificate is only valid for a period not to exceed 30 days.

* "Serious illness" means an illness certifiable by a licensed physician to be such that termination of service during the period of time covered by the certificate would be especially dangerous to the health of the person certified to be seriously ill.

**"Life-support equipment" means any electric or gas energy-using device certified by a licensed physician as being essential to prevent, or to provide relief from, a serious illness or to sustain the life of the customer or an occupant of the premises.
