APPLICATION AND REVIEW

In FY 2003, there were several changes affecting both the Maryland Emergency Food Program (MEFP) and the Statewide Nutrition Assistance Program (SNAP). Through FY 2001, local administering agencies handled the distribution of funds for the State, most notably, the Center for Poverty Solutions (CPS) which had 17 of the 24 jurisdictions for MEFP and all 24 jurisdictions for SNAP. In the fall of 2001, CPS informed the Office of Transitional Services (OTS) that they would not be able to administer either MEFP or SNAP.

In order to allocate the funding as soon as possible to those who needed it, the Office of Transitional Services became the administering agency for both MEFP and SNAP. The Office of Transitional Services assembled a panel made up of representatives of community action agencies, local departments of social services, local governments, advocates, and providers statewide to review the applications for allocation determinations. Notification of available funding and applications were mailed to all food providers known to OTS and the statewide MEFP/SNAP panel reviewed and approved applications.

RESULTS OF FY 2003

MEFP

MEFP was funded for FY 2003 at \$1,050,000. During the fiscal year, 255 emergency food programs requested \$1,722,647.29 and were awarded a total of \$1,037,872.64 for the purchase of food. At this time, the figures for the number of meals and bags of food cannot be compared because prior figures were taken from reports indicating results of the funding while our current figures are based on projections given by the applicants on their applications. OTS is currently gathering actual service figures from applicants and will report these findings at a later date.

SNAP

SNAP was funded for FY 2003 at \$325,000. During the fiscal year, SNAP distributed financial grants to 52 food pantries and emergency feeding organizations. Maryland food banks received \$47,615.75 in SNAP funds and food pantries received \$273,188.98. Emergency food providers requested a total of \$472,063.56 in SNAP funds.
