ORIGINAL CONTRACT APPROVED DGS/DPRB 03/11/2008; Item 11-E-008

CONTRACTOR Whitman, Requardt & Associates, LLP.

Baltimore, MD

<u>CONTRACT DESCRIPTION</u> This project provides for design services to create an approximately 2.5 mile long ADA accessible multi-use trail within Tuckahoe State Park to serve as a trail spur from the proposed Atkins Arboretum Trailhead/Visitors Center and the future Upper Chesapeake Rail Trail.

MODIFICATION DESCRIPTION

This modification provides for additional design services to survey the agricultural areas that the proposed trail transverses to determine if they need to be classified as farmed wetlands; and to provide a new trail alignment around a designated non-tidal wetlands area. The original trail alignment used boardwalks to cross the wetlands. Additionally, it changes funding sources to MCCBL Bond funds. A prior modification for this contract took the amount over the DGS Delegated authority without BPW approval. DGS therefore requests approval for this procurement action exceeding \$200,000.00, funding change and additional design services.

Reference

The Department of Public Safety and Correctional Services is the owner of the land and currently operates and maintains a state correctional facility on the Property known as the Eastern Correctional Institution (ECI).

The Maryland Environmental Service (MES) solicited through a competitive solicitation process to procure renewable energy as a voluntary initiative to promote clean energy development to meet long term energy needs and to provide an alternative means to manage the nutrients contained in animal manure and food waste in an environmentally sound manner.

ECOCORP Inc., the successful respondent to MES, is seeking to enter into a ground lease agreement for land around ECI for the purposes of constructing and operating an Anaerobic Digester Facility which will supply a portion of the electrical power needs of ECI.

ECOCORP Inc. has entered into a Power Purchase Agreement ("PPA") which details how MES will purchase power from the tenant. The Board of Public Works is now requested to approve the land lease with ECOCORP Inc.
