Barbara B. Matthews, City Manager

October 28, 2011

Honorable Members of the City Council
and Citizens of the City of Takoma Park, Maryland:

The City's Charter, Section 821, requires that the financial books and accounts of the City be audited annually in accordance with applicable State laws and the requirements of the City Council. The City Council has elected to have its financial statements prepared in accordance with generally accepted accounting principles and audited in accordance with generally accepted auditing standards by a certified public accountant. We hereby issue the comprehensive annual financial report (CAFR) for the year ended June 30, 2011.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. We believe that the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and changes in financial position of the City; and, that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been provided.

Clifton Gunderson LLP, a firm of licensed certified public accountants, has audited the City of Takoma Park, Maryland's financial statements. The independent auditor's report is included with the City's financial statements in the Financial Section of this report. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and, for the basic financial statements of the City, the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. On the basis of this examination, the independent auditors have issued an unqualified opinion that the presentation of the basic financial statements conforms to accounting principles generally accepted in the United States of America. In conducting the audit, the auditors performed tests of the accounting records and such other procedures as were considered necessary in the circumstances to provide a reasonable basis for the opinion on the financial statements.

The auditors also assessed the accounting principles used and the significant estimates made by management, as well as evaluated the overall financial statement presentation.

Management has provided a narrative introduction, overview, and analysis to accompany the basic financial statements in the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors in the Financial Section of this report.

PROFILE OF THE GOVERNMENT

The City of Takoma Park is approximately 2.4 square miles in size and is located in Montgomery County, Maryland on the border of Washington, D.C. The City was incorporated in 1890 and currently has a population of 16,715 (U. S. Census 2010).

The City of Takoma Park operates under a Council/Manager form of government. Policy-making and legislative authority are vested in a governing body consisting of seven members (Mayor and six Council members). The City Council is elected on a non-partisan basis. All seven members serve two-year terms. Six Councilmembers are elected by wards. The Mayor is elected at large. The City Council's responsibilities include passing ordinances and resolutions, adopting the City's annual budget, appointing members to committees, and hiring both the City Manager and the City Attorney.

The City Manager is responsible for implementing the policies and ordinances of the City Council, overseeing the day-to-day operations of the government, and appointing the heads of various departments.

The City provides a range of municipal services including, but not limited to, housing and property inspections, solid waste and recycling collection, storm drainage maintenance, street maintenance, snow removal, street lighting, parks and recreation, and police protection.

ECONOMIC CONDITION AND OUTLOOK

The City is a residential community located in the southern part of Montgomery County in the inner suburbs of the Washington, D.C. metropolitan area. City residents benefit from the excellent Montgomery County public school system. The Takoma Park-Silver Spring campus of Montgomery College and the four-year Washington Adventist University are located in Takoma Park. The City has a large historic district, two major commercial districts, many parks, and attractive, walkable neighborhoods. The City is located along the Red Line of the region's Metrorail system and is well served by bus systems and bicycle trails. Offices, attractions, and entertainment are close by in adjacent Washington, D.C. and Silver Spring, Maryland. Baltimore and Annapolis are a short distance away via I-95 and Maryland Route 50, respectively.

According to the 2010 Census, the City had a total of 7,162 housing units. Of these, 3,444 were owner-occupied housing units. Forty-seven percent (47%) of Takoma Park's households live in multi-family residential structures.

Because of its location and attractive environment, Takoma Park is a highly desirable place to live. Its economic health rests heavily on the value of its residential property. Total assessed real and personal property value for Takoma Park was estimated at \$1.9 billion during fiscal year 2011. The City's assessable base has grown, primarily due to the increase in the assessed value of its real

property. Housing values have risen sharply since 2000, when the median value of an owner occupied home was \$189,200, according to the 2000 Census. The American Community Survey (ACS) of 2005-2009 reflected a median owner-occupied housing unit value of \$493,900. However, the reassessment of real property in 2010 reflected a change from the rapid growth in property values seen in recent years.

Real property in the State of Maryland is reassessed on a triennial basis. Fiscal year 2010 was the third year of the phase in of assessed values established in 2006. All real property in Takoma Park was reassessed during 2010, with the new values impacting the City's budget since fiscal year 2011. With the recent decline in the regional housing market, the City has experienced only a modest increase in assessed values and is expected to face difficult choices relative to service delivery in the years to come.

The Metropolitan Washington Council of Governments reported that the region grew by 252,600 persons between 2004 and 2008, with the inner suburbs growing by 2.5%. The region added 131,879 jobs during this period. The 2000 Census showed the median family income for the City of Takoma Park at \$63,434, with a per capita income of \$26,437 (in 1999 dollars). According to the American Community Survey, the 2005-2009 average per capita income was \$39,808. According to the Montgomery County, Maryland Finance Department, personal income in the County grew by an average annual rate of 10.5% between 2007 and 2011.

While the Washington, D.C. area has fared better than other parts of the United States, it has been impacted by the downturn in the economy. The City has experienced a decline in certain revenue sources, including investment income, State Police Protection Aid, and Highway User Revenues. Montgomery County, Maryland reported a projected unemployment rate of 5.0% for fiscal year 2011. Some Takoma Park residents are likely among those who have lost their jobs, impacting income tax receipts. Because it will take some time for the country and the region to recover from the economic downturn, the City will focus on the continuation and maintenance of core services in the next fiscal year.

The City is working in partnership with the business associations to increase the health of its commercial districts—the City's Old Takoma area in the Takoma Park Historic District and the much larger Takoma/Langley Crossroads area near the intersection of University Boulevard and New Hampshire Avenue. Officials and business organizations have identified a number of improvements that are needed—as well as opportunities worth investigating—to promote long-term economic health and stability.

In recent years, significant streetscape improvements have taken place in the Old Takoma area. The business association has a Maryland Main Street designation. The Takoma/Langley Crossroads area is the planned location for a major station of the “Purple Line,” a light rail transit system under design by the State of Maryland to cross Montgomery and Prince George's Counties. Revitalization planning efforts for the Crossroads are underway in a collaborative effort of the planning agencies in both counties and the City of Takoma Park. The area was designated as a Maryland Enterprise Zone in 2005, providing tax incentives to new and expanding businesses.

LONG-TERM FINANCIAL PLANNING

The City of Takoma Park Police Employees' Retirement Plan covers sworn police officers who are employed on a regular full-time basis. Plan provisions include retirement, disability, and death benefits to plan members and their beneficiaries. Since its inception in 2001, the Plan has experienced a higher than expected rate of disability awards, resulting in a steadily increasing City contribution rate. During fiscal year 2009, the City modified the existing Plan in an attempt to address the rate of disability. The City contribution rate has been relatively stable since enactment of the change.

Both the City of Takoma Park Police Employees' Retirement Plan and the Maryland State Retirement and Pension System, which covers the City's non-sworn staff, have been impacted by the volatility of the stock market in recent years, resulting in a decline in asset values. The impact of this volatility has been most notable with the Maryland State Retirement and Pension System, with the employer contribution rate increasing significantly in recent years.

In accordance with the City Charter, certain monies are set aside for the scheduled replacement of vehicles and equipment. These funds are accounted for in the Equipment Replacement Reserve. For a period of time, the Equipment Replacement Reserve was not adequately funded. Since the mid-2000s, the City has made a concerted effort to more adequately fund the Equipment Replacement Reserve, and its funding status has improved considerably in recent years. This funding effort should be continued going forward to ensure that the City has sufficient funds on hand to maintain its vehicle fleet and other equipment in good working order.

Effective July 1, 2011, the City will establish a Reserve for Facility Maintenance with an initial contribution of \$250,000. The creation of a Facility Maintenance Reserve would provide a more focused mechanism to ensure that the City identifies and plans for future facility maintenance items.

In May 2012, the City plans to redeem its 2002 Community Center bond issue. The early redemption of these bonds will save the City approximately \$347,000. The projected payoff amount for this bond issue is \$1,240,500.

RELEVANT FINANCIAL POLICIES

As noted earlier in this transmittal message, the downturn in the economy has affected the City in a number of ways. The Federal Reserve's interest rate cuts have significantly reduced the City's investment revenues. The financial difficulties of the State of Maryland have resulted in a reduction in Highway User Revenues, Police Protection Aid, and grant funding that the City has historically relied upon to finance park improvements and other community amenities.

In light of these economic difficulties, the City's focus will be on the continuation and maintenance of core services rather than expansion of services. The City plans to maintain adequate unreserved fund balance in its General Fund in order to address revenue fluctuations and to avoid any disruption in services caused by a future decline in significant revenue sources and rising costs. Additionally, the City's use of unrestricted future fund balances and one-time revenue sources will be limited to specific non-recurring projects.

MAJOR INITIATIVES

City activities in fiscal year 2011 were largely focused on three major policy areas:

- Sustainability
- Livable Community
- Engaged, Responsive, and Service-Oriented Government

Major accomplishments related to the aforementioned priorities during fiscal year 2011 included the following:

- Began an ongoing sidewalk retrofit project as part of the City's compliance efforts with the Americans with Disabilities Act
- Initiated the Ward 6 sidewalk design process, which included extensive public outreach efforts
- Constructed several stormwater management projects that use environmental site design principles
- Awarded a contract for the installation of additional solar panels at the Takoma Park Community Center and at the Public Works Facility
- Commenced the renovation of the Public Works Facility, which will include the addition of numerous "green" features
- Developed and implemented online rental housing licensing and rent stabilization programs
- Continued extensive staff involvement in the development of the Takoma Langley Sector Plan, the corresponding Urban Design Guidelines, and the Commercial/Residential Zones Zoning Text Amendment
- Developed and coordinated the new "We are Takoma" cultural series, providing more than 30 free programs to the community
- Developed the innovative and successful crosswalks simulation and skate board training modules as part of the Safe Routes to School Program
- Undertook efforts to install two new speed cameras as part of the City's effort to enhance public safety
- Received a Judith Krug grant from the American Library Association Freedom to Read Foundation, with the monies being used to fund a "Readout" celebration

- Lobbied successfully to restore municipal tax duplication funds after the County Executive proposed a second year of reductions
- Enhanced both the number and quality of recreation program offerings, providing a higher level of service to the community and increasing revenues from this source
- Initiated the Flower Avenue Green Street Project which will entail street, pedestrian safety, and stormwater improvements

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Takoma Park for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2010. This was the fifth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA for consideration for another certificate.

The preparation of this annual report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. We wish to express our appreciation to everyone who assisted and contributed to its preparation. We are also grateful to the City's independent auditor, Clifton Gunderson LLP, for the professional assistance provided during the course of the audit. We are also grateful to Lindsey & Associates LLC for providing professional assistance during the preparation of the City's annual report. Finally, we would like to thank the members of the City Council for their interest and support in planning and conducting the financial affairs of the City in a responsible and professional manner.

Respectfully submitted,

Barbara B. Matthews
City Manager

Yovonda D. Brooks, CPA
Director of Finance

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Takoma Park
Maryland

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditor's Report

The Members of City Council
City of Takoma Park, Maryland

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Takoma Park, Maryland (the City) as of and for the year ended June 30, 2011, and the respective changes in financial position and the budgetary comparison for the General and Speed Camera funds, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Takoma Park, Maryland as of June 30, 2011, and the respective changes in financial position and the budgetary comparison for the General and Speed Camera funds, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 24, 2011, on our consideration of the City of Takoma Park, Maryland's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

11710 Beltsville Drive
Suite 300
Calverton, Maryland 20705
tel: 301-931-2050
fax: 301-931-1710

www.cliftoncpa.com

The management's discussion and analysis and historical pension information as listed in the table of contents are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Takoma Park, Maryland's basic financial statements. The accompanying supplemental information, such as the introductory section, combining and individual nonmajor fund financial statements, budgetary schedules for nonmajor funds and statistical schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and budgetary schedules for nonmajor funds have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The other data, listed under the introductory and statistical sections in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

As management of the City of Takoma Park, we offer this narrative overview and analysis of the City's financial activities for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented herein in conjunction with the accompanying transmittal letter and financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the City of Takoma Park exceeded its liabilities at the close of the fiscal year 2011 by \$31,635,831 (net assets). This represents an increase of \$1,898,365 from the prior year. Approximately 16 percent or \$296,110 of this variance was due to increases in property tax revenues resulting from higher real property tax assessments. The balance of this increase was due to the approximately \$2.0 million reduction in expenses, which was primarily due to a one-time payment of \$1.5 million to the Maryland State Retirement and Pension System in fiscal year 2010 to reduce the employee pension plan's unfunded liability; fiscal year 2011 staff reductions also contributed to the decrease in expenses. Of the City's total net assets, \$5,825,803 may be used to meet its ongoing obligations to residents and creditors (unrestricted net assets).
- As of June 30, 2011, the City of Takoma Park's governmental funds reported combined ending fund balances of \$12,229,083, an increase of \$749,487 or 6.5 percent, from the prior year. The ending fund balances of \$12,229,083 include \$5,158,361 that is available for spending at the government's discretion (unassigned fund balance). The increase in the combined ending governmental fund balances was due primarily to unspent cable equipment grant revenue of \$566,000.
- At the end of fiscal year 2011, the unassigned fund balance for the General Fund was \$5,158,361 or 25 percent of total General Fund expenditures.
- The City of Takoma Park's long-term debt increased by \$627,933 during the fiscal year. The increase was due to the issuance of bonds in the amount of \$1.5 million and the increase in compensated absences of \$37,201. These increases were partially offset by principal payments of \$909,268 on existing debt.

OVERVIEW OF FINANCIAL STATEMENTS

GASB Statement 34 requires the utilization of dual focus financial reporting. Information is presented on a government-wide basis and on a fund basis.

This discussion and analysis is intended to serve as an introduction to the City of Takoma Park's basic financial statements that were prepared using these reporting requirements. The City of Takoma Park's basic financial statements consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements. The government-wide financial statements, which include the Statement of Net Assets and the Statement of Activities, are designed to provide readers with a broad overview of the City of Takoma Park's finances. All City operations are categorized

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

and reported as either governmental or business-type activities. Governmental activities include basic services such as police, public works, recreation, community development, and general government administration. The City currently does not have any business-type activities.

The government-wide financial statements can be found on pages 29 and 30 of this report.

Statement of Net Assets. The Statement of Net Assets presents information on all of the City of Takoma Park's assets and liabilities, with the difference between the two reported as net assets. Net assets are further separated into those amounts restricted for specific purposes and unrestricted amounts. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Takoma Park is improving or deteriorating.

Statement of Activities. The Statement of Activities presents information on how the government's net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected tax revenue and earned but unused vacation leave).

Fund Financial Statements. The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City of Takoma Park, like other local governments, uses fund accounting to ensure and to demonstrate compliance with finance-related legal requirements. All of the funds of the City of Takoma Park can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate the comparison between governmental funds and governmental activities.

The City of Takoma Park maintains six individual governmental funds. Information is presented separately in the governmental balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Speed Camera Fund,

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

which are considered to be major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for these non-major governmental funds (Special Revenue Fund, Stormwater Management Fund, Community Center Fund and Rehabilitation Loans and Grants Fund) is provided in the form of combining statements elsewhere in this report.

The City of Takoma Park adopts an annual appropriated budget for its two major funds - General Fund and Speed Camera Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the budgets.

The basic governmental fund financial statements can be found on pages 31 - 36 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Takoma Park's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 37 and 38 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 39 - 66 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information related to the City of Takoma Park's progress in funding its obligation to provide pension benefits to its Public Safety employees. Other supplementary information includes budgetary comparison schedules related to the General Fund and the non-major governmental funds and any combining statements related to non-major governmental funds and fiduciary funds. Supplemental information can be found on pages 67 - 79 of this report.

THE CITY AS A WHOLE

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City of Takoma Park's assets exceeded liabilities by \$31,635,831 as of June 30, 2011.

By far the largest portion of the City of Takoma Park's net assets reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. This investment was \$20,973,813 or 66 percent of the City's net assets as of June 30, 2011. Due to the nature of these assets, they are not available for future spending.

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

Unrestricted net assets totaled \$5,825,803. This category represents the net assets of the City that may be used to meet the City's ongoing obligations to its residents and creditors.

During the fiscal year, the City of Takoma Park's net assets increased by \$1,898,365. Factors contributing to this growth include the increase in property tax revenue of about \$296,110 due to the rise of the assessable tax base for real property. The balance of the variance is due to the decreases in expenses from fiscal year 2010 to fiscal year 2011 resulting from the reduction of staff by 7.35 and other cost-saving measures. During fiscal year 2011, the City renovated its Public Works Facility using bond proceeds of \$1.5 million and City funds totaling \$755,745. The Facility is expected to be completed in November 2011. The following table reflects the City's net assets as of June 30, 2011 compared to June 30, 2010.

Governmental Activities

Net Assets

	2011	2010
Assets		
Current and other assets	\$ 14,994,139	\$ 14,428,663
Capital assets	25,886,351	24,119,374
Total assets	40,880,490	38,548,037
Liabilities		
Current and other liabilities	2,177,051	2,370,896

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

Governmental Activities

Governmental activities increased the City of Takoma Park's net assets by \$1,898,365 during fiscal year 2011, thereby accounting for the total growth in the net assets. The key elements of this increase are shown below. Information for the prior fiscal year is provided for comparative purposes.

Governmental Activities	2011	2010
Change in Net Assets		
Revenues		
Program revenues:		
Charges for services	\$ 3,416,252	\$ 3,629,608
Operating grants and contributions	4,189,088	4,927,311
Capital grants and contributions	728,089	2,298,112
General revenues:		
Property taxes	11,381,629	11,085,519
Intergovernmental	2,914,276	2,472,591
Miscellaneous	(9,076)	63,069
Unrestricted investment earnings	46,947	76,217
Total revenues	<u>22,667,205</u>	<u>24,552,427</u>
Expenses		
General Government	3,655,556	5,719,008
Public Safety	7,213,649	7,563,656
Public Works	5,564,151	5,099,655
Housing and Community Development	1,360,806	1,836,561
Recreation and Culture	2,678,012	2,622,686
Interest on long-term debt	296,666	213,883
Total expenses	<u>20,768,840</u>	<u>23,055,449</u>
Change in net assets	<u>1,898,365</u>	<u>1,496,978</u>
Net assets, beginning of year	<u>29,737,466</u>	<u>28,240,488</u>
Net assets, end of year	<u>\$ 31,635,831</u>	<u>29,737,466</u>

Overall revenues decreased \$1,885,222 from fiscal year 2010 to fiscal year 2011. The variance was attributable to non-recurring grant funded projects in fiscal year 2010. During fiscal year 2010, the City received \$1.9 million in capital grants and contributions to renovate the Community Center

CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011

Auditorium, to repair its two bridges, to construct a retaining wall for storm water remediation, and to install a green roof at its Community Center.

Intergovernmental revenues increased \$441,685 from fiscal year 2010. This variance was due primarily to the \$192,000 increase in income tax revenues and the \$132,000 increase in revenues from franchise fees. Property tax revenues increased by \$296,110 or about three percent from the previous fiscal year; the increase was attributable to real property values. These increases were offset by decreases in several other revenue sources. The overall decrease is primarily due to the reduction of \$1,570,023 in capital grants and contributions from fiscal year 2010 to fiscal year 2011.

Charges for services decreased \$213,356, in large part due to a reduction in speed camera revenues. The decrease of \$738,223 in operating grants and contributions was attributable largely to the 15 percent across the board reduction in tax duplication payments from Montgomery County, Maryland; the City receives tax duplication payments for police services, road maintenance, and park maintenance and incurred a revenue loss of \$450,000 in fiscal year 2011. Reductions in grant funds that were used in fiscal year 2010 for streetscape projects and other infrastructure improvements in the City's business districts account for the remainder of the variance in operating grants and contributions.

Expenses decreased by \$2,286,609 or about ten percent from fiscal year 2010 to fiscal year 2011. Approximately 65 percent of the decrease in expenses was related to personnel costs. In response to revenue losses from several key sources, staffing was reduced by about seven full-time equivalents in fiscal year 2011, impacting virtually all areas of City services.

General Government accounts for \$2,063,452 of the \$2,286,609 decline in expenses. Personnel expenses for payments related to the unfunded portion of the Maryland State Retirement and Pension System are accounted for in General Government. The decrease in General Government expenses was primarily due to the \$1.5 million pay off of the City's unfunded retirement costs in the Maryland State Retirement and Pension System in fiscal year 2010 and the aforementioned staff reductions. General Government expenses include grant-funded purchases for cable and audio-visual equipment; these purchases were \$305,000 less than the prior fiscal year. Contractual and legal services decreased approximately \$100,000 from fiscal year 2010 to fiscal year 2011. This variance is due to the additional services needed during fiscal year 2010 to address the Certificate of Need application of Washington Adventist Hospital, which is seeking permission to relocate outside of the City.

Public Safety accounts for \$350,007 of the decrease in expenses. Contractual costs related to the maintenance and processing costs for the City's speed camera program decreased \$139,000 during fiscal year 2011 as a result of the decline in revenues from speed camera fines. The balance of the variance was due to the reclassification of sidewalk expenses to Public Works and lower personnel costs related to the staffing reductions in fiscal year 2011.

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

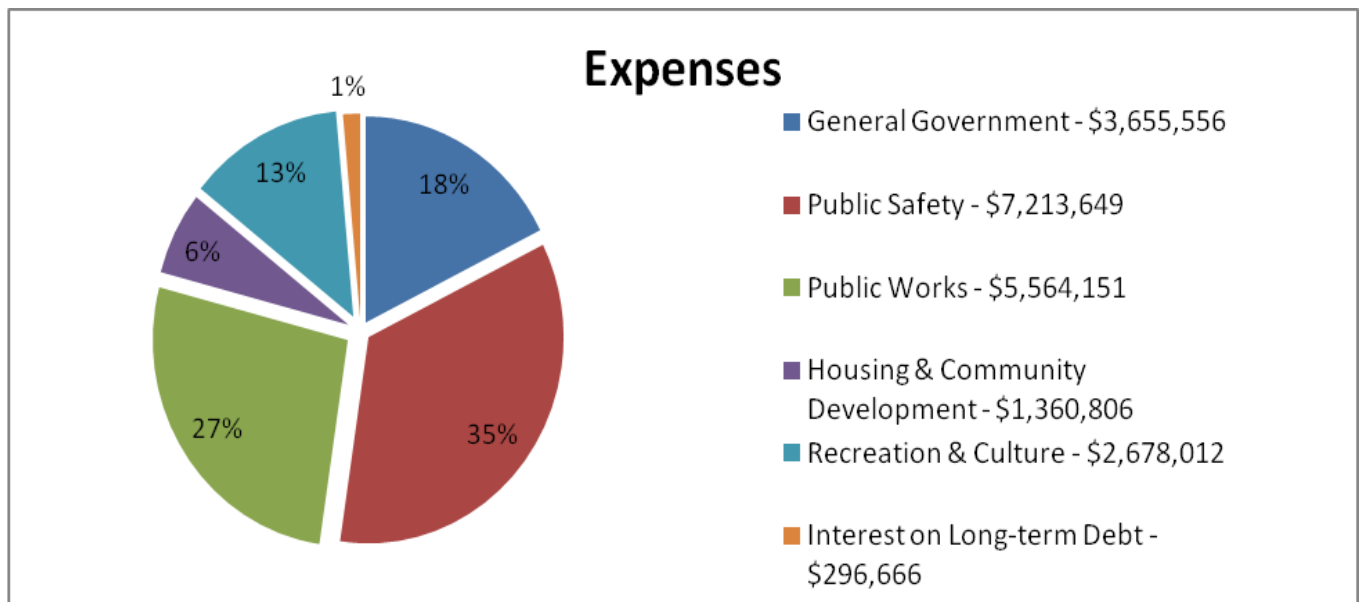

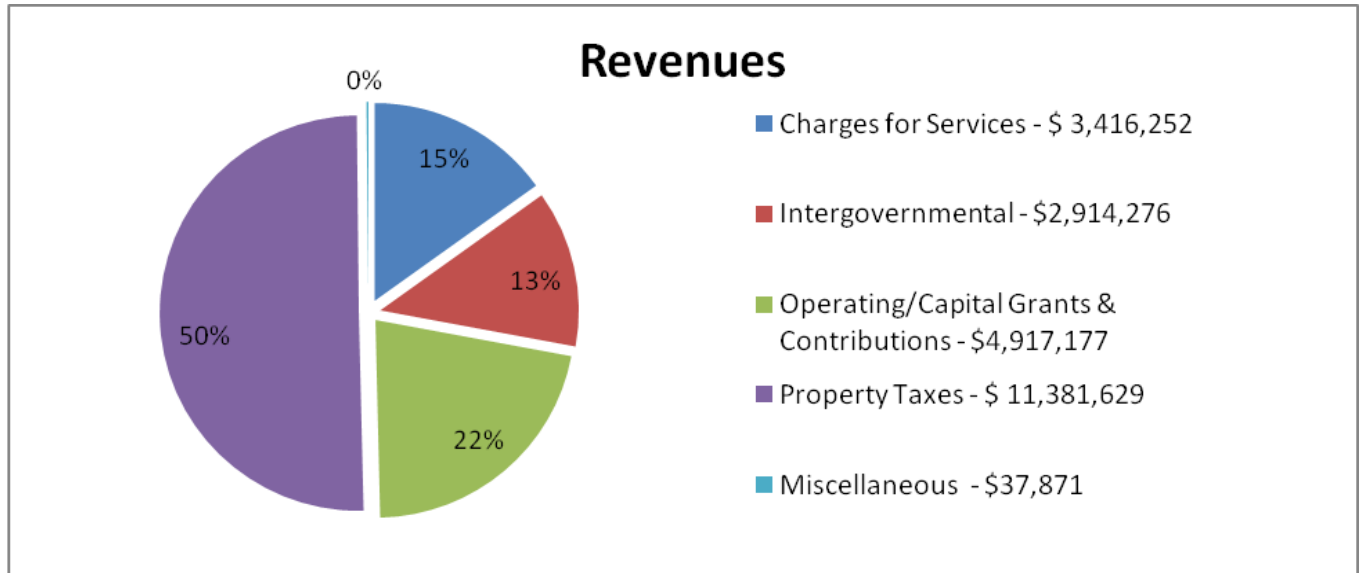

Public Works expenses increased \$464,496 primarily due to capital outlays related to infrastructure improvements for ADA compliant sidewalks and the reclassification of sidewalk-related work as described above. Combined, contractual costs related to building maintenance and City right-of-ways increased about \$96,000 in fiscal year 2011.

In Housing and Community Development, the decrease in expenses of \$475,755 in fiscal year 2011 was due primarily to reduced grant expenses of \$295,000, lower personnel costs due to staff reductions, and reduced contractual costs.

As shown previously, the cost of all governmental activities was \$20,768,840. Those who directly benefited from the services paid \$3,416,252 of the activity costs. The City also received operating and capital grants and contributions from other governments and organizations of \$4,917,177, which reduced the amount paid by City residents for certain services. The net cost of the City's governmental activities totaled \$12,435,411 and was funded with general revenues, including property taxes.

Financial Analysis of the City’s Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds

The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year. As of June 30, 2011, the City’s governmental funds had combined fund balances of \$12,229,083, an increase of \$749,487 from the prior year. Seventy-five percent of this increase or \$566,000 resulted from cable equipment support grant revenues that were not spent in fiscal year 2011. Approximately 23 percent of the fund balance amount is restricted or considered “nonspendable” and is not available for new spending. The portion of the fund balance that is restricted or not available for spending totals \$2,749,884.

The General Fund is the chief operating fund of the City of Takoma Park. At the end of the fiscal year, it had a total fund balance of \$9,775,598, an increase of \$440,234. The increase in fund balance was due to construction delays associated with the Public Works Facility renovation, resulting in unexpended monies in fiscal year 2011. The General Fund fund balance includes \$224,754 which is restricted for street improvements and \$383,459 which is nonspendable (e.g., deposits and prepaid expenditures). A portion of the General Fund fund balance, totaling \$2,469,790 or 25 percent, is committed for the following purposes:

- Equipment Replacement \$ 2,067,706
- Emergency 402,084

In addition, General Fund fund balance of \$1,539,234 is assigned for the subsequent fiscal year. The unassigned portion of the General Fund fund balance as of June 30, 2011 is \$5,158,361.

Besides the General Fund, the City has one other major fund. The Speed Camera Fund was established to account for the activity related to the City’s Speed Camera Program. Fines and fees collected during fiscal year 2011 totaled about \$1.7 million. These fines and fees cover operational costs, including the contractual payment to the program vendor, other program administration costs including staffing, and ticket processing costs. Revenues not required for program administration costs are restricted by law and must be used for public safety purposes. The Speed Camera Fund had a fund balance of \$1,119,537 at June 30, 2011. The entire fund balance is restricted for public safety purposes.

The City has four non-major funds: the Stormwater Management Fund, the Special Revenue Fund, the Rehabilitation Loans and Grants Fund, and the Community Center Fund.

The Stormwater Management Fund, which was established to account for revenue and expenditure activity related to the maintenance and construction of the City’s stormwater systems, had a fund balance of \$311,814 as of June 30, 2011. The \$147,997 decrease in the fund balance was due to the purchase of a street sweeper during the fiscal year.

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

The Special Revenue Fund, which was established to account for revenue and expenditure activity related to the City's grant activities, had a fund balance of \$1,012,063 as of June 30, 2011. The entire fund balance is restricted for the acquisition of cable equipment. The \$565,733 increase in the fund balance of the Special Revenue Fund resulted from the City not expending all of the cable grant funds received in fiscal year 2011.

The Rehabilitation Loans and Grants Fund, which was established to account for activities related to loans and grants to assist low- and moderate-income City homeowners in rehabilitating their homes to conform to locally adopted codes, had a fund balance of \$10,071 as of June 30, 2011. The entire fund balance is restricted and related to outstanding notes receivable.

The Community Center Fund was established to account for construction activities related to the City's community and municipal center. During fiscal year 2011, the activities in this fund related to the completion of the renovation of the Community Center Auditorium. The Community Center Fund did not have a fund balance at June 30, 2011.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year, there was a \$49,365 increase in General Fund expenditure appropriations between the original and the final budget. This increase was to provide additional funds for the purchase of two trash trucks for Public Works. In addition to this increase in the fiscal year 2011 budget, budget amendments included transfers between various fringe benefit accounts to properly allocate appropriations for expenditures related to employee health insurance benefits and worker's compensation insurance.

On a budgetary basis, actual revenues for the fiscal year exceeded the final budget by \$386,242. Income tax revenues accounted for \$209,454 of the increase while highway user revenues exceeded the budgeted amount by \$19,179. Revenues generated by the City's recreation programs were \$90,983 higher than anticipated. Combined, fees related to cable franchises and hotel taxes exceeded budget by \$70,821.

Actual General Fund expenditures were \$1,760,534 less than the revised budget authorization. Capital projects accounted for \$1,174,534 of this variance. Weather and utility issues delayed the renovation of the Public Works Facility, resulting in an unexpended balance of \$949,255. Other capital projects were also delayed.

General Government expenditures were \$201,364 under budget. Items paid for out of the Non-Departmental budgetary unit are classified as General Government expenditures. Anticipated expenditures for employee training/recognition, property and liability insurance, supplies, and unemployment payments were \$54,000 less than budgeted. A vacancy in the Finance office accounted for \$30,000 of the decrease. Other General Government cost savings were realized in legal services (\$32,282) and City Council expenditures (\$25,817). Savings in contracts, copying, postage, printing, and recruiting costs were also realized.

Public Works expenditures were \$160,446 less than budget. This variance resulted from savings in

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

electricity costs, refuse fees, telephone costs, and personnel costs in the Right-of-Way Division.

Expenditures for Housing and Community Development were \$115,286 less than budget. Cost savings for contractual services accounted for \$64,000 of the variance. Other factors contributing to the variance were cost savings in part-time salaries, community development site improvements, and copying.

Expenditures for Recreation and Culture were \$176,914 less than budget. Recreation and Culture activities include those of the Takoma Park Library and Communications. The variance was due primarily to savings in personnel costs, library books and supplies, media contracts, and copying costs.

Public Safety expenditures exceeded the budget by \$69,068. The Police Department incurred significant overtime costs during fiscal year 2011 due to staffing shortages resulting from injuries and family leave, increased crime investigations, and court hearings. The additional compensation paid to officers who worked on holidays was significantly higher than budgeted.

CAPITAL ASSET AND DEBT ADMINISTRATION

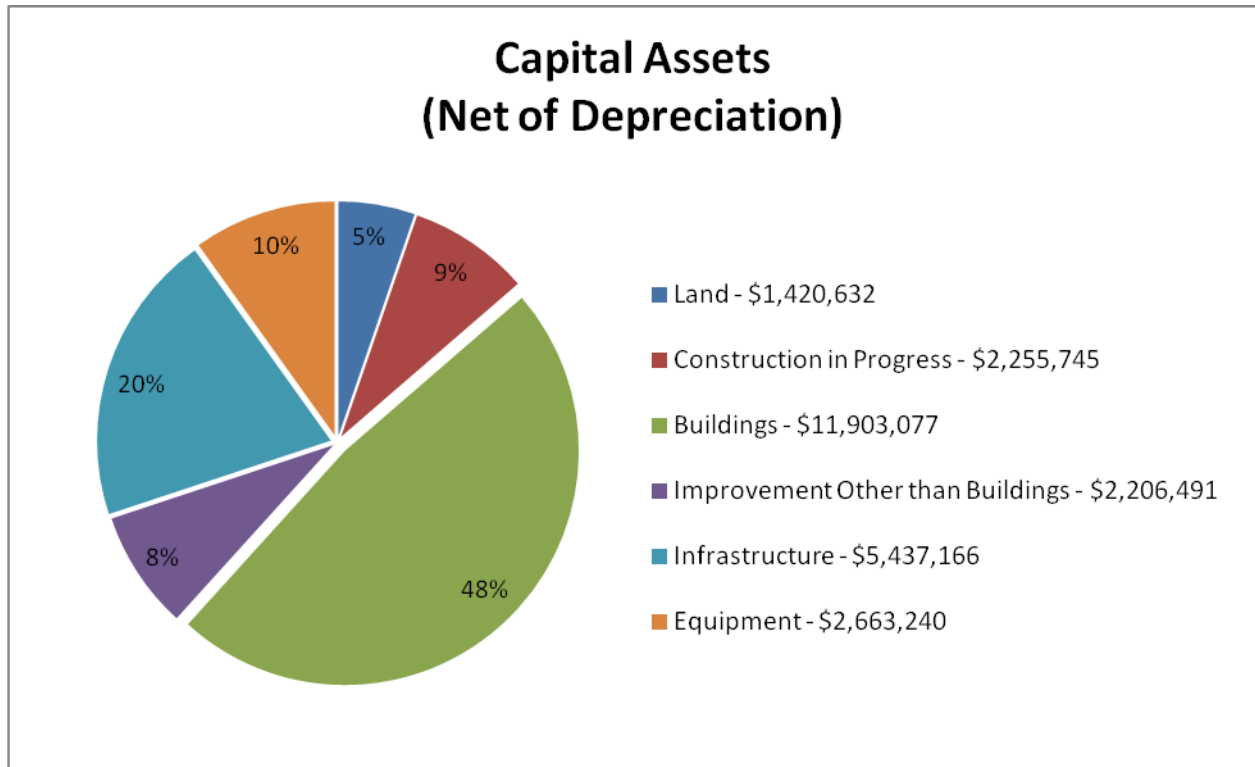

Capital Assets

As of June 30, 2011, the City of Takoma Park's investment in capital assets (buildings, roads and other infrastructure, vehicles, and equipment) for its governmental activities totaled \$25,886,351 (net of accumulated depreciation). This amount represents an increase of \$1,766,977 from the prior year. The increase was primarily attributable to asset additions totaling \$3,306,684, net of depreciation expense of \$1,488,440 and asset disposals with a book value of \$51,267. Asset additions made during the fiscal year included \$2,320,305 for building improvements related to the renovation of the Public Works Facility. Other asset additions totaling \$775,288 included equipment for Public Safety, Public Works, Housing and Community Development, and the City's newly renovated Community Center Auditorium. Infrastructure improvements of \$211,091 included ADA sidewalk work and storm drain construction. Further information on the City's capital assets is shown follows:

Governmental Activities

	2011	2010

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

Additional information on the City's capital assets can be found in Note 8 - Capital Assets and Other Property on page 52 of this report.

Debt Administration

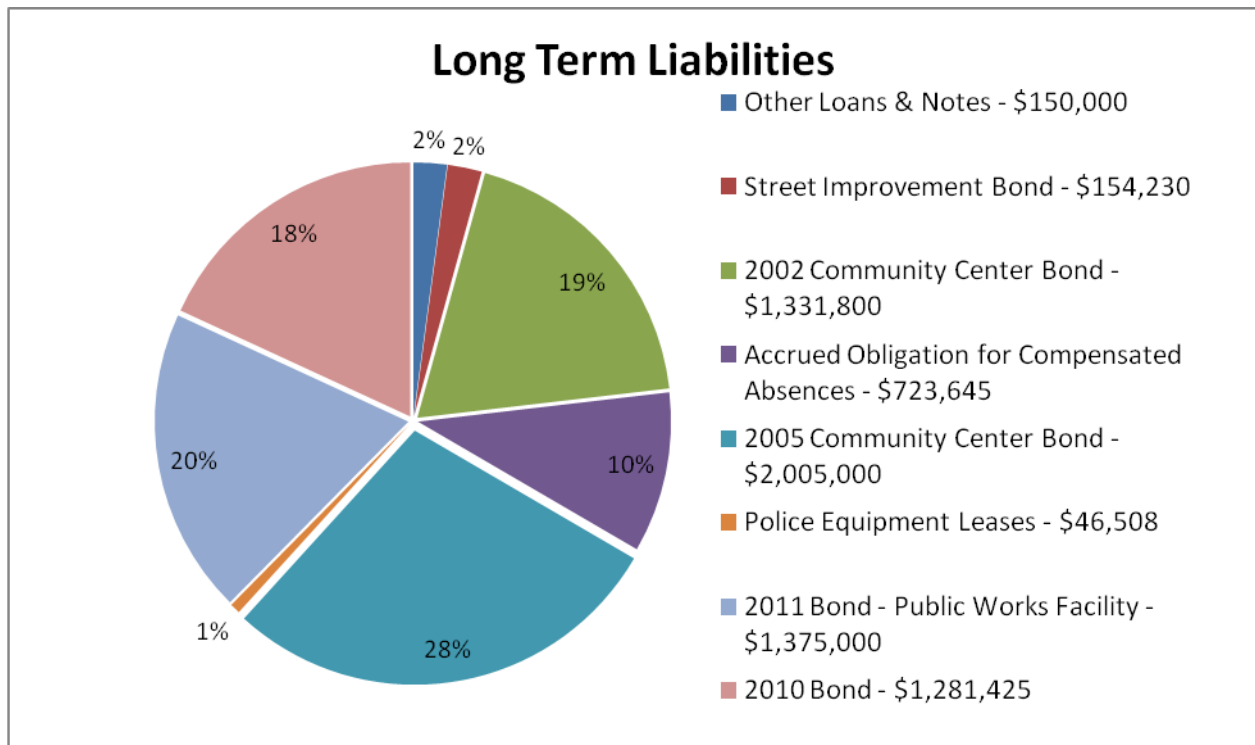

At year-end, the City had \$7,067,608 in outstanding debt, an increase of \$627,933 or about ten percent from the prior year. The outstanding debt is comprised of long-term notes and bonds, capital leases, and accrued obligations for compensated absences. The increase in outstanding debt was primarily due to the issuance of general obligation bonds totaling \$1.5 million to finance the renovation of the Public Works Facility. Compensated absences increased \$37,201. These increases were offset by principal payments on existing debt of \$909,268.

Further information on the City's outstanding debt is shown in the following table. Information for the prior fiscal year is shown for comparative purposes.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND TAX RATES

The following are some highlights of the adopted budget for the fiscal year beginning July 1, 2011:

- The tax rate for real property remains at \$0.58 per \$100 of the assessed valuation.
- Projected increase of approximately \$395,000 in revenues from real property taxes due to the rise in the City's real property taxable base.
- Purchase of replacement police vehicles at a cost of \$171,000.
- Anticipated revenue of \$1.6 million from the Speed Camera Program with estimated expenditures of \$2.28 million. Speed Camera Fund expenditures include operating expenditures (e.g., payments to the program contractor and program staff costs), the design and installation of new sidewalks, the retrofit of existing sidewalks for compliance with the Americans with Disabilities Act, the purchase of police equipment, and personnel costs for a traffic officer and a gang task force officer. Excess expenditures will be paid from the accumulated net revenues from prior fiscal years.
- An adjustment in staff salaries to maintain the City's market competitiveness, an estimated 7.5 percent escalation in employee health insurance costs, and an increase in the City's contribution costs for its two retirement plans.
- Anticipated use of \$1,539,234 of the General Fund fund balance to cover expenditures in excess of anticipated revenues, primarily for the early redemption of the 2002 Community Center bond issue estimated to cost \$1.24 million and a portion of the Equipment Replacement Reserve contribution of \$700,000.
- Completion of the Public Works Facility Renovation, which will add numerous "green" features to the Facility.
- Continued focus on existing services rather than undertaking new services due to uncertain national economic conditions and the ongoing budget challenges of the State of Maryland and Montgomery County, negatively impacting the City's budget and overall financial condition.
- Impact of lower interest rates and the continued volatility of the stock market on both the City's Police Retirement Plan and the Maryland State Retirement and Pension System, possibly resulting in increases in the City's future contribution rates for both retirement plans.

**CITY OF TAKOMA PARK, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

- Anticipated expenditures of \$1.57 million for sidewalk and street improvements, funded with \$1.0 million from the Speed Camera Fund and \$568,193 from the General Fund.
- Increased funding for environmental initiatives, including the hiring of a sustainability coordinator on a contractual basis.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide residents, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the monies it receives. If you have any questions about this report or need additional information, please contact the City of Takoma Park Finance Department, 7500 Maple Avenue, Takoma Park, Maryland 20912.

CITY OF TAKOMA PARK, MARYLAND
RECONCILIATION OF THE BALANCE SHEET OF THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS
June 30, 2011

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS	\$ 12,229,083
<p>Amounts reported for governmental activities in the statement of net assets are different because:</p>	
<p>Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of these assets is \$43,475,693 and the accumulated depreciation is \$17,589,342.</p>	25,886,351
<p>Certain long-term liabilities (\$7,067,608) are not due and payable in the current period and therefore are not reported as liabilities in the funds. This is comprised of \$7,067,608 in long-term liabilities less \$0 in short-term liabilities pertaining to accrued compensated absences for terminated employees, which is also reported in the fund financial statements under the modified accrual basis of accounting.</p>	(7,067,608)
<p>Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.</p>	(26,079)
<p>Net pension benefit is recognized as an asset on the Statement of Net Assets but not in the fund financial statements.</p>	4,255
<p>Certain receivables are offset by deferred revenue in the governmental funds since they are not available to pay for current-period expenditures. This is the amount of deferred revenue related to these receivables.</p>	<u>609,829</u>
TOTAL NET ASSETS - GOVERNMENTAL ACTIVITIES	<u><u>\$ 31,635,831</u></u>

the accompanying summary of significant accounting policies
and notes to financial statements.

CITY OF TAKOMA PARK, MARYLAND
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES FUND BALANCES OF THE GOVERNMENT FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2011

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS	\$	749,487
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay \$3,306,684 exceeds depreciation expense \$(1,488,440) in the period.</p>		1,818,244
<p>In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for compensated absences are measured by the amount of financial resources used (essentially, the amounts actually paid or expected to be paid within one year). This year, leave earned exceeded vacation used by \$37,201.</p>		(37,201)
<p>Long-term debt repayments are an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount of long-term debt repayments for fiscal year 2011.</p>		909,268
<p>Proceeds from new debt is considered an other financing source in the governmental funds, but is recorded as an increase in long-term debt in the statement of activities. This is the amount of the proceeds of new debt.</p>		(1,500,000)
<p>Interest expense in the statement of activities differs from the amount reported in governmental funds due to the net decrease in accrued interest.</p>		(24,830)
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets.</p>		(51,267)
<p>The net effect of various transactions involving revenues and expenses is to decrease net assets.</p>		(20,837)
<p>Under the modified accrual basis of accounting, revenues are not recognized unless they are deemed "available" to finance current expenditures. Accrual-basis recognition is not limited by availability, so certain revenues need to be reduced by the amounts that were unavailable at the beginning of the year and increased by the amounts that were unavailable at the end of the year. This adjustment records a net increase in "unavailable" revenues at the end of the year over the amount at the beginning of the year.</p>		55,501
CHANGE IN NET ASSETS OF GOVERNMENTAL FUNDS	\$	1,898,365

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

The accounting policies of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to local governments. A summary of significant accounting policies followed by the City are presented below.

REPORTING ENTITY

The City of Takoma Park, Maryland (the City) was incorporated in 1890 with its legal authority derived from Chapter 310, Section 2 of the Annotated Code of Maryland. The City is construed to mean both the City and its inhabitants. Since inception, the City has operated under the Council-Manager form of government. Services provided include refuse, streets and drainage, recreation and parks, police, planning, community development, and housing services.

For financial reporting purposes, in conformance with accounting principles generally accepted in the United States of America, the reporting entity includes the City Council, the primary government, and the following fiduciary funds:

- City of Takoma Park Police Employees' Retirement Plan (Pension Trust)
- City of Takoma Park Employees 401(a) Plan (Defined Contribution Plan)

The City has no component units as defined by generally accepted accounting principles.

Additional information and actuarial reports for the pension plan and additional plan information for the 401(a) plan may be obtained from the City Clerk's office, 7500 Maple Avenue, Takoma Park, Maryland 20912.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Assets and the Statement of Changes in Net Assets report information on all of the non-fiduciary activities of the City. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are that interfund services provided and used are not eliminated in the process of consolidation. Governmental activities are those which are supported by taxes and intergovernmental revenues, whereas business-type activities are those supported through customer service charges. The City does not have any business-type activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities. Direct expenses are those specifically associated with a program or function. Program revenues include charges for services and grants and contributions restricted to the capital or operational requirements of specific programs or functions. Revenues that are not classified as program revenues, such as taxes, are reported as general revenues.

Separate financial statements are shown for governmental funds and fiduciary funds, even though fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting is determined by its measurement focus. Government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Property taxes are recognized in the year of levy and grants are recognized when all eligibility requirements are met. For pension trust funds, employee and employer contributions are recognized as revenues in the period in which employee services are performed.

Governmental fund statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). Measurable means the amount of the transaction that can be determined and available means collected within 60 days of the year-end. Expenditures are recorded when the related liability is incurred as in the accrual basis of accounting. However, principal and interest on long-term debt and expenditures for compensated absences are recorded when the payments are due.

Those revenues susceptible to accrual are property taxes, taxes collected by the state and county on behalf of the City, franchise taxes, revenues from other agencies, interest revenue and charges for services. Fines and forfeitures, licenses, permits, penalties and interest (on property taxes) and other revenues become measurable and available when cash is received by the City and are recognized as revenue at that time.

The City has two major governmental funds: General and Speed Camera Fund. The General Fund accounts for the normal recurring activities of the City such as police, public works, recreation and parks, general government, etc. These activities are financed primarily by property taxes, other taxes, service charges and grants from other governmental units. The Speed Camera Fund accounts for the financial activity related to the City's speed enforcement cameras. There are four non-major governmental funds: the Stormwater Management, the Rehabilitation Loans and Grants, the Community Center, and the Special Revenue Fund. The Stormwater Management Fund was established to track the financial activity related to construction of the City's stormwater management facilities. The Rehabilitation Loans and Grants Fund accounts for the financial activity related to the City's rehabilitation loans and grants. The Community Center Fund accounts for the financial activity related to the construction of the City's Community Center. The Special Revenue Fund was established to account for the financial activity of proceeds of special revenue sources that are legally restricted to expenditure for specific purposes. During fiscal year 2011, most Special Revenue Fund revenues came from cable companies for upgrading cable equipment. The Fiduciary Fund accounts for the financial activity of the City's Police Employees' Retirement Plan and the City's defined contribution pension plan.

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months at the time of purchase. Cash deposits of the City are made in accordance with the Annotated Code of Maryland (the Code), which requires depositories to give security in the form of collateral as provided for in the Code, for the safekeeping of these deposits.

Excess funds are also permitted to be invested either in bonds or other obligations for the payment of principal and interest of which the full faith and credit of the United States of America are pledged, obligations of federal government agencies issued pursuant to acts of Congress, or in the local government investment pool created by the State of Maryland. The pension Trust Funds are also authorized to invest in corporate bonds and notes, preferred stocks, and common stocks. Investments are reported at fair value. Assets in the Pension Trust Funds are also reported at fair value.

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

ASSETS, LIABILITIES AND NET ASSETS OR EQUITY (CONTINUED)

Receivables and Payables

Property taxes are reported at their estimated collectible value. The following summarizes the property tax calendar:

	<u>Real Property</u>	<u>Personal and Corporate</u>
Assessment roll validated:	Dec. 31	Jan. 1
Tax rate ordinance approved:	June 30	June 30
Beginning of fiscal year for which taxes have been levied:	July 1	July 1
Tax bills rendered and due:	July 1	On County bill
Owner-occupied residential:	July 1 and Jan. 1	July 1 and Jan. 1
Property taxes payable:		
Delinquent	Oct. 1, Jan. 1	After 30 days
Terms	60 days	30 days
Delinquent interest, per month	2/3 of 1%	2/3 of 1%

Information presented is for a “full year” levy. “Half year” levy dates are each six months later, and relate to new construction in the first six months of the calendar year. A lien is attached to property on the billing date and sold at tax sale by the end of 18 months.

Allowances for uncollectible accounts are maintained on all types of receivables that historically experience bad debt. Receivables are shown net of such an allowance for uncollectibles. Real property taxes are generally fully collectible.

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

ASSETS, LIABILITIES AND NET ASSETS OR EQUITY (CONTINUED)

Capital Assets

Capital assets, which include property, plant and equipment and infrastructure such as roads, storm drains and pipe systems, are reported in the governmental fund in the government-wide financial statements. In accordance with GASB 34, the City has included infrastructure. The City defines capital assets as those which have an individual acquisition cost or donated value of at least \$5,000 (except for infrastructure which is \$100,000) and an estimated useful life of three years or more. Such assets are valued at historical or estimated historical cost if actual cost is not available. Donated assets are stated at their donated value at the date of donation. The cost of normal maintenance and repairs that do not add value or extend asset lives are not capitalized.

In accordance with GASB 51 intangible assets are capitalized at historical cost or fair market value, if donated. Capitalization thresholds are \$500,000 for internally generated computer software, \$250,000 for other computer software and \$100,000 for land use rights and other intangible assets such as patents, trademarks, and copyrights.

Expenditures for major assets and improvements are capitalized as the assets are acquired or constructed. Interest on debt during the construction period is capitalized. Exhaustible capital assets are depreciated, which is charged as an expense against their operations. Land is not an exhaustible asset and is a non-depreciable asset. Accumulated depreciation is reported in the Statement of Net Assets. Depreciation has been provided over the estimated useful lives using the straight-line method. Intangible assets are amortized over their useful lives using the straight line method if they do not have indefinite useful lives. Estimated useful lives are as follows

Buildings	20 - 40 years
Improvements other than buildings	25 - 50 years
Equipment	4 - 10 years
Infrastructure	25 - 50 years

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Assets. In the governmental fund financial statements, the face amount of newly issued debt is reported as other financing sources and the amount of principal repayment is reported as an expenditure.

Compensated Absences

Vested vacation is accrued when earned by employees and a liability is recorded in the government-wide financial statements. No liability is recorded for nonvesting accumulated rights to receive sick pay benefits, as the City does not pay these amounts when employees separate from service.

The City pays outstanding vacation leave at separation. The accrual is included as “non-current liabilities” in the government-wide statements is \$723,645.

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

ASSETS, LIABILITIES AND NET ASSETS OR EQUITY (CONTINUED)

Net Assets/Fund Equity

The government-wide financial statements utilize a net asset presentation. Net assets are categorized as invested in capital assets (net of related debt), restricted and unrestricted.

- *Invested in capital assets, net of related debt* - This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributed to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- *Restricted net assets* - This category presents external restrictions imposed by creditors, grantors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted net assets* - This category presents the net assets of the City not included elsewhere.

Governmental Fund Balances

On July 1, 2010, the City adopted GASB 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which significantly changed the reporting of fund balance in the balance sheets of governmental type funds.

In the governmental fund financial statements, fund balances are classified as follows:

1. Non-Spendable Fund Balance – amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.
2. Restricted Fund Balance – amounts that can be spent only for specific purposes because of restrictions imposed externally by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by the City Charter, City Code or enabling legislation.
3. Committed Fund Balance – amounts that can be used only for specific purposes determined by a formal action by City Council, the City’s highest level of decision-making authority, ordinance or resolution and can only be changed by a formal action by City Council, ordinance or resolution.

CITY OF TAKOMA PARK, MARYLAND
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2011

ASSETS, LIABILITIES AND NET ASSETS OR EQUITY (CONTINUED)

4. Assigned Fund Balance – amounts that are constrained by the City’s intent that they will be used for specific purposes but are neither restricted nor committed. Pursuant to the City Charter, the City Manager and the City Council are authorized to assign amounts for specific purposes.
5. Unassigned Fund Balance – all amounts not included in other spendable classifications.

The City considers restricted fund balances to be spent for governmental expenditures first when both restricted and unrestricted resources are available. The City also considers committed fund balances to be spent first when other unrestricted fund balance classifications are available for use.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 1 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to July 1, the budget is legally enacted through passage of an ordinance.
2. The budget ordinance becomes effective July 1 and provides spending authority for the operations of the City government.
3. In compliance with the City Charter, a general expenditure contingency (equal to at least 0.5% of total budgeted revenue for the general fund) is budgeted. The account is maintained to meet extraordinary or unanticipated expenditures as directed by the Council.
4. The City Manager may reallocate expenditures within the budget adopted by the Council, subject to such restrictions as the Council shall impose by ordinance. Subsequent to passage of the budget ordinance, the City Council must approve additional expenditures.
5. At the end of the fiscal year, unencumbered appropriations lapse.
6. The annual budgets for the General, Stormwater Management, Community Center, Speed Camera Fund, and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles. Budgetary control is maintained at the fund level. An annual budget is not adopted for the Rehabilitation Loans and Grants Fund.
7. The budget information presented in the accompanying basic financial statements includes all budget ordinances and amendments as approved by the City Council for the fiscal year ending June 30, 2011.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 2 – CASH AND INVESTMENTS

A. Cash on Hand

At year-end, cash on hand for petty cash and change funds was \$1,376.

B. Deposits

At year-end, the carrying amount of the City of Takoma Park (the City) deposits was \$2,521,910 and the corresponding bank balances were \$2,514,887. Of the bank balance, \$250,000 was covered by Federal Depository Insurance and \$2,264,887 was covered by collateral held in the pledging bank's trust department in the City's name. The City was not exposed to custodial credit risk as of June 30, 2011. The City has a contractual arrangement with the bank for funds to be transferred daily from investment in a repurchase agreement to cover checks as presented.

C. Investments

At June 30, 2011, the City's investment balances by type were as follows:

	<u>Credit Rating</u>	<u>Fair Value</u>	<u>Investment Maturities (in Year)</u>		
			<u>Less than 1</u>	<u>1-5</u>	<u>More than 5</u>

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

Investment interest rate risk

Fair value fluctuates with interest rates, and increasing interest rates could cause fair value to decline below original cost. To limit the City's exposure to fair value losses arising from increasing interest rates, the City's investment policy limits the term of investment maturities except in the fiduciary funds, for which longer term maturities are allowed to match the cash flow of liabilities. The City's management believes the liquidity in the portfolio is adequate to meet cash flow requirements and to preclude the City from having to sell investments below original cost for that purpose. The investments at June 30, 2011 met the City's investment policy as of that date.

Investment income includes the following for the year ended June 30, 2011:

Total net investment income per Statement of Activities \$ 46,947

Net investment income per the Statement of Activities of \$46,947 is comprised of dividends and interest.

The net investment income per the *Statement of Changes in Fiduciary Net Assets* is comprised of the following:

Dividends and Interest	\$ 124,580
Realized gain	84,883
Unrealized gain	<u>965,786</u>
	<u><u>\$ 1,175,249</u></u>

The calculation of realized gains and losses is independent of the calculation of the change in the fair value of investments, and realized gains and losses of the current period include unrealized amounts from prior periods.

Credit Risk

The City invests in the Maryland Local Government Investment Pool (MLGIP) which is under the administration of the State Treasurer. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland. The MLGIP seeks to maintain a constant value of \$1.00 per unit. Unit value is computed using the amortized cost method. In addition, the net asset value of the pool, marked to market, is calculated and maintained on a weekly basis to ensure a \$1.00 per unit constant value. The City's policy is to attain a rate of return consistent with credit risk. All investments in U.S. Government Agencies Bonds are rated AAA by Standard & Poor's as of June 30, 2011. On August 5, 2011, Standard & Poor's revised its rating to AA+. The MLGIP is rated AAAM by Standard & Poor's. The repurchase agreements are guaranteed by financial institutions that are rated AAA by Standard & Poor's. The City places no limit on the amount the City may invest in any one issuer. The Fiduciary Funds investments have an investment policy that is designed to provide benefits as anticipated through a carefully planned and executed investment program that achieves a reasonable long term total return consistent with the level of risk assumed.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the City will not be able to recover all or a portion of the value of its investments or collateral securities

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

that are in the possession of an outside party. The City's investments were \$4,693,305 in repurchase agreements, \$3,832,177 in MLGIP, \$3,953,627 in direct securities and \$2,000,272 in certificates of deposit and \$295,756 in money market funds. At June 30, 2011, all of the City's investments were insured or registered, or for which the securities were held by the City or its agent in the City's name or were invested in the MLGIP.

NOTE 3 – PROPERTY TAXES

Real and personal property taxes are levied at rates enacted by the City Council in the annual budget ordinance on the assessed value of the property as determined by the Maryland State Department of Assessments and Taxation. The rates of levy cannot exceed the constant yield tax rate furnished by the Maryland State Department of Assessments and Taxation without public notice and only after public hearings.

The real and personal property tax rate for fiscal year 2011 was \$0.580 per \$100 and \$1.450 per \$100, respectively, of assessed value. The City charges taxpayers interest (at the rate of 2/3 of 1% per month) and penalties (at the rate of 1% per month) on all overdue taxes.

Property tax revenues are recognized in the year levied and when they become available, including amounts expected to be collected soon enough after the end of the year to be used to pay liabilities of the current period (estimated by the City as 60 days). At June 30, 2011, taxes receivable, net of an allowance for uncollectibles of \$63,977, amounted to \$211,794.

NOTE 4 – NOTES RECEIVABLES, NET

Notes receivable of \$52,571 are comprised of \$42,500 and \$10,071 recorded in Special Revenue Fund and the Rehabilitation Fund, respectively. Notes receivable recorded in the Rehabilitation Loans and Grants Fund consist mainly of below market interest rate loans made to City homeowners of low and moderate income through the rehabilitation loan and grant program, for the purpose of conforming their homes to locally adopted codes and fund balance is nonspendable for general purposes, and may only be used for loans serving the same purpose. At June 30, 2011, notes receivable – Rehabilitation Fund, net of allowances for uncollectibles of \$2,233, amounted to \$10,071.

The notes receivable in the amount of \$42,500, net of allowance for uncollectible of \$0, recorded in the Special Revenue Fund as a note receivable and deferred revenue consists of an unsecured loan to a nonprofit organization for repaving and other improvements along Maple Avenue. Repayment terms call for 0% interest rate and monthly payments of \$417 beginning in January, 2010 with full payment no later than December, 2019. If the organization defaults on the loan the interest rate may be increased to 6%.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 5 – DEFERRED/UNEARNED REVENUES

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and Governmental Activities also defer revenue recognition in connection with resources that have been received, but not earned. At the end of the fiscal year, the deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>	<u>Total</u>
Income taxes, General Fund	\$ 477,440	\$ -	\$ 477,440
Property taxes receivable, General Fund	65,532	-	65,532
Charges for services, General Fund	8,814	-	8,814
Fees, General Fund	-	73,418	73,418
Stormwater receivable	15,543	-	15,543
General Fund	-	52,078	52,078
Grant funds received in excess of expenditures			
Special Revenue Fund	42,500	7,429	49,929
	<u>\$ 609,829</u>	<u>\$ 132,925</u>	<u>\$ 742,754</u>

NOTE 6 – INTERFUND RECEIVABLES, PAYABLE AND TRANSFERS

The General Fund periodically advances funds to the Special Revenue Fund and the Community Center Fund to cover operating cash deficits. In addition, transfers are used to move unrestricted General Fund revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

During the year ended June 30, 2011, net transfers in the General Fund were \$7,502 comprised of transfers to the Special Revenue Fund in the amount of \$249 to provide the required matching funds for grants and \$7,253 was transferred from the General Fund to the Community Center Fund.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 11 – RETIREMENT PLANS

A. Description of Plans

The State of Maryland identifies multiple-employer defined benefit pension plans as cost-sharing plans.

On October 1, 1941, the Employees' Retirement System of the State of Maryland was established to provide retirement allowances and other benefits to State employees, elected and appointed officials and the employees of participating governmental units. Effective January 1, 1980, the Employees' Retirement System was essentially closed to new members and the Employees' Pension System was established.

The Employees Pension System of the State of Maryland (Pension System) was established January 1, 1980. The Pension System covers employees hired after December 31, 1979, as well as Retirement System participants who have voluntarily joined the Pension System. The Employees Contributory Pension System of the State of Maryland (Contributory Pension System) was established July 1, 1998. As of July 1, 1999, and retroactively to July 1, 1998, the City elected to participate in the Contributory Pension System for all service earned on or after July 1, 1998.

Under the terms of the Retirement System, a member may retire with full benefits upon attaining age 60 or after completing 30 years of eligible service regardless of age. A member may retire with reduced benefits prior to attaining age 60 after completing 25 years of eligible service. A member terminating employment before attaining retirement age, but after completing five years of eligible service, becomes eligible for a vested retirement allowance upon age 60.

Under the terms of the Contributory Pension System, a member may retire after 30 years of service regardless of age; at age 65 with two years of service; at age 64 with three years of service; at age 63 with four years of service; or at age 62 with at least five years of service. An employee may also take early retirement with reduced benefits at age 55 with 15 years of service. A member terminating employment before attaining retirement age, but after completing five years of eligible service, becomes eligible for a vested pension allowance upon reaching age 62.

On retirement from service, a member of any of these plans shall receive an annual service retirement allowance based on the member's average final compensation and years of creditable service multiplied by a factor. This factor varies from 1.2% to 2.0% per eligible service year, depending on employee/employer contributions and other plan-specific provisions. Early retirement, where available, is subject to provisions that reduce the benefit received.

NOTE 11 – RETIREMENT PLANS (CONTINUED)

A. Description of Plans (Continued)

Benefits under the two plans are established under the State Personnel and Pensions Article of the Annotated Code of Maryland.

The State Retirement and Pension System of Maryland issues a comprehensive annual financial report that includes disclosures regarding: actuarial value of assets; total actuarial accrued liability; unfunded actuarial accrued liability, if any; and funded liability ratio. This report can be obtained from the agency’s office as follows:

State Retirement and Pension System of Maryland
 120 E. Baltimore Street, Suite 1601
 Baltimore, Maryland 21202-1600

Funding Policy

Obligations to contribute to the plans are under the Annotated Code of Maryland. Members of the three plans contribute a percentage of their gross employee compensation. For the Retirement System and Contributory Pension System, members contribute 7 percent, 5 percent or 2 percent. Contribution rate to the Contributory Pension System was 5 percent for fiscal year 2011 and will be 7 percent for each fiscal year thereafter.

Required contributions under the plans are not funded by employee contributions but are funded entirely by the City. Contributions by the City to all three State plans take place during the fiscal year and are based upon salaries for the preceding fiscal year. The City contributions for the year ending June 30, 2011 are based on salaries for the year ending June 30, 2010. The contribution requirements of plan members of the reporting entity are established and may be amended by the Maryland State Pension System Board of Trustees. The required and actual contributions for the fiscal years ending June 30th were as follows:

	Fiscal Year Ending June 30		
	2011	2010	2009
Retirement plan contributions	\$581,285	\$445,941	\$417,281

B. City of Takoma Park Police Employees’ Retirement Plan

General

This Retirement Plan is a single-employer contributory defined benefit pension plan established by City ordinance. The plan is governed by the City of Takoma Park which is responsible for the management of plan assets. The City has delegated the authority to manage plan assets to PNC Institutional Investments.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 11 – RETIREMENT COMMITMENTS (CONTINUED)

B. City of Takoma Park Police Employees’ Retirement Plan (Continued)

Basis of Accounting

The Plan’s financial statements are prepared using the accrual basis of accounting. Employer and plan member contributions are recognized in the period that contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated values.

Plan Membership

As of July 1, 2011, the pension plan’s membership consisted of:

Active employees	41
Retirees and beneficiaries currently receiving benefits	16
Terminated employees entitled to benefits but not yet receiving them	2
Total	59

Contribution Information and Funding Policy

The Plan covers sworn police officers who are employed on a regular full-time basis. Provisions of the Plan include retirement, disability and death benefits to plan members and their beneficiaries. Cost of living adjustments are provided annually as prescribed by the City Code.

Contributions to the Plan made by the City are based on an actuarially determined rate. The police officers contribute to the Plan based on 7% of salaries. Member’s actual contributions were \$186,472 at June 30, 2011. Administrative costs are financed through investment earnings.

The actuarially required contributions for the years ended June 30, 2011, 2010 and 2009 were \$930,263, \$835,105, and \$703,661, respectively. The amounts paid into the Plan for each of the years ended June 30, 2011, 2010 and 2009 were equal to the actuarially required contributions.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 11 – RETIREMENT COMMITMENTS (CONTINUED)

B. City of Takoma Park Police Employees’ Retirement Plan (Continued)

Annual Pension Cost and Net Pension Benefit

The City’s annual pension cost and net pension obligation for the current year were as follows:

Annual required contribution	\$	930,263
Interest on NPO		(315)
Annual pension cost		929,948
Contributions made		(930,263)
Increase in net pension benefit		315
Net pension benefit, beginning of year		3,940
 Net pension benefit, end of year	 \$	 4,255

The annual pension cost for 2011, 2010, and 2009, was \$930,263, \$835,105, and \$706,715, respectively. The contributions made as a percentage of the annual pension cost for 2011, 2010 and 2009 were 100%, 100%, and 106%, respectively. The annual required contribution for the current year was determined as part of the actuarial valuation on July 1, 2011 using the projected unit credit method. The actuarial assumptions included (a) 8.0% investment rate of return (net of administrative expenses) and (b) projected salary increases at 5.5% compounded annually per year. Both (a) and (b) included an inflation component of 3.0%. The actuarial value of assets was determined using the market value method. The unfunded actuarial accrued liability is being amortized as a level dollar of projected payroll on an open basis. The remaining amortization period at June 30, 2001 was 20 years, which is reestablished each year.

Significant actuarial assumptions used to compute contribution requirements are the same as those used to compute the accrued actuarial liability.

Actuarial valuation date:		June 30, 2011
Actuarial value of assets:	\$	6,795,093
Actuarial accrued liability (AAL):		\$ 16,397,138
Total unfunded actuarial accrued liability:	\$	9,602,045
Actuarial value of assets as a percentage of the AAL (funded ratio):		41.4%
Annual covered payroll:	\$	2,774,501
Ratio of unfunded actuarial liability to annual covered payroll:		346%

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 11 – RETIREMENT COMMITMENTS (CONTINUED)

C. 457 Deferred Compensation Plan

All employees of the City Government may participate in the deferred compensation plan organized under the Internal Revenue Code Section 457, and administered by the International City Management Association Retirement Corporation (“ICMA-RC”). Under the terms of the plan, participating employees may have a portion of their salaries withheld, subject to limitations imposed by the Internal Revenue Service, and invested in the plan. All taxes are deferred on these contributions and related earnings until the participant terminates from the plan. The City is in compliance with the Internal Revenue Code Section 457(g) requiring all assets and income of the plan to be held in trust for the exclusive benefit of participants and their beneficiaries. Management’s involvement with the plan is limited to transferring amounts withheld from payroll to the Plan Administrator. Management has little administrative involvement with the plan and does not perform the investing function for the plan. Accordingly, the fair values of the plan assets are not reflected in the City’s financial statements.

D. Defined Contribution

The City of Takoma Park Governmental Money Purchase Plan & Trust is a defined contribution pension plan established to provide benefits to certain employees. At June 30, 2011, there was one active plan participant and one inactive participant. The City is required to contribute 10.83% of the active participant’s monthly compensation, which averages \$1,249 per month. Plan provisions and contribution requirements are established and may be amended by the City Council. The City’s contribution to the plan for the year ended June 30, 2011 was \$13,831. The plan administrator is ICMA-RC.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 12 – RISKS AND UNCERTAINTIES

The Police Employees' Retirement Plan and the Defined Contribution Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 13 – COMMITMENTS AND CONTINGENT LIABILITIES

The City participates in certain federally-assisted grant programs, principally Community Development Block Grants. These programs are subject to financial and compliance audits by the grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial which has been the case in previous program audits.

NOTE 14 – POST RETIREMENT BENEFITS

The City does not provide and has no liability for post-retirement benefits at June 30, 2011.

NOTE 15 – RISK MANAGEMENT

The City's risk financing techniques include participation in a public entity pool and the purchase of commercial insurance.

For property, general, excess and environmental liability coverage, the City is a member of the Maryland Local Government Insurance Trust (LGIT). This trust is a public entity risk pool which is owned and directed by the local governments that subscribe to its coverages and operates under the terms of a Trust Agreement.

The City pays LGIT an annual premium. Claims are processed and recoveries and administrative costs are paid by LGIT. Similar to a commercial insurance carrier, recoveries are subject to deductibles and to annual aggregate/per occurrence dollar limits. No insurance settlement has exceeded the coverage in any of the past three fiscal years.

The City is fully insured for worker's compensation through the Insured Workers Insurance Fund. Employees are bonded through commercial insurance carriers to limit the loss to the City in the event of employees committing acts of embezzlement or theft.

CITY OF TAKOMA PARK, MARYLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

NOTE 16 – NEW ACCOUNTING PRONOUNCEMENTS

The GASB has issued the following statements:

Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, issued in December 2009, effective for financial statements for periods beginning after June 15, 2011.

Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, issued November 2010, effective for financial statements for periods beginning after December 15, 2011.

Statement No. 61, *The Financial Reporting Entity: Omnibus*, issued November 2010, effective for financial statements for periods beginning after June 15, 2012.

Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, issued December 2010, effective for financial statements for periods beginning after December 15, 2011.

Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, issued June 2011, effective for financial statements for periods beginning after December 15, 2011.

Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provision – an amendment of GASB Statement No. 53*, issued June 2011, effective for financial statements for periods beginning after June 15, 2011.

The City will implement these statements as necessary as of their effective dates. While the City is still in the process of determining the effect of implementing these GASB statements, they are not expected to have a material effect on the financial position of the City.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's economic condition.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial position and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant own-source revenues.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability for additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement No. 34 in Fiscal Year 2003. The schedules presenting government-wide information include information beginning in that year.

Year Ended June 30, 2011**

Fiscal year 2011 real property assessed value	<u>\$ 1,868,831,518</u>
Debt limit - 100% of assessed value	1,868,831,518
Amount of debt applicable to debt limit - legal debt margin	<u>6,343,963</u>
Legal debt margin	<u>\$ 1,862,487,555</u>

SECTION 823 - AUTHORIZATION TO BORROW MONEY

(a) The Council of Takoma Park shall have the power to borrow money for any proper purpose and to evidence such borrowing by the issue and sale of its general obligation bonds, notes, or other certificates of indebtedness in the manner prescribed in Section 31 to 37 inclusive, of Article 23A of the Annotated Code of Maryland (1998 edition, as amended), title "Municipal Corporations," sub-title "Creation of Municipal Public Debt." Notwithstanding the provisions of this subsection, the Council may authorize a private negotiated sale of bonds upon a finding by the Council that such private negotiated sale is in the best interests of the City of Takoma Park.

(b) Any proposed new indebtedness that is greater than five percent (5%) of the revenue budgeted for that year shall be subject to a public hearing and the Council shall not take final action on the proposed indebtedness less than fourteen (14) days following the hearing.

SECTION 824 - PAYMENT OF INDEBTEDNESS

The power and obligation of the City to pay any and all bonds, notes, or other evidences of indebtedness issued by it shall be unlimited and the City shall levy ad valorem taxes on all the taxable property in the City for payment of such bonds, notes, or other evidences of indebtedness and interest thereon. The faith and credit of the City is pledged for the payment of the principal and interest on all bonds, notes or other evidences of indebtedness issued under the authority of this Charter, whether or not such pledge be stated in the bonds, notes or other evidences of indebtedness, or in the ordinance authorizing their issuance.

CITY OF TAKOMA PARK, MARYLAND
COMPUTATION OF DIRECT AND OVERLAPPING DEBT ⁽²⁾
June 30, 2011

	<u>Net Debt Outstanding</u>	<u>Percentage Applicable to this Governmental Unit</u>	<u>Share of Debt</u>
Direct debt –			
City of Takoma Park	\$ 6,343,963	100%	\$ 6,343,963
Direct debt sub-total	<u>6,343,963</u>		<u>6,343,963</u>
Overlapping debt -			
Montgomery County	2,838,506,502	1% ⁽¹⁾	28,385,065
Maryland-National Capital Park and Planning Commission			
Montgomery County	<u>29,223,294</u>	1% ⁽¹⁾	<u>292,233</u>
Overlapping debt sub-total	<u>2,867,729,796</u>		<u>28,677,298</u>
Total direct and overlapping debt	<u>\$ 2,874,073,759</u>		<u>\$ 35,021,261</u>

- (1) Rate of assessed value in the City to total assessed value in Montgomery County.
- (2) The overlapping debt is not a debt of the City of Takoma Park, Maryland on either a direct or contingent basis, but represents the share of debt of overlapping governmental entities which the residents of the City of Takoma Park, Maryland are obligated to pay through direct tax levies of these governmental entities.
