A REVIEW OF NEWS AND EVENTS

OCTOBER 2011  
Issue #46

## WELCOME BACK TO TANEYTOWN

I'll bet you never thought that the Streetscape project would end? We are at the end of the home stretch and by the time you read this you will see the light at the end of the tunnel. The Taneytown Main Street Promotion Committee has decided to invite you downtown to see our new streetlamps, walk our new sidewalks, as well as visit our shops and enjoy foods from various vendors.

We, of course, have the Pumpkin People, who will arrive back in town in October. The following are events that the Main Street Promotion Committee and their volunteers will host:

**OCTOBER 1-31ST - PUMPKIN PEOPLE ON DISPLAY**

**OCTOBER 22 - HARVEST FEST**

**DECEMBER 3, 2011 - ANNUAL CHRISTMAS TREE LIGHTING - POLICE STATION**

### WATER AND SEWER RATES INCREASE

Effective with the quarterly billing period beginning July 1, 2011, water and sewer rates will increase. The new rate will be reflected on the bill for the quarter ending September 30, 2011. The new water rate will be \$4.52 per 1,000 gal-

lons and the sewer rate will be \$7.02 per 1,000. gallons. The rate increase is based on the adopted resolution passed in 2009 to fund low interest rate loans secured to pay for needed public water and sewer improvement projects. Questions regarding the increase can be directed to the City Clerk's Office at 410-751-1100.

### WATER/SEWER BILLS

Water/sewer bills will be issued October 1st with a due date of October 31st. Any bill not paid by the 31st will be assessed a 10% late penalty and will be due November 15th by 3:00 PM. If water service is interrupted for non-payment, there will be an additional fee of \$50 to reconnect water service.

## UTILITY PAINT MARKINGS:

The law requires contractors and property owners to call Miss Utility (800-257-7777) before excavating, trenching, or digging underground. Should you see paint markings on your property, sidewalk, or street, please be aware each color identifies an underground utility; such as: red for electric, orange for cable and communications, blue for water, green for sewers and drains, and white for proposed excavation. The City of Taneytown is responsible for locating water, sewer, and City owned storm drains and streetlights. Examples of when to contact Miss Utility: When installing mailboxes, fences, or flagpoles; installing or replacing a driveway or sidewalk; and planting of shrubs and trees. This law protects the utilities and more importantly the safety of the individuals performing the work. Should you cause damage to any utility and failed to call Miss Utility, you will be responsible for repair cost, and you may be fined as well. Please be reminded that property owners are not notified prior to utility locating and marking of their property. The paint will fade away over time.

## MAYORS MESSAGE

*Autumn is a second spring when every leaf is a flower.*  
Albert Camus

Happy Autumn to everyone! I can't believe I am saying that. It seems as though summer has just begun, but alas, the Pumpkin People have been spotted, and that could mean only one thing, fall is upon us. Well enough of that. What the really good news is, that the next time I write you StreetScape will be finished!! It's hard to believe I know but it's been three long years, but we're finally coming to the end of the (road) project. The final touches may take into spring, but the construction crews and the flag people will be history! Council at the September Meeting approved a plan brought forth by our Economic Restructuring committee and our downtown marketing consultant that is designed to attract business to our newly renovated main streets. This plan offers incentives to business people to locate in our downtown by offering rebates on various fees and the ability to stretch out payment for water and sewer hookups. This plan is unlike anything else offered in Carroll County and should attract some attention. Kudos for a well thought out plan to all the committee members.

We recently marked the tenth anniversary of the 9/11 attacks, both as a nation and as a community. I hope you had a chance to spend Sunday afternoon/evening in our Memorial Park for the events commemorating this day. Our American Legion post developed and worked on a full program of speakers and activities that truly was an inspiration to all in attendance. The Mayor and City Council donated a spot in the park (and funds) for a monument recalling the tragedy of that day. The monument was dedicated this day. I was pleased to offer a

few words to those gathered and I am pleased to include them in my column this month. Have a Happy Halloween. The next time I visit with you here we'll be lighting the city Christmas Tree!

### 9/11 Memorial Dedication

Ten years ago today an event took place that changed America, and I guess the world, forever. America was attacked by foreign terrorists, thousands of lives were lost. From that time forward the phrase "9/11" has evoked special meaning for all of us. It became one of those rare moments that will forever be embedded in our psyche. When we call this date we automatically recall where we were, what we were doing and our first thoughts of our loved ones. So, we pause this day to remember the over three thousand people who lost their lives that day, lives cut short, families devastated. There is still emptiness in our hearts for those victims and heroes we pause now to remember.

We come to our Memorial Park today and dedicate this Memorial to those women and men so tragically offered on the altar of hatred. We have done this before, in remembering our war dead, we do so again today. It is fitting that this Memorial serves to remind us and future generations and offer tribute to those who so needlessly perished a decade ago. Further, let us offer tribute to those who have lived on since that time, in hope of a world of peace, freedom and justice.

We also recall today the resolve of our nation and her people. The resolve that showed itself immediately following the events of this tragic day. In the midst of unbelievable destruction and devastation, with walls tumbling down all around. How ordinary people acted with extraordinary heroism. How, even ten years later that resolve to stand up

(Continued from page 3)

for freedom and democracy is our country's proudest trait. Let us celebrate that resolve.

I suppose there are hundreds of events talking place all around our nation, today. It really doesn't matter whether our memorial is in Taneytown or Toledo or New York. What does matter is, regardless of political differences, we are all Americans. That should make us proud! We are here today to remind ourselves of the lesson we learned. Yes we have enemies; there are still people in the world who would destroy us if they could. We also remember that we are Americans one and all. Deep within us has been planted the virtues of self-sacrifice, duty, loyalty and love of neighbor.

So when we pause and think back, to ten years ago, to this tragic day, let us

remember those who lost their lives but let us also remember those the first responders, loyal friends, and the many people who simply wanted to help, all those who showed us what we are made of. By their actions we all made a statement, that whatever the tragedy, no matter how heinous the crime, that the goodness of the human spirit will endure. And even these horrific acts of terrorism will not prevail.

I want to close by quoting from the comments President Bush made during his speech to the nation on September 12th: "Terrorist attacks can shake the foundations of our largest buildings but they cannot touch the foundation of America. These acts shatter steel but they can not dent the steel of American resolve" (*President George W Bush*)

So it is with great pride and pleasure, and on behalf of you, the citizens of Taneytown. I dedicate this Memorial today. May it be forever a fitting tribute to those who have died and to those who live.

## MESSAGE FROM COMMISSIONER ROBIN FRAZIER

On the second Saturday of each month I sponsor A Bird's Eye View with Commissioner Robin Frazier, where citizens can share thoughts and ideas. The meeting starts at 9:00 am when the Taneytown Library doors open. This past month Jim Wieprecht, from the city of Taneytown was gracious enough to give up some of his time to talk with the neighbors of the new Kennie's Market. Concerns included traffic on Carnival Drive, which was formerly a dead end, potential truck traffic, the view of the back wall, new smells, fences, sidewalks and snow removal.

## MESSAGE FROM COMMISSIONER ROBIN FRAZIER

(Continued from page 6)

Mr. Wieprecht did a great job addressing concerns, promising to contact the Taneytown police to take a closer look at the safety of the new traffic patterns to determine whether stop signs, for example, would now be appropriate and agreeing to think about what type of traffic calming techniques may be helpful; although everyone agreed traffic humps or bumps were not a good choice. He explained likely truck routes through the shopping center, pointing out that Kennie's trucks would most always come in the front of the building where the loading docks are located. For a more pleasant view, one citizen suggested a mural be painted on the back of the store. Perhaps there could be a contest, another added. Jim talked about the wall, fence and landscaping and even accompanied a few citizens to the Kennie's Market directly following the meeting to do a "sniff test"!

Maps and site plans were available for a review of planned zoning and layout of the future Highs, Sheets and road locations. Our meeting ran a little over time, but we enjoyed good conversation, insightful questions and some wonderful suggestions. Thanks Jim for the informative presentation and explanations. We all learned much and look forward to seeing how some of the concerns raised will be addressed. Meanwhile, please feel free to share your issues and ideas in person, at the Taneytown Library, each month, on the second Saturday; A Bird's Eye View with Commissioner Robin Frazier.

## TWINCREEKS KENNELS HAPPENINGS

Hey everyone - hope you are not floating away in all of this wet weather! Sorry that I missed the last edition of the Taneytown Record, things have been really busy at the kennel. Lots of shave downs this year, guess the hair is just too much to handle in all of this melting weather.

Morris is a sweet mix and with all the hair we clipped from him (a 50lb grain sack filled to the top) you could have made at least 2 sweaters if it were wool. Boy was he one happy K9 as we started taking it all off.

We really enjoyed meeting all of the people who came out and visited us at the Taneytown Swing into Spring Event! We had lots of fun and Dixie (the beautiful black lab that was with me) was so happy she got to meet so many of her four legged friends there.

Well the new over hang on the kennels looks just great, as well as a few other projects that we have completed out here. Seems there is always something to do to make things just a little nicer for our visitors.

All of the dogs seem to enjoy the hose downs as much as they do the dip in the pool. The antics they show are just way too funny and you just cannot help but to laugh at the fun loving, silly moves they make.

Hope everyone is enjoying their summer activities and vacations this year!

As Always Pam

## ST. JOSEPH HOLY NAME SOCIETY RECEIVES TOP BAHNU AWARDS

The 100th anniversary of the Baltimore Archdiocesan Holy Name Union is being celebrated this year, and Baltimore is playing host to the National Association of Holy Name Societies (NAHNS) convention. NAHNS consists of Holy Name Societies from across the United States, Canada and Puerto Rico. It is designed to support it's members in promoting reverence for the Holy Name of Jesus, to encourage contribution to the evangelization mission of the Church, and to assist parish ministries in performing corporal and spiritual works of mercy. This anniversary is therefore an especially joyous year to have members from across the nations gather in the Archdiocese of Baltimore.

The Baltimore Archdiocesan Holy Name Union (BAHNU) annually presents awards for outstanding parish Holy Name Society contributions. This year is particularly meaningful to the Holy Name members in Taneytown: the Holy Name Society of St. Joseph Taneytown was awarded the four top awards for 2011 by BAHNU at the annual awards ceremony.

The Rev. Dr. David W. Shaum was named the Outstanding Parish Spiritual Director in the Archdiocese of Baltimore. Fr. Shaum, a native of Taneytown, retired from Mt. St. Mary's Seminary and University where he spent most of his 65 years as a priest. He taught Music, Education and Philosophy, and served as Director of the Glee Club. His administrative positions included Secretary of the Priests' Council, Treasurer, and Dean of Academic Affairs.

Fr. Shaum is the recipient of the 2007 Archdiocesan Medal of Honor for his many years of service to the Church and the community. He is a wealth of historical knowledge of the Church, the military, and the community, and is the author of several books including "A Dam Good Town" a history of his years growing up in Taneytown published in 2005.

Although retired from the Mount,

Fr. Shaum keeps busy celebrating masses weekly in surrounding parishes at Taneytown, Frederick, Thurmont, Hagerstown, and Emmitsburg wherever and whenever the pastors of those churches need a substitute to cover a conflicting obligation.

Fr. Shaum will celebrate his 91st birthday on October 21, 2011. The Holy Name Society offers heartfelt congratulations to him on both his birthday, and on the honors conveyed on him for a life well spent in the service of the Lord.

Holy Name Society Vice-President Rosemarie O'Connell was selected 2011 Outstanding Parish Holy Name Officer. A U.S. Army veteran and Russian translator, "Doodie" as she is affectionately called, is a retired analyst for the Defense Department. She brought a great depth of managerial experience to the HNS.

## ST. JOSEPH HOLY NAME SOCIETY RECEIVES TOP BAHNU AWARDS

(Continued from page 11)

Doodie has served at St. Joe’s as Parish Council Secretary, as a lector at Sunday liturgies, and for the last ten years, has been a guitarist with the St. Joseph Folk Group. She contributed immeasurably to the research of the parish history for the “Pathway of the Pastors.” She is the daughter of HNS members Rosemarie and Jim Smith, and mother of HNS member Nick Ritchie.

The 2011 Outstanding Parish Holy Name Sponsored project is “Pathway of the Pastors,” the walk through the Courtyard Gardens at St. Joe’s. Beginning at the front sidewalk and leading through the arbor to the rear pathway, 16"square pavers were installed to record the parish history and to honor the pastors who have served since the 1797 founding of St. Joseph Parish.

The first pastor, Fr. Augustine Schmet, was born Prince Demetrius Augustine Gallitzen, the son of Russian Prince Demetri Alexeievitch Gallitzin, Envoy Extraordinary of Empress Catherine the Great of Russia. His mother was Countess Amalia von Schmettau the daughter of Field Marshall von Schmettau of Prussia.

Using his mother’s maiden name, Demetrius immigrated to this country in 1792 and entered the Sulpician Seminary in Baltimore. He was ordained by Bishop John Carroll in 1795 and assigned to the Conewago Mission in Pennsylvania. Two years later, Fr. Schmet (Demetrius Gallitzen) was appointed the first pastor in Taneytown and established St. Joseph Parish, the second oldest parish in the Archdiocese.

The pavers commemorate each pastor with his name, time of service, and a brief caption (i.e. Rev. Nicholas Zocchi, 1804 - 1845,”The Missionary,” “An Italian of Profound Learning”, “Began Church Records”, “Longest Serving Pastor.”) The 21st paver, honors the current pastor and St. Joseph’s first Monsignor, Msgr. Martin E. Feild, under whose leadership the courtyard gardens began.

Holy Name President Larry Webster was presented with the plaque naming St. Joseph, Taneytown as the 2011 Outstanding Parish Holy Name Society in the Archdiocese of Baltimore. Larry, HNS president since 2003, has served two consecutive terms as Parish Council President, is a charter member and served two terms as Grand Knight of St. Joseph Knights of Columbus Council 11631, is co-founder of the Trinity Garden, Chairman of Fish Fry Fridays, and a charter member of St. Joseph Folk Group.

Larry accepted the award from BAHNU President, William Schummer, on behalf of the men, women, and youth of the parish who dedicate their time to make St. Joseph Taneytown a great place to belong: “In addition to fundraising activities and continuing parish maintenance and beautification projects, HNS members make individual, conscious efforts to visit the sick in hospitals and nursing homes. We send complimentary meals, groceries, flowers, books, and movies to homebound parishioners. Looking out for the needs of others in Jesus’ Holy Name is what we are called to do as members of St. Joseph, Taneytown Holy Name Society. HNS accomplishes more as a group than all of us members could ever achieve alone. In doing so, this Holy Name Society takes great pride in its work, and celebrates its accomplishments with great joy.”

## TAG - TANEYTOWN AUTO GATHERING

Welcome, local car enthusiasts who have a special interest vehicle: old, new, restored, barely running, clean, dirty, shiny, or rusty! Welcome to car enthusiasts who want to check out the cars, trucks, and other vehicles! Welcome to car enthusiasts who have families that like to look at cool vehicles! Our final 2011 Saturday gatherings were held on September 10th and 24th from 6:00 -8:00

P.M. We gathered at the Taneytown Shopping Center parking lot. We have lots of space with easy access to shopping, food, and drinks! There are lots of local and nearby residents who have special vehicles that are stored in garages! Many people do not want to register and enter their vehicles into day long car shows. Many beautiful vehicles are sitting, seldom used, waiting to be "fixed", to look pretty but never quite get finished! You can chat, share, come, go, and spend 15 minutes or two hours. We want to show-off all the local gearheads' efforts. We would like to draw people in to see our sights and eventually, have this gathering become a Taneytown tradition! This is already our third summer of gathering! We hope to see you there!

## 2011 HOLIDAY OF TREES ORNAMENT-TANEYTOWN HISTORY MUSEUM

The Taneytown History Museum is pleased to announce the 2011 - 4th Edition Holiday of Trees ornament is now available for purchase. Featured on the ornament is the Taneytown Volunteer Fire Co. No. 1, Engine House - 1902. The cost is \$12.00 which is the same as last year's ornament.

On the front of the ornament is the original 1902 Engine House.

Inscription on the reverse: - The Taneytown Volunteer Fire Co. No. 1 incorporated in 1897, built an engine house in 1902 which also served as a community meeting and activities center. Taneytown History Museum, Established 2004, 4th Edition 2011.

Some brief background history of Taneytown Volunteer Fire Co.: In 1824 a fire broke out on the Hagen property and there was no organized fire company. However, Taneytown citizens pulled together and extinguished the fire. Following the fire, funds were solicited to purchase a hand pumper.

In 1835 laws were enacted to organize citizens to form fire companies. The Taneytown Fire Co. was incorporated October 18, 1897. Dr. C. Birnie was elected President; George H. Birnie, Vice President; L.D. Reid, Secretary; J.S. Fink, Treasurer, and Ab Hess, Foreman. A committee of Prof. H. Meier, J.S. Fink and Ab Hess were instructed

to purchase hooks, ladders, axes, buckets, lanterns, six coats, six caps, one two-wheel truck and ladders, 36 badges which were not to exceed the cost of twenty-five cents each and that each member had to pay for their own badge.

Mr. & Mrs. Charles B. Schwartz deeded a lot to the Burgess and Commissioners of Taneytown on May 12, 1902 and the Fire House was dedicated July 4, 1903. The State of Maryland authorized the Taneytown Volunteer Fire Co., Inc. on September 11, 1916.

During the early years the Fire Co. rented storage room from Harry Koons to store the reel and hose. It was during those early

years the foundation of basic principles of volunteer fire work was formed in Taneytown by farsighted members for the organization to follow in the future. Committees were formed and by-laws written. The Fire Co. also joined the Maryland State Firemen's Association. During the first few years they held dances, suppers, picnics, parades and solicitations to raise funds to carry on the volunteer fire work.

## TANEYTOWN IS A TOWN OF HISTORY, CHARACTER AND OPPORTUNITY

By the time you read this article, we are, should be, or are very near, the "finish line" of the street project. This has been one of the largest streetscape projects in Maryland history and it has been a real challenge, not only to you but to the project team. Taneytown was a town that was built for "horse and

buggy", not trucks and cars. Houses were built in Old Town, right up to the street. When the design for this project began in 2003, it did not have a lot of the amenities in place with the original design that are now in place. Much has been added, and some taken away, since the project broke ground in 2008. They found the old well, in the middle of the square, they also found cisterns and some of the old brick road, a few broken bottles and lots of buried history.

All challenges were met and now is the time to take this opportunity to thank the citizens, business owners and visitors for their patience during the Taneytown Streetscape project; this has been an inconvenience to all, directly and indirectly and has been a quite a journey for all involved. We hope you are pleased with the end result, with the ADA compliant sidewalks, decorative street lighting and new landscape along with many more amenities to come. There are many heart-

warming stories that have come out of this project that have to do with kind acts from SHA Design and Construction and Kibler personnel to help ease the impact of the construction on the property owners. I wish to take this opportunity to say special thank yous to all involved for a great team effort; and that includes, Mayor and Council, City Staff and especially our Utility Crew, Police Department, Inspector Roger, our engineering

firm CDM, along with the State Highway and the Kibler Construction team and their various sub contractors. Thank you for a job well done!

One of the many perks of this project has been the involvement of the SHA Archeology team that has researched and put together a wonderful visual walking tour of not only our spe-

cial historical landmarks, but they have created a beautiful walking tour brochure that depicts eighteen buildings in the downtown area and their historical significance. A team of volunteers worked with the department to assist in putting together information that would be interesting and memorable to someone taking the tour. We will have five (5) separate interpretive panels; they will be located at New Windsor State Bank, The Police Station, 5 Frederick Street ( Stone Tavern) and St. Joseph's Church area. Each of these panels will tell a story relating to

various themes e.g. military, business and industry, our historical buildings and our churches. The brochure and panels should be in place by December of this year.

Our Streetscape Celebration was postponed until next year, as the committee felt it was cutting it too close with the final construction. If you would like to volunteer for this committee, please contact the City Office at 410-751-1100. We want to celebrate our new look throughout our town, but mostly our people, young and old. Some of the

events we have planned include a parade, community chorus, civil war reenactment and encampment along with activities throughout the town; please let us know your ideas and also if you would like to "jump on the bandwagon".

As you can see, we have a new "branding" for our town that we hope promotes our character, history and opportunity. We are working on many projects and events to bring people and new business to our wonderful town. Thank you all for making Taneytown a "SMALL TOWN WITH A BIG HEART"

Nancy McCormick

### History.

Uniquely situated in beautiful Northern Carroll County between Baltimore, Philadelphia, and Washington, D.C., Taneytown has been witness to two-and-a-half centuries of American history. The town's founding in 1784 coincides with one of the earliest land grants in the area – a 7,920 acre tract of land patented as the "Resurvey on Brothers Agreement." By the late 18th century, Taneytown was a bustling village of 350 people with numerous taverns, inns, and talented craftsmen. The town played host to distinguished guests such as George Washington and his most famous native son, Francis Scott Key, who was born just outside of town and made frequent visits. At the outbreak of the Civil War, Taneytown's community of just 600 sent 75 men to battle. During the Gettysburg Campaign, thousands of Union soldiers passed through the town to and from battle.

The arrival of the railroad in 1875 in Taneytown created an additional economic boom, increasing business and allowing easier transportation of the region's agricultural products. By the late 19th century, the town's population had grown to about 700 and supported numerous businesses, including three cigar factories, a carriage maker shop, two warehouses, a steam flour mill, and two banks. Business continued to boom well into the 20th century with the addition of larger factories and enterprises.

### Character.

With approximately 7,000 residents today, Taneytown is a community that is rich in preserving its heritage and taking pride in their community partnerships in concert with organizations, residents, and businesses alike. Given the long history of rural settlement, the City and surrounding area is rich in historic landmarks that continue to enhance and affect the character of the area. A portion of the City is designated as a Historic District with the National Register of Historic Places.

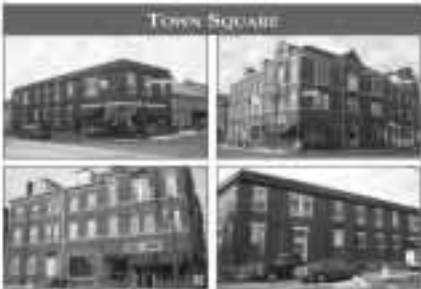

Over most recent years, Taneytown has become a community "working together" in spirit and pride. Drawing in its strength of accessibility to major markets Washington, D.C. (85 miles) and Baltimore (42 miles), Taneytown has been consistently drawing people to stop and take a second look at its historic homes and shops. Taneytown was listed in the 2009 Baltimore Magazine's Best Places To Live 2009. Taneytown is currently undergoing a 2½-mile, \$18 million Streetscape renovation that will create an inviting atmosphere for residents, businesses, and visitors alike.

Relying on its deep roots and heritage, Taneytown has been successful in making major employers feel comfortable about investing time and money in this business-friendly town and prides itself on creating an atmosphere in which small business can prosper, making the rebirth of Taneytown's Main Street.

### Opportunity.

The rebirth of Taneytown Main Street is to create a charming traditional main street character, with attention designed to promote pedestrian activity and synergy that will make the district and town a destination place. Taneytown was a designated Maryland Main Street in 2001 and has been a designated National Main Street Program since 2001 under the National Historic Trust.

### Join Us For Our Harvest Fest Celebration

Sponsored by Taneytown Main Street

If you have been a vendor or visitor in the past, we would like your ideas and suggestions to make this event bigger and better. Lets all join in the celebration of "Taneytown's Annual Harvest Fest" on Saturday October 22 from 9:00 a.m. to 3:00 p.m., by filling the Memorial Park with lots of vendor tables. If you are a crafter, small business owner, gardener, landscaper/garden exhibitor or artisan/artist we are looking for you! The fee this year is \$35.00 for a single space and \$50.00 for double. Last year we had over 72 successful vendors.

We will try to not duplicate vendors, such as Mary Kay, Pampered Chef ect, and those vendors will be first come first served. Monies will be returned to those who are duplicates and we will ask them if they wish to participate in the Fall event. Placement of vendors will be closer this year to create a better opportunity for all vendors.

If you know of anyone who would be interested in being vendor, please have them contact the City office; we have different forms for new vendors. For further information, you may contact Nancy McCormick at the City Office at 410-751-1100. Please note applications must be in no later than October 12, 2011.

## GIVE HOPE, GIVE BLOOD

The American Red Cross is asking our community for an October Blood Drive with the critical blood supply shortage! Thank you to the Taneytown Firemen for the use of the Activities Building for Wednesday, October 19, 2011, from 1 - 7 PM.

This is Breast Cancer Awareness Month. Blood is often used to treat those undergoing treatment for all types of cancer, including breast cancer. Cancer treatments such as chemotherapy can kill red blood cells and platelets, and these patients rely on blood transfusions throughout their treatment to remain strong and recover.

It's easy to be a donor: make an appointment or 'walk in' that day. To donate you must be in good health; weigh no less than 110 pounds; be at least 16 years of age, with written parental permission; have not received a tattoo within the last year; have not donated whole blood within the past 56 days (August 24); and bring identification (drivers license). Blood types O+, O-, B+, and B- are needed for 'double red donations'.

Appointments are encouraged by calling Sandy Crouse at 410-756-6077 or Jean Tracey 410-756-1272. Child care will be available. For medical or travel questions call the Red Cross Monday through Friday from

8AM to 8PM at 1-866-236-3276.

The August blood drive collected 71 units. The 5th 2011 community drive will be Wednesday, December 28, 2011, again at the Firemen's Activities Building on Memorial Drive. Give Hope, Give Blood. Thank You!

## THUNDERSTORMS

### THUNDERSTORMS

As in tropical cyclones, a thunderstorm is commonly characterized by lightning, winds of varying intensity, intense rainfall and sometimes hail. An estimated 2,000 thunderstorms occur in the world at any given moment. In terms of the relative frequency or intensity of thunderstorms across the United States, the risk to Maryland is somewhat lower than average. Kansas and Arizona experience the longest annual duration of thunderstorm events, and Florida experiences the greatest number of thunderstorm events and the highest lightning strike density.

Over the 30-year period (1970-1999), the Maryland per year average was around 41 events. In recent years, this number has increased sharply to around 70 events and is most likely due to more complete reporting due to the introduction of Doppler Weather Radar.

Frequency of thunderstorm events in Maryland is highest in central Maryland, including Anne Arundel, Baltimore, Carroll, Frederick, Montgomery, and Prince George's Counties. Somerset County and Ocean City experience the lowest number of events per year.

Courtesy of NOAA

**Watches and Warnings:** The NWS's Severe Storms Prediction Center prepares severe thunderstorm and tornado watches when weather conditions are such that a severe thunderstorm, capable of producing damaging winds of 58 mph or higher and/or hail one inch in diameter or greater, is likely to develop. A tornado or severe thunderstorm watch does not indicate an imminent tornado or gusty winds and large hail; rather, a watch is an advisory

for citizens to be alert and prepared to go to safe shelter if such threats do develop or if a warning is issued. Warnings are issued by the responsible local weather forecast office when a severe thunderstorm or tornado has been sighted or indicated by Doppler weather radar.

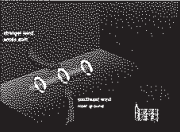

**Thunderstorm Impacts:** Thunderstorm hazards come in several forms: tornadoes, hail, lightning, high winds, heavy rain, and flash and riverine flooding.

NOAA/NWS, 2001, College Park, MD

**Tornadoes:** A tornado is a violently rotating funnel-shaped column of air extending from a thunderstorm cloud to the ground. Tornadoes can touch the ground with winds of over 300 mph. While relatively short-lived, tornadoes are intensely focused and are one of nature's most violent storms.

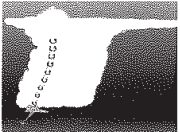

### How Do Tornadoes Form?

Before thunderstorms develop, a change in wind direction and an increase in wind speed with increasing height creates an invisible, horizontal spinning effect in the lower atmosphere.

Rising air within the thunderstorm updraft tilts the rotating air from horizontal to vertical.

An area of rotation, 2-6 miles wide, now extends through much of the storm. Most strong and violent tornadoes form within this area of strong rotation.
