

**BSU** ANNUAL  
REPORT 2010

# BOWIE STATE UNIVERSITY

a regional comprehensive university of the University System of Maryland, embraces cultural diversity, including its African American heritage; emphasizes its foundational heritage in teacher education; facilitates interdisciplinary learning; fosters research; and produces graduates who think critically, are competent in their disciplines, and demonstrate technological astuteness.

# MESSAGE FROM THE PRESIDENT

On behalf of the Bowie State University faculty, staff, students, and alumni, we are pleased to share the 2009–2010 Annual Report of the University’s progress on several initiatives and programs that support our mission and goals. In compiling this report and noting our successes, we learned much about our resiliency as we continued to fend against the economic threats that gripped our nation and posed financial challenges throughout the state of Maryland and the University System of Maryland.

Even in the face of economic adversity, however, as a community of scholars and life-long learners, Bowie State University continued to inspire excellence through a variety of academic and professional achievements. Our faculty completed research projects and produced scholarly publications, including nationally recognized books and highly competitive grants. Many received distinguished awards and honors that brought singular attention to BSU.

Furthermore, our students continued to demonstrate the quality of a Bowie State University education through their notable academic, research, and athletic accomplishments. We are especially honored that one of our outstanding student leaders was selected to serve on the University System of Maryland Board of Regents for the 2011 academic year. As a testament to BSU’s outstanding intercollegiate athletics program, the University also achieved regional and conference titles in several athletic areas, giving deserved recognition to our student-athletes.

During the year, the University saw a surge of energy from the rigorous involvement of faculty, staff, students, and alumni in our Middle States self-study. This decennial review helped us begin the process of institutional renewal and brought a stronger sense of community to our institutional effectiveness efforts. The many achievements, as presented in this report, will be appropriately documented in this peer review process. We certainly appreciate the benefits derived from this review and anticipate that this process will provide invaluable information in our pursuit of world-class pre-eminence in higher education.

This report also includes a listing of the external agencies and private donors who have contributed to our programs and services. Their gifts supported student scholarships, new and existing programs, and an array of student services. We appreciate the generosity of our alumni and friends and take great pride in acknowledging their special gifts to the University.

In your reading of the 2010 annual report, we hope that it will be a stimulus for your continuous support of Bowie State University as we “Prepare Students for Life Through Institutional Growth and Educational Excellence.” If you would like to learn more about our academic programs, research, and services, please contact us directly or visit our campus.

- » The College of Arts and Sciences joined the Mid-Atlantic HBCU Alliance for Professional Science Masters (PSM) and agreed to develop plans for eventually establishing PSMs in Computer Science as well as Mathematics departments. BSU's participation in an Alliance proposal submitted to the Sloan Foundation resulted in the award of a \$16,000 mini-grant to be applied toward the PSM planning efforts.

## ADMINISTRATIVE

- » BSU was selected to receive a 2010 Kresge Fellowship Program Award, which will provide capacity-building opportunities on green building and sustainability.
- » The University was selected by the Legislative Black Caucus of Maryland and the Governor's Office of Minority Affairs to receive the Minority Business Enterprise (MBE) Best Practices Award recognizing an agency for its consistent and ongoing commitment to implement MBE best practices throughout the organization.
- » BSU completed its institutional Climate Action Plan, a major step forward in the University's efforts to address global climate change and sustainability.
- » Assistant Vice President for Institutional Effectiveness Gayle Fink was selected as President-Elect for the Northeast Association for Institutional Research, as well as Editor, E-AIR (Electronic AIR Newsletter), Association for Institutional Research.
- » The BSU Division of Information Technology was part of the Booz Allen Hamilton Team that was selected as one of the prime contractors for the Software, Networks, Information Assurance, and Modeling and Simulation (SNIM) contract vehicle to support the mission of the Department of Defense and the federal Research and Engineering Community. This \$2 billion, five-year, multiple award allows the team to compete to supply services to support all aspects of identified and/or potential military, national security-related and dual-use applications of information technologies, as well as the development of tools and techniques that enhance the mission of the DoD and federal research.
- » BSU's Division of Information Technology received a \$134,280 grant through a Microsoft \$1 million donation managed by the Thurgood Marshall College Fund (TMCF) for their Technology Initiative. The competitive award-winning proposal responded to the TMCF initiative to reduce the digital divide. This award enables BSU to upgrade institutional computers and technology infrastructure to support teaching and learning.
- » Fall 2009 enrollment goal of 5,498 was exceeded by 119 students (5,617 actual headcount—the highest in BSU history).
- » BSU's six-year graduation rate, as documented in the Managing for Results report, increased from 40% for the 2001 cohort to 43% for the 2003 cohort. The Enrollment Management Unit assisted the University in accomplishing this goal through targeted financial aid and scholarship assistance to graduating students.

## COMMUNITY OUTREACH

- » BSU hosted the Summer Biotechnology Academy, presented by Dr. George Ude, for area college undergraduates and high school teachers.
- » The College of Arts & Sciences launched the SAS CONNECTION (Science, Arts and Society—the College of Arts and Sciences at Bowie State Making the Connection!), a TV program designed to showcase excellence from BSU to the world, and also to provide information on current topics to the general public by hosting distinguished professionals and personalities.
- » Distinguished BSU alumnus, author, historian, educator, and civil rights pioneer Philip L. Brown passed away in October 2009. He was 100 years old. Mr. Brown graduated from Bowie Normal School (now Bowie State University) in 1928. He was Bowie State's oldest living alumnus/a.
- » President Burnim was interviewed for a new Countdown to College television segment. The show provides parents with comprehensive information about getting their students into college.
- » Bowie State's First Lady, LaVera L. Burnim, celebrated Women's History Month with a special tea time and book discussion featuring esteemed author Lillian Lincoln Lambert and her book, *The Road to Someplace Better: From the Segregated South to Harvard Business School and Beyond*.
- » The Division of Student Affairs coordinated the third consecutive Alternative Spring Break Trip to the City of New Orleans. With 45 students participating and six staff volunteers, the ASB volunteers worked closely with the ARC of New Orleans and the Urban League of New Orleans to give back in "sweat equity" with the ongoing recovery efforts in the city.

## FACILITIES

- » The University broke ground on its new \$71 million Fine and Performing Arts Center. The 123,000-square-foot building will include a 400-seat main theater, a 200-seat black box theater, a 200-seat recital hall, an art gallery, classrooms, class laboratories, and offices.
- » Many improvements were made to campus facilities, including the replacement of the George Crawford Science Building with a partial green roof; the replacement of the roof of the Leonidas S. James Physical Education Complex; smart classrooms constructed in the Martin Luther King, Jr. Communications Art Center; and classroom and restroom renovations in Charlotte Robinson Hall.
- » A new student center is currently under design.
- » The University pursued and received \$1 million from the Maryland State Legislature to install a multipurpose athletic turf field. The new field will support the championship level of Bulldog participation within the CIAA, afford opportunity for income generation, and provide additional venue for campus events.

## ATHLETICS

- » The Bowie State bowling team won the Central Intercollegiate Athletic Association (CIAA) championships. Tycora Brown and Rebecca Frusciante were named All-CIAA; Verra Diggs was named All-CIAA, Tournament MVP, and team MVP.
- » The men's cross country team was the 2009 CIAA champion.
- » The women's softball team was the CIAA Eastern Division champion. Player Amanda Hedgepeth was named CIAA Rookie of the Year. Team coach Darryl Toney received CIAA Softball Coach of the Year.
- » Michelle Latimer was recognized as CIAA Men's Cross Country Coach of the Year.
- » William Bailey was named U.S. Track and Field and Cross Country Coaches Association (USTFCCCA) Field Athlete of the Year as well as NCAA All-American.
- » Ryan Yu, owner of Daly Computers, chose to support the excellence of Bulldog softball. His gift has helped to enhance the softball stadium and to provide other support to the softball program.
- » Shawn Lamb, Coordinator for Intramural Sports and Recreation, hosted the annual NIRSA (National Intramurals and Recreational Sports Association) HBCU Summit in August 2010.
- » Under the leadership of Thomasina Boardley, coach of the Bowie State University cheerleaders, the squad received four awards at the Regional Cheerleading Association National Camp in Pennsylvania.

## STUDENTS & ALUMNI

- » Alumnus William Thomas was named the 2009 State of Maryland Teacher of the Year.
- » Alumnus Dante Lee, president/CEO of Diversity City Media, was profiled for the second time in the May 2010 issue of *Ebony Magazine* in a special segment called “Young Entrepreneurs Take Charge,” highlighting successful young African American business owners.
- » The Maryland Chamber of Commerce inducted alumnus William R. Teel Jr., CEO, 1 Source Consulting, Inc., and Energy Enterprise Solutions, LLC, into the Maryland Business Hall of Fame.
- » BSU students participated in the 105 Voices of History National Concert at the Kennedy Center. The 105 Voices of History is an HBCU Choir National Initiative created to promote diversity in America’s national venues for the arts.
- » The University received more than \$1.2 million in contributions. This was achieved in a fiscal climate that saw annual giving to colleges and universities, on average, down by 12% nationally, and down by as much as 32% at small institutions, according to the Council for the Advancement and Support of Education (CASE).
- » The BSU Foundation awarded more than \$200,000 in scholarships.
- » Membership in the BSU National Alumni Association (BSUNAA) increased by more than 10%.
- » Rita Wutoh, MD, Director of the Henry Wise Wellness Center, was successful in securing external funds from the Department of Justice for prevention and education in the areas of sexual assault, domestic violence, and stalking in the amount of \$186,000, to be administered over a three-year period. Dr. Wutoh also received a grant from the Office on Women’s Health for Healthy Lifestyle Changes in the amount of \$11,000 for one year to coordinate activities and events during the year.
- » Leslie Hall, BSU student, was selected by the Chancellor and appointed by the Governor to serve on the University System of Maryland Board of Regents for the 2010–2011 academic year.

Vice President for Institutional  
Advancement

## REVENUES

In FY 2010, the nation and the state of Maryland's fiscal condition continued to present many financial challenges for institutions of higher education. However, we are pleased to report that with continued support and input from all of the Bowie State University campus community, we persevered through another year of economic challenges. Once again, the University realigned its resources to address institutional priorities and fulfill our dual mission.

Consistent with our priorities, in FY 2010 there were many improvements to campus facilities as we continue to address various deferred maintenance issues and implement sustainability initiatives. Further, for the second consecutive year, the University awarded 32 percent of its contracts to minority contractors. This percentage surpasses the state of Maryland's expectations (25 percent of contracts awarded) for state agencies in awarding contracts to minority and women businesses.

We feel that the information presented below is an indication of the University's commitment to strengthen the financial vitality of the University and continue to be a good investment for the state and an asset to the University System of Maryland.

## NEARLY \$6 MILLION AWARDED IN GRANTS AND CONTRACTS

A significant portion of the funds that Bowie State University uses to support research, enhance its facilities, develop new academic programs, and expand developmental, training, and educational activities for the University community is derived from external funding sources. The Office of Research and Sponsored Programs (ORSP) has the primary administrative responsibility to provide needed pre-award and post-award assistance in the University's efforts to obtain such external sponsorship. The ORSP oversees research and award compliance, proposal preparation, award management, and other technical assistance for externally funded projects and other scholarly activities. For the 2009–2010 academic year, the University received nearly \$6 million in external funding through various grants and contracts from foundations, corporations, and government sources.
