## WELCOME FROM THE DEAN

Welcome to the spring term at the Undergraduate School. For some of you, this might herald the beginning of your final classes at UMUC; I congratulate you! You have persevered, and I would like to invite you to our graduation ceremony in May to celebrate your hard work and accomplishments.

Even if you are not graduating this year, I encourage you to look ahead. Think about graduate school and career choices, consider what you will do after earning your undergraduate degree, and start planning for your future now.

As part of the Undergraduate School's commitment to your success, undergraduate registration for online classes will close five days before the start of classes. We are making this change to ensure that students have time to prepare for class, as our data show a strong connection between early registration and student success. In addition, students may now drop registration from a regular eight-week class up to four days after class has started, with full refund of tuition and nonapplication fees and no record of the registration on your transcript. After the first four days of class, the regular refund schedule, which may be found at [www.umuc.edu/refundpolicy](http://www.umuc.edu/refundpolicy), will be followed.

The Undergraduate School has a variety of class formats—online, hybrid, and intensive—and courses that can meet your needs and help you move toward graduation and beyond. We are committed to supporting your education and helping you to achieve your goals. I welcome your feedback at any time via e-mail at [deanundergrad@umuc.edu](mailto:deanundergrad@umuc.edu).

My best wishes for a successful semester.

Sincerely,

A handwritten signature in black ink that reads "Cynthia Davis". The signature is fluid and cursive.

Cynthia Davis, PhD  
Acting Vice Provost and Dean  
The Undergraduate School

## HYBRID CLASSES HAVE IT ALL

If you need the flexibility of online study but also crave the personal interaction of an on-site class, you can have it all—in one of UMUC's online hybrid classes. With a hybrid class, you attend class half as often—usually just once a week. In between on-site class meetings, you join your class online. This way, you still get to meet your faculty member and fellow students face-to-face, but you can enjoy a freer schedule since you decide when to log on to class. Check Courses by Location for offerings at a site near you.

# SPRING HIGHLIGHTS

## RECENT GRAD GIVES CREDIT TO EARNING EXPERIENTIAL LEARNING CREDITS

When Richard Lee Adams III received his Bachelor of Science degree with a dual major in gerontology and legal studies at the 2012 commencement in May, his graduating credit total included credits earned for learning acquired outside the classroom. And in keeping with his career ambitions that span two major fields, he also earned his experiential learning credits through two separate UMUC programs.

As Adams, who works as an elder law paralegal at a Towson, Maryland, law firm explains, "Since my majors were so closely linked to my work . . . I decided that the Prior Learning and Workplace Learning programs would be perfect to help save some time and costs associated with earning my undergraduate degree. My supervisor was very amenable to both programs and my UMUC teachers were also very helpful during the entire process." He adds that both programs "were very useful to me in finishing my degree requirements."

Adams is currently applying to law school, with the ultimate goal of becoming an elder law attorney with the state of Maryland or the federal government.

Prior Learning offers the opportunity to earn up to 30 credits through either Portfolio assessment or course-challenge examinations. Workplace Learning enables you to earn as many as 45 credits toward a bachelor's degree while on the job. For more information about these and other experiential learning options, visit [www.umuc.edu/undergrad/creditoptions](http://www.umuc.edu/undergrad/creditoptions).

## GERONTOLOGY HONOR SOCIETY OPENS NEW CHAPTER AT UMUC

UMUC is proud to announce that it has been granted a chapter of Sigma Phi Omega, the national academic honor and professional society for gerontology. The new chapter, Upsilon Chi, is open to all qualified students majoring or minoring in gerontology and aging services as well as to any student with significant credit in coursework related to issues in aging. Alumni of the gerontology program are also invited to join. The society, which has more than 80 chapters at colleges and university throughout the country, aims to recognize outstanding academic achievement in the field of gerontology while providing networking opportunities and a forum for building professionalism within this growing field.

The older adult population is one of the fastest growing segments of American society, especially now that the large baby boom generation has started to enter the senior age range. As a result, career opportunities in gerontology will continue to expand in the foreseeable future.

## ANNUAL HISTORY ESSAY CONTEST WINNERS NAMED

The UMUC online history club and the local chapter of Phi Alpha Theta, the national history honor society, recently announced the winners of the 12th Annual UMUC History Essay Contest.

First prize was awarded to Molly McGettrick, a history major from Annapolis, Maryland, for her essay "Women's Captivity Narratives and the Demise of Puritanism: A Journey from Subjection to Authority," inspired by Mary Rowlandson's autobiographical book about her experiences as the captive of Native Americans in colonial New England in 1676. Second prize went to Maevy V. Bowks de la Rosa for "The Legal Proceedings of José Antonio: Political Manipulation at the Hands of the Popular Front." Third prize winner was Michael Melzer for "Trieste and the Unsound Logic of the Cold War."

The essay contest is open to all UMUC students; there is no requirement to be a history major. Final essays for the 13th annual competition are due May 2013. A distinguished panel of faculty members and authors will judge all submissions. For essay contest details and an entry form, or more information about the online history club and history honor society, e-mail [histclub@umuc.edu](mailto:histclub@umuc.edu).

## MOTES NAMED RECIPIENT OF 2011–2012 STANLEY J. DRAZEK TEACHING EXCELLENCE AWARD

With a teaching philosophy founded on the premise that every student can learn, Drazek Award winner Michael Motes is dedicated to maximizing the learning experience for his UMUC accounting and business management classes. His creative use of technology and interactive

tools allows students to see immediate results when learning complex concepts. Students repeatedly cite his commitment to their success and praise him for clearly articulating expectations and realities in the accounting field.

"Participation is a key to learning," Motes says. "I structure the class environment as one big cooperative learning center, encouraging student interaction in an open and free discussion that advances the understanding of our subject."

Motes began teaching for UMUC in Okinawa at the urging of his wife, who was already teaching for UMUC Asia. After retiring from the U.S. Marine Corps with the rank of major, Motes returned stateside and became a certified public accountant, building an active tax-preparation practice in Maryland while continuing to teach online and on-site courses at UMUC.

Outside the classroom, Motes shares his enthusiasm for teaching through his support of UMUC colleagues, serving as a faculty peer mentor, course developer, course chair, and conference presenter. He also has the distinction of being one half of UMUC's only Drazek Award-winning couple. His wife, Linda Ruggles, PhD, won the same award for the 2009–2010 academic year.

# PLAN TO SUCCEED

Carefully planning the route to your UMUC degree is the best way to assure that you reach your destination.

## 1. SCHEDULE

At UMUC, there's a detailed degree planning worksheet for each major that can help you plan your education from initial registration to graduation (see p. 7). Many academic programs have courses that must be taken in sequence, and starting your education with a degree planning worksheet in hand—and periodically checking your progress against it—is a simple way to ensure that you don't waste time or money.

## 2. MODERATE

College-level coursework is challenging and time-consuming, so be realistic with your course load. Make sure you consider how your responsibilities, such as career and family life, may affect your study time. When you sign up for a class, expect to spend at least twice as many hours working on coursework outside the classroom as you do inside the classroom. And remember that online classes demand as great a time commitment as on-site classes (except for the commute). Special courses such as EXCL 301 Learning Analysis and Planning—which grants credit for experiential learning—can be even more time-consuming. Courses in accelerated formats also require more time per week than those in standard eight-week sessions. For help, talk with an advisor.

## 3. ANTICIPATE

Whether you are taking your class online or on-site, you can access your syllabus online through WebTycho a week before class begins. The syllabus describes the purpose of the course, how it will be graded, and the due dates for assignments and examinations. Read it thoroughly and check your own schedule for conflicts.

If you foresee a problem with dates for exams or assignments because of your work or family responsibilities, check with your faculty member early in the session. Faculty policies on extensions and makeup work differ, and you should be sure you have a clear understanding with your faculty member.

## 4. COMMUNICATE

Don't be afraid to ask questions or share your perspective. Faculty members are not only ready and willing to explain assignments or offer suggestions on how to improve your work, but they can also serve as mentors, job references, and networking contacts. Classmates can be a source of academic inspiration and professional support as well. At UMUC, good relationships with both faculty members and classmates can pay big dividends.

If you have a problem with a class or with a faculty member, you can also contact the academic department. Your advisor can help you find the appropriate point of contact or program director.

## 5. PREPARE

UMUC puts a wealth of superior academic support services at your fingertips—from advising and career planning to extensive library services, tutoring, and writing assistance. The Center for Student Success ([www.umuc.edu/studentssuccess](http://www.umuc.edu/studentssuccess)) can also help by connecting you to fellow students (through student clubs and honor societies), experts in your field, tutors, and mentors. Check out Where to Find What You Need in this schedule, and don't hesitate to ask for help. Your advisor can always help you find the right source of assistance. At UMUC, we want you to succeed.

## 6. UPDATE

Go to MyUMUC—<https://my.umuc.edu>—every day to keep up to date with the latest news and information about the Undergraduate School.

# STICK TO YOUR PLAN

Taking advantage of UMUC's many services and resources can make it easier to get from registration to graduation.

What courses fulfill the requirements? When is the best time to take them? Putting together a degree plan can seem like putting together a jigsaw puzzle—6 credits of this, 4 credits of that, 30 or more credits of major coursework. But UMUC has replaced the puzzle with simple degree planning worksheets that tell you how and when to fulfill all the degree requirements, from the first course to your last, for each major.

Degree planning worksheets are available for every major at [www.umuc.edu/worksheets](http://www.umuc.edu/worksheets), and a more general one is available for those who haven't yet decided on a major. If you need help deciding on a major, go to [www.umuc.edu/majorchoice](http://www.umuc.edu/majorchoice) for some helpful pointers.

## START WITH YOUR DEGREE PROGRESS REPORT

If you haven't already done so, your first step should be to make sure that UMUC receives official transcripts of any other college-level courses you've taken. Once your official transcripts have been received and you have selected a major, your transfer credit will be reviewed in the degree progress report. Your academic advisor can then show you exactly if your transfer credit relates to the requirements listed in the degree planning worksheet and what requirements still remain.

## FOLLOW A CLEAR SEQUENCE

If you're still in the early stages of your college career, you'll find the worksheet helpful in showing you how to build the foundation for further study, starting with basic skills in English composition, math, and library research—the required “first courses”: LIBS 150 Information Literacy and Research Methods, WRTG 101 (or WRTG 101S) Introduction to Writing, and either MATH 106 Finite Mathematics or a higher-numbered math course (depending on your major).

Even if you have already completed all the general education requirements, the worksheets can help ensure that you take your remaining coursework in the right sequence so that you fulfill prerequisites and take basic courses before tackling upper-level courses.

## LOOK FOR RECOMMENDATIONS

Recommendations can guide you toward the most appropriate choices in some areas of the degree plan—and the recommended courses are widely available, so you won't have trouble finding them when you're ready to take them.

You do not have to take a recommended course; you may choose from the other allowable alternatives. However, if you vary from the recommended courses or the sequence of courses, it could affect other elements of your degree plan. If you choose a lower-level course where an upper-level one is recommended, you may have to take additional upper-level credit elsewhere to meet the upper-level course minimum. You also have to be aware of how your course choice relates to the rest of your courses (especially required courses),

so you'll need to carefully check the course description to review prerequisites and course equivalencies (the last sentence of most descriptions). Your advisor can clarify the consequences of your choices and help make sure that you fulfill all requirements.

If you're going to complete a minor (which is recommended) or a certificate<sup>+</sup> along with your major, you should copy the requirements for the minor or certificate from the catalog onto your worksheet. Then check each course off on the worksheet as you complete it.

## FIND THE HELP YOU NEED

The degree planning worksheets are an excellent tool, but remember to communicate with your advisor regularly. Your advisor can assist you with course selection and help you understand the requirements for your degree. \* Active-duty military personnel and their spouses, members of the Selected Reserve and National Guard, and some dependent children of active-duty military personnel are eligible for the military rate. Commissioned corps members of the U.S. Public Health Service and the National Oceanic and Atmospheric Administration and their spouses and some dependent children are also eligible. Some veterans who attended secondary school in Maryland are eligible for the Maryland resident tuition rate. See sections IV.C, D, E and F of the USM residency policy at <http://www.umsa.umd.edu/regents/bylaws/SectionVIII/VIII270.html> for specific details.

♦ Golden ID students are eligible for remission of tuition only. All other fees continue to apply.

† More information about certificates, including gainful employment disclosures, is available at [www.umuc.edu/ugcertificates](http://www.umuc.edu/ugcertificates).

## Delinquent Accounts

In accordance with UMUC and the Board of Regents, all students who fail to pay charges incurred with UMUC will be transferred to the State Central Collection Unit. Additionally, UMUC has received authorization from the Board of Regents to charge students' delinquent accounts a 17 percent collection fee and/or all attorney and court costs incurred by the university. Once a past due balance with UMUC has been transferred to the State Central Collection Unit, students' information will be forwarded to the credit bureau.

Requests for services (e.g., transcripts, diplomas, commencement arrangements, transfer credit review) may be denied until all debts are paid in full. All undergraduate students are required to pay undergraduate tuition for all undergraduate courses in which they are enrolled.

## Tuition and Fee Changes

Tuition rates are subject to the approval of the University System of Maryland (USM) Board of Regents. The rates may be changed, or other charges may be included, as a result of the Board of Regents' decisions.

Notwithstanding any other provision of this or any other university publication, the university reserves the right to make changes in tuition, fees, and other charges anytime that such changes are deemed necessary by the university and the USM Board of Regents.

## Change in Residency

If you wish to apply for a change to in-state status, you must file a completed USM Petition for Change in Residency Classification for Admission, Tuition, and Charge Differential, along with all required documentation. You must submit the petition by the deadline listed on p. 3 (earlier is preferable) for the change to be effective for that session. For the full text of the USM residency policy, visit [www.usmd.edu/regents/bylaws/SectionVIII/VIII270.html](http://www.usmd.edu/regents/bylaws/SectionVIII/VIII270.html).

## Tuition Refund Policy

The official date used to determine a refund of tuition is the date of the drop or withdrawal transaction. Tuition refund policies and deadlines can be found at [www.umuc.edu/refundpolicy](http://www.umuc.edu/refundpolicy).

## Drops/Withdrawals and Financial Aid

If you are receiving financial aid and drop or withdraw from a class, your financial aid awards may be canceled or reduced, depending on the type of funds you are receiving and when you drop or withdraw. If you are receiving Title IV federal financial aid funds and drop or withdraw from all classes within the first 60 percent of the academic session, your financial aid will be subject to a return of funds calculation, as required by federal law. UMUC is required to return to the federal government any federal financial aid funds that were "unearned" based on the percentage of time you attended class. If you stop attending all classes without officially withdrawing, you will be subject to a return of funds calculation at the end of the session, based on the last documented date of attendance as determined by the faculty.

Financial aid recipients should check with a financial aid advisor before dropping or withdrawing from a course to determine the impact on their award.

To withdraw from a course after the drop grace period, you must follow UMUC's withdrawal procedures, as outlined in the undergraduate catalog or online at [www.umuc.edu/withdraw](http://www.umuc.edu/withdraw).

For more information on the federal Title IV refund policy, see [www.umuc.edu/policies](http://www.umuc.edu/policies).

## Refund for Class Cancellations

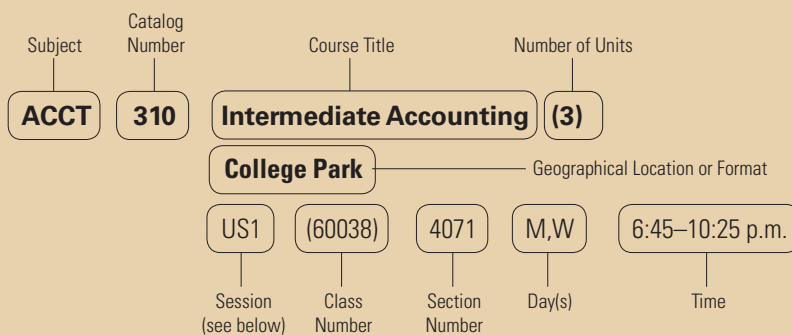

The university refunds 100 percent of tuition and technology fees for classes canceled by the university. The application fee is non-refundable, even when a class is canceled.

Tuition refund policies and deadlines can be found at [www.umuc.edu/refundpolicy](http://www.umuc.edu/refundpolicy).

# COURSES BY DISCIPLINE

## Updates to Course Information

Changes are sometimes made to course offerings after the schedule goes to press. Be sure to go to MyUMUC to check class availability and find out which course materials are required and (if applicable) your classroom building and number.

## Duplicate Credit

Avoid duplicating courses you've already taken—it can be costly. In certain cases, particularly in technical subjects, some lower-level junior community college courses may be similar to beginning upper-level UMUC courses.

To protect your investment of educational effort and the value of the degree, UMUC will not award credit for courses that repeat material you have been credited with learning.

If you've earned credit at other colleges, you are responsible for determining whether UMUC courses you plan to take duplicate any credit you earned previously. If you are in doubt, consult a UMUC academic advisor before you register.

## Placement Tests

Proctored online placement testing through Accuplacer is required for all admitted students who require lower-level mathematics and writing courses. For more information, go to [www.umuc.edu/testing](http://www.umuc.edu/testing).

If you wish to take a language class and have prior experience with the language, you should take a placement test to determine which level class is appropriate for you. For information on language placement testing, consult the Communication, Arts, and Humanities department or visit [www.umuc.edu/language/testing](http://www.umuc.edu/language/testing).

## Prerequisites

Most courses beyond the introductory level expect that you have acquired basic knowledge in the area before enrolling. These expectations are stated as prerequisites and are listed at the beginning of the course description (available via the online schedule of classes or the undergraduate catalog).

MyUMUC will automatically alert you if you attempt to register for a class for which you have not met the prerequisites. If you have questions (or believe that you have met prerequisites through experience or other coursework), please contact your advisor.

## Mandatory Course Evaluations

UMUC requires all students taking online courses to complete a course evaluation. Your responses are kept confidential. The evaluation notice for online courses will appear on the class screen about 21 days before the end of the session. You will have approximately one week to complete the evaluation until access to the Class Menu will be locked. After you complete the evaluation, access to the classroom will resume.

# COURSES BY LOCATION

If you live or work in the Maryland area, you can find UMUC courses at a site near you. Services are also available at many sites across the United States.

## Key to Course Listing

Subject	Catalog Number	Course Title	Number of Units

	(60238)	4021	Tu
	Class Number	Section Number	Day(s)
			Time

## Course Delivery Formats

UMUC provides a number of learning options that are designed to offer you the greatest flexibility in planning your academic schedule. **Classroom-based instruction** is offered at convenient times and at a few locations. **Hybrid classes** that combine online study with on-site class meetings are available at most locations. These classes meet about half as often as regular on-site classes, usually once a week. Students in these classes should access their class online as soon as the session begins, regardless of when the first class meeting is held. **Interactive video network (IVN) classes** allow students at different locations to attend the same class session via live television broadcast. **Online classes** use the latest technological advances to enable you to complete course requirements without classroom attendance. Online courses offered for spring 2013 are listed on p. 40.

## Locations

In the following pages, course listings are provided by location. Within each location, courses are listed by format (hybrid, IVN/hybrid, or intensive) and session.

Information is also provided on how to find the site and what services are available there.

## Military Sites

UMUC classes held at military sites are open to all UMUC students. However, civilian students must complete a civilian waiver and may need to follow other security regulations for site access. See below for details.

### CIVILIAN WAIVER

Because of heightened security, civilian students taking UMUC courses or accessing student services on military bases may be required to complete a waiver in accordance with the Family Educational Rights and Privacy Act (FERPA) permitting UMUC to provide personally identifiable information (i.e., Social Security number, address, and telephone number) to the military administration.

You may find the FERPA waiver form online at [www.umuc.edu/waiver](http://www.umuc.edu/waiver).

### SECURITY REGULATIONS

Many military installations require a vehicle entry pass if you do not have a military ID or DoD vehicle decal. Call the individual site to determine if you need a vehicle entry pass for admission to the site.

## Virginia Sites

UMUC is certified by the State Council for Higher Education to operate in Virginia. Classes are available at Fort Belvoir, Joint Base Myer-Henderson Hall, and UMUC at Quantico. Student services are also available in Virginia on military bases and other locations as needed.

Services are no longer available at Adelphi. Career services, financial aid, and the bursar's office (student accounts) are available at Largo. For information on these and other services (textbooks), see pp. 4–5.

## Parking

If you are taking a UMUC course that meets at College Park weekdays after 4 p.m. or anytime on the weekend, you need not register for a UMCP parking permit. During those times, you may park in any unrestricted lot, including Lots 1, 2, 4, 11, and 16. Be sure to pay attention to signs at the entrance to all parking lots for possible restrictions. Some campus events may make parking difficult, so allow enough time to find a space in a permissible location. The schedule of athletic events at UMCP can be found online at [www.umterps.com/calendar/events/](http://www.umterps.com/calendar/events/).

If you are taking a UMUC course that meets weekdays at College Park before 4 p.m., you may acquire a free parking permit for Lot 4 only by presenting a photocopy of your itemized UMUC bill to the Department of Campus Parking at UMCP. Meters are in effect 7 a.m.–10 p.m., Monday–Friday. For more information, call 301-314-PARK.

# REGISTRATION INFORMATION

Registering at UMUC is easy, no matter which option you choose. If the class you want is already full, you can put your name on a waiting list. And if you think of better choices later, you can always make adjustments to your schedule until class starts.

## Registration

Detailed information on the various ways to register (online via MyUMUC, by mail or fax, or on-site) is available online at [www.umuc.edu/register](http://www.umuc.edu/register).

A form is provided on the following pages for those who prefer to mail or fax their registration. (*Please note:* Online registrations are confirmed immediately; mail and fax registrations require manual processing.)

You may register by fax or mail if

- You have already been admitted to UMUC as an undergraduate and have registered for courses within the last two years.
- You are enrolled in the Graduate School at UMUC.
- You are a new student who meets the UMUC admission criteria and have submitted your Application for Admission (available at <https://my.umuc.edu>) with the \$50 application fee.
- You were previously enrolled at UMUC but have not attended class in more than two years and have submitted your Application for Admission.
- You are transferring from UMUC overseas and have submitted your Divisional Transfer Form via MyUMUC.
- You are an undergraduate student enrolled in another University System of Maryland institution and have included a letter of permission from your major department. (*Please note:* If additional information is required, your registration could be delayed; you may find your registration processed more quickly if you present your letter of permission in person at the UMUC Academic Center at Largo or at a regional site.)
- All of your financial aid awards are enclosed or have already been confirmed.

You may not register by fax or mail if you are a financial aid applicant without an award letter or a GSL disclosure statement—unless your own payment accompanies the registration form.

## Instructions

1. Complete the registration form, using black ink and printing legibly.
2. If you are currently enrolled as an undergraduate with another institution in the University System of Maryland, be sure to include a letter of permission from your major department along with the registration form.
3. Compute the amount due for tuition and fees. (Refer to p. 8 of this schedule or see [www.umuc.edu/tuition](http://www.umuc.edu/tuition).)
4. Be sure to meet the deadlines listed under Important Dates on p. 3 of this schedule.
5. Either fax your registration to 240-684-2151 or mail it to the Undergraduate Advising, Office of Enrollment Management, University of Maryland University College, 3501 University Boulevard East, Adelphi, MD 20783-8075 USA. Fax registrations require that you already be admitted and that you pay by credit card.

UMUC will mail you a statement of your account.

## Schedule Adjustment

After your registration has been processed, you may make changes online. To do so, access MyUMUC (<https://my.umuc.edu>).

*Note:* Changes in course load may affect financial aid eligibility and VA benefits. Be sure to keep the appropriate office informed of schedule adjustments.

## Army Students

To make use of military tuition assistance, Army students must register via [www.GoArmyEd.com](http://www.GoArmyEd.com). For more information, contact your advisor.

## The Waiting List

If a class is already full at the time of registration, you have the option of placing your name on a waiting list for the class. For information on how the waiting list works, visit [www.umuc.edu/register](http://www.umuc.edu/register). To check on class availability and see if new class sections have been added, go to MyUMUC (at <https://my.umuc.edu>).

## Withdrawals or Dropped Courses

Official withdrawal from a class must occur before 65 percent of the class has been completed. Specific withdrawal deadlines are provided online at [www.umuc.edu/withdrawals](http://www.umuc.edu/withdrawals). For information on how to withdraw from a class, see [www.umuc.edu/register](http://www.umuc.edu/register).

*Please note:* UMUC can honor only withdrawal requests actually received. Failure to withdraw in the required manner will result in the forfeiture of any refund and may result in a failing grade.

Stopping payment on checks for registration fees or not paying at registration does not constitute an official withdrawal or relieve you of your financial obligation to UMUC. Never attending or ceasing to attend classes does not constitute a withdrawal.
