MARYLAND HIGHER EDUCATION COMMISSION

63. R62I00.02 College Preparation/Intervention Program

To add an appropriation on page 109 of the printed bill (first reading file bill), to provide funds for the federal GEAR UP grant program. This is second year funding for the program.

Object 12. Grants, Subsidies and Contributions	1,200,000	
Federal Fund Appropriation		1,200,000

PUBLIC DEBT

64. X00A00.01 Redemption and Interest on State Bonds

To adjust the appropriation shown on page 132 of the printed bill (first reading file bill) to recognize additional bond premium available from the sale of State of Maryland General Obligation Bonds, 2007 First Series.

Object .13 Fixed Charges	0	
General Fund Appropriation		-14,150,879
Special Fund Appropriation		14,150,879

Amendment No. 1:

On page 59, line 15, after the word Commission, insert " and an increase in user fees to fund these costs. "

Clarifies that an increase in fees will be included in the legislation.

Amendment No. 2:

On page 148, line 25, after the word Appropriation, insert " , provided that $5,500,000 of this appropriation may be transferred to M00Q01.07."

This language is necessary to allow DHMH to offset a possible federal fund shortfall in the Maryland Children's Health Program.

Amendment No. 3:

On page 176, line 16, after the word State Archivist, strike " 9906 110,534" and insert " 9907 118,272".

Corrects the salary for the State Archivist.

Judiciary

Budget Amendments

Add the following language:

Provided that a reduction of $115,000 is made for office supplies (comptroller subobject 902). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$82,066
Federal	$3,480
Special	$29,454

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $115,000 to reflect a reduction in office supplies expenditures. The total reduction should be split as indicated above among general, federal, and special funds**.**

Amendment No. 1

Add the following language:

Further provided that a reduction of $200,000 is made for telephone expenses (comptroller subobject 302). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$169,663
Federal	$2,407
Special	$27,930

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $200,000 to reflect a reduction in telephone expenditures. The total reduction should be split as indicated above among general, federal, and special funds.

Amendment No. 2

C00A

Add the following language:

Further provided that a reduction of $127,000 is made for postage expenses (comptroller subobject 301). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$110,921
Federal	$853
Special	$15,226

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $127,000 to reflect a reduction in postage expenditures. The total reduction should be split as indicated above among general, federal, and special funds.

Amendment No. 3

Add the following language:

Further provided that a reduction of $40,000 is made in for cell phone expenditures (comptroller subobject 306). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$38,854
Special	$1,146

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $40,000 to reflect a reduction in cell phone expenditures. The total reduction should be split as indicated above among general and special funds.

Amendment No. 4

C00A

Add the following language:

Further provided that a reduction of $518,000 is made for travel expenses (comptroller object 04). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$485,304
Federal	$12,836
Special	$19,860

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $518,000 to reflect a reduction in cell phone expenditures. The total reduction should be split as indicated above among general, federal, and special funds.

Amendment No. 5

Add the following language:

Further provided that a reduction of $4,135,178 is made for employee turnover (comptroller subobject 189). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$3,907,420
Federal	$39,837
Special	$187,921

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $4,135,178 to reflect a turnover rate increase of approximately 4.4%. The total reduction should be split as indicated above among general, federal, and special funds.

Amendment No. 6

C00A

Add the following language:

Further provided that a reduction of $16,000 is made for advertising and publication expenses (comptroller subobject 801). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$15,673
Special	$327

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $16,000 to reflect a reduction in advertising and publication expenditures. The total reduction should be split as indicated above among general and special funds.

Amendment No. 7

Add the following language:

Further provided that a reduction of $160,000 is made for education and training expenses (comptroller subobject 819). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$156,762
Special	$3,238

Explanation: This action reduces the Judiciary's fiscal 2008 allowance by $160,000 to reflect a reduction in training and education expenditures. The total reduction should be split as indicated above among general and special funds.

Amendment No. 8

C00A

C00A00.03 Circuit Court Judges

Add the following language to the general fund appropriation:

, provided that $393,245 included in the appropriation for two circuit court judges and two judicial law clerks is contingent upon enactment of SB 60/HB 58 to authorize new circuit court judges.

Explanation: New circuit court judges are created by enactment of legislation. The circuit court judges' appropriation includes $393,245 for two additional judges and two judicial law clerks. These positions should only be created upon the enactment of legislation authorizing two new circuit court judges.

Amendment No. 9

C00A00.04 District Court

Add the following language to the general fund appropriation:

, provided that $413,828 included in the District Court appropriation for two new District Court judges is contingent upon enactment of SB 60/HB 58 to authorize two new District Court judges, related courtroom clerks, and bailiffs.

Explanation: New District Court judges are created by enactment of legislation. The District Court Program includes $413,828 for two new District Court judges, two courtroom clerks, and two contractual bailiff positions. These positions should only be created upon the enactment of legislation authorizing two new District Court judges.

Amendment No. 10

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Delete 15 new positions and deny 9 contractual conversions for the District Court. This action will mitigate statewide position growth while funding 32 new positions and 4 contractual conversions within the District Court.	577,418	GF	24.00

- Baltimore City – 2 civil clerks;
- Charles County – 1 civil clerk;

- Prince George's County – 1 domestic violence/peace order clerk;
- Montgomery County – 1 District Court clerk and 1 criminal traffic clerk;
- Anne Arundel County – 1 domestic violence/peace order clerk;
- Baltimore County – 1 civil clerk;
- Harford County – 1 domestic violence/peace order clerk;
- Carroll County – 1 domestic violence/peace order clerk and 1 courtroom clerk;
- Howard County – 1 civil/drug court clerk;
- Frederick County – 1 courtroom clerk;
- Washington County – 1 courtroom clerk;
- Alternative Dispute Resolution Quality Assurance – 1 manager; and
- 9 contractual conversions – 3 civil clerks, 3 records room clerks, 2 stock clerks, and 1 administrative assistant.

2.	Reduce contractual services in the District Court program by $492,000. This reduction will appropriate $5,454,411 in contractual services within this program in fiscal 2008.	492,000	GF	
3.	Reduce additional equipment within the District Court program by $497,000. This reduction will appropriate $609,200 in contractual services within this program in fiscal 2008.	497,000	GF

Amendment No. 11

C00A00.06 Administrative Office of the Courts

Add the following language:

Provided that it is the intent of the General Assembly that the Judiciary develops a statistical methodology for determining annual magisterial need. A report outlining the statistical methodology for determining the Judiciary's fiscal 2009 magisterial needs shall be submitted to the budget committees by November 1, 2007, and the budget committees shall have 45 days to review and comment.

Explanation: This language requires the submission of a report by the Judiciary's Administrative Office of the Courts regarding the development of a statistical methodology for determining annual magisterial needs.

Information Request	Author	Due Date
Report on the development of a statistical methodology for magisterial needs	Judiciary	November 1, 2007

Amendment No. 12

C00A

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funding to purchase two new vehicles. Both vehicles are projected to have less than 100,000 miles by the end of fiscal 2008.	32,000	GF	
2. Reduce drug court funding by $433,197. This reduction will fund two new drug court positions while sustaining the Judiciary's current level of drug court operations. If the reduction is adopted, the remaining appropriation will total $5,871,939.	433,197	GF	
3. Delete three new positions and four contractual conversions in the Administrative Office of the Courts. This action will fund five new positions and three contractual conversions.	169,553	GF	7.00
• 1 office clerk;			
• 1 procurement specialist;			
• 1 director of disaster recovery; and			
• contractual conversions – 1 accounting specialist, 1 finance assistant, 1 office clerk, and 1 stock clerk.

Amendment No. 15

C00A00.10 Clerks of the Circuit Court

Add the following language to the general fund appropriation:

, provided that $67,375 included in the appropriation for two courtroom clerks is contingent upon enactment of SB 60/HB 58 to authorize two additional circuit court judges.

Explanation: New circuit court judges are created by enactment of legislation. The Clerks of the Circuit Court appropriation includes $67,375 for two new courtroom clerks for the two new judges. These positions should only be created upon the enactment of legislation authorizing two new circuit court judges.

Amendment No. 16

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete 32 new positions and deny 12 contractual conversions for the circuit court clerk of court. This action will mitigate statewide position growth while funding 37.5 new positions within the circuit court clerk of the court.	937,061 201,584 13,138	GF SF FF	44.00

Amendment No. 17

C00A

C00A00.11 Family Law Division

Add the following language to the general fund appropriation:

, provided that $105,320 of the appropriation for the Truancy Pilot Reduction Program is contingent upon the enactment of HB 1325 or other legislation continuing the pilot program.

Explanation: The bill establishing the Truancy Reduction Pilot Program is scheduled to terminate on June 30, 2007. This language makes the appropriation contingent upon the enactment of legislation continuing the pilot program.

Amendment No. 18

JUDICIARY

C00A00.12 Major Information Technology Development Projects

Add the following language to the general fund appropriation:

, provided that $248,000 of the appropriation for electronic traffic citations (T012) is contingent upon the enactment of SB 587/HB 459 authorizing the electronic filing of citations. The Judiciary shall also submit a status report by May 1, 2008, outlining the project's estimated return on investment and the projected timeline for implementing the e-citations initiative.

Explanation: Legislation must be enacted to file traffic citations electronically. This action makes $248,000 of the appropriation for electronic citations contingent upon the enactment of legislation.

Information Request	Author	Due Date
Status Report	Judiciary	May 1, 2008

Amendment No. 19

Add the following language to the general fund appropriation:

Further provided that $900,000 of the appropriation for the Administrative Office of the Courts Back Office System (T008) may not be expended until the Judiciary submits a final requirements analysis report to the budget committees for review and comment. The budget committees shall have 45 days from the date of receipt of the report to review and comment.

Explanation: This action restricts funds pending the final submission of a requirements analysis outlining the strategic direction of the Administrative Office of the Court's (AOC) Back Office System.

Information Request	Author	Due Date
Final requirements analysis report	Judiciary	45 days prior to expenditure

Amendment No. 20

Add the following language to the general fund appropriation:

Further provided that $845,600 of the appropriation for the revenue collection systems replacement project (T007) may not be expended until the Judiciary submits a final requirements analysis report to the budget committees for review and comment. The budget committees shall have 45 days from the date of receipt of the report for review and comment.

Explanation: This action restricts funds pending the final submission of a requirements analysis outlining the strategic direction of the Judiciary's revenue collection systems replacement.

Information Request	Author	Due Date
Final requirements analysis report	Judiciary	45 days prior to expenditure

Amendment No. 21

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funding to create an additional delinquency court program.	55,000	GF	
2. Reduce funding for Major Information Technology Project development – Jury Management System. This will appropriate $600,000 in fiscal 2008 for the new system.	400,000	GF	
3. Reduce expenditures for the revenue collections replacement system by $825,000. This reduction will appropriate $845,000 for this project.	825,000	GF	

4.	Reduce ePayment system expenditures by $233,415. This action will appropriate $286,585 in fiscal 2008 for this project.	233,415	GF	
5.	Reduce the Administrative Office of the Courts Back Office System expenditures by $825,000. This action will appropriate $900,000 in fiscal 2008.	825,000	GF	
6.	Reduce expenditures for the case management modernization system by $115,000. This action will appropriate $2,732,200 in fiscal 2008 for this project.	115,000	GF	
7.	Reduce expenditures for the e-License system by $115,000. This action will appropriate $1,219,670 in fiscal 2008 for this project.	115,000	GF	
	Total Reductions	2,568,415		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	10,522,570	7,954,155	2,568,415	
Special Fund	3,435,500	3,435,500	0	
Total Funds	**13,958,070**	**11,389,655**	**2,568,415**	

Amendment No. 22

Add the following language to the special fund appropriation:

, provided that $920,000 of the appropriation for electronic recording (subprogram T005) is contingent upon the enactment of SB 143/HB 331 allowing land records to be recorded electronically. Further provided that the Judiciary must undergo an independent validation and verification review of the pilot system.

Explanation: Legislation must be introduced which allows land records to be recorded electronically. This language makes the appropriation for electronic recording contingent upon the enactment of such legislation. The language also directs the Judiciary to undergo an independent validation and verification review of the proposed system.

Amendment No. 23

Committee Narrative

Submission of a Report on the Adoption of Managing for Results (MFR) Performance Measures: The Judiciary shall submit a report to the committees evaluating the feasibility of adopting and/or incorporation of the court performance measures developed by the National Center for State Courts (NCSC) as part of the Judiciary's annual MFR data.

Information Request	Author	Due Date
Report on the feasibility of adopting NSCS performance measures	Judiciary	November 1, 2007

Submission of an Annual Report on Problem-Solving Courts in Maryland: The budget committees are concerned about the lack of historical outcome data and statistics regarding Maryland's problem-solving courts. By November 1, 2007, and annually thereafter, the Judiciary shall submit an annual report on all problem-solving courts (e.g., drug court, gambling court, truancy court, mental health court, and delinquency court programs) in Maryland. The report shall include, but is not limited to data regarding problem-solving courts' demand, program capacity, program graduation rates by county and program, expenditures and grant distribution, performance measures related to demographics, referrals, admissions, completions (both successful and unsuccessful), treatment contact, supervision contacts, judicial contacts, drug/alcohol testing results, sanctions and incentives, participants' average length of time in the program, and new arrests. Prior to developing the report, the Judiciary should consult with the Department of Legislative Services in determining appropriate data to include in the report.

Information Request	Author	Due Date
Submission of an Annual Report on Problem-Solving Courts in Maryland	Judiciary	November 1, 2007 and annually thereafter

Submission of a Follow-up Report Addressing Department of Legislative Services' Recommendations and Observations Regarding the Cost Evaluations of the Harford County Juvenile Program and the Anne Arundel County and Baltimore City Adult Drug Court Programs: The efficacy of Maryland's adult and juvenile drug court treatment programs has become a primary concern to many of Maryland's legislators. In November 2006, the Judiciary submitted cost evaluations of the Harford County Juvenile program and the Anne Arundel County and Baltimore City adult drug court programs. The Department of Legislative Services (DLS) reviewed these evaluations and provided several observations and recommendations. A full report of DLS' findings may be found in "Maryland's Drug Courts: An Evaluation," Department of Legislative Services, January 2007. The Judiciary shall submit a follow-up report to the committees by November 15, 2007, that specifically addresses the

C81C
Office of the Attorney General

Budget Amendments

Add the following language:

Provided that the Office of the Attorney General may not fill or expend funds for position numbers NEW006, NEW007, NEW008, NEW013, NEW015, and NEW017 until:

(1) the agency submits a long-term staffing analysis and plan, including:

(a) the long-term mission and strategic plan for the agency;

(b) current staffing levels (attorneys and support staff) within each function and the extent of employees' duties and responsibilities within these functions;

(c) an explanation as to how the duties and responsibilities of each of the new positions received relate to the agency's long-term mission and strategic plan; and

(2) the budget committees shall have 45 days from the date of receipt of the report to review and comment.

Explanation: This action restricts new positions (gang violence prosecution – 2 attorneys and 1 administrator; gun trafficking – 1 attorney and 1 fraud investigator; and consumer identity theft – 1 identity theft administrator) approved in the fiscal 2008 legislative appropriation until the Office of the Attorney General (OAG) submits a report on its long-term staffing analysis and plan.

Information Request	Author	Due Date
Submission of a Staffing Analysis and Plan	OAG	45 days prior to expending funds for new positions

Amendment No. 26

C81C00.01 Legal Counsel and Advice

Add the following language to the general fund appropriation:

, provided that $278,848 of this appropriation and the following three positions (NEW006, NEW007, and NEW008), are contingent upon enactment of SB 632/HB 713 authorizing the Office of the Attorney General to aid local State's Attorneys in the prosecution of criminal gang activity.

Explanation: The legal counsel and advice appropriation includes $278,848 for three gang violence positions (two attorneys and one administrator). These positions should only be created upon the enactment of legislation authorizing the Attorney General to aid local State's Attorneys in the prosecution of criminal gang activity.

Amendment No. 27

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce general funds for turnover expectancy. This increases the turnover rate to 25% for 4 out of the 6 recommended positions. The general fund reduction shall be allocated among the divisions.	70,028	GF	
2. Delete funding for a new Montgomery County office location as the move is premature. Additional research is warranted in this area.	198,000	GF	
3. Reduce rent expense for the environmental crimes and gang prosecution units.	41,580	GF	
4. Delete three of the new positions within the Legal Counsel and Advice Division. This action will fund three gang violence positions (two attorneys and one administrator).	254,365	GF	3.00

Amendment No. 30

Committee Narrative

Status Report on the Proposed Montgomery County Relocation: The budget committees are concerned that the Office of the Attorney General's (OAG) decision to move its Criminal Appeals Division is premature. OAG should submit a report evaluating the feasibility of moving the Criminal Appeals Division to Montgomery County. The report should address OAG's location needs, the potential impact of the move on staff resources and work productivity, and possible alternatives, including the viability of moving the Criminal Appeals Division to Annapolis, Maryland.

Information Request	Author	Due Date
Submission of a Status Report on the Proposed Montgomery County Relocation	OAG	July 1, 2007

C90G
Public Service Commission

Budget Amendments

Add the following language:

Provided that the Public Service Commission (PSC) shall submit a report to the budget committees by August 1, 2007, outlining the legislative history behind the agency's ability to conduct routine reclassifications and promotions without approval of the Department of Budget and Management (DBM) and a justification as to why this practice should be continued in the future. The report shall also include:

(1) the salary range for each position within the agency;

(2) a description of the process utilized by PSC for submitting reclassifications or general salary increases to DBM; and

(3) a definition of "routine re-classifications" and a listing of any type of salary adjustment that can be made by the agency without prior approval and/or notice to DBM.

The committees shall have 45 days to review and comment following the receipt of the report.

Explanation: This language requires the submission of report by the Public Service Commission regarding the agency's employee compensation system.

Information Request	Author	Due Date
Submission of an Employee Compensation Report	PSC	August 1, 2007

Amendment No. 31

C90G00.01 General Administration and Hearings

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce allowance for telephone expenses based on fiscal 2006 actual expenditures plus inflation. Telephone expenditures were $13,718 in fiscal 2006. This reduction appropriates $15,124. This reduction shall be allocated among all the divisions.	6,076 SF	

2. Reduce allowance for postage expenses based on fiscal 2006 actual expenditures plus inflation. Postage expenditures were $31,263 in fiscal 2006. This reduction appropriates $34,467. This reduction shall be allocated among all the divisions. 3,033 SF

Total Reductions 9,109 0.00

Amendment No. 32

C91H
Office of the People's Counsel

Budget Amendments

Add the following language:

The General Assembly is extremely concerned that the Office of the People's Counsel (OPC) overspent its fiscal 2006 legislative appropriation as a result of employee salary increases. It is the intent of the General Assembly that additional review and evaluation take place regarding the independence of OPC's compensation system. OPC shall submit a report to the budget committees by August 1, 2007, outlining the legislative history behind the agency's ability to conduct routine reclassifications and promotions without approval of the Department of Budget and Management (DBM) and a justification as to why this practice should be continued in the future. The report shall also include:

(1) the salary range for each position within the agency;

(2) a description of the process utilized by OPC for submitting reclassifications or general salary increases to DBM;

(3) a definition of "routine re-classifications" and a listing of any type of salary adjustment that can be made by the agency without prior approval and/or notice to DBM; and

(4) an explanation as to how the agency plans to absorb and/or pay for the fiscal 2006 over expenditure.

The committees shall have 45 days to review and comment following the receipt of the report.

Explanation: The Office of Legislative Audits' statewide review of budget closeout transactions for fiscal 2006 revealed that the Office of the People's Counsel (OPC) overspent its legislative appropriation. The General Assembly is concerned that OPC overspent its fiscal 2006 legislative appropriation as a result of employee salary increases. This language requires the submission of report by OPC regarding the agency's employee compensation system and an explanation as to how the agency plans to absorb the fiscal 2006 over expenditure.

Board of Public Works

Budget Amendments

D05E01.10 Miscellaneous Grants to Private Non-Profit Groups

Add the following language to the general fund appropriation:

, provided that $250,000 of this appropriation made for the purpose of providing a grant to the Maryland Zoo in Baltimore shall not be expended until the General Assembly has received a comprehensive report that provides an assessment of the Zoo's financial challenges and physical plant condition. Representatives from the Maryland Zoological Society, Inc. shall collaborate with State and local government officials from including but not limited to the Department of Budget and Management, the City of Baltimore, the Department of Business and Economic Development, and the Maryland State Department of Education in the preparation of the report. The report shall be submitted on or before September 1, 2007, and include recommendations for improving the Zoo's short and long-term financial stability and physical plant condition. At a minimum, the report shall provide recommendations on the following:

(1) controlling expenditures and increasing revenues, including strategies for increasing private and philanthropic fund raising and financial contributions from non-State public sources;

(2) improvements to the Zoo's attendance, including an assessment of the ticket pricing policy and tourism/marketing strategies; and

(3) improvements to the Zoo's physical plant, including a comprehensive physical plant master plan assessment that provides project schedules, cost estimates, proposed funding sources, and evaluation of the improvements necessary to ensure that the visitor experience is maximized.

Further provided that the budget committees shall have 45 days to review and comment on the report prior to the release of funds.

Explanation: This language restricts from expenditure a portion of the general fund appropriation to the Maryland Zoo in Baltimore until the General Assembly receives a report that addresses the Zoo's financial and physical plant condition and provides recommendations for improving the Zoo's financial situation.

Amendment No. 36

D13A
Executive Department
Maryland Energy Administration

Budget Amendments

D13A13.01 General Administration

Add the following language to the general fund appropriation:

, provided that $100,000 of the general fund appropriation may not be expended until the Maryland Energy Administration (MEA), in collaboration with the Department of Budget and Management (DBM), has submitted a report on what would be needed to develop and implement a State energy plan. This report shall include whether MEA would be the appropriate State agency to accomplish this task, and if so, then how MEA would need to be staffed and funded; where it would be located (as an independent agency or folded into another agency); and what executive powers it would need to be authorized. If MEA is determined to not be the appropriate State agency to accomplish the development and implementation of a State energy plan, then the report shall detail what role, if any, MEA will play as the State's energy policy agency. The report shall be submitted to the budget committees by November 1, 2007, and they shall have 45 days to review and comment following receipt of the report.

Explanation: The General Assembly is concerned that Maryland needs a State energy plan, but that the State's energy policy agency – the Maryland Energy Administration (MEA) – lacks the personnel, funding, resources, and mission/direction to accomplish the development and implementation of such a plan. Therefore, MEA, in collaboration with the Department of Budget and Management (DBM), should submit a report by November 1, 2007, that provides a summary of what would be needed to develop and implement a State energy plan, whether MEA would be the appropriate State agency to accomplish this task, and if so, then how MEA would need to be staffed and funded; where it would be located (as an independent agency or folded into another agency); and what executive powers it would need to be authorized. If MEA is determined to not be the appropriate State agency to accomplish the development and implementation of a State energy plan, then the report should detail what role, if any, MEA will play as the State's energy policy agency. In addition, the budget committees anticipate having a hearing in the beginning of November concerning the findings of the report.

Information Request	Authors	Due Date
Report on the responsibility for development of a State energy plan	MEA DBM	November 1, 2007

Amendment No. 37

D13A

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funding for an administrator I position (056323) that has been vacant longer than a year. This reduction still leaves the Maryland Energy Administration (MEA) with a vacant position that has been vacant less than a year.	46,601	FF	1.00
2. Reduce by $700,000 funding for the Solar Energy Grant Program because halfway through fiscal 2007 (January 16, 2007) only $177,096 had been disbursed in solar energy grants and approximately $20,000 in geothermal grants. At this rate, approximately $400,000 will be disbursed in total in fiscal 2007 and approximately $1.1 million would be cancelled. The $700,000 reduction still leaves the program with $500,000 in general funds, which would be a 25% increase over the fiscal 2007 estimate of grants disbursed.	700,000	GF	
Total Reductions	746,601		1.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	18.00	17.00		1.00
General Fund	1,675,647	975,647	700,000

Amendment No. 38

D13A13.04 Energy Efficiency and Economic Development Loan Program

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funds for the Energy Efficiency and Economic Development Loan Program. The Green Building Tax Credit is available to help Maryland businesses offset the costs of energy efficient building construction. Furthermore, the department cannot	500,000	SF	

substantiate the need for these funds based on a project pipeline. Therefore, the State should focus limited capital resources on promoting energy efficiency within government and community buildings to help reduce growing energy costs. To do this, the agency should consider dedicating these special funds to either the State Agency Loan Program or the Community Energy Loan Program via budget amendment.

Total Reductions 500,000 0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Special Fund	500,000	0	500,000	
Total Funds	**500,000**	**0**	**500,000**	

Amendment No. 39

D15A
Executive Department
Boards, Commissions and Offices

Committee Narrative

Performance Measures: With the fiscal 2008 budget submission, the Governor's Office of Crime Control and Prevention included new performance measures that reflected the office's role as a grant administrator. The measures included ones that track grantee application requirements and other factors involved in the front-end of grant disbursement. However, not included are any measures to gauge the effectiveness of the grants after they are awarded. The committees understand that the office receives voluminous data from grantees reporting on progress. The committees request that the office use this data to create a performance measure on the number of grantees that meet the crime control or community safety goals that were outlined in grant applications. The office should also include any other measure that would be useful in gauging the effectiveness of grant programs.

D18A18.01 Governor's Office for Children

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation may not be expended until provisions requiring training for residential child care program employees on allowable uses of restraint have been added to the core regulations governing residential child care programs.

Explanation: Currently the core regulations governing residential child care programs do not require that employees of residential child care programs be trained in the allowable use of restraints. This language restricts funds in the Governor's Office for Children until regulations requiring such training are adopted.

Amendment No. 41

D25E
Board of Public Works
Interagency Committee on School Construction

Budget Amendments

D25E03.02 Aging School Programs

Add the following language to the general fund appropriation:

, provided that $5,500,000 of this appropriation shall be reduced contingent on enactment of SB 986 – Qualified Zone Academy Bonds that restricts $5,500,000 for the Aging Schools grants.

Explanation: Reduce funding for the Aging Schools Program by $5.5 million contingent on enactment of SB 986 authorizing the sale of Qualified Zone Academy Bonds (QZABs). This language replaces the general funds with an equal amount of QZABs that will be restricted for the Aging Schools Program to fully fund the statutory program.

Amendment No. 42

Add the following language:

Further provided that $10,291,590 of this appropriation for the Technology in Maryland Schools program may only be expended for lease financing requirements. Funds restricted herein for the Technology in Maryland Schools program but not expended shall revert to the general fund.

Explanation: In fiscal 2006, the Technology in Maryland Schools program reverted approximately $426,000 in general funds. Estimating the funding level required for payments on the lease financing agreement has proven difficult, resulting in excess funds appropriated to the program in some years.

Amendment No. 43

Add the following language:

Further provided that $2,000,000 of this appropriation may not be expended until the Interagency Committee on School Construction issues guidelines for local education agencies to use in long-term planning for major systems repair and replacement needs. The guidelines shall be submitted to the budget committees and they shall have 45 days to review and comment.

Explanation: The Interagency Committee on School Construction (IAC) must provide guidelines to local education agencies for long-term major systems repair and replacement planning. With more annual preventive maintenance inspections completed now that IAC has

two full-time inspectors, better coordination of long-term needs for repair and replacement of major building systems should be possible. The budget committees shall have 45 days to review and comment.

Information Request	Author	Due Date
Guidelines for planning major systems repair and replacement needs	IAC	45 days prior to release of funds

Amendment No. 44

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for the Aging Schools Program by $1,127,000. Local education agencies will still receive $10,370,000 in statutory grants, an upward adjustment for inflation, and "hold harmless" grants in six counties for total funding of $11,381,986. The reduction applies only to the enhancement that six counties would receive in the allowance. In aggregate, these six counties will be receiving an estimated $119 million in additional education aid in fiscal 2008, most of which could be used for the same purposes as the Aging Schools Program.	1,127,000	GF	
Total Reductions	1,127,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	22,800,576	21,673,576	1,127,000	
Total Funds	**22,800,576**	**21,673,576**	**1,127,000**	

Amendment No. 45

D26A
Department of Aging

Budget Amendments

D26A07.01 General Administration

Add the following language to the general fund appropriation:

, provided that $442,210 of this appropriation for the hold harmless provision may not be expended until the Department of Aging submits a report to the budget committees detailing how the hold harmless and Older Americans Act funding will be distributed in fiscal 2008 and the budget committees shall have 45 days from the receipt of the report to review and comment.

Explanation: In the absence of legislative action, distribution of the fiscal 2008 Older Americans Act funds will be at the discretion of the Department of Aging, which anticipates distributing the funds according to the existing formula. Also, the hold harmless provision was not mandated for fiscal 2008, but the allowance includes funding for the hold harmless provision. However, in fiscal 2008, the distribution of the hold harmless funds is also at the discretion of the Department of Aging. The language withholds the hold harmless funds pending a report detailing how the hold harmless and Older Americans Act funding will be distributed in fiscal 2008.

Information Request	Author	Due Date
Plan for distributing the hold harmless and Older Americans Act funding in fiscal 2008	Department of Aging	45 days prior to the release of funds

Amendment No. 46

D27L
Commission on Human Relations

Budget Amendments

D27L00.01 General Administration

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete one new statistical analyst II position from the commercial non-discrimination unit. The fiscal note written to support the legislation creating this new function within the Maryland Commission on Human Relations (MCHR) estimated no cost increase for this new unit. However, the legislation was originally written with the Office of the Attorney General (OAG) administering the policy, with the help of volunteers from the business community as necessary. The OAG's office is much larger than the MCHR, making it easier for it to absorb additional responsibilities, especially given position reductions taken at MCHR in recent years. However, uncertainty remains over future staffing needs related to the policy. Therefore, one (NEW001) of two new positions in the allowance is deleted (one additional new position was added in fiscal 2007 through Board of Public Works action after the allowance was submitted). If the policy significantly adds to the workload, MCHR can request additional positions in future budgets.	22,416	GF	1.00

Total Funds	**3,542,629**	**3,520,213**	**22,416**	

Amendment No. 47

D28A
Maryland Stadium Authority

Budget Amendments

Add the following language:

Provided that:

(1) no funds may be expended for the purpose of hiring legal counsel outside of the Office of the Attorney General (OAG) until OAG has had up to 20 business days to review and approve or disapprove the contract, including any retainer agreement entered into after July 1, 2007. If OAG has not responded in 20 business days, the Maryland Stadium Authority (MSA) may proceed with the contract; and

(2) (i) MSA shall provide to OAG detailed information on existing contracts for legal counsel, including copies of existing contracts, including the name of legal counsel, exact issue and specific nature and scope of work, rate of compensation, and compensation paid to date; and

(ii) MSA may retain legal counsel under existing contracts until such time as the tasks or issues related to those contracts are completed.

Explanation: In 2004, MSA hired an attorney for $114,740 to explore litigation against Major League Baseball concerning the introduction of the Washington Nationals Team. This language would prevent MSA from hiring legal counsel, including any retainer agreement entered into after July 1, 2007, to work on prospective tasks or issues outside of OAG without the OAG's approval within 20 business days. The language also requires MSA to provide information to OAG about its existing contracts for legal counsel.

Amendment No. 48

Committee Narrative

Personnel Management, Construction Procurement, and Internal Checks and Balances: In February 2007, the Office of Legislative Audits released its audit of the Maryland Stadium Authority (MSA) for the period beginning January 1, 2003 and ending May 31, 2006. The auditors had several findings related to personnel management and construction procurement. The committees are concerned about these findings and whether there are adequate checks and balances in MSA leadership that could have prevented some of the findings.

The committees request that MSA submit the following information: a personnel severance policy, standard operating procedures concerning construction bids, job descriptions for the executive director and general counsel positions, and assurance that the board of directors conducts performance evaluations of the executive director and general counsel.

Amendment No. 49

D40W
Department of Planning

Budget Amendments

D40W01.08 Office of Museum Services

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce Office of Museum Services grants to further encourage a more realistically competitive grant process. The Office of Museum Services' Museum Advancement Grant Program had a fiscal 2006 actual expenditure of $378,519 and a fiscal 2007 working appropriation of $2,241,000 (including the first installment of a grant to the Women's Heritage Museum). The fiscal 2008 allowance is currently $1,509,691, which includes $250,000 for the second installment of a grant to the Women's Heritage Museum. By reducing the fiscal 2008 allowance by $259,691, the Office of Museum Services still has a $1,000,000 budget for the Museum Advancement Grant Program, which is a 264% increase from the fiscal 2006 actual appropriation. In addition, this leaves intact the $250,000 grant to the Women's Heritage Museum.	259,691	GF	
Total Reductions	259,691		0.00

Amendment No. 50

D40W

D40W01.12 Heritage Structure Rehabilitation Tax Credit

Add the following language:

Provided that authorization is hereby granted to process a special fund deficiency appropriation in an amount up to $10,000,000 from the balance of funds available in the Heritage Structure Rehabilitation Tax Credit Fund to provide a special fund appropriation for the purpose of funding historic rehabilitation tax credits during fiscal 2008. Further provided that these funds shall be distributed in accordance with Section 5A-303 of the State Finance and Procurement Article.

Explanation: This language allows the Maryland Department of Planning to bring in up to $10,000,000 in special funds from the balance of funds available in the Heritage Structure Rehabilitation Tax Credit Fund. This authority to add a special fund appropriation will allow additional tax credits to be provided during fiscal 2008 over and above what can be provided from the general fund appropriation. The projected fiscal 2007 year end balance available for appropriation is estimated at $9,978,195.

Amendment No. 51

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce funds for the Maryland Heritage Structure Rehabilitation Tax Credit by $15.0 million in order to help alleviate the State's structural deficit. A $15.0 million appropriation is still available for the tax credit. In addition, budget bill language authorizing a deficiency appropriation from the balance of funds available in the Heritage Structure Rehabilitation Tax Credit Fund provides an additional $10.0 million in special fund appropriations.	15,000,000	GF	
Total Reductions	15,000,000		0.00

Military Department

Budget Amendments

MILITARY DEPARTMENT OPERATIONS AND MAINTENANCE

D50H01.06 Maryland Emergency Management Agency

Add the following language:

It is the intent of the General Assembly that the Military Department include in future budget submissions the line item detail for the Maryland State Firemen's Association grants, including administrative expenses, the Trustee's Relief Account (Widows and Orphans Fund), and the Volunteer Company Assistance Fund's grants and loans. It is also the intent of the General Assembly that the Military Department shall include the revenue sources that support each expenditure. Three years of detail shall be included, showing the most recent actual expenditure, the current year working appropriation, and the allowance.

Explanation: This language expresses the intent of the General Assembly that the Military Department clearly enumerates the expenditures and revenue sources for the Maryland State Firemen's Association grant program.

Amendment No. 55

D55P
Department of Veterans Affairs

Committee Narrative

D55P00.05 Veterans Home Program

Performance Standards and Incentives for the Contract to Manage Charlotte Hall Veterans Home: The contract for the operation and management of the Charlotte Hall Veterans Home provides for service in 12 functional areas: administration, nursing, social services, dietary, facilities maintenance and plant operations, housekeeping, laundry, physical therapy/rehabilitation, activities and recreation, admissions and marketing, medical records, and security. The failure to effectively provide the services contracted for by the Department of Veterans Affairs (DVA) has the potential to impact the health of those veterans and their spouses.

The contract to manage Charlotte Hall is very large at $190.1 million over six years but includes no guarantees to ensure that the services contracted for are actually delivered. Performance contracting, instead of specifying exactly how services are to be delivered, specifies what outcomes are expected in the successful implementation of the service provided by the contract. The committees request that DVA develop a set of performance standards and incentives to include in the Request for Proposal (RFP) for the Management Services Contract for Charlotte Hall Veterans Home. The requirements for a true performance-based contract outlined by the United States General Accounting Office should guide the development of the standards and incentives. The committees request that DVA submit a report with a list of those standards and incentives to the committees by December 15, 2007.

Total Funds	**561,669**	**461,669**	**100,000**	

Amendment No. 57

Committee Narrative

General Funds Should Be Phased Out Over Three Years Beginning in Fiscal 2008: In the 2004 legislative session, the General Assembly added budget bill language expressing the intent that State support for Canal Place should end when State-funded capital projects are complete. These capital projects are substantively complete and so State funding should be phased out beginning in the fiscal 2008 budget. The General Assembly intends for general funds to be phased out over three years. Accordingly, the fiscal 2009 budget would be reduced by $100,000 – approximately one-third of current funds – and the 2010 budget would contain the final general fund appropriation equal to approximately one-third of the current level.

Amendment No. 60

E00A

Committee Narrative

Customer Satisfaction with Web-based Services: The Comptroller reports that 100% of its services and information is web-enabled based on the 2000 Electronic Government Initiative. Despite this success, the office seeks to expand its interactive capabilities. In order to inform this process prior to any budgetary appropriation, the budget committees request that the Comptroller's Office survey the customers of its web-enabled services. The survey should gauge the customers' level of usage, satisfaction with current services, and assessment of current and future needs. Satisfaction results should be included in the office's annual Managing for Results submission.

E20B
State Treasurer's Office

Budget Amendments

BOND SALE EXPENSES

E20B03.01 Bond Sale Expenses

Add the following language:

Provided that no funds may be expended for the purpose of preparing for or issuing variable rate debt until the State Treasurer's Office develops written policies addressing the following topics as recommended by the Government Finance Officers Association:

(1) the purposes for which debt may be issued;

(2) legal debt limitations;

(3) types of debt and the criteria for issuance;

(4) structural features that may be considered;

(5) credit objectives;

(6) methods of sale;

(7) method of selecting outside finance professionals;

(8) refunding policy;

(9) disclosure practices; and

(10) reporting requirements.

Explanation: Beginning in fiscal 2008, the State may begin issuing variable rate debt. As yet, written policies do not exist on how and when variable rate debt would be issued. This language restricts funds budgeted for preparing for and issuing variable rate debt until such policies have been developed.

E75D
State Lottery Agency

Budget Amendments

E75D00.01 Administration and Operations

Add the following language to the special fund appropriation:

, provided that no funds may be expended or committed to develop or implement any new lottery game using class II or class III gaming machines, or any other gaming device which plays or functions in a manner similar to a slot machine or a video lottery terminal, unless that new game or machine is specially authorized by an act of the General Assembly.

Explanation: This language requires the General Assembly to authorize the development or implementation of any new lottery game using class II or class III gaming machines or any device which simulates a slot machine or video lottery terminal.

Amendment No. 64

Add the following language to the special fund appropriation:

Further provided that this appropriation may not be increased by budget amendment or otherwise except for increases in instant ticket printing, freight costs, and vendor fees when sales exceed the projections upon which the budget is based.

Explanation: This language allows the Lottery to increase its budget by amendment only for costs specifically related to sales beyond budgetary projections. Any other requests should be handled through a deficiency appropriation which is subject to legislative approval.

Amendment No. 65

Add the following language to the special fund appropriation:

Further provided that no part of this appropriation may be used for the implementation of a new lottery game until the Legislative Policy Committee has had 45 days to review and comment on the implementation of the new game. The agency may change the odds of existing games and it may develop new themes for instant ticket games.

Explanation: This language requires legislative review prior to the implementation of a new lottery game. The language is not intended to prevent the Lottery from introducing new themes for instant ticket games, such as those related to holidays or special promotions, nor is it intended to prevent the Lottery from changing the odds of existing games.

E75D

Information Request	Author	Due Date
Description and justification for any new game(s)	State Lottery Agency	45 days prior to implementation

Amendment No. 66

Committee Narrative

Telecommunication Costs Related to the On-line Gaming System: As part of its contract with its on-line gaming system vendor, the Lottery connects to agents via satellite connections rather than land-based telecommunication lines. Previously, the Lottery connected to agents with land-based lines.

The committees are concerned that the State has invested significant amounts in developing high-speed land line connections of which the Lottery was a significant user and now the Lottery no longer uses them. The committees request that the Lottery provide information on the cost of using satellite connections compared to land line connections. The committees understand that the specific amount for telecommunications costs in its vendor contracts has been reduced from about $4 million per year to $45,000 per year, and so the Lottery should provide specific line-item detail about costs in its entire new vendor contract so that increases and decreases from previous spending can be traced.

Amendment No. 67

F
Department of Budget and Management

Committee Narrative

OFFICE OF THE SECRETARY

F10A01.01 Executive Direction

Performance-based Contracting: The committees are concerned that State agencies pay too little attention to performance when monitoring contracts. By including specific performance goals and outcomes within contracts and linking payment to performance, agencies can encourage innovation and cost-effective delivery from contractors while yielding better outcomes and lower costs. Monitoring outcomes will also hold contractors and agencies more accountable for the considerable State dollars spent on contracts. The committees request the Department of Budget and Management, in consultation with the Departments of Transportation and General Services and the Board of Public Works, to augment the current pro forma supporting documentation that is presented to the Board of Public Works to include a designation of a proposed contract as performance-based or otherwise; how performance is being measured within a contract; how performance is linked to payment; and, where applicable, past contractor performance.

Budget Amendments

OFFICE OF PERSONNEL SERVICES AND BENEFITS

F10A02.01 Executive Direction

Add the following language to the general fund appropriation:

, provided that $150,000 of this appropriation is contingent upon the Department of Budget and Management submitting reports to the budget committees concerning the employees' and retirees' health insurance and prescription drug programs by September 15, 2007, December 15, 2007, and March 15, 2008. The reports shall include the information specified below.

(1) For the prescription drug program, the reports shall include year-to-date data on total expenditures and the number of prescriptions filled. Data for the same period in fiscal 2006 shall also be provided.

(2) For the employees' and retirees' health insurance program, the reports shall include year-to-date data and data from the same period in the prior year concerning:

(a) expenditures and enrollment for the health maintenance organization, preferred provider, and point-of-service plan options;

(b) the number of in-patient hospital and out-patient hospital visits paid for through the preferred provider organization and point-of-service plans;

(c) expenditures for in-patient and out-patient hospital visits paid for through the preferred provider organization and point-of-service plans;

(d) for both specialist and primary care physicians, the number of claims for physician services received by the preferred provider organization and point-of-service plans;

(e) for both specialist and primary care physicians, the payments for physician services made by the preferred provider organization and point-of-service plans;

(f) the number of claims for emergency room physician services and for emergency room facility services received by the preferred provider organization and point-of-service plans; and

(g) the payments for emergency room physician services and for emergency room facility services made by the preferred provider organization and point-of-service plans.

(3) The fund balance remaining in the State Employees and Retirees Health and Welfare Benefits Fund to pay fiscal 2008 bills.

Explanation: These data are necessary for the Department of Legislative Services to track health insurance expenditures and to project future expenditures.

Amendment No. 68

F

Committee Narrative

Annual Report of State Personnel: The Department of Budget and Management (DBM), Office of Personnel Services and Benefits, shall produce an annual report for agencies in the State Personnel Management System (SPMS) and for select groups not in SPMS covered by collective bargaining, as a document of record. The report shall include, but not be limited to, the same information provided in the Annual Report of State Personnel, Fiscal Year 2006. As with the fiscal 2006 version, dollars used in the report shall not be expressed in anything less than the full number. If complete information is not available for certain sections as of the due date of October 1, 2007, updated information shall be provided when it is available.

Information Request	Author	Due Date
Annual Report of State Personnel, Fiscal 2007	DBM	October 1, 2007

Health Plan Vendor Audit Results: It is unclear whether or not assessments that health plan vendors have paid to the State for poor performance have been successful as incentives to improve the quality of health care and insurance provided to State employees, retirees, and other enrollees. The Department of Budget and Management (DBM), Office of Personnel Services and Benefits, shall provide a report showing health plan vendor performance results from the January 1, 2005, to June 30, 2006, audit period under each contract's performance guarantees. The report shall include the following:

- A summary of liquidated damages to be assessed for underperformance for each of the guarantees. If assessed damages are not collectible for any reason, that fact and the reason shall also be included in the report.

- A review of clinical processes for each vendor.

- Suggestions for more effectively incentivizing vendor performance, including but not limited to an analysis of the feasibility of increasing assessments for poor performance, revising performance guarantees to include quality measures, and providing positive incentives.

This report shall be made available to the budget committees on or before November 1, 2007.

Information Request	Author	Due Date
Report on health plan vendors' audit results	DBM	November 1, 2007

F

Report on Appropriateness of Agency Vacancy Rates: The easing of restrictions on adding new positions by the Spending Affordability Committee should not be construed as encouragement to do so, but recognition that agencies should possess the ability to manage their workforces, consistent with their mission, legislative intent, and the limits imposed by the budget. To help determine whether agencies are appropriately utilizing existing resources, the budget committees request that the Department of Budget and Management produce a report on the factors affecting vacancy levels in individual State agencies. The factors shall include but not be limited to the actual time necessary to fill vacant positions, available compensation, and labor market factors. The report shall include a plan for improving individual agency vacancy rates in the future and a detailed review of the relationship between the vacancy rate and the budgeted turnover expectancy rate.

Information Request	Author	Due Date
Report on appropriateness of agency vacancy rates	DBM	November 15, 2007

Report on Efforts to Expedite Determinations of Exceptions to the Hiring Freeze: The Department of Budget and Management (DBM) re-issued hiring freeze instructions to Executive Branch agencies on February 17, 2007. These instructions include a requirement for agencies to prioritize their most critical vacancies and provide written justification to DBM documenting the need to fill these positions. Exceptions requests will then be reviewed for fiscal and personnel impact and the Secretary of Budget and Management will made a decision on whether or not to grant the request. DBM shall provide a report by July 1, 2007 to the committees detailing what steps it has taken to expedite the processing of these critical position hiring freeze exemption requests.

Information Request	Author	Due Date
Report on efforts to expedite determinations on exceptions to the hiring freeze	DBM	July 1, 2007

F10A02.02 Division of Employee Benefits

Establishment of a State Employee Wellness Program: Florida and other states have moved forward to implement a wellness program for state employees similar to wellness programs widely utilized in the private sector. Such programs provide education and valuable information for employees and their families on health and lifestyle issues that promote a healthy workforce. In addition, wellness programs already in use in the public and private sector in Maryland and across the country are designed to save money and reduce health care costs.

The Secretary of Budget and Management, after consultation with the Department of Health and Mental Hygiene and other appropriate agencies, should issue a competitive procurement to

establish a State employee wellness program. This program should be designed to improve the quality of care and cost-effectiveness of existing programs through integrated therapies utilizing the best practices of conventional and complementary alternative medicine. A report shall be provided annually to the committees beginning March 1, 2008, and shall include information on the effectiveness of the program as implemented and resulting cost savings.

Report on State employee wellness program	DBM	March 1, 2008

Budget Amendments

Department of Budget and Management

F50A01.01 Major Information Technology Development Project Fund

Add the following language:

The General Assembly approves the use of the Major Information Technology Development Project Fund to support projects as listed in the 2007 Joint Chairmen's Report (JCR). The Office of Information Technology shall submit any projects not listed in the JCR or any projects listed in the JCR for which the proposed funding level increases by more than $250,000, or 5 percent, to the budget committees. The committees shall have 30 days to review and comment from the date of receipt of any submittal.

Explanation: The language notes the approval of the following projects at the specified funding levels to be funded from the Major Information Technology Development Project Fund:

Agency	Project Name	Proposed Funding ($)
Budget and Management	Statewide Personnel System	2,150,000
Budget and Management	Federal Vendor Offset System	1,300,000
Assessments and Taxation	Assessment Administration and Evaluation System	2,847,230
Health and Mental Hygiene	Electronic Vital Records System	1,137,000
Health and Mental Hygiene	Hospital Management Information System	2,110,000
Maryland Higher Education Commission	Student Financial Aid System	650,000
Environment	Enterprise Environmental Management System IV&V	150,000
Juvenile Services	Statewide Education Technology IV&V	150,000

F

Information Request	Author	Due Date
Projects that deviate from the 2007 JCR listing of approved projects with funding levels more than $250,000 or 5% above proposed levels as noted in the JCR	Office of Information Technology	30 days prior to expenditure

Amendment No. 69

G20J
Maryland State Retirement and Pension Systems
State Retirement Agency

Budget Amendments

MARYLAND STATE RETIREMENT AND PENSION SYSTEMS

G20J01.01 State Retirement Agency

Add the following language to the special fund appropriation:

, provided that this appropriation may be increased by no more than $1,100,000 by approved budget amendment, except that amendments that provide funds for emergency disaster recovery, as determined by the budget committees, are exempt from this restriction. Agency requirements in addition to this amount should be addressed by requesting a deficiency appropriation in the 2008 session.

Explanation: The State Retirement Agency submitted budget amendments in 2005 and 2006 that represented more than 20% of its legislative appropriation. Expenditures funded through these amendments, especially those related to the Maryland Pension Administration System project, were mostly for expenses that could have been foreseen during the legislative session when the General Assembly had the opportunity to debate the merits of the agency's total budget. This language caps fiscal 2008 amendments at 5% of the agency's allowance.

Amendment No. 70

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce funds for travel. The fiscal 2008 travel allowance grows by $196,078 (148%) over the fiscal 2007 working appropriation to expand the number of conferences and training opportunities that staff and board members may attend, and to allow investment staff to meet more frequently with asset managers. This level of growth seems excessive, even given the expanding number of private equity asset managers. The reduction still allows the travel allowance to grow by $76,000 (52%) over fiscal 2007 levels.	128,000	SF	

2.	Delete two contractual positions from the Information Technology Division. These positions were approved by the Department of Budget and Management to address a short-term programming backlog in the agency, due in part to the extra work generated by the 2006 benefit enhancement. They should not be needed in fiscal 2008.	125,539	SF	
	Total Reductions	253,539		0.00

Effect	**Allowance**	**Appropriation**	**Amount Reduction**	**Position Reduction**

Department of General Services

Budget Amendments

OFFICE OF FACILITIES OPERATION AND MAINTENANCE

H00C01.01 Facilities Operation and Maintenance

Add the following language to the general fund appropriation:

, provided that $912,500 of this appropriation made for the purpose of funding repairs and maintenance at the State House may not be expended until the Department of General Services submits a report to the budget committees by July 1, 2007, which provides a comprehensive facility maintenance and repair assessment, and remediation plan for the State House. The budget committees shall have 45 days from the date of receipt of the report to review and comment.

Explanation: This language restricts the expenditure of funds pending the submission of a facility maintenance report for the State House.

Information Request	Author	Due Date
Facility maintenance and repair assessment for State House	DGS	July 1, 2007

Amendment No. 72

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for janitorial contracts. The department re-bid many janitorial contracts during fiscal 2007. The fiscal 2007 appropriation for these services was over estimated and therefore over budgeted. The department should encumber fiscal 2007 appropriations remaining prior to the close of fiscal 2007 to fund a portion of janitorial contracts costs for fiscal 2008.	200,000	GF	
Total Reductions	200,000		0.00

Total Funds	**29,766,436**	**29,566,436**	**200,000**	

Amendment No. 73

J
Department of Transportation

Budget Amendments

Add the following language:

It is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program (CTP), shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10 percent, or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

Explanation: This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the 2007 CTP or will increase a total project's cost by more than 10%, or $1.0 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2007 session CTP as the basis for comparison.

Information Request	Author	Due Date
Capital budget changes	Maryland Department of Transportation	With draft CTP With final CTP

Amendment No. 74

J

Add the following language:

It is the intent of the General Assembly that funds dedicated to the Transportation Trust Fund shall be applied to purposes bearing direct relation to the State transportation program, unless directed otherwise by legislation. To implement this intent for the Maryland Department of Transportation in fiscal 2008, no commitment of funds in excess of $250,000 may be made nor such as an amount may be transferred, by budget amendment or otherwise, for any project or purpose not normally arising in connection with the ordinary ongoing operation of the department and not contemplated in the approved budget or the last published Consolidated Transportation Program without 45 days of review and comment by the budget committees.

Explanation: This annual language prohibits the Maryland Department of Transportation (MDOT) from using transportation funds for uses other than for transportation-related purposes without review and comment by the budget committees.

Information Request	**Author**	**Due Date**
Information on non-transportation expenditures exceeding $250,000	MDOT	As needed

Amendment No. 75

Add the following language:

The Maryland Department of Transportation (MDOT) shall not expend funds on any job or position of employment approved in this budget in excess of 9,088.5 positions and 182.39 contractual full-time equivalents paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2008. The level of contractual full-time equivalents may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport which demands additional personnel; or

(2) emergency needs that must be met (such as transit security or highway maintenance).

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 50 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2008 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 50.

Explanation: The General Assembly has established a position ceiling for MDOT each year to limit growth in regular positions and contractual full-time equivalents.

Information Request	Author	Due Date
Additional regular positions and contractual full-time equivalents	MDOT	As needed

Amendment No. 76

Add the following language:

The Maryland Department of Transportation shall use the corporate income tax revenue estimate provided by the Board of Revenue Estimates for the general fund in its official March 2007 and December 2007 estimates when estimating revenue and expenditures for its fiscal 2008 to 2013 six-year draft and final forecast and Consolidated Transportation Program.

Explanation: This language requires the Maryland Department of Transportation to use the corporate income tax revenue estimate provided by the Board of Revenue Estimates in its official estimates for the general fund when building its six-year forecast and Consolidated Transportation Program.

Amendment No. 77

Budget Amendments

Add the following language:

The Maryland Department of Transportation may not include in its forecast any expected revenue from the sale of property or other assets until the sale has been approved by the Board of Public Works.

Explanation: This language prohibits the Maryland Department of Transportation (MDOT) from including any revenue from the sale of assets in its forecast unless the sale has been finalized. This action is necessary following the recent decision to retain the World Trade Center. MDOT's forecast from January 2006 included revenues of $35 million from the sale of the building in fiscal 2006. Since the building had not yet sold when the new forecast was submitted in January 2007, the $35 million revenue was moved from fiscal 2006 to 2007. Now that the decision has been made not to sell the building, this leaves a $35 million deficit in MDOT's forecasted revenues. Although this deficit was offset in fiscal 2006 by slower than expected expenditures, given that other MDOT revenues are flattening, this could be much harder to do in fiscal 2007.

Amendment No. 78

J00A01
Department of Transportation
The Secretary's Office

Budget Amendments

J00A01.01 Executive Direction

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for the purchase of replacement sedans. This reduction allows for the purchase of four replacement sedans and an increase of $19,572 over the fiscal 2006 actual expenditure. The remaining vehicle purchases can be deferred because they will not meet the 100,000 mile vehicle replacement policy of the Department of Budget and Management in fiscal 2008.	36,781	SF	
2. Reduce funds for the purchase of light terrain vehicles. This reduction allows for the purchase of two replacement vehicles and is an increase of $31,282 over the fiscal 2006 actual expenditure.	31,282	SF	
3. Reduce funds for out-of-state travel. The allowance provides for an increase of $21,525, or 32%, compared to the fiscal 2007 working appropriation. This reduction allows for an increase of $5,150, or 8%, in out-of-state travel.	16,375	SF	
4. Reduce funds for in-state conferences. The allowance for in-state conferences increases by $20,190, or 42.1%. This reduction provides for a $6,440 increase, or 13.4%, and more accurately reflects historical expenditures.	13,750	SF

Amendment No. 79

J00A01

Committee Narrative

State Center Report: The committees request that the Maryland Department of Transportation (MDOT), working with the Department of General Services (DGS), submit a report that explains the short- and long-term plan for the redevelopment of State Center in Baltimore City. The report should include information regarding the future ownership of the State Center complex, the State agencies that will be impacted by the redevelopment of State Center and how they will be impacted, estimated redevelopment and other ancillary costs to the State for the proposed redevelopment, and an assessment of the impact that this proposed redevelopment project will have on Baltimore City and State operations in general. The report shall also discuss what impact delaying construction of the current State lab will have on the development of State Center. The report shall be submitted to the committees by November 17, 2007.

Information Request	Authors	Due Date
Report on State Center development	MDOT DGS	November 17, 2007

Budget Amendments

J00A01.02 Operating Grants-In-Aid

Add the following language to the special fund appropriation:

, provided that no more than $4,111,386 of this appropriation may be expended for operating grants-in-aid, except for:

(1) any additional special funds necessary to match unanticipated federal fund attainments; or

(2) any proposed increase either to provide funds for a new grantee or to expand funds for an existing grantee.

Further provided that no expenditures in excess of $4,111,386 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either provision (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

Explanation: This annual language caps the level of special funds provided for operating grants-in-aid by the Maryland Department of Transportation (MDOT). The cap may be increased to match unanticipated federal dollars or to provide new or expanded grant funding upon notification to the budget committees.

J00A01

Amendment No. 81

Committee Narrative

J00A01.04 Washington Metropolitan Area Transit – Operating

Performance Measures: To continue to assess the performance of the Washington Metropolitan Area Transit Authority (WMATA), the committees request that the Maryland Department of Transportation (MDOT) work with WMATA to develop the following data for inclusion in the Governor's fiscal 2009 allowance:

- farebox recovery rates for Metrobus, Metrorail, MetroAccess, and for WMATA as a whole;
- total ridership on Metrobus, Metrorail, and MetroAccess in Maryland and throughout the WMATA system;
- operating expenses per vehicle mile;
- operating expenses per passenger trip;
- passenger trip per vehicle mile;
- benchmarks for each of the above data; and
- comparisons to the performance of peer systems.

Actual data shall be reported for fiscal 2006 and 2007 and projections shall also be provided for fiscal 2008 and 2009.

Information Request	Author	Due Date
Performance Measures	MDOT	With the submission of the fiscal 2009 allowance

J00A04
Department of Transportation
Debt Service Requirements

Budget Amendments

Add the following language:

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues shall not exceed $1,497,060,000 as of June 30, 2008. Provided, however, that debt service will be reduced by any proceeds generated from bond sale premiums. To achieve this reduction, the Maryland Department of Transportation may either use projected proceeds from bond sale premiums to reduce the size of the bond issuance or apply the proceeds from the premium to debt service for that bond issuance provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast.

Explanation: Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level is based on outstanding debt as of June 30, 2007, plus projected debt issued during fiscal 2008 in support of the transportation capital program.

Amendment No. 82

Add the following language:

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), may not exceed $726,185,000 as of June 30, 2008. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

(1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Committee on Appropriations stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2008, and the total amount by which the fiscal 2009 debt service payment for all nontraditional debt would increase following the additional issuance; and

(2) the Senate Budget and Taxation Committee and the House Committee on Appropriations have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Committee on Appropriations may hold a public hearing to discuss the proposed increase and must signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Explanation: This language limits the amount of nontraditional debt outstanding at the end of fiscal 2008 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2007, and all anticipated sales in fiscal 2008. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2008 by providing notification to the budget committees regarding the reason that the additional issuances are required.

Information Request	Author	Due Date
Justification for increasing nontraditional debt outstanding	MDOT	45 days prior to the publication of a preliminary official statement

Amendment No. 83

Add the following language:

The Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts information on (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2007 through 2018. Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond. Such debt includes, but is not limited to, Certificates of Participation; debt backed by customer facility charges, passenger facility charges, or other revenues; and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

Explanation: The General Assembly is interested in monitoring the use of nontraditional debt by MDOT. The information requested provides the budget committees with additional information on the usage and annual costs of nontraditional debt.

Amendment No. 86

Committee Narrative

Performance Measures: The committees request that the State Highway Administration (SHA) submit as part of its fiscal 2009 allowance SHA information for Managing for Results (MFR) regarding the volume of traffic on arterial roads and freeways similar to the information included in the 2005 Attainment Report. SHA may also submit additional MFR measures for congestion with its allowance submission.

Information Request	Author	Due Date
Congestion Measure	SHA	Fiscal 2009 Allowance

Report on Highway Safety: The committees are concerned about the State Highway Administration's (SHA) efforts to reduce the number of traffic fatalities. Therefore, the committees request that SHA report back to the committees regarding what efforts SHA is taking to reduce traffic fatalities; the current organizational structure of highway safety efforts, both in SHA as well as the State; and budgetary needs. In addition, the report should highlight what the priorities of SHA are and what future actions can be taken to reduce the number of traffic fatalities.

SHA Traffic Fatalities	SHA	November 15, 2007

J00D
Department of Transportation
Maryland Port Administration

J00D00.01 Port Operations

Add the following language to the special fund appropriation:

, provided that the Maryland Port Administration hires a broker or other third party to handle all leasing and property management functions at the World Trade Center in Baltimore. Further provided that it is the intent of the General Assembly that an immediate effort shall be made to increase occupancy at the World Trade Center.

Explanation: As one justification for the proposed sale of the World Trade Center, the Maryland Port Administration (MPA) argued that being a landlord is not core to its mission. Given the decision to retain ownership of the building, this language requires MPA to hire a broker or other third party to handle all leasing and property management functions. Current occupancy of the building is 52%. MPA has refrained from pursuing new tenants and retaining existing ones over the past year in preparation for the sale of the building. Due to this low occupancy, a net operating loss is incurred each month. Given the decision to retain ownership of the building, an immediate effort should be made to increase occupancy, and thereby increase revenues.

Amendment No. 87

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce funding for training to reflect actual usage. This action removes the increase included in the fiscal 2008 allowance. This leaves funding in fiscal 2008 at $83,267. This still allows for increased spending over fiscal 2006, as the fiscal 2006 actual was $67,122.	20,200	SF	
2. Reduce funding for medical care to reflect actual usage. This action deletes the increase included in the fiscal 2008 allowance, leaving $26,117. This level is adequate to cover the three-year average actual usage of $16,826.	15,000	SF	
3. Delete funding for rent at the World Trade Center. Under the assumption that the World Trade Center would be sold prior to fiscal 2008, the fiscal 2008 allowance included $600,000 for rent payments to the new owner. Since the decision has been made to retain ownership of the building, this action deletes the money included for rent.	600,000	SF	

4.	Delete funding for lease and utility payments to the Maryland Transportation Authority (MdTA) for office space at the Point Breeze office complex. The Maryland Port Administration (MPA) has made the decision to retain ownership of the World Trade Center in Baltimore. With the building occupancy at 52%, there is an opportunity for MPA to consolidate part of its staff and save money on lease payments. Moving MPA offices to the World Trade Center will also allow MdTA to consolidate its staff at Point Breeze, rather than the current situation where it must rent space next door since there is not enough room in the building it owns for both MPA and MdTA.	484,258	SF	
	Total Reductions	1,119,458		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	250.00	250.00		0.00
Special Fund	106,302,268	105,182,810	1,119,458	
Total Funds	**106,302,268**	**105,182,810**	**1,119,458**	

Amendment No. 88

Committee Narrative

Additional Managing for Results (MFR) Submissions Concerning Cruise Ship Operations: The Maryland Port Administration's (MPA) MFR submissions effectively portray port operations in terms of cargo. However, another key activity taking place at the Port is the cruise ship business. The committees request that MPA include in its annual MFR submission information concerning:

- the number of cruise ships departing from the Port;
- the number of port calls;
- the number of passengers served; and
- revenues and expenditures related to cruise ship operations.

In the fiscal 2009 submission, actual data from calendar 2006 and 2007 should be reported, as well as projected calendar year data for 2008 and 2009. Calendar year data is preferred over fiscal year data to more accurately reflect performance in each cruise season (which runs from May to November, across two fiscal years).

Information Request	Author	Due Date
Performance measures	MPA	With submission of the fiscal 2009 allowance

Report on Leasing and Necessary Capital Improvements at the World Trade Center: After the World Trade Center was on the market for over a year, the Maryland Port Administration (MPA) recently made the decision to retain ownership of the building. The committees recognize that certain capital improvements may be necessary given the decision to retain ownership. The committees request that MPA prepare a prioritized list of capital improvements that are necessary. The report should provide a short description and cost estimate for each project, projected cash flow for each fiscal year, as well as an estimate of when the project is needed and how long it will take to complete.

The committees also recognize that no funds were appropriated in fiscal 2008 for operating expenses, capital improvements, or any other funds that may become necessary due to the decision to retain ownership. In addition to funding needed for capital projects, the report should also include an estimate of other funding needs, such as operating expenses, tenant improvement allowances, and money to hire a broker.

Finally, the committees are concerned that the current occupancy of the World Trade Center is only 52%. The report should include an updated occupancy rate, describe what actions are being taken to increase occupancy, and provide an update regarding the hiring of a broker. The report should also include an updated rent roll, which specifies the square footage that each tenant leases, the start and end date of each lease, the rental rate per square foot, the annual rent, and any tenant improvement allowances provided for in each lease. This information does not have to include specific tenant names.

Report on capital improvements necessary at the World Trade Center, unfunded needs in fiscal 2008, and an updated occupancy rate	MPA	July 1, 2007

J00E
Department of Transportation
Motor Vehicle Administration

Budget Amendments

J00E00.01 Motor Vehicle Operations

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for consultant services which increase $464,000, or 28%, for a number of consultant services. This reduction provides for a $264,000 increase over the fiscal 2007 working appropriation.	200,000	SF	
2. Reduce funds for data processing supplies which increase $72,610, or 49.8%, in the fiscal 2008 allowance. This reduction provides for a roughly $12,000, or 8.0%, increase over the fiscal 2007 working appropriation.	60,000	SF	
3. Reduce funds for advertising. Compared to the fiscal 2007 working appropriation, advertising services increase $96,356, or 56%. This reduction provides funding equal to the fiscal 2006 actual expenditure while still providing a funding increase of roughly $35,000, compared to the fiscal 2007 working appropriation.	60,000	SF	
4. Reduce funds for equipment repairs and maintenance. This provides funding equal to the fiscal 2006 actual expenditure for equipment repairs and maintenance.	13,804	SF	
5. Reduce miscellaneous communication charges. This reduction provides funding equal to the fiscal 2006 actual expenditure while allowing for a $150,000 increase over the fiscal 2007 working appropriation.	10,000	SF	
6. Reduce funds for in-state travel. This reduction provides for an $8,500, or 8.7%, increase over the fiscal 2007 working appropriation.	8,500	SF	
Total Reductions	352,304		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	1610.50	1610.50		0.00

Total Funds	**146,018,329**	**145,666,025**	**352,304**	

Amendment No. 89

Committee Narrative

Update Once Federal Regulations for the REAL-ID Act Are Issued: The Motor Vehicle Administration (MVA) should provide an update to the committees once the Department of Homeland Security has issued federal regulations on the implementation of the REAL-ID Act. This update should include the following:

- a summary of the proposed regulations and their requirements;
- what impact each regulation will have on the operations of MVA;
- any constitutional or statutory issues for Maryland that may result from the federal regulations;
- a draft workplan and timeline for how MVA will begin the process of implementing the REAL-ID Act; and
- information regarding what technology improvements and projected costs MVA will need to undertake to comply with federal regulations.

A report should be issued 60 days after federal regulations on the REAL-ID Act have been issued and should detail what the regulations are, their impact and projected cost on Maryland, and draft a workplan. In addition, MVA should provide an update of the agency's actions in response to the federal regulations to the committees six months after the initial report.

Information Request	Author	Due Date
Report on REAL-ID	Maryland Department of Transportation	60 days after the issuance of federal regulations on the REAL-ID Act 6 months after the initial report

J00H
Department of Transportation
Maryland Transit Administration

Budget Amendments

J00H01.01 Transit Administration

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for additional assistance. The Maryland Transit Administration's (MTA) total funding for additional assistance increases $1.6 million, or 40.9%, compared to the working appropriation. MTA has added positions due to prior year reductions in personnel; however, given that a number of the new positions will perform many of the services provided by temporary employees, including paratransit scheduling and general information, additional funding is unnecessary. This reduction still provides for a funding equal to the fiscal 2006 actual expenditures and an increase of roughly $700,000 from the working appropriation.	900,000	SF	
2. Reduce funds for education and training contracts. The allowance increases $255,000, or 65.6%, in fiscal 2008. This action allows for a $130,000 increase, or 35%.	125,000	SF	
3. Reduce funds for advertising. This action provides funding equal to fiscal 2006 actual expenditures.	83,303	SF	
Total Reductions	1,108,303		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	291.00	291.00		0.00
Special Fund	44,010,627	42,902,324	1,108,303	
Total Funds	**44,010,627**	**42,902,324**	**1,108,303**	

Amendment No. 90

J00H

J00H01.02 Bus Operations

Add the following language to the special fund appropriation:

, provided that $100,000 of this appropriation is restricted contingent upon the submission of a cost/benefit and qualitative analysis of paratransit service delivery. This report shall include:

(1) whether the Maryland Transit Administration (MTA) shall continue to operate the reservation and scheduling function or contract this function to the private sector;

(2) whether MTA should continue providing any direct service delivery or whether service shall be entirely contracted with the private sector. As part of this analysis MTA shall separately report the operating and capital costs per rider for:

(a) MTA provided service (with scheduling and reservation costs excluded);

(b) Yellow and MV provided service; and

(c) taxi service; and

(3) whether it is more cost effective for MTA to purchase the vehicles used or whether vehicle purchases shall be the responsibility of the private sector contractors.

The report is due November 15, 2007, and the budget committees shall have 45 days to review and comment.

Explanation: The General Assembly is concerned about the rising cost of service delivery for paratransit services. As such, the committees request that MTA conduct a cost/benefit and qualitative analysis of the current service delivery model to determine if it is more cost effective for MTA or the private sector to perform service delivery.

Information Request	**Author**	**Due Date**
Cost/benefit and qualitative analysis	MTA	November 15, 2007

Amendment No. 91

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce funds for overtime. The allowance for overtime increases $3.9 million, or 36.7%, in the fiscal 2008 allowance. A majority of this increase is for the bus program. The allowance also includes 30 new bus operator positions. This reduction in overtime is the equivalent cost of the 30 new positions, while still allowing for a $2.4 million increase over the fiscal 2007 working appropriation for overtime.	1,500,000	SF	
2. Reduce funds for buildings and household supplies. This reduction provides funding equal to actual fiscal 2006 expenditures.	15,935	SF	
Total Reductions	1,515,935		0.00

Effect	**Allowance**	**Appropriation**	**Amount Reduction**	**Position Reduction**
Position	1851.00	1851.00		0.00
Special Fund	199,289,806	197,773,871	1,515,935	
Federal Fund	30,278,599	30,278,599	0	
Total Funds	**229,568,405**	**228,052,470**	**1,515,935**	

Amendment No. 92

Committee Narrative

Farebox Recovery Report: The committees are concerned about the Maryland Transit Administration's (MTA) inability to achieve the statutory farebox recovery ratio of 40%. The committees request that MTA submit a report that looks at the following:

- why the department has been unable to meet the farebox recovery ratio, including a discussion of the operating pressures facing the agency and the lack of corresponding revenue growth;

- what cost control measures other transit agencies employ and how they may translate to MTA;

- what actions MTA may take to achieve the 40% farebox recovery ratio and what incentives may be developed to insure that MTA meets the requirement; and

- options for alternative cost control measures that may better measure the operating efficiency of MTA or reducing the current farebox recovery ratio and the possibility of creating an agencywide farebox recovery measure, excluding Mobility services.

Information Request	Author	Due Date
Report on MTA farebox recovery ratio	MTA	October 15, 2007

J00H01.04 Rail Operations

Report on MARC Contract: The committees are concerned that a Request for Proposals (RFP) has not been issued for Maryland Rail Commuter (MARC) service on the CSX line. The committees request that the Maryland Transit Administration (MTA) submit a report to the committees once a RFP has been issued for MARC service on the CSX line that explains what is provided for in the contract including any new provisions and what impact this will have on service and the MTA budget.

Information Request	Author	Due Date
MARC Contract	MTA	When Request for Proposal is issued.

J00I
Department of Transportation
Maryland Aviation Administration

Budget Amendments

J00I00.02 Airport Operations

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Delete funding for the Innovative Ideas Award program. The same amount has been budgeted the past three fiscal years, and no money has been spent on the program. The Maryland Aviation Administration has another Employee Awards program through which it may continue to grant money.	11,944 SF	
2. Reduce funds for out-of-state travel by the Executive Management team to attract and market air service. This reduces a total increase of $93,000 to $43,000 for travel by Maryland Aviation Administration (MAA) executives. MAA already has a Division of Marketing and Air Service Development, as well as numerous consultants, whose function is to attract new air service. This reduction still allows for a $43,000 increase for additional travel.	50,000 SF	
3. Reduce funds for attendance at out-of-state seminars and conferences. This will moderate an increase of $53,200. It allows for one employee to attend the majority of conferences where two were requested. It does not reduce the number of employees able to attend certification classes.	9,700 SF	
4. Reduce funding for replacement vehicles. This action changes two replacement vehicles from gasoline-fueled vehicles to ethanol-fueled vehicles. This continues a trend at the Maryland Aviation Administration to utilize ethanol-fueled vehicles.	4,384 SF	
5. Reduce funding for repair and maintenance contracts based on actual usage. This action deletes the increase included in the Governor's allowance. Fiscal 2006 actual usage of the contracts was $14.5 million. This reduction maintains the appropriation at the fiscal 2007 level, $16.7 million, leaving ample room for increased costs.	393,977 SF	

6.	Reduce funding for hazardous waste removal to reflect actual usage. This action reduces the appropriation to $226,756, which is more appropriate based on fiscal 2006 actual spending of $175,889.	125,000 SF	
7.	Reduce funding for water treatment to reflect actual usage. This action reduces the appropriation for water treatment services to $20,000 to reflect that not more than $3,000 has been spent on this in any of the three prior fiscal years.	40,000 SF	
8.	Reduce funding for engineering fees. This action reduces the appropriation for engineering fees at Martin State Airport to $6,000. The same amount has been appropriated and no money has been spent the prior three fiscal years.	10,000 SF	
	Total Reductions	645,005	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	484.00	484.00		0.00
Special Fund	183,235,617	182,590,612	645,005	
Federal Fund	350,000	350,000	0	
Total Funds	**183,585,617**	**182,940,612**	**645,005**	

Amendment No. 93

J00I00.03 Airport Facilities and Capital Equipment

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce funding for travel. This moderates an increase of nearly $40,000 in the travel allowance. This still allows for employees' increased attendance at various seminars and conferences.	10,000 SF	

2.	Delete one new position (NEW001). This action deletes the new position added to the capital program. This reduction adheres to the Spending Affordability Committee's recommendation that no new positions should be authorized if an agency's vacancy rate is above 8%. The Maryland Aviation Administration's (MAA) vacancy rate is currently 11.9%. Furthermore, MAA has 6.0 positions that have been vacant for 12 months or longer. MAA should attempt to reclassify existing vacant positions rather than creating new positions.	38,971	SF	1.00
	Total Reductions	48,971		1.00

Effect	**Allowance**	**Appropriation**	**Amount Reduction**	**Position Reduction**
Position	60.00	59.00		1.00
Special Fund	54,793,009	54,744,038	48,971	
Federal Fund	22,373,000	22,373,000	0	
Total Funds	**77,166,009**	**77,117,038**	**48,971**	

Amendment No. 94

J00J
Maryland Transportation Authority

Committee Narrative

J00J00.41 Operating Program

Preference to Utilize Owned Office Space Rather than Leased Office Space: The General Assembly has not appropriated any money to the Maryland Port Administration (MPA) in fiscal 2008 for lease payments to the Maryland Transportation Authority (MdTA). It is the intent of the committees that MPA should no longer lease office space from MdTA; rather, MPA should utilize office space in the World Trade Center, a building it already owns. Although this will require MPA to move out of the space it leases from MdTA prior to the end of the contract term, it is the intent of the committees that MdTA will not charge MPA any amount allowed in Article 8 of the lease contract for default of the contract.

MdTA owns the office building that it currently leases to MPA. However, since there is not enough room in the building for both MPA and MdTA, MdTA began leasing office space from RREEF Management Company at the building next door. It is the intent of the committees that once MPA vacates the office space it leases from MdTA, MdTA should terminate its lease with RREEF Management Company and move part of its staff to the office space that MPA recently vacated. This will ensure that both MPA and MdTA utilize the office space that they own rather than leasing space from other parties.

K
Department of Natural Resources

Budget Amendments

CAPITAL GRANTS AND LOAN ADMINISTRATION

K00A05.10 Outdoor Recreation Land Loan

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Delete $5.0 million in general funds for the Rural Legacy Program. With this reduction, $20.9 million would still be provided for the program, which is $5.0 million less than in fiscal 2007, but considerably more than the program's $14.0 million fiscal 2006 appropriation.	5,000,000	GF	
Total Reductions	5,000,000		0.00

Effect	**Allowance**	**Appropriation**	**Amount Reduction**	**Position Reduction**
General Fund	5,000,000	0	5,000,000	
Special Fund	210,165,277	210,165,277	0	
Federal Fund	4,000,000	4,000,000	0	
Total Funds	**219,165,277**	**214,165,277**	**5,000,000**	

Amendment No. 95

Add the following language to the special fund appropriation:

, provided that $75,000 in the Critical Maintenance Program funds for the existing Natural Resources Police (NRP) Area 3 Office may not be expended until the department submits a report detailing an appraisal of the property, the results of the Maryland Stadium Authority's engineering and marketing study, a comprehensive overview of the development of a National Sailing Hall of Fame, and how the Administration intends to proceed based on this information. The budget committees shall have 45 days to review and comment from the date of receipt of the report.

Explanation: This budget bill language restricts expenditure of $75,000 in proposed fiscal 2008 capital project funding until a report containing the following is submitted to the committees for review and comment: an appraisal of the NRP Area 3 property, the results of the Maryland

Stadium Authority's (MSA) engineering and marketing study, and a comprehensive overview of the development of a National Sailing Hall of Fame (NSHOF). The report should include the results of the MSA-funded studies, an appraisal of the property, a comprehensive overview of the development of a National Sailing Hall of Fame, and how the Administration intends to proceed based on the information. The report should be submitted before any action is taken with regards to the property.

Information Request	Author	Due Date
Area 3 Report	Department of Natural Resources	45 days after the department has the appraisal, MSA-funded studies, and NSHOF development overview; and 45 days before any action is proposed for the property.

Amendment No. 96

Committee Narrative

FISHERIES SERVICE

K00A17.11 Shellfish Restoration and Management

Interstate Cooperation on Chesapeake Bay Restoration: The committees are concerned that Maryland will not meet its Chesapeake Bay 2000 Agreement commitments by 2010 for nitrogen, phosphorous, and sediment loads nor will the Bay-wide water quality commitments be met by all of the signatories to the Chesapeake Bay 2000 Agreement. Other signatories to the Chesapeake Bay Agreement include the Chesapeake Bay Commission, Pennsylvania, the District of Columbia, and the U.S. Environmental Protection Agency. In addition, Delaware, New York, and West Virginia are designated as headwater state partners. It is the intent of the committees that the Department of Natural Resources continue to make concerted efforts to work with signatory states in order to meet the 2010 load reduction goals for nitrogen, phosphorous, and sediment entering the Chesapeake Bay. In addition, as Chesapeake Bay restoration requires a watershed-wide effort, it is the intent of the committees that the Administration contact the headwater states of Delaware, New York, and West Virginia to request that they commit to becoming signatories to the Chesapeake Bay 2000 Agreement.

M00A
Department of Health and Mental Hygiene
Office of the Secretary

Budget Amendments

Add the following language:

Provided that no funds in this budget may be expended to close the Walter P. Carter Community Mental Health Center.

Explanation: The language prohibits the expenditure of funds in any way that relates to the closure of the Walter P. Carter Community Mental Health Center. There continues to be concern at the Carter Center and in the surrounding community about the potential closure of the facility. Despite the Department of Health and Mental Hygiene averring that it has no plans to close the Center, this concern is impacting the ability to operate programming. For example, the University of Maryland, Baltimore, which provides contract psychiatrists for the facility, has struggled to attract and retain psychiatrists because of the persistent rumors of the center's closure.

Amendment No. 97

OFFICE OF THE SECRETARY

M00A01.01 Executive Direction

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation may not be expended until the Maryland Health Care Commission develops a plan to guide the future mental health service continuum needed in Maryland. The plan shall be developed by a task force that includes representatives from the following:

(1) Mental Hygiene Administration;

(2) Health Services Cost Review Commission;

(3) Maryland Insurance Administration;

(4) private psychiatric hospitals;

(5) acute care hospitals with and without inpatient psychiatric units;

(6) Maryland Psychiatric Society;

(7) Mental Health Association;

(8) American College of Emergency Physicians – Maryland Chapter;

(9) commercial insurers;

(10) On Our Own of Maryland, Inc.;

(11) National Alliance of Mental Illness;

(12) the Community Behavioral Health Association of Maryland;

(13) the Maryland Association of Core Service Agencies;

(14) the Maryland Disability Law Center; and

(15) any other representative the Secretary considers necessary to carry out the purpose of the task force.

The plan shall include a statewide mental health needs assessment of the demand for:

(1) inpatient hospital psychiatric services (in State-run psychiatric, private psychiatric and acute general hospitals); and

(2) community-based services and programs needed to prevent or divert patients from requiring inpatient mental health services, including services provided in hospital emergency departments.

The task force shall, to the extent feasible and desirable, coordinate with the work of the Transformation Grant project in the Mental Hygiene Administration. To the maximum extent possible, expenditures incurred in the development of the task force's plan shall be funded by the federal Transformation Grant.

The commission and task force shall report their findings and recommendations to the General Assembly by November 1, 2007. The budget committees shall have 45 days to review and comment on the plan.

Explanation: A recent report from the Maryland Health Care Commission (MHCC) concerning emergency department overcrowding recommended that the Mental Hygiene Administration develop a plan to guide the future role and capacity of State-run psychiatric hospitals. The development of that plan requires an assessment not only of inpatient psychiatric capacity that is State-run but also that of the private psychiatric hospitals and acute general hospitals. Certainly, this plan is warranted given the many demands on the State-run psychiatric hospitals. The language withholds funds until MHCC convene a task force of interested parties to develop a plan for the continuum of mental health services.

Total Funds	**3,679,743**	**3,552,243**	**127,500**	

Amendment No. 99

Committee Narrative

Forensic Populations and the Department of Health and Mental Hygiene: The committees recognize that appropriately diverting individuals from the criminal justice system into treatment, and facilitating the re-entry of individuals from the criminal justice system into appropriate treatment, is a key strategy for keeping these individuals out of subsequent contact with the criminal justice system. However, the committees are concerned that in pursuing such a policy, the demand for serving such individuals is placing the current health system under strain. This strain manifests itself in various arenas such as the demand for drug treatment, and in particular long-term residential drug treatment; the demand for community-based residential and non-residential services for the developmentally disabled and mentally ill; and the demand for State-operated residential services for the developmentally disabled and mentally ill, and in particular for individuals with serious criminal charges.

The committees request that the Department of Health and Mental Hygiene (DHMH) work with other Executive Branch agencies as appropriate, the Judiciary, and the legislature to identify the demand and treatment service options for:

(1) forensic patients in all health programs within DHMH, including patients with serious criminal charges; and

(2) individuals currently in the criminal justice system as they re-enter into community settings.

As part of this effort, DHMH and the Judiciary should assess the current resource capacity dedicated to these populations; the current infrastructure needs at its State-operated facilities; how able those facilities are to provide appropriate care to patients requiring different levels of security, treatment protocols, and lengths of stay; and community-based treatment capacity for what is often a difficult to serve population.

The committees request DHMH and the Judiciary report back to them on January 1, 2008, detailing progress made in addressing current and future needs of forensic populations in the health system.

Budget Amendments

M00A01.04 Health Professionals Boards and Commission

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Delete funding for 2 new contractual positions. One new contractual position is a shared staff attorney for the Board of Pharmacy, the Board of Physical Therapy, and the Board of Psychologists. The other new contractual position is an office secretary for the Board of Professional Counselors. Contractual employment should be used for assignments that are short in duration and address a specific need, but these two new contractual positions would perform ongoing functions.	67,768 SF	
Total Reductions	67,768	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	96.00	96.00		0.00

Special Fund	9,449,464	9,381,696	67,768	
Total Funds	**9,654,262**	**9,586,494**	**67,768**	

Amendment No. 101

M00A01.06 State Board of Physicians

Add the following language to the special fund appropriation:

, provided that $508,000 in special funds for contractual employment in the Board of Physicians may not be expended for that purpose and may only be used to fund new regular positions that can be created through reclassifications of vacant positions or contractual conversions authorized by the Board of Public Works.

Explanation: In the updated sunset review, the Department of Legislative Services' recommended the Board of Physicians limit the use of contractual employment and request contractual conversions. In theory, contractual employment should be used for assignments that are short in duration and address a specific need. However, most of the contractual employees at the Board of Physicians perform ongoing duties, and contractual employees comprise 20.5% of the Board of Physicians staff.

The language restricts $508,000 in funding for contractual employment in the Board of Physicians to fund the new regular positions that may be created through reclassifications of vacant positions or contractual conversions authorized by the Board of Public Works. The $508,000 is enough to cover the salaries and benefits for the 14.5 contractual positions that currently perform ongoing functions.

Amendment No. 102

M00C
Department of Health and Mental Hygiene
Deputy Secretary of Operations

Budget Amendments

DEPUTY SECRETARY FOR OPERATIONS

M00C01.01 Executive Direction

Reduce appropriation for the purposes indicated:	**Funds**	**Positions**
1. Delete funds for an Advance Directive Registry. Chapter 223 of 2006 established a voluntary advance directive registry in the Department of Health and Mental Hygiene. The fiscal note on the bill included information from the department indicating that the cost of developing and operating this registry in fiscal 2008 would be over $320,000. The funding provided in the allowance is inadequate to complete the required task and the implementation of the directory should be deferred until adequate funding is provided.	50,000 GF

Amendment No. 103

M00C

M00C01.05 Major Information Technology Development Projects

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funds for Maryland Board of Physicians database development. The Maryland Board of Physicians has consistently argued that the current information system it employs does not adequately support its operating processes. However, the Department of Health and Mental Hygiene (DHMH) is currently investigating using a different database to consolidate many of the front-end licensing functions for all of the health occupations boards and that database has other modules that could better serve all of the boards. If DHMH makes a subsequent determination that the Maryland Board of Physicians should proceed with a separate database, it may process a budget amendment to allow the project to proceed.	600,000	SF

Amendment No. 104

M00F02
Department of Health and Mental Hygiene
Community Health Administration

Committee Narrative

M00F02.07 Core Public Health Services

Local Health Department Funding Formula: The committees are concerned with how State funding for State employees in the local health departments (LHD) is provided through the Department of Health and Mental Hygiene's Core Local Health Services Funding Formula (core funding). Core funding for LHD provides funding for personnel; however, the formula does not include a cost-of-living adjustment (COLA) when a COLA is included in the State budget for State employees. The committees request the department to examine:

- how increases in core funding are currently provided and possible alternatives to provide more equity in compensation adjustments between State employees in the LHD and State employees generally;

- the degree to which the core funding supports programs administered by the LHD and how this funding may be supporting increases in employee compensation;

- the impact of escalating personnel costs on programs administered by the LHD; and

- implications for State oversight associated with any change to the LHD core funding formula.

The committees request the department to examine these issues in consultation with the Maryland Association of County Health Officers and to report its findings to the committees by December 1, 2007.

Plan for stockpiling antiviral treatments	DHMH	November 1, 2007

M00J
Department of Health and Mental Hygiene
Laboratories Administration

Budget Amendments

M00J02.01 Laboratory Services

Add the following language to the general fund appropriation:

, provided that $43,585 of this appropriation for salaries may not be expended until the Laboratories Administration recruits and fills the one vacant pharmacist position (PIN 018217) in the Drug Control Division.

Explanation: The Laboratories Administration's Drug Control Division has not been able to inspect pharmacies annually, as required by statute, due to insufficient staffing. This language restricts the funding for one vacant pharmacist position in the Drug Control Division until the position is filled because this position is vital to ensuring that pharmacies throughout the State are inspected annually.

Amendment No. 107

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce the appropriation for laboratory supplies. To comply with an audit recommendation, the Laboratories Administration will begin purchasing laboratory supplies through a competitive bidding process. The new process is expected to reduce the cost of laboratory supplies.	45,000	GF	
2. Increase budgeted turnover to 6.5%. Currently, the Laboratories Administration is budgeted for a turnover of 6.09%, but in the past three years, the Laboratories Administration has been consistently around a turnover rate of 8.04%. During the same three-year period, the turnover rate has been as high as 11.23%, which is the current turnover rate.	52,391 5,181	GF FF

Amendment No. 108

M00K
Department of Health and Mental Hygiene
Alcohol and Drug Abuse Administration

Budget Amendments

M00K02.01 Alcohol and Drug Abuse Administration

Add the following language to the general fund appropriation:

, provided that $2,000,000 of this appropriation intended to expand the use of buprenorphine therapy may not be expended for that purpose and may only be used as follows:

(1) $1,200,000 to support statewide residential contracts;

(2) $525,000 to back-fill for an equal amount of federal Substance Abuse and Prevention Treatment Block Grant treatment funding that is transferred to prevention activities; and

(3) $275,000 to support a comprehensive needs assessment.

Any funding not used as provided for above may not be transferred or expended for any other purpose but shall revert to the general fund.

Further provided, that $3,000,000 of this appropriation to expand the use of buprenorphine therapy may not be expended until the Alcohol and Drug Abuse Administration submits a plan to the budget committees detailing how that funding will be utilized. The budget committees shall have 30 days to review and comment on that plan.

Explanation: The proposed language restricts $2,000,000 in funding intended to expand treatment with buprenorphine to other specific purposes and withholds the remaining $3,000,000 pending the submission of a plan from the Alcohol and Drug Abuse Administration (ADAA) detailing how those funds will be spent.

Information Request	Author	Due Date
Use of funds to expand buprenorphine therapy	ADAA	30 days prior to the expenditure of funds

Amendment No. 109

M00K

Add the following language to the general fund appropriation:

Further provided that $100,000 of this appropriation may not be expended until the Maryland State Drug and Alcohol Abuse Council, in consultation with the local drug and alcohol abuse councils, develops a formula for the allocation of alcohol and drug abuse prevention and treatment funds distributed by the Alcohol and Drug Abuse Administration (ADAA) to local jurisdictions. It is the intent of the General Assembly that such a formula apply to all new ADAA prevention and treatment funding distributed to local jurisdictions for service expansion beginning in fiscal 2009.

In developing this formula, the council shall also consider how best to:

(1) fund services provided in rural jurisdictions;

(2) account for the benefits that accrue from regional-based treatment provided by a single jurisdiction;

(3) fund services provided for court-ordered commitments and also for individuals re-entering into community settings from the criminal justice system; and

(4) fund prevention services.

The Maryland State Drug and Alcohol Abuse Council shall report to the budget committees by December 1, 2007, on the development of a funding formula. The committees shall have 45 days to review and comment.

Explanation: The language withholds funds pending the development of a new formula for the allocation of alcohol and drug abuse prevention and treatment grant awards to local jurisdictions by the Maryland State Drug and Alcohol Abuse Council. The language also clarifies budget bill language added during fiscal 2007 budget deliberations that the formula shall apply only to new funding for service expansion, but states the intent that the formula shall apply beginning in fiscal 2009 rather than fiscal 2010 as previously stated. The language also asks the council to consider various other issues as it develops the formula.

Information Request	Author	Due Date
Formula for the allocation of ADAA prevention and treatment funding to local jurisdictions	Maryland State Drug and Alcohol Abuse Council	December 1, 2007

Amendment No. 110

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for a University of Maryland contract position by reclassifying an existing vacant position for that function. The Executive Director of the State Drug and Alcohol Abuse Council is paid via a contract through the University of Maryland Public Safety Training and Technical Assistance Center housed at the University of Maryland, College Park. The Executive Director function is important to the work of the council and has grown in importance with the establishment of the local drug and alcohol abuse planning process which is in turn integral to the way that the Alcohol and Drug Abuse Administration (ADAA) administers its grant funding. However, ADAA has not been able to secure a regular position for this function. ADAA should take an existing vacant regular position (046192) and reclassify it to accommodate the Executive Director without loss of salary or benefits. The reduction equals the salary and benefit value of that vacant position plus $14,000 that is saved by not having to pay indirect costs to the University of Maryland.	88,000	GF

Amendment No. 112

M00L01.02 Community Services

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce general funds based on anticipated federal fund attainment under the Maryland Primary Adult Care program. An estimated one-third of the uninsured population that is served in the community mental health fee for service system appears eligible for the Maryland Primary Adult Care (MPAC) program. Under that program, the State may claim federal funds for any specialty mental health services provided to program participants. However, not all of the population that appears eligible for MPAC has registered for the program to date. The reduction is based on an assumption that the Mental Hygiene Administration can enroll an additional 1,500 people in the MPAC program allowing higher federal fund attainment. The federal funds will back-fill the general fund reduction resulting in no reduction of services.	1,000,000 GF

Amendment No. 113

Committee Narrative

Mental Health Services to the Medicaid-ineligible: The Mental Hygiene Administration (MHA) serves a significant number of Medicaid-ineligible individuals through the fee-for-service community mental health system. With the development of the Maryland Primary Adult Care (PAC) program, there appeared to be an opportunity to claim federal dollars for a significant amount of the services provided to this population. However, enrollment in PAC by the population has been disappointing. This in part due to MHA providing services to individuals in community settings regardless of income who, but for the availability of those services, could find themselves institutionalized or in the correctional system. However, based on the data available on the non-Medicaid eligible population still served by MHA, the committees remain concerned that the administration could do more to maximize participation in the PAC program. The committees request MHA to report back to them on specific eligibility criteria for services delivered in the fee-for-service system to the Medicaid-ineligible, why MHA has not adopted regulations on services to this population, the barriers to enrolling this population in the PAC program, and strategies to maximize enrollment of this population in the PAC program.

Amendment No. 114

Committee Narrative

Fiscal 2008 Rates in the Fee-for-service Community Mental Health System: The fiscal 2008 allowance includes almost $16 million to increase fee-for-service rates for community mental health providers. Except for residential treatment centers and hospitals, the rate increase averages 2%. However, the Mental Hygiene Administration (MHA) has indicated that it will be evaluating rates to determine which services receive increases and the extent of those increases. MHA has also indicated the intent to implement differential rates for the use of evidence-based practices in children's respite services and services to individuals with co-occurring illness. Again, however, the specific rates are not known. The committees request MHA to report back to them on the finalized fiscal 2008 rates and cost estimates attached to those proposed rates prior to implementation.

Total Funds	**662,180,164**	**661,648,382**	**531,782**	

Amendment No. 115

Committee Narrative

Performance-based Contracting: The committees find that the Developmental Disabilities Administration (DDA) does not incorporate performance-based contracting into its community service provider reimbursement agreements. In fiscal 2007, DDA will spend approximately $602.0 million to reimburse community service providers yet the reimbursement is not directly linked to performance. Where possible the committees agree that provider reimbursements should be linked to the successful attainment of outcome oriented performance targets. To achieve this goal, the committees direct DDA to study options to incorporate performance-based contracting into the community service provider reimbursement agreements including rate-based, competitively bid, and exempt from procurement contracts. DDA should report on its findings and recommendations by November 15, 2007.

Amendment No. 116

Committee Narrative

Rosewood Violent Incident Reporting: The committees find that the Developmental Disabilities Administration (DDA) does not include in the Rosewood State Residential Center Managing for Results (MFR) document, information on the number of violent incidences occurring at the facility. Since fiscal 2005, the number of court ordered forensic patients at Rosewood has increased close to 50%. This growing population has the potential to create an increasingly dangerous situation for Rosewood residents, staff, and neighbors of the facility. To monitor the situation and improve oversight, the committees direct DDA to include in the fiscal 2009 MFR document, information on the number of violent assaults both alleged and confirmed, the number of restraints, the number of staff injuries by individuals, and the number of days lost to staff injuries at the Rosewood State Residential Center. The MFR should include this information on a historical basis for fiscal 2005 and 2006 and for both forensic and non-forensic patients.

Amendment No. 118

M00Q01.03 Medical Care Provider Reimbursements

Add the following language to the general fund appropriation:

Further provided that $100,000 of this appropriation is contingent upon submission of a report by October 1, 2007, outlining the most common diagnoses for Medicaid enrollees who make frequent emergency department visits. The report shall include specific proposals for reducing the frequency of emergency department visits through case management and other strategies.

Explanation: About 1% of Medicaid enrollees visited the emergency room more than five times in the past year. These individuals account for more than 20% of all emergency department visits.

M00Q

Information Request	Author	Due Date
Report on the most common diagnoses for frequent emergency department visitors and plans to develop case management and other programs to reduce emergency department visits	DHMH	October 1, 2007

Amendment No. 119

Add the following language to the general fund appropriation:

Further provided that $100,000 of this appropriation is contingent upon the Department of Health and Mental Hygiene submitting a report to the budget committees by December 1, 2007, concerning the HealthChoice budget neutrality calculation. The report shall include:

(1) the annual and cumulative budget neutrality calculation from the advent of the HealthChoice Program through fiscal 2007;

(2) the budget neutrality outlook for fiscal 2008 through 2011;

(3) the methodology used to prepare the budget neutrality calculation; and

(4) a summary of the assumptions underpinning the budget neutrality forecast for the out-years.

Explanation: As a condition of Maryland's federal HealthChoice waiver, the State must demonstrate that the program is budget neutral to the federal government. During the 2006 session, the Department of Health and Mental Hygiene (DHMH) warned that the State would fail the budget neutrality test within just a few years if program growth was not constrained. In August 2006, the department produced a revised estimate demonstrating that the State was in no imminent danger of failing the budget neutrality test. The language requires DHMH to formally report on the status of the budget neutrality test by December 1, 2007.

Information Request	Author	Due Date
Status report on budget neutrality calculation	DHMH	December 1, 2007

Amendment No. 120

M00Q

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds to recognize savings from including atypical anti-psychotic drugs in the preferred drug list process. Recent studies have determined that typical anti-psychotic drugs are equally effective at treating schizophrenia. Since atypical anti-psychotic drugs are on average about five times more expensive than typical anti-psychotic drugs, continuing to exempt atypical anti-psychotic drugs from the preferred drug list process is not warranted.	1,900,000 1,900,000	GF FF	
2. Reduce funds for managed care payments for the first six months of fiscal 2008 by 1% to encourage efficiency and recognize savings from a mature managed care program. Managed care rates for the HealthChoice Program are set by trending the actual costs incurred in the most recently completed year forward to the rate setting year. Mature managed care programs should be able to achieve greater efficiency over time as the provision of primary and preventive care reduces the need for more expensive treatment. This efficiency adjustment restores the 1% savings sought in calendar 2005 and 2006 and proposed in the allowance for calendar 2008.	4,500,000 4,500,000	GF FF	
3. Reduce funds to recognize savings from continuing hospital day limits. In fiscal 2007 the State will achieve $40 million of savings in the Medicaid budget from hospital day limits. The allowance eliminates day limits. This reduction sets the savings target for day limits at $40 million for fiscal 2008.	20,000,000 20,000,000	GF FF	
Total Reductions	52,800,000		0.00

Amendment No. 121

M00Q

Add the following language:

All appropriations provided for program M00Q01.03 are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose.

Explanation: The language restricts funds for Medicaid provider reimbursements to that purpose.

Amendment No. 122

Add the following language:

It is the intent of the General Assembly that the Department of Health and Mental Hygiene increase the dispensing fees paid to pharmacies for generic drugs to mitigate the impact of federally mandated reductions in the reimbursement for the ingredient cost of some generic drugs.

Explanation: The language expresses the intent of the General Assembly that pharmacy dispensing fees for generic drugs be increased to mitigate the impact of reductions in the reimbursement for the ingredient cost of the drugs.

Amendment No. 123

Committee Narrative

Utilization of Atypical Anti-psychotic Drugs: The committees wish to monitor the impact of changes in the utilization of atypical anti-psychotic drugs resulting from the inclusion of these drugs in the preferred drug list process. The Department of Health and Mental Hygiene shall submit a report to the committees by January 1, 2008, on the trends in utilization of atypical anti-psychotic drugs. The report should include data on: (1) the number of atypical and typical anti-psychotic drugs prescribed for Medicaid patients in fiscal 2006, fiscal 2007, and over the first five months of fiscal 2008; (2) the most commonly prescribed atypical and typical anti-psychotic drugs; and (3) to the extent that prior authorization is required in fiscal 2008 for atypical anti-psychotic drugs, the number of requests for prior authorization received and the number approved.

Information Request	Author	Due Date
Data on utilization of atypical anti-psychotic drugs	DHMH	January 1, 2008

Managed Care Rates: The methodology and standards for establishing and imposing a 1% reduction to managed care rates for calendar 2008 shall be actuarially sound and developed by the Department of Health and Mental Hygiene during the calendar 2008 rate setting process.

Physician Rates: The committees recognize that some of the most vulnerable children enrolled in HealthChoice require complex, high-cost tertiary care, resulting in sizeable uncompensated care for the pediatric physicians providing these services. In order to assure access to these pediatric physicians, particularly those who treat large numbers of HealthChoice children, it is the intent of the committees that the Secretary allocate a portion of the fiscal 2008 funds appropriated to increase physician reimbursement to targeted tertiary codes. Special consideration should be given to those tertiary codes which are high risk intensive care low-birth weight babies, neo-natal care, and subsequent pediatric critical care.

N00G00.01 Foster Care Maintenance Payments

Add the following language:

Provided that all appropriations provided for Program N00G00.01 Foster Care Maintenance Payments are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.03 Child Welfare Services.

Explanation: This language restricts funds appropriated for foster care payments to that use only or for transfer to N00G00.03 Child Welfare Services which is where child welfare caseworker positions are funded.

Amendment No. 127

N00G00.03 Child Welfare Services

Add the following language:

Provided that all appropriations provided for program N00G00.03 Child Welfare Services are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.01 Foster Care Maintenance Payments.

Explanation: This language restricts funds appropriated for child welfare services to that use only or for transfer to N00G00.01 Foster Care Maintenance Payments.

Amendment No. 128

N00G

Add the following language to the general fund appropriation:

, provided that $1,000,000 of this appropriation may not be expended unless the Department of Human Resources has filled on December 1, 2007, at least 2,021 child welfare caseworker and supervisor positions.

Further provided that $1,000,000 of this appropriation may not be expended unless the Department of Human Resources has filled on March 1, 2008, at least 2,021 child welfare caseworker and supervisor positions.

Further provided that it is the intent of the General Assembly that the Department of Human Resources focus specifically on increasing the number of filled child welfare caseworker and supervisor positions in those jurisdictions that do not meet the state-to-caseload ratios recommended by the Child Welfare League of America.

Explanation: The Child Welfare Workforce Initiative of 1998 requires the Department of Human Resources to work toward maintaining sufficient filled child welfare caseworker and supervisor positions to meet the staffing standards recommended by the Child Welfare League of America (CWLA). As of December 1, 2006, the department was 211 filled positions short of this goal with only 1,959 filled positions. The new target would require the department to increase the number of filled positions by 80 over the fiscal 2007 target. The language also states the intent of the General Assembly that efforts to fill positions be focused specifically on those jurisdictions not meeting the CWLA standards. As of December 1, 2006, seven local departments of social services did not have staff levels sufficient to meet the CWLA standards.

Amendment No. 129

Committee Narrative

Differential Response Pilot Project Development: Differential Response is a model of intervention being employed by public child welfare agencies across the country which is based on an assessment of risk to the welfare of children who are subjects of reports of abuse or neglect. Lower risk reports are screened into an "assessment track" that offers family support services intended to reduce the risk of future maltreatment. Chapter 632 of 2006 required the Department of Human Resources (DHR) to study the necessary actions the State must take in order to implement a pilot program for differential response in Maryland. In December 2006, DHR submitted this report outlining the necessary resources and actions required to successfully implement a pilot program for differential response.

The committees request that DHR develop a plan to implement a pilot program for differential response. To develop this plan, the department should convene an Advisory Workgroup on or before July 1, 2007. The Advisory Workgroup should have representatives from:

- DHR
- other child serving departments that are members of the Children's Cabinet;
- private child welfare agencies;
- law enforcement;
- child health services;
- child advocates;
- the University of Maryland, Baltimore School of Social Work;
- the Judiciary; and
- the General Assembly.

The plan for the pilot program should:

- include recommendations for legislation that would make the necessary statutory changes for a phased-in implementation of the pilot program;
- develop a two-track protocol for handling allegations currently accepted for investigation;
- review MD CHESSIE to identify changes needed in order to incorporate the new service model;
- assess resource needs including local department of social services staffing and community capacity to address needs created by an assessment and service focus;
- continue and complete the full statewide services array assessment to identify gaps in the child welfare system;
- develop and implement curricula at the Child Welfare Training Academy to train caseworkers and supervisors on assessments and engaging families;
- develop an evaluation plan for determining the efficacy of the pilot program; and
- identify three jurisdictions of varying size where the pilot program will be implemented and three comparison jurisdictions where services will be delivered as usual.

DHR should request the necessary funding to begin the pilot projects in fiscal 2009 when it submits its fiscal 2009 budget request to the Department of Budget and Management.

When identifying three jurisdictions for the pilot program, the department should examine the possibility of selecting a segment of Baltimore City as one of the three sites for implementing a pilot program for differential response. The plan for the pilot program should be submitted to the budget committees by December 1, 2007.

Information Request	Author	Due Date
Implementation plan for a pilot program for Differential Response	DHR	December 1, 2007

Subsidized Guardianship Program: The committees request that the Department of Human Resources provide a report by September 1, 2007 on:

(1) the implementation of the fiscal 2007 expansion of the guardianship subsidy program, including how eligible children were identified and selected;

(2) the number of subsidized guardianships as of June 30, 2007, identified by cohort as participating in either the original waiver program or the 2007 expansion; and

(3) outcomes related to safety, permanency, and well-being for children in subsidized guardianship, by cohort, including but not limited to:

(a) percent of children with a recurrence of maltreatment after guardianship was awarded and subsidies began;

(b) percent of children under age 18 who remain in the guardianship subsidy program in the household of their guardian, and for those who do not, their new location; and

(c) percent of children under age 18 enrolled in Medicaid or the Maryland Children's Health Insurance Program.

Amendment No. 131

N00H
Department of Human Resources
Child Support Enforcement Administration

Budget Amendments

CHILD SUPPORT ENFORCEMENT ADMINISTRATION

N00H00.08 Support Enforcement – State

Add the following language to the federal fund appropriation:

, provided that $100,000 in federal funds for the contract with the University of Maryland, Baltimore School of Social Work may only be used to fund an evaluation by an independent party of the Child Support Enforcement Administration's privatization pilot project in Baltimore City and Queen Anne's County to be submitted to the budget committees by February 1, 2008.

Explanation: The current privatization contract term ends March 31, 2008. At which point the State has the option of extending the contract with two one-year renewal options. Also, by statute the privatization pilot program ends September 30, 2009. The privatization pilot project has not been evaluated in about five years, and the one evaluation of the project concluded that the privately operated jurisdictions performed no worse than the publicly operated jurisdictions after accounting for differences in caseload characteristics.

This language restricts a portion of the funds for the University of Maryland, Baltimore School of Social Work research contract for a performance evaluation of the child support privatization pilot project. The evaluation will provide the State with up-to-date data prior to considering options at the expiration of the current privatization contract and the program termination date.

The performance evaluation should assess whether the contract has increased child support collections as intended by the original legislation. The cost effectiveness of the privatization contract should be factored into the evaluation of the privatization pilot project. Also, the evaluation should take into account performance relative to similar jurisdictions in Maryland and in other states.

Information Request	Author	Due Date
Evaluation of the privatization pilot project	Evaluation Contractor	February 1, 2008

Amendment No. 132

N00H

Committee Narrative

Reallocation of Child Support Resources: The committees are concerned about the variation in child support services provided throughout the State. As a whole, the State's child support services are producing satisfactory outcomes, but when the data is broken down by jurisdiction, some jurisdictions are performing extremely well while others are not. The differences in outcomes appear to be at least partly related to differences in the allocation of resources. The committees request that the Department of Human Resources (DHR) submit a report examining the possible advantages and logistics of reallocating current child support resources throughout the State to improve child support services.

Information Request	Author	Due Date
Report on the reallocation of child support resources	DHR	October 1, 2007

Family Investment Administration

Committee Narrative

FAMILY INVESTMENT ADMINISTRATION

N00I00.04 Director's Office

Quarterly Reports on Temporary Assistance for Needy Families (TANF) Spending: The committees would like to continue monitoring TANF expenditures of the Department of Human Resources (DHR). DHR should submit quarterly reports to the committees. The reports should track TANF expenditures and obligations by budget code and report the TANF balance available at the end of each quarter. DHR should submit its first quarterly report on September 15, 2007, and this report should cover the quarter ending June 30, 2007.

Information Request	Author	Due Date
Quarterly reports on TANF spending	DHR	Quarterly beginning September 15, 2007

Temporary Cash Assistance Grant Level: Subject to the availability of funds, the Governor is required by statute to include sufficient funds in the budget each year to ensure that Temporary Cash Assistance (TCA) grants, when combined with the value of food stamp benefits, equal at least 61% of the State's Minimum Living Level (MLL). Given that the MLL represents the minimal standard of living for a family in Maryland whose primary source of financial income is public assistance, the committees urge the Administration to increase the TCA grant levels above the 61% of MML to the extent possible.

Task Force to Study Incentives for Teen Parents: The committees request that the Department of Human Resources (DHR) convene a task force to study incentives for teen parents consisting of the following members:

(1) the Executive Director of the Department of Human Resources' Family Investment Program;

(2) the Executive Director of the Governor's Office for Children;

(3) a representative from the Department of Human Resources' Social Services Administration, designated by the Secretary;

(4) a representative from the Maryland State Department of Education, designated by the State Superintendent;

(5) a representative from the Department of Health and Mental Hygiene, with knowledge of Medicaid, designated by the Secretary;

(6) a representative form the Department of Juvenile Services, designated by the Secretary;

(7) three representatives from welfare advocates and other groups that advocate for children, youth, and families; and

(8) two Family Investment Program recipients.

The Executive Director of the Family Investment Program should appoint the non-designated members of the task force and should be the chair of the task force.

The task force should:

(1) consider the feasibility of establishing a program to provide financial incentives for teen parents receiving welfare benefits to stay in school. In doing so, the task force should consider the following items in the design of a program:

(i) increasing or decreasing welfare benefit payments based on school attendance;

(ii) the amount of an increase or decrease in welfare benefit payments;

(iii) measures for determining increasing or decreasing welfare benefit payments including staying in school, school attendance, high school achievement, grades, and graduation or obtaining a General Education Diploma.

(2) as part of a program, consider mandating ancillary services including requiring:

(i) doctor visits for teens and prenatal visits for pregnant teens; and

(ii) child immunizations.

(3) develop short- and long-term outcome measures, including staying in school, school completion, and time spent on welfare, in order to effectively evaluate the program;

(4) consider targeting the program toward high-risk populations already in contact with the State social services' systems, including teen parents, pregnant teenagers, foster care youth, and youth in State care; and

(5) in developing a program, review programs in other states including "Learnfare" programs established in Ohio and California.

The task force should report its findings and recommendations by November 1, 2007, to the Governor, the Senate Budget and Taxation Committee, the Senate Finance Committee, the House Committee on Appropriations and the Joint Committee on Welfare Reform.

Department of Public Safety and Correctional Services
Division of Correction – Headquarters

Budget Amendments

Add the following language:

Provided that funding for Reentry Enforcement Services Targeting Addiction, Rehabilitation, and Treatment (RESTART) programs shall not be expanded absent recidivism data and better completion rates. Further provided that $671,000 in funds allocated for RESTART programming at pre-release facilities may not be expended until a report is submitted to the budget committees which identifies the fiscal impact of expanding reentry services to all pre-release inmates. The report shall address both the costs and resources used to provide the services. The report shall be submitted to the budget committees no later than July 1, 2007. The budget committees shall have 45 days to review and comment on the report.

Explanation: The General Assembly has expressed concern about the RESTART program expanding to more sites before the General Assembly has had time to evaluate its success. This language allows RESTART to expand to all pre-release inmates once the department submits a report identifying the fiscal impact of the expansion.

Information Request	Author	Due Date
Fiscal impact of expanding reentry services to all pre-release inmates	Division of Correction	July 1, 2007

Amendment No. 139

Add the following language:

Further provided that a reduction of $276,581 in general funds is for replacement vehicles (subobject 0701). This reduces the appropriation by 16 vehicles and shall be allocated among the institutions within the agency.

Explanation: Budget bill language reduces the Division of Correction's fiscal 2008 allowance by $276,581 to reflect a reduction in the appropriation for replacement vehicles. The fiscal 2007 deficiency appropriation will provide 79 additional vehicles for the department. The reduction eliminates funding for 16 of the 43 vehicles in the 2008 allowance and still allows the department to replace those vehicles that are inoperable or exceed 10 years and 100,000 miles.

Q00P
Department of Public Safety and Correctional Services
Division of Pretrial and Detention Services

Committee Narrative

Q00P00.01 General Administration

Compliance with U.S. Department of Justice: The committees direct the Division of Pretrial Detention and Services (DPDS) to submit the written Action Plan and subsequent Compliance Reports, as required through the new Memorandum of Agreement with the U.S. Department of Justice. Receipt of these reports will allow the General Assembly to further monitor compliance with the agreement and ensure that the division is efficiently making every effort to eliminate any violations to offenders' constitutional rights. The Action Plan should be submitted to the committees no later than June 1, 2007, with subsequent Compliance Reports submitted on January 1, 2008, and June 30, 2008.

Amendment No. 144

R00A01.04 Division of Accountability and Assessment

Add the following language to the general fund appropriation:

, provided that $250,000 of this appropriation may not be expended until the Maryland State Department of Education submits a report by September 15, 2007, to the budget committees on the amount of funds encumbered at the close of fiscal 2007 in the accountability and assessment program. The report shall itemize the amounts encumbered, identify the contracts against which the amounts are encumbered, and specify the fiscal year of the funding. The budget committees shall have 45 days to review and comment on the report.

Explanation: At the close of fiscal 2006, the department encumbered $23.7 million in general funds for assessment contracts. The language requests a detailed report on fiscal 2007 encumbrances, which shall be submitted by September 15, 2007.

R00A01

Information Request	Author	Due Date
Amounts and description of encumbrances at the close of fiscal 2007	MSDE	September 15, 2007

Amendment No. 145

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for assessment tests. Large encumbrances have accumulated in the Maryland State Department of Education's (MSDE) Division of Accountability and Assessment for multi-year contracts for assessment tests. On the current funding cycle, funds are provided to MSDE that are not spent until the fiscal year following the appropriation. The $14.5 million reduction is a one-time adjustment to align MSDE's assessment test funding with its annual spending.	14,500,000	GF

Amendment No. 146

R00A01.15 Division of Correctional Education

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete $1.0 million in Maryland Correctional Enterprises (MCE) funds. In fiscal 2007, the Maryland State Department of Education (MSDE) will not receive $1.0 million in budgeted MCE funds from the Department of Public Safety and Correctional Services. While other special funds in MSDE's Correctional Education program have partially substituted for the shortfall in fiscal 2007, receipt of the budgeted $1.0 million in MCE funds in fiscal 2008 is in doubt and should be deleted. If MCE funds are available in fiscal 2008, MSDE may add them to the appropriation through the budget amendment process.	1,000,000	SF	
2. Delete three vacant positions in the juvenile correctional education program. The positions include two teachers (#083374 and #084018), which have been vacant for more than two years, and one teacher's aide (#083348), which has been vacant for 15 months. The allowance contains six new positions to fill positions in the program.	149,310	GF	3.00
3. Delete one position for a network specialist (#084020) in the Correctional Education program that has been vacant for more than two years.	55,532	FF	1.00

Amendment No. 147

R00A02
State Department of Education
Aid to Education

Budget Amendments

Add the following language:

Provided that all appropriations for program R00A02 are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose.

Explanation: The language restricts funds in the Aid to Education budget to that purpose. Funds may be transferred among programs within the R00A02 Aid to Education budget.

Amendment No. 148

R00A02.10 Environmental Education

Add the following language to the general fund appropriation:

, provided that $1,700,000 of this appropriation may not be expended until the Maryland State Department of Education submits a report to the budget committees on how the funding provided to NorthBay will be allocated to ensure an equitable distribution among local school systems to students interested in participating. The report shall include funds provided in fiscal 2007 and 2008, including the amount of funding provided by each local school system. The budget committees shall have 45 days to review and comment on the report before the release of funds.

Explanation: A report must be provided by the Maryland State Department of Education on the allocation of funding to local school systems for program fees for students who otherwise would be unable to participate. The report should detail the funding provided by local school systems. The budget committees shall have 45 days from receipt of the report to review and comment.

Information Request	Author	Due Date
Distribution of funds to local school systems for student participation and funds provided by local school systems	MSDE	45 days prior to release of funds

Amendment No. 149

R00A02

Add the following language:

It is the intent of the General Assembly that local education agencies will increase the funding that they provide for students to participate in the NorthBay program.

Explanation: The language expresses the intent of the General Assembly that local education agencies increase the proportion of funding that they provide for their students to participate in the environmental education program at NorthBay.

Amendment No. 150

R00A02.33 County Library Capital Projects Grant Program

Add the following language to the general fund appropriation:

, provided that $2,000,000 of this appropriation shall not be expended until the Maryland State Department of Education (MSDE) provides to the budget committees a list of the library capital projects approved by the State Board of Education and accompanying documentation on the projects submitted to the Department of Budget and Management. The budget committees shall have 45 days to review and comment.

Explanation: The public library capital grants program was established in 2006 legislation. The report to the budget committees will ensure that the projects in the new program have been evaluated and that the conditions for program funding have been fulfilled before funding is provided.

Information Request	Author	Due Date
Report on public library capital projects	MSDE	45 days prior to release of funds

Amendment No. 151

R00A02

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding by $3,000,000. This still leaves $2,000,000 for public library capital grants. The remaining funding will allow the program to proceed in fiscal 2008 while the Maryland State Department of Education finalizes administrative regulations, evaluates project applications, and verifies that local matching funds have been secured.	3,000,000	GF	
Total Reductions	3,000,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	5,000,000	2,000,000	3,000,000	
Total Funds	**5,000,000**	**2,000,000**	**3,000,000**	

Amendment No. 152

R00A02.55 Teacher Development

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for Quality Teacher Incentive grants. In fiscal 2006, $1.7 million reverted to the general fund in this program because an insufficient number of teachers qualified for the available grants. Funding should be reduced to more closely reflect the pool of eligible teachers who may qualify for grants.	1,000,000	GF	
Total Reductions	1,000,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	7,970,000	6,970,000	1,000,000	
Federal Fund	38,812,594	38,812,594	0	
Total Funds	**46,782,594**	**45,782,594**	**1,000,000**	

Amendment No. 153

R00A02.59 Child Care Subsidy Program

Add the following language:

Provided that the Maryland State Department of Education shall submit a report to the budget committees on the number of children in the Child Care Subsidy program who are enrolled in accredited child care programs and on the percentage of accredited programs that serve children in the subsidy program. The report shall be submitted by December 1, 2007, and the budget committees shall have 45 days to review and comment on the report.

Explanation: Funding for the Child Care Subsidy program should not only enable access to child care, but should enhance the availability of high quality child care to children enrolled in the program. The report will provide the information to determine if funding is, in fact, improving access to quality child care for children most in need of it.

Information Request	Author	Due Date
Report on access to accredited child care programs	MSDE	December 1, 2007

Amendment No. 154

Add the following language to the federal fund appropriation:

, provided that $3,000,000 of this appropriation may only be used to increase reimbursement rates for child care providers.

Explanation: This language restricts $3.0 million in child care subsidies for the purpose of increasing provider rates. Rates have not increased since 2002, resulting in a decline in the number of child care providers participating in the program.

Amendment No. 155

R00A03
State Department of Education
Funding for Educational Organizations

Budget Amendments

R00A03.04 Aid to Non-Public Schools

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce funding for the Nonpublic School Textbook program. The reduction still leaves $3.7 million in funding for the program. In fiscal 2006, when the program received $2.9 million in funding, 119 schools did not spend the funds that were allocated to them, and $94,000 reverted to the general fund. It is unlikely that the entire $3.9 million provided in the allowance would be spent by eligible schools.	200,000 SF	
Total Reductions	200,000	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Special Fund	3,910,000	3,710,000	200,000	
Total Funds	**3,910,000**	**3,710,000**	**200,000**	

Amendment No. 156

Committee Narrative

Managing for Results Reports: In order to better assess the performance of Maryland School for the Blind (MSB) and Blind Industries and Services of Maryland (BISM), the committees request that MSB and BISM include performance measures and data in the Governor's 2009 budget. Actual data shall be included for fiscal 2006 and 2007, and projections shall be provided for fiscal 2008 and 2009.

Performance Measures	MSB BISM	With the submission of the fiscal 2009 budget

R00A04
State Department of Education
Children's Cabinet Interagency Fund

Budget Amendments

R00A04.01 Children's Cabinet Interagency Fund

Add the following language to the federal fund appropriation:

, provided that $2,048,438 of this appropriation may only be used to fund Youth Services Bureaus. Further provided that the allocation of funding among Youth Services Bureaus shall be the same as provided in fiscal 2007.

Explanation: This language restricts funds to only be used for Youth Services Bureaus which are to be funded at the same level as they were in fiscal 2007.

Amendment No. 157

Committee Narrative

Out-of-home Placements: To facilitate evaluation of Maryland's family preservation programs in stemming the flow of children from their homes, the Governor's Office for Children (OC) is requested to submit to the budget committees data on the total number of out-of-home placements and entries by jurisdiction over the previous three years and similar data on out-of-state placements. OC should also provide information on the costs associated with out-of-home placements, the reasons for new placements, and an evaluation of data derived from the application of the North Carolina Family Assessment Scale. Data should also be collected concerning indicated findings of child abuse and neglect occurring while families are receiving family preservation services or within one year of case closure. The report should include a three-year funding history of family preservation efforts listing funding by agency and program. OC should submit this report by December 1, 2007.

Information Request	Author	Due Date
Out-of-home placement data and evaluation	OC	December 1, 2007

R13M
Morgan State University

Budget Amendments

R13M00.00 Morgan State University

Add the following language to the unrestricted fund appropriation:

, provided that $1,500,000 of this appropriation, for the purpose of improving student retention and graduation rates, may not be expended until Morgan State University has prepared and submitted a performance report to the budget committees. For each cohort enrolled beginning fall 2000 through 2006, the report shall include:

(1) the average number of credit hours completed each year;

(2) the average grade point average for each year; and

(3) the percentage of students who dropped out each year who were receiving financial aid from any source (federal, State, institutional) and the average award amount received by those students.

The report shall be submitted by August 1, 2007, and the budget committees shall have 45 days to review and comment on the report.

Explanation: This language restricts the expenditure of funds until Morgan State University submits a performance report on Access and Success funds that have been used in the past to improve retention and graduation rates.

Information Request	Author	Due Date
Access and Success accountability report	MSU	August 1, 2007

Amendment No. 158

Add the following language to the unrestricted fund appropriation:

Further provided that the current unrestricted fund appropriation herein for Morgan State University is reduced by $542,823.

Explanation: The language reduces Morgan State University's (MSU) unrestricted fund appropriation by $542,823. This would leave MSU $2,714,116 for enhancements.

Amendment No. 159

R13M

Add the following language to the unrestricted fund appropriation:

Further provided that it is the intent of the General Assembly that Morgan State University transfers a portion of new revenues to fund balance, up to 1 percent of current unrestricted revenues, as a prudent fiscal measure.

Explanation: The language encourages Morgan State University (MSU) to transfer funds into the fund balance. MSU stated it would annually transfer 1% of its State supported budget each year. However, the fiscal 2008 allowance indicates MSU is not planning to contribute to the fund balance and has not added to the balance since fiscal 2004. The transfer is a proactive measure considering the State's structural budget deficit.

Amendment No. 160

Committee Narrative

Faculty Workload Reports: The committees request that Morgan State University (MSU) continue to provide annual instructional workload reports for tenured and tenure-track faculty. By focusing on these faculty, the committees gain a sense of the teaching activities for the regular, core faculty at the institutions. Additional information may be included in the report at MSU's discretion.

R30B00
University System of Maryland

Budget Amendments

Add the following language:

Provided that the current unrestricted fund appropriation herein for the University System of Maryland is reduced by $4,662,500.

Explanation: The language reduces the University System of Maryland's (USM) current unrestricted fund appropriation by $4,662,500. This would reduce the funds available for enhancements by approximately one-sixth after allowing for enrollment growth. This would leave USM a total of $23,291,258 for enhancements not related to enrollment growth in the fiscal 2008 allowance.

Amendment No. 162

Add the following language:

Further provided that it is the intent of the General Assembly that each University System of Maryland institution transfer a portion of new revenues to fund balance, up to 1 percent of current unrestricted revenues, as a prudent fiscal measure.

Explanation: This language encourages each University System of Maryland (USM) institution (including the System Office) to transfer up to 1% of current unrestricted revenue to fund balance for fiscal 2008. Collectively, USM institutions have budgeted to transfer $19,801,258 to fund balance. This is below 1% of the current unrestricted revenues. Most USM institutions plan to transfer less than 1% of current unrestricted revenue. Three institutions are not planning to transfer any funds to fund balance. A portion of each institution's savings on health insurance could be transferred to fund balance since it is a one-time savings. The additional transfer is a prudent measure due to the projected structural budget deficit.

Amendment No. 163

Add the following language:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $2,362,650 in current unrestricted funds allocated to enrollment growth. Total current unrestricted fund expenditures to fund enrollment growth shall be limited to $4,382,350.

Explanation: The University System of Maryland (USM) has determined a per student funding rate that was used to calculate the need for $7,257,000 to fund an additional 1,740 students at five USM institutions. However, the USM per student cost is overstated. When using a more realistic methodology, $4,382,350 would be sufficient to support an additional 1,740 students. This language reduces the current unrestricted fund appropriation by $2,362,650.

Amendment No. 164

Add the following language:

Further provided that $28,558,016 of the current unrestricted fund appropriation for the University System of Maryland may not be expended for any program or purpose except that the funds may be expended for salary increments and associated fringe benefit increases for eligible employees at the system office and the University System of Maryland institutions. Salary increments are in addition to any cost-of-living adjustment provided for State employees.

Explanation: In the University System of Maryland's (USM) fiscal 2008 schedule of mandatory costs, each institution (including the System Office) is allocated an equivalent of 2.5% of total State-supported salaries for salary increment increases (merit increases) and any associated fringe benefit increases for eligible USM personnel. This language would require these funds to be spent for this purpose only.

Amendment No. 165

Committee Narrative

Nursing Program Applicants: The University System of Maryland (USM) institutions with nursing programs currently do not include certain data related to the nursing program in the Managing for Results. Specifically, USM does not include the number of applicants to the program or the number of qualified applicants denied admission. The workforce shortage of nurses requires more scrutiny into the nursing programs. This additional data would allow better analysis of the capacity of nursing programs to admit qualified applicants.

Information Request	Authors	Due Date
The number of applicants to nursing programs and the number of qualified applicants denied admission to the program	USM Institutions with Nursing Programs	With the annual submission of the Managing for Results

Efficiency Report: The University System of Maryland (USM) Board of Regents has approved an effectiveness and efficiency plan for the system involving many initiatives. The plan covers fiscal 2006 to 2008. The committees request that the board continue to submit a report detailing the amount and type of fiscal effect associated with the effectiveness and efficiency plan for each year of the plan, including prior year actual and current year working. The report should also indicate how initiatives shall be implemented and the progress of implementation. The report should also indicate how many full-time equivalent students are served by USM institutions with no additional cost to the State, including prior year actual and current year working. Each report shall provide this information for each year of the plan, and the committees shall be provided with additional written information if the plan is changed significantly. Any required information that is not available to be submitted by the due date shall be submitted as soon as possible and no later than the allowance.

Information Request	Author	Due Date

R30B27
University System of Maryland
Coppin State University

Budget Amendments

R30B27.00 Coppin State University

Add the following language to the unrestricted fund appropriation:

, provided that $1,500,000 of this appropriation, for the purpose of improving student retention and graduation rates, may not be expended until Coppin State University in conjunction with the University System of Maryland Office has prepared and submitted a performance report to the budget committees. For each cohort enrolled beginning fall 2000 through 2006, the report shall include:

(1) the average number of credit hours completed each year;

(2) the average grade point average for each year; and

(3) the percentage of students who dropped out each year who were receiving financial aid from any source (federal, State, and institutional) and the average award amount received by those students.

The report shall be submitted by August 1, 2007, and the budget committees shall have 45 days to review and comment on the report.

Explanation: This language restricts the expenditure of funds until Coppin State University (CSU) in conjunction with the University System of Maryland Office (USMO) submits a performance report on Access and Success funds that have been used in the past to improve retention and graduation rates.

Information Request	Authors	Due Date
Access and Success accountability report	CSU USMO	August 1, 2007

Amendment No. 168

R30B34
University System of Maryland
University of Maryland Center for Environmental Science

Budget Amendments

Add the following language:

Provided that it is the intent of the General Assembly that one-third of the increase in indirect cost recovery associated with the use of a new research vessel be applied to future repayment installments to the master lease program. The University of Maryland Center for Environmental Science shall also submit a report to the budget committees by December 1, 2007, and December 1, 2008, on grants awarded and the corresponding indirect cost recovery. The report shall identify the grant money associated with the current research vessel. The report shall include the prior year actual and the current year working awards.

Explanation: The language expresses the intent of the General Assembly that a portion of any increases in indirect cost recovery that is expected as a result of increased grant awards be applied to future repayment installments to the master lease program. The University of Maryland Center for Environmental Science (UMCES) expects grant revenues to increase since the research vessel will have improved capabilities for research. These improvements will allow UMCES to compete for grants for which they would otherwise not be eligible. When grant funding increases, it is expected that indirect cost recovery revenue will also increase. One-third (33%) of this increase should be applied to the repayments. UMCES should also submit a report to the budget committees by December 1, 2007, and December 1, 2008, on grants awarded and the corresponding indirect cost recovery. The report should identify the grant money associated with the current research vessel. The report should include the prior year actual and the current year working awards.

Information Request	Author	Due Date
Report on total grants awarded and the corresponding indirect cost recovery associated with the grants. Specifically identify grant money associated with the use of the current research vessel (in total expenditures per year, as well as the total value of the grant). The report should include the prior year actual, and the current year working	UMCES	December 1, 2007 December 1, 2008

Amendment No. 169

R30B34

R30B34.00 University of Maryland Center for Environmental Science

Add the following language to the unrestricted appropriation:

, provided that $700,000 of this appropriation for the University of Maryland Center for Environmental Science may be used for no other purpose than the repayment of the master lease for the research vessel in fiscal 2008. Funds not expended for this purpose in fiscal 2008 may be retained in fund balance to apply to future repayment installments. The University of Maryland Center for Environmental Science shall submit a report to the budget committees by September 1, 2007, on the actual repayment amount needed for fiscal 2008.

Explanation: If the $0.7 million that is budgeted as the repayment installment on the master lease for the research vessel is in excess of the actual amount of the repayment, it is the intent of the General Assembly that the excess funds be applied to future payments of the lease. The master lease program provided $6 million for the design and construction of a research vessel. Expenditures for the vessel are expected to begin in May 2007. Lease repayments become due after expenditures begin. Because expenditures have not yet begun, the $0.7 million is an estimated repayment amount. The University of Maryland Center for Environmental Science (UMCES) should submit a report to the budget committees by September 1, 2007, on the actual repayment amount needed for fiscal 2008.

Information Request	Author	Due Date
Report on the actual repayment amount needed for fiscal 2008	UMCES	September 1, 2007

Amendment No. 170

R30B35
University System of Maryland
University of Maryland Biotechnology Institute

Committee Narrative

Report on the Administrative Relocation of the Institute of Human Virology: The committees request the University System of Maryland (USM) to submit a report that provides an accounting of the financial aspects of the administrative relocation of the Institute of Human Virology from the University of Maryland Biotechnology Institute to the University of Maryland, Baltimore. The institutions plan to transfer funds related to the relocation through a budget amendment. The report shall be submitted 45 days prior to the submission of the budget amendment. This will allow the committees to review and comment on the financial plan.

Information Request	Author	Due Date

University System of Maryland
University System of Maryland Office

Budget Amendment

R30B36.00 University System of Maryland Office

Add the following language to the unrestricted fund appropriation:

, provided that $81,809 in current unrestricted funds be used for no other purpose or program than a grant to the Hughes Center for Agro-Ecology at the University of Maryland, College Park.

Explanation: This language will restrict $81,809 in current unrestricted funds in the University System of Maryland Office to be used only as a grant to the Hughes Center for Agro-Ecology at the University of Maryland, College Park.

Amendment No. 171

Committee Narrative

Report on the Operating Budgets of Shady Grove and Hagerstown: The operating budgets of the two University System of Maryland (USM) regional higher education centers are incorporated into the operating budget for the University System of Maryland Office (USMO). The operating budgets for Shady Grove and Hagerstown account for approximately 34% of the fiscal 2008 allowance for USMO. However, both centers receive revenues from other sources. The report should include details as to the revenues and expenditures for each USM regional center. Details should include State-supported and non-State-supported expenditures by program and by object to inform the committees as to the budgets of the regional centers. This information would increase the transparency of the operating budgets of Shady Grove and Hagerstown.

Information Request	Author	Due Date
Report on the operating budgets of the Shady Grove and Hagerstown regional higher education centers. The report should include prior year actual, working appropriation, and allowance	USMO	July 1, 2007; with request and allowance

Tuition and Mandatory Fee Schedule: The University System of Maryland Office (USMO) should submit a detailed tuition and mandatory fee schedule of USM institutions with the allowance. The schedule should include all tuition rates and all mandatory fee rates. The mandatory fees should include a breakdown of auxiliary fees. The schedule should be submitted regardless of whether it has been approved by the Board of Regents. However, if applicable, it should be noted in the schedule that the rates are pending approval by the Board of Regents. Additionally, the final tuition and mandatory fee schedule should be submitted after it has been approved by the Board of Regents.

Information Request	Author	Due Date
Tuition and Mandatory Fee Schedule for all USM institutions including the fiscal 2008 working appropriation and the fiscal 2009 allowance	USMO	With allowance and upon approval by the USM Board of Regents

Institutional Aid Reports: The committees request that public four-year higher education institutions submit all categories (need-based, merit, mission, and athletic) of institutional aid data in the same format that it is submitted to Maryland Higher Education Commission with the budget request and allowance, including prior year actual, current year working, and allowance.

Information Request	Authors	Due Date

Amendment No. 173

R62I

R62I00.07 Educational Grants

Add the following language to the general fund appropriation:

, provided that $4,900,000 in general funds designated to enhance the State's four historically black institutions may not be expended until the Maryland Higher Education Commission submits a report to the budget committees prior to July 1, 2007, outlining how the funds will be spent. The budget committees shall have 45 days to review and comment on the report.

Explanation: The language restricts the expenditure of funds until the commission reports to the budget committees on the plans for spending funds designated to enhance the State's four historically black institutions.

Information Request	Author	Due Date
Enhancement expenditure report	MHEC	July 1, 2007

Amendment No. 174

Add the following language to the general fund appropriation:

Further provided that it is the intent of the General Assembly that local education agencies should play a greater role in financially supporting professional development schools. Professional development schools are partnerships between higher education institutions and local education agencies. They assist local education agencies in training and developing both new and in-service teachers. Under the Bridge to Excellence in Public Schools Act, local education agencies will receive $558,000,000 in additional State aid in fiscal 2008. A portion of these funds support teacher mentoring and professional development activities and should be used to support professional development schools.

Explanation: Currently, funding for professional development schools (PDS) from local school systems varies from county to county. In fiscal 2006, local education agencies provided 7%, or $635,000 of funding for PDS activities in the State. However, the goal of PDS is to provide competent teachers and improve student performance and teacher retention. In-service teachers and administrators in the school systems also benefit from the partnership through professional development sessions and opportunities to serve as mentors to intern teachers. The language expresses the intent that local education agencies provide more funding to professional development schools.

Amendment No. 175

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funds for professional development schools (PDS). The Maryland Higher Education Commission and the K-16 Council noted that the PDS funding will enhance but not supplant existing funding for PDS. The $2 million allowed institutions of higher education to expand and enhance the capabilities of their PDS. The State is facing a significant structural deficit and local school systems should play a greater role in financing professional development schools.	2,000,000	GF	
Total Reductions	2,000,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	11,776,000	9,776,000	2,000,000	
Federal Fund	1,034,823	1,034,823	0	
Total Funds	**12,810,823**	**10,810,823**	**2,000,000**	

Amendment No. 176

R62I00.10 Educational Excellence Awards

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce Educational Excellence Awards (EEA) by $1.2 million. EEA will still have an increase of $1.1 million, or 1.5% over fiscal 2007. Approximately $1.2 million in carry-forward funds are likely to be available for need-based aid awards in fiscal 2008 that are not reflected in the allowance.	1,200,000	GF	
Total Reductions	1,200,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	78,449,177	77,249,177	1,200,000

Total Funds	**79,058,381**	**77,858,381**	**1,200,000**	

Amendment No. 177

R75T
Higher Education

Budget Amendments

R75T00.01 Support for State Operated Institutions of Higher Education

Add the following language to the general fund appropriation:

, provided that this appropriation herein for the University System of Maryland is reduced by $4,662,500.

Explanation: The language reduces the University System of Maryland's (USM) general fund appropriation by $4,662,500. This would reduce the funds available for enhancements by approximately one-sixth after allowing for enrollment growth. This would leave USM a total of $23,291,258 for enhancements not related to enrollment growth in the fiscal 2008 allowance.

Amendment No. 178

Add the following language to the general fund appropriation:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $2,362,650 in general funds allocated to enrollment growth. Total general fund expenditure to fund enrollment growth shall be limited to $4,382,350.

Explanation: The University System of Maryland (USM) has determined a per student funding rate that was used to calculate the need for $7,257,000 to fund an additional 1,750 students at five USM institutions. However, the USM per student cost is overstated. When using a more realistic methodology, $4,382,350 would be sufficient to support an additional 1,750 students. This language reduces the general fund appropriation by $2,362,650.

Amendment No. 179

Add the following language to the general fund appropriation:

Further provided that $1,500,000 of this appropriation, for the purpose of improving student retention and graduation rates, may not be expended until Morgan State University has prepared and submitted a performance report to the budget committees. For each cohort enrolled beginning fall 2000 through 2006 the report shall include:

(1) the average number of credit hours completed each year;

(2) the average grade point average for each year; and

(3) the percentage of students who dropped out each year who were receiving financial aid from any source (federal, State, institutional) and the average award amount received by those students.

The report shall be submitted by August 1, 2007, and the budget committees shall have 45 days to review and comment on the report.

Explanation: This language restricts the expenditure of funds until Morgan State University (MSU) submits a performance report on Access and Success funds that have been used in the past to improve retention and graduation rates.

Information Request	**Author**	**Due Date**
Access and Success accountability report	MSU	August 1, 2007

Amendment No. 180

Add the following language to the general fund appropriation:

Further provided that the general fund appropriation herein for Morgan State University is reduced by $542,823.

Explanation: The language reduces Morgan State University's (MSU) general fund appropriation by $542,823. This would leave MSU $2,714,116 for enhancements.

Amendment No. 181

Add the following language to the general fund appropriation:

Further provided that the amount listed below for each institution listed below, for the purpose of improving student retention and graduation rates, may not be expended until the university in conjunction with the University System of Maryland Office has prepared and submitted a performance report to the budget committees:

Institution	Amount
Bowie State University	$1,500,000
University of Maryland Eastern Shore	$1,500,000
Coppin State University	$1,500,000

For each cohort enrolled beginning fall 2000 through 2006, the report shall include:

(1) the average number of credit hours completed each year;

(2) the average grade point average for each year; and

(3) the percentage of students who dropped out each year who were receiving financial aid from any source (federal, State, and institutional) and the average award amount received by those students.

The report shall be submitted by August 1, 2007, and the budget committees shall have 45 days to review and comment on the report.

Explanation: This language restricts the expenditure of funds until Bowie State University (BSU), University of Maryland Eastern Shore (UMES), and Coppin State University (CSU) in conjunction with the University System of Maryland Office (USMO) submits a performance report on Access and Success funds that have been used in the past to improve retention and graduation rates.

Information Request	**Authors**	**Due Date**
Access and Success accountability report	BSU CSU UMES USMO	August 1, 2007

Amendment No. 182

Add the following language to the general fund appropriation:

Further provided that $700,000 of this appropriation for the University of Maryland Center for Environmental Science may be used for no other purpose than the repayment of the master lease for the research vessel in fiscal 2008. Funds not expended for this purpose in fiscal 2008 may be retained in fund balance to apply to future repayment installments. The University of Maryland Center for Environmental Science shall submit a report to the budget committees by September 1, 2007, on the actual repayment amount needed for fiscal 2008.

Explanation: If the $0.7 million that is budgeted as the repayment installment on the master lease for the research vessel is in excess of the actual amount of the repayment, it is the intent of the General Assembly that the excess funds be applied to future payments of the lease. The master lease program provided $6 million for the design and construction of a research vessel. Expenditures for the vessel are expected to begin in May 2007. Lease repayments become due after expenditures begin. Because expenditures have not yet begun, the $0.7 million is an estimated repayment amount. The University of Maryland Center for Environmental Science (UMCES) shall submit a report to the budget committees by September 1, 2007, on the actual repayment amount needed for fiscal 2008.

Amendment No. 183

S00A
Department of Housing and Community Development

Budget Amendments

Add the following language:

Provided that the Department of Housing and Community Development shall not transfer more than $1,000,000 in funds among grant and loan programs without notifying the budget committees at least 30 days in advance.

Explanation: As provided in Section 4-502 through 4-505 of the Housing Article, the Secretary of the Department of Housing and Community Development (DHCD) is authorized to transfer funds among revolving grant and loan programs. However, large transfers may represent a significant reprogramming of resources and priorities set by the General Assembly when program funding levels are appropriated in the budget. The committees would like to stay apprised of DHCD's fund transfer activities and request that the department provide written notification to the committees 30 days prior to planned transfers that exceed $1 million.

Information Request	Author	Due Date
Notification of fund transfers that exceed $1 million	DHCD	30 days before funds are transferred

Amendment No. 184

DIVISION OF NEIGHBORHOOD REVITALIZATION

S00A24.01 Neighborhood Revitalization

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Increase the budgeted turnover rate. The rate for fiscal 2008 is 3%, while from fiscal 2000 to 2007 the department's vacancy rate has averaged 6.6% (as of December 31 of each year). The reduction amount represents changing the rate from 3 to 4% and may be distributed among the department's divisions.	5,867 125,909 84,248	GF SF FF	
Total Reductions	216,024		0.00

Amendment No. 186

S00A

Add the following language to the special fund appropriation:

, provided that $2,000,000 of this appropriation shall be transferred from the Neighborhood Business Development Program to the Community Legacy Program within the Department of Housing and Community Development.

Explanation: This transfer from the Neighborhood Business Development Program would partially replace a general fund reduction to the Community Legacy Program within the Department of Housing and Community Development.

Amendment No. 187

S50B
Maryland African American Museum Corporation

Budget Amendments

S50B01.01 General Administration

Add the following language to the general fund appropriation:

, provided that it is the intent of the General Assembly that the fiscal 2009 general fund grant to the Maryland African American Museum Corporation supports no more than 50 percent of the operating costs of the museum.

Explanation: This language is consistent with previously expressed intent of the General Assembly concerning the level of State support provided to the Maryland African American Museum Corporation.

Amendment No. 188

Committee Narrative

Memorandum of Understanding on Use of the General Fund Grant: The Maryland African American Museum Corporation (MAAMC) and the Department of Budget and Management (DBM) executed a Memorandum of Understanding (MOU) governing use of MAAMC's general fund grant for fiscal 2007. The committees request that a similar MOU be executed for fiscal 2008. The MOU should specify that the State intends to support no more than 50% of MAAMC's operating costs in fiscal 2008, which is consistent with previously expressed intent of the General Assembly.

Information Request	Authors	Due Date
MOU specifying use of the fiscal 2008 general fund grant	MAAMC DBM	July 1, 2007

Management of Endowment Funds: The Maryland African American Museum Corporation has an endowment that totals nearly $6 million in fiscal 2007. The museum reports that it is keeping these funds in two-week certificates of deposit until it meets with an investment advisor and develops a long-term investment plan. The museum likely could earn significantly more from investment income if the funds were placed in diversified investment vehicles.

The State is a partner in the financial position of the museum, and so the State has an interest in how the museum handles its funds from private sources. The budget committees request that the museum submits a report to the budget committees indicating that it has selected an investment advisor, outlined a long-term investment plan that includes a balance of equities and fixed-return investments, invested its endowment funds according to the long-term investment plan, and completed an endowment draw policy.

T00
Department of Business and Economic Development

Budget Amendments

OFFICE OF THE SECRETARY

T00A00.01 Secretariat Services

Add the following language to the general fund appropriation:

, provided that $1,000,000 of this appropriation may not be expended until the Department of Business and Economic Development submits a report that identifies the position(s) responsible for its agencywide Managing for Results (MFR) quality assurance, provides written departmental MFR control procedures that satisfy the Department of Budget and Management, and assigns an internal auditor to consistently monitor performance data collection and control. The budget committees shall have 45 days from the date of receipt of the report to review and comment.

Explanation: Many State agencies have challenges with reporting their performance data as part of the Managing for Results (MFR) process. In fact, the Office of Legislative Audits (OLA) has conducted 19 audits of MFR data since reporting began in fiscal 2000, and only 16 of 126 measures (13%) among agencies could be certified. Although MFR reporting problems are common, some agencies stand out. The Department of Business and Economic Development (DBED) is one of these; it ranks second worst among the agencies audited.

The budget committees have recognized DBED's MFR challenges and have twice adopted committee narrative asking OLA to determine if DBED has made improvements. DBED should be commended on the strides it has made to improve data collection with its new computer system. However, the will to institute data controls appears to be lacking. The report on performance reporting improvements should contain a letter from the Department of Budget and Management certifying that MFR control procedures are satisfactory.

Information Request	Author	Due Date
Report on performance reporting improvements	DBED	45 days before release of funds

Amendment No. 189

Budget Amendments

DIVISION OF TOURISM, FILM AND THE ARTS

T00G00.03 Maryland Tourism Board

Add the following language to the general fund appropriation:

, provided that $50,000 of this appropriation made for the purposes of the Maryland Tourism Board Program in the Division of Tourism, Film and the Arts may only be transferred to the Division of Racing in the Department of Labor, Licensing, and Regulation to fund expenditures for the Cecil County Breeders Fair. Specifically, the appropriation shall support horse track maintenance, promotions, and purses. The appropriation may not be transferred to any other program by budget amendment or otherwise. Any funds not spent by the end of the fiscal year for the expenditures for the Cecil County Breeders Fair shall be reverted to the general fund.

Explanation: This language will transfer funds from the Tourism Board to support expenditures for the Cecil County Breeders Fair.

Amendment No. 190

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce Tourism Board funds. The reduction will improve the State's ability to address an expected deficit.	300,000	GF

Amendment No. 193

U00A
Department of the Environment

Committee Narrative

U00A01.11 Capital Appropriation – Bay Restoration Fund – Wastewater

Funding for Bay Restoration Fund Implementation: The committees are concerned about the potential for insufficient funding of Bay Restoration Fund (BRF) implementation. The Maryland Department of the Environment (MDE) estimates that the BRF program will issue a total of $530.0 million in revenue bonds through fiscal 2012, but that these revenue bonds will only support the initially anticipated cost of approximately $765.0 million to upgrade the 66 major wastewater treatment plants (WWTP). In addition, recent increases in estimated WWTP project constructions costs (due to energy and material costs) raise the concern that sufficient revenue may not be available to provide 100% grant funding for upgrade projects that begin construction in 2012 and beyond. Therefore, the committees request that MDE submit a report to the committees by July 1, 2007, which contains the following information:

- comparison of estimated and actual revenues, factors contributing to the variance, and options available for WWTP projects if sufficient Bay Restoration Funds are not available;

- comparison of construction bid estimates with actual bids, factors contributing to the difference, and how these cost factors may be mitigated; and

- how scheduling of projects has progressed relative to expectations, what the differences have been, and why they have occurred.

Amendment No. 194

V
Department of Juvenile Services

Budget Amendments

DEPARTMENTAL SUPPORT

V00D02.01 Departmental Support

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for cell phone expenditures. The department is in the process of reducing the number of cell phones issued and switching to lower cost plans.	100,000	GF	
2. Reduce funds for independent verification and validation (IV&V). The allowance provides $250,000 for IV&V of the Department of Juvenile Services' caseload management system and an in-development network to support education services. $150,000 for IV&V of the education network is included in the Major Information Technology Development Project Fund. The reduction leaves $100,000 for IV&V of the caseload management system.	150,000	GF	
3. Reduce funding for the installation of an education trailer at O'Farrell. Rather than purchasing the trailer, the Department of Juvenile Services can lease the trailer. O'Farrell is included in the facilities master plan for replacement.	66,000	GF	
Total Reductions	316,000		0.00

Federal Fund	442,851	442,851	0	
Total Funds	**30,637,006**	**30,321,006**	**316,000**	

Amendment No. 195

V

RESIDENTIAL OPERATIONS

V00E01.01 Residential Services

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for two teacher and one teacher aide positions based on the relinquishment of responsibility for education at the Carter Center to the Maryland State Department of Education (MSDE). The fiscal 2008 allowance includes 6 positions for MSDE to assume responsibility for education at the Carter Center (3 teaching positions, including a principal, 2 teacher's aides and 1 registrar). The Department of Juvenile Services indicated that it proposes to add the existing positions to the MSDE positions for a teaching complement of one principal, 5 teachers, plus 3 teachers' aides, a doubling of teaching capacity. The fiscal 2006 average daily population (ADP) at the Carter Center was 20, although the ADP may rise to 25. The proposed reduction would leave 4 teachers and 2 teachers' aides, including the principal, increasing teaching capacity by 50%.	188,000	GF	3.00
Total Reductions	188,000		3.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	106.00	103.00		3.00

Total Funds	**8,080,360**	**7,892,360**	**188,000**	

Amendment No. 196

V

HEALTH SERVICES DIVISION

V00E02.01 Health Services Division

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation may not be spent until the Departments of Juvenile Services (DJS) and Health and Mental Hygiene report on strategies to maximize federal Medicaid claims for behavioral health assessments and other mental health services provided by DJS in community-based settings. The report shall include specifics as to what behavioral health assessments are required to provide juvenile court judges with information necessary to make appropriate dispositions of youth and, if necessary, strategies for educating those judges as to what is an appropriate assessment. The report shall be provided to the budget committees by November 1, 2007, and the committees shall have 45 days to review and comment.

Explanation: Language in the 2006 Joint Chairmen's Report on ways to maximize federal fund claims for behavioral health assessments indicated some disagreement between the Departments of Juvenile Services (DJS) and Health and Mental Hygiene (DHMH) about whether evaluations funded by Medicaid were sufficient to meet the requirements of juvenile court judges. This language withholds funds until the departments jointly reconsider this issue. In addition, DJS and DHMH should examine if evidence-based therapies for delinquent youth currently funded by DJS but not covered by the State Medicaid Plan should be covered.

Information Request	Author	Due Date
Federal fund claims for mental health services	DJS DHMH	November 1, 2007

Amendment No. 197

COMMUNITY JUSTICE SUPERVISION

V00E03.01 Community Services Supervision

Add the following language:

It is the intent of the General Assembly that the Department of Juvenile Services pursues grant and foundation funding in order to conduct an evaluation of community-based sex offender treatment currently provided by the department. The evaluation shall include a discussion of the availability of evidence-based practices for these services, fidelity to those standards by Maryland programs, as well as an analysis of outcomes in Maryland-based programs to national models. The department shall submit any evaluation it is able to undertake to the budget committees within 30 days of its completion.

Explanation: The fiscal 2008 allowance proposes a significant increase in funding in the Department of Juvenile Services (DJS) for community-based sex offender treatment. However, the department has not conducted any rigorous analysis of its currently funded programs. The language expresses legislative intent that the department should pursue grant and foundation funding in order to undertake such an evaluation.

Information Request	Author	Due Date
Evaluation of current community-based sex offender programming	DJS	30 days after completion

Amendment No. 198

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce expansion of non-residential sex offender treatment services. This reduction still provides an additional $250,000 in fiscal 2008 for the expansion of this treatment option.	250,000	GF	
Total Reductions	250,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction

Total Funds	**84,527,011**	**84,277,011**	**250,000**	

Amendment No. 199

Committee Narrative

Facilities Master Plan: After many years, the Department of Juvenile Services (DJS) completed a Facilities Master Plan in 2006. That plan sets a clear policy direction for the department in terms of both its delivery of services regionally (including a restructuring of the current regional configuration) and also a reduction in its reliance on private committed residential placements. Underpinning that plan are significant capital and operating

commitments that at this point remain largely unfunded. The committees request that the new leadership team at DJS evaluate the policy direction established by this plan and report back to them on how it intends to proceed, if at all, with its implementation.

Information Request	Author	Due Date
Evaluation of 2006 Facilities Master Plan	DJS	September 1, 2007

Education Programming for Committed Youth at the Regional Institute for Children and Adolescents (RICA) – Southern Maryland: For almost two years, the Department of Juvenile Services (DJS) in cooperation with the Department of Health and Mental Hygiene (DHMH) has developed special programming (Extended Diagnosis and Initial Treatment (EDIT)) for delinquent youth at RICA – Southern Maryland. However, while other youth in the residential program at RICA – Southern Maryland attend classes in the adjacent school building owned by the State but operated as a special education facility by the Prince George's public school system (Prince George's County schools), DJS youth in the EDIT program are served in a cramped space and receive only 4.5 hours of education per day (up from 3 hours per day in 2005). This level of programming is below the standard of 5 hours per day set by DJS for its own facilities and the 6 hours per day in MSDE-operated programs. Further, the range of programming is severely limited by the resources (human and physical) available to this program. The committees request DJS work with DHMH, Maryland State Department of Education (MSDE), and Prince George's County schools to improve the educational opportunities afforded to the youth in the EDIT program. The committees request an update on progress made by October 1, 2007.

Information Request	Author	Due Date
Education Programming in EDIT program	DJS in consultation with DHMH, MSDE, and Prince George's County schools	October 1, 2007

Caseload Management System: The fiscal 2008 allowance includes funding for independent verification and validation (IV&V) of modifications and enhancements made to the Department of Juvenile Services' (DJS) caseload management system. Given the importance of this system to the department's operations, the committees request the department to provide them with a written summary of the conclusions reached by any IV&V analysis undertaken in fiscal 2008.

Information Request	Author	Due Date
IV&V of DJS' caseload management system	DJS	Within 30 days of the completion of any IV&V analysis

V

Non-traditional Grant Programs: A fiscal 2007 deficiency appropriation in the Department of Juvenile Services (DJS) supported one-time funding of non-traditional grant programs. This funding was made available in Baltimore City to individuals and small organizations to support a variety of community-based youth delinquency prevention programming. While the committees remain concerned that funding for this programming was provided by DJS when its fiscal 2007 budget was clearly inadequate to fund the services already required of it, they nonetheless believe in the potential value of these programs. As such, the committees encourage the Executive Branch through, for example the juvenile delinquency prevention and diversion funding available in the Governor's Office of Children, to investigate supporting these non-traditional programs statewide.

W
Department of State Police

Budget Amendments

MARYLAND STATE POLICE

W00A01.01 Office of the Superintendent

Add the following language to the general fund appropriation:

, provided that $1,000,000 of this appropriation is restricted until the Department of State Police (DSP) submits the Crime in Maryland: 2006 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment.

Furthermore, if DSP encounters difficulty in obtaining the necessary crime data on a timely basis from local jurisdictions who provide this data for inclusion in the UCR, the department may withhold a portion, totaling no more than 50 percent, of that jurisdiction's State Aid for Police Protection grant for fiscal 2008 until such time that the jurisdiction submits its crime data.

Explanation: This annual language was originally added because DSP had not been submitting its annual crime report in a timely manner. As such, this language withholds a portion of the department's general fund appropriation until the budget committees receive the 2006 Uniform Crime Report.

Information Request	Author	Due Date
2006 Uniform Crime Report	DSP	45 prior to expenditure of funds

Amendment No. 200

W00A01.03 Homeland Security and Investigation Bureau

Add the following language to the general fund appropriation:

, provided that $125,479 of this appropriation may not be expended until the Department of State Police (DSP) submits a report to the budget committees concerning its use of investigative funds. The report shall include level of appropriated funds and actual level of expenditures for investigations for fiscal 2005 and fiscal 2006. The report shall also include the extent to which funds were directed from other areas within the DSP's appropriation. The budget committees shall have 45 days to review and comment.

Explanation: The department has indicated the actual level of expenditures for investigations has consistently exceeded appropriated funding for this purpose. This language restricts the increase in investigative funds until the department submits a report on how it expends funds for the purpose of investigations.

Information Request	Author	Due Date
Report on Use of Investigative Funds	DSP	45 days prior to expenditure

Amendment No. 201

W00A01.04 Support Services Bureau

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete two positions that have been vacant for over one year. Position #013222, an administrative officer, and position #037188, a maintenance mechanic, are within the Support Services Bureau. The bureau appears to be fulfilling its responsibilities without filling these positions.	83,883	GF	2.00

Amendment No. 202

Y
State Reserve Fund

Budget Amendments

Y01A02.01 Dedicated Purpose Account

Strike the following language in the general fund appropriation:

~~, provided that this appropriation shall be reduced by $53,000,000 contingent upon the enactment of legislation altering the timing of transfers to the Maryland Transportation Authority to fund the Intercounty Connector~~

Explanation: Current statute requires the repayment of $211.9 million from the general fund to the Maryland Transportation Authority in fiscal 2008 through 2010. The proposed deferral of $53 million in fiscal 2008 would require payment over two years instead of three. This will increase pressure on the general fund, which is already facing large projected deficits in fiscal 2009 and 2010.

Amendment No. 203

Y01A03.01 Economic Development Opportunities Program Account

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Delete Sunny Day funds. This reduction will improve the State's ability to address an expected deficit.	2,000,000	GF

Amendment No. 204

G20J
Maryland State Retirement and Pension Systems
State Retirement Agency

Fiscal 2007 Deficiency

G20J01.02

Add the following language to the special fund appropriation:

, provided that $5,762,456 of this deficiency appropriation may not be expended until the State Retirement Agency hires a regular project manager for the Maryland Pension Administration System (MPAS) and a regular chief information officer, completes an independent verification and validation (IV&V) of the MPAS design and architecture, provides a copy of the written IV&V report to the budget committees, and the budget committees accept the report as providing sufficient evidence that the MPAS project should proceed. The budget committees shall have 45 days from the date of receipt of the IV&V report to review it. It is the intent of the General Assembly that the agency procure an IV&V contractor through the Department of Budget and Management's Consulting and Technical Services contract.

Explanation: The Maryland Pension Administration System project has been proceeding despite vacancies in key agency positions, most notably executive director, chief information officer, and MPAS project manager. Moreover, the project's design has not been reviewed by external experts to determine whether it presents the best alternative for addressing the agency's needs and is technically sound. The language leaves in place $150,000 to pay for IV&V, but makes the rest of the deficiency appropriation contingent on filling two of the vacant positions and completing an IV&V on the MPAS design and architecture.

Amendment No. 207

Budget Amendments

Section 2 Restricted Appropriations

Amend the following section:

SECTION 2. AND BE IT FURTHER ENACTED, That: ~~That in order to carry out the provisions of these appropriations the Secretary of Budget and Management is authorized:~~

~~(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.~~

~~The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury a schedule of allotments, if any. The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.~~

~~(b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.~~

~~(c)~~ (1) Prior to July 1, 2007, the Department of Budget and Management shall file with the Comptroller of the Treasury a list of the appropriations for each program in the State budget.

(2) Prior to July 1, 2007, the Presiding Officers of the General Assembly shall submit to the Comptroller of the Treasury a list of the appropriations restricted in this Act. The Comptroller of the Treasury shall place the restricted appropriations into a contingency reserve until such time as the Comptroller of the Treasury receives written notification from the chairmen of the Senate Budget and Taxation Committee and House Committee on Appropriations that the funds may be released from the contingency reserve and made available to the appropriate department, board, commission, officer, school, or institution.

(3) Except as provided in paragraph (2) of this section, the Comptroller of the Treasury may not authorize any expenditure or obligation that requires the use of funds in the contingency reserve and any expenditure so made shall be illegal.

(4) The Secretary of Budget and Management is authorized to ~~To~~ fix the number and classes of positions, including ~~temporary~~ contractual and ~~permanent~~ regular positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as

amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determination. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15–105 of the Education Article.

~~(d) To prescribe procedures and forms for carrying out the above provisions.~~

Explanation: Amendments to this section remove the authorization for the Governor to unilaterally withhold allotments from agencies and provide a process for the release of funds restricted by the General Assembly.

Amendment No. 208

Section 17 Using Funds for Their Intended Purpose

Add the following section:

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation), 0217 (Health Insurance – Maryland Department of Transportation only), 0305 (DBM Paid Telecommunications) and 0322 (Capital Lease Telecommunications) are to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management.~~ Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects ~~0152,~~ 0152 and 0154~~, 0305, and 0322~~ between State departments and agencies by approved budget amendment in fiscal year 2007 and fiscal year 2008. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2–516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that funds may be transferred between State agency programs and subprograms within Comptroller Objects 0305 and 0322.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects herein listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or cancelled.

Explanation: This amendment withdraws the opportunity for the Secretary of Budget and Management to redirect certain funds for other purposes and makes it possible for the Office of Legislative Audits to track the disposition of funds in Comptroller objects 0152, 0154, 0217, 0305, and 0322.

Amendment No. 209

Section 18 Office of Administrative Hearings Funding Reduction

Add the following section:

SECTION 18. AND BE IT FURTHER ENACTED, That:

(1) a reduction of $3,300 is made in this budget for Office of Administrative Hearings (OAH) services (Comptroller subobject 0302);

(2) the Governor shall develop a schedule for allocating this reduction across the various State departments and agencies that utilize OAH's services and across all funds appropriated for the purpose of conducting administrative hearings based upon the percentage of cases referred to OAH by these departments and agencies; and

(3) the reduction under this section shall equal at least the amounts indicated for the budgetary fund types listed:

Fund	Amount
General	1,419
Special	1,452
Federal	396
Higher Education (current unrestricted funds)	33

Explanation: Budget bill language reduces OAH's fiscal 2008 allowance by $3,300 to reflect a reduction in telephone expenditures. The budget bill language directs the Governor to develop a schedule for reallocating funds resulting from this reduction to various State departments and agencies that refer administrative hearing cases to OAH for adjudication. This reallocation

schedule should be based on the percent of cases that each department or agency contributes to OAH's total caseload. Furthermore, the total reduction should be split as indicated above among general, special, federal, and higher education current unrestricted funds.

Amendment No. 210

Section 19 Increase Turnover in Treasury Management and Insurance Management

Add the following section:

SECTION 19. AND BE IT FURTHER ENACTED, That $38,623 in general funds, $3,595 in special funds, and $26,661 in reimbursable funds shall be deleted from E20B01.01 Treasury Management. This reduction may be allocated between E20B01.01 Treasury Management and E20B02.01 Insurance Management. The Governor shall develop a schedule for allocating this reimbursable fund reduction across the various units of State government that receive services from the Office of the State Treasurer and across all funds based upon agency use of those services. The reduction under this section shall equal at least the amounts indicated for the budgetary fund types listed:

Fund	Amount
General	15,997
Special	5,332
Federal	5,332

Explanation: Increase turnover to 5% to more closely reflect historical vacancy levels. For the past two years the vacancy rate has not dropped below 12.5%. The total reduction is $68,879.

Amendment No. 211

Section 20 Homeland Security Spending

Add the following section:

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor's Office of Homeland Security shall be required to submit a report to the General Assembly by October 1, 2007, detailing specific spending for purposes related to homeland security by agency and by funding source for fiscal 2007 and estimated for fiscal 2008. Information on pass-through funding made available to local jurisdictions by jurisdiction and funding sources shall also be given. This report shall list the uses to which these funds have been put at the State level. Restrictions, contingencies, and any applicable expiration dates shall be given for funds made available through the federal government.

Explanation: Consolidated information on funds that have been made available for the purpose of homeland security is not readily available. This report will provide that information.

Information Request	Author	Due Date
Homeland Security Allocations and Expenditures Annual Report	Governor's Office of Homeland Security	October 1, 2007

Amendment No. 212

Section 21 Maryland Aviation Administration Agreements

Add the following section:

SECTION 21. AND BE IT FURTHER ENACTED, That any agreement made through any State agency, including all promotional contracts offering money to airlines for joint marketing services, contracts that waive certain airport fees, and agreements guaranteeing an airline's profit or return on sales, that involves the payment of funds to an airline which results in a reduction in revenue to the State from any fees, rent charges, or other types of revenue charged to an airline:

(1) may not be approved or go into effect unless the agreement is approved by the Board of Public Works, except if the Maryland Aviation Administration or the Maryland Department of Transportation is using a standard agreement previously approved by the Board of Public Works; and

(2) must be included in the Maryland Aviation Commission's annual report submitted to the General Assembly in accordance with Section 5-201.2 of the Transportation Article. The report shall include the total number of agreements reached during the previous fiscal year, the total number of airlines involved in the agreements, and the total dollar amount for that fiscal year relating to those agreements. These summary reports shall be provided separately for agreements relating to fee waivers, joint marketing services, and agreements that guarantee an airline's profit or return on sales.

Further provided that all agreements guaranteeing an airline's profit or return on sales may not be entered into unless the executive director of the Maryland Aviation Administration or the Secretary of the Maryland Department of Transportation advise the chairman of the Senate Budget and Taxation Committee; the chairman of the Public Safety, Transportation, and Environment Subcommittee; the chairman of the House Committee on Appropriations; the chairman of the Transportation and Environment Subcommittee; and the Department of Legislative Services of the proposed agreement.

Explanation: A recent audit of the Maryland Aviation Administration (MAA) found that an agreement was entered into on MAA's behalf that guaranteed a certain level of profit to an airline. Unbeknownst to the General Assembly, this agreement was a potential liability of the

Transportation Trust Fund of up to $5.5 million annually. This language requires that any agreements for joint marketing services, the waiver of certain airport fees, and agreements guaranteeing an airline's profit or return on sales must be approved by the Board of Public Works (if not using the standard agreement form), and a summary of all such reports must be included in the Maryland Aviation Commission's (MAC) annual report. Additionally, for all agreements guaranteeing an airline's profit or return on sales, the executive director of MAA or the Secretary of the Maryland Department of Transportation must meet with the appropriate budget committee and subcommittee chairmen and the Department of Legislative Services.

Information Request	**Author**	**Due Date**
Report summarizing all agreements reached with airlines concerning fee waivers, joint marketing services, and guarantees of an airline's profit	MAC	January 15, 2008

Amendment No. 213

Section 22 Information Resources Management Administration Funding Reduction

Add the following section:

SECTION 22. AND BE IT FURTHER ENACTED, That $125,000 in reimbursable funds shall be deleted from M00C01.03 Information Resources Management Administration. The Governor shall develop a schedule for allocating this reimbursable fund restriction across the various units within the Department of Health and Mental Hygiene that receive services from the Information Resources Management Administration and across all funds based upon agency use of those services. The restriction under this section shall equal at least the amounts indicated for the budgetary fund types listed:

Fund	Amount
General	$65,000
Special	30,000
Federal	30,000.

Explanation: Reduce funds for data processing communications expenses. This reduction still provides a $100,000 increase over the most recent actual.

Amendment No. 214

Section 23 Report on Maryland State Department of Education Federal Grants

Add the following section:

SECTION 23. AND BE IT FURTHER ENACTED, That the Maryland State Department of Education (MSDE) shall submit a report no later than December 15, 2007, listing for each federal grant in effect on October 1, 2007, the total amount:

(1) awarded;

(2) expended prior to fiscal year 2008;

(3) appropriated in the fiscal 2008 budget as approved by the General Assembly;

(4) appropriated by approved budget amendment after the fiscal 2008 budget was approved by the General Assembly;

(5) unexpended and unappropriated and available in fiscal year 2008; and

(6) eligible to be spent by MSDE and eligible to be spent by local education agencies.

The budget committees shall have 45 days to review and comment upon receipt of the report.

Explanation: Due to the extensive federal grants received by the Maryland State Department of Education and the variation in grant periods, the General Assembly should be updated on the status of the department's grants. This report shall be submitted by December 15, 2007.

Information Request	Author	Due Date

Amendment No. 215

Section 24 Office of Information Technology Funding Reduction

Add the following section:

SECTION 24. AND BE IT FURTHER ENACTED, That $113,000 in general funds, $220,000 in reimbursable funds, and one position shall be deleted from F10A04 Office of Information Technology. The Governor shall develop a schedule for allocating this reimbursable fund reduction across the various units of State government that receive services from the Office of Information Technology and across all funds based upon agency use of those services. The reduction under this section shall equal at the least the amounts indicated for the budgetary fund types listed:

Fund	Amount
General	$132,000
Special	44,000
Federal	44,000.

Explanation: Reduce funds for one long-term vacancy and outside consulting services. The vacant position (060300) has been vacant for more than 12 months and accounts for $63,000 in reimbursable funds. The reduction in outside consulting services ($113,000 general funds, $157,000 reimbursable funds) leaves the Office of Information Technology with just over $4.2 million for such consulting services. After excluding funding of Independent Verification and Validation, this reduction would level-fund outside consulting contracts from fiscal 2007 to 2008.

Amendment No. 216

Section 25 Across-the-board Reductions and Higher Education

Add the following section:

SECTION 25. AND BE IT FURTHER ENACTED, That all across-the-board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College.

Explanation: This section explicitly applies reductions intended for the full Executive Branch to the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College, unless their exclusion is specifically stated.

Amendment No. 217

Section 26 Injured Workers' Insurance Fund Accounts

Add the following section:

SECTION 26. AND BE IT FURTHER ENACTED, That the Comptroller of the Treasury's General Accounting Division shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (workers' compensation coverage) and to credit all payments disbursed to the Injured Workers' Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the general fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

Explanation: This section provides continuation of a system to track workers' compensation payments to IWIF for payment of claims, current expenses, and funded liability for incurred losses by the State.

Information Request	Author	Due Date
Report on status of ledger control account	IWIF	Monthly beginning July 1, 2007

Amendment No. 218

Section 27 Reporting Federal Monies

Add the following section:

SECTION 27. AND BE IT FURTHER ENACTED, That executive budget books shall include a summary statement of federal revenues by major federal program source supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalogue of Federal Domestic Assistance number or equivalent detail for programs not in the catalogue. Data shall be provided in an electronic format subject to the concurrence of DLS.

Explanation: This annual language provides for consistent reporting of federal monies received by the State.

Information Request	Author	Due Date
Report of components of each federal fund appropriation	DBM	With submission of the fiscal 2009 budget

Amendment No. 219

Section 28 Capital Fund Budgeting

Add the following section:

SECTION 28. AND BE IT FURTHER ENACTED, That for fiscal 2009, capital funds shall be budgeted in separate eight-digit programs. When multiple projects and/or programs are budgeted within the same non-transportation eight-digit program, each distinct program and

project shall be budgeted in a distinct subprogram. To the extent possible, subprograms for projects spanning multiple years shall be retained to preserve funding history. Furthermore, the budget detail for fiscal 2007 and 2008 submitted with the fiscal 2009 budget shall be organized in the same fashion to allow comparison between years.

Explanation: This annual language requires that capital funds be budgeted in separate eight-digit programs to aid in the identification of individual capital projects.

Amendment No. 220

Section 29 Federal Fund Spending

Add the following section:

SECTION 29. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2008, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged; this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities, or to the Department of Health and Mental Hygiene with respect to funds to be carried forward into future years for the purpose of reducing the waiting list for community services for individuals with developmental disabilities or with respect to funds to be carried forward into future years for HIV/AIDS-related activities, or to the Maryland State Department of Education with respect to funds to be carried forward into future years for child care;

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management, whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) the Department of Budget and Management shall take appropriate actions to effectively establish these as policies of the State with respect to administration of federal funds by executive agencies.

Explanation: This annual language defines the policies under which federal funds shall be used in the State budget.

Amendment No. 221

Section 30 Report on Indirect Costs

Add the following section:

SECTION 30. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall provide an annual report on indirect costs to the General Assembly in January 2008 as an appendix in the Governor's fiscal 2009 budget books. The report shall detail by agency for the actual fiscal 2007 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the general fund, and the amount of indirect cost recovery retained for use by each agency. In addition, it shall list the most recently available federally approved statewide and internal agency cost recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2008, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery may only be transferred to the general fund and may not be retained in any clearing account or by any other means, nor may the Department of Budget and Management or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

Explanation: This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery, requiring that recovered funds may only be transferred to the general fund.

Information Request	Author	Due Date
Annual report on indirect costs	DBM	With submission of Governor's fiscal 2009 budget books

Amendment No. 222

Section 31 Executive Long-term Forecast

Add the following section:

SECTION 31. AND BE IT FURTHER ENACTED, That the executive budget books shall include a forecast of the impact of the executive budget proposal on the long-term fiscal condition of general fund, Transportation Trust Fund, and higher education current unrestricted fund accounts. This forecast shall estimate aggregate revenues, expenditures and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

Explanation: This annual language provides for the delivery of the executive's general fund forecast and defines the conditions under which it is to be provided.

Information Request	Author	Due Date
Executive's general fund forecast	DBM	With submission of Governor's fiscal 2009 budget books

Amendment No. 223

Section 32 Reporting of Budget Data and Organizational Charts

Add the following section:

SECTION 32. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2009 budget detailed by "Statewide Subobject" classification in accordance with instructions promulgated by the Comptroller of the Treasury. The presentation of budget data in the State budget books shall include object, fund, and personnel data in the manner provided for fiscal 2008 except as indicated elsewhere in this Act; however, this shall not preclude the placement of additional information into the budget books. For actual fiscal 2007 spending, the fiscal 2008 working appropriation, and the fiscal 2009 allowance, the budget detail shall be available from the Department of Budget and Management's automated data system at the subobject level by statewide subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2007 spending, the fiscal 2008 working appropriation, and the fiscal 2009 allowance. The agencies shall exercise due diligence in reporting these data and ensuring correspondence between reported position and expenditure data for the actual, current,

and budget fiscal years. These data shall be made available upon request and in a format subject to the concurrence of the Department of Legislative Services. Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of the Treasury.

Further provided that due diligence shall be taken to accurately report full-time equivalent position counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that the Department of Budget and Management shall provide to the Department of Legislative Services with the allowance for each department, unit, agency, office, and institution a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Explanation: This annual language provides for consistent reporting of fiscal 2007, 2008, and 2009 budget data, and for the third year provides for the submission of department, unit, agency, office, and institutions' organizational charts to the Department of Legislative Services with the allowance.

Amendment No. 224

Section 33 Maintenance of Accounting Systems

Add the following section:

SECTION 33. AND BE IT FURTHER ENACTED, That:

(1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2007 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2007 to program R00A02.07 Students With Disabilities for Non-Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.

(3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2007 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year and to prepare the periodic reports required under this section for that program.

(4) For the programs specified, reports shall indicate total appropriations for fiscal 2007 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2007, March 1, 2008, and June 1, 2008.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2007 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

Explanation: This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by the Department of Health and Mental Hygiene (DHMH), the Maryland State Department of Education (MSDE), and the Department of Human Resources (DHR).

Information Request	**Authors**	**Due Date**
Report on appropriations and disbursements in M00Q01.03, R00A02.07, and N00G00.01	DHMH MSDE DHR	November 1, 2007 March 1, 2008 June 1, 2008

Amendment No. 225

Section 34 Statewide Subobjects

Add the following section:

SECTION 34. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall maintain statewide subobjects for fiscal 2008 to capture:

(1) leave payout funds used when long-term employees leave State service and are entitled to payment for accrued leave in subobject 0111;

(2) funds to be used for reclassifications and hiring above the minimum for a classification in subobject 0112; and

(3) funds used for cell phone expenditures in subobject 0306.

Further provided that DBM shall require that agency programs and subprograms specify in agency budget requests the use to which subobjects 0110 (Miscellaneous Adjustments) and 0199 (Other Fringe Benefit Costs) are being put.

Explanation: Agencies have treated two potentially notable personnel expenditures inconsistently. Some agencies in the past have budgeted vacation leave payout and expenditures related to hiring above the minimum rate in subobject 0110. Both of these are expenditures that other agencies have taken into consideration when calculating their turnover expectancy because they budgeted them within regular earnings (subobject 0101). By treating these expenditures differently in different agencies, it is difficult to consistently calculate and adequately compare turnover expectancy between agencies or to an agency's vacancy experience.

The addition of the cell phone expenditure subobject was necessary because it was found that without it, agencies were inconsistently budgeting cell phone expenditures, using as many as 30 different subobjects. That practice made cell phone expenditures extremely difficult to track.

Agencies also have the option of using subobjects 0110 and 0199 for various purposes, making it possible that expenditures more appropriately budgeted elsewhere will be reflected in these undefined categories.

Amendment No. 226

Section 35 Interagency Agreements

Add the following section:

SECTION 35. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that on or before August 1, 2007, each State agency and each public institution of higher education shall report to the Department of Budget and Management any agreements in place for any part of fiscal 2007 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that the Department of Budget and Management shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full-time and part-time, associated with the agreement; and

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement.

Further provided that the Department of Budget and Management shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2007, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000, that were in effect at any time during fiscal 2007.

Explanation: The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of $100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. Further, it requires that the Department of Budget and Management submit a consolidated report on all agreements by December 1, 2007, to the budget committees and the Department of Legislative Services.

Information Request	Author	Due Date
Consolidated report on all interagency agreements	DBM	December 1, 2007

Amendment No. 227

Section 36 Budget Amendments

Add the following section:

SECTION 36. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

(1) This section shall not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance;

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee; and

(c) appropriating funds for Major Information Technology Development Project Fund projects approved by the budget committees.

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until (i) that amendment has been submitted to the Department of Legislative Services and (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to the Department of Legislative Services shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of impact on budgeted or contractual position and payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:

(a) restore funds for items or purposes specifically denied by the General Assembly;

(b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation shall be restricted as provided in Section 1 of this Act;

(c) increase the scope of a capital project by an amount 7.5 percent or more over the approved estimate or 5 percent or more over the net square footage of the approved project until the amendment has been submitted to the Department of Legislative Services and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to the Maryland Department of Transportation; and

(d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a federal fund appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health or welfare, including protecting the environment or the economic welfare of the State.

(7) Further provided that the fiscal 2008 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2008 and the supporting electronic detail shall not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the Maryland Department of Transportation PAYGO capital program.

(8) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2009 allowance the Department of Budget and Management (DBM) shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

Explanation: This revised annual language defines the process under which budget amendments may be used.

Amendment No. 228

Section 37 Secretary's or Acting Secretary's Nomination and Salary

Add the following section:

SECTION 37. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2007 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2007 session.

Explanation: This language ensures that the intentions of the Senate are reflected in the payment of executive salaries.

Amendment No. 229

Section 38 The "Rule of 50"

Add the following section:

SECTION 38. AND BE IT FURTHER ENACTED, That the Board of Public Works, in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 50 positions in excess of the total number of authorized State positions on July 1, 2007, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 50 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, the Board of Public Works may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of men, which are necessary to protect the health and safety of the people of Maryland.

The Board of Public Works may authorize the creation of additional positions within the Executive Branch provided that 1.25 full-time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in a contractual position for at least two years. Any position created by this method shall not be counted within the limitation of 50 under this section.

In addition to any positions created within the limitation of 50 under this section, the Board of Public Works may authorize the creation of no more than 150 positions within the Department of Human Resources to provide services purchased by Local Management Boards through contracts with local departments of social services. If a Local Management Board terminates a contract with a local department of social services during the fiscal year, all the positions created by the Board of Public Works to provide services under the terms of that contract shall be abolished.

In addition to any positions created within the limitation of 50 under this section, the Board of Public Works may authorize the creation of positions within the Department of Human Resources to provide services funded by grants from sources other than Local Management Boards. If any grant entity terminates a grant award with a local department of social services or other unit during the fiscal year, all positions created by the Board of Public Works to provide services under the terms of the grant award shall be abolished. The employee contracts for these positions shall explicitly state that the positions are abolished at the termination of the grant award. General funds or any other State funds shall not be used to pay any of the salaries or benefits for these positions. Furthermore, the Department of Human Resources must provide a summary to the budget committees by December 1 of each year on the number of positions created under this section.

The numerical limitation on the creation of positions by the Board of Public Works established in this section shall not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

(1) funds are available from non-State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non-State funds are no longer available.

The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2008, the status of positions created with non-State funding sources during fiscal 2004, 2005, 2006, 2007, and 2008 under this provision as remaining authorized or abolished due to the discontinuation of funds.

Explanation: This annual language, the "Rule of 50", limits the number of positions that may be added after the beginning of the fiscal year to 50 and provides for exceptions to the limit.

Information Request	**Author**	**Due Date**
Certification of the status of positions created with non-State funding sources during fiscal 2004, 2005, 2006, 2007, and 2008	DBM	June 30, 2008

Amendment No. 230

Section 39 Position Reporting Requirement

Add the following section:

SECTION 39. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2007, the Secretary of Budget and Management shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2007 and on the first day of fiscal 2008. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2007 and 2008 including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self-supported activities, and Maryland Correctional Enterprises.

The Department of Budget and Management shall also prepare during fiscal 2008 a report for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2009 Governor's budget books. It shall note, at the program level:

(1) where regular FTE positions have been abolished;

(2) where regular FTE positions have been created;

(3) from where and to where regular FTE positions have been transferred; and

(4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2008 Governor's budget books shall also be provided.

Explanation: This is annual language providing reporting requirements for regular and contractual State positions.

Information Request	**Author**	**Due Date**
Total number of FTEs on June 30 and July 1, 2007	DBM	July 14, 2007
Report on the creation, transfer, or abolition of regular positions	DBM	As needed

Amendment No. 231

Section 40 Executive Pay Plan Salaries

Add the following section:

SECTION 40. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services' (DLS) Office of Policy Analysis:

(1) a report listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 1, 2007, October 1, 2007, January 1, 2008, and April 1, 2008; and

(2) detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier, which describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to DLS' Office of Policy Analysis.

Explanation: Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

Report of all Executive Pay Plan positions	Department of Budget and Management	July 15, 2007 October 15, 2007
	Maryland Department of Transportation	January 15, 2008 April 15, 2008

Amendment No. 232

Section 41 Positions Abolished in the Budget

Add the following section:

SECTION 41. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

Explanation: This language prevents employees from being moved into positions abolished in the budget. It also allows that incumbents in abolished positions may continue State employment in another position.

Amendment No. 233

Section 42 Accounting of Health Plan Receipts and Spending

Add the following section:

SECTION 42. AND BE IT FURTHER ENACTED, That the Secretary of Budget and Management shall provide to the Department of Legislative Services by November 1, 2007, an accounting of the fiscal 2007 actual, fiscal 2008 working appropriation, and fiscal 2009 estimated revenues and expenditures associated with the employees' and retirees' health plan. This accounting shall include:

(1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit and other miscellaneous recoveries;

(2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and

(3) any balance remaining and held in reserve for future provider payments.

Explanation: This language provides an accounting of the health plan revenues received and expenditures made on behalf of State employees and retirees.

Information Request	**Author**	**Due Date**
Accounting of the employee and retiree health plan revenues and expenditures	DBM	November 1, 2007

Amendment No. 234

Section 43 Other Post Employment Benefits Expenditures

Add the following section:

SECTION 43. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall create a statewide subobject to provide for budgeting in all fund accounts in individual agency budgets for Other Post Employment Benefits expenditures. Allocation among funding sources shall be based on the percentage of health care spending in each fund.

Explanation: This section provides for the establishment of a subobject to capture Other Post Employment Benefits expenditures.

Amendment No. 235

Section 44 Helicopter Procurement Decisions

Add the following section:

SECTION 44. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that a helicopter pilot, currently employed by the Maryland State Police Aviation Command, be included in any decision team related to the procurement and replacement of the division's fleet of helicopters.

Explanation: This language expressed the intent of the General Assembly that the interests of helicopter pilots of the Maryland State Police be represented regarding fleet replacement issues.

Amendment No. 236

Section 45 Hiring Freeze Reduction

Add the following section:

SECTION 45. AND BE IT FURTHER ENACTED, That:

(1) in order to capture savings resulting from the hiring freeze, a reduction of $7,000,000 in general funds shall be taken in Comptroller subobject 0192 in Executive Branch agencies, excluding the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College;

(2) the Governor shall develop a schedule for allocating this reduction to programs of the Executive Branch, excluding the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College, and shall consider reductions approved elsewhere in the budget to offset a program's proportional obligation under this section; and

(3) the Secretary of Budget and Management shall report to the budget committees by July 15, 2007, on the allocation of the reduction.

Explanation: The contrast between the budgeted fiscal 2008 Executive Branch general fund turnover expectancy rate of 4.5% and agencies' vacancy rates (8.3% on December 31, 2006) has grown. Further, the executive targeted $5,000,000 in general funds for a fiscal 2007 reversion approved by the Board of Public Works on February 28, 2007, due to the effects of the hiring freeze re-issued to State agencies on February 17, 2007. This $7.0 million general fund reduction recognizes the ongoing budgetary savings in fiscal 2008 due to the hiring freeze.

Amendment No. 237

Technical Amendment

Renumber SECTION 18. as SECTION 46, and renumber SECTION 19. as SECTION 47.

Amendment No. 238

G20J
Maryland State Retirement and Pension Systems
State Retirement Agency

Supplemental Budget No. 1

MARYLAND STATE RETIREMENT AND PENSION SYSTEMS

G20J01.01 State Retirement Agency

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Delete funding for 10 contractual conversions approved by the Board of Public Works. The agency converted 13 contractual positions into 10 regular positions under the authority of budget bill language that allows the Board of Public Works to approve contractual conversions at the rate of 1 regular position for every 1.25 contractual positions. However, the language states explicitly that agency funds cannot increase in the current budget year or the subsequent two years as a result of such conversions. The agency is not entitled to funding for these positions until fiscal 2010.	40,615 SF	
Total Reductions	40,615	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	12.00	12.00		0.00
Special Fund	203,046	162,431	40,615	
Total Funds	**203,046**	**162,431**	**40,615**	

Amendment No. 239

N00C
Department of Human Resources
Community Services Administration

Supplemental Budget No. 1

N00C01.12 Office of Home Energy Programs

Add the following language to the special fund appropriation:

, provided that no funds may be expended until the Department of Human Resources has exhausted all eligible federal Low-Income Home Energy Assistance Program and Universal Services Benefit Program funding available for energy assistance in fiscal 2007.

Explanation: The supplemental budget provides a fiscal 2007 deficiency appropriation for the Department of Human Resources (DHR) energy assistance programs in the amount of $14.5 million by withdrawing $10 million in special funds from the fiscal 2008 allowance. According to DHR projections, the energy assistance programs will need $14.5 million in special funds from the Dedicated Purpose Account for the remainder of fiscal 2007. The withdrawal funds from the fiscal 2008 appropriation will cause a 20% decrease in funding for energy assistance in fiscal 2008, while at the same time ratepayers will be experiencing significant rate increases. This language provides DHR access to the $14.5 million in special funds only after the department has exhausted all other fund sources.

Amendment No. 240

E20B
State Treasurer's Office

Supplemental Budget No. 2

E20B02.02 Insurance Coverage

Strike the following language:

~~In addition to the appropriation shown on page 26 of the printed bill (first reading file bill), to provide funds to be used for establishing a Tort Litigation Unit.~~

~~Personnel Detail:~~		
~~Asst. Attorney Gen VII~~	~~3.00~~	~~173,844~~
~~Treasury Spec. IV~~	~~2.00~~	~~74,190~~
~~Fringe Benefits~~		~~85,904~~
~~Turnover Expectancy~~		~~-86,885~~
~~Object .01 Salaries, Wages and Fringe Benefits~~		~~247,053~~

~~Funds are appropriated in other agency budgets to pay for services provided by this program. Authorization is granted to use these receipts as special funds for operating expenses in this program~~

Explanation: The need to create additional Assistant Attorneys General positions has not been demonstrated. This reduction is intended to help limit the growth in State positions.

Amendment No. 241

M00M
Developmental Disabilities Administration
Department of Health and Mental Hygiene

Supplemental Budget No. 2

M00M02.01 Services and Institutional Operations – Rosewood Center

Add the following language to the general fund appropriation:

, provided that $1,530,000 of this appropriation for Rosewood State Residential Center may not be expended until the Department of Health and Mental Hygiene submits a detailed plan on how the funds will be spent. The budget committees shall have 45 days to review and comment.

Explanation: This language restricts $1,530,000 until the Department of Health and Mental Hygiene submits a detailed plan on how it plans to spend the additional operating funds for Rosewood State Residential Center.

Amendment No. 245

Add the following language to the special fund appropriation:

It is the intent of the General Assembly that the Maryland Tourism Board process a budget amendment immediately to provide a grant for operations support at the Maryland Zoo in Baltimore. The General Assembly intends for the grant to be provided immediately because of cash flow problems at the zoo.

Explanation: This language directs the department to immediately request a transfer of funds from the Tourism Board to support operating expenditures for the Maryland Zoo in Baltimore.

Amendment No. 246

V
Department of Juvenile Services

Supplemental Budget No. 2

DEPARTMENTAL SUPPORT

V00D02.01 Departmental Support

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for the installation of modular health services buildings at Cheltenham and the Hickey School. The proposed modular buildings are part of the proposed improvements at these two facilities related to a prior Civil Rights of Institutionalized Persons Act investigation of these two facilities and a subsequent agreement between the U.S. Department of Justice and the Department of Juvenile Services (DJS). The proposed funding of $1 million is an estimate for site preparation and the purchase of modular buildings. The reduction is based on recent costs of site preparation at DJS facilities and savings from leasing rather than purchasing the buildings.	400,000	GF	
Total Reductions	400,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	1,000,000	600,000	400,000	
Total Funds	**1,000,000**	**600,000**	**400,000**	

Amendment No. 247

V

Supplemental Budget No. 2

DEPARTMENTAL SUPPORT

V00D02.01 Departmental Support

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funds for the rehabilitation and stabilization of three structures owned by the Department of Juvenile Services (DJS) adjacent to the Baltimore City Juvenile Justice Center (BCJJC). As requested by the legislature, DJS is in the process of preparing plans for the substantial expansion of educational space at BCJJC (this expansion is included in the Capital Improvement Program beginning in fiscal 2009). The expansion will result in the displacement of existing tenants at BCJJC. Since the rationale for the BCJJC was as a "one-stop shop" for youth in the juvenile justice system from that area, re-locating those displaced tenants as closely as possible to the current building needs to be considered. As such, DJS should evaluate what it wants to do with these adjacent structures in the context of developing that plan.	356,000	GF	
Total Reductions	356,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	356,000	0	356,000	
Total Funds	**356,000**	**0**	**356,000**	

Amendment No. 248

Supplemental Budget No. 2
Amendments to House Bill 50/Senate Bill 55

Amendment No. 4

Strike the following language:

~~**Amendment No. 4**~~

~~On page 110, after line 13, insert "Harry R. Hughes Center for Agro-Ecology, Inc…….81,809".~~

~~Includes the Harry R. Hughes Center for Agro-Ecology, Inc. as a grant recipient within R62I00.07 Educational Grants.~~

Explanation: Technical amendment to reflect changes made in Supplemental Budget No. 2.

Amendment No. 249

EXHIBIT F HOUSE BILL 50

B1 7lr1208

By: **The Speaker (By Request – Administration)**
Introduced and read first time: January 19, 2007
Assigned to: Appropriations

A BILL ENTITLED

Budget Bill

(Fiscal Year 2008)

AN ACT for the purpose of making the proposed appropriations contained in the State Budget for the fiscal year ending June 30, 2008, in accordance with Article III, Section 52 of the Maryland Constitution; and generally relating to appropriations and budgetary provisions made pursuant to that section.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That subject to the provisions hereinafter set forth and subject to the Public General Laws of Maryland relating to the Budget procedure, the several amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be disbursed for the several purposes specified for the fiscal year beginning July 1, 2007, and ending June 30, 2008, as hereinafter indicated.

JUDICIARY

Provided that a reduction of $115,000 is made for office supplies (comptroller subobject 902). This reduction shall be

1

allocated among the divisions according to the following fund types:

Fund	Amount
General	$82,066
Federal	$3,480
Special	$29,454

Further provided that a reduction of $200,000 is made for telephone expenses (comptroller subobject 302). This reduction shall be allocated among the divisions according to the following fund types:

2

Fund	Amount
General	$169,663
Federal	$2,407
Special	$27,930

Further provided that a reduction of $127,000 is made for postage expenses (comptroller subobject 301). This reduction shall be allocated among the divisions according to the following fund types:

3

Fund	Amount
General	$110,921
Federal	$853
Special	$15,226

Further provided that a reduction of $40,000 is made for cell phone expenditures (comptroller subobject 306). This reduction shall be allocated among the divisions according to the following fund types:

4

Fund	Amount
General	$38,854
Special	$1,146

Further provided that a reduction of $518,000 is made for travel expenses (comptroller object 04). This reduction

5

shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$485,304
Federal	$12,836
Special	$19,860

Further provided that a reduction of $4,135,178 is made for employee turnover (comptroller subobject 189). This reduction shall be allocated among the divisions according to the following fund types:

6

Fund	Amount
General	$3,907,420
Federal	$39,837
Special	$187,921

Further provided that a reduction of $16,000 is made for advertising and publication expenses (comptroller subobject 801). This reduction shall be allocated among the divisions according to the following fund types:

7

Fund	Amount
General	$15,673
Special	$327

Further provided that a reduction of $160,000 is made for education and training expenses (comptroller subobject 819). This reduction shall be allocated among the divisions according to the following fund types:

OFFICE OF THE PEOPLE'S COUNSEL

33

The General Assembly is extremely concerned that the Office of the People's Counsel (OPC) overspent its fiscal 2006 legislative appropriation as a result of employee salary increases. It is the intent of the General Assembly that additional review and evaluation take place regarding the independence of OPC's compensation system. OPC shall submit a report to the budget committees by August 1, 2007, outlining the legislative history behind the agency's ability to conduct routine reclassifications and promotions without approval of the Department of Budget and Management (DBM) and a justification as to why this practice should be continued in the future.

The report shall also include:

(1) the salary range for each position within the agency;

(2) a description of the process utilized by OPC for submitting reclassifications or general salary increases to DBM;

(3) a definition of "routine re–classifications" and a listing of any type of salary adjustment that can be made by the agency without prior approval and/or notice to DBM; and

(4) an explanation as to how the agency plans to absorb and/or pay for the fiscal 2006 overexpenditure.

The committees shall have 45 days to review and comment following the receipt of the report.

General Fund Appropriation 171,419

D05E01.10 Miscellaneous Grants to Private Non–Profit Groups
General Fund Appropriation, provided that $250,000 of this appropriation made for the purpose of providing a grant to the

35

Maryland Zoo in Baltimore shall not be expended until the General Assembly has received a comprehensive report that provides an assessment of the Zoo's financial challenges and physical plant condition. Representatives from the Maryland Zoological Society, Inc. shall collaborate with State and local government officials from including but not limited to the Department of Budget and Management, the City of Baltimore, the Department of Business and Economic Development, and the Maryland State Department of Education in the preparation of the report. The report shall be submitted on or before September 1, 2007, and include recommendations for improving the Zoo's short and long–term financial stability and physical plant condition. At a minimum, the report shall provide recommendations on the following:

(1) controlling expenditures and increasing revenues, including strategies for increasing private and philanthropic fund raising and financial contributions from non–State public sources;

(2) improvements to the Zoo's attendance, including an assessment of the ticket pricing policy and tourism/marketing strategies; and

(3) improvements to the Zoo's physical plant, including a comprehensive physical plant master plan assessment that provides project schedules, cost estimates, proposed funding sources, and evaluation of the improvements necessary to ensure that the visitor experience is maximized.

Further provided that the budget committees shall have 45 days to review and comment on the report prior to the

MARYLAND ENERGY ADMINISTRATION

D13A13.01 General Administration
General Fund Appropriation, provided that $100,000 of the general fund appropriation may not be expended until the Maryland Energy Administration (MEA), in collaboration with the Department of Budget and Management (DBM), has submitted a report on what would be needed to develop and

37

implement a State energy plan. This report shall include whether MEA would be the appropriate State agency to accomplish this task, and if so, then how MEA would need to be staffed and funded; where it would be located (as an independent agency or folded into another agency); and what executive powers it would need to be authorized. If MEA is determined to not be the appropriate State agency to accomplish the development and implementation of a State energy plan, then the report shall detail what role, if any, MEA will play as the State's energy policy agency. The report shall be submitted to the budget committees by November 1, 2007, and they shall have 45 days to review and comment following receipt of the report ... ~~1,675,647~~ 975,647

It is the intent of the General Assembly that the Military Department include in future budget submissions the line item detail for the Maryland State Firemen's Association grants, including administrative expenses, the Trustee's Relief Account (Widows and Orphans Fund), and the Volunteer Company Assistance Fund's grants and loans. It is also the intent of the General Assembly that the Military Department shall include the revenue sources that support each expenditure. Three years of detail shall be included, showing the most recent actual expenditure, the current year working appropriation, and the allowance.

OFFICE OF PERSONNEL SERVICES AND BENEFITS

F10A02.01 Executive Direction

General Fund Appropriation, provided that $150,000 of this appropriation is contingent upon the Department of Budget and Management submitting reports to the budget committees concerning the employees' and retirees' health insurance and prescription drug programs by September 15, 2007, December 15, 2007, and March 15, 2008. The reports shall include the information specified below.

68

(1) For the prescription drug program, the reports shall include year–to–date data on total expenditures and the number of prescriptions filled. Data for the same period in fiscal 2006 shall also be provided.

(2) For the employees' and retirees' health insurance program, the reports shall include year–to–date data and data from the same period in the prior year concerning:

(a) expenditures and enrollment for the health maintenance organization, preferred provider, and point–of–service plan options;

(b) the number of in–patient hospital and out–patient hospital visits paid for through the preferred provider organization and point–of–service plans;

(c) expenditures for in–patient and out–patient hospital visits paid for through the preferred provider organization and point–of–service plans;

(d) for both specialist and primary care physicians, the number of claims for physician services received by the preferred provider

organization and point–of–service plans;

(e) for both specialist and primary care physicians, the payments for physician services made by the preferred provider organization and point–of–service plans;

(f) the number of claims for emergency room physician services and for emergency room facility services received by the preferred provider organization and point–of–service plans; and

(g) the payments for emergency room physician services and for emergency room facility services made by the preferred provider organization and point–of–service plans.

(3) The fund balance remaining in the State Employees and Retirees Health and Welfare Benefits Fund to pay fiscal 2008 bills 1,468,199

Funds will be transferred from the Employees' and Retirees' Health Insurance Non–Budgeted Fund Accounts to pay for administration services provided by this program. Authorization is hereby granted to use these receipts as special funds for operating expenses in this program.

MAJOR INFORMATION TECHNOLOGY DEVELOPMENT PROJECT FUND

The General Assembly approves the use of the Major Information Technology Development Project Fund to support projects as listed in the 2007 Joint Chairmen's Report (JCR). The Office of

69

Information Technology shall submit any projects not listed in the JCR or any projects listed in the JCR for which the proposed funding level increases by more than $250,000, or 5 percent, to the budget committees. The committees shall have 30 days to review and comment from the date of receipt of any submittal.

H00G01.01 Facilities Planning, Design and Construction

General Fund Appropriation, provided that the amount appropriated herein for Maryland Environmental Service critical maintenance projects shall be transferred to the appropriate State facility effective July 1, 2007	13,296,014

Funds are appropriated in other agency budgets and authorizations for capital projects to pay for services provided by this program. Authorization is hereby granted to use an amount not to exceed

$2,500,000 of these receipts as special funds for operating expenses in this program provided, however, that authorizations for capital projects may not provide more than $1,750,000 for this purpose.

DEPARTMENT OF TRANSPORTATION

74

It is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program (CTP), shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2–103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2–103.1 of the Transportation Article that will result in an increase of more than 10 percent, or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify

the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

It is the intent of the General Assembly that funds dedicated to the Transportation Trust Fund shall be applied to purposes bearing direct relation to the State transportation program, unless directed otherwise by legislation. To implement this intent for the Maryland Department of Transportation in fiscal 2008, no commitment of funds in excess of $250,000 may be made nor such as an amount may be transferred, by budget amendment or otherwise, for any project or purpose not normally arising in connection with the ordinary ongoing operation of the department and not contemplated in the approved budget or the last published Consolidated Transportation Program without 45 days of review and comment by the budget committees.

75

The Maryland Department of Transportation (MDOT) shall not expend funds on any job or position of employment approved in this budget in excess of 9,088.5 positions and 182.39 contractual full–time equivalents paid through special payments payroll (defined

76

as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2008. The level of contractual full–time equivalents may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport that demands additional personnel; or

(2) emergency needs that must be met (such as transit security or highway maintenance).

The Secretary shall use the authority under Sections 2–101 and 2–102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 50 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2008 budget shall be subject to Section 7–236 of the State Finance and Procurement Article and the Rule of 50.

77

The Maryland Department of Transportation shall use the corporate income tax revenue estimate provided by the Board of Revenue Estimates for the general fund in its official March 2007 and December 2007 estimates when estimating revenue and expenditures for its fiscal 2008 to 2013 six–year draft and final forecast and Consolidated Transportation Program.

78

The Maryland Department of

Transportation may not include in its forecast any expected revenue from the sale of property or other assets until the sale has been approved by the Board of Public Works.

J00A01.02 Operating Grants–In–Aid

Special Fund Appropriation, provided that no more than $4,111,386 of this appropriation may be expended for operating grants–in–aid, except for:		

80

(1) any additional special funds necessary to match unanticipated federal fund attainments; or

(2) any proposed increase either to provide funds for a new grantee or to expand funds for an existing grantee.

Further provided that no expenditures in excess of $4,111,386 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either (1) or (2) above, and the committees provide review and comment or 45 days have elapsed from the date such notification is provided to the budget committees. 4,111,386

DEBT SERVICE REQUIREMENTS

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues shall not exceed $1,497,060,000 as of June 30, 2008. Provided, however, that debt service will be reduced by any proceeds generated from bond sale premiums. To achieve this reduction, the Maryland Department of Transportation may either use projected proceeds from bond sale premiums to reduce the size of the bond issuance or apply the proceeds from the premium to debt service for that bond issuance provided that those revenues are recognized by the

82

department and reflected in the Transportation Trust Fund forecast.

83

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), may not exceed $726,185,000 as of June 30, 2008. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

(1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Committee on Appropriations stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2008, and the total amount by which the fiscal 2009 debt service payment for all nontraditional debt would increase following the additional issuance; and

(2) the Senate Budget and Taxation Committee and the House Committee on Appropriations have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Committee on Appropriations may hold a public hearing to discuss the proposed increase and must signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

The Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts information on (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2007 through 2018. Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond. Such debt includes, but is not limited to, Certificates of Participation; debt backed by customer facility charges, passenger facility charges, or other revenues; and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT. **84**

$75,000 in the Critical Maintenance Program funds for the existing Natural Resources Police (NRP) Area 3 Office may not be expended until the department submits a report detailing an appraisal of the property, the results of the Maryland Stadium Authority's engineering and marketing study, a comprehensive overview of the development of a National Sailing Hall of Fame, and how the Administration intends to proceed based on this information. The budget committees shall have 45 days to review and comment from the date of receipt of the report 210,165,277

Provided that of the Special Fund Allowance, $114,561,295 represents that share of Program Open Space Revenues available for State projects and $95,603,982 represents that share of Program Open Space Revenues available for local programs. These amounts may be used for any State projects or local share authorized in Chapter 403, Laws of Maryland, 1969 as amended, or in Chapter 81, Laws of Maryland, 1984; Chapter 106, Laws of Maryland, 1985; Chapter 109, Laws of Maryland, 1986; Chapter 121, Laws of Maryland, 1987; Chapter 10, Laws of Maryland, 1988; Chapter 14, Laws of Maryland, 1989; Chapter 409, Laws of Maryland, 1990; Chapter 3, Laws of Maryland, 1991; Chapter 4, 1st Special Session, Laws of Maryland, 1992; Chapter 204, Laws of Maryland, 1993; Chapter 8, Laws of Maryland, 1994; Chapter 7, Laws of Maryland, 1995; Chapter 13, Laws of Maryland, 1996; Chapter 3, Laws of Maryland, 1997; Chapter 109, Laws of Maryland, 1998; Chapter 118, Laws of Maryland, 1999; Chapter 204, Laws of Maryland, 2000; Chapter 102, Laws of Maryland, 2001; Chapter 290, Laws of Maryland, 2002; Chapter 204, Laws of Maryland, 2003; Chapter 432, Laws of Maryland, 2004; Chapter 445, Laws of Maryland, 2005; Chapter 46, Laws of

Maryland, 2006; and for any of the following State and Local Projects.	
Allowance, Local Projects	$95,603,982

DEPARTMENT OF HEALTH AND MENTAL HYGIENE

Provided that no funds in this budget may be expended to close the Walter P. Carter Community Mental Health Center.

97

OFFICE OF THE SECRETARY

M00A01.01 Executive Direction

General Fund Appropriation, provided that $100,000 of this appropriation may not be expended until the Maryland Health Care Commission develops a plan to guide the future mental health service continuum needed in Maryland. The plan shall be developed by a task force that includes representatives from the following:

98

(1) Mental Hygiene Administration;

(2) Health Services Cost Review Commission;

(3) Maryland Insurance Administration;

(4) private psychiatric hospitals;

(5) acute care hospitals with and without inpatient psychiatric units;

(6) Maryland Psychiatric Society;

(7) Mental Health Association;

(8) American College of Emergency Physicians – Maryland Chapter;

(9) commercial insurers;

(10) On Our Own of Maryland, Inc.;

(11) National Alliance of Mental Illness;

(12) the Community Behavioral Health Association of Maryland;

(13) the Maryland Association of Core Service Agencies;

(14) the Maryland Disability Law Center; and

(15) any other representative the Secretary considers necessary to carry out the purpose of the task force.

The plan shall include a statewide mental health needs assessment of the demand for:

(1) inpatient hospital psychiatric services (in State–run psychiatric, private psychiatric and acute general hospitals); and

(2) community–based services and programs needed to prevent or divert patients from requiring inpatient mental health services, including services provided in hospital emergency departments.

The task force shall, to the extent feasible and desirable, coordinate with the work of the Transformation Grant project in the

Mental Hygiene Administration. To the maximum extent possible, expenditures incurred in the development of the task force's plan shall be funded by the federal Transformation Grant.

The commission and task force shall report their findings and recommendations to the General Assembly by November 1, 2007. The budget committees shall have 45 days to review and comment on the plan ..... ~~3,679,743~~ 3,552,243

General Fund Appropriation, provided that $43,585 of this appropriation for salaries may not be expended until the Laboratories Administration recruits and fills the one vacant pharmacist position (PIN 018217) in the Drug Control Division ..... ~~18,231,240~~ 18,133,849

107

Special Fund Appropriation 29,000

Federal Fund Appropriation ..... ~~3,453,644~~ 3,448,463

~~21,713,884~~ 21,611,312

108

Funds are appropriated in other agency budgets to pay for services provided by this program. Authorization is hereby granted to use these receipts as special funds for operating expenses in this program.

ALCOHOL AND DRUG ABUSE ADMINISTRATION

M00K02.01 Alcohol and Drug Abuse Administration

General Fund Appropriation, provided that $2,000,000 of this appropriation intended to expand the use of buprenorphine therapy may not be expended for that purpose and may only be used as follows:

109

(1) $1,200,000 to support statewide residential contracts;

(2) $525,000 to back–fill for an equal amount of federal Substance Abuse and Prevention Treatment Block Grant treatment funding that is transferred to prevention activities; and

(3) $275,000 to support a comprehensive needs assessment.

Any funding not used as provided for above may not be transferred or expended for any other purpose but shall revert to the general fund.

Further provided, that $3,000,000 of this appropriation to expand the use of buprenorphine therapy may not be expended until the Alcohol and Drug Abuse Administration submits a plan to the budget committees detailing how that funding will be utilized. The budget committees shall have 30 days to review and comment on that plan.

Further provided that $100,000 of this appropriation may not be expended until the Maryland State Drug and Alcohol Abuse Council, in consultation with the local drug and alcohol abuse councils, develops a formula for the allocation of alcohol and drug abuse prevention and treatment funds distributed by the Alcohol and Drug Abuse Administration (ADAA) to local jurisdictions. It is the intent of the General Assembly that such a formula apply to all new ADAA prevention and treatment funding distributed to local jurisdictions for service expansion beginning in fiscal 2009.

110

In developing this formula, the council shall also consider how best to:

(1) fund services provided in rural jurisdictions;

(2) account for the benefits that accrue from regional–based treatment provided by a single jurisdiction;

(3) fund services provided for court–ordered commitments and also for individuals re–entering into community settings from the criminal justice system; and

(4) fund prevention services.

The Maryland State Drug and Alcohol Abuse Council shall report to the budget committees by December 1, 2007, on the development of a funding formula. The committees shall have 45 days to review and comment ..... ~~90,746,072~~ 90,658,072

M00Q01.03 Medical Care Provider Reimbursements

General Fund Appropriation, provided that no part of this general fund appropriation may be paid to any physician or surgeon or any hospital, clinic, or other medical facility for or in connection with the performance of any abortion, except upon certification by a physician or surgeon, based upon his or her professional judgment that the procedure is necessary, provided one of the following conditions exists: where continuation of the pregnancy is likely to result in the death of the woman; or where the woman is a victim of rape, sexual offense, or incest which has been reported to a law enforcement agency or a public health or social agency; or where it can be ascertained by the physician with a reasonable degree of medical certainty that the fetus is affected by genetic defect or serious deformity or abnormality; or where it can be ascertained by the physician with a reasonable degree of medical certainty that termination of pregnancy is medically necessary because

there is substantial risk that continuation of the pregnancy could have a serious and adverse effect on the woman's present or future physical health; or before an abortion can be performed on the grounds of mental health there must be certification in writing by the physician or surgeon that in his or her professional judgment there exists medical evidence that continuation of the pregnancy is creating a serious effect on the woman's present mental health and if carried to term there is a substantial risk of a serious or long lasting effect on the woman's future mental health.

Further provided that $100,000 of this appropriation is contingent upon submission of a report by October 1, 2007, outlining the most common diagnoses for Medicaid enrollees who make frequent emergency department visits. The report shall include specific proposals for reducing the frequency of emergency department visits through case management and other strategies.

119

Further provided that $100,000 of this appropriation is contingent upon the Department of Health and Mental Hygiene submitting a report to the budget committees by December 1, 2007, concerning the HealthChoice budget neutrality calculation. The report shall include:

120

(1) the annual and cumulative budget neutrality calculation from the advent of the HealthChoice Program through fiscal 2007;

(2) the budget neutrality outlook for fiscal 2008 through 2011;

(3) the methodology used to prepare the budget neutrality calculation; and

(4) a summary of the assumptions

underpinning the budget neutrality forecast for the out–years	~~2,202,096,925~~ 2,175,696,925

Federal Fund Appropriation	~~2,309,308,905~~ 2,282,908,905	~~4,715,144,136~~ 4,662,344,136

121

All appropriations provided for program M00Q01.03 are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose.

122

It is the intent of the General Assembly that the Department of Health and Mental Hygiene increase the dispensing fees paid to pharmacies for generic drugs to mitigate the impact of federally mandated reductions in the reimbursement for the ingredient cost of some generic drugs.

123

Funds are appropriated in other agency budgets to pay for services provided by this program. Authorization is hereby granted to use these receipts as special funds for operating expenses in this program.

DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES

OFFICE OF THE SECRETARY

Q00A01.01 General Administration

General Fund Appropriation, provided that $100,000 of this appropriation may not be expended until the Department of Public Safety and Correctional Services (DPSCS) submits a report by July 1, 2007 to the House Appropriations Committee, the Health and Government Operations Committee, Senate Budget and Taxation Committee, and the Senate Education, Health, and Environmental Affairs Committee on the progress that has been made in Hepatitis C prevention and treatment within the correctional system. Specifically, this report shall include their methodology, the number of inmates that have been tested, educated, and treated in the past three years, and their planned goals and strategies for Hepatitis C Virus diagnosis, education, and treatment for the next three years. The budget committees shall have 45 days to review and comment on this report	~~21,963,139~~ 21,642,703	~~22,323,139~~ 22,002,703

Total Appropriation	124,285,716

DIVISION OF CORRECTION – HEADQUARTERS

Provided that funding for Reentry Enforcement Services Targeting Addiction, Rehabilitation, and Treatment (RESTART) programs shall not be expanded absent recidivism data and better completion rates. Further provided that $671,000 in funds allocated for RESTART programming at pre–release facilities may not be expended until a report is submitted to the budget committees which identifies the fiscal impact of expanding reentry services to all pre–release inmates. The report shall address both the costs and resources used to provide the services. The report shall be submitted to the budget committees no later than July 1, 2007. The budget committees shall have 45 days to review and comment on the report.

139

Further provided that a reduction of $276,581 in general funds is for replacement vehicles (subobject 0701). This reduces the appropriation by 16 vehicles and shall be allocated among the institutions within the agency.

R00A03.04 Aid to Non–Public Schools

Special Fund Appropriation, provided that this appropriation shall be for the purchase of textbooks or computer hardware and software and other electronically delivered learning materials as permitted under Title IID, Section 2416(b)(4), (6), and (7) of the No Child Left Behind Act for loan to students in eligible non–public schools with a maximum distribution of $60 per eligible non–public school student for participating schools, except that at schools where at least 20% of the students are eligible for the free or reduced price lunch program there shall be a distribution of $90 per student. To be eligible to participate, a non–public school shall:

(1) Hold a certificate of approval from or be registered with the State Board of Education;

(2) Not charge more tuition to a participating student than the statewide average per pupil expenditure by the local education agencies, as calculated by the department, with appropriate exceptions for special education students as determined by the

department; and

(3) Comply with Title VI of the Civil Rights Act of 1964, as amended.

The department shall establish a process to ensure that the local education agencies are effectively and promptly working with the non–public schools to assure that the non–public schools have appropriate access to federal funds for which they are eligible..... ~~3,910,000~~ 3,710,000

156

Further provided that the Maryland State Department of Education shall:

(1) Assure that the process for textbook, computer hardware, and computer software acquisition uses a list of qualified textbook, computer hardware, and computer software vendors and of qualified textbooks, computer hardware, and computer software; uses textbooks, computer hardware, and computer software that are secular in character and acceptable for use in any public elementary or secondary school in Maryland; and

(2) Receive requisitions for textbooks, computer hardware, and computer software to be purchased from the eligible and participating schools, and forward the approved requisitions and payments to the qualified textbook, computer hardware, or computer software vendor who will send the textbooks, computer hardware, or computer software directly to the eligible school which will:

(i) Report shipment receipt to the department;

(ii) Provide assurance that the savings on the cost of the textbooks, computer hardware, or computer software will be dedicated to

reducing the cost of textbooks, computer hardware, or computer software for students; and

(iii) Since the textbooks, computer hardware, or computer software shall remain property of the State, maintain appropriate shipment receipt records for audit purposes.

UNIVERSITY SYSTEM OF MARYLAND

Provided that the current unrestricted fund appropriation herein for the University System of Maryland is reduced by $4,662,500.

162

Further provided that it is the intent of the General Assembly that each University System of Maryland institution transfer a portion of new revenues to fund balance, up to 1 percent of current unrestricted revenues, as a prudent fiscal measure.

163

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $2,362,650 in current unrestricted funds allocated to enrollment growth. Total current unrestricted fund expenditures to fund enrollment growth shall be limited to $4,382,350. 164

Further provided that $28,558,016 of the current unrestricted fund appropriation for the University System of Maryland may not be expended for any program or purpose except that the funds may be expended for salary increments and associated fringe benefit increases for eligible employees at the system office and the University System of Maryland institutions. Salary increments are in addition to any cost–of–living adjustment provided for State employees. 165

HIGHER EDUCATION

R75T00.01 Support for State Operated Institutions of Higher Education

The following amounts constitute the General Fund appropriation for the State operated institutions of higher education. The State Comptroller is hereby

authorized to transfer these amounts to the accounts of the programs indicated below in four equal allotments; said allotments to be made on July 1 and October 1 of 2007 and January 1 and April 1 of 2008. Neither this appropriation nor the amounts herein enumerated constitute a lump sum appropriation as contemplated by Sections 7–207 and 7–233 of the State Finance and Procurement Article of the Code.

Further provided that the general fund appropriation herein for Morgan State University is reduced by $542,823. 181

Further provided that the amount listed below for each institution, for the purpose of improving student retention and graduation rates, may not be expended until the university in conjunction with the University System of Maryland Office has prepared and submitted a performance report to the budget committees: 182

Institution	Amount
Bowie State University	$1,500,000
University of Maryland Eastern Shore	$1,500,000

Coppin State University $1,500,000

For each cohort enrolled beginning fall 2000 through 2006, the report shall include:

(1) the average number of credit hours completed each year;

(2) the average grade point average for each year; and

(3) the percentage of students who dropped out each year who were receiving financial aid from any source (federal, State, and institutional) and the average award amount received by those students.

The report shall be submitted by August 1, 2007, and the budget committees shall have 45 days to review and comment on the report.

Further provided that $700,000 of this appropriation for the University of Maryland Center for Environmental Science may be used for no other purpose than the repayment of the master lease for the research vessel in fiscal 2008. Funds not expended for this purpose in fiscal 2008 may be retained in fund balance to apply to future repayment installments. The University of Maryland Center for Environmental Science shall submit a report to the budget committees by September 1, 2007, on the actual repayment amount needed for fiscal 2008 1,120,916,832

General Fund Appropriation, provided that

197

$100,000 of this appropriation may not be spent until the Departments of Juvenile Services (DJS) and Health and Mental Hygiene report on strategies to maximize federal Medicaid claims for behavioral health assessments and other mental health services provided by DJS in community–based settings. The report shall include specifics as to what behavioral health assessments are required to provide juvenile court judges with information necessary to make appropriate dispositions of youth and, if necessary, strategies for educating those judges as to what is an appropriate assessment. The report shall be provided to the budget committees by November 1, 2007, and the committees shall have 45 days to review and comment.....	22,444,016

COMMUNITY SERVICES SUPERVISION

V00E03.01 Community Services Supervision

198

It is the intent of the General Assembly that the Department of Juvenile Services pursues grant and foundation funding in order to conduct an evaluation of community–based sex offender treatment currently provided by the department. The evaluation shall include a discussion of the availability of evidence–based practices for these services, fidelity to those standards by Maryland programs, as well as an analysis of outcomes in Maryland–based programs to national models. The department shall submit any evaluation it is able to undertake to the budget committees within 30 days of its

completion.

Special Fund Appropriation..... 451,000

SECTION 2. AND BE IT FURTHER ENACTED, That: ~~That in order to carry out the provisions of these appropriations the Secretary of Budget and Management is authorized:~~

208

~~(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.~~

~~The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury a schedule of allotments, if any. The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.~~

~~(b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.~~

~~(c)~~ (1) Prior to July 1, 2007, the Department of Budget and Management shall file with the Comptroller of the Treasury a list of the appropriations for each program in the State budget.

(2) Prior to July 1, 2007, the Presiding Officers of the General Assembly shall submit to the Comptroller of the Treasury a list of the appropriations restricted in this Act. The Comptroller of the Treasury shall place the restricted appropriations into a contingency reserve until such time as the Comptroller of the Treasury receives written notification from the chairmen of the Senate Budget and Taxation Committee and House Committee on Appropriations that the funds may be released from the contingency reserve and made available to the appropriate department, board, commission, officer, school, or institution.

(3) Except as provided in paragraph (2) of this section, the Comptroller of the Treasury may not authorize any expenditure or obligation that requires the use of funds in the contingency reserve and any expenditure so made shall be illegal.

(4) The Secretary of Budget and Management is authorized to ~~To~~ fix the number and classes of positions, including ~~temporary~~ contractual and ~~permanent~~ regular positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determination. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15–105 of the Education Article.

~~(d) To prescribe procedures and forms for carrying out the above provisions.~~

SECTION 3. AND BE IT FURTHER ENACTED, That in accordance with Section 7–109 of the State Finance and Procurement Article of the Annotated Code of Maryland, it is the intention of the General Assembly to include herein a listing of nonclassified flat rate or per diem positions by unit of State government, job classification, the number in each job classification and the amount proposed for each classification. The Chief Judge of the Court of Appeals may make adjustments to positions contained in the Judicial portion of this section (including judges) that are impacted by changes in salary plans or by salary actions in the executive agencies. The salaries below do not include the proposed fiscal year 2008 adjustment for positions eligible for the cost of living allowance (COLA). Eligible positions in this section will receive the COLA according to the same schedule as positions in the Standard Pay Plan.

SECTION 4. AND BE IT FURTHER ENACTED, That if any person holding an office of profit within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, is appointed to or otherwise becomes the holder of a second office within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, then no compensation or other emolument, except expenses incurred in connection with attendance at hearings, meetings, field trips, and working sessions, shall be paid from any funds appropriated by this bill to that person for any services in connection with the second office.

SECTION 5. AND BE IT FURTHER ENACTED, That amounts received pursuant to Sections 2–201 and 7–217 of the State Finance and Procurement Article may be expended by approved budget amendment.

SECTION 6. AND BE IT FURTHER ENACTED, That funds appropriated by this bill may be transferred among programs in accordance with the procedure provided in Sections 7–205 through 7–212, inclusive, of the State Finance and Procurement Article.

SECTION 7. AND BE IT FURTHER ENACTED, That, except as otherwise provided, amounts received from sources estimated or calculated upon in the budget in excess of the estimates for any special or federal fund appropriations listed in this bill may be made available by approved budget amendment.

SECTION 8. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts for the operations of State office buildings and facilities to the budgets of the various agencies and departments occupying the buildings.

SECTION 9. AND BE IT FURTHER ENACTED, That $8,000,000 is appropriated in the various agency budgets for tort claims (including motor vehicles) under the provisions of the State Government Article, Title 12, Subtitle 1, the Maryland Tort Claims Act (MTCA). These funds are to be transferred to the State Insurance Trust Fund; these funds, together with funds appropriated in prior budgets for tort claims but unexpended, are the only funds available to make payments under the provisions of the MTCA.

(A) Tort claims for incidents or occurrences occurring after October 1, 1999, paid

from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $200,000 to a single claimant for injuries arising from a single incident or occurrence.

(B) Tort claims for incidents or occurrences occurring after July 1, 1996, and before October 1, 1999, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $100,000 to a single claimant for injuries arising from a single incident or occurrence.

(C) Tort claims for incidents or occurrences resulting in death on or after July 1, 1994, and before July 1, 1996, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $75,000 to a single claimant. All other tort claims occurring on or after July 1, 1994, and before July 1, 1996, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $50,000 to a single claimant for injuries arising from a single incident or occurrence.

(D) Tort claims for incidents or occurrences occurring prior to July 1, 1994, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $50,000 to a single claimant for injuries arising from a single incident or occurrence.

SECTION 10. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts, budgeted to the various State agency programs and subprograms which comprise the indirect cost pools under the Statewide Indirect Cost Plan, from the State agencies providing such services to the State agencies receiving the services. It is further authorized that receipts by the State agencies providing such services from charges for the indirect services may be used as special funds for operating expenses of the indirect cost pools.

SECTION 11. AND BE IT FURTHER ENACTED, That certain funds appropriated to the various State agency programs and subprograms in Comptroller object 0882 (In–State Services – Computer Usage – ADC Only) shall be utilized to pay for services provided by the Comptroller of the Treasury, Data Processing Division, Computer Center Operations (E00A10.01) consistent with the reimbursement schedule provided for in the supporting budget documents. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller object 0882 between State departments and agencies by approved budget amendment in fiscal year 2008.

SECTION 12. AND BE IT FURTHER ENACTED, That, pursuant to Section 8–102 of the State Personnel and Pensions Article, the salary schedule for the executive pay plan during fiscal year 2008 shall be as set forth below. Adjustments to the salary schedule may be made during the fiscal year in accordance with the provisions of Sections 8–108 and 8–109 of the State Personnel and Pensions Article. Notwithstanding the inclusion of salaries for positions which are determined by

agencies with independent salary setting authority in the salary schedule set forth below, such salaries may be adjusted during the fiscal year in accordance with such salary setting authority. The salaries below do not include the proposed fiscal year 2008 adjustment for positions eligible for the cost of living allowance (COLA). Positions in this section will receive the COLA according to the same schedule as positions in the Standard Pay Plan. The salaries presented may be off by $1 due to rounding.

SECTION 13. AND BE IT FURTHER ENACTED, That pursuant to Section 2–103.4(h) of the Transportation Article of the Annotated Code of Maryland the salary schedule for the Department of Transportation executive pay plan during fiscal year 2008 shall be as set forth below. Adjustments to the salary schedule may be made during the fiscal year in accordance with the provisions of Section 2–103.4(h) of the Transportation Article. Notwithstanding the inclusion of salaries for positions which are determined by agencies with independent salary setting authority in the salary

schedule set forth below, such salaries may be adjusted during the fiscal year in accordance with such salary setting authority. The salaries below do not include the proposed fiscal year 2008 adjustment for positions eligible for the cost of living allowance (COLA). Positions in this section will receive the COLA according to the same schedule as positions in the Standard Pay Plan. The salaries presented may be off by $1 due to rounding.

Fiscal 2008
Executive Salary Schedule

	Scale	Minimum	Maximum
ES 4	9904	71,710	95,614

Deputy Secretary	9909	137,001

Motor Vehicle Administration

Motor Vehicle Administrator	9909	129,872

SECTION 14. AND BE IT FURTHER ENACTED, That if a person is placed by the Departments of Health and Mental Hygiene, Human Resources, or Juvenile Services or the State Department of Education in a facility or program that becomes eligible for Medical Assistance Program (Medicaid) participation, and the Medical Assistance Program makes payment for such services, general funds equal to the general funds paid by the Medical Assistance Program to such a facility or program may be transferred from the previously mentioned departments to the Medical Assistance Program. Further, should the facility or program become eligible subsequent to payment to the facility or program by any of the previously mentioned departments, and the Medical Assistance Program makes subsequent additional

payments to the facility or program for the same services, any recoveries of overpayment, whether paid in this or prior fiscal years, shall become available to the Medical Assistance Program for provider reimbursement purposes.

SECTION 15. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0831 (Office of Administrative Hearings) to conduct administrative hearings by the Office of Administrative Hearings are to be transferred to the Office of Administrative Hearings (D99A11.01) on July 1, 2007 and may not be expended for any other purpose.

SECTION 16. AND BE IT FURTHER ENACTED, That funds budgeted in the State Department of Education and the Departments of Health and Mental Hygiene, Human Resources, and Juvenile Services may be transferred by budget amendment to the Children's Cabinet Interagency Fund (RA04). Funds transferred would represent costs associated with local partnership agreements approved by the Children's Cabinet Interagency Fund.

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation), 0217 (Health Insurance – Maryland Department of Transportation only), 0305 (DBM Paid Telecommunications) and 0322 (Capital Lease Telecommunications) are to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management.~~ Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects ~~0152,~~ 0152 and 0154~~, 0305, and 0322~~ between State departments and agencies by approved budget amendment in fiscal year 2007 and fiscal year 2008. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2–516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

209

Further provided that funds may be transferred between State agency programs and subprograms within Comptroller Objects 0305 and 0322.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects herein listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or cancelled.

SECTION 18. AND BE IT FURTHER ENACTED, That:

210

(1) a reduction of $3,300 is made in this budget for Office of Administrative Hearings (OAH) services (Comptroller subobject 0302);

(2) the Governor shall develop a schedule for allocating this reduction across the various State departments and agencies that utilize OAH's services and across all funds appropriated for the purpose of conducting administrative hearings based upon the percentage of cases referred to OAH by these departments and agencies; and

(3) the reduction under this section shall equal at least the amounts indicated for the budgetary fund types listed:

Fund	Amount
General	1,419
Special	1,452
Federal	396
Higher Education (current unrestricted funds)	33

SECTION 19. AND BE IT FURTHER ENACTED, That $38,623 in general funds, $3,595 in special funds, and $26,661 in reimbursable funds shall be deleted from E20B01.01 Treasury Management. This reduction may be allocated between E20B01.01 Treasury Management and E20B02.01 Insurance Management. The Governor shall develop a schedule for allocating this reimbursable fund reduction across the various units of State government that receive services from the Office of the State Treasurer and across all funds based upon agency use of those services. The reduction under this section shall equal at the least the amounts indicated for the budgetary fund types listed:

211

Fund	Amount
General	15,997
Special	5,332
Federal	5,332

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor's Office of Homeland Security shall be required to submit a report to the General Assembly by October 1, 2007, detailing specific spending for purposes related to homeland security by agency and by funding source for fiscal 2007 and estimated for fiscal 2008. Information on pass–through funding made available to local jurisdictions by jurisdiction and funding sources shall also be given. This report shall list the uses to which these funds have been put at the State level. Restrictions, contingencies, and any applicable expiration dates shall be given for funds made available through the federal government.

212

SECTION 21. AND BE IT FURTHER ENACTED, That any agreement made through any State agency, including all promotional contracts offering money to airlines for joint marketing services, contracts that waive certain airport fees, and agreements guaranteeing an airline's profit or return on sales, that involves the

213

payment of funds to an airline which results in a reduction in revenue to the State from any fees, rent charges, or other types of revenue charged to an airline:

(1) may not be approved or go into effect unless the agreement is approved by the Board of Public Works, except if the Maryland Aviation Administration or the Maryland Department of Transportation is using a standard agreement previously approved by the Board of Public Works; and

(2) must be included in the Maryland Aviation Commission's annual report submitted to the General Assembly in accordance with Section 5–201.2 of the Transportation Article. The report shall include the total number of agreements reached during the previous fiscal year, the total number of airlines involved in the agreements, and the total dollar amount for that fiscal year relating to those agreements. These summary reports shall be provided separately for agreements relating to fee waivers, joint marketing services, and agreements that guarantee an airline's profit or return on sales.

Further provided that all agreements guaranteeing an airline's profit or return on sales may not be entered into unless the Executive Director of the Maryland Aviation Administration or the Secretary of the Maryland Department of Transportation advise the chairman of the Senate Budget and Taxation Committee; the chairman of the Public Safety, Transportation, and Environment Subcommittee; the chairman of the House Committee on Appropriations; the chairman of the Transportation and Environment Subcommittee; and the Department of Legislative Services of the proposed agreement.

SECTION 22. AND BE IT FURTHER ENACTED, That $125,000 in reimbursable funds shall be deleted from M00C01.03 Information Resources Management Administration. The Governor shall develop a schedule for allocating this reimbursable fund restriction across the various units within the Department of Health and Mental Hygiene that receive services from the Information Resources Management Administration and across all funds based upon agency use of those services. The restriction under this section shall equal at least the amounts indicated for the budgetary fund types listed: **214**

Fund	Amount
General	65,000
Special	30,000
Federal	30,000

SECTION 23. AND BE IT FURTHER ENACTED, That the Maryland State Department of Education (MSDE) shall submit a report no later than December 15, 2007, listing for each federal grant in effect on October 1, 2007, the total amount: **215**

(1) awarded;

(2) expended prior to fiscal year 2008;

(3) appropriated in the fiscal 2008 budget as approved by the General Assembly;

(4) appropriated by approved budget amendment after the fiscal 2008 budget was approved by the General Assembly;

(5) unexpended and unappropriated and available in fiscal year 2008; and

(6) eligible to be spent by MSDE and eligible to be spent by local education agencies.

The budget committees shall have 45 days to review and comment upon receipt of the report.

SECTION 24. AND BE IT FURTHER ENACTED, That $113,000 in general funds, $220,000 in reimbursable funds, and one position shall be deleted from F10A04 Office of Information Technology. The Governor shall develop a schedule for allocating this reimbursable fund reduction across the various units of State government that receive services from the Office of Information Technology and across all funds based upon agency use of those services. The reduction under this section shall equal at the least the amounts indicated for the budgetary fund types listed: 216

Fund	Amount
General	$132,000
Special	44,000
Federal	44,000

SECTION 25. AND BE IT FURTHER ENACTED, That all across–the–board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College. 217

SECTION 26. AND BE IT FURTHER ENACTED, That the Comptroller of the Treasury's General Accounting Division shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (workers' compensation coverage) and to credit all payments disbursed to the Injured Workers' Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the general fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account. 218

SECTION 27. AND BE IT FURTHER ENACTED, That executive budget books shall include a summary statement of federal revenues by major federal program source supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on 219

the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalogue of Federal Domestic Assistance number or equivalent detail for programs not in the catalogue. Data shall be provided in an electronic format subject to the concurrence of DLS.

SECTION 28. AND BE IT FURTHER ENACTED, That for fiscal 2009, capital funds shall be budgeted in separate eight–digit programs. When multiple projects and/or programs are budgeted within the same non–transportation eight–digit program, each distinct program and project shall be budgeted in a distinct subprogram. To the extent possible, subprograms for projects spanning multiple years shall be retained to preserve funding history. Furthermore, the budget detail for fiscal 2007 and 2008 submitted with the fiscal 2009 budget shall be organized in the same fashion to allow comparison between years.

220

SECTION 29. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

221

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2008, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged; this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities, or to the Department of Health and Mental Hygiene with respect to funds to be carried forward into future years for the purpose of reducing the waiting list for community services for individuals with developmental disabilities or with respect to funds to be carried forward into future years for HIV/AIDS–related activities, or to the Maryland State Department of Education with respect to funds to be carried forward into future years for child care;

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management, whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) the Department of Budget and Management shall take appropriate actions to effectively establish these as policies of the State with respect to administration of federal funds by executive agencies.

222

SECTION 30. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall provide an annual report on indirect costs to the General Assembly in January 2008 as an appendix in the Governor's fiscal 2009 budget books. The report shall detail by agency for the actual fiscal 2007 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the general fund, and the amount of indirect cost recovery retained for use by each agency. In addition, it shall list the most recently available federally approved statewide and internal agency cost recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2008, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery may only be transferred to the general fund and may not be retained in any clearing account or by any other means, nor may the Department of Budget and Management or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

223

SECTION 31. AND BE IT FURTHER ENACTED, That the executive budget books shall include a forecast of the impact of the executive budget proposal on the long–term fiscal condition of general fund, Transportation Trust Fund, and higher education current unrestricted fund accounts. This forecast shall estimate aggregate revenues, expenditures and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

224

SECTION 32. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2009 budget detailed by "Statewide Subobject" classification in accordance with instructions promulgated by the Comptroller of the Treasury. The presentation of budget data in the State budget books shall include object, fund, and personnel data in the manner provided for fiscal 2008 except as indicated elsewhere in this Act; however, this shall not preclude the placement of additional information into the budget books. For actual fiscal 2007 spending, the fiscal 2008 working appropriation, and the fiscal 2009 allowance, the budget detail shall be available from the Department of Budget and Management's automated data system at the subobject level by statewide subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2007 spending, the fiscal 2008 working appropriation, and the fiscal 2009 allowance. The agencies shall exercise due diligence in reporting these data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. These data shall be made available upon

request and in a format subject to the concurrence of the Department of Legislative Services. Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of the Treasury.

Further provided that due diligence shall be taken to accurately report full–time equivalent position counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee–employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that the Department of Budget and Management shall provide to the Department of Legislative Services with the allowance for each department, unit, agency, office, and institution a one–page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

SECTION 33. AND BE IT FURTHER ENACTED, That:

225

(1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2007 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2007 to program R00A02.07 Students With Disabilities for Non–Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.

(3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2007 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year and to prepare the periodic reports required under this section for that program.

(4) For the programs specified, reports shall indicate total appropriations for fiscal 2007 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2007, March 1, 2008, and June 1, 2008.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2007 to the programs specified that have not been disbursed within a

reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

SECTION 34. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall maintain statewide subobjects for fiscal 2008 to capture: 226

(1) leave payout funds used when long–term employees leave State service and are entitled to payment for accrued leave in subobject 0111;

(2) funds to be used for reclassifications and hiring above the minimum for a classification in subobject 0112; and

(3) funds used for cell phone expenditures in subobject 0306.

Further provided that DBM shall require that agency programs and subprograms specify in agency budget requests the use to which subobjects 0110 (Miscellaneous Adjustments) and 0199 (Other Fringe Benefit Costs) are being put.

SECTION 35. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that on or before August 1, 2007, each State agency and each public institution of higher education shall report to the Department of Budget and Management any agreements in place for any part of fiscal 2007 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that the Department of Budget and Management shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum: 227

(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not–to–exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full–time and part–time, associated with the agreement; and

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement.

Further provided that the Department of Budget and Management shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2007, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000, that were in effect at any time during fiscal 2007.

SECTION 36. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

228

(1) This section shall not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance;

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee; and

(c) appropriating funds for Major Information Technology Development Project Fund projects approved by the budget committees.

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until (i) that amendment has been submitted to the Department of Legislative Services and (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to the Department of Legislative Services shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of impact on budgeted or contractual position and payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by other authorizing legislation, and notwithstanding the provisions of Section 3–216 of the Transportation Article, a budget amendment may not:

(a) restore funds for items or purposes specifically denied by the General Assembly;

(b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation shall be restricted as provided in Section 1 of this Act;

(c) increase the scope of a capital project by an amount 7.5 percent or more over the approved estimate or 5 percent or more over the net square footage of the approved project until the amendment has been submitted to the Department of

Legislative Services and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to the Maryland Department of Transportation; and

(d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a federal fund appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health or welfare, including protecting the environment or the economic welfare of the State.

(7) Further provided that the fiscal 2008 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2008 and the supporting electronic detail shall not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the Maryland Department of Transportation PAYGO capital program.

(8) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2009 allowance the Department of Budget and Management (DBM) shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

SECTION 37. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2007 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2007 session. **229**

SECTION 38. AND BE IT FURTHER ENACTED, That the Board of Public Works, in exercising its authority to create additional positions pursuant to Section 7–236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 50 positions in excess of the total number of authorized State positions on July 1, 2007, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any **230**

department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 50 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, the Board of Public Works may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of men, which are necessary to protect the health and safety of the people of Maryland.

The Board of Public Works may authorize the creation of additional positions within the Executive Branch provided that 1.25 full–time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in a contractual position for at least two years. Any position created by this method shall not be counted within the limitation of 50 under this section.

In addition to any positions created within the limitation of 50 under this section, the Board of Public Works may authorize the creation of no more than 150 positions within the Department of Human Resources to provide services purchased by Local Management Boards through contracts with local departments of social services. If a Local Management Board terminates a contract with a local department of social services during the fiscal year, all the positions created by the Board of Public Works to provide services under the terms of that contract shall be abolished.

In addition to any positions created within the limitation of 50 under this section, the Board of Public Works may authorize the creation of positions within the Department of Human Resources to provide services funded by grants from sources other than Local Management Boards. If any grant entity terminates a grant award with a local department of social services or other unit during the fiscal year, all positions created by the Board of Public Works to provide services under the terms of the grant award shall be abolished. The employee contracts for these positions shall explicitly state that the positions are abolished at the termination of the grant award. General funds or any other State funds shall not be used to pay any of the salaries or benefits for these positions. Furthermore, the Department of Human Resources must provide a summary to the budget committees by December 1 of each year on the number of positions created under this section.

The numerical limitation on the creation of positions by the Board of Public Works established in this section shall not apply to positions entirely supported by funds from federal or other non–State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

(1) funds are available from non–State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non–State funds are no longer available.

The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2008, the status of positions created with non–State funding sources during fiscal 2004, 2005, 2006, 2007, and 2008 under this provision as remaining authorized or abolished due to the discontinuation of funds.

SECTION 39. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2007, the Secretary of Budget and Management shall determine the total number of full–time equivalent (FTE) positions that are authorized as of the last day of fiscal 2007 and on the first day of fiscal 2008. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2007 and 2008 including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self–supported activities, and the Maryland Correctional Enterprises. **231**

The Department of Budget and Management shall also prepare during fiscal 2008 a report for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2009 Governor's budget books. It shall note, at the program level:

(1) where regular FTE positions have been abolished;

(2) where regular FTE positions have been created;

(3) from where and to where regular FTE positions have been transferred; and

(4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2008 Governor's budget books shall also be provided.

SECTION 40. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services' (DLS) Office of Policy Analysis: **232**

(1) a report listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 1, 2007, October 1, 2007, January 1, 2008, and April 1, 2008; and

(2) detail on any lump–sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier, which describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to DLS' Office of Policy Analysis.

SECTION 41. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position. **233**

SECTION 42. AND BE IT FURTHER ENACTED, That the Secretary of Budget and Management shall provide to the Department of Legislative Services by November 1, 2007, an accounting of the fiscal 2007 actual, fiscal 2008 working appropriation, and fiscal 2009 estimated revenues and expenditures associated with the employees' and retirees' health plan. This accounting shall include: **234**

(1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit and other miscellaneous recoveries;

(2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and

(3) any balance remaining and held in reserve for future provider payments.

SECTION 43. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall create a statewide subobject to provide for budgeting in all fund accounts in individual agency budgets for Other Post Employment Benefits expenditures. Allocation among funding sources shall be based on the percentage of health care spending in each fund. **235**

SECTION 44. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that a helicopter pilot, currently employed by the Maryland State Police Aviation Command, be included in any decision team related to the procurement and replacement of the division's fleet of helicopters. **236**

SECTION 45. AND BE IT FURTHER ENACTED, That: **237**

(1) in order to capture savings resulting from the hiring freeze, a reduction of $7,000,000 in general funds shall be taken in Comptroller subobject 0192 in Executive Branch agencies, excluding the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College;

(2) the Governor shall develop a schedule for allocating this reduction to programs of the Executive Branch, excluding the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City

Community College, and shall consider reductions approved elsewhere in the budget to offset a program's proportional obligation under this section; and

(3) the Secretary of Budget and Management shall report to the budget committees by July 15, 2007, on the allocation of the reduction.

238

SECTION ~~18.~~ 46. AND BE IT FURTHER ENACTED, That numerals of this bill showing subtotals and totals are informative only and are not actual appropriations. The actual appropriations are in the numerals for individual items of appropriation. It is the legislative intent that in subsequent printings of the bill the numerals in subtotals and totals shall be administratively corrected or adjusted for continuing purposes of information, in order to be in arithmetic accord with the numerals in the individual items.

SECTION ~~19.~~ 47. AND BE IT FURTHER ENACTED, That pursuant to the provisions of Article III, Section 52(5a) of the Constitution of Maryland, the following total of all proposed appropriations and the total of all estimated revenues available to pay the appropriations for the 2008 fiscal year is submitted:

BUDGET SUMMARY ($)

Fiscal Year 2007

General Fund Balance, June 30, 2006 available for 2007 Operations		1,361,712,139

Subtotal Appropriations		30,016,241,790
2008 General Fund Unappropriated Balance		29,858,746

SUPPLEMENTAL BUDGET NO. 1 – FISCAL YEAR 2008

March 2, 2007

Mr. President, Mr. Speaker,
Ladies and Gentlemen of the General Assembly:

Pursuant to the authority conferred on me by Article III, Section 52, Subsection (5) of the Constitution of Maryland, and in accordance with the consent of the (House of Delegates) – (State Senate), duly granted, I hereby submit a supplement to House Bill 50 and/or Senate Bill 55 in the form of an amendment to the original budget for the Fiscal Year ending June 30, 2008.

Supplemental Budget No. 1 will affect previously estimated funds available for budget operations as shown on the following summary statement.

SUPPLEMENTAL BUDGET SUMMARY

General Fund Appropriation		–14,150,879
Special Fund Appropriation		14,150,879

AMENDMENTS TO HOUSE BILL 50/SENATE BILL 55
(First Reading File Bill)

Amendment No. 1:

On page 59, line 15, after the word Commission, insert "and an increase in user fees to fund these costs."

Clarifies that an increase in fees will be included in the legislation.

Amendment No. 2:

On page 148, line 25, after the word Appropriation, insert ", provided that $5,500,000 of this appropriation may be transferred to M00Q01.07."

This language is necessary to allow DHMH to offset a possible federal fund shortfall in the Maryland Children's Health Program.

Amendment No. 3:

On page 176, line 16, after the words State Archivist, strike "9906 110,534" and insert "9907 118,272".

Corrects the salary for the State Archivist.
