Secretary William A. Urie  
Department of Licensing and Regulation  
One South Calvert Street  
Baltimore, Maryland 21202

Dear Mr. Urie:

The Maryland State Board of Censors takes pleasure in submitting to you, herewith, the Sixty-Second Annual Report of its operations, for the Fiscal Year July 1, 1977 through June 30, 1978, pursuant to Section 9, Article 66-A of the Annotated Code of Maryland.

This Board has consistently sought to maintain community standards in decency in film entertainment, while following the expressed wishes of the Maryland Legislature and the Courts of the State of Maryland.

The Board has the responsibility to reject the licensing of such films which cater to prurient interests, contain patently offensive representations of ultimate sexual acts, normal or perverted, actual or simulated, which taken as a whole lack serious literary, artistic, political or scientific value.

The Board has reviewed 534 films during the recently concluded Fiscal Year. Sixteen of them have been modified before presentation to Maryland audiences and eighty-three have been rejected in their entirety. Sixty-eight of those rejected were classified as Peep Show Films. Processed 5598 duplicate seals.

Since existing law in the State of Maryland considers obscenity as the only ground upon which the Board may refuse to license any film and makes no allowance for bad taste, vulgarity or violence, the Board has requested the Maryland Legislature to grant more latitude in limiting the excessive violence depicted in many of today's films.

The Board has also requested authorization from the Maryland Legislature to grant slight increases in some of the fees charged to film distributors, in order to cover the Board's operating costs, and permit the Board to function on a self-sustaining basis.

Sincerely,

  
George J. Andreadakis  
Chairman

## INSPECTIONS:

The Board employs one full time Chief Inspector who supervises the duties and assignments of thirteen (13) part-time inspectors. The inspectors are assigned various theatres throughout the State of Maryland to check periodically. There are approximately 260 theatres within the State of Maryland. Inspections of theatres are made to insure the compliance with the Annotated Code of Maryland, Article 66-A and the Board's Rules and Regulations, to determine if films ruled obscene or films never submitted to the Board are being exhibited in the State, and to insure that the Board's Seal of Approval is displayed or exhibited on the screen. Inspectors are also required to periodically view films in theatres to determine if, deletions ordered by the Board are made in all the prints of each film that is exhibited in the State.

Specific inspections of certain theatres were made in instances where routine inspections showed flagrant violations of the Law in exhibiting films without licenses, exhibiting films containing matter which was ordered deleted or containing matter which was not therein when approved and licensed by the Board.

Routine inspections and undercover inspections were used to gather information for search and seizure warrants for raids conducted during the fiscal year.
