

Anne Arundel County Police Department 2014 Annual Report

HISTORY AND ACCREDITATION

Anne Arundel County rests between Baltimore, Maryland and Washington, D.C. It consists of 416 square miles (264,200 acres) of land area, approximately 530 linear miles of tidal shoreline, and 172 square miles of water area. It borders with Baltimore City, Baltimore and Howard counties to the north and northwest, Prince George’s County to the west and Calvert County to the south, and the beautiful Chesapeake Bay to the east.

The Anne Arundel County Police Department was founded in 1937 by an act of the Maryland State Legislature, in recognition of the need for better and more consistent police services for the citizens of the county. At that time, there were 21 men on the department, including the Chief.

Over the years, the department has steadily grown into a large, modern organization—keeping pace with the growing population of Anne Arundel County. County businesses and communities have also grown with the increasing demand for products, services, and places to live. This *growth and development* continues, and the police department remains efficient and effective to ensure that public safety needs are not compromised. The quality of life for citizens living and working in Anne Arundel County is enhanced by the police department adhering to high standards and practicing sound law enforcement.

The police department is tasked with detecting and preventing crime, while ensuring the safety and general welfare of the public-by enforcing laws, protecting lives, property, and the rights of citizens.

On July 30, 1994, the department received national accreditation through the *Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA®)*.

The overall purpose of the Commission’s accreditation program is to improve delivery of law enforcement services by offering a body of standards that cover a wide range of up-to-date law enforcement topics. It recognizes professional achievements by offering an orderly process to address and comply with applicable standards. The department completed its seventh on-site assessment in April 2014 for re-accreditation. The next on-site assessment will occur in 2017.

The FBI's UCR program's founders chose these offenses because they are *serious crimes, they occur with regularity in all areas of the country, and they are likely to be reported to police*. The FBI's UCR Program provides descriptions for crime classifications for the purposes of uniform standards.

BUDGET AND GRANTS

The Anne Arundel County Police Department's **Fiscal Year 2014** Operating Budget was \$107,697,500. Much of the department's operating budget was appropriated for Personnel Services, which includes salaries, pension, and other benefits.

The department's operations are supplemented by grant money each year. Most grant funding is received straight from the federal government, from the federal government through the state, or directly from the state of Maryland. In 2014, over \$890,000 in grants helped fund numerous initiatives. Grants provide funding for overtime, equipment and training for traffic and motorcycle safety programs, as well as commercial vehicle truck inspections. Grant funding supports overtime for school bus red light enforcement, sex offender compliance, auto theft investigations, repeat offender tracking, and gun violence reduction activities. Several contractual employees were hired with grant funding including a DNA Analyst, a Crime Lab technician, a Teen Court coordinator, and several crime analysts. Additional Crime Laboratory equipment and computer equipment to assist with investigations of internet crimes against children were also purchased with grant funding.

BUREAU OF PATROL

The **Bureau of Patrol** provides direct police services through patrol, district level investigative and specialized functions. The group is commanded by a Bureau Commander, who is responsible for the command, control, and administration of the Patrol Division.

Patrol Division

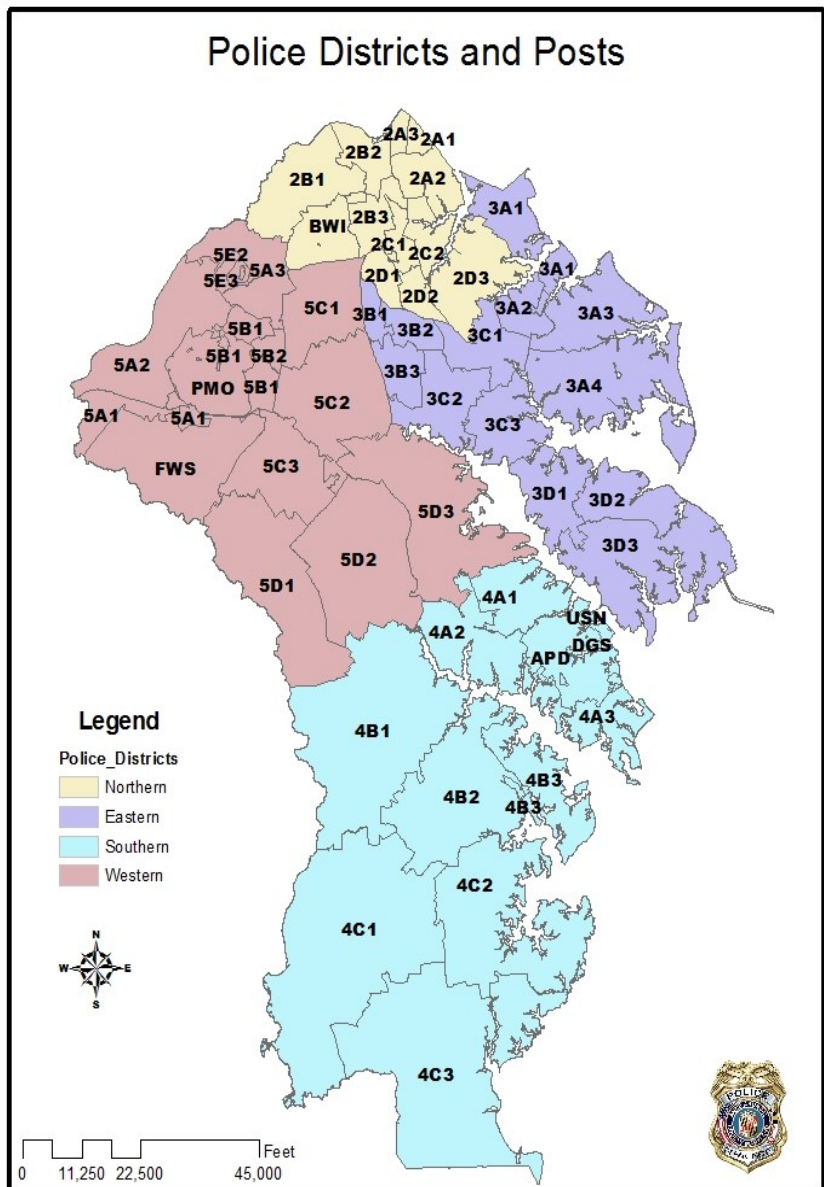

The Patrol Division is responsible for the uniformed patrol function, and is subdivided geographically as follows:

- Northern District
- Eastern District
- Southern District
- Western District

Commander, Bureau of Patrol
Acting Major Frederick Plitt

The patrol districts provide the capabilities for initial response, investigation, and resolution of public safety and law enforcement issues. Each patrol district has a District Detective Unit, a Tactical Patrol Unit, a Tactical Narcotics Team, a Traffic Officer, and a dedicated Domestic Violence Officer. Each unit is staffed with specialized personnel who perform community-based follow up investigation and resolution of recurring problems, including street-level drug abuse and crimes against property.

BUREAU OF PATROL- NORTHERN DISTRICT

Commander, Northern District
Captain Eric Hodge

Northern District personnel worked diligently in 2014 towards achieving the department's goals and objectives, but more importantly to reduce the fear of crime, maintain the quality of life for our citizens and improve traffic safety. In addition, Northern District takes pride in the positive partnerships it has developed with the community and continues work to enhance these relationships as well as to create new ones.

Northern District coordinated and participated in *Take 30 for Traffic*. This program identified specific areas with high vehicle crash rates and concentrated enforcement efforts for 30 minutes a shift. During the operation there were more than 4,650 stops resulting in 764 arrests with more than 10,000 warnings, citations and equipment violations issued.

Route 10 continued to be a focus for traffic safety operations. Throughout the year there was an operation conducted that aimed at improving traffic safety along Route 10. This roadway has experienced numerous personal injury and fatal accidents over the last few years. The goal of the operation was to reduce the average speed of traffic, increase safety awareness, and reduce accidents. During the operation there were over 1000 traffic stops which resulted in 706 citations, 1030 warning, 70 arrests for traffic violation including 13 for DWI and 7 criminal arrests.

At the beginning of each school year, Northern District implements *Operation HASTE*, which concentrates enforcement efforts around school during the first two weeks. The program is designed to remind motorists that school is back in session and to obey all the rules pertaining to school zones and school buses.

As the colder weather began in the fall, Northern District saw an increase in stolen vehicles. It was determined that many auto thefts were occurring as vehicles were left unsecure and running in public places. To address this trend, *Operation Warm Up* was created. The primary goal was to educate the public while decreasing the amount of stolen vehicles that were directly related to this activity.

The Northern District Tactical Patrol Unit continues to advance the Repeat Offender Proactive Enforcement (R.O.P.E.) program. The R.O.P.E program involves constant information sharing and communication among the involved agencies. Cooperation and mutual assistance among agencies has resulted in numerous repeat or violent offenders being returned to jail for continued criminal activity or probation violations. These actions have prevented potential crimes sprees from occurring in the district.

BUREAU OF PATROL - SOUTHERN DISTRICT

Commander, Southern District
Captain Timothy Altomare

Southern District personnel worked throughout calendar year 2014 to maintain and improve the quality of life for the residents and merchants of South County. They took a holistic approach to achieve the overall departmental goals; maintain quality of life, reduce the fear of crime and to protect life and property.

The leadership team received direction to help improve the partnerships between the agency, citizens, and merchants of the county. This approach resulted in positive feedback from all of our partners in South County. The concept of building partnerships was stressed at all levels of command and was well received by both patrol personnel and the communities they serve.

One successful operation initiated was Operation Take 30, which was designed to bring patrol officers out of their vehicles and back into the community by walking foot patrol for at least thirty minutes a day. This operation used the theory of community policing along with officer initiated interaction with the communities to strengthen partnerships and make officers more accessible to those they served. Although there were no quantifiable numbers to track, the number of quality of life complaints was reduced noticeably in both the residential and business sectors and several arrests were directly attributed to this operation.

Southern District Tactical Patrol Unit worked the Operation H.O.P.E. (Heroin Overdose Prevention and Eradication) Detail, in an effort to eradicate the distribution, use, and increasing number of heroin overdoses occurring in the Annapolis, Parole and Edgewater areas. Detectives, uniform officers and plain clothes officers/detectives helped to reduce the amount of illegal drug activity through the use of search warrants, hand to hand buys, proactive interdiction, and other investigative techniques.

BUREAU OF PATROL - EASTERN DISTRICT

The men and women of Eastern District worked tirelessly around the clock in 2014 to complete our mission to *“fight and drive down crimes while working in partnership with the community”*. We succeeded in this task, by sharing the common goals of maintaining the quality of life for our citizens and communities, to reduce the fear of crime, and to protect life & property.

Commander, Eastern District
Captain Michelle Simpson

Eastern District personnel established several crime reduction and traffic safety work plans

which have become a part of our daily policing strategy. For example, The Eastern District Tactical Patrol Unit (TPU) has expanded the Repeat Offender Proactive Enforcement (ROPE) initiative. This initiative continually tracks repeat and chronic offenders by working closely with the Maryland Department of Public Safety and Correctional Services, The Anne Arundel County State’s Attorney’s Office, Juvenile Service, and Parole and Probation. Detectives constantly share information and communicate among the allied agencies regarding the identified ROPE offenders. The mutual assistance among departments has resulted in many repeat offenders being returned to jail for continued criminal activity or violations of court ordered probation standards. These proactive actions help to prevent potential crime sprees from occurring in the District and aid detectives in identifying potential suspects.

Data driven community policing is the primary deployment strategy implemented by patrol commanders to respond to; and, prevent crimes sprees in the District. Commanders use daily crime analysis briefings to recognize and immediately deploy resources to an affected area for a maximum impact on crime. This approach has proven to be effective in reducing overall crime by responding to community concerns regarding the impact of crime in the neighborhoods.

Traffic Safety remained a high priority and responsibility of all Eastern District Officers. A number of proven traffic safety programs were continued throughout the year. These included the participation in the Maryland’s Chief Challenge and the Maryland Highway Safety Office’s Smooth Operator to address aggressive/speeding driving, safety restraint compliance, and impaired driving enforcement. Operation *H.A.S.T.E* (helping Arriving Students Through Enforcement) and Take-30 remained as cornerstones of our traffic enforcement programs. Take-30 targeted traffic enforcement along designated roadways in the district with high concentrations of motor vehicle collisions. Officers were tasked with identifying traffic violations in those corridors and enforcing high-risk driving behaviors for at least 30 minutes each work day.

Community Partnerships are the foundation for successes achieved in 2014. One long standing relationship is the Police Community Relations Council (P.C.R.C.). The council is an independent advisory body the serves as a liaison between the department and the communities it’s sworn to protect and serve. The P.C.R.C. meets at Eastern District on the third Wednesday of each month (Sept-June.)

BUREAU OF PATROL - WESTERN DISTRICT

Commander, Western District
Acting Captain Katherine Goodwin

Western District continues to lead the County in both residential and commercial growth in 2014. This growth leads to congested roadways, more students in the school system, and busier retail establishments. The Arundel Mills Mall and Maryland Live Casino complex is the busiest commercial district in the county. Arundel Mills Mall has over 1.3 million square feet of retail space with seventeen (17) large anchor stores, dining, and a cinema. Maryland Live! Casino is the largest gambling facility in Maryland, featuring 4,750 slot and table games, including black jack, roulette, craps and poker. The area also has over 1,200 hotel rooms that service the Arundel Mills commercial district and BWI airport. Sustained growth is expected in the area due to BRAC (Base Realignment and Closure) and the increased role of Fort Meade and NSA within the Federal government.

This continued growth has placed additional demands on law enforcement services in the district. The tremendous increase in traffic volume and citizen concerns prompted specific roadway traffic initiatives in 2014. In July, Western officers concentrated on the Route 3 corridor due to recent complaints and accident information for traffic enforcement. The initiative resulted in:

- 329 traffic stops
- 179 traffic citations
- 319 traffic warnings
- 35 arrests resulting from the traffic stops for either traffic or criminal charges.

Narcotics use is a growing problem throughout the Baltimore-Washington metropolitan area, specifically Heroin. The district has seen an increase in narcotic related overdoses, deaths, and crimes related to CDS use, such as robberies, burglaries and, theft from autos. Western detective units follow up on these types of crime. In 2014, Western detective units:

- Closed 182 follow up criminal cases resulting in 203 arrests and recovering \$281,950 worth of property.
- Executed 56 CDS related search warrants.
- Removed over \$193,000 of CDS from the community in drug seizures, to include 235 grams of Heroin.
- Seized 18 guns and over \$23,700 in cash related to CDS trafficking.

BUREAU OF PATROL - COMMUNITY RELATIONS

The Community Relations Division provides community service-oriented support in the areas of crime prevention and community relations; provides a variety of educational and community-based recreational youth programs and oversees the department's volunteer program and the Office of the Chaplain.
