MEMORANDUM

TO: Prince George's County Planning Board *ARC*

VIA: Andree Green Checkley, Planning Director, Office of the Planning Director
Derick Berlage, Chief, Countywide Planning Division *DB*
Tiffany Williams Jennings, Project Manager, Special Projects Section, Countywide
Planning Division *TW*

SUBJECT: **Transmittal of the 2016 Maryland Department of Planning (MDP) Annual Report**

BACKGROUND

This memorandum transmits the 2016 Maryland Department of Planning (MDP) Annual Report for Prince George's County. The 2016 MDP Annual Report is a requirement of SB280/HB297, SB276/HB295 and SB273/HB294 in 2009. This annual report provides a detailed summary of development and planning activities that took place in the County from January 2016 to December 2016.

The report meets the requirements set by state law and the Maryland Department of Planning.

If you have any questions or concerns regarding the attached document please contact Tiffany Williams Jennings, Project Manager, at 301-952-3248 or via email at tiffany.williamsjennings@ppd.mncppc.org.

STAFF RECOMMENDATION

Staff requests Planning Board approval to transmit to the Maryland Department of Planning, County Executive, and County Council.

2016 ANNUAL REPORT

FOR PRINCE GEORGE'S COUNTY

This Report was compiled and prepared by the Prince George's County Planning Department for submission to the Maryland Department of Planning as required by Maryland law. Results presented within this report are part of the State of Maryland's ongoing effort to monitor growth statewide and to determine the effectiveness of smart growth policies.

Section I: Amendments and Growth Related Changes In Development Patterns

(A) Were any new comprehensive plan or plan elements adopted? Y N

1. If no, go to (B).
2. If yes, briefly summarize what was adopted.

PLANNING DEPARTMENT STUDIES AND PLANS

One of the functions of the Prince George’s County Planning Department is to provide ongoing research, forecasting, reporting, and data collection on various economic and social trends within Prince George’s County. The most significant and impactful study that is currently underway is the comprehensive rewrite of the existing Zoning Ordinance and Subdivision Regulations for Prince George’s County. Formal work on this initiative began in January 2014 and culminated in a comprehensive Evaluation and Recommendations Report released in December 2014. The drafting of new zoning and subdivision regulations began in 2015. Throughout 2015 and 2016, the project team continued community outreach, attending numerous meetings with municipalities, community groups, agency and internal staff, and other key stakeholders; to discuss overall rewrite effort.

The project team and consultants continued community and stakeholder outreach in 2016; participating in community meetings and briefings with the County Council, and the Council Chiefs of Staff and Planning Board. Discussion took place and feedback was obtained on the recommendations provided in Module 1: Zones and Uses; Module 2: Development Standards and Adequate Public Facilities; and Module 3: Zoning Processes and Subdivision Regulations.

At least one year of intensive collaboration and innovative problem-solving work lie ahead before a 21st Century Zoning Ordinance and Subdivision Regulations are expected to be approved and available to implement the County’s 2014 *Plan Prince George’s 2035 General Plan*.

Completed and ongoing Plans and Studies in 2016 are provided in Tables 1 through 3.

(B) Were there any growth related changes in development patterns? Y N

(Note: Growth related changes in development patterns are changes in land use, zoning, transportation capacity improvements, new subdivisions, new schools or school additions, or changes to water and sewer service areas.)

1. If no, go to (C).
2. If yes, briefly summarize each growth related change(s).

Yes, there were growth related changes in Prince George's County in 2016. The growth-related changes are shown on the following pages.

WATER AND SEWER

Environment Article Title 9, Subtitle 5, of the Maryland Annotated Code sets procedures for amendments and revisions to the Water and Sewer Plan. The Adopted 2008 Water and Sewer Plan assigns a category to every piece of property in the County. The categories determine whether land can be developed using public (or community) water and sewer or individual well and septic systems. A category change is usually required for a development proposal that needs a subdivision or that disturbs more than 5,000 square feet of land.

Requests for changes to these categories can be achieved through two processes: the Legislative Amendment process and the Administrative Amendment process. The Legislative Amendment process is used when changes are proposed from Category 6 or 5 to Category 4. The Administrative Amendment process is used when changes are proposed from Category 4 to Category 3, and for public use allocations. Both processes require the filing of an Application for Water and Sewer Plan Amendment.

Legislative Amendments

For the Legislative Amendment process, at least 30 days prior to the public hearing on the amendments the County Council submits a copy of the resolution to The Maryland-National Capital Park and Planning Commission (M-NCPPC) and Washington Suburban Sanitary Commission (WSSC) for recommendations.

The 2008 Water and Sewer Plan provides for three cycles of category requests for changes annually to amend the Plan. In 2016, there was one cycle of amendments between January and December 2016. The April 2016 Cycle of Amendments was taken to the Prince George’s County Council for approval between January and December 2016. The April 2016 Cycle contained two applications requesting sewer category changes as provided in Table 10.

Table 10: Legislative Amendments, Reporting Year 2016

SEWERSHED CASE #	APPLICATION	ADDRESS	WATER (W) AND SEWER (S) CHANGE REQUEST
16/W-01	Bowie Veterinary Properties, LLC	6700 Laurel Bowie Road, Bowie	Category S5 to S3
16/P-01	7512 Surratts Road Redevelopment	7512 Surratts Road, Clinton	Category S5 to S3

Source: Prince George’s County Department of the Environment, March 2017.

The Prince George’s County Department of the Environment (DoE) accepts applications for the administrative amendment process. These applications can only be submitted to DoE after the Planning Board has approved the preliminary plan of subdivision or detailed site plan. DoE will transmit a report to the County Executive and County Council for a 30 calendar day review and comment period. During the 30 day review period, the County Executive or County Council may request that an application be processed as a Legislative Amendment. If no comments are made, the Director of DoE may approve each application included in the transmitted report. In 2016, DoE accepted four applications for administrative amendments.

**2016 Annual Report Worksheet for Prince George's County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)**

Administrative Amendments

The applications for administrative amendments were accepted for the January, June and July 2016 Administrative Amendment Cycles. There were no applications for administrative amendments submitted/accepted during the remainder of 2016. Table 11 lists the pending administrative approvals in calendar year 2016.

(D) Were any amendments made to the zoning map? Y N

1. If no, go to *Section II: Mapping and GIS Shapefiles*.
2. If yes, briefly summarize each amendment(s). **Yes**

ZONING MAP AMENDMENTS

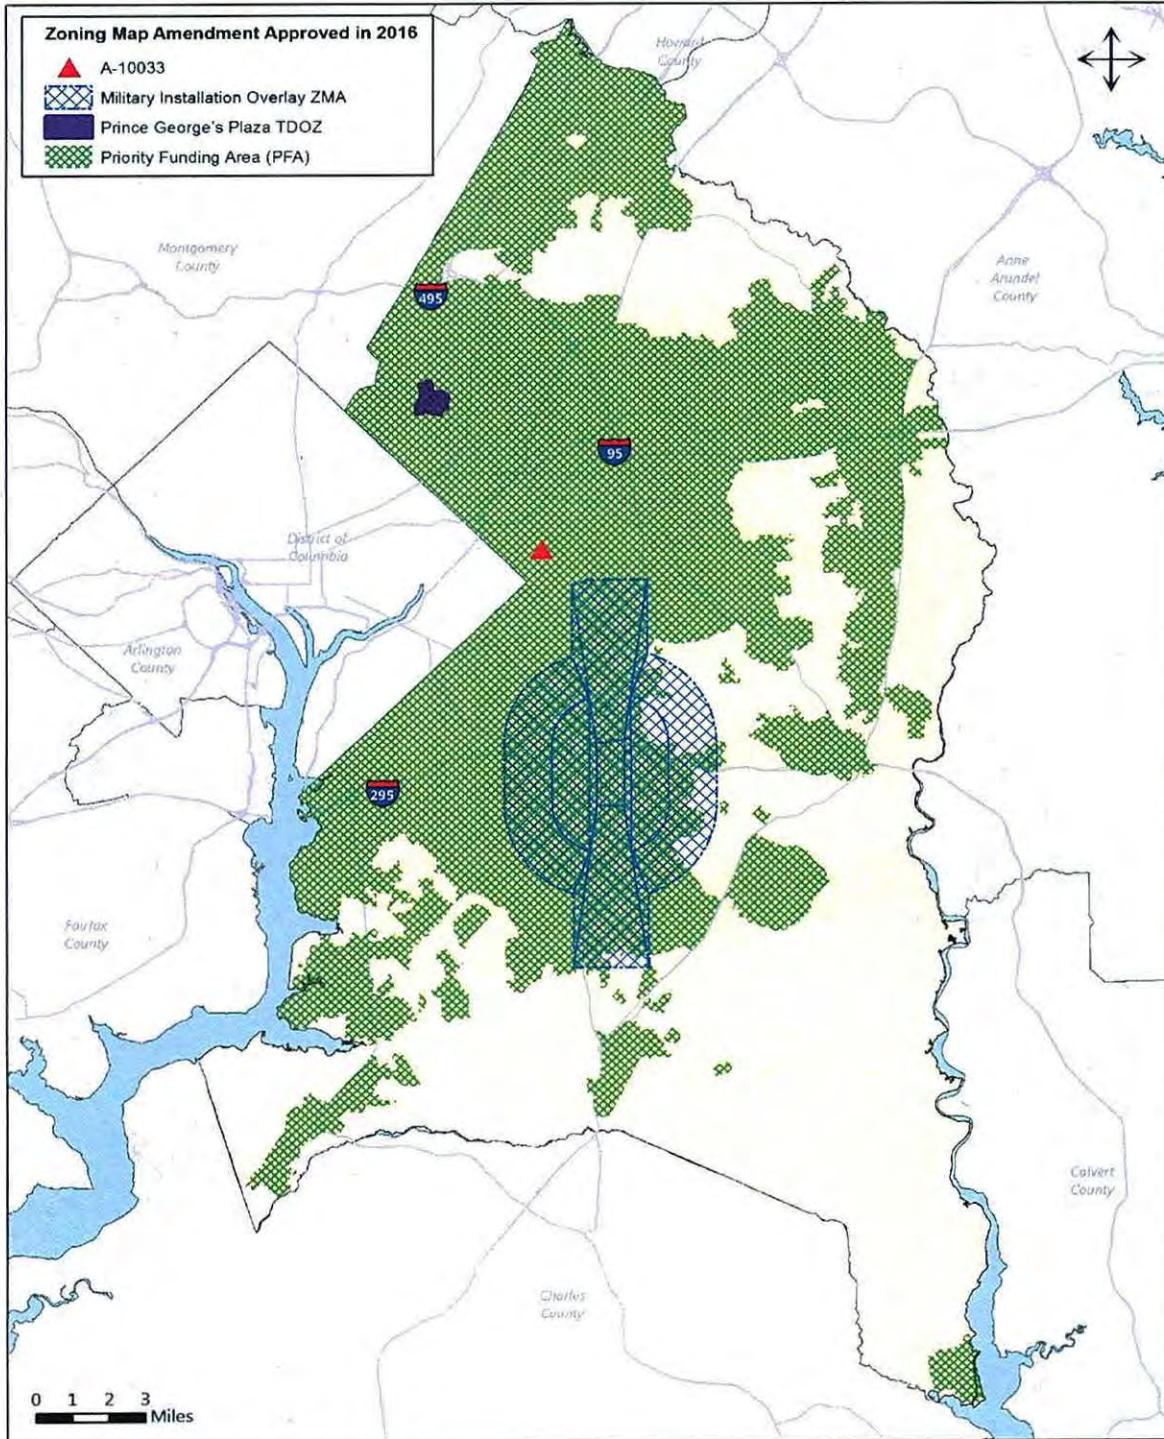

There were three Zoning Map Amendments approved in 2016. Map 6 provides the location of the amendments.

Table 13: Zoning Map Amendments, Reporting Year 2016

ZONING MAP AMENDMENT	DESCRIPTION
A-10033 Virginia Linen	Zoning Map Amendment A-10033 was approved in 2016 to rezone a 5.59 Acre site from the I-3 Zone to the I-1 Zone. The site is located on the south side of Sheriff Road at the intersection with Cabin Branch Drive.
Military Installation Overlay Zoning Map Amendment (MIOZMA)	The 2016 Approved Military Installation Overlay Zoning Map Amendment (MIOZMA) applies the Military Installation Overlay (M-I-O) Zone to a 38-square-mile section of Prince George’s County. This area is most impacted by flight operations at Joint Base Andrews Naval Air Facility Washington (JBA). The MIOZMA reclassifies several properties in the vicinity of JBA to new underlying zoning classifications that increase their developability under this overlay zone.
2016 Approved Prince George’s Plaza Transit District Overlay Zoning Map Amendment	The 2016 Approved Prince George’s Plaza Transit District Overlay Zoning Map Amendment (TDOZMA) is the comprehensive rezoning element that implements the land use recommendations of the <i>2016 Approved Prince George’s Plaza Transit District Development Plan</i> . The TDOZMA brings zoning into greater conformity with County land use goals and policies as they apply to the Prince George’s Plaza Transit District. The zoning of several properties were reclassified within the Prince George’s Plaza Transit District through the TDOZMA.

Section II: Mapping and GIS Shapefiles

(A) Does your jurisdiction utilize GIS to prepare planning related maps? Y N

1. If no, please include an address, parcel identification number or other means to identify the type and location of all new growth related changes or zoning map amendments listed in *Sections I(B)* and *I(D)*. Provide a paper map(s) that indexes the general location(s) of the growth related changes or zoning map amendment(s). *Contact Planning for mapping assistance.*

2. If yes, include a map(s) of the location(s) of the amendment(s) and submit applicable GIS shapefiles for all new growth related changes and zoning map amendments listed in *Sections I(B)* and *I(D)*. GIS shapefiles may be submitted via email or cd/dvd disc.

Maps of the amendments are provided within the subject report. In most cases where possible, a map of the amendment(s) will follow the amendment descriptions.

(B) Were there any growth related changes identified in *Sections I(B)*? Y N

1. If no, go to (C).
2. If yes, then include GIS shapefiles and map(s), that identify the location of each growth related change identified in *Section I(B)*. If your jurisdiction does not utilize GIS then clearly identify the growth related changes on a map(s).

Maps of the growth related changes are provided within the subject report. In most cases where possible, a map of the growth related changes will follow the descriptions.

(C) Were there any zoning map amendments identified in *Section I(D)*. Y N

1. If no to (A) and (B), skip to *Section III: Consistency of Development Changes*.
2. If yes, then include GIS shapefiles and map(s), that identify the location of each zoning map amendment identified in *Section I(D)*. If your jurisdiction does not utilize GIS then clearly identify the growth related changes on a map(s). *Contact Planning for mapping assistance.*

Yes. A map showing the amendment(s) is provided following the amendment description.

(§1-207, §1-208, and §1-704)**

Section III: Consistency of Development Changes

(A) Were there any growth related changes identified in *Sections I(B) through (D)*? Y N

1. If no, skip to *Section IV: Planning and Development Process*.
2. If yes, go to (B).

(B) For each growth related change listed in in *Sections I(B) through (D)*, please state how the development changes were determined by the Planning Commission to be consistent with:

1. Each other;
See the following summary.
The development patterns changes that occurred in Prince George's County
2. Any recommendations of the last annual report;
N/A
3. The adopted plans of the local jurisdiction;
See the following summary.
4. The adopted plans of all adjoining jurisdictions;
See the following summary.
5. Any adopted plans of the State and local jurisdictions that have responsibility for financing or constructing improvements necessary to implement the jurisdiction's plan. **N/A**

CONSISTENCY OF DEVELOPMENT CHANGES

The 2014 *Plan Prince George's 2035 Approved General Plan* (Plan 2035) is a blueprint for the long-term growth and development of Prince George's County, Maryland. It looks broadly and strategically at how the county should continue to grow and strengthen as a community and as part of the greater Washington metropolitan area over the next 20 years. Based on its vision, Plan 2035 establishes a framework to capture a greater share of the region's forecasted job growth, meet the needs of a changing population, and preserve valuable natural and historical resources.

The plan elements refine the land use vision for Prince George's County and define specific recommendations to guide policy making and implementation in eight areas: land use (growth and development), economic prosperity, transportation and mobility, the natural environment, housing and neighborhoods, community heritage, culture and design, public facilities, and healthy communities.

2016 Annual Report Worksheet for Prince George’s County, Maryland Reporting (Calendar) Year 2016 (§1-207, §1-208, and §1-704)

Plan 2035 developed a new center classification system to help implement the Plan 2035 vision for the County. The system reorganizes the County’s centers into two principal categories—Regional Transit Districts and Local Centers. The Local Centers are further broken down into four types—Local Transit Centers, Neighborhood Centers, Campus Centers, and Town Centers.

The Growth Policy Map as provided in Plan 2035 visually communicates the vision for land use and development in the County. It communicates where and how the County should grow and evolve over the next 20 years, and identifies rural areas where growth is discouraged. It introduces new area classifications that replace the 2002 General Plan tier, center, and corridor designations. The Growth Policy Map consists of the following six components.

1. **Regional Transit Districts** are high-density, vibrant, and transit-rich, mixed-use areas envisioned to capture the majority of future residential and employment growth and development in the county (also see Plan 2035 Center Classification in the Land Use chapter).
2. **Employment Areas** command the highest concentrations of economic activity in four targeted industry clusters—healthcare and life sciences; business services; information, communication, and electronics; and the Federal Government.
3. **Local Centers** are focal points of concentrated residential development and limited commercial activity serving our Established Communities.
4. **Established Communities** make up the County’s heart—its established neighborhoods, municipalities, and unincorporated areas outside of designated centers.
5. **Future Water and Sewer Service Areas** are holding areas that are located inside the Growth Boundary, but have not been approved for a water and sewer category change. These areas should not develop until areas already served by public water and sewer are built out.
6. **Rural and Agricultural Areas** contain significant natural and agricultural resources that are best suited for agricultural activity, forest preservation and very low-density residential development on well and septic.

CONSISTENCY WITH NEIGHBORING JURISDICTIONS

Prince George’s County is bordered by Charles and Calvert Counties to the south, Anne Arundel County to the east and north, the District of Columbia to the west, and Montgomery and Howard Counties to the north. A review of the consistency of Prince George’s County planning policies with those of the bordering counties is detailed here.

North County

The 2009 Anne Arundel County General Development Plan is consistent with the 2014 *Plan Prince George’s 2035 Approved General Plan* and other applicable master plans, particularly those located along the borders between the two counties. Most of the area of Prince George’s County that borders Anne Arundel County is in the Rural and Agricultural Areas, as designated by the general plan’s Growth

2016 Annual Report Worksheet for Prince George's County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)

Policy Map. Both counties have areas of rural legacy designated primarily along and around the Patuxent River, which focus on environmental protection and stewardship for rural and open spaces, as reflected in the general plans of both counties. Most of the future development projected in Anne Arundel County will be focused on redevelopment and reinvestment in existing urban centers and priority funding areas, all of which do not pose significant inconsistencies with Prince George's County and follow the same smart growth general principles set by the state. For example, to support proposed population growth related to the federal government base realignment and closure (BRAC), a commercial revitalization area has been established at I-295 at the Prince George's County border near Fort Meade.

The Comprehensive Plan for the National Capital was approved in 2006 and amended in 2011. It is comprised of two parts; the District Elements and the Federal Elements. The Federal Elements were updated and adopted by the National Capital Planning Commission on February 4, 2016. The Comprehensive Plan for the National Capital is consistent with the 2014 *Plan Prince George's 2035 Approved General Plan*. Historically, DC has been the largest employer in the area, and Prince George's County has focused the majority of its growth in areas surrounding the District. DC's comprehensive plan recognizes that the city is recently experiencing population and economic growth; reversing a negative trend that had persisted for decades, but that the city is projected to continuously make up a smaller share of population and economic growth within the larger metropolitan region. Areas near Metro stations in surrounding counties will continue to make up a larger share of that growth. The 2014 *Plan Prince George's 2035 Approved General Plan* designates three Downtowns, which are Regional Transit Districts where growth will be most concentrated, and each of them are based around Metro stations with access to DC.

The 2016 Montgomery County Subdivision Staging Policy, formerly called the countywide Growth Policy, was approved by the Montgomery County Council on November 15, 2016. Montgomery County began work to update the policy plan in 2015. The 2016 Subdivision Staging Policy addresses how growth is managed. It looks beyond congestion relief and school capacity and focuses on ways to enhance quality of place. This growth policy plan and other recent supplements and amendments to the 1993 Approved General Plan are consistent with the Plan Prince George's 2035 Approved General Plan. They reflect similar guiding principles for development patterns, focusing on future development in existing urban centers, particularly transit stations; creating better quality-of-life amenities; and improving pedestrian access to these centers directly or indirectly through encouraging the use of public transit. Most of the development located near the boundaries between the two counties consists either of mature, existing residential neighborhoods or industrial businesses. Both counties seek to provide redevelopment opportunities throughout these established communities while maintaining and improving their historical, socioeconomic, and cultural characters.

PlanHoward 2030 outlines the county's goal of protecting the open spaces around the watershed of the Patuxent River along the areas bordering Prince George's County, which is consistent with the Plan Prince George's 2035 Approved General Plan and the 2005 Approved Countywide Green Infrastructure Plan. The overall growth policy in Howard County is also consistent with Prince George's County's policy of focusing growth in centers and corridors, particularly those within the designated priority funding areas.

2016 Annual Report Worksheet for Prince George’s County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)

The City of Laurel, which has its own planning and zoning authority, recently updated its Master Plan in July of 2016. The City of Laurel’s Master Plan serves as a long-range guide, which will shape the form of new development and redevelopment in the city. The plan does not include any proposals that are inconsistent with the *2014 Plan Prince George’s 2035 Approved General Plan*.

South County

The Charles County Comprehensive Plan, approved in 2006, is consistent with the Plan Prince George’s 2035 Approved General Plan and relevant to master plans for southern Prince George’s County. While the Charles County targeted growth area abuts areas of Prince George’s County designated as Rural and Agricultural Areas or Established Communities in the Growth Policy Map of the general plan, this regional growth pattern is consistent with the state’s vision, as identified in PlanMaryland. An update of the Charles County Comprehensive Plan was ongoing in 2015.

The Calvert County Comprehensive Plan was adopted in 2004, and its Land and Water Chapter was amended in 2010. This plan is consistent with the Plan Prince George’s 2035 Approved General Plan and the growth policies of the two counties transition seamlessly. Both counties preserve and protect the vast majority of land along the Patuxent River, which serves as the boundary between Prince George’s and Calvert County.

**2016 Annual Report Worksheet for Prince George's County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)**

**Section IV: Plan Implementation and Development Process
(5-Year Mid-Cycle Review/5-Year Report)**

- (A) Has your jurisdiction completed a 5-Year Mid-Cycle comprehensive plan implementation review and submitted to Planning a 5-Year Report, as required under §1-207(c)(6) of the Land Use Article? Y N

The 2014 Plan Prince George's 2035 Approved General Plan (Plan 2035) was approved approximately three years ago, in May 2014. As discussed in Plan 2035, a Five-Year Evaluation of the comprehensive plan will be done. The Five-Year Evaluation will analyze the County's progress toward meeting the Plan 2035 vision and goals in five-year intervals. The evaluation will also provide insight into the implementation of the comprehensive plan's longer-range policies and strategies and will gauge their alignment with local, regional, and national demographic, socioeconomic, and environmental trends. Additionally, the Five-Year Evaluation will identify completed priority strategies, programs, and projects. The evaluation's findings may include minor plan amendments and modifications.

A Five-Year Mid-Cycle Review of Plan 2035 will be completed and submitted to the Maryland Department of Planning in 2019.

- (B) In the current reporting year, did your jurisdiction identify any recommendations for improving the planning and development process within the jurisdiction? Y N

1. If no, go to (C).
2. If yes, what were those recommendations?

A comprehensive rewrite of the existing Zoning Ordinance and Subdivision Regulations for Prince George's County is currently underway. The rewrite began in January of 2014 and culminated in a comprehensive Evaluation and Recommendations Report. During the 2016 reporting year, the Consultant Team who worked collaboratively with the Zoning Rewrite Staff Project Team, provided recommendations for Module 1: Zones and Uses; Module 2: Development Standards and Adequate Public Facilities; and Module 3: Zoning Processes and Subdivision Regulations. Recommendations made through the zoning rewrite effort were under review at the end of the reporting year.

- (C) In the current reporting year, did your jurisdiction adopt any ordinances or regulations needed to implement the 12 planning visions under §1-201 of the Land Use Article? Y N

1. If no, go to *Section V: Measures and Indicators*.
2. If yes, what were those changes?

**2016 Annual Report Worksheet for Prince George’s County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)**

Section V: Measures and Indicators

(Note: The Measures and Indicators Sections (D) – (G) are only required for jurisdictions issuing more than 50 new residential building permits in the reporting year).

(A) In the **Total** column in *Table 1, New Residential Permits Issued (Inside and Outside the PFA)* in (C) below, enter the total number of new residential building permits issued in calendar year (2016).

(B) In the **PFA** column in *Table 1*, enter the total number of permits issued inside the Priority Funding Area (PFA).

(C) In the **Non-PFA** column in *Table 1*, enter the total number of permits issued outside the PFA.

NEW RESIDENTIAL PERMITS ISSUED IN 2016

Sixty-two percent of residential permits issued in the County in 2016 were located within the Priority Funding Area. Over 1,400 residential permits were issued in 2016 as provided in Table 14.

Table 14: New Residential Permits Issued (Inside and Outside the PFA)

RESIDENTIAL	PFA	NON - PFA	TOTAL
# New Residential Permits Issued	914	560	1,474

**2016 Annual Report Worksheet for Prince George's County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)**

COMMERCIAL PERMITS ISSUED IN 2016

Ninety-four percent of commercial permits issued in the County in 2016 were located within the Priority Funding Area as provided in Table 15.

Table 15: Commercial Permits Issued in 2016 (Inside and Outside the PFA)

COMMERCIAL	PFA	NON - PFA	TOTAL
# Commercial Permits	32	2	34
Total Building Square Feet Approved (Gross)	4,702,979	195,361	4,898,340
Total Area (Gross Acres)	154.98	12.64	167.62

Section VI: (Locally) Funded Agricultural Land Preservation

(A) How many acres were preserved using local agricultural land preservation funding? Enter 0 if no acres were preserved using local funds.

In 2016, 366 acres of agricultural land were preserved in Prince George's County using the Historic Agricultural Resource Preservation Program (HARPP). There was one purchase made in 2016 for 30 acres using a grant provided by Maryland Department of Natural Resources Rural Legacy Program. Under HARPP, Rural Legacy, and Maryland Environmental Trust land preservation programs, over 6,121 acres were permanently preserved.

Table 16 describes the specific acreages and purchase price for each parcel preserved with the HARPP or MALPF fund. None of the properties preserved are within the PFA.

Table 16 Total Number of Acres Preserved Through the Historic Agricultural Resource Preservation Program (HARPP) and Maryland Agricultural Land Preservation Foundation Program (MALPF) in 2016

PROGRAM	PROPERTY	WITHIN PFA (YES/NO)	EASEMENT PURCHASE PRICE	TOTAL ACREAGE	DATE SETTLED
HARPP	Parcel 12	NO	\$336,738	112.82	02/01/2016
HARPP	Parcel 70	NO	\$255,975	95.36	03/14/2016
HARPP	Parcel 51	NO	\$233,854	70.77	04/01/2016
HARPP	Parcel 9	NO	\$221,481	43.1	05/04/2016
HARPP	Parcel 70	NO	\$264,770	43.98	12/20/2016
Rural Legacy	Parcel 24	NO	\$115,232	30.21	08/26/2016

Section VII: Local Land Use Percentage Goal

(A) Is all land within the boundaries of the jurisdiction in the PFA? Y N

1. If yes, then the local land use percentage goal does not need to be established. Skip to *Section VIII: Development Capacity Analysis*.
2. If no, then the jurisdiction must establish a local percentage goal to achieve the statewide land use goal, under §1-208(2) of the Land Use Article, to increase the current percentage of growth located inside the PFAs and decrease the percentage of growth (new lots and new residential units) located outside the PFAs.

The Local Land Use Percentage Goal and will be provided as a part of the 2017 Annual Report.

Section VIII: Development Capacity Analysis (DCA)

(A) Has an updated DCA been submitted with your Annual Report or to Planning within the last three years?

(Note: A DCA is required at least once every 3-years and whenever there is a significant change in zoning or land use pattern. See [§1-208\(c\)\(iii\)](#) of the Land Use Article. A DCA may be submitted independently from the Annual Report, such as, part of a comprehensive plan update. Please contact your [Regional Planner](#) if you require assistance.)

Y N

Comment: Yes, a DCA was submitted as part of the 2015 Annual Report.

1. If no, explain why an updated DCA has not been submitted, such as, no substantial growth changes, etc.
2. If yes, then skip to *Section IX: Adequate Public Facility Ordinance (APFO) Restrictions*.

(Note: MDP provides technical assistance to local governments in completing development capacity analyses. Please contact your regional planner at [Planning](#) for more information.)

(B) If your DCA is not submitted this year, when was the last DCA submitted?

Identify Month and Year: **June 2016**

**2016 Annual Report Worksheet for Prince George's County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)**

**Section IX: Adequate Public Facility Ordinance (APFO) Restrictions
(Section IX is only required by jurisdictions with adopted APFOs)**

(A) Does your jurisdiction have any adopted APFOs? Y N

3. If no, skip to Section X.
4. If yes, go to (B).

(B) Has your jurisdiction submitted a Bi-Annual APFO Report under [§7-104](#) of the Land Use Article?

Y N

An Adequate Public Facility Ordinance Report was submitted as a part of the 2015 Annual Report in June 2016.

1. If yes, skip to Section X.
2. If no, then please complete (C) through (I) below for each restriction.

(Note: Jurisdictions with adopted APFOs must submit a biennial APFO report when a restriction within the PFA occurs within the reporting period. The APFO report is due by July 1 of each even year and covers the reporting period for the previous two calendar years. The last cycle included years 2014 and 2015 and the APFO report was due by July 1, 2016. APFO reports for 2016 and 2017 are due July 1, 2018.)

Section X: Submitting Annual Reports and Technical Assistance

(A) Annual Reports may be submitted via email to david.dahlstrom@maryland.gov or one copy may be mailed to:

Office of the Secretary
Maryland Department of Planning
301 W. Preston Street, Suite 1101
Baltimore, Maryland 21201-2305
Attn: David Dahlstrom, AICP

(B) Annual Reports should include a cover letter indicating that the Planning Commission has approved the Annual Report and acknowledging that a copy of the Annual Report has been filed with the local legislative body. The cover letter should also indicate a point of contact(s) if there are technical questions about your Annual Report. Before emailing the Annual Report please ensure the following:

1. Was this Annual Report approved by the planning commission/board? Y N

**2016 Annual Report Worksheet for Prince George's County, Maryland
Reporting (Calendar) Year 2016
(§1-207, §1-208, and §1-704)**

2. Was this Annual Report filed with the local legislative body? Y N
3. Does the cover letter:
- a. Acknowledge that the planning commission/board has approved the Annual Report. Y N
- b. Acknowledge that the Annual Report has been filed with the local legislative body? Y N
- c. Answer if all members of the Planning Commission/Board and Board of Appeals have completed an educational training course as required under under [§1-206\(a\)\(2\)](#) of the Land Use Article? Y N
(See Planning.Maryland.gov/YourPart/MPCA/PCBZACompletedEd.shtml for a list having completed the course.)

Planning Board Chairman Elizabeth Hewlett, Vice-Chairman Dorothy Bailey, Commissioner A. Shuanise Washington, Commissioner William Doerner, and Commissioner Manuel Geraldo have completed the Planning Commission Educational Training Course offered by the Maryland Department of Planning pursuant to the Smart Green & Growing Act of 2009.

- d. Indicate a point of contact(s)? Y N

Tiffany Williams Jennings, Project Manager for the 2016 Annual Report, is the point of contact. She can be reached by phone at (301) 952-3248 or via email at tiffany.williamsjennings@ppd.mncppc.org.

- (C)** You may wish to send an additional copy of your Annual Report directly to your Maryland Department of Planning Regional Office via email or hardcopy.
- (D)** If you need any technical assistance in preparing or submitting your reports, our Regional Planners are available to assist you at: Planning.Maryland.gov/OurWork/local-planning-staff.shtml
- (E)** Copies of this Annual Report worksheet and links to legislation creating these Annual Report requirements can be found on the Maryland Department of Planning website: Planning.Maryland.gov/YourPart/SGGAnnualReport.shtml
- (F)** If you have any suggestions to improve this worksheet or any of the annual report materials, please list or contact David Dahlstrom at david.dahlstrom@maryland.gov.
