2016 Vetoed House Bills and Messages

May 27, 2016

The Honorable Michael E. Busch
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 59 – *Department of Economic Competitiveness and Commerce – Renaming and Reorganization*.

This bill renames the Department of Economic Competitiveness and Commerce to be the Department of Commerce, repeals the Office of the Secretary of Commerce in the Office of the Governor, repeals the requirement that the Secretary of Commerce employ an Executive Director of the Department, and provides that the Department of Commerce is the successor of the Department of Economic Competitiveness and Commerce.

Senate Bill 85, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 59.

Sincerely,

Governor Lawrence J. Hogan, Jr.

House Bill 59

AN ACT concerning

Department of Economic Competitiveness and Commerce – Renaming and Reorganization

The Honorable Michael E. Busch
Speaker of the House
H–101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 84 – *State Government – Office of Legislative Audits – Alterations in Audit Requirements*.

This bill alters the time period during which the Office of Legislative Audits and the Legislative Auditor are required to audit specified State funds, programs, authorities, units, and a specified local liquor board and requires the audit of each unit of State government to be conducted at an interval ranging from 3 to 4 years unless the Legislative Auditor determines, on a per case basis, that more frequent audits are required.

Senate Bill 116, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 84.

Sincerely,

Governor Lawrence J. Hogan, Jr.

House Bill 84

AN ACT concerning

State Government – Office of Legislative Audits – Alterations in Audit Requirements

FOR the purpose of altering the time period during which the Office of Legislative Audits and the Legislative Auditor are required to audit certain State funds, programs, authorities, units, and a certain local liquor board; altering the statutory authority under which the Office of Legislative Audits and the Legislative Auditor are required to audit certain funds, programs, and units; repealing the requirement that the Office of Legislative Audits and the Legislative Auditor perform certain audits of certain licensees, funds, and agencies; repealing the requirement for the Office of Legislative Audits to approve certain independent auditors selected by certain corporations and centers; repealing the requirement for the Legislative Auditor to concur on certain audits of community colleges performed by certain auditors in order for the audits to meet a certain requirement; repealing the requirement for the Legislative Auditor to certify a certain form completed by a certain hospital; altering the time period during which a certain corporation is required to maintain possession and custody of certain documents related to a certain audit; authorizing, rather than requiring, the Legislative Auditor to conduct certain post audit examinations and fiscal/compliance audits of certain funds; repealing the requirement for the Office of Legislative Audits and the Legislative Auditor to evaluate, audit, and summarize certain information from certain offices and agencies; altering the time period during which the Office of Legislative Audits is required to conduct a fiscal/compliance audit of each unit of the State government, except for units in the Legislative Branch; repealing the requirement for the Legislative Auditor to evaluate the utilization of

certain funds allocated to certain businesses; repealing the authorization for the Legislative Auditor to audit certain accounts of a certain system and certain administrations; making stylistic changes; and generally relating to alterations in audit requirements for the Office of Legislative Audits.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 122 – *Critical Area Commission for the Chesapeake and Atlantic Coastal Bays – Membership From Ocean City*.

This bill authorizes the Mayor of Ocean City to appoint a designee of the Mayor as a member of the Critical Area Commission for the Chesapeake and Atlantic Coastal Bays, and establishes that a member from the Atlantic Coastal Bays Watershed who is the Mayor of Ocean City or the designee of the Mayor is not subject to the advice and consent of the Senate.

Senate Bill 132, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 122.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch
Speaker of the House

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 172 – *Anne Arundel County Board of Education and School Board Nominating Commission*.

On its face, House Bill 172 is unconstitutional because it only terminates the terms of the Governor’s members of the Anne Arundel County School Board Nominating Commission. This action by the Legislature violates the separation of powers doctrine as outlined by the Court of Appeals in *Schisler v. State*, 394 Md. 519 (2006). While the General Assembly may change the appointment method of prospective members of a governmental body, it cannot abrogate the Governor’s authority under Article II, Section 15 of the Maryland Constitution by terminating his current appointees prior to the expiration of the their terms.

In its current form, Section 3–110 of the Education Article of the Maryland Code provides that the Governor shall appoint five of the eleven members of the School Board Nominating Commission of Anne Arundel County, with each member serving a four–year term. Section 2 of House Bill 172, however, provides for premature termination, *i.e.*, removal, of the Governor’s incumbent members, an improper reconstitution of the Commission that the Court of Appeals has found to be an unconstitutional “usurpation of executive power in violation of Article II, [Sections] 1, 9 and 15 of the Maryland Constitution” and a “violation of Article 8 of the Declaration of Rights of Maryland.” *Schisler*, 394 Md. at 596. Ultimately, the Governor’s appointees must remain in office until the end of their terms, unless terminated earlier by the Governor pursuant to Article II, Section 15 of the Maryland Constitution.

In addition to the legal flaws with the bill, House Bill 172 also unnecessarily injects the politics of the General Assembly into a local school issue and significantly diminishes public accountability by adding commission members appointed by private advocacy organizations instead of elected officials. A recent *Baltimore Sun* editorial stated that House Bill 172 “goes too far to dilute public accountability” by skewing the membership of the Commission towards special interest groups instead of those who answer to the broader education community.

I am open to a dialog with the General Assembly on ways to improve the process for appointing school board members to ensure that they reflect the needs and values of Anne Arundel County, including legislation to provide for direct election of school board members by the voters or appointment by a local authority such as the County Executive.

House Bill 172 is not the appropriate vehicle to ensure public accountability of the nominating process for members of the Anne Arundel County Board of Education. For these reasons, I have vetoed House Bill 172.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 689 – *Procurement – Prevailing Wage – Liquidated Damages*.

This bill makes a contractor under a public work contract that knew or reasonably should have known of the contractor's obligation to pay the prevailing wage rate, and that deliberately failed or refused to pay the prevailing wage rate, is liable to a public body for liquidated damages of \$250 for each laborer or other employee under specified circumstances.

Senate Bill 1009, which was passed by the General Assembly and went into effect without my signature,, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 689.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1010 – *Maryland Transit Administration Oversight and Planning Board*.

The proposed “oversight” provisions in House Bill 1010 represent a sophomoric attack on sound transportation policy by creating an unprecedented imposition of a politically-driven board to second-guess the authority of an executive branch agency. The board created by this bill does a disservice to the millions of taxpayers and visitors to Maryland that ride transit all over the State and continues the General Assembly’s attempts over the past two sessions to erode the long-established powers of Maryland’s Executive Branch.

House Bill 1010 would establish a Maryland Transit Administration (MTA) Oversight and Planning Board within the Maryland Department of Transportation (MDOT) with specific provisions related to membership, duties, and staffing of the board. MTA’s exercise of powers and duties would be subject to the authority of the board including reporting requirements on the MTA for any purpose when the board determines it is necessary to do so.

Perhaps the most alarming aspect of House Bill 1010 is its out and out rejection of the “One Maryland” principle in favor of a regional oversight board of a statewide agency. Specifically, the bill requires that 11 of 16 members of the oversight board come from just six jurisdictions in the State, to the exclusion of 19 other counties, representing over 3.25 million Marylanders who, through gas taxes and other measures, fund the MTA.

In short, more than half of the people in Maryland who will pay for the operation of MTA will have no say in its oversight, including the entire Eastern Shore, Western Maryland, Southern Maryland and the Washington D.C. suburbs, where the largest MTA project in a generation will soon begin. Simply put, that is a terrible idea. It is the equivalent of handing oversight of the Maryland Aviation Administration to Anne Arundel County, simply because that is where Baltimore/Washington International Thurgood Marshall Airport is located.

I have made statewide transit and transportation a top priority of my Administration, and MTA has several projects outside the Baltimore area. For example, the Administration in 2016 will begin the construction phase of the Purple Line, the largest transit project in Maryland history, exclusively in Montgomery and Prince George’s Counties. Additionally, increased attention to MARC train service in Montgomery and Frederick Counties as well as commuter bus and other transit options in Southern Maryland will require the focus of the Administration in coming years.

Additionally, the MTA Oversight and Planning Board proposed to be established by House Bill 1010 would review and comment on the operations, plans, and services of all locally-operated transit systems in the state. MTA provides over \$100 million statewide each year to local jurisdictions in the State and provides essential operational support to local transit systems. Locally-operated transit systems (LOTS) provide over 39 million trips each year, and in some of Maryland's rural areas, LOTS and other nonprofit transit organizations supported by MTA are the only means of transportation for disabled and transit-dependent individuals. These areas are sure to be neglected by an oversight board whose concentration will be on planning and development in the Baltimore area alone.

The MTA currently has three existing advisory councils comprised of riders. The Citizens' Advisory Council (CAC), the Consumers Advisory Council for Accessible Transportation (CACAT), and the MARC Riders Advisory Council meet on a monthly basis and provide valuable feedback to the Administration. While House Bill 1010 codifies all of these advisory councils, this is unnecessary. The current structure allows for maximum flexibility and adaptability to MTA's changing needs and priorities, while also giving the public and stakeholders meaningful input into MTA plans, projects, and initiatives.

Finally, House Bill 1010 requires the Administration to produce several reports and surveys at a cost of \$7.3 million in FY 2017 alone. These funds would surely be better used to provide transit service to Maryland residents instead of supporting an unnecessary bureaucracy.

Under my Administration, we have focused our attention on improving a long-neglected agency and have obtained tangible results. The MTA is succeeding according to every measurable metric in its core service area, including on-time performance, safety, and customer service, while continuing to support local transit in other parts of the State.

Placing a politically-motivated regional oversight board at MTA at a time of tremendous improvement and progress is unnecessary, unwarranted, and unwise. The oversight board as structured in House Bill 1010 does not fit the organization of the MTA within state government and would serve to impede the Administration's statewide mission at significant cost to the taxpayer.

For these reasons, I have vetoed House Bill 1010.

Sincerely,

Governor Lawrence J. Hogan, Jr.

State House
Annapolis, Maryland 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 1013 – *Maryland Open Transportation Investment Decision Act of 2016*.

This regrettable legislation exemplifies the worst kind of policymaking and it is not in the best interest of Maryland taxpayers. House Bill 1013 represents the beginning of what could be a long term fundamental shift in how transportation decisions are made, with political forces and unaccountable special interests manipulating the legislative process to dictate what projects get built.

I have said repeatedly that every decision I make will be put to a simple test: Will this law or action make it easier for families and small businesses to stay in Maryland, and will it make more families and businesses want to come to Maryland? This bill miserably fails the simple test.

By establishing arbitrary new criteria to guide transportation decisions in Maryland, the bill may harm our State's competitiveness and could degrade the quality of life for Marylanders for decades to come. In a worrying preview of what could happen in future years, this bill was constructed in a secretive and haphazard manner with enormous input from political pressure groups but with no real thought and no meaningful input from the Department of Transportation.

The obvious intent of the legislation is to severely limit the decision making of local governments, to strip the Executive Branch of its authority over transportation decisions and to create new mechanisms to divert taxpayer dollars away from highway infrastructure. Vague and imprecise language as well as multiple technical problems associated with the implementation of this bill only further diminish the quality of what was already poorly conceived legislation. For these reasons, I cannot support the enactment of House Bill 1013.

My Administration has taken a balanced approach to transportation that includes an appropriate mix of major highway projects across Maryland, as well as important transit project like the Purple Line and Baltimore Link in densely populated regions. Conversely, by reshaping our State's transportation priorities and decision making processes, House Bill 1013 potentially puts at risk major road, bridge and transit investments in every Maryland county as well as in Baltimore City.

Under this bill, certain capital projects of the State Highway Administration or Maryland Transit Administration will be subjected to a new scoring and ranking system composed of nine specified goals of 100 points each (900 point scale). The Department must develop and adopt regulations on how to score each measure within each goal before January 1, 2017.

In the context of numerous bills considered this session to erode the long-established powers of Maryland's Executive Branch, House Bill 1013 infringes upon the Maryland Department of Transportation authority for identifying priorities in local jurisdictions

throughout the State. The existing Consolidated Transportation Program is a well-established process for identifying transportation needs based upon extensive input from local stakeholders. The Department of Transportation opposed this bill during the hearings in the Senate and House of Delegates because the bill complicates the existing system which has been praised by State and local officials with new language that would impose a contrived ranking process that was created by outside, unknown bill drafters without the inclusion of the expertise of the Department.

Put simply, this bill is just bad public policy. For example, safety is the most important consideration in all Maryland Department of Transportation's current review of transportation projects. Under House Bill 1013, however, safety scoring at 100 points caps the consideration of safety at 11% of the total. Thus the bill language equates a safety factor such as reduction in fatalities at the same level with the degree to which a project is projected to increase the use of walking, biking, and transit.

This bill also requires that all major capital projects be scored and ranked for inclusion in the draft and final Consolidated Transportation Program. This creates a practice by which local governments are incentivized to submit as many priorities as possible. For example, if Montgomery County had 50 transportation priorities, they would submit everything project (local prioritization would account for only 11% of the points) and most of these projects (transit and urban focused) would generally score higher than projects in other parts of the State because of the population multiplier required under the bill.

Lastly, the bill emasculates the Maryland Transportation Plan Advisory Committee, an inclusive and comprehensive committee that has been in place since 1971. This Committee is charged with setting the State's transportation goals and is left intact but the authority of this Committee is usurped by prescribing nine transportation goals for Maryland, each with an equal weight. It is unclear how the Committee and scoring system will function together or what role the Committee will play moving forward.

I was an outspoken critic of the transportation decisions made under the previous administration, including the wide scale cuts to local road funding and the syphoning of a billion dollars from the Transportation Trust Fund, which the legislature later put under lock and key to prevent future raids.

The previous Governor acknowledged that our highways were deteriorating and our bridges were crumbling but House Bill 1013 has the potential to once again put Maryland roads and highways on a path of neglect and underinvestment. I would be defaulting on my vow to Marylanders if I did not make every effort to resist the passage of this bill.

For these reasons, I have vetoed House Bill 1013.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1106 – *Clean Energy Jobs – Renewable Energy Portfolio Standard Revisions*.

This legislation is a tax increase that will be levied upon every single electricity ratepayer in Maryland and, for that reason alone, I cannot allow it to become law. Specifically, House Bill 1106 will impose a tax increase of between \$49 million to \$196 million by 2020 in order to fund the proposed increase in the State's Renewable Energy Portfolio Standard (RPS) compliance.

The goal of House Bill 1106 to increase the State's Renewable Energy Portfolio Standard (RPS) to 25% by 2020 is laudable, but increasing taxes to achieve this goal is the wrong approach. In 2014, Maryland ratepayers already were assessed over \$104 million dollars for renewable energy credits (RECs) in 2014 (the last year for which data is available). As explained above, House Bill 1106 would impose an additional burden on ratepayers.

Under the existing law, Maryland retains its status as a national leader in achieving RPS goals. Maryland's electric suppliers must meet the RPS by accumulating the equivalent amount of renewable energy credits (RECs) that equal the percentage of their respective total supply in the State. In 2016, suppliers must demonstrate they have accumulated RECs at a percentage of 15.9 of their total electric supply into Maryland. This includes 12.7% for Tier 1 renewables, 0.7% for Tier 1 solar, and 2.5% for Tier 2 hydroelectric. The current goal is for Maryland to reach 20% by 2020 with the inclusion of standards for solar (at least 2%) and offshore wind (no more than 2.5%) by 2022.

Electricity suppliers and consumers share an obligation to develop a minimum level of renewable resources in the electricity supply portfolio of the State. The State first adopted an RPS in 2004 and has subsequently revised it. Maryland's existing RPS has benefitted Maryland's clean energy industry. While I appreciate the economic benefit of Maryland's growing solar industry, there is also a corresponding cost which is borne by all citizens under House Bill 1106. I believe the State should not add to this burden.

For these reasons, I have vetoed House Bill 1106.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1150 – *Health Insurance – Consumer Health Claim Filing Fairness Act*.

This bill requires a specified health benefit plan to include provisions that permit enrollees a minimum of 1 year to submit a claim for a service, provides for the suspension of the minimum period of time, and provides that failure to submit a claim within the minimum period of time does not invalidate or reduce the amount of the claim and creates an exception to a provision of law that requires proof of loss to be furnished to an insurer in case of claim for loss within a specified period of time.

Senate Bill 887, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 1150.

Sincerely,

Governor Lawrence J. Hogan, Jr.

MARTIN LUTHER KING, JR. DAY ADDRESS

Delegate Vanessa E. Atterbeary

Howard County

Good evening. Thank you, Mr. Speaker, for the opportunity to provide remarks this evening and thank you to all of my colleagues for being here. I have narrowed this down so I will only be about 30 or 40 minutes!

I have to admit that I have been a little bit nervous trying to prepare for this presentation over the past couple of days, and trying to think about the meaning of Dr. Martin Luther King and what I would say to you today. And it has been somewhat difficult, as I have 3 little ones, all who have the stomach bug and one has strep throat. So I thought to myself: what can I share with you about Dr. King that you have not already heard, seen, witnessed yourselves, read or something that is meaningful?

I was not alive during Dr. King's time or during the civil rights era. Unlike some of you, I did not experience the March On Washington in 1963 or the March from Selma to Montgomery in 1965. I did not participate in lunch counter sit-ins, freedom rides or boycotts. I did not attend a segregated school nor did I witness loved ones suffer unspeakable and unimaginable indignities due to the beauty of their skin being dark. I have not had to demonstrate the same courage and fortitude as the great John Lewis as I was being beaten by angry mobs and arrested for challenging a nation that told me "I was less than." I do know the importance of keeping Dr. King's dream alive; and, I understand the urgency, in this moment in history, for all humanity to step forward and to do what we can to finally make that dream a reality for all human beings.

So the question is "what can a member of my generation share with you tonight?"

I offer you images and words of Dr. King that resonate with me, my values, my childhood and now my adult life; and, this will be news for my parents as well!

Briefly, we know that Dr. King was born on January 15, 1929, in Atlanta, Georgia, was educated in Atlanta's segregated public schools, went on to attend Morehouse College, Crozer Theological College and Boston University. He was a minister and activist, Nobel Peace Prize, Presidential Medal of Freedom and Congressional Gold Medal awardee. And of course, we have a national holiday on the occasion of his birthday, and a monument to his work and dream on the national mall.

I was born in Columbia, Maryland in 1975, seven years after Dr. King's assassination – and you did not know I was that old! Yet his story and his dream are imbedded in me, helped to motivate me and brought me to this juncture in my life. When I was born I had eight living grandmothers, 2 great greats and four greats and 2 grands. I also had 3 living grandfathers, 2 greats and one grand; and, I have my Mom and my Dad and I also have my brother. As an adult I learned that the history of being born into that kind of longevity is inescapable. I love and I know all of them. They are the ones whose triumphs, history and struggles I carry with me daily. They are the ones I still hear in my ear, still loving and encouraging me every day as I care for my

children, sit in committee, hour...upon hour...upon hour, walk the halls here in Annapolis and sit in this great chamber. I don't have to tell you what a hero Dr. King was to them!

History is important. At a young age, I began attending my mother's sorority Alpha Kappa Alpha's African American History Reading Program, of which, I became a member of that sorority in 1995. By the time I was in eighth grade heading to high school, I had already read Lerone Bennett's "Before the Mayflower, History of Black America", Carter G Woodson, Langston Hughes, re-enacted the Montgomery Boycott, read extensively on black scientists, inventors, adventurers; and, of course, Dr. King.

Knowing your history is a powerful thing; and, it is that knowing and understanding, that enables you to chart a course giving back and serving your community. There are a couple of people in my family whose stories I would like to share just a snippet of with you this evening.

Dr. King said "Take the first step in faith. You don't have to see the whole staircase, just take the first step."

Richaleen Ray Atterbeary, born in Denmark, South Carolina, March 12th, 1903, passed away at 105 years of age on November 9, 2008, was a woman of faith. She was my great-grandmother and she was my "Nana." The story is that Nana was a sickly child, having been born three months prematurely, which is hard for me to believe because I remember her as a beautiful, voluptuous woman with long flowing silver hair that was always, perfectly pinned, coiffed and curled. Her highest educational achievement was attained in the third grade. She married Whaley John Atterbeary in 1919, gave birth to my grandfather Knowlton R. Atterbeary Sr. in 1921, and moved to Philadelphia. Every action my Nana took was based in faith. Prior to the civil rights era, Nana was a pioneer in desegregating the C.W. Henry School in Philadelphia. She persisted until the school registered her son, and they accepted its first black student. Her son, my grandfather, later became the first recognized African American orthodontist in Pennsylvania.

Faith. In her 70's, she and her husband adopted an infant son to raise, based on faith. She was a caretaker of preschoolers and seniors, as she called them, despite being significantly older than them, and she lived her life to the fullest. Faith. To me she was my Nana and my memories of her climbing into a treehouse to sneak my brother and I M&M's while she was in her 70's and sneaking graham crackers into my car, despite my no eating policy in my car, to her casting her vote for the first black president of the United States on November 4, 2008... Those memories stay with me every day; and, the sheer meaning of those memories are with me every single day!

"Not everybody can be famous but everybody can be great because greatness is determined by service." -Dr. King.

Monsignor James Patrick Robinson, born May 17, 1931, passed January 9, 2015, was ordained a priest and a member of the religious order the Society of St Edmund in 1957. He was a great man of faith, family, a political activist, a world traveler, caregiver to the sick and poor, and an unsung hero of Selma, Alabama. He was my great uncle, my "Uncle Sonny." Uncle Sonny marched with Martin Luther King, Jr. across the Edmund Pettus Bridge in Selma. As an

African American priest, who stood 6 ft. 4 inches tall with a big afro and a huge, booming voice, he was in a very unique position and instrumental in bringing feuding interests together. He can be seen next to Coretta Scott King, in the famous photo of the 1975 march reenactment and he's the one with the large afro. Behind the scenes he forged a partnership with Mayor Joe Smitherman who was quoted as saying, "Monsignor Robinson did more to bring racists together at a critical time after the 1965 Voting Rights demonstration than any other black leader I know." Smitherman cited Monsignor Robinson on race relations during a campaign to change how some voters elected councilmembers by convincing eleven white councilmembers to approve electing councilmembers by district instead of at large and subsequently electing 5 black members. That deal, known as the "Selma Accord", resulted in Selma getting a new city hall, library, convention center, new housing, paved sidewalks, and playgrounds. My Uncle Sonny said, "We'd relax, have a drink," because he loved his Bombay Sapphire, and "we'd look for ways to make Selma a better place to live. Both of us know how important it is to bring people together and not to divide them."

"Not everybody can be famous but everybody can be great because greatness is determined by service." –Dr. King.

"If you can't fly, then run. If you can't run then walk. If you can't walk, then crawl, but whatever you do, you have to keep moving forward." –Dr. King.

Imagine having someone in your life every day that says to you, "there's always work to be done." For me, that individual was my father, Knowlton Atterbeary. Imagine being highly educated, widely successful in your profession at a company where you've risen as partner and owner, yet when you strike out on your own, bank after bank after bank turn you down seven times. But you keep moving forward, you persist. My dad, history maker, always moving forward.

These are some of the direct images I have of Dr. Martin Luther King Jr. Individuals in my life who embodied his spirit and his works.

In closing, Dr. King said, "Life's both persistent and urgent question is: 'what are you doing for others?'" All of us assembled here have answered that question. Regardless of our race, our gender, our political persuasion, our age, our religion, where we call home, what binds us is our call to service. We all have committed to serving this great state and its citizens. We have committed ourselves to doing the hard work of steering policy for this state. We have committed ourselves to fighting for what we believe is right. And sometimes, to paraphrase Dr. Martin Luther King, "accepting finite disappointment, but never, *never*, losing hope." We sit as stewards of trust, inspiration, and hope for families who don't have enough food to eat, seniors who can't afford their prescriptions, and children looking for an opportunity for education. We sit while others look to us to help close the fractured relationship between police and communities of color. Given the national rhetoric and today's national climate, and the divisiveness that currently permeates in all directions, it is incumbent upon us not to fall victim to the latter.

“People fail to get along because they fear each other. They fear each other because they don’t know each other. They don’t know each other because they have not communicated with each other.” Dr. King.

I believe, among the great beauties of life, are the differences possessed by humanity. People who look different than me, people who feel different than me, have different experiences, and different thoughts. Get to know your colleagues, within and outside of your comfort zone. You may be surprised where you find the meeting of minds, similar interests, an ally, or a friend. After reflecting upon Dr. Martin Luther King Jr.’s legacy today, let us all walk away renewed, reenergized, and recommitted to the ideals of human equality King worked to achieve.

There is still a lot to be done. Thank you

CHAIR

ERIC M. BROMWELL
VICE CHAIR

THE MARYLAND HOUSE OF DELEGATES HEALTH AND GOVERNMENT OPERATIONS COMMITTEE

January 30, 2017

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate

The Honorable Michael E. Busch
Speaker of the House of Delegates

Members of the General Assembly

Ladies and Gentlemen:

The House Health and Government Operations Committee is the committee of jurisdiction for the evaluations conducted in accordance with the Maryland Program Evaluation Act on the State Board of Physicians and the State Board of Morticians and Funeral Directors. The committee has considered the recommendations made by the Department of Legislative Services (DLS) and hereby submits the report required by § 8-407 of the State Government Article.

State Board of Physicians

The Committee agrees with almost all of the recommendations made by DLS relating to the State Board of Physicians and Allied Health Advisory Committees. In addition to extending the board's and the committees' termination dates until July 1, 2023, forthcoming legislation will also include the following provisions: requiring the board to submit an annual report on the results of criminal history records checks (CHRC) and related implementation; clarifying that the listed factors relating to a CHRC are to be considered by the board when determining whether to take disciplinary action against a licensee who renewed or reinstated a license, based on the results of a CHRC; requiring sexual misconduct reports to include specified information; including in the

next sunset evaluation an examination of the desirability of shifting proceedings involving the unauthorized practice of medicine, denials of initial licenses, certain denials of renewals or reinstatements, and cease and desist orders from the full board to the disciplinary panels; clarifying that a disciplinary panel must refer a complaint for peer review if the panel decides that a standard of care violation may have occurred; conforming the handling of complaints against naturopathic doctors with the way complaints are handled for other allied health professionals; clarifying which individuals are truly excepted from licensure; repealing certain hospital and related institution reports; and codifying the memorandum of agreement between the board and the State Board of Pharmacy relating to submission of a prescriber-pharmacist agreement to the State Board of Pharmacy under the Drug Therapy Management Program.

The Committee modified or did not agree with a few of the recommendations made by DLS. The Committee disagreed that a late renewal process should be available to physicians for a 60-day period after the license expiration date rather than requiring licensees to use the reinstatement process. Instead, the Committee will clarify that a licensee whose license has expired needs to apply for reinstatement, but will not be subject to sanctions during a 60-day grace period. The Committee modified the DLS recommendation that Administrative Law Judges (ALJ) at the Office of Administrative Hearings should be trained annually. Instead, the Committee will require training of ALJs at least once every 3 years. The Committee also consolidated several reporting requirements for the board into the board's annual report and will require the board, if the board determines that it is practicable, to submit a proposal to the Committee regarding the shifting of specified cases from the full board to the disciplinary panels of the board.

State Board of Morticians and Funeral Directors

The Committee agrees that continuation of the State Board of Morticians and Funeral Directors is in the best interest of the public health and welfare and plans to adopt most of the DLS recommendations.

Legislation will be introduced to extend the termination date of the board until July 1, 2028. The legislation will require the board to conduct a workload analysis to determine whether fees collected from each group regulated by the board adequately reflect the costs association with regulating the group. Based on the results of the workload analysis, the board will also be required to conduct an internal fiscal analysis, including a reassessment of the board's fee schedule, and report the results of the analysis to DLS by January 1, 2018. The legislation will also require the board to submit a report to specified committees of the General Assembly by January 1, 2018 on what, if any, other states conduct out-of-state inspections of funeral establishments. Additionally, the legislation will require the board to submit a report to specified committees of the General Assembly by January 1, 2019 on board action taken in response to the workload analysis and the internal fiscal analysis and board efforts to: (1) ensure sufficient staff resources; (2) work with the Department of Health and Mental Hygiene to facilitate board recordkeeping and improve the board's website; (3) work to improve the negative

perceptions of the board by some licensees; and (4) further enhance communications with the industry.

On behalf of the Committee, I would like to thank DLS and the boards for their hard work on these evaluations.

Respectfully submitted,

A handwritten signature in cursive script, reading "Shane Pendergrass". The signature is written in black ink and is positioned above the printed name and title.

Health and Government Operations Committee

2017 State of the State Address Governor Lawrence J. Hogan, Jr.

February 1, 2017

Mr. Speaker, Mr. President, members of the General Assembly, distinguished guests, and my fellow Marylanders:

It is an honor to appear before this 437th Session of the General Assembly to give a report on the state of our great state.

It was on a snowy day just two years ago when I stood before you on this very spot in this beautiful and historic chamber to take the oath of office as Maryland's new governor. I was truly humbled and deeply grateful for the opportunity to serve my fellow Marylanders. I was full of hope – hope for our state, hope for our people, and hope for our future.

But, I was also fully aware that our state was facing some difficult challenges. It was an opportunity for a new beginning and a new direction.

We pledged to put Maryland on a new path, with a revitalized spirit of bipartisan cooperation where we would seek common sense solutions to our problems, regardless of which side of the aisle those ideas came from.

The work began immediately, on day one, to set a new course of economic growth, security, and prosperity for Maryland.

And for two years now, we have been doing exactly what we said we would do.

Working together, we have made tremendous progress, and I am proud to report that the state of our state is strong – stronger today than it was a year ago, and stronger than it has been in many, many years.

For two years now, working together with this General Assembly, we have chosen action over apathy.

We have sought out common sense and common ground, rather than disparity and divisiveness. Working together, we have not been defined by party or ideology, but by our common purpose and our united obligation to solve problems, to make progress, and to bring real and lasting change to Maryland.

After two years of progress, Marylanders are heartened that the unifying promise of bipartisan change is being forged in reality.

We have already accomplished a great deal. But together, we can -- and we must -- do more.

Beginning with our unwavering commitment to education:

This is our third budget in a row with record funding for education. We invested another \$6.4 billion to fully fund the legislative formulas. Every single penny that every single jurisdiction anticipated from the state for education is fully funded at one hundred percent. In addition, we are adding another \$334 million dollars for school construction.

And we're investing record amounts for higher education with a budget that includes \$1.35 billion for the university system; more than \$256 million for Maryland's community colleges; and to continue our commitment to make college more affordable, we are providing an additional \$17.5 million specifically for tuition relief, so that 14 Maryland universities and colleges can now cap tuition growth at two percent, rather than the five percent they were proposing.

Together, we are investing in our schools and in our children. Fully two-thirds of our entire capital budget goes toward education.

We have already accomplished a great deal. But together, we can - and we must -- do more.

Every single child in Maryland deserves access to a great education, regardless of what neighborhood they happen to grow up in. Sadly, we still have students who are trapped in persistently failing schools.

Last year, Democratic leaders in this assembly proposed legislation that provided \$5 million, giving a limited number of deserving kids the chance to earn a scholarship to attend a private school.

Our budget adds \$2 million more to this initiative so that we can give even more children that opportunity.

Let's also expand choices for Maryland families by passing the Public Charter School Act of 2017.

Last year, we brought the P-TECH schools initiative to Maryland, which is giving children a choice, along with real hope and real opportunities.

So this year, we plan to double the number of P-TECH schools in Maryland.

And we are asking for your help to tackle the growing problem of college debt by passing the Student Debt Relief Act, which will allow Marylanders to deduct one hundred percent of the interest paid on their student loans from their state income tax return.

From day one, our administration has been focused on making Maryland more competitive, growing our private sector, putting more Marylanders to work, and restoring our state economy.

I'm proud to report to you that Maryland has now moved into the top ten states in the nation for overall economic performance.

We have added 73,000 new jobs, and our unemployment rate has dropped to 4.2 percent.

We created more new manufacturing jobs than all the other states in the mid-Atlantic region added together!

We now rank number eight in the nation in the rate of manufacturing growth.

Maryland is ranked as the fifth most innovative state in America.

We rank third in the country in entrepreneurial business growth.

Our state has the second lowest percentage of people living below the poverty rate in the nation, and Maryland has the highest median household income in the United States of America.

We are experiencing tremendous job growth, business growth, and an exciting economic resurgence in Maryland.

Businesses are returning to – and expanding in – our state once again. Maryland truly is Open for Business.

We have already accomplished a great deal. But together, we can – and we must – do more.

The reality is, not all Marylanders and not every jurisdiction in our state are seeing the same level of economic success.

We still have Marylanders who are struggling in parts of our state like Baltimore City, Western Maryland, and the Lower Eastern Shore, where, unfortunately, unemployment is still higher than it is in the rest of the state.

Which is why we must come together to enact the Maryland Jobs Initiative, an innovative, bipartisan proposal, which will provide incentives for the creation of thousands of jobs in the places that need them the most.

And let's work together to provide relief for Maryland's retirees. We are losing many of our best and brightest citizens to other states simply because they can't afford to stay in Maryland.

Once our national economy is fully recovered and we dig out of the state's debt situation, I want to reach the point where we are able to eliminate all taxes on retirement income, just as other states have done.

But, let's get started moving toward that goal right now by passing the Hometown Heroes Act to eliminate income taxes on the pensions of those who have put their lives on the line for us: our retired military, police, fire, and first responders.

And let's work together to protect the integrity of our state pension system, which has an estimated \$20 billion unfunded liability by passing the State Retirement Choice Act for the 21st Century Workforce, which contains common sense reforms to pay down our unfunded pension liability and to create a sustainable retirement system for the future.

Three years ago, when not many people were paying any attention, we began to shine a spotlight on the rapidly growing heroin and opioid crisis.

Just under the surface of every community across our state and across the nation, heroin and opioid abuse has been taking lives and tearing apart families and communities.

One of my first acts as governor was to create the Heroin and Opioid Emergency Task Force, and I want to thank Lt. Governor Rutherford for his continued leadership on this issue.

For two years now, together, we have all been committed to facing this crisis head-on. Together, we made the investments to implement the recommendations of the Emergency Task Force.

We have gone after it from every angle including education, treatment, interdiction, and law enforcement.

We have made strides, but this crisis continues to grow out of control all across our country.

We can – and we must – do more to save the lives of Marylanders.

We need your help to enact the multi-pronged Heroin Prevention, Treatment, and Enforcement Initiative and to pass the Prescriber Limits Act of 2017 and the Distribution of Opioids Resulting in Death Act.

We must commit to doing whatever it takes to address this crisis, and no state can do it alone.

Nearly all of my fellow governors of both parties have joined with me in asking that the federal government finally get engaged in this national crisis.

This rapidly evolving threat is going to take federal, state, and community partners working together to find real solutions and to help save lives.

Last year, we worked across the aisle to enact the Justice Reinvestment Act, which is the most important criminal justice reform in a generation.

We worked to pass Noah's Law, named after Montgomery County police officer – and a true Maryland hero – Noah Leotta.

We have already accomplished a great deal. But together, we can – and we must – do more.

This year, we plan to work with you to enact our Justice for Victims Initiative to improve services for the victims of crimes and to reduce the number of future victims of crime.

Together, we need to enact the Repeat Sexual Predator Prevention Act of 2017, the Protecting Victims of Sex Trafficking Act, and the Repeat Drunk Driving Offenders Act.

All of this legislation will help make Maryland safer and will protect the lives of our most vulnerable citizens.

For the last few years, there has been a great deal of discussion and debate in these chambers around the issue of sick leave in Maryland. Employees without this benefit are sometimes faced with hard choices about their health and welfare, like whether to risk showing up to work sick or not receiving a paycheck.

Let's strike a compromise, considering the needs of Maryland employees while not hurting our small business job creators.

Let's work together to pass the Common Sense Paid Sick Leave Act of 2017, which requires larger companies to provide paid sick leave and encourages small businesses

to offer paid sick leave by giving them tax incentives to offset the costs of providing those additional benefits.

In this way, we can provide even more employees the benefit without hurting the small business owners and without causing the loss of jobs.

Together, we have been leading with bold initiatives to safeguard our environment.

In just our first few weeks in office, we successfully negotiated a compromise phosphorus management solution, which was a huge step toward protecting the Chesapeake Bay.

We invested the most ever in the Chesapeake and Atlantic Coastal Bays Trust Fund, and again this year, we are fully funding bay restoration efforts.

We restored \$60 million previously drained from Program Open Space.

We pushed for landmark legislation that cemented our state's position as a national leader in combating greenhouse gas emissions.

We enacted legislation expanding the Climate Change Commission.

And, after years of the problem being ignored, we are finally seeking innovative and cost-effective solutions to reduce the sediment, nitrogen, and phosphorus pollution which flows down the Susquehanna River over the Conowingo Dam and which is a serious threat to the Chesapeake Bay.

Just a few months ago on its latest annual report card, the Chesapeake Bay received its highest score for water quality in nearly a quarter century. The amount of nitrogen, phosphorus, and sediment in the bay has dropped dramatically compared to recent years.

We have been aggressive, proactive, and innovative in our efforts to safeguard Maryland's environment.

We have made a great deal of progress. But together, we can – and we must – do more.

This year, let's make targeted, common sense investments to support our green jobs initiatives and to attract private investment for clean energy projects in our state.

We need your help to pass our Clean Cars Act of 2017, which will increase our investment in both electric vehicles and in the charging station tax credit programs. And help us pass the Clean Water Commerce Act to enable the purchase of nutrient

reduction credits, a cost-effective, market-based solution that will allow the state to help meet the Chesapeake Bay Watershed Improvement Plan goals.

Two years ago, Maryland had crumbling roads and bridges and some of the worst traffic congestion in the nation.

Now, thanks to our unprecedented investments, we are finally moving forward on the top priority transportation projects in every single jurisdiction all across the state. We are fixing all 69 structurally deficient bridges that we inherited.

We currently have 1,073 transportation projects under construction all across the state. It is historic and unprecedented.

This much-needed progress is strongly supported by an overwhelming majority of Marylanders.

But, we risk eliminating much of that progress and 66 of the 73 highest priority projects in nearly every jurisdiction.

So, I ask again today, on behalf of the people of Maryland: please do not stand in the way of these critical transportation projects.

Let's repeal this misguided, poorly drafted, and fatally flawed Road Kill Bill.

It is an honor and a privilege to serve in this historic State House, where many great men and women have served and where many great things have been accomplished.

But sadly, that rich history and proud legacy may be tarnished by those who have failed to uphold the solemn oaths of office that they took to maintain the public trust.

The immense responsibility we have as public officials is to always conduct ourselves in a manner that is deserving of the trust that the citizens of Maryland have put in us.

We cannot allow the unethical behavior of the few to tarnish the good will of the many.

Together, we have a shared obligation to restore the public trust by enacting the Public Integrity Act of 2017, which will place additional restrictions on both the executive and legislative branches of state government.

Help us finally bring the transparency that Marylanders want and deserve by passing the Legislative Transparency Act, which provides for all sessions of the General Assembly to be livestreamed to the public.

And let's remove the last vestiges of an archaic political patronage system, which enabled criminal acts to take place.

Let's finally clean up this mess by enacting the Liquor Board Reform Act.

And isn't it time that we finally pass the Redistricting Reform Act so we can remove the politics and the politicians from drawing their own district lines?

Free and fair elections are perhaps the most basic promise that those in power must provide to citizens.

The people of Maryland desperately want - and certainly deserve - balance, fairness, and bipartisanship in our state. An overwhelming majority of all Marylanders all parties and from all walks of life strongly support this legislation.

But last year, this critically important reform legislation was hidden in a drawer.

This year, the people deserve to have it come to the floor of both the House and the Senate for an up or down vote.

Too often, we see wedge politics and petty rhetoric used to belittle our adversaries and inflame partisan divisions.

In my inaugural address two years ago, I said:

"To those who would divide us or drive us to the extremes of either political party, I remind you that Maryland has always been called 'a state of middle temperament.'"

I said that *"the politics that have divided our nation need not divide our state."*

I asked all Marylanders *"to seek that middle ground where we could all stand together."*

President Truman once said:

"Progress occurs when courageous, skillful leaders seize the opportunity to change things for the better."

No problem faces us that hard work, honesty, and courage cannot solve if we work together.

Ladies and gentlemen, I want to leave you with just one personal thought:

My battle with cancer taught me some important lessons. I've learned that our time on this earth is much too short, so we had better make the most of it.

I believe that every single day, each and every one of us is given the opportunity to do something great.

Over the past two years, together, we have done many great things.

And now, we have the incredible opportunity to accomplish even more.

Thank you. God bless you. And may God bless the great State of Maryland.

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate

Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 921 – *Clean Energy Jobs – Renewable Energy Portfolio Standard Revisions*.

This legislation is a tax increase that will be levied upon every single electricity ratepayer in Maryland and, for that reason alone, I cannot allow it to become law. Specifically, Senate Bill 921 will impose a tax increase of between \$49 million to \$196 million by 2020 in order to fund the proposed increase in the State's Renewable Energy Portfolio Standard (RPS) compliance.

The goal of Senate Bill 921 to increase the State's Renewable Energy Portfolio Standard (RPS) to 25% by 2020 is laudable, but increasing taxes to achieve this goal is the wrong approach. In 2014, Maryland ratepayers already were assessed over \$104 million dollars for renewable energy credits (RECs) in 2014 (the last year for which data is available). As explained above, Senate Bill 921 would impose an additional burden on ratepayers.

Under the existing law, Maryland retains its status as a national leader in achieving RPS goals. Maryland's electric suppliers must meet the RPS by accumulating the equivalent amount of renewable energy credits (RECs) that equal the percentage of their respective total supply in the State. In 2016, suppliers must demonstrate they have accumulated RECs at a percentage of 15.9 of their total electric supply into Maryland. This includes 12.7% for Tier 1 renewables, 0.7% for Tier 1 solar, and 2.5% for Tier 2 hydroelectric. The current goal is for Maryland to reach 20% by 2020 with the inclusion of standards for solar (at least 2%) and offshore wind (no more than 2.5%) by 2022.

Electricity suppliers and consumers share an obligation to develop a minimum level of renewable resources in the electricity supply portfolio of the State. The State first adopted an RPS in 2004 and has subsequently revised it. Maryland's existing RPS has benefitted Maryland's clean energy industry. While I appreciate the economic benefit of Maryland's growing solar industry, there is also a corresponding cost which is borne by all citizens under Senate Bill 921. I believe the State should not add to this burden.

For these reasons, I have vetoed Senate Bill 921.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Lincoln Day Address
Delegate Meagan Simonaire
Anne Arundel County

Mr. Speaker, friends and colleagues, honored guests.

Tonight we honor and remember one of the greatest leaders of our nation, Abraham Lincoln. Much has been said about our 16th president and his legacy has inspired many throughout the past 152 years.

While preparing my thoughts for this evening, I came across numerous insights on who Lincoln was and what he has meant, and tonight I'd like to share a few of those with you.

In 1922, sociologist, writer, and civil rights activist W. E. B. DuBois stated, "Abraham Lincoln was perhaps the greatest figure of the nineteenth century. Certainly...[he] is to me the most human and lovable. And I love him not because he was perfect but because he was not and yet triumphed."¹

President Franklin D. Roosevelt said in 1940 "I do not know which party Lincoln would belong to if he were alive...His sympathies and his motives of championship of humanity itself have made him for all centuries to come the legitimate property of all parties—of every man and woman and child in every part of our land."²

In 2005, then-Senator Barack Obama observed that "when the time came to confront the greatest moral challenge this nation has ever faced, this all too human man did not pass the challenge on to future generations...In the midst of slavery's dark storm and the complexities of governing a house divided, he somehow kept his moral compass pointed firm and true."³

Honesty. Integrity. Humility. These are the hallmarks of the imperfect, but principled leader who had such a profound impact on the course of our nation's history.

Lincoln's dedication to liberty and equality particularly resonates with me, as one of the issues near to my heart is the modern day slavery known as human trafficking. I first became aware of human trafficking when I was around sixteen; two women from the organization Project Rescue gave a

presentation on the growing prevalence of human trafficking, one of the largest illegal trades in the world today. I couldn't believe that something so horrific was happening, not only in far away countries, but here, in my city and my neighborhoods.

Their presentation spurred my involvement in several outreaches and conferences over the following years, oriented towards combating human trafficking. It also played a large part in my decision to run for office, in hopes that I would be able in some way to make an impact, and help give a voice to those who have had their most basic human rights brutally violated.

Another thing that stood out to me as I read more about Lincoln's life was his ability to balance his pragmatism with his principles.

Lincoln was deeply opposed to slavery from a moral standpoint, and he held to that conviction. However, he also recognized and acknowledged the complexities involved and sought to address them. He was said to have possessed an "uncanny ability to empathize with and think about other people's point of view,"⁴ and recognized the value and importance of understanding the other side, while not compromising his beliefs.

I found Lincoln's example a timely reminder and challenge to engage and build meaningful relationships with those whose views may differ from mine.

While much of the information I found written about President Lincoln spoke of his character and contributions to the country, I also came across a few things about him that I like to call little treasures. They helped me remember that in the midst of his greatness and accomplishments, he was still human and shared similarities with all of us. One of those little treasures was the following:

"his little dog Jip...was never absent from the Presidential lunch. He was always in Mr. Lincoln's lap to claim his portion first, and was caressed and petted by him through the whole meal."⁵

As I was reading that quote, I happened to be on a plane to Puerto Rico and quickly typed it on my laptop and smiled. The man sitting next to me asked if I was a student or a professor, as I *had* to be one or the other

typing so fast. I explained to him that I was adding some fun details to my Lincoln Day speech that I had prepared for the Maryland General Assembly.

Although he and his wife lived in Ohio and are from Puerto Rico, he was actually very familiar with Maryland. He is a priest and his students were at St. Mary's. He then shared how he loved President Lincoln and had just finished reading a book about him. He told me so many fascinating details about the President's life, and when I asked what his favorite thing about him was, his response left me smiling from ear to ear.

He told me that his favorite thing about Lincoln was that he was President for all humankind and was even known for respecting those who didn't agree with him. I had to smile, because that was so close to my favorite quote that I had already typed and was actually said by a Reverend. The Reverend stated: "let us resolve to carry forward the policy which he so nobly began. Let us do right to all men."⁶

While there are many things in the past that are so inspiring to reflect on, it was beautiful to see how even sitting on a plane on the way to Puerto Rico, I could have such a wonderful conversation with a priest and his wife because of President Lincoln. His legacy still brings people together and inspires them in everyday life.

In closing, I am truly honored to be a part of this legislature, as we work together to carry on the legacy of Lincoln and, in his words, maintain "that form and substance of government, whose leading object is to elevate the condition of men---to lift artificial weights from all shoulders---to clear the paths of laudable pursuit for all---and to afford all an unfettered start and a fair chance in the race of life."⁷

Thank you.

Washington Day Address
Delegate Eric G. Luedtke
Montgomery County

We are all deeply familiar with the life of George Washington. We learn his stories growing up, or as we come to these shores and become naturalized citizens. We turn to them regularly for anecdotes. And we nearly always neglect the most important and meaningful part of his story.

We tell of his childhood and young adulthood, his service in the French and Indian War as if they were extraordinary. They weren't. Many others of his time, place, and social class would have lived through similar experiences, and it is only the glaring spotlight of history that makes him stand out. We repeat the tales of the Revolution, and his victories in war, forgetting that there are a great many successful military leaders in our past. And we talk of him being the first President, forgetting that being first to achieve something matters not at all if you fail to do anything worthwhile with it.

We also far too often forget, about Washington and the entire generation of the founders, just what kind of risk they took to establish this country. We forget their self-sacrifice. Their willingness to take on long odds. And all because of a deeply held belief in an independent America, and the democratic values that underlie it.

Because they were successful, we imagine their decision to seek independence from Great Britain to have been an easy one. It was not. Every person who signed their name to the Declaration of Independence knew that it could easily become their death warrant. When Washington himself left Mount Vernon to take on the helm of the Continental Army, he knew he might never return. And there were plenty of people in that generation who lost their lives or their livelihood in the struggle. Common soldiers and sailors. Innocents caught up in war. And prominent patriots whose homes and farms were burned.

We nearly always look to the past and assume that because the events we study happened, they happened easily. As if we ourselves could do the same as those in the past without much effort. Make the same choices. Achieve the same victories. It is the myopic arrogance of the present that makes the accomplishments of the past seem small.

But we neglect to recall how morally, spiritually, emotionally, and personally difficult those choices were. We forget that fully a third of Americans remained loyalists, and refused to join the Revolution. We forget that the establishment of a democratic system of government was never a given. We forget that it took the dedicated will, and work, of tens of thousands of Americans to make our country happen in the first place. We assume that America was inevitable. It wasn't.

And we make a related assumption as well. We assume that America's continuance, that our democracy's survival, is inevitable too. That our American system is eternal, and unshakeable. That nothing can tear it down. And again, we are wrong.

America is exceptional. But not immortal. There are a great many times in our history where it could have gone differently. Where the outcome of a political debate or a war could have ended America as we know it. The confusion and turbulence that preceded the Constitution might have rendered America stillborn. The War of 1812. The nullification crisis. The Civil War. The undemocratic dominance by elites in the robber baron era. The depression and the Second World War.

Generation after generation of Americans are called upon to defend the edifice that Washington and his compatriots built. And they have done so successfully, so far. But there is no promise inherent in America that a future generation will not fail. What Washington knew, through bitter experience, is that America takes sacrifice. It takes dedication. And it takes a willingness to stand up to tyranny, whatever the cost.

In our modern era, an era of hyper partisanship, where every action is seen through a lens of cynicism, it is far too easy to forget these lessons. It is far too easy to assume that the enemy of Democrats is Republicans, and the enemy of Republicans is Democrats, when in fact, the common enemy of us all is tyranny, demagoguery, the insidious influence of those who do not believe in our democratic ideals.

There have been in the past, and there will be again, those who do not believe in the first amendment. Who would deprive the press of the freedom they need to shine the light of truth on our political system. Who would undermine our freedom of speech and quiet those who disagree with them. Who would reject the freedom of religion that has been so vanishingly rare in the history of the world and subject those of minority religions to persecution. We must resist them.

There have been in the past, and there will be again, those who believe access to that most basic element of democracy, the right to vote, should be limited. Who argue that only the 'right' people should be able to choose the leaders of our country. Who would throw up barriers to voting by the poor, or minorities, or women. We must resist them.

There have been in the past, and there will be again, those who use fear and the threat of insecurity to tilt the scales of justice against those with whom they disagree. Who think that our fourth, fifth, and sixth amendment rights are obstacles to be overcome rather than the common inheritance of a free people. We must resist them.

And there have always been, and always will be, those who cleverly seek to use the institutions of our democracy to undermine it. Who would, as have the great demagogues of the past, manipulate the people during free elections, and then once achieving office, turn the government to their own ends. Abandoning their promises. Twisting the words of their opponents to serve their own aims. And again, we must resist them.

It is a great thing that we gather three times a year in this chamber to remember George Washington, Abraham Lincoln, and Martin Luther King, Jr. They, each of them, deserve to be remembered. But if we look at their lives as only historical anecdotes, as stories, as tales to tell our children, we betray their memories. We fail them. We fail each other. We fail America.

Because our country is never finished. It is never complete. It is a monument built on the backs of great men and women. It was constructed by those who came before us. But it requires constant shoring up. A renewal of the foundation. A patching of the walls. And it requires us to stand, in our turn, against the forces that would tear it down.

Not all of us will. In every crisis in American history, in the face of every threat to our democracy, there were those who refused their duty. Who stood idly by. Who chose immediate political benefit and loyalty to their party over the needs of their country. Who out of fear, or incompetence, or a willful blindness to the threats our country faced, turned away. But we cannot turn away. When the time comes for each of us to sacrifice in defense of the values our country holds dear, we must each ask ourselves a question. Will we be George Washington? Or will we be Benedict Arnold?

We each face that choice, in each generation of Americans that faces such a threat. May God and our belief in democracy and liberty help us to make the right decision.

Thank you.

Report of the Joint Committee on Legislative Ethics In Re: Delegate Dan K. Morhaim

February 28, 2017

The Joint Committee on Legislative Ethics (joint committee), pursuant to the October 19, 2016, complaint issued by the joint committee, and in accordance with § 5-516(a)(2) of the General Provisions Article, after conducting a review and proceedings regarding the alleged ethical improprieties on the part of Delegate Dan K. Morhaim, submits its report with recommendations to the Speaker of the House of Delegates, adopted by a unanimous vote of the joint committee on this date.

Summary of Recommendations

Based on careful and thorough consideration of the evidence and the issues before it, and for the reasons set forth in detail in this report, the joint committee unanimously recommends to the Speaker of the House of Delegates that:

1. The Speaker of the House of Delegates submit to the House of Delegates, and the full House of Delegates adopt, a resolution of reprimand expressing the House of Delegates's disapproval of Delegate Morhaim's actions, based on his activities as set forth in this Report of the Joint Committee on Legislative Ethics.
2. The Speaker of the House of Delegates requests that Delegate Morhaim consider making a public apology to the members of the House of Delegates to acknowledge and express regret for his conduct and the disrepute and dishonor he has brought to the Maryland General Assembly.

Procedural Background

The joint committee, pursuant to the October 19, 2016, complaint issued by a motion of a majority of the membership of the joint committee in accordance with § 5-516(a)(2) of the General Provisions Article, regarding alleged ethical improprieties on the part of Delegate Dan K. Morhaim, (Delegate Morhaim) submits this report with recommendation to the Speaker of the House of Delegates, adopted by a unanimous vote of the joint committee on this date.

In accordance with the provisions of § 2-706(1) of the State Government Article and Title 5, Subtitle 5 of the General Provisions Article, the joint committee commenced its review and proceedings in accordance with its mandate to “perform all duties assigned to it by law or by legislative rules” including review of complaints received or made.

The joint committee met in closed session on October 19, 2016, to review the preliminary facts and information compiled by co-counsel to the joint committee. The facts and information considered included documents and video of the activity that gave rise to the allegation of violations of the Maryland Public Ethics Law. The joint committee voted to issue a complaint against Delegate Morhaim and to conduct an investigation of the allegations. Co-counsel and staff proceeded to gather information relating to the allegations. On December 1, 2016, the Department of Legislative Services (DLS) retained independent counsel to assist the joint committee in its review of this matter. Over a period of several months, the independent counsel, counsel to the joint committee, and DLS staff assembled and reviewed information from the various sources, including witness testimony from current staff; former staff; members of the Maryland Medical Cannabis Commission (MMCC); representatives of Doctors Orders, a medical cannabis company with whom Delegate Morhaim had entered into a consulting agreement; telephone and meeting notes of the Ethics Counsel (following waiver of attorney/client privilege); a video of a public meeting of the MMCC; various disclosure forms; license applications submitted to MMCC by Doctors Orders; and email communications between Delegate Morhaim and various individuals.

On February 1, 2017, the joint committee met in closed session to review the alleged facts of the specific activity and the specific statutory provision of the Maryland Public Ethics Law that may have been violated as a result of the activity. To provide Delegate Morhaim with an opportunity to respond to the allegation made against him, the joint committee voted to send a letter with the enumerated allegation to Delegate Morhaim along with a request for relevant documentation or other evidence relating to the allegation. This letter was emailed and hand-delivered to Delegate Morhaim on February 3, 2017.

In its letter with the enumerated allegation, the joint committee requested that Delegate Morhaim provide a written response to the allegation and any relevant written documentation by February 10, 2017. Counsel for Delegate Morhaim submitted a timely response to the joint committee, including production of relevant documents.

On February 21, 2017, the joint committee met in closed session to interview Delegate Morhaim under oath. Delegate Morhaim was represented by counsel at the hearing. He

was interviewed by counsel to the joint committee and by members of the joint committee. The joint committee also heard testimony from Ethics Counsel, Deadra Daly. The hearing was recorded and transcribed. After the hearing, the joint committee remained in closed session to review evidence relating to the allegation and make a determination on certain issues.

On February 28, 2017, the joint committee met again in closed session to vote on the adoption of a written report.

Findings of the Joint Committee on Legislative Ethics

The joint committee, after gathering and thoroughly reviewing all available evidence relating to the activities of Delegate Morhaim in connection with Maryland Public Ethics Law, issues the following findings:

Factual Background

Delegate Dan Morhaim has been a member of the General Assembly for 23 years. For many of those years, he has been a leading and vocal advocate for the legalization of medical cannabis. Beginning in the 2002 session, he introduced and supported a number of bills to accomplish this goal, culminating in the adoption of Chapter 403 of the 2013 session, which established the Natalie LaPrade Medical Marijuana Commission, and which was subsequently renamed the Natalie LaPrade Maryland Medical Cannabis Commission (MMCC) by Chapter 251 of the 2015 session.

Since its establishment, Delegate Morhaim has been extensively involved in the workings of the MMCC and its mission; frequently commenting in writing to MMCC members and staff on matters of policy and regulation and testifying before the MMCC during their public meetings. In making these comments, and in his testimony, he always has been identified in his legislative capacity as a delegate of the General Assembly.

Natalie M. LaPrade Maryland Medical Cannabis Commission

The MMCC operates as an independent commission within the Department of Health and Mental Hygiene. The MMCC is responsible for developing regulations and procedures for the award of medical cannabis grower, processor, and dispensary licenses, as well as the regulation of the medical cannabis industry in the State. Regarding license applications, regulations adopted by the MMCC established a double-blind identification process for the review, evaluation, and ranking of medical cannabis-related license applications. Applicants were required to submit one un-redacted paper copy and one flash drive with a copy of the application for each license application during the application period from September 28, 2015, to November 6, 2015.

On November 6, 2015, the application deadline, the MMCC received 1,080 applications – more than three times the number it expected. The redacted applications on the flash drives were forwarded to the Regional Economic Studies Institute of Towson University (RESI), the third-

party vendor hired by the MMCC to review, evaluate, and rank the applications. Subject matter portions of the application were sent to various experts to perform the evaluations.

On August 5, 2016, the MMCC voted to preliminarily approve the RESI-ranked grower and processor applications. On August 8, the applicant cross reference key was un-blinded for the assistant Attorney General for the MMCC for only those applicants approved on the August 5 vote, so that MMCC staff could perform background checks. On August 15, 2016, the names of the successful applicants were revealed to the members of the MMCC and to the public. Doctors Orders was one of the successful applicants for both its grower and processor license applications.

Medical Cannabis Entities Express Interest in Delegate Morhaim

Beginning in May of 2015, Delegate Morhaim was contacted by a number of medical cannabis entities and potential licensees to consult with them in preparing their license application, and working for them if they were awarded a license. On or about May 21, 2015, he contacted the Ethics Counsel to inquire whether this type of consulting arrangement would be permitted under the Maryland Public Ethics Laws. Ethics Counsel's advice, which was set forth in her May 29, 2015 letter to Delegate Morhaim, was based on the following information provided by Delegate Morhaim:

- he would be acting in his personal capacity as a physician, and not as a member of the General Assembly;
- his potential activities would include educating doctors and other medical professionals about the clinical use of and research related to medical cannabis;
- he may also review research related to the uses of medical cannabis;
- he did not propose to represent clients before State or local government entities; and
- his name may be listed as a medical consultant in his clients' various applications and company descriptions, but his General Assembly position would not be referenced.

Based on this information, Ethics Counsel advised Delegate Morhaim that the Maryland Public Ethics Law did not prohibit the proposed consulting arrangement. The letter concluded with Ethics Counsel advising Delegate Morhaim, "[a]fter you formalize your arrangement and when future *legislative action* on medical marijuana is pending, please contact me to discuss any other disclaimer or recusal requirements." (Emphasis added). The letter also contained joint committee disclosure forms Form D, "Disclaimer of an Apparent or Presumed Conflict of Interest," pertaining to possible conflicts of interest with the delegate's legislative action, and Form F, "Disclosure of Sources of Earned Income," in the event he was hired by and receiving earned income from a medical cannabis entity. During their conversation, Delegate Morhaim did not inform Ethics Counsel that he already had been in contact with staff and members of the MMCC

providing advice with regard to proposed regulations for growing, processing, and dispensing of medical cannabis.

Consulting Agreement with Doctors Orders

During this time period, Delegate Morhaim was contacted by a lobbyist who is a principal in a lobbying firm that focuses in the health care field and who was working with one potential applicant, Doctors Orders. The lobbyist inquired as to whether Delegate Morhaim would be interested in meeting with representatives from Doctors Orders to discuss a consulting arrangement in which he would serve as their medical director, a position authorized under MMCC regulations for a licensed dispensary. Delegate Morhaim agreed to meet.

The meeting with Doctors Orders occurred on June 3, 2015. The parties discussed Delegate Morhaim's potential role to be the company's national medical director in his personal capacity as a physician on being awarded licenses in Maryland (Doctors Orders intended to submit individual applications, as required by the MMCC, for a grower, processor, and two dispensary licenses). His immediate duty for the company would be to solicit candidates to be part of a company medical advisory board.

After the meeting, Delegate Morhaim sent an email to the Doctors Orders representatives and their lobbyist that included an excerpt from Ethics Counsel's May 29 letter regarding potential employment with a medical cannabis entity noting, "[t]his is standard stuff, and basically it says that I can apply my medical skills but not represent clients before government entities."

On June 8, Delegate Morhaim spoke with a principal of Doctors Orders regarding the terms of a consulting agreement, which was executed on July 9, 2015. The consulting agreement stated that Dan Morhaim, in his personal capacity, would work exclusively for Doctors Orders, and that he would provide advice and other services in connection with not only its efforts at obtaining medical cannabis licenses in Maryland, but in other states where Doctors Orders either already was operating or was looking to do business in the future. The agreement provided that Dan Morhaim would be paid a fixed fee, which the joint committee finds to be substantial, for his work in Maryland and two other states and with a promise of additional substantial annual compensation if Doctors Orders obtained licenses in Maryland, and further compensation for licenses obtained in other states.

Joint Committee Disclosure Forms D and F

Shortly after receiving the executed consulting agreement and the initial payment pursuant to the schedule in the agreement, Delegate Morhaim contacted Ethics Counsel on July 23, 2015, to seek advice as to how to complete Forms D and F. Delegate Morhaim told Ethics Counsel that he had been retained by an applicant without identifying Doctors Orders, but he did not tell her he had been paid by, or that he had begun work for, this applicant. He also did not tell her that he was appearing before the MMCC as a delegate, or that he was communicating with members of the MMCC on matters of policy and suggesting changes to proposed regulations.

Despite having already started working for Doctors Orders, Delegate Morhaim completed Form D by stating that he “*may* do medical consulting and/or treatment” in the areas of “addiction issues” and “medical cannabis.” (Emphasis added). Ethics Counsel told the joint committee that it was her impression that Delegate Morhaim’s work for the company would not begin until or unless the company received a license, and therefore, she advised Delegate Morhaim that this language was sufficient. As indicated previously, at the time she provided this advice she had no knowledge that he was appearing before the MMCC, and if she had been aware, her advice may well have been different.

On Form F, Delegate Morhaim declared that he was receiving income from an LLC he recently had formed, Whitebridge Associates. He advised the joint committee that the LLC was created based on the advice of his personal counsel for the purposes of receiving payment and processing expenses from Doctors Orders. Ethics Counsel advised that he was not required to list the name of his consulting client, Doctors Orders, consistent with standard advice provided on this issue.

Commencement of Work for Doctors Orders

Delegate Morhaim began assisting Doctors Orders almost immediately after signing the consulting agreement. On July 19, 2015, he emailed Doctors Orders to advise them that the MMCC would be meeting on July 21 and he would be attending; a meeting that was also attended by the lobbyist working for Doctors Orders. On July 22, 2015, he emailed Doctors Orders with information regarding potential locations in Baltimore County where the company could set up a grower operation. On August 24, 2015, he traveled to Colorado to view Doctors Orders medical cannabis growing, processing, and dispensing facilities in order to better understand how the company operated and ensure it was operating in a professional and medically sound manner. On September 1, 2015, he emailed Doctors Orders to suggest they consider a sliding fee schedule for medical cannabis based on economic ability to pay. He also emailed Doctors Orders separately on September 1 with his “thoughts on [their] application process for Maryland licenses,” making suggestions for how it could be modified, including comments on the processor application, which he thought was deficient. He ended the email with the comment, “I’d appreciate the opportunity to review the application as drafting continues.” Finally, on November 1 and 4, 2015, Delegate Morhaim emailed Doctors Orders separately with comments on its dispensary application and grower application.

At the same time, Delegate Morhaim continued to interact with the MMCC as a delegate; yet, at no time during these interactions did he tell the MMCC that he had been retained by a potential license applicant. The following are a small number of examples of his interactions with the MMCC during this period of time. On July 21, 2015, Delegate Morhaim appeared before the MMCC at its meeting at the University of Maryland School of Medicine. On August 3, 2015, he emailed the Executive Director of the MMCC requesting copies of the comments to the proposed regulations submitted by MedChi, the Board of Physicians, and the Board of Pharmacy, which were provided to him by MMCC staff. On August 28, 2015, he emailed a member of the MMCC regarding the number and location of anticipated dispensary licenses. On October 21, 2015, he

emailed the MMCC with recommendations for adding two additional members to the MMCC with financial experience.

Ethics Advice on Involvement in the Application Process for Medical Cannabis-related Licenses

On October 26, 2015, Delegate Morhaim emailed Ethics Counsel seeking advice as to whether biographical information referencing his legislative position that was to be included in the Doctors Orders' license applications met ethical standards. Ethics Counsel responded by referring to Ethics Opinion #1, an opinion of the joint committee that advises that a legislator may identify their position in biographical material in a business context. Still unaware that Delegate Morhaim was interacting with the MMCC, and with a focus on his role as a legislator, she concluded by stating, "[b]ecause of your involvement with the group through the consulting organization, you should not be involved with *applications* in your *legislative capacity*." (Emphasis added). Ethics Counsel advised the joint committee that had she known Delegate Morhaim was engaged in communications with members of the MMCC and was testifying at MMCC hearings, she would have advised him to stop because his actions could appear to or potentially violate the Maryland Public Ethics Law, particularly, the use of his prestige of office or public position for private gain.

Meeting with Former Executive Director of the MMCC

On August 28, 2015, Delegate Morhaim emailed the Executive Director of the MMCC to arrange a meeting on September 4 at a local coffee shop in Baltimore County where they both lived. Delegate Morhaim stated that at this meeting, he told the executive director that he was affiliating with an applicant, but did not name the company. The executive director, however, recalled that Delegate Morhaim said he was only "thinking about" affiliating with an applicant.

Delegate Morhaim told the joint committee that he believed he had satisfied any disclosure obligations regarding his affiliation with Doctors Orders by telling the executive director, and he left it to her to decide whether and how to communicate this information to the MMCC because, in his view, telling the members would have been inappropriate and potentially violate the anonymity of the application process. In her interview with co-counsel for the joint committee, the executive director said that she advised Delegate Morhaim that she expected him to formally advise the members of the MMCC once he had actually been engaged by the potential licensee. She did not communicate Delegate Morhaim's disclosure to the members because the affiliation had not been formalized and she "did not want to start a rumor." She believed his affiliation was never formalized because Delegate Morhaim continued to communicate with the MMCC as a delegate, including offering public testimony. The executive director resigned from her position with the MMCC in January, 2016.

2016 Legislative Action

During the 2016 legislative session, Delegate Morhaim continued his assignment as chair of the Government Operations Subcommittee of the House Health and Government Operations Committee, the subcommittee tasked with consideration of all legislation in the House relating to

medical cannabis and the MMCC. At no time did Delegate Morhaim inform the chair of the Committee or the Speaker of the House that he had entered into a consulting agreement with a medical cannabis company that had pending license applications. The committee chair told counsel that this is information he would have wanted to know.

On January 18, 2016, Delegate Morhaim introduced one medical cannabis-related bill, House Bill 104, titled, Medical Cannabis – Written Certification – Certifying Providers. On January 23, Ethics Counsel emailed Delegate Morhaim regarding his inquiry to her as whether his relationship with Doctors Orders would require him to recuse himself from legislative action on HB 104. Ethics Counsel advised him that this legislation would not have “a direct, financial impact on the entity for whom you consult or on you” and that he had disclaimed an apparent conflict of interest with the filing of his Form D on July 23, 2015, therefore recusal was not required.

Post-application Interaction with the MMCC

Doctors Orders submitted four applications for licenses on the November, 6, 2015 deadline along with 1,000 other potential licensees. Delegate Morhaim told the joint committee, and it was confirmed by Doctors Orders, that he had little contact with Doctors Orders after the applications were submitted. During the period from November 2015 through July 2016, however, he continued to frequently and substantively engage with the MMCC. For example, on November 12, 2015, he emailed the MMCC Executive Director, asking how many doctors had signed up to be certifying physicians. On December 31, 2015, he forwarded an email from an applicant to the Executive Director, complaining about the pace of the decisions regarding the awarding of licenses. On June 11, 2016, he forwarded to the commission suggested modifications to proposed regulations. The above examples are just a small sample of the hundreds of email communications Delegate Morhaim had with staff and members of the MMCC during this time.

Medical Cannabis Processor License Issue

On May 22, 2016, the MMCC voted to limit the number of initial processor licenses to 15 citing the difficulties inherent in regulating a new and controversial industry, including a lack of staffing and financial resources. Section 13-3309 of the Health-General Article does not set a statutory limit on the number of processor licenses, but the law does cap the number of initial medical cannabis grower licenses to 15. *See* § 13-3306. Beginning on June 1, 2018, however, the MMCC is authorized by statute to issue as many medical cannabis grower licenses as necessary to meet patient demand.

On learning of the vote to limit the number of initial processor licenses, and while having an interest in a medical cannabis company with applications for a grower license and a processor license pending, Delegate Morhaim began to communicate his objections to the MMCC. He first raised this issue in an email to the new Executive Director of the MMCC, its chair, and other members of the MMCC on May 23, 2016. He followed up that email with a telephone call to the Executive Director and another set of emails on May 25 and 26, 2016, forwarding the email string with the responses of the Executive Director to various State officials in the Department of Health

and Mental Hygiene. In these communications, he stated the reasons for his objections and he proposed that the MMCC consider a new method of awarding processor licenses.

Delegate Morhaim suggested that the MMCC have no fixed number of processor licenses; instead, he proposed that the MMCC not rank processor applications in order (which may be contrary to the statutory requirement of § 13-3309(c) of the Health – General Article), but simply group processor license applications as “sufficient to operate” and “grossly deficient.” The MMCC would then allow those applicants deemed “sufficient to operate” to “choose to proceed or not.” Delegate Morhaim further advocated that “[f]or any entity that gets a grower license and that also applied for a processor license, the processor license is automatically granted, unless its processor license is found to be grossly deficient.”

On June 11, 2016, he sent a subsequent email with the same information to the Executive Director of the MMCC, Eric Sterling, an individual member of the MMCC, the Secretary of Health and Mental Hygiene, and the Deputy Secretary of Public Health Services. Finally, he testified before the MMCC at its public meeting on July 12, 2016, in Howard County on this and other issues. At no time during his testimony or in any of his other communications did he advise the MMCC that he had entered into a contract of employment with a potential licensee who had submitted a medical cannabis grower license application and a processor license application.

Both Delegate Morhaim and Doctors Orders have advised the joint committee and its counsel that Delegate Morhaim was not retained or paid to represent Doctors Orders before the MMCC, and that Doctors Orders was unaware that Delegate Morhaim had testified before the MMCC on July 12, 2016. Furthermore, both Delegate Morhaim and Doctors Orders have advised that Delegate Morhaim’s testimony on July 12, 2016, objecting to the MMCC’s decision to limit the number of processor licenses was contrary to the interests of Doctors Orders because expanding the number of potential processor licenses would potentially decrease the economic value of Doctors Orders’ investment.

The joint committee notes, however, that Delegate Morhaim was well aware that Doctors Orders was actively seeking *both* a grower license and a processor license. His testimony on July 12 pointed to the economic disadvantage to a grower applicant who might not also receive a license to process medical cannabis, and therefore it was in his financial interest (and the financial interest of Doctors Orders) to advocate for a regulatory scheme that provided the greatest opportunity for Doctors Orders to receive both types of licenses. Further, in his initial comments to Doctors Orders on September 1 2015, regarding their draft applications, Delegate Morhaim questioned the strength of their processor application, and asked to review further drafts. Finally, it is difficult to reconcile Delegate Morhaim’s argument that his testimony was knowingly inconsistent with Doctors Orders’ position on this issue with the fact that, by his own admission, he had had little to no contact with anyone from Doctors Orders after their applications were submitted on November 6, 2015, some eight months earlier.

Public Revelation of Interest in Doctors Orders

The public, and the joint committee, first became aware of Delegate Morhaim's relationship with Doctors Orders when an article was published by the *Washington Post* on July 16, 2016, revealing his interest with Doctors Orders and questioning his July 12 public comments before the MMCC. The publication of this and subsequent articles from various news outlets prompted Delegate Morhaim to write a letter to the chairs of the joint committee on August 17, 2016, explaining his relationship with Doctors Orders and stating his belief that he acted appropriately based on the advice of Ethics Counsel. In his letter (and in his testimony before the joint committee on February 21, 2017), Delegate Morhaim stated that he refrained from advising the MMCC of his affiliation with Doctors Orders in order to maintain the integrity of the MMCC's double-blind identification system that required the redaction of specified names of applicants in their license applications. He also acknowledged, however, that, "[i]n retrospect, I wish I had made reference to my consultant role when I spoke in public before the Commission," and, [g]oing forward, to avoid even the slightest appearance of impropriety, I will not have any communications with the Commission or its staff concerning the medical cannabis issue in the future," and "I will not take any additional legislative actions concerning the medical cannabis issue."

During his testimony before the joint committee on February 21, Delegate Morhaim reiterated his belief that he had complied with all ethics laws and standards based on the advice he received from Ethics Counsel, and that he did not act with any intent to use the prestige of his office or public position for personal financial gain. Regardless, he apologized to the joint committee, and expressed deep regret that his actions have tarnished the public perception of the legislature. Delegate Morhaim also confirmed his intent not to have anything to do with medical cannabis in his legislative position, and further, that he would disassociate himself from working with Doctors Orders when legally permissible. On February 22, 2017, Delegate Morhaim filed Form E with the joint committee, formally recusing himself from voting on any medical cannabis-related legislation.

Findings of the Joint Committee on Legislative Ethics

The joint committee, after gathering and thoroughly reviewing all available evidence relating to various activities of Delegate Morhaim in connection with the Maryland Public Ethics Law, makes the following findings:

Disclosure and Disclaimer Provisions

The joint committee publishes six forms to facilitate the legally required disclosures and disclaimers of legislators under the Maryland Public Ethics Law:

- Form A: Disclosure of Interest: Representation Before a State or Local Agency (required by § 5-514(b)(1)(i) of the General Provisions Article for representing a person for

compensation before a State or local government agency, except for judicial or quasi-judicial proceedings);

- Form B: Disclosure of Interest: Financial Relationship with the State or a Local Government (required by § 5-514(b)(1)(i), (ii), (iv), and (v) for:
 1. representing a State or local government agency for compensation;
 2. a contractual relationship with the State or a local government in the State; and
 3. conducting a transaction with the State or a local government in the State for monetary compensation);
- Form C: Disclosure of Interest: Interest in Business Entity Regulated by a State Agency (required under § 5-514(b)(1)(iii) if the legislator, legislator's spouse, or dependent children have a certain financial interest in a business' stock or shares in a business entity);
- Form D: Disclaimer of an Apparent or Presumed Conflict of Interest (required under §-5-512 for disclaiming the appearance of or presumption of a conflict of interest *in legislative action*) (emphasis added);
- Form E: Statement of Recusal from Voting and other Legislative Action (required under § 5-513 for being disqualified from participation in legislative action or choosing to be excused); and
- Form F: Disclosure of Sources of Earned Income (required under § 5-514(b)(1)(vi)). A legislator is also required to file an annual financial disclosure statement with the State Ethics Commission and the joint committee under Title 5, Subtitle 6 of the General Provisions Article.

As previously stated, Delegate Morhaim filed a Form D and a Form F with the Joint Committee on July 23, 2015. He also filed his annual financial disclosure statement with the State Ethics Commission and the joint committee on April 1, 2016, in which he disclosed his income from Whitebridge Associates, LLC.

Finding

The joint committee thoroughly reviewed each statutory provision of the Maryland Public Ethics Law that provides the basis for required legislator disclosure, disclaimer, or recusal as set forth above. While the joint committee has concerns about the wording of Delegate Morhaim's Form D (filed on July 23, 2015) given the actual circumstances of his consulting agreement on the date of filing, the Joint Committee finds that:

- Delegate Morhaim properly disclosed his earned income from Doctors Orders through the consulting firm, Whitebridge Associates, on his July 23, 2015, Form F and financial

disclosure statement filed on April 1, 2016, and that he was not required to report the name of the firm's client consistent with ethical standards;

- Delegate Morhaim was not required to file a Form A because the evidence shows that he was not retained by or paid by Doctors Orders to represent the company before the MMCC, a State agency;
- Delegate Morhaim was not required to file a Form C because the evidence shows that he did not have the requisite financial interest in Doctors Orders, an entity that was seeking licensure from the MMCC, a State entity, but was not yet regulated;
- Delegate Morhaim's Form D filed on July 23, 2015, was sufficient for the purposes of disclaiming the appearance of or a presumed conflict of interest regarding his *legislative action* relating to House Bill 104 of 2016 because of his consulting relationship with Doctors Orders; and
- there is no legally required disclosure under the Maryland Public Ethics Law for his appearance as a delegate before the MMCC, *an executive agency*. The joint committee Form D disclaims a legislator's appearance of or presumed conflict of interest *only in legislative action* as defined in § 5-101(v) of the General Provisions Article, which does not include participation or involvement in matters before an executive agency.

Use of Prestige of Office or Public Position for Private Gain or that of Another

The joint committee alleged that Delegate Morhaim's actions relating to his advocating to the MMCC as a delegate for a change in the method of awarding processor licenses in emails and public testimony as previously described, gave rise to a reasonable belief that his conduct may have violated § 5-506(a) of the General Provisions Article, which prohibits an official from intentionally using the prestige of the official's office or public position for the official's private gain or that of another, except for the performance of usual and customary constituent services without additional compensation.

Finding 1

After a review of the available evidence and his written and oral statements to the joint committee, the joint committee finds that Delegate Morhaim used his public position as delegate to advocate to the MMCC that it change its method of awarding processor licenses to a method that could have resulted in a direct private gain to his client, Doctors Orders, and to himself.

Use of Public Position

The evidence is clear that Delegate Morhaim only acted in his official legislative role as a delegate when communicating with the MMCC on this matter. He signed his emails using his title, “Delegate Dan Morhaim.” He was introduced at the July 12, 2016 meeting of the MMCC as “Delegate Dan Morhaim,” and he prefaced his public comments at that meeting with statements about his role as the most prominent legislative leader on medical cannabis.

Official’s Private Gain or that of Another: Employer Gain

Delegate Morhaim specifically advocated that the MMCC change its method of awarding processor licenses to the members of the MMCC three separate times: in an email on May 25, 2016, in another email on June 11, 2016, and in public comments at a meeting of the MMCC on July 12, 2016. He proposed that the MMCC change the method by which it awarded processor licenses by lifting the processor license cap of 15 adopted by a vote of the MMCC on May 23, 2016, not ranking applications but grouping them according to compliance with a basic standard, and automatically granting a processor license to a successful medical cannabis grower license applicant, if the applicant’s processor license application met a basic standard.

To determine who would gain under this proposal, the joint committee applied the same analysis used to determine whether the benefit from a legislator’s legislative action is “direct and personal” to the legislator, a member of the legislator’s immediate family, or the legislator’s employer for recusal of conflicts of interest under § 5-513(a) of the General Provisions Article. Under this analysis, the joint committee finds that if the MMCC were to adopt Delegate Morhaim’s processor license proposal, only a small subset of the 1,080 total applicants would receive a direct benefit. First, 80% of all applications were for dispensary licenses; these applicants would not have been affected at all by his proposal. Of the remaining 20% of applications, only 95 applicants applied for both grower and processor licenses, including Delegate Morhaim’s client, Doctors Orders. Of those 95 applicants, only 15 medical cannabis grower applicants could be successful (due to the statutory cap in § 13-3306 of the Health – General Article) and have the opportunity to be automatically awarded a processor license under Delegate Morhaim’s proposal.

At the same time he was proposing this policy to the MMCC, Delegate Morhaim was employed by a medical cannabis company with medical cannabis grower and processor license applications pending before the MMCC. Delegate Morhaim told the joint committee that he believed that Doctors Orders medical cannabis grower license application had a high likelihood of success due to the company’s experience with its current operations in other states. Therefore, the joint committee concludes that Delegate Morhaim’s employer, Doctors Orders, could likely obtain a direct private gain under this proposal.

Official’s Private Gain or that of Another: Official’s Private Gain

The evidence shows that Doctors Orders and Delegate Morhaim in his personal capacity through his consulting company, Whitebridge Associates, executed a consulting agreement on July 9, 2015. Under this agreement, Doctors Orders agreed to pay the consultant, Delegate

Morhaim, through his consulting firm, Whitebridge Associates, an initial fixed fee for his work in Maryland and the two other states in which the company was currently operating, with a promise of additional annual compensation for his part-time position as national medical director of the company if Doctors Orders obtained licenses in Maryland. Although Delegate Morhaim advised the joint committee that he believed the initial payment he received was nominal and the compensation under the consulting agreement fell well below what medical directors for medical institutions receive, the joint committee concludes that the amount of compensation was substantial enough to influence Delegate Morhaim's judgment and actions. Further, the joint committee concludes that if the MMCC adopted Delegate Morhaim's proposed method of awarding processor licenses, it was more likely that his employer could obtain a direct gain of at least two of the medical cannabis-related licenses it applied for and Delegate Morhaim could likely obtain a direct private gain of additional annual compensation.

Finding 2

After a thorough review of the available evidence and Delegate Morhaim's written and oral statements to the joint committee, the joint committee finds that there is not sufficient evidence to support a finding that Delegate Morhaim intentionally used his public position as delegate to specifically obtain the private gain for himself or his employer, and therefore, did not violate § 5-506(a) of the General Provisions Article.

Analysis of Intent

Section 5-506(a) requires that a legislator *intentionally* use their prestige of office or public position *for* that official's private gain or that of another. The joint committee interprets this provision to require the member to have the specific intent to obtain the gain by the use of their privilege. While some evidence supports a finding of purposeful conduct for gain, more evidence mitigates the finding that Delegate Morhaim's use of his public position to advocate for the policy change was designed to benefit him financially, notwithstanding the fact that it could have this effect.

The joint committee considered evidence of Delegate Morhaim's longstanding and passionate advocacy on the issue of medical cannabis inside and outside the General Assembly, his legislative action on this issue beginning in 2002, and his extensive interactions and involvement with the MMCC beginning since its inception in 2014, on policy and administrative matters both large and small. Also considered was the testimony of Doctors Orders. The company's representative advised the joint committee that the company was "furious" with Delegate Morhaim for advocating for the policy change relating to processor licenses because this position was contrary to the company's interest. However, the value of this testimony is limited because while Delegate Morhaim's suggested policy change was contrary to Doctors Orders *competitive interests*, the company would still have received a direct benefit in the award of a license they were seeking, and Delegate Morhaim did not learn of Doctors Orders displeasure with his proposal until late July, 2016, *after* he made the statements to the MMCC. The purpose of this analysis is to discern Delegate Morhaim's intent at the time the statements were made, not those

of Doctors Orders. This testimony makes it clear to the joint committee that Delegate Morhaim did not advocate this policy at the request of Doctors Orders.

Conclusions of the Joint Committee on Legislative Ethics

After a careful and thorough consideration of the body of evidence before the joint committee, and given the totality of the circumstances, the joint committee has concluded that Delegate Morhaim's actions were improper because his actions were contrary to the principles of ethical standards of the Maryland Public Ethics Law in accordance with the intent of the law as stated in § 5-102 of the General Provisions Article.

As previously stated, the joint committee found in its analysis of § 5-506(a), that Delegate Morhaim used his public position as delegate to advocate before the MMCC with regard to changes to its proposed regulations and procedures for the award of medical cannabis-related licenses, and in particular, to advocate that it change its method of awarding processor licenses to one that could have resulted in a direct private gain of a license to his employer, Doctors Orders, and of additional substantial financial compensation to himself. The joint committee finds this conduct improper and contrary to the principles of ethical standards for several reasons.

First, despite the fact that Delegate Morhaim was advised by Ethics Counsel by email on October 26, 2015 that he "should not be involved with applications in your legislative capacity" because of his "involvement with the group through the consulting organization," he advocated a policy to the MMCC specifically involving the awarding of applications. The joint committee acknowledges that he consulted Ethics Counsel many times; however, as Delegate Morhaim himself, acknowledged, the advice given by Ethics Counsel is only as valid as the information provided to Ethics Counsel. Delegate Morhaim admitted to the joint committee that he never sought specific advice on the comments he made to the MMCC nor did he advise her that he was appearing before the MMCC after becoming affiliated with a potential license applicant. Ethics Counsel testified at the joint committee hearing on February 21, 2017, that had she been made aware that Delegate Morhaim was appearing before the MMCC, she would have advised him to "stay away," particularly from any discussion concerning the number of licenses because of his involvement with Doctors Orders.

Second, Delegate Morhaim should have disclosed to the MMCC that he had been hired by a potential license applicant when he was advocating policy and regulatory changes to the MMCC that would affect himself and his employer. Delegate Morhaim may have believed that he acted appropriately in not informing the MMCC of his consulting relationship with Doctors Orders because he did not want to impact the double-blind process for identifying potential license applicants but this belief showed poor judgment that impacted his impartiality and the independence of both the MMCC and the legislature. Delegate Morhaim simply could have notified the MMCC that he was working with *an* applicant without identifying the applicant by name, thereby preserving the confidentiality of the process and giving the MMCC what the joint committee considers necessary context in which to consider the comments and suggestions made by Delegate Morhaim. The joint committee also notes that given the double-blind system, the

members of the MMCC were never aware of the identity of the applicants and had previously committed to accept the order of rankings made by the third party vendor. The joint committee does not believe that a brief conversation over coffee with the Executive Director of MMCC is sufficient notice to the MMCC given the limited information he provided her and the confusion as to the nature of his relationship and status with Doctors Orders. Nor does the joint committee find Delegate Morhaim's position credible that "notice" to the executive director is sufficient given the fact that Delegate Morhaim believed the MMCC was without an executive director for four months after the former executive director he met with had resigned in January, 2016, and did not take any steps to notify her replacement of his relationship with Doctors Orders.

As a prominent legislative leader and long-time advocate for medical cannabis in the General Assembly, Delegate Morhaim knew he had a level of credibility, influence, and access to the MMCC that other persons, including other legislators, did not. He leveraged that influence to advocate for a policy that he should have known could have resulted in gain to himself or his employer. Delegate Morhaim was given a substantial amount of deference by the MMCC because of his role as a legislative leader and his chairmanship of the Government Operations Subcommittee of the House Health and Government Operations Committee that considered medical cannabis legislation. He had a direct line of communication to the executive director and other members of the MMCC and he used it frequently to comment on a wide variety of issues relating to medical cannabis and the MMCC. Delegate Morhaim was permitted to speak at public meetings of the MMCC when others were prohibited. He always did these things in his role as a delegate appearing to be an objective policymaker even at times when he had a conflicting personal interest. The standards embodied in the ethics law acknowledge that a legislator's influence derived from their public position is not limited to the function in which the member has decisional authority, but extends to their interaction with other governmental bodies and agencies.

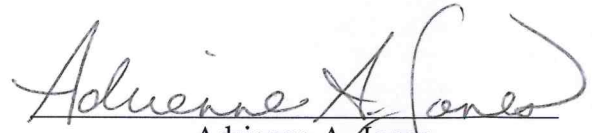

In summary, it is the opinion of the joint committee that had the MMCC been made aware of Delegate Morhaim's consulting role with a medical cannabis license applicant, it may well have impacted the weight it would have given his communications and testimony. His belief that he could keep his role as a legislator, advocating for the implementation of policy and regulations for the use of medical cannabis, separate from his position as a paid consultant for a company seeking to enter the medical cannabis business reflects poor judgment to the detriment of the broader interests of the public, and it has eroded the confidence and trust of the public and other governmental officials who work with legislators, bringing disrepute and dishonor to the General Assembly. Delegate Morhaim's failure to disclose and be transparent undermines the public's confidence in an independent legislature that it not be influenced by the potential for personal financial gain. As a part-time citizen legislature, the members must be ever vigilant that they do not cross the line between their personal interest and the interests of the citizens who they are elected to serve.

Recommendation of the Joint Committee on Legislative Ethics

The joint committee believes that Delegate Morhaim now recognizes the impact his conduct has had on himself and the General Assembly, but consistent with the mandate of the Maryland Public Ethics Law that members of the legislature adhere to certain minimum ethical standards, and the requirement that the joint committee and the General Assembly construe these requirements and its provisions liberally in accordance with § 5-102(c) of the General Provisions Article, and in recognition of the duties and authority established under Article III, § 19 of the Maryland Constitution, which provides that each House of the General Assembly, “shall be the judge of the qualifications and election of its members,” including the authority to punish or expel one of its own members, pursuant to its authority under § 5-521 of the General Provisions Article, the joint committee unanimously recommends to the Speaker of the House that he submit to the House a resolution of reprimand expressing the House of Delegate’s disapproval of Delegate Dan Morhaim’s actions as described in this Report of the joint committee on Legislative Ethics, which the committee believes is an appropriate sanction to maintain the public’s faith in their elected officials and ensure that this conduct is not repeated.

A15000.01 Disparity Grants

Add the following language to the general fund appropriation:

Further provided that \$10,000,000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until the Maryland State Department of Education (MSDE) certifies that Baltimore City has appropriated for fiscal 2018 an additional \$10,000,000 for the Baltimore City Public Schools (BCPS) over the fiscal 2017 Maintenance of Effort appropriation. If MSDE does not certify that Baltimore City has appropriated an additional \$10,000,000 for the school system, then the funds may not be distributed as a grant to Baltimore City, and authority is hereby granted to transfer \$10,000,000 to R00A02.01 to be provided as a grant to BCPS. If the funds are not transferred for this purpose, then it may not be expended or transferred for any other purpose and shall revert to the General Fund at the end of the fiscal year.

Explanation: This language restricts \$10 million in disparity grant funding for Baltimore City contingent on Baltimore City appropriating for fiscal 2018 an additional \$10 million for BCPS over the fiscal 2017 Maintenance of Effort (MOE) appropriation. MSDE must certify that \$10 million was appropriated as part of the city's MOE appropriation. If the funds are not provided, authority is provided to transfer \$10 million of Baltimore City's disparity grant funding to R00A02.01 to be distributed as a grant to BCPS.

Budget Amendments

Add the following language:

Provided that \$6,257,414 in general funds for employee merit salary increases is reduced. The Chief Judge is authorized to allocate the reduction across the Judiciary.

Explanation: This action eliminates funding for merit salary increases for Judiciary employees. There is no general merit increase for State employees in the Governor's budget.

Amendment No.

2

Add the following language:

Further provided that \$3,913,974 in general funds is reduced. The Chief Judge shall allocate this reduction across the Judiciary.

Explanation: This action eliminates \$3.9 million in fiscal 2018 with the intent that the Judiciary use \$3.9 million in encumbered funds appropriated from fiscal 2012 to 2015 to fund fiscal 2018 expenses. It is the intent of the General Assembly that these previously encumbered funds not be reverted to the General Fund upon cancellation of any prior agreements to expend those funds.

Defendant Contact Information and Appearance Reminders: There is growing evidence that courts can substantially reduce failure to appear (FTA) rates for criminal defendants by reminding those individuals of their scheduled appearance by telephone call or text message. The budget committees have learned that the Maryland Judiciary does not currently collect the contact information (particularly telephone numbers) of pretrial defendants and, therefore, could not implement such a reminder system. Therefore, the committees request that the Judiciary submit a report detailing any contact information it currently collects from defendants, the necessary steps to collect additional data, and the feasibility of implementing a reminder system for court appearances to reduce FTA rates.

D13A13.03 State Agency Loan Program – Capital Appropriation

Potential for Merging the Jane E. Lawton Conservation Loan Program and State Agency Loan Program: Since the creation of the Jane E. Lawton Conservation Loan Program (JELLP) from the merger of prior programs, the JELLP has experienced difficulties in encumbering funds. The State Agency Loan Program (SALP) has been more successful in encumbering funds and, in fiscal 2017, received requests totaling more than its appropriation. Despite the high demand, the funds planned in the 2017 Capital Improvement Program for the SALP are limited by the fund balance. The committees are interested in improving the efficiency of both programs by considering the options for merging the programs. The committees request that the Maryland Energy Administration (MEA), in conjunction with the Department of Budget and Management (DBM), review the potential for merging the programs and report on legislation that would be required and any program changes that would be necessary to complete such a merger.

Budget Amendments

D13A13.08 Renewable and Clean Energy Programs and Initiatives

Add the following language to the special fund appropriation:

, provided that \$1,200,000 of this appropriation made for the purpose of the Electric Vehicle Recharging Equipment Rebate Program is contingent on the enactment of HB 406 or SB 315, which extends the electric vehicle recharging equipment rebate program beyond fiscal 2017.

Explanation: The fiscal 2018 allowance of the Renewable and Clean Energy Programs and Initiatives of the Maryland Energy Administration includes \$1.2 million to support an extended and expanded Electric Vehicle Recharging Equipment Rebate Program. Chapters 359 and 360 of 2014 established the program for fiscal 2015 through 2017. If the program is not extended by legislation, the funds are not required because the program is scheduled to terminate.

Amendment No. **15**

Add the following language to the special fund appropriation:

Further provided that \$1,500,000 of this appropriation made for the purpose of the Maryland Energy Innovation Fund is contingent on the enactment of HB 410 or SB 313, which creates the Maryland Energy Innovation Institute and the Maryland Energy Innovation Fund.

Explanation: The fiscal 2018 allowance of the Renewable and Clean Energy Programs and Initiatives in the Maryland Energy Administration (MEA) includes \$1.5 million for the Maryland Energy Innovation Fund, which will support the Maryland Clean Energy Center (MCEC) and the Maryland Energy Innovation Institute. The \$1.5 million included in the fiscal 2018 MEA budget is the first year of a planned five years of transfers from the Strategic Energy Investment Fund to the Maryland Energy Innovation Fund. The Maryland Energy Innovation Institute is a planned joint collaboration between MCEC and the University of Maryland Energy Research Center. Neither the institute nor the fund currently exist. These funds are unnecessary without the enactment of legislation to create the fund and institute.

Committee Narrative

Planned Uses of the Seed Funding for the Maryland Energy Innovation Fund: SB 313/HB 410 establishes a new Maryland Energy Innovation Institute and a new Maryland Energy Innovation Fund (MEIF). The MEIF is to be used by both the institute and for administrative and operating support of the Maryland Clean Energy Center (MCEC). The legislation establishes seed funding for the MEIF through transfers from the Strategic Energy Investment Fund of \$1.5 million in each fiscal 2018 through 2022. The fiscal 2018 budget includes the first year of these transfers. Little is known about how these funds will be used and how much will be available from the funds to support MCEC. The committees request that the Maryland Energy Administration (MEA), in conjunction with MCEC and the Maryland Energy Innovation Institute, report on how seed funds in fiscal 2018 will be used and how much of the funding will be available to support MCEC.

D28A03
Maryland Stadium Authority

Committee Narrative

Maryland Stadium Authority's Economic Development Role: The budget committees have observed that the Maryland Stadium Authority's (MSA) role has expanded from a stadium construction and management entity to an instrument for economic development and community projects. However, there does not appear to be adequate cooperation or integration between MSA and the State's economic development agencies. Legislation that was enacted as a result of recommendations from the Maryland Economic Development and Business Climate Commission ensured strategic alignment between the Department of Commerce (Commerce), the Maryland Economic Development Corporation (MEDCO), and the Maryland Technology Development Corporation by securing each entity a place on MEDCO. However, there was no recognition of the role MSA plays in the statewide economic and community development projects. The budget committees request that MSA and Commerce report on how MSA cooperates with the State's economic development agencies and how MSA's projects fit into the State's economic development strategic plan. The report should consider ways to improve collaboration, including the expansion of MSA's board to accommodate a State economic development representative, the expansion of MEDCO to include an MSA representative, and the establishment of a role for Commerce in the review of MSA feasibility studies. Any recommendations contained in the report should encourage collaboration while maintaining MSA's existing financial autonomy and authority. The report should be submitted to the budget committees by December 1, 2017.

D40W01.07 Management Planning and Educational Outreach

Add the following language:

Contingent upon enactment of HB 152 or SB 172 with a provision to repeal a grant to the Maryland Humanities Council, authorization to expend reimbursable funds is reduced by \$150,000.

Explanation: The Budget Reconciliation and Financing Act (BRFA) of 2017 strikes the requirement that funding be allocated to the Maryland Humanities Council from the State Lottery Fund per Chapter 727 of 2016 (The Maryland International and Preakness Stakes Incentive Act of 2016). This action reduces the reimbursable fund appropriation if the BRFA provision is enacted.

Committee Narrative

D53T00.01 General Administration

Evaluating the Impact of Emergency Department Overcrowding: Emergency department (ED) overcrowding increased significantly in fiscal 2016. This has a direct impact on emergency medical services (EMS) availability and response times, as well as patient care. Data is not currently available to evaluate the specific impact overcrowding has on Maryland patients. The budget committees direct the Maryland Institute for Emergency Medical Services Systems (MIEMSS) to work with the Health Services Cost Review Commission (HSCRC) to evaluate the impact of hospital overcrowding on EMS response times and Maryland's patient population and to develop a plan to address the overcrowding issue. The report is due to the budget committees no later than December 15, 2017.

Mobile Integrated Healthcare Programs: The Maryland Institute for Emergency Medical Services Systems (MIEMSS) is part of an initiative to implement Mobile Integrated Healthcare (MIH) programs, in an effort to reduce unnecessary use of 911 and unnecessary transports to hospital emergency departments for minor medical complications. With the significant increase in hospital overcrowding in fiscal 2016, the budget committees direct MIEMSS to evaluate the impact of existing MIH programs and explore the potential for further expansion. The evaluation should include a cost-benefit analysis of the program and potential solutions to the lack of secured funding for emergency medical services' participation. The report is due to the budget committees no later than November 1, 2017.

Amendment No. **22**

Add the following language to the federal fund appropriation:

, provided that no portion of this appropriation made for the purpose of the Veterans Home Program may be expended for a feasibility study of a Western Maryland veterans home.

Explanation: Intended for a feasibility study of a Western Maryland veterans home is \$150,000 of this appropriation, which the Department of Veterans Affairs has already deemed unfeasible. The funds intended for this purpose can be used to offset the general fund costs of Maryland Environmental Service charges.

Committee Narrative

Charlotte Hall Veterans Home Staffing Report: The Office of Legislative Audits' (OLA) most recent fiscal compliance audit of the Maryland Department of Veterans Affairs (MDVA) identified that the department did not reduce payments to the vendor operating Charlotte Hall Veterans Home (CHVH) when required staffing was not provided. Two positions were vacant for the entire 15-month period (January 2015 through March 2016) that OLA reviewed and 1 additional position was vacant for approximately 5 months. OLA estimated that MDVA could have reduced payments by \$180,000 in this period.

There is concern that payments were made to the vendor for long-term vacant positions. MDVA should submit a report that provides historical vacancy rates at CHVH from the beginning of the current contract (October 2010) and monthly vacancy rates at CHVH for the period April 2016 through June 2017. For all positions identified as vacant for greater than 45 days, the department should provide the date that each became vacant and the date that each was filled, if applicable. All available salary information should be provided for identified vacancies and the sum of payments made to the vendor that can be attributed to identified vacancies.

The department should explain the extent to which it is possible to recover payments made to the contractor related to long-term vacancies.

E50C
State Department of Assessments and Taxation

Committee Narrative

E50C00.02 Real Property Valuation

Transparency in Assessments: It is the intent of the committees that the agency be transparent when assessing real property in the State. The committees are concerned about misclassifications of the type of sale (arms length or non-arms length) for certain transactions, which can have an impact on the property tax assessment – and, therefore, the property tax owed – by homeowners in the State. Specifically, it has come to the attention of the committees that assessors employ Multiple Listing Services edits to alter the classification of sales as arms length or non-arms length and that these decisions impact whether or not a sale is included as a comparable sale or not.

Therefore, the committees request that the agency submit a report answering the following questions: (1) how do assessors currently verify that manual changes of status from arms length to non-arms length classification are justified; (2) what does the agency consider an acceptable error rate for these classifications; and (3) how do the error rates vary across property values and types? The report should also identify actions that can be taken in the future to minimize these classification errors and, more generally, how the assessment process can be made more transparent to property owners and the public. The agency is instructed to review the assessment practices of other states as part of its analysis.

Budget Amendments

OFFICE OF THE SECRETARY

F10A01.01 Executive Direction

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of executive direction may not be expended unless the Department of Budget and Management includes in its submission of the fiscal 2019 Governor's budget books a separate volume that provides personnel and Managing for Results (MFR) data by agency. The personnel data shall be consistent with Section 7-121 of the State Finance and Procurement Article. The MFR data shall include the mission, vision, as well as key goals, objectives, and at least five performance indicators per objective. Funds restricted pending receipt of the volume of the Governor's budget book may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the volume is not included with the Governor's budget books submitted on the third Wednesday of January 2018.

Explanation: The Administration has previously provided personnel and MFR data in the annual budget books that are printed when the State budget is introduced. The fiscal 2017 and 2018 budget books did not include this data. Section 7-121 requires this personnel data and outlines how it should be formatted. This section reduces appropriations if the budget books are not consistent with State law or provides MFR data published in the budget books. This data is important to permit the budget committees to exercise oversight during the review of agency budgets each session.

F10A

Add the following language to the general fund appropriation:

Further provided that \$100,000 of this appropriation made for the purpose of executive direction may not be expended until:

- (1) The Department of Juvenile Services and the Maryland State Department of Education (MSDE) jointly develop measures that evaluate the performance of the Juvenile Services Education (JSE) program, to include but not be limited to the following measures:
 - (a) average length of time to transition student records between a JSE school and a local school system;
 - (b) teacher vacancy rates and length of tenure;
 - (c) contacts with local school system liaisons to support student transition into the community;
 - (d) students participating in postsecondary opportunities and vocational opportunities; and
 - (e) the number of classroom hours canceled due to the unavailability of a teacher or substitute.
- (2) Data for the identified performance measures shall be included in MSDE's annual MFR performance measure submission beginning with the fiscal 2019 allowance submitted in January 2018.

Funds restricted pending performance indicators may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the performance indicators are not included with the Governor's budget books.

Explanation: Concerns have been raised questioning whether MSDE is providing the appropriate level of services to students in Department of Juvenile Services (DJS) facilities, particularly to students with special education needs. This language requires DJS and MSDE to work jointly regarding progress made toward addressing the deficiencies in the provision of education services to youth in DJS facilities. It also requires the development of performance measures to evaluate how well the program is functioning, as opposed to only evaluating student performance. This requirement was originally included in Section 43 of the fiscal 2017 budget bill. The section also required a report from DJS and MSDE. The report was submitted, and the funds contingent on the report have been released by the budget committees. The Department of Budget and Management (DBM) did not include performance measures in the Managing for Results (MFR) submission. This language applies this section to DBM and requires the submission of these MFR performance indicators.

29

Add the following language to the general fund appropriation:

Further provided that \$100,000 for the purposes of executive direction may not be expended unless the Department of Budget and Management, in Appendix A in the Maryland Budget Highlights for fiscal 2019, reflects no more than \$30,000,000 in general fund reversions for fiscal 2018. For appropriations approved in this Act that are determined to be in excess of the needs of any agency or program above the aggregate estimate of \$30,000,000 in reversions, the fiscal 2019 budget bill should include negative fiscal 2018 deficiencies. Funds restricted may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the estimate for general fund reversions for fiscal 2018 listed in Appendix A of the Budget Highlights at the 2018 session exceed \$30,000,000.

Explanation: This requirement was originally included in Section 28 of the fiscal 2017 budget bill. It limits general fund revisions to \$30.0 million in unspecified agency reversions. In Appendix A of the Maryland Budget Highlights, \$125.8 million are included in addition to the \$30.0 million. The concern is that these reversions are planned and do not have the force of law. Instead listing these items as reversions, the Administration should instead include negative deficiencies. This provides a higher level of certainty that the Administration's proposed reductions are realized.

Committee Narrative

Report That Addresses the Structural Deficit: The Administration's long-term general fund forecast projects that the structural deficit increases steadily throughout the forecast period. By fiscal 2022, the structural deficit is expected to reach \$1.2 billion. The spending affordability process was put in place in 1982 with the goal of calibrating the growth in State spending to growth in the State's economy. In implementing that objective, a unique method of classifying and accounting for State spending was developed and has been periodically revised as circumstance has required. In five of the last seven years, the recommendation of the committee focused on closing the sizeable structural deficit that had been generated by extraordinary fiscal

F10A

issues – plummeting revenues, substantial short-term federal assistance, and extensive reliance on one-time budget balancing actions. The Spending Affordability Committee (SAC) has expressed concerns that, despite a favorable fiscal outlook at the close of the 2016 session, slower than anticipated economic growth has resulted in the downward revision of general fund revenues and a sizeable structural imbalance for fiscal 2018 and subsequent years. In its December 2016 report, SAC recommends that the Administration prepare a detailed report with specific proposals for achieving structural balance in fiscal 2019. The report should specify actions at the program level. The report should be submitted to SAC, the House Appropriations Committee, and the Senate Budget and Taxation Committee no later than July 1, 2017.

Add the following language to the general fund appropriation:

, provided that \$50,000 of this appropriation may not be expended until the Department of Budget and Management submits a report on fiscal 2017 closeout of the Employee and Retiree Health Insurance Account. This report shall include:

- (1) the closing fiscal 2017 fund balance;
- (2) the actual provider payments due in the fiscal year;
- (3) the State employee and retiree contributions;
- (4) an accounting of rebates, recoveries, and other costs; and
- (5) any closeout transactions processed after the fiscal year ended.

The report shall be submitted to the budget committees by October 1, 2017. The budget committees shall have 45 days to review and comment following the receipt of the report. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Add the following language to the general fund appropriation:

Further provided that \$100,000 of this appropriation made for the purpose of the Executive Direction program may not be expended until the Department of Budget and Management submits a report to the budget committees on employee churn. The report shall include the total number of resignations of employees with five years or less of State service for each State agency for each fiscal year from fiscal 2007 to 2016. The report shall be submitted by July 1, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: This language restricts \$100,000 in general funds to the Executive Direction program until a report is submitted on employee churn. Employee Terminations and Demotions: The Department of Budget and Management (DBM) provides data to the Department of Legislative Services (DLS) regarding the various personnel transactions overseen by the agency in the course of its duties as the central administrator of statewide personnel, including the following: (1) terminated employees; (2) employees terminated due to failure to report for duty; and (3) demoted employees. The budget committees request that DBM identify the length of State service of the employees within these personnel transactions, and that this information be provided as aggregate data in five-year increment groupings by fiscal year for fiscal 2012 to 2017. Additionally, the budget committees request that DBM provide totals for these transactions grouped by State agencies by fiscal year for fiscal 2012 to 2017, only for agencies that have had five or more terminations and demotions in a year. DBM should submit a report with the requested information and provide the requested data in a machine-readable format to DLS by December 1, 2017. Additionally, it is the intent of the budget committees that this data be provided annually with the final fourth quarter personnel transaction data starting in fiscal 2018 and continuing thereafter.

The report should include (1) an update on progress made toward implementing and expanding timeclock systems to address unique requirements of the 24/7 facilities; (2) monthly data on the number of complaints received, resolved, and the length of time to achieve resolution in fiscal 2017; and (3) any other actions taken by DBM to resolve payroll and overtime problems resulting from the transition to the Workday personnel system.

The budget committees request that DBM take the following steps to determine whether additional improvements may increase participation: (1) review wellness programs nationally to evaluate successful measures to increase participation; (2) consider additional incentives for participation in the program, including programs geared toward increasing physical activity; and (3) determine new avenues to publicize the benefits of participation in the program. Each year, the major IT project fund ends the year with a large fund balance, because all the funds appropriated were not spent. For example, fiscal 2016 ended with a \$45.5 million fund balance, fiscal 2015 ended with a \$32.7 million fund balance, and fiscal 2014 ended with a \$31.3 million fund balance. Furthermore, oversight funds were reduced \$803,000 in fiscal 2017 cost containment, and \$966,388 in oversight costs were canceled and redirected toward new projects in fiscal 2018. Review of Information Technology Personnel Compensation: The State should review information technology (IT) personnel policies to determine if changes can be made to bring IT personnel policies more in line with industry policies. This should include an examination of IT compensation to determine if any adjustments can be made to make State service more attractive. This should also include reviewing nonwage benefits, which include reevaluating State classifications, modifying benefits for IT professionals, allowing for more work-life balance and flexibility, offering more opportunities for training and professional growth, and offering a portfolio of more current technologies.

The State should also consider partnering with nearby higher education institutions to train more IT professionals. This could involve community colleges and nearby universities as well as training offered by federal institutions. The State could offer scholarship help or tuition reimbursement for students that agree to work for the State for a number of years.

Amendment No. **38**

Committee Narrative

Report on Statutory Spending Cap: The committees are concerned that State Retirement Agency (SRA) expenditures may exceed statutory limits because the agency's long-standing calculations of the spending cap may not be consistent with statutory requirements. The agency should report to the Joint Committee on Pensions on (1) its methodology for calculating its statutory spending cap; (2) the justification for including retiree benefits and inactive compensation in that calculation; and (3) recommendations for clarifying statutory language. A report shall be submitted by November 1, 2017.

Study on 10-year Vesting: Chapter 397 of 2011 enacted comprehensive pension reform that made changes to employee contributions, benefit multipliers, eligibility requirements, average final compensation, cost-of-living adjustments, and retiree health eligibility. Specifically, Chapter 397 increased the time period required for an employee hired on or after June 30, 2011, to vest in the employees' and teachers' pension systems and the other systems for public safety employees from 5 to 10 years.

During the 2017 session, several bills have been introduced, which purport to address recruitment and retention issues in State government. The budget committees request that the State Retirement Agency (SRA) study the impact of the 10-year vesting requirement enacted under Chapter 397. Additionally, SRA should analyze the costs and benefits of returning to a 5-year vesting period. On or before October 1, 2017, SRA shall report the results of the study to the Joint Committee on Pensions.

Budget Amendments

Add the following language:

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

- (1) add a new project to the construction program or development and evaluation program meeting the definition of a “major project” under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or
- (2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a “major project” under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Further provided that notification of project additions, as outlined in paragraph (1) above; changes in the scope of a project, as outlined in paragraph (2) above; or moving projects from the development and evaluation program to the construction program, shall be made to the General Assembly 45 days prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

Explanation: This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the fiscal 2017-2022 Consolidated Transportation Program (CTP) or will increase a total project’s cost by more than 10%, or \$1 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2017 session CTP as the basis for comparison. In addition, notification is required as needed throughout the budget year, if certain changes to projects are made.

Add the following language:

The Maryland Department of Transportation (MDOT) may not expend funds on any job or position of employment approved in this budget in excess of 9,057.5 positions and 122.2 contractual full-time equivalent (FTE) positions paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2018. The level of contractual FTE positions may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

- (1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport, which demands additional personnel; or
- (2) emergency needs that must be met, such as transit security or highway maintenance.

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2018 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 100.

Explanation: This annual budget bill language establishes a position ceiling for MDOT each year to limit growth in regular positions and contractual FTEs.

Committee Narrative

Transportation Trust Fund Forecast Assumptions: The committees are concerned that the 3.4% average annual increase in departmental operating expenses that the Maryland Department of Transportation (MDOT) used in its fiscal 2017 through 2022 Transportation Trust Fund (TTF) forecast understates the amount of operating expenses likely to be incurred over the forecast period and, as a consequence, leads to an overestimate of the level of funding that will be available during the forecast period to support the capital program. The committees note that only three times since fiscal 2017 has the five-year average annual increase in departmental operating expenses dipped below 3.5% and those instances covered the years of the Great Recession. It is therefore the intent of the committees that the out-year estimates of departmental operating expenses that MDOT incorporates in TTF forecasts be inflated, at a minimum, by a rate equal to the five-year average annual increase in operating expenses experienced during the period ending with the most recently completed fiscal year.

J00A01.02 Operating Grants-In-Aid

Add the following language to the special fund appropriation:

, provided that no more than \$4,044,334 of this appropriation may be expended for operating grants-in-aid, except for:

- (1) any additional special funds necessary to match unanticipated federal fund attainments;
or
- (2) any proposed increase either to provide funds for a new grantee or to expand funds for an existing grantee.

Further provided that no expenditures in excess of \$4,044,334 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either item (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

Explanation: This annual language caps the level of special funds provided for operating grants-in-aid. The cap may be increased to match unanticipated federal dollars or to provide new or expanded grant funding upon notification to the budget committees.

- (1) the Secretary shall notify the budget committees of any proposed system preservation or minor project with a total project cost in excess of \$500,000, including the need and justification for the project and its total cost; and
- (2) the budget committees shall have 45 days to review and comment on the proposed system preservation or minor project.

J00A01.05 Washington Metropolitan Area Transit – Capital

Add the following language to the special fund appropriation:

, provided that \$155,922,000 of this appropriation made for the purpose of providing a grant to the Washington Metropolitan Area Transit Authority to support its capital program may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: The appropriation for the grant to the Washington Metropolitan Area Transit Authority (WMATA) is approximately \$17 million more than the amount identified in the WMATA fiscal 2018 proposed budget as needed from Maryland in fiscal 2018. However, the WMATA capital program relies on the issuance of debt, repayment of which will add to the amount Maryland must contribute in the future. The excess funds in this appropriation may be used as an additional grant to reduce the amount of future debt service. Any funds that are not used for the WMATA capital program in fiscal 2018 will cancel at the end of the fiscal year.

Budget Amendments

Add the following language:

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues may not exceed \$3,021,675,000 as of June 30, 2018. Further provided that the amount paid for debt service shall be reduced by any proceeds generated from net bond sale premiums, provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast. Further provided that the appropriation for debt service shall be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation (MDOT) may either use the proceeds from the net premium to reduce the size of the bond issuance and/or apply the proceeds from the net premium to eligible debt service.

Explanation: Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level is based on outstanding debt as of June 30, 2016, plus projected debt to be issued during fiscal 2017 and 2018 in support of the transportation capital program.

Amendment No.

44

Add the following language:

MDOT shall submit with its annual September and January financial forecasts information on:

- (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and
- (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2017 through 2027.

Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

Explanation: The General Assembly is interested in monitoring the use of nontraditional debt by MDOT. The information requested provides the budget committees with additional information on the usage and annual costs of nontraditional debt.

Amendment No.

Add the following language:

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by MDOT, may not exceed \$880,930,000 as of June 30, 2018. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

- (1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2018, and the total amount by which the fiscal 2018 debt service payment for all nontraditional debt would increase following the additional issuance; and
- (2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and shall signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Explanation: This language limits the amount of nontraditional debt outstanding at the end of fiscal 2018 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2016. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2018 by providing notification to the budget committees regarding the reason that the additional issuances are required.

In order to maximize the economic benefits of this development, it is essential that adequate bus service to Sparrows Point be established so that residents from population centers in the Baltimore region, including Baltimore City and Western Baltimore County, have access to the jobs that will be created. The Maryland Transit Administration should develop routes and schedules that facilitate and support job growth at Sparrows Point.

K00A04.01 Statewide Operations

Add the following language to the special fund appropriation:

, provided that \$500,000 of this appropriation for the Department of Natural Resources (DNR) Maryland Park Service – Statewide Operations made for the purpose of general operating expenses may not be expended until DNR submits quarterly reports on July 1, 2017; October 1, 2017; January 1, 2018; and April 1, 2018. The reports should discuss the status of developing a resource management planning team, the role of the proposed business development manager, the goals being developed for a formal long-range plan, the five-year strategic plans being developed for individual State parks, and the actual development of a Comprehensive Long Range Strategic Plan as contemplated for achievement of the National Gold Medal Award from the National Recreation and Park Association. Funding restricted for this purpose may be released quarterly in \$125,000 installments upon receipt of the required quarterly reports. The budget committees shall have 45 days to review and comment upon receipt of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

Explanation: This language restricts funding until the submission of quarterly reports on the status of development of a Comprehensive Long Range Strategic Plan as contemplated for achievement of the National Gold Medal Award from the National Recreation and Park Association. The 2016 Joint Chairmen’s Report included the request for a similar report, but the report did not fully capture the spirit of the request – identifying funding sources and a reasonable timeline to achieve full implementation of the plan in order to position Maryland’s parks to achieve a National Gold Medal Award from the National Recreation and Park Association.

The report should include (1) an analysis of appropriate compensation for recruitment and retention of nurse surveyors; and (2) an assessment of strategies other than salary that the federal government and other states use to retain nurse surveyors. This report shall be submitted by October 1, 2017, and the committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and will revert to the General Fund if the report is not submitted.

Explanation: The budget committees are concerned about the safety of the State's health care facilities regulated by the Office of Health Care Quality with the chronic staffing shortage that plagues the agency. The agency has had large staffing deficits for over a decade that impinge its ability to meet statutory mandates. The committees request that DHMH provide the budget committees with a three-year plan to fully staff the agency to be compliant with its statutory staffing analysis study. M00Q01.03 Medical Care Provider Reimbursements

Add the following language:

All appropriations provided for program M00Q01.03 Medical Care Provider Reimbursements are to be used for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose.

Explanation: The language restricts Medicaid provider reimbursements to that purpose.

Amendment No.

57

Amend the following language on the general fund appropriation:

Further provided that this appropriation shall be reduced by ~~\$25,000,000~~ \$20,000,000 contingent upon the enactment of legislation suspending the reduction in the Medicaid Deficit Assessment for fiscal year 2018 only. Authorization is hereby provided to process a special fund budget amendment up to ~~\$25,000,000~~ \$20,000,000 from Hospital Assessments to support Medicaid provider reimbursements.

Explanation: The language makes two technical amendments to conform with actions taken to the Budget Reconciliation and Financing Act of 2017.

Amendment No.

58

Add the following language to the general fund appropriation:

Further provided that \$375,000 of this appropriation made for the purpose of a managed care rate-setting study may not be used for that purpose and instead shall be expended only for provider reimbursements. Funding not used for this restricted purpose shall revert to the General Fund.

M00Q01

Explanation: The language restricts funding included in the fiscal 2018 budget for a managed care rate-setting study to be used only for provider reimbursements based on estimates of significant deficiencies in the budget for those reimbursements.

Amendment No.

59

Add the following language to the general fund appropriation:

Further provided that \$850,000 of this appropriation made for provider reimbursements may not be made for that purpose and instead shall be expended only to implement an opioid risk reduction pilot program. The purpose of the program is to improve Medicaid patient safety and clinical outcomes for individuals being prescribed for long-term opioid therapy for chronic pain. In implementing the program, the State shall contract with a company for urine drug monitoring that uses clinically driven health services including complex claims review and medication management. As part of the same contract, the State shall require the successful vendor to contract with a Maryland nonprofit statewide physician organization for physician outreach and education services. It is the intent of the General Assembly that the Department of Health and Mental Hygiene apply for any waiver necessary to use federal matching funds as part of the pilot. However, if the department is unable to receive a waiver to implement the pilot program, the department should proceed using State funds only. Funding not used for this restricted purpose may not be transferred or otherwise expended and shall revert to the General Fund and/or be canceled.

Explanation: The language restricts funding for an opioid risk reduction pilot program and establishes criteria for the program. The language expresses intent that the Department of Health and Mental Hygiene seek a federal waiver to obtain federal matching funds for the program but that if no such waiver is forthcoming, it proceeds with State funds.

Amendment No.

Add the following language to the special fund appropriation:

, provided that authorization is hereby provided to process a special fund budget amendment up to \$5,794,096 from the Cigarette Restitution Fund to support Medicaid provider reimbursements.

Explanation: The language authorizes the transfer of \$5.8 million from the Cigarette Restitution Fund (CRF) to support Medicaid reimbursements. This transfer is dependent on reductions to other programs supported through the CRF in the fiscal 2018 budget (\$1.0 million for the tobacco transition program and \$4.8 million for nonpublic schools).

Committee Narrative

Connecting Individuals Transitioning from the Criminal Justice System to Health Care: The Department of Health and Mental Hygiene (DHMH) has been making various efforts to ensure that individuals transitioning from the criminal justice system connect to health care coverage. Since most of these individuals are likely Medicaid-eligible under current law, making these connections can offset potentially expensive subsequent medical interventions. The department's efforts include the extension of hospital presumptive eligibility to individuals transitioning from the criminal justice system and making enrollment changes. The committees are interested in monitoring the progress of DHMH and its partner, the Department of Public Safety and Correctional Services (DPSCS).

Efforts to Reduce Lead Poisoning and the Incidence of Asthma in Children Enrolled in Medicaid: The fiscal 2017 budget restricted funding until the Medical Care Programs Administration (Medicaid) submitted a report on ways to reduce lead poisoning in children enrolled in Medicaid. The subsequent report contained a number of recommendations including applying for a State plan amendment allowed under the Children's Health Insurance Program to cover lead abatement work as well as improvements to reduce the incidence of asthma. The committees are interested in the implementation of the report's recommendations and what Medicaid and its partners are able to accomplish if the State plan amendment is granted.

Examination of the Integration of Behavioral and Somatic Health Services: A condition of its most recent HealthChoice waiver renewal approved by the Center for Medicare and Medicaid Services (CMS) was the requirement that the Department of Health and Mental Hygiene (DHMH) examine its integration strategy with regard to behavioral and somatic health services and commit to an improved approach. DHMH has to commit to specifying an integration approach to CMS by January 1, 2018, and submit a concept design for integrated care by July 1, 2018, with a goal toward implementation by January 1, 2019. The committees request that DHMH submit a report summarizing the approach that it submits to CMS together with a preliminary timeline for the concept design submission.

Hepatitis C Treatment: The emergence of breakthrough drug treatments for individuals with Hepatitis C offer the promise of high rates of cure with limited side effects. However, the cost of these therapies is significant. As a result, Medicaid has established certain criteria for

M00Q01

individuals to be eligible for the new therapies including diagnosis with chronic Hepatitis C; having liver fibrosis corresponding to a Metavir score of 2 or more; that the prescriber self-attests to having experience in treating patients with Hepatitis C; and if of childbearing age or having a partner of childbearing age, utilizing two forms of contraception. Coverage for new therapies has generated significant controversy and litigation in other states, in some cases resulting in more liberal coverage criteria.

The committees are interested in obtaining more information about the criteria used by Medicaid and request a report reviewing:

- the clinical literature to assess what is the appropriate Metavir score to begin coverage of the new therapies;
- an estimate of the number of individuals annually that would be covered if the Metavir score criteria was lowered to 1 and 0;
- the associated annual cost for covering drug therapies at a Metavir score of 1 and 0, net of drug rebates;
- the savings associated with starting treatment at an earlier Metavir score of 1 or 0; and
- the cost implications for the Department of Public Safety and Correctional Services (DPSCS) if it chooses to likewise lower the Metavir score to 1 and 0 for individuals in the State correctional system.

Opiate Dependence Treatment Medications: Effective July 1, 2016, Medicaid designated suboxone film as “nonpreferred” on the Maryland Medicaid Preferred Drug List while adding Zubsolv tablets to that same list. Both drugs are used as opiate dependence treatments. In order to continue to receive suboxone film, prior authorization was required. Medicaid’s decision was prompted by concerns raised by the Department of Public Safety and Correctional Services (DPSCS) about the smuggling of suboxone film into State correctional facilities. The committees are interested in following up on the impact of this decision and request that Medicaid and DPSCS submit a report detailing:

- addiction and mortality rates due to opiates in State prisons;

M00Q01

- data on the actual smuggling of opioids and opiate dependence treatment medications into prisons, specifically comparing fiscal 2016 and 2017 (i.e., immediately before and after the change in the Maryland Medicaid Preferred Drug List);
- the number of prior authorization requests received to continue prescribing suboxone film in fiscal 2017 and the number of those requests approved;
- an analysis of the utilization of opiate dependence treatment medications prescribed in fiscal 2016 and 2017 in order to determine any change in practice;
- the relative change in pharmacy costs (on a total and per capita basis) net of rebates for opiate dependence treatment medications by specific medication in fiscal 2016 and 2017; and
- any impact in costs to providers.

Department of Human Resources

Budget Amendments

Add the following language:

Provided that the spending in fiscal 2018 of the Temporary Assistance for Needy Families federal funds shall not exceed \$249,874,106.

Explanation: The Department of Human Resources (DHR) has run a deficit of the Temporary Assistance for Needy Families (TANF) funds since fiscal 2011. At the close of fiscal 2016, the deficit was \$20.4 million. The fiscal 2017 working appropriation and fiscal 2018 allowance should assist DHR in reducing the deficit if TANF spending is not increased during the fiscal year beyond the levels currently budgeted. The level of TANF spending included in the fiscal 2018 allowance is near the maximum that could be spent based on anticipated TANF receipts in that year. To ensure that the department does not further increase the deficit by increasing TANF spending and to ensure that the department can begin to reduce the deficit, this language restricts TANF spending to the amount included in the fiscal 2018 allowance.

N00A01.01 Office of the Secretary

Add the following language to the general fund appropriation:

, provided that \$50,000 of the administrative appropriation may not be expended unless the Department of Human Resources includes Earned Income Tax Credit performance measures, goals, and objectives in the fiscal 2019 Managing for Results submission.

Explanation: Narrative in the 2015 Joint Chairmen’s Report requested the Department of Human Resources (DHR) to include goals, objectives, and performance measures related to the State Earned Income Tax Credit (EITC) in its fiscal 2017 Managing for Results (MFR) submission. The fiscal 2017 MFR submissions did not include measures related to the EITC. As with the fiscal 2017 submissions, the fiscal 2018 MFR submissions did not include EITC performance measures.

This language withholds a portion of DHR’s budget pending the submission of EITC performance measures in the fiscal 2019 MFR submission.

65

Add the following language to the general fund appropriation:

Further provided that since the Department of Human Resources (DHR) Office of the Secretary has had four or more repeat audit findings in the most recent fiscal compliance audit issued by the Office of Legislative Audits (OLA), and DHR failed to completely resolve, or make adequate progress toward resolving, those repeat audit findings, \$50,000 of this agency’s administrative appropriation may not be expended unless:

- (1) DHR has reported the corrective action taken with respect to all repeat findings on or before November 1, 2017; and
- (2) a report is submitted to the budget committees by OLA listing each repeat finding along with an assessment of the corrective action taken by DHR for each repeat finding. The budget committees shall have 45 days to review and comment to allow funds to be released prior to the end of fiscal 2018.

Explanation: The Joint Audit Committee has requested that budget bill language be added for each unit of State government that has four or more repeat audit findings in its most recent fiscal compliance audit. Each such agency is to have a portion of its administrative budget withheld

pending the adoption of corrective action by the agency and a determination by OLA that each finding was corrected. OLA shall submit reports to the budget committees on the status of repeat findings.

If OLA reports that an agency fails to completely resolve or make adequate progress toward resolving those repeat audit findings, the Joint Audit Committee requests that \$50,000 in general funds is withheld from each agency's appropriation in the fiscal year following the OLA report until more satisfactory progress has been made toward resolution of those repeat findings.

N00A01.04 Maryland Legal Services Program

Add the following language to the general fund appropriation:

, provided that \$13,087,212 of this appropriation made for the purpose of the Maryland Legal Services Program may be expended only for that purpose. Funds not used for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The language restricts the general fund appropriation of the Maryland Legal Services Program (MLSP) to that purpose and if it is not needed for that purpose requires that the funds revert to the General Fund. During the fiscal 2013 closeout process, the Department of Human Resources recorded an unprovided-for payable in the MLSP. That was the second consecutive year an unprovided-for payable was recorded and the fourth since fiscal 2007. Given the important function of the MLSP, it remains necessary to ensure the program is adequately funded. Similar language has been adopted in the last three fiscal years.

Add the following language to the general fund appropriation:

Further provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds not expended shall revert to the General Fund.

Explanation: This language restricts general funds appropriated for foster care payments to that use only. This restriction prevents a transfer of general funds to other programs that might create or increase a deficit in spending in the Foster Care Maintenance Payments Program (N00G00.01).

Amendment No.

68

Add the following language to the general fund appropriation:

Further provided that \$200,000 of this appropriation made for the purpose of a new Foster Youth Savings Program shall be restricted pending the submission of two reports to the budget committees. The first report shall be submitted by July 1, 2017, and provide a detailed implementation plan for the Foster Youth Savings Program, including (1) the match terms; (2) limitations on withdrawals of matched funds; (3) type of accounts offered; (4) how children will be enrolled in the program; and (5) the types of education and financial literacy courses required as part of the program. The second report shall be submitted by December 1, 2017, and provide information on the number of youth participating, amount of matched savings provided, and implementation challenges. The budget committees shall have 45 days to review and comment. Funding shall be released in \$100,000 increments for the submission of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted.

Explanation: The fiscal 2018 allowance includes funding for a new Foster Youth Savings Program in the Department of Human Resources (DHR) Foster Care Maintenance Payments Program. The program is to serve transition-aged foster youth. The program is new and little is currently known about how the program will be implemented. The language restricts funds pending the receipt of two reports. The first report requests information on how the program

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce funds for a new Foster Youth Savings Program to account for startup delays. The Department of Human Resources is still in the process of determining a number of aspects of the program including the match rate, withdrawal restrictions, and account type. Given the stage of development of the program, this reduction would account for the startup delays associated with a new program. If the department can demonstrate the need for additional funds in fiscal 2018, a deficiency appropriation could provide additional support. N00G00.02 Local Family Investment Program

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce general funds based on the availability of additional federal funds. The fiscal 2018 allowance includes \$27.3 million in federal funds available from the State Administrative Matching Grants for the Food Stamp Program in the Local Family Investment Program, a decrease of approximately \$9.3 million compared to the fiscal 2017 working appropriation and \$17.3 million compared to fiscal 2016. Given the declining caseloads, some reduction in federal funds receipt would be expected. However, the Department of Human Resources estimates that funds should still be received at near the level in the fiscal 2017 working appropriation. This action reduces general funds by an amount equivalent to the additional federal funds that should be available to the program. The reduction should be allocated among the programs and activities of the Local Family Investment Program. Even with this reduction, the Local Family Investment Program has sufficient funds to match the estimated federal fund spending in fiscal 2018.	9,300,000 GF

Committee Narrative

Food Supplement Employment and Training Performance Measures: With the end of the waiver of the time limit for the able-bodied adults without dependents (ABAWD), the performance of the Food Supplement Employment and Training (FSET) program has increased in importance. In fiscal 2018, \$1.2 million is available for jurisdictions including those in which the ABAWD time limit is in effect and an additional \$201,125 is available for two community-based organizations to operate an FSET program. The committees are interested in understanding more about the effectiveness of these programs, particularly for ABAWD participants. The committees request that the Department of Human Resources (DHR) provide information on:

- a description of the programs offered;
- performance in each of the national performance measures for the FSET program for federal fiscal 2017, including both the total population and ABAWD population;
- performance in the State option measures identified in the State plan for program components serving 100 or more individuals for federal fiscal 2017, including both the total population and ABAWD population;
- the number of individuals determined ineligible for benefits due to the ABAWD time limit; and
- the number of individuals that regained eligibility after complying with or showing an exemption from the ABAWD time limit.

Funds not expended or transferred shall revert to the General Fund.

Explanation: This annual language restricts general funds appropriated for local child welfare services to that use only or for transfer to N00G00.01 Foster Care Maintenance Payments.

Amendment No.

Add the following language to the general fund appropriation:

Further provided that \$100,000 of this appropriation made for the purpose of the Local Child Welfare Services Program may not be expended until the Department of Human Resources submits a report to the Senate Budget and Taxation Committee, the Senate Judicial Proceedings Committee, the House Appropriations Committee, and the House Judiciary Committee on the plans of each local department of social services (LDSS) for partnering to provide and promote affordable housing and employment opportunities for former foster youth. The submission shall include the plans for each LDSS. Each LDSS plan shall:

- (1) describe any existing efforts to address the housing and employment needs of former foster youth (after their Child in Need of Assistance or Guardianship case has closed), including how the Family Unification Program vouchers are used to support youth aging out of foster care;
- (2) propose new strategies, including ways to partner with private and public sector employers and workforce development entities including the local workforce investment boards, to provide job opportunities for former foster youth;
- (3) provide and take into account projections of the number of youth expected to exit foster care at age 21 each year for the next four years; and
- (4) propose potential partnerships with the Department of Housing and Community Development, local public housing authorities, and community-based organizations to support the placement of former foster youth (once the child leaves the child welfare system) into safe, stable, and affordable housing.

The report shall be submitted by June 1, 2018, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Explanation: Chapter 685 of 2015 requires the juvenile courts to review, as part of a permanency planning or review hearing for a child who is at least age 18, to make a finding as to whether LDSS has made reasonable efforts to enroll the child in health insurance that will continue after the child is emancipated; screen the child for eligibility for public assistance and assist the child with applications for public benefits before the child is emancipated; work with

N00G

appropriate individuals to establish a plan for stable housing that is expected to remain available for at least 12 months after emancipation; and work with appropriate individuals to engage the child in education, training, and employment activities. Chapter 685 required the Department of Human Resources (DHR) to submit a report on the LDSS plans related to housing and employment activities; however, the report did not address programs available after emancipation. This language restricts funding until DHR submits a report on plans of LDSS related to housing and employment for transitioning youth and emancipated youth.

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce funds for step increases provided as part of the Montgomery County block grant. The reduction should be allocated among the programs in which the block grant is budgeted. The Department of Human Resources indicates that although it annually budgets for step increases as part of its calculation of the Montgomery County block grant, these funds are not provided if State employees do not receive a step increase. The fiscal 2018 budget does not include funds for State employee step increases. As a result, the funds budgeted for this purpose will not be required.	194,005 GF 207,974 FF	
2. Delete funds for grants received by various local departments of social services (LDSS) from the Governor's Office of Crime Control and Prevention (GOCCP). These grant funds are applied for, and received directly, by LDSS from GOCCP, but are budgeted as special funds in the Department of Human Resources (DHR). However, to avoid double counting the spending of the grant dollars in the State budget, these special funds should be deleted. DHR should process a reimbursable fund budget amendment to authorize the spending of these funds.	206,024 SF

Committee Narrative

Child Welfare Caseload Data: The committees believe that maintaining an adequate child welfare workforce is essential to improving outcomes for children entering the State's care. Therefore, in order to maintain oversight of this important issue, the committees request that the Department of Human Resources (DHR), on November 15, 2017, report to the committees on the annual average number of cases and filled positions assigned, by jurisdiction, for the following caseload types using 12 months of data through August 2017:

- intake screening;
- child protective investigation;
- consolidated home services;
- interagency family preservation services;
- services to families with children – intake;
- foster care;
- kinship care;
- family foster homes – recruitment/new applications;
- family foster home – ongoing and licensing;
- adoption;
- interstate compact for the placement of children; and
- caseworker supervisors.

Review of Services Available to Parents with Disabilities: The Department of Human Resources (DHR) does not remove children from their home solely due to a parent's disability. Caseworkers work with parents to assess the services needed for a child to remain in the home or to be reunified with their parents if the child has been placed in out-of-home care. DHR has funding for some types of services, such as in-home aide services. The Title IV-E Waiver presents an opportunity to support additional family preservation and post-reunification services including services specific to parents with disabilities. However, the committee is concerned about whether adequate resources exist in communities to address the needs of parents with disabilities, including both physical and developmental disabilities, such as alternate styles of parenting courses that address different learning styles or needs. Therefore, the committees request DHR, in consultation with the Maryland Department of Disabilities (MDOD), submit a report (1) identifying services available in the community to address family preservation or post-reunification needs for parents with disabilities; (2) identifying gaps in services and options for addressing the gaps; and (3) reviewing best practices in providing family preservation and post-reunification services to parents with disabilities.

Feasibility of Creating a Benefit for the Purchase of Diapers: The committees are concerned about the cost of purchasing diapers for low-income households. The committees are interested in the feasibility of creating a State supplemental benefit for the purchase of diapers. The committees request that the Department of Human Resources (DHR), in conjunction with the Department of Health and Mental Hygiene (DHMH) and the Maryland State Department of Education (MSDE), submit a report discussing the feasibility of creating this type of benefit. The report should discuss options for implementing the benefit including:

- the appropriate benefit size;
- the appropriate agency to administer the benefit;
- the appropriate method of administering the benefit, such as through either the Supplemental Nutrition Assistance Program or the soon to be implemented Women, Infants, and Children electronic benefit transfer cards;
- the appropriate eligibility criteria, including if the benefit should be provided to a subset of recipients of a current public benefit; and
- a review of options proposed in other states or federally in order to create similar benefits.

Temporary Disability Assistance Payments Program: The committees are concerned that a monthly benefit of \$185 for the Temporary Disability Assistance Program is insufficient to meet the needs of program recipients. The benefit has not been increased in at least 10 years. It is the intent of the budget committees that the Department of Human Resources evaluate the adequacy of the current benefit and consider increasing the monthly benefit in fiscal 2019.

Changes to the Temporary Assistance for Needy Families Program: The most recent re-authorization for the Temporary Assistance for Needy Families (TANF) program ended in federal fiscal 2010. Since that time, TANF has operated under a series of extensions. The current extension ends April 28, 2017. In recent sessions of Congress, bills have been introduced or discussed to re-authorize or make changes to the program. These bills would have modified work participation requirements and made changes to rules related to TANF and Maintenance of Effort (MOE) spending. The committees are concerned about the potential impact of any changes to TANF or contained as part of any re-authorization of TANF. The committees request that the Department of Human Resources (DHR) provide notification of any federal changes to TANF that the State must adopt as a condition of accepting TANF or that the State chooses to adopt that would impact TANF-related benefits (eligibility, benefit levels, or types of benefits provided), work participation requirements, work participation calculations, State spending including spending of TANF or MOE, or changes to the type of spending that counts toward MOE.

Energy Assistance Application Processing Times: The committees are interested in continuing to monitor the progress of local administering agencies (LAA) of the Office of Home Energy Programs in improving energy assistance application processing timeliness. Although progress is evident, some LAAs have experienced worsening performance. The committees request that the Department of Human Resources (DHR) provide by LAA (1) the number of applications received; (2) the average number of days to process applications; (3) the number and percent of applications processed within 30 days, 55 days, and longer than 60 days; and (4) the date of the data.

Implementation of the Supplemental Targeted Energy Program: In fiscal 2018, the Department of Human Resources (DHR) Office of Home Energy Programs plans to introduce a new Supplemental Targeted Energy Program (STEP). Under the STEP, participating households will receive an additional benefit if the recipients undertake certain activities related to energy education, self-sufficiency, and service coordination. The committees are interested in understanding the impact of this change. The committees, therefore, request that DHR submit two reports on program implementation. The first report should include information on the process for identifying administering agencies for the new benefits and how those administering agencies coordinate with the existing local administering agencies for the regular energy assistance programs (if it is not the same entity) and any challenges experienced during program implementation. The second report should provide information on (1) the number of individuals who participate in the program; (2) the number of those participating who earn each type of incentive; and (3) the dollar value of incentives earned (both cumulative and on average).

OFFICE OF THE SECRETARY

P00A01.01 Executive Direction

Add the following language to the general fund appropriation:

, provided that \$250,000 of this appropriation made for the purpose of the Employment Advancement Right Now program may not be expended until the Department of Labor, Licensing, and Regulation submits a report to the budget committees and the House Economic Matters Committee on the demographics and performance of each partnership. The report shall include how many students are enrolled with each partnership, their demographic information, county of residence, educational attainment, and if the participant has received employment or wage promotion in the partnership industry. The report shall be submitted by September 1, 2017, and the committees shall have 45 days to review and comment. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the committees.

Explanation: This report should provide the information necessary to adequately assess the performance of the program Employment Advancement Right Now (EARN) using quantitative data. This data includes the demographics of enrolled students including their county of residence and educational attainment and should outline the progression of enrolled participants by program. The report should provide a clear synopsis of participant success by partnership using transparent data to outline success or challenges of the partnership.

Add the following language to the general fund appropriation:

Further provided that \$500,000 of this appropriation made for the purpose of Executive Direction may not be expended until the Department of Labor, Licensing, and Regulation submits two reports to the budget committees on the work of the Employment Standards and Safety Inspection. The Employment Standards shall provide a report including (1) a current organizational chart outlining the current staff, vacant positions, the hierarchy of the department, and the Spanish-speaking employees; (2) the number of complaints received by the unit broken down by complaint type including, minimum wage, overtime violations, and wage misclassification, the county they were filed in, and the language the complaint was filed in; (3) the time it takes to process a complaint from intake to complaint closure; (4) the number of complaints that result in investigations and enforcement actions against the company; (5) the number and percent of written complaints that, after filing, are resolved without investigation and any explanation for each decision not to investigate; (6) the criteria for initiating an investigation; (7) an explanation of requirement for complainants to provide a written letter to their employer for unpaid wages; and (8) the outreach activities of the unit including the number and location of outreach events for fiscal 2012 to 2017.

The Maryland Occupational Safety and Health Administration shall provide a report including (1) a current organizational chart outlining the current staff, vacant positions, the hierarchy of the department, and the Spanish-speaking employees; (2) the actions that have been or will be taken to attract new employees and improve retention; (3) the metric used to determine the optimum number of health and safety inspectors; (4) the total number of full-time equivalents dedicated to the Voluntary Protection Program and the number of Voluntary Protection Program site visits conducted; (5) a detailed explanation for the decrease in the number of inspections opened and investigated; (6) a detailed explanation for failing to meet the annual enforcement goals described in the Federal Annual Monitoring and Evaluation Reports and what actions the agency is taking or plans to take to improve performance in order to meet these goals; (7) a detailed explanation for the decline in annual inspections and what actions have been or will be taken to address known or foreseeable challenges to performing inspection and enforcement responsibilities; (8) the procedures used to gather, review, and utilize enforcement data, including geographic location and demographic data, to plan enforcement activities for scheduling and prioritizing programmed inspections, including written documentation of the site-specific targeting program; and (9) the procedures for reviewing and adopting federal Occupational Safety and Health Act directives and standards notices and a list of all directives and standards notices received, noting the date received, the action taken, and, if rejected, a reason for the rejection for fiscal 2012 to 2017.

These reports shall be submitted by October 1, 2017, and annually thereafter; and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of these reports may be released in the amount of \$250,000 for each report received but may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted.

Next Generation 9-1-1: The Emergency Number Systems Board (ENSB) Technology Committee has developed a series of requirements for Next Generation 9-1-1 (NG 9-1-1), specifically for an emergency services Internet-protocol network and call routing. ENSB reviewed those requirements and decided that it was in the State's best interest to contract with a consultant to assist with the Request for Proposal (RFP) process. The RFP will locate an organization to conduct the NG 9-1-1 rollout. Once this process is complete, the contractor and the Department of Public Safety and Correctional Services (DPSCS) will determine what services are needed and the associated costs. The department should provide an update to the budget committees on the status of the contractor, the progress made, as well as associated costs, a timeline, and funding sources and options by June 30, 2018.

- the audit and review process for the software, its use, and user involvement;
- the facial recognition system and process;

Q00B01.01 General Administration

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation may not be expended until the Department of Public Safety and Correctional Services (DPSCS), in consultation with the Department of Budget and Management, submits a report to the budget committees providing the following information:

- (1) fiscal 2015, 2016, and 2017 data on the number of employees, delineated by category (correctional officer, parole and probation agent, or administrative), leaving DPSCS employment within 6, 12, and 24 months of hire;

Q00B

- (2) fiscal 2015, 2016, and 2017 data on the number of employees, delineated by category (correctional officer, parole and probation agent, or administrative), leaving DPSCS employment by reason for the separation;
- (3) the amount of nonvoluntary overtime hours worked by DPSCS employees between May 2017 and October 2017;
- (4) the distribution of overtime hours worked and amount earned among DPSCS correctional employees in fiscal 2015, 2016, and 2017; and
- (5) a detailed plan for reducing the number of vacancies throughout the department, particularly among correctional officer and administrative staff. The plan should include an evaluation and fiscal estimate of solutions addressing compensation, improvements in employee wellness, the potential for utilizing part-time or retired staff, potential operating efficiencies designed to lessen staffing needs, using civilian positions in lieu of uniformed personnel, and relaxation of hiring standards.

The report shall be submitted by November 1, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: DPSCS is facing a staffing crisis. As of January 1, 2017, the departmentwide vacancy rate was 15.3%. The majority of the vacancies occur within the correctional and administrative staff, which have January 2017 vacancy rates of 13.9% and 20.3%, respectively. DPSCS is implementing a variety of strategies to improve recruitment; however, further analysis of the staffing issue and potential solutions is warranted. This language restricts funds until DPSCS provides a variety of staffing data that is currently not available but would prove useful in conducting a comprehensive evaluation of the department's ongoing staffing struggles. Additionally, the language requires DPSCS to develop a detailed plan for addressing the nearly 1,300 vacant positions that remain following the elimination of 400 vacancies in the fiscal 2018 budget. The report must be submitted to the budget committees no later than November 1, 2017.

- the availability of gynecological services in comparison to the size and needs of the population at the facility;
- the availability of pre-release services and job opportunities for female offenders and whether the closure of the Baltimore Pre-release Unit for Women in Baltimore City has impacted these services;

The budget committees request that the Division of Parole and Probation (DPP) submit a report that includes the following items by October 1, 2017:

- the expressed policies or rules regarding the use and enforcement of the State's Ignition Interlock Program;
- the number of Ignition Interlock violation cases that are pursued by DPP annually, the outcomes of these cases, and the frequency of these cases; and

Q00G00.01 General Administration

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of departmental operations may not be expended until the Police and Correctional Training Commissions (PCTC) submits the following information to the budget committees:

- (1) PCTC's plan to comply with the finalized U.S. Department of Justice consent decree with the Baltimore Police Department and with the consent decree's specific mentions of PCTC involvement and/or oversight regarding regulations, notification, police training, and overall reform efforts;
- (2) PCTC's policies or rules for making a determination as to whether Maryland police departments' training programs or procedures are subject to approval;
- (3) PCTC's specific plan regarding PCTC approval of the official Baltimore Police Department Training Plan mentioned in the consent decree;
- (4) all written policies regarding PCTC oversight of police firearms regulations and standards; and
- (5) PCTC's policies or rules regarding when local jurisdictions' police departments are required to notify PCTC in the event of officer misconduct and officer resignations while misconduct or disciplinary charges are pending.

The report shall be submitted to the budget committees no later than July 1, 2017, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: A U.S. Department of Justice (DOJ) investigation of the Baltimore Police Department (BPD) conducted in the wake of the death of Freddie Gray and the subsequent civil unrest, revealed that BPD has systemic deficiencies in policies, training, supervision, and accountability structures. As a result, DOJ entered into a consent decree with BPD that allows for new police training and procedures. In addition, the consent decree mentions that new BPD practices could be, in some cases, subject to what is already routine PCTC oversight.

Q00G

The consent decree specifically mentions PCTC and its possible involvement in the following three areas: (1) BPD will track officers' qualifications and require that officers successfully qualify in accordance with the PCTC firearm regulations and standards; (2) BPD must establish a robust training program that may be subject to approval and/or may be conducted by PCTC; and (3) BPD will provide the required notice to PCTC when an officer resigns while a misconduct investigation or disciplinary charges are pending. This language restricts funds pending the receipt of information regarding PCTC involvement with the consent decree, specific policies mentioned in the consent decree, and PCTC's plan to provide assistance to BPD, based on the finalized consent decree.

Maryland Police Training and Standards Commission: Chapter 519 of 2016 requires the implementation of several policy changes resulting from the Public Safety and Policing Workgroup. The provision with the largest impact on the Police and Correctional Training Commissions (PCTC) is the reconstitution of the Police Training Commission as an independent Maryland Police Training and Standards Commission. PCTC should report to the budget committees on their progress toward forming the new commission, including any associated costs, implementation challenges, and progress made to procure new database software and conduct a needs assessment for a Scenario-based Learning program. DIVISION OF PRETRIAL DETENTION

Q00T04.09 General Administration

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation shall be restricted until the Department of Public Safety and Correctional Services (DPSCS) conducts a new post-by-post security staffing analysis for each of its custodial facilities in order to identify the actual number of regular positions needed to safely and securely staff the State's correctional institutions. DPSCS shall provide a written report to the budget committees no later than December 1, 2017, with biannual submissions thereafter, summarizing the results of the analysis and explaining the need for any staffing changes resulting from the staffing analysis or changes in policy that require the use of additional positions. To the extent possible, the analysis should discuss ways the department is generating operating efficiencies in lieu of the need for additional positions. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: This action requires DPSCS to regularly conduct a post-by-post security staffing analysis and submit a summary report to the budget committees no later than December 1, 2017, explaining the need for any changes in staffing. Providing proper staffing can have an impact on the amount of overtime used by the custodial agencies. Since fiscal 2010, DPSCS has identified the need for positions beyond its existing authorization; however, recent changes to the facility complement and declines in the offender population have made analysis of the staffing need convoluted. Conducting regular staffing assessments should assist the department and the General Assembly in monitoring the staffing and overtime situation in the State's correctional and detention facilities. This language is modified from prior years to additionally request that the department address the potential for offsetting staffing needs by identifying alternative operating efficiencies.

Evaluation of the Cell Phone Managed Access System: A managed access system was implemented at the Metropolitan Transition Center in April 2013 to alleviate the considerable staff resources dedicated to cell phone confiscations. The system was expanded to include the Baltimore City Detention Center the following year. In fiscal 2018, the Department of Public Safety and Correctional Services (DPSCS) made a decision to move away from expanding its cell phone managed access system, primarily because of the cost. Maintenance for the system averages \$300,000 annually. DPSCS has indicated the availability of less costly, more portable technology to assist with cell phone interdiction. Given the annual expense of operating the existing managed access system, the budget committees request that DPSCS conduct a performance evaluation of the technology, including a cost-benefit analysis, to determine whether use of the system should continue, despite the availability of less costly technology. The report should be submitted to the budget committees by October 30, 2017.

Improving Gender and Racial Diversity: The budget committees are concerned with limited gender and racial diversity among teachers and principals in the State. The committees request that the Maryland State Department of Education (MSDE) submit a report detailing the continued efforts to increase diversity in hiring and in promotion for education professionals statewide. The report should provide the most recent demographic breakdown of teachers and principals by race, ethnicity, and gender for Maryland's local education agencies (LEA), in addition to providing the same demographic breakdown for new teacher and principal hires for LEAs in calendar 2016 and 2017. The report should also identify specific strategies, goals, and recommendations for legislation to increase diversification among Maryland's education professionals. Literacy in Maryland: The budget committees are concerned with the literacy gap existing in Maryland, particularly for children from age 3 to grade 3 who may need intervention due to them having low literacy. Therefore, the Maryland State Department of Education (MSDE) should study the need for an evidence-based early literacy intervention model that would provide targeted support for Maryland children from age 3 to grade 3 who are at risk of grade 3 reading failure. The study could include a focus on the following:

- leveraging dollars from AmeriCorps with State and school board dollars for programs that target the literacy gap in Maryland, modeled on the successful program in Minnesota; and
- closing the literacy gap in an efficient and effective way.

MSDE shall report to the budget committees on findings from their study by December 1, 2017. The report shall include recommendations for implementing an early literacy intervention model. These recommendations may draw on best practices from other states.

School Start Times and Student Outcomes: The budget committees continue to be concerned about how school start times affect student outcomes for middle and high school students. Therefore, the Maryland State Department of Education (MSDE) shall conduct a study examining the relationship between start times and student outcomes for schools as measured by the following:

- achievement, determined by Partnership for Assessment of Readiness for College and Careers, Maryland School Assessment, and Advanced Placement scores;
- attendance, determined by chronic absenteeism, both per Maryland (15 days or more) and federal (20 days or more) definitions;
- school safety, determined by number of disciplinary actions and bullying incidents; and
- graduation rates, determined by the four-year graduation rate as defined by the National Center of Education Statistics and MSDE.

The measures should be disaggregated and reported for all students, by race/ethnicity, free and reduced-price lunch qualification, English language learners, and disability over the past five years. By December 1, 2017, MSDE shall submit a report to the budget committees that details significant trends and findings from its study that it has found up to that point in time.

R00A02.13 Innovative Programs

Amend the following language to the general fund appropriation:

General Fund Appropriation, provided that this appropriation shall be reduced by ~~\$7,500,000~~ \$2,500,000 contingent upon the enactment of legislation repealing the mandate that funding be provided for the Public Schools Opportunities Enhancement Program.

Explanation: This action restores \$5 million in general funds for the Public Schools Opportunities Enhancement Program based on actions in the Budget Reconciliation and Financing Act of 2017.

Amendment No. **83**

R00A02

Add the following language to the general fund appropriation:

Further provided that funds for new Pathways in Technology Early College High (P-TECH) schools during the 2017-2018 school year may be used only for one P-TECH school for Allegany County Public Schools; one P-TECH school serving Queen Anne's County, Talbot County, and Caroline County Public Schools; and two P-TECH schools for Prince George's County Public Schools.

Explanation: This language specifies that funding used to operate new P-TECH schools during the 2017-2018 school year may only be used for one school in Allegany County, one school serving the Upper Eastern Shore, and two schools for Prince George's County.

Amendment No. **84**

Add the following language to the general fund appropriation:

Further provided that \$300,000 of this appropriation made for the purpose of providing funding for the Next Generation Scholars Program may not be expended for that purpose but instead may be used only to support the Bard High School Early College Baltimore. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This action adds language that specifies that \$300,000 in general funds not be expended for the Next Generation Scholars Program and instead may only be spent on the Bard High School Early College Baltimore, an early college high school that allows students to earn an associate's degree or credential alongside a high school diploma in four years. If the Governor chooses to not spend the funds for this restricted purpose, then the funds shall revert to the General Fund.

R00A03.02 Blind Industries and Services of Maryland

Managing for Results Submission: In the annual Managing for Results (MFR) submissions, Blind Industries and Services of Maryland (BISM) reports measures on hours of training provided in blindness skills to adult and senior citizens who are blind or low vision. There is some concern that the current MFR goal for BISM of at least 45,540 hours provided annually is too low to evaluate BISM's performance. BISM should include a more ambitious goal in its MFR submission for the 2018 session that is more in line with its performance in recent years.

Budget Amendments

R00A03.04 Aid to Non-Public Schools

Amend the following language to the special fund appropriation:

, provided that this appropriation shall be for the purchase of textbooks or computer hardware and software and other electronically delivered learning materials as permitted under Title IID, Section 2416(b)(4), (6), and (7) of the No Child Left Behind Act for loan to students in eligible nonpublic schools with a maximum distribution of \$65 per eligible nonpublic school student for participating schools, except that at schools where at least 20% from 20% to 40% of the students are eligible for the free or reduced-price lunch program there shall be a distribution of \$95 per student, and at schools where more than 40% of the students are eligible for the free or reduced-price lunch program there shall be a distribution of \$155 per student.

Explanation: This action amends language modifying the distribution of funding for the Aid to Non-Public Schools Program so that schools where more than 40% of the students are eligible for the free or reduced-priced lunch program receive \$155 per student. Similar language was included in the fiscal 2017 budget.

Amendment No. **88**

R00A03

Add the following language to the special fund appropriation:

Further provided that a nonpublic school participating in the Aid to Non-Public Schools Program R00A03.04 shall certify compliance with Title 20, Subtitle 6 of the State Government Article. A nonpublic school participating in the program may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. The sole legal remedy for violation of these provisions is ineligibility for participating in the Aid to Non-Public Schools Program.

Explanation: This action requires a nonpublic school participating in the Aid to Non-Public Schools Program to certify compliance with Title 20, Subtitle 6 of the State Government Article. It also specifies that a participating school may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Violating the provisions makes a school ineligible for participating in the Aid to Non-Public Schools Program. Similar language was included in the fiscal 2017 budget.

R00A03.05 Student Assistance Organization Business Entity Grants

Amend the following language to the special fund appropriation:

~~Further provided that up to \$150,000 of the appropriation may be used by MSDE to cover the reasonable costs of administering the BOOST Program~~

Further provided that MSDE shall submit a report to the budget committees by December 15, 2017, that includes the following:

- (1) the number of students receiving BOOST Program scholarships;
- (2) the amount of the BOOST Program scholarships received;
- (3) the number of certified and noncertified teachers in core subject areas for each nonpublic school participating in the BOOST Program;
- (4) the assessments being administered in accordance with federal and State law by nonpublic schools participating in the BOOST Program, as well as student performance on those assessments;

R00A03

- (5) in the aggregate, for each BOOST Program scholarship awarded (1) the nonpublic school and grade level attended by the student; (2) the school attended in the 2016-2017 school year by the student; and (3) if the student attended the same nonpublic school in the 2016-2017 school year, whether, what type, and how much nonpublic scholarship aid the student received in the 2016-2017 school year and will receive in the 2017-2018 school year;
- (6) the average household income of students receiving BOOST Program scholarships;
- (7) the racial breakdown of students receiving BOOST Program scholarships;
- (8) the number of students designated as English language learners receiving BOOST Program scholarships;
- (9) the number of special education students receiving BOOST Program scholarships;
- (10) the county in which students receiving BOOST Program scholarships reside;
- (11) the number of students who were offered BOOST Program scholarships but declined them, as well as their reasons for declining the scholarships and the breakdown of students attending public and nonpublic schools for students who declined scholarships; and
- (12) the number of students who received BOOST Program scholarships for the 2016-2017 school year who are attending public school for the 2017-2018 school year, as well as their reasons for returning to public schools.

Explanation: This language requires the Maryland State Department of Education (MSDE) to report on the distribution of the Broadening Options and Opportunities for Students Today (BOOST) Program scholarships, information on the students receiving BOOST Program scholarships, teacher certifications for nonpublic schools participating in the BOOST Program, and assessments being administered in nonpublic schools participating in the BOOST Program. The language also requires that MSDE report on students who choose to decline scholarships or attend public schools after participating in the BOOST Program in the past, along with their reasons for doing so. Finally, this language deletes language designating BOOST Program funding for administration, as this funding has already been included in the MSDE Headquarters budget, and is therefore unnecessary.

HIGHEd* Higher Education Overview

Committee Narrative

Institutional Aid, Pell Grants, and Loan Data by Expected Family Contribution Category:

In order to more fully understand all types of aid available to students, the committees request that data be submitted for each community college, public four-year institution, and independent institution on institutional aid, Pell grants, and student loans. Data should include, by expected family contribution (EFC), the number of loans and average loan size of federal subsidized and unsubsidized loans, and loans from private sources as reported to the Maryland Higher Education Commission (MHEC). Additionally, data should be provided on Pell grants, including the number and average award size by EFC. Finally, data should include the number of institutional aid awards and average award size by EFC for institutional grants, institutional athletic scholarships, and other institutional scholarships. The data in the response should differentiate between need-based aid and merit scholarships. Data should also include the number of institutional aid awards and average award size by EFC for tuition waivers/remissions of fees to employees and dependents and students. Waiver information for students should be reported by each type of waiver in State law. This report should cover fiscal 2017 data received by MHEC from State institutions and is to be submitted in an electronic format (Excel file).

Instructional Faculty Workload Report: The committees request that the University System of Maryland (USM), Morgan State University (MSU), and St. Mary's College of Maryland (SMCM) continue to provide annual instructional workload reports for tenured/tenure-track faculty. By focusing on these faculty, the committees gain a sense of the teaching activities for the regular core faculty. However, there are other types of instructional faculty at institutions such as full- and part-time nontenured/nontenure-track faculty including adjunct faculty, instructors, and lecturers. Focusing on only tenured/tenure-track faculty provides an incomplete picture of how students are taught. Therefore, the report should also include the instructional workload when all types of faculty are considered. Additional information may be included at the institution's discretion. Furthermore, the USM report should include the percent of faculty meeting or exceeding teaching standards for tenured/tenure-track faculty for the University of Maryland, Baltimore.

Report on Revised Comparable Funding Peers: Funding guidelines are used to assess how Maryland’s institutions are funded relative to comparable “peer” institutions in Maryland competitor states. Comparable institutions as outlined in the Commission to Develop the Maryland Model for Funding Higher Education report defines peers as those institutions of similar academic scope, comparable size, similar student profile, and the same Carnegie classification. However, in the most recent update of peer institutions, peers were selected based only on their Carnegie classification resulting in five University System of Maryland (USM) institutions having the same peer institutions. As a result, the funding guidelines do not allow for an accurate comparison of how Maryland funds its institutions compared to those in competitor states. Therefore, the committees request that the Maryland Higher Education Commission (MHEC), in consultation with USM, Morgan State University, the Department of Legislative Services, and the Department of Budget and Management, revise the funding peer institutions for each public four-year institution to include only those institutions in competitor states with comparable attributes to the “home” Maryland institution. Peers for the University of Maryland, College Park and the University of Maryland, Baltimore should be those institutions comparable to the University of Maryland campuses. The report should be submitted to the budget committees by September 15, 2017.

Any transfers of State-supported funds to the fund balance shall be at the discretion of the institution's President.

Explanation: This language stipulates that those University System of Maryland (USM) institutions that have a positive balance in their State-supported fund balance are not required to transfer State-supported funds to the fund balance as required by the USM Office or the Board of Regents. Furthermore, any transfers of State-supported funds to the fund balance will be at the discretion of the institution's President.

Add the following language to the unrestricted fund appropriation:

Further provided that \$70,000 of this appropriation made for the purpose of maintaining Hidden Waters shall be reduced. It is the intent of the General Assembly that the University System of Maryland Foundation assume full responsibility for the costs of maintaining Hidden Waters.

Explanation: This language reduces Towson University (TU) unrestricted (general fund) funds by \$70,000. These funds are related to maintaining Hidden Waters, the Chancellor's residence in Baltimore County. A fiscal 2017 budget amendment transferred the general funds from the University of Maryland, Baltimore to TU for ground maintenance, operations, and utilities of the residence. Since it is owned by the University System of Maryland Foundation, it is their responsibility to maintain the property.

The budget committees shall have 45 days to review and comment on the report. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The language restricts \$0.1 million of the current unrestricted (general fund) appropriation until the University of Maryland Eastern Shore (UMES) submits a report by November 10, 2017, to the budget committees on the actual fiscal 2017 revenues and expenditures by program area and the fiscal 2018 revenues and expenditures by program area based on the fall 2017 enrollment.

It is the intent of the General Assembly that the Maryland Higher Education Commission use its Need-Based Student Financial Assistance Fund's fund balance to provide for an increase of at least 2% in initial awarding of State support for total need-based student financial assistance in fiscal 2018 so that State support matches the expected increase in tuition at public four-year institutions.

Explanation: It is the intent of the General Assembly that State support for need-based student financial assistance should grow commensurate with the expected increase in tuition at public four-year institutions. The Maryland Higher Education Commission can use the fund balance from the Need-Based Student Financial Assistance Fund to augment the fiscal 2018 allowance to achieve this goal. This would require a transfer of approximately \$0.6 million.

R62I00.05 The Senator John A. Cade Funding Formula for the Distribution of Funds to Community Colleges

Add the following language to the general fund appropriation:

, provided that the appropriation made herein for local community colleges be reduced by \$296,405.

Explanation: This \$0.3 million reduction in general funds for local community colleges corrects for an overstatement of enrollment in the fiscal 2018 allowance.

Amendment No.

100

Add the following language to the general fund appropriation:

Further provided that \$3,000,000 of this appropriation shall be distributed only in proportion to the number of resident credit-seeking full-time equivalent students enrolled at each eligible institution during fiscal 2016, as determined by the Maryland Higher Education Commission (MHEC). To be eligible for grant funding, institutions must not increase fall 2017 tuition by more than 2%.

Further provided that \$1,000,000 of this appropriation shall be distributed only in proportion to the number of resident credit-seeking full-time equivalent students enrolled at each eligible institution during fiscal 2016, as determined by MHEC. Eligible institutions shall include Carroll Community College, Cecil College, Chesapeake College, and Wor-Wic Community College.

Funds restricted for these specific purposes may not be transferred by budget amendment or otherwise to any other purpose and if not expended for these purposes shall revert to the General Fund.

R62I00

Explanation: There is a new, one-time \$4 million grant for community colleges in fiscal 2018. This language directs the MHEC to distribute \$3 million to all community colleges who do not increase tuition by more than 2% based on each institution's resident credit-seeking full-time equivalent enrollment. The remaining \$1 million shall be distributed in the same manner, but only to the four community colleges specified in language.

Amendment No. **101**

R62I00.07 Educational Grants

Add the following language to the general fund appropriation:

, provided it is the intent of the General Assembly that the Office for Civil Rights Enhancement Fund be moved from the Maryland Higher Education Commission to the base budgets of the Historically Black Colleges and Universities beginning in fiscal 2019.

Explanation: This language expresses intent that Enhancement Funds for Historically Black Colleges and Universities be moved from the grants budget of the Maryland Higher Education Commission to the base budget of the institutions themselves beginning in fiscal 2019.

Amendment No. **102**

R62I00.10 Educational Excellence Awards

Add the following language:

Provided that funds appropriated for Education Excellence Awards may not be transferred to any other program or purpose.

Explanation: The language restricts funds for Education Excellence Awards to that purpose. The annual program carries a waiting list in excess of 10,000 students. By statute, unspent funds will be deposited in the Need-Based Student Financial Assistance Fund.

Amendment No. **103**

R62I00

R62I00.15 Delegate Scholarships

Add the following language to the general fund appropriation:

, provided that \$303,620 of this appropriation made for the purpose of Delegate Scholarships may not be expended for that purpose and instead may only be transferred by budget amendment to Educational Excellence Awards (R62I00.10) to be used for need-based student financial aid. Funds not used for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: In the fiscal 2018 allowance, there is approximately \$0.3 million more than necessary to allow the Delegate Scholarships program to grow with the expected increase in tuition at public four-year institutions. This language restricts \$0.3 million in funding for Delegate Scholarships so that it may only be transferred by budget amendment to the Educational Excellence Awards program to make additional need-based financial aid awards.

Committee Narrative

Report on Noncredit Student Data from Fiscal 2016: The Maryland Higher Education Commission (MHEC) has informed the budget committees that it is piloting a new data collection effort regarding completion in noncredit workforce training programs in fiscal 2016. The committees request MHEC summarize the data that is received and explain how MHEC and Maryland Longitudinal Data System are working together to determine the effectiveness of noncredit sequences in meeting the State's workforce needs.

Report on Best Practices and Annual Progress Toward the 55% Completion Goal: The committees understand that in order to meet the State's goal to have at least 55% of Maryland's residents age 25 to 64 holding at least one degree credential by 2025, accurate and timely information on degree progression and best practices is needed to ensure that the State is on track to meet the goal. The committees request that the Maryland Higher Education Commission (MHEC) annually collect and analyze student- and transcript-level data on progression, graduation, and other relevant metrics from each public institution of higher education, including community colleges and regional higher education centers. MHEC should submit a report by December 15 each year that analyzes the data and shows each institution's progress toward the

R62I00

State and institutional goals in 2025. The report should also include a summary of best practices and findings on the effectiveness of institutions' programs, as well as any concerns regarding lack of progress or best practices that are not being implemented by institutions.

In addition, the committees request that MHEC, in collaboration with the Governor's Prekindergarten-20 Council, convene a biennial Summit on Completion that provides a forum for representatives of all segments of education (including K-12), economic and workforce development, and other stakeholders to share best practices on college completion that are underway in Maryland and hear from experts on best practices in other states that may be replicated in Maryland. A summary of the summit should be included in the annual report on best practices and progress toward the 55% goal.

Report on State Financial Aid Application Deadline: The Maryland Higher Education Commission (MHEC) currently requires students to submit a Free Application for Federal Student Aid (FAFSA) by March 1 of each year to be considered for a State need-based financial aid award. The budget committees are concerned that some students with high financial need are excluded from consideration of State need-based financial aid awards because they may not make a decision to enroll in higher education until after March 1. MHEC should study the impact of extending the FAFSA deadline and report on the financial need of students who file FAFSAs near the deadline and beyond the deadline and also analyze the effect any deadline change would have on the student waitlist for State need-based financial aid awards. MHEC should consider deadlines used in other states for similar need-based financial aid programs.

Revised Report on Student Success at Historically Black Colleges and Universities: The Maryland Higher Education Commission (MHEC) has reported that it is interested in revising the annual Access and Success funding report that reviews cohort outcomes at historically black colleges and universities (HBCU). The budget committees concur and also request that MHEC include in its new report how the annual Office for Civil Rights HBCU Enhancement Funding is used to improve student success. The report should discuss changes in the methodology for evaluating the use of funds and how the HBCUs are progressing in improving student outcomes. MHEC should explore ways to make the new annual report more useful to HBCUs and other organizations and institutions in the P-20 continuum. The report is due by December 1, 2017.

Amendment No. **105**

Add the following language to the general fund appropriation:

Further provided that \$70,000 of this appropriation made for the purpose of Towson University to maintain Hidden Waters shall be reduced. It is the intent of the General Assembly that the University System of Maryland Foundation assume full responsibility for the costs of maintaining Hidden Waters.

R75T00

Explanation: This language reduces the Towson University (TU) general fund by \$70,000. These funds are related to maintaining Hidden Waters, the Chancellor's residence in Baltimore County. A fiscal 2017 budget amendment transferred the general funds from the University of Maryland, Baltimore to TU for ground maintenance, operations, and utilities of the residence. Since it is owned by the University System of Maryland Foundation it is their responsibility to maintain the property.

Amendment No. **106**

Add the following language to the general fund appropriation:

Further provided that this appropriation made for the purpose of Baltimore City Community College be reduced by \$750,000.

Explanation: This action holds Baltimore City Community College harmless to the working fiscal 2017 level of State support through the funding formula.

Amendment No. **107**

Add the following language to the general fund appropriation:

Further provided that, contingent upon the failure of enactment of HB 1595 and SB 1127, \$1,000,000 of this appropriation made for the purpose of operations at Baltimore City Community College (BCCC) may not be expended until the Board of Trustees of BCCC submits a draft implementation plan to the budget committees on the institution's follow-up to the comprehensive report from the Schaefer Center. The Board of Trustees shall consult with the President in developing the implementation plan. The draft implementation plan is due by February 1, 2018, and the final implementation plan is due by June 30, 2018.

The implementation plan shall explain how BCCC is:

- (1) strategically focusing core offerings of BCCC on the needs of students at BCCC and the workforce of Baltimore City, including review and, if needed, elimination of programs;
- (2) making workforce development and job placement top educational priorities of BCCC;
- (3) improving student pathways to success, including remedial education, attainment of a degree or a postsecondary certificate, and transfer to a four-year institution of higher education;

R75T00

- (4) improving student pathways to success with the Baltimore City Public School System, institutions of higher education, and employers;
- (5) aligning the budget of BCCC with realistic enrollment projections;
- (6) engaging in a comprehensive review of all positions, faculty, and staff at BCCC;
- (7) establishing strong relationships with key stakeholders, including:
 - (a) the Mayor of Baltimore City;
 - (b) the Mayor's Office of Employment Development;
 - (c) the Baltimore City Public School System;
 - (d) institutions of higher education located in Baltimore City;
 - (e) State agencies, including the Department of Labor, Licensing, and Regulation;
 - (f) private employers; and
 - (g) business and community organizations.
- (8) rebuilding and marketing the brand of BCCC;
- (9) addressing the information technology and infrastructure needs of BCCC, including whether oversight by the Department of Information Technology is advisable;
- (10) developing or selling all unused or underutilized real estate holdings, including the Inner Harbor site; and
- (11) identifying any barriers in State or local laws or regulations that impede the ability of BCCC to operate efficiently and effectively, including procurement and capital construction projects.

The budget committees shall have 45 days to review and comment from the date of receipt of the draft implementation plan. Funds restricted pending receipt of the draft implementation plan may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the draft implementation plan is not submitted to the budget committees.

Explanation: BCCC has previously submitted a response to the Schaefer Center's comprehensive report on BCCC's operations and management in which it agreed with most of the findings and recommendations. The budget committees request an implementation plan wherein BCCC will identify how is implementing the recommendations of the Schaefer Center that BCCC previously agreed with and how the institution is being held accountable for meeting

those recommendations. State support of \$1 million is restricted pending receipt of a draft implementation plan, which is due February 1, 2018. The final implementation plan is due June 30, 2018. Committee Narrative

Fund Balance Workgroup: The budget committees are concerned about the University System of Maryland's (USM) growing fund balance and the pressure on institutions to transfer funds to the fund balance. The committees are also concerned about the lack of transparency regarding the uses of and transfer to the fund balance made by institutions during the fiscal year. Between fiscal 2011 and 2016, transfers to the fund balance consistently exceeded the allowance, ranging from \$0.3 million in fiscal 2014 to \$61.9 million in fiscal 2012. This resulted in the fund balance growing 34.2%, or \$254.1 million, to \$997.1 million by fiscal 2016 and it is projected to increase to \$1.1 billion by fiscal 2018. While USM needs a fund balance not only to maintain its credit rating but to help fund various capital projects at institutions that otherwise may not have funding to proceed, there needs to be a better understanding on the function of the fund balance and other resources used by the credit rating agencies when evaluating USM's rating, such as plant funds and endowments. To that end, the budget committees shall convene a workgroup to examine various aspects of the fund balance and resources that credit rating agencies take into account when evaluating USM's rating. The workgroup will:

- review policies and procedures regarding the transfer to and use of the fund balance and plant funds;
- identify the role of the Board of Regents in approving the fund balance and plant fund activity and in setting the appropriate fund balance level;
- determine the oversight role of the State;
- identify the role of an institution's president in determining transfers to the fund balance and access to funds;

R75T00

- identify and evaluate, by institution, transactional level data for each transfer and use of funds transferred from and to the fund balance and plant fund in fiscal 2016 and 2017 and planned activity in fiscal 2018 with transfers for related purposes under \$100,000 being reported as one transaction;
- review the process and procedures for internal or intra-institutional loans;
- identify and evaluate by institution current internal or intra-institutional loans including purpose, loan amount, and repayment schedule;
- examine the use of the fund balance or alternative methods to match private endowment contributions for institutional facilities;
- identify past trends in uses of and transfers to the fund balance by institution; and
- identify the balance between fiscal discipline and the use of available revenues to support institutional priorities.

The workgroup will recommend changes to policies and procedures, including legislation that may be needed to implement any recommendations. The workgroup will be comprised of two members from the Senate Budget and Taxation Committee and two members from the House Appropriations Committee; a member of the Board of Regents; the Chancellor; a USM president; the Secretary, or designee, of the Department of Budget and Management; and State Treasurer, or designee. A report and recommendations should be submitted by December 1, 2017.

MARYLAND AFRICAN AMERICAN MUSEUM CORPORATION

S50B01.01 General Administration

Report on Maryland African American Museum Corporation's Performance, Staffing Levels, Board Members, and Financials: The Maryland African American Museum Corporation (MAAMC) by definition is not a State agency and does not participate in the State's Managing for Results program. There are no current performance measures that report the condition of the museum. Funding provided by the State has been historically flat despite its inability to meet the match requirement. Because of this, the State is currently providing more than 50% of the corporation's operating expenses, which is inconsistent with what is stated in the Memorandum of Understanding. The committees request that MAAMC and the Department of Budget and Management (DBM) submit the most recent audited financial statements, attendance, board composition, and staffing levels with the annual budget submission.

Budget Amendments

Add the following language:

Provided that no funding for information technology (IT) development projects may be spent in the budget of the Maryland Department of the Environment (MDE) until notification is provided to the Department of Information Technology (DoIT) and the budget committees. Upon notification, DoIT will determine if an IT project is a Major IT Development Project (MITDP) consistent with Section 3A-301 (f) of the State Finance and Procurement Article. If DoIT determines that a project is a MITDP, the project shall be consistent with MDE's Master Plan as required by Section 3A-307 of the State Finance and Procurement Article. For all major IT projects, MDE shall prepare an Information Technology Project Request (ITPR) consistent with Section 3A-308 of the State Finance and Procurement Article. The ITPR shall include a project description; business need or justification; the scope and complexity of the project; benefits; major risks; possible alternatives; and funding plan by year, fund source, and specific fund type.

Explanation: The General Assembly is concerned that MDE has not provided adequate information to the budget committees and DoIT about IT projects. This action restricts funding for IT projects until notification is provided to the budget committees and DoIT determines if a project is a MITDP as defined in State law. If a project is a MITDP, the project must be consistent with MDE's Master Plan and MDE must prepare an ITPR.

- an update on the progress made in implementing those recommendations;
- data on the use of strip searches pertaining to the circumstances, frequency, and outcomes for searches conducted in fiscal 2017;
- data on the number of times that youth are transported in mechanical restraints from a staff secure placement, while being released on an earned home pass, or released back to the community; and

Budget Amendments

MARYLAND STATE POLICE

W00A01.02 Field Operations Bureau

Add the following language to the general fund appropriation:

, provided that \$1,000,000 of this appropriation made for the purpose of funding a new trooper class may not be expended for that purpose but instead may be used only to fund the civilianization of a minimum of 50 positions currently filled by troopers, as identified in the Office of Legislative Audits' December 2016 Workforce Civilianization report. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Further provided that \$400,000 of this appropriation made for the purpose of funding a new trooper class may not be expended until the Department of State Police (DSP) submits a report to the budget committees demonstrating that at least 50 positions currently filled by troopers have been reclassified as civilian positions by May 15, 2018. The report shall be submitted to the budget committees by May 25, 2018, and the budget committees shall have 35 days to review and comment. To the extent that positions are not successfully reclassified or the report is not submitted by the requested date, the restricted funds shall revert to the General Fund.

Further provided that the remaining \$1,000,000 of this appropriation made for the purpose of funding a new trooper class shall be deleted in recognition of anticipated personnel savings generated from filling the positions with less costly civilian staff.

It is the intent of the budget committees, given that DSP is currently in the process of evaluating the appropriate size of its workforce, that the civilianization of the 50 positions be achieved via attrition. As sworn position vacancies occur, troopers in administrative positions eligible for civilianization should be transferred into those newly vacant sworn positions and the administrative positions should be reclassified as civilian. This provides the department with less costly administrative staff and deployment of experienced officers in the field, while delaying the determination of whether the department needs additional sworn personnel resources until its staffing study is complete.

Explanation: A December 2016 analysis by the Office of Legislative Audits (OLA) determined that 127 administrative and support positions currently filled by sworn troopers could be filled by civilians. This change to civilian employees would result in total salary and fringe benefit savings of approximately \$10.8 million. The fiscal 2018 allowance for DSP includes \$4.8 million to fund two new trooper classes, each with a target goal of 50 graduates. This language directs the department to utilize funding for one of the trooper classes to civilianize 50 of the positions identified in the OLA report, thus allowing 50 veteran officers to be deployed

W00A

to the field, as opposed to 50 new recruits. The language specifies legislative intent that the civilianization occur through attrition of existing sworn positions, in order to avoid the need to provide additional resources until DSP has completed its staffing evaluation that is currently underway. Funds are restricted for the sole purpose of funding the reclassifications and pending receipt of a report demonstrating that at least 50 positions have been civilianized by May 15, 2018. Additionally, the language deletes \$1.0 million of the appropriation for the new trooper class in recognition of the anticipated personnel savings achieved from hiring less costly civilian staff.

X00A00.01 Redemption and Interest on State Bonds

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce the general fund appropriation to the Public Debt. On March 8, 2017, the State sold \$1,141 million in general obligation (GO) bonds, including \$575 million in tax-exempt bonds, \$100 million in taxable bonds, and \$466 million in refunding bonds. As a result of the bond sale, fiscal 2018 GO bond debt service costs are \$7 million less than budgeted. The refunding added another \$23 million to the Annuity Bond Fund's beginning fiscal 2018 fund balance. Taken together, the fiscal 2018 general fund appropriation can be reduced by \$30 million. This will require a special fund budget amendment in fiscal 2018 to fully fund debt service. Fiscal 2017 Deficiency

M00F03.04 Family Health and Chronic Disease Services

Strike the following language from the general fund appropriation:

~~PREVENTION AND HEALTH PROMOTION ADMINISTRATION~~

~~M00F03.04—Family Health and Chronic Disease Services~~

~~To become available immediately upon passage of this budget to reduce the appropriation for fiscal 2017 to reflect the restructured grant payments for the proposed Prince George's County Regional Medical Center.~~

~~General Fund Appropriation..... 7,500,000~~

Explanation: This action strikes the negative deficiency appropriation for the Prince George's County Regional Medical Center, restoring fiscal 2017 funding to the level of \$15,000,000.

Fiscal 2017 Deficiency

M00Q01.03 Medical Care Provider Reimbursements

Add the following language to the general fund appropriation:

, provided that \$375,000 of this appropriation made for the purpose of a managed care rate-setting study may not be used for that purpose and instead shall be expended only for provider reimbursements. Funding not used for this restricted purpose shall revert to the General Fund.

Explanation: The language restricts funding included in a fiscal 2017 deficiency appropriation for a managed care rate-setting study to be used only for provider reimbursements based on estimates of significant deficiencies in the budget for those reimbursements.

Amendment No. **129**

Reduce appropriation for the purposes indicated:

Budget Amendments

Amend the following section:

SECTION 2. AND BE IT FURTHER ENACTED, That in order to carry out the provisions of these appropriations the Secretary of Budget and Management is authorized:

- (a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools, and institutions by monthly, quarterly or seasonal periods and by objects of expense ~~and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.~~

The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury a list limited to the appropriations restricted in this Act, to be placed in contingency reserve a schedule of allotments, if any. The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.

- ~~(b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.~~

- ~~(e)~~ (b) The Secretary is authorized to fix the number and classes of positions, including temporary and permanent positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determinations. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15-105 of the Education Article.

- ~~(d)~~ (c) To prescribe procedures and forms for carrying out the above provisions.

Sections

Explanation: This language limits the amount of appropriations that can be placed into contingency reserve to only those items restricted by the General Assembly.

Amendment No. **131**

Add the following section:

Section 17 Using Funds for Their Intended Purpose

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation), 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0322 (Capital Lease Telecommunications), 0839 (HR Shared Services), 0874 (Office of Attorney General Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System Allocation), 0897 (Enterprise Budget System Allocation), and 1303 (rent paid to DGS) are to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management.~~ Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, 0322, and 0876 between State departments and agencies by approved budget amendment in fiscal 2017 and 2018. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2-516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object, by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

Explanation: This amendment pertaining to restricted objects of expenditure is amended to disallow transfers to other purposes and makes it possible for the Office of Legislative Audits to track the disposition of funds in restricted statewide subobjects.

Amendment No. **132**

Section 20 Executive Long-term Forecast

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the Executive budget proposal on the long-term fiscal condition of the General Fund, the Transportation Trust Fund, and higher education Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with

Sections

the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

Explanation: This annual language provides for the delivery of the Executive's General Fund, transportation, and higher education forecasts and defines the conditions under which they are to be provided.

Section 22 Chesapeake Employers' Insurance Company Fund Accounts

SECTION 22. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (Workers' Compensation) and to credit all payments disbursed to the Chesapeake Employers' Insurance Company (CEIC) via transmittal. The control account shall also record all funds withdrawn from CEIC and returned to the State

Sections

and subsequently transferred to the General Fund. CEIC shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

Explanation: This section provides continuation of a system to track workers' compensation payments to the CEIC Fund for payment of claims, current expenses, and funded liability for incurred losses by the State.

Section 23 Reporting Federal Funds

SECTION 23. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

Add the following section:

Section 24 Federal Fund Spending

SECTION 24. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

- (1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.
- (2) For fiscal 2018, except with respect to capital appropriations, to the extent consistent with federal requirements:
 - (a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged except that this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities;
 - (b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management (DBM), whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and
 - (c) DBM shall take appropriate actions to effectively establish the provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

Explanation: This annual language defines the policies under which federal funds shall be used in the State budget.

Amendment No. **138**

Add the following section:

Section 25 Indirect Costs Report

SECTION 25. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2018 as an appendix in the Governor's fiscal 2019 budget books. The report must detail by agency for the actual fiscal 2017 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, the report must list the most recently available federally approved statewide and internal agency cost-recovery rates. As part of the normal fiscal/compliance audit performed for each agency, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2018, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery shall be transferred only to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

Explanation: This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery.

Section 26 Reporting on Budget Data and Organizational Charts

SECTION 26. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2019 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor's budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2018 except as indicated elsewhere in this Act; however, this may not

Sections

preclude the placement of additional information into the budget books. For actual fiscal 2017 spending, the fiscal 2018 working appropriation, and the fiscal 2019 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2017 spending, the fiscal 2018 working appropriation, and the fiscal 2019 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

Further provided that due diligence shall be taken to accurately report full-time equivalent counts of contractual full-time equivalents in the budget books. For the purpose of this count, contractual full-time equivalents are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Further provided that for each across-the-board reduction to appropriations or positions in the fiscal 2019 budget bill affecting fiscal 2018 or 2019, DBM shall allocate the reduction for each agency in a level of detail not less than the three-digit R*Stars financial agency code and by each fund type.

Further provided that, for the purposes of developing Appendix A in the Maryland Budget Highlights for fiscal 2019, the Governor may not reflect more than \$30,000,000 in general fund reversions for fiscal 2018. For appropriations approved in this Act that are determined to be in excess of the needs of any agency or program above the aggregate estimate of \$30,000,000 in reversions, the fiscal 2019 budget bill should include negative deficiencies.

Explanation: This annual language provides for consistent reporting of fiscal 2017, 2018, and 2019 budget data and provides for the submission of department, unit, agency, office, and institutions' organizational charts to DLS with the allowance. It also requires DBM to allocate across-the-board reductions to positions or funding, to ensure transparency in budget allocations approved by the General Assembly. It further requires that appropriations in fiscal 2018 that are deemed to be in excess of agency needs beyond the \$30 million assumed in the budget be withdrawn by deficiency appropriation.

Add the following section:

Section 27 Interagency Agreements

SECTION 27. AND BE IT FURTHER ENACTED, That on or before August 1, 2017, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2017 between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

- (1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;
- (2) the starting date for each agreement;
- (3) the ending date for each agreement;
- (4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;
- (5) a description of the nature of the goods and services to be provided;
- (6) the total number of personnel, both full-time and part-time, associated with the agreement;
- (7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement;
- (8) total indirect cost recovery or facilities and administrative (F&A) expenditures authorized for the agreement;

Sections

- (9) the indirect cost recovery or F&A rate for the agreement and brief description of how the rate was determined;
- (10) actual expenditures for the most recently closed fiscal year;
- (11) actual base expenditures that the indirect cost recovery or F&A rate may be applied against the most recently closed fiscal year;
- (12) actual expenditures for indirect cost recovery or F&A for the most recently closed fiscal year; and
- (13) total authorized expenditure for any subaward(s) or subcontract(s) being used as part of the agreement and a brief description of the type of award or contract.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2017, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 that were in effect at any time during fiscal 2017.

Further provided that no new higher education interagency agreement with State agencies with a projected value in excess of \$500,000 may be entered into during fiscal 2018 without prior approval of the Secretary of Budget and Management.

Explanation: The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of \$100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. The language requires that DBM submit a consolidated report on all agreements by December 1, 2017, to the budget committees and the Department of Legislative Services. Further, it requires that no new higher education interagency agreement with State agencies with a projected value in excess of \$500,000 be entered into during fiscal 2018 without prior approval of the Secretary of Budget and Management.

Section 28 Budget Amendments

SECTION 28. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

- (1) This section may not apply to budget amendments for the sole purpose of:
 - (a) appropriating funds available as a result of the award of federal disaster assistance; and
 - (b) transferring funds from the State Reserve Fund – Economic Development Opportunities Account for projects approved by the Legislative Policy Committee.
- (2) Budget amendments increasing total appropriations in any fund account by \$100,000 or more may not be approved by the Governor until:
 - (a) that amendment has been submitted to the Department of Legislative Services (DLS); and
 - (b) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of the impact on regular position or contractual full-time equivalent payroll requirements.
- (3) Unless permitted by the budget bill or the accompanying supporting documentation or by any other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:
 - (a) restore funds for items or purposes specifically denied by the General Assembly;
 - (b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation (MDOT) shall be restricted as provided in Section 1 of this Act;

Sections

- (c) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS, and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to MDOT; and
- (d) provide for the additional appropriation of special, federal, or higher education funds of more than \$100,000 for the reclassification of a position or positions.
- (4) A budget may not be amended to increase a federal fund appropriation by \$100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.
- (5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.
- (6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.
- (7) Budget amendments for new major information technology projects, as defined by Sections 3A-301 and 3A-302 of the State Finance and Procurement Article, must include an Information Technology Project Request, as defined in Section 3A-308 of the State Finance and Procurement Article.
- (8) Further provided that the fiscal 2018 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2018 and the supporting electronic detail may not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the MDOT pay-as-you-go capital program.
- (9) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2019 allowance, the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

Explanation: This annual language defines the process under which budget amendments may be used.

Amendment No. **142**

Add the following section:

Section 29 Maintenance of Accounting Systems

SECTION 29. AND BE IT FURTHER ENACTED, That:

- (1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2017 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.
- (2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2017 to program R00A02.07 Students With Disabilities for nonpublic placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.
- (3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2017 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year, including detail on average monthly caseload, average monthly cost per case, and the total expended for each foster care program, and to prepare the periodic reports required under this section for that program.
- (4) For the programs specified, reports must indicate total appropriations for fiscal 2017 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.
- (5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2017; March 1, 2018; and June 1, 2018.

Sections

- (6) It is the intent of the General Assembly that general funds appropriated for fiscal 2017 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

Explanation: This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by the Department of Health and Mental Hygiene (DHMH), the Maryland State Department of Education (MSDE), and the Department of Human Resources (DHR).

Add the following section:

Section 30 Secretary's or Acting Secretary's Nomination and Salary

SECTION 30. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or an Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2017 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2017 session unless the Acting Secretary is appointed under Article II, Section 11 of the Maryland Constitution prior to July 1, 2017.

Explanation: This language ensures that the intentions of the General Assembly are reflected in the payment of executive salaries.

Amendment No. **144**

Sections

Add the following section:

Section 31 The “Rule of 100”

SECTION 31. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2017, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that an equal number of positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 contractual full-time equivalents (FTEs) are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual FTEs for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

- (1) funds are available from non-State sources for each position established under this exception; and
- (2) any positions created will be abolished in the event that non-State funds are no longer available.

The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2018, the status of positions created with non-State funding sources during fiscal 2014 through 2018 under this provision as remaining, authorized, or abolished due to the discontinuation of funds.

Sections

Explanation: This annual language, the Rule of 100, limits the number of positions that may be added after the beginning of the fiscal year to 100 and provides for exceptions to the limit.

Add the following section:

Section 32 Annual Report on Authorized Positions

SECTION 32. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2017, the Secretary of Budget and Management shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2017 and on the first day of fiscal 2018. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2017 and 2018, including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self-supported activities, and the Maryland Correctional Enterprises.

The Department of Budget and Management (DBM) shall also prepare a report during fiscal 2018 for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2019 Governor's budget books. It shall note, at the program level:

- (1) where regular FTE positions have been abolished;
- (2) where regular FTE positions have been created;
- (3) from where and to where regular FTE positions have been transferred; and
- (4) where any other adjustments have been made.

Provision of contractual FTE information in the same fashion as reported in the appendices of the fiscal 2018 Governor's budget books shall also be provided.

Add the following section:

Section 33 Annual Executive Pay Plan Report

SECTION 33. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services (DLS) Office of Policy Analysis:

- (1) a report in Excel format listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 15, 2017; October 15, 2017; January 15, 2018; and April 15, 2018; and
- (2) detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat-rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier that describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to the DLS Office of Policy Analysis.

Explanation: Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

SECTION 34. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

Explanation: This language prevents employees from being moved into positions abolished in the budget. It also allows that incumbents in abolished positions may continue State employment in another position.

Section 35 Annual Report on Health Insurance Receipts and Spending

SECTION 35. AND BE IT FURTHER ENACTED, That the Secretary of Budget and Management shall include as an appendix in the fiscal 2019 Governor's budget books an accounting of the fiscal 2017 actual, fiscal 2018 working appropriation, and fiscal 2019 estimated revenues and expenditures associated with the employees' and retirees' health plan. The data in this report should be consistent with the budget data submitted to the Department of Legislative Services. This accounting shall include:

- (1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit recoveries, and other miscellaneous recoveries;

Sections

- (2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and
- (3) any balance remaining and held in reserve for future provider payments.

Explanation: This language provides an accounting of the health plan revenues received and expenditures made on behalf of State employees and retirees. The language proposes that the language in the report be consistent with the budget data submitted with the budget bill.

Section 36 Historical and Projected Chesapeake Bay Restoration Spending

SECTION 36. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Maryland Department of Planning, the Department of Natural Resources, the Maryland Department of Agriculture, the Maryland Department of the Environment, and the Department of Budget and Management provide a report to the budget committees by December 1, 2017, on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The report should include:

- (1) fiscal 2017 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reduction; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;
- (2) projected fiscal 2018 to 2025 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

Sections

- (3) an overall framework discussing the needed regulations, revenues, laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2017 to 2025 in order to reach the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay to be both written in narrative form and tabulated in spreadsheet form that is submitted electronically in disaggregated form to DLS;
- (4) an analysis of the various options for financing Chesapeake Bay restoration including public-private partnerships, a regional financing authority, nutrient trading, technological developments, and any other policy innovations that would improve the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration; and
- (5) an analysis by the University of Maryland Environmental Finance Center on how cost-effective the existing State funding sources – such as the Bay Restoration Fund, Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, and Water Quality Revolving Loan Fund among others – are being used for Chesapeake Bay restoration purposes.

Explanation: This language expresses the intent that the Maryland Department of Planning (MDP), the Department of Natural Resources (DNR), the Maryland Department of Agriculture (MDA), the Maryland Department of the Environment (MDE), and the Department of Budget and Management (DBM) provide a report by December 1, 2017, on recent and projected Chesapeake Bay restoration spending and associated impacts and the overall framework to meet the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay. In addition, the language expresses the interest that the report include information on policy innovations that improve the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration and an analysis of how cost-effective the State funding sources are being used.

Section 37 Chesapeake Bay Restoration Spending

SECTION 37. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Department of Budget and Management, the Department of Natural Resources, and the Maryland Department of the Environment provide a report on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The scope of the report is as follows: Chesapeake Bay restoration operating and capital expenditures by agency, fund type, and particular fund source based on programs that have over 50% of their activities directly related to Chesapeake Bay restoration for the fiscal 2017 actual, fiscal 2018 working appropriation, and fiscal 2019 allowance to be included as an appendix in the fiscal 2019 budget volumes and submitted electronically in disaggregated form to DLS.

Explanation: This language expresses the intent that the Department of Budget and Management (DBM), the Department of Natural Resources (DNR), and the Maryland Department of the Environment (MDE) provide, at the time of the fiscal 2019 budget submission, information on Chesapeake Bay restoration spending for programs that have over 50% of their activities directly related to Chesapeake Bay restoration.

Section 38 Regional Greenhouse Gas Initiative Revenues and Expenditures

SECTION 38. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall provide an annual report on the revenue from the Regional Greenhouse Gas Initiative (RGGI) carbon dioxide emission allowance auctions and set-aside allowances to the General Assembly in conjunction with the submission of the fiscal 2019 budget and annually thereafter as an appendix to the Governor's budget books. This report shall include information for the actual fiscal 2017 budget, fiscal 2018 working appropriation, and fiscal 2019 allowance. The report shall detail revenue assumptions used to calculate the available Strategic Energy Investment Fund (SEIF) from RGGI auctions for each fiscal year including:

- (1) the number of auctions;
- (2) the number of allowances sold;
- (3) the allowance price for both current and future (if offered) control period allowances sold in each auction; and
- (4) anticipated revenue from set-aside allowances.

The report shall also include detail on the amount of the SEIF from RGGI auction revenue available to each agency that receives funding through each required allocation:

- (1) energy assistance;
- (2) energy efficiency and conservation programs, low- and moderate-income sector;
- (3) energy efficiency and conservation programs, all other sectors;
- (4) renewable and clean energy programs and initiatives, education, climate change, and resiliency programs;
- (5) administrative expenditures;
- (6) dues owed to the RGGI, Inc.; and
- (7) transfers or diversions of revenue made to other funds.

The report should also provide detail on the fund balance for each SEIF subaccount for the fiscal 2017 actual, fiscal 2018 working appropriation, and fiscal 2019 allowance.

Sections

Explanation: This language requires the Department of Budget and Management (DBM) to include as an appendix in the Governor’s budget books for fiscal 2019 with detail on the revenue assumptions for RGGI auctions budgeted in each fiscal year as well as how those revenues are distributed to various agencies. This information increases transparency, differentiates funding from the SEIF that is available from sources other than RGGI auctions, and allows for analysis of whether the allocation of RGGI auction revenue meets statutory requirements. This language differs slightly from that included in prior years by asking for fund balance information on each SEIF subaccount, which generally reflects the RGGI allocations but also includes other funds held in the SEIF. The report does not require the SEIF balances to account for only RGGI-related fund balances within allocations.

Section 39 Submission of the Uniform Crime Report

SECTION 39. AND BE IT FURTHER ENACTED, THAT \$1,000,000 of the general fund appropriation within the Department of State Police (DSP) may not be expended until DSP submits the Crime in Maryland, 2016 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further, provided that, if DSP encounters difficulty obtaining necessary crime data on a timely basis from local jurisdictions who provide the data for inclusion in the UCR, DSP shall notify the Governor’s Office of Crime Control and Prevention (GOCCP). GOCCP shall withhold a portion, totaling at least 15%, but no more than 50%, of that jurisdiction’s State Aid for Police Protection (SAPP) grant for fiscal 2018 upon receipt of notification from DSP. GOCCP shall withhold SAPP funds until such a time that the jurisdiction submits its crime data to DSP. DSP and GOCCP shall submit a report to the budget committees indicating any jurisdiction from which crime data was not received on a timely basis and the amount of SAPP funding withheld from each jurisdiction.

Sections

Explanation: The annual language was originally added because DSP had not been submitting its annual crime report in a timely manner due to issues related to receiving crime data from the local jurisdictions. The 2015 UCR was not submitted until February 2017. As such, this language withholds a portion of the general fund appropriation until the budget committees receive the 2016 UCR. The language also specifies that GOCCP, upon receipt of notification from DSP, must withhold a portion of a delinquent jurisdiction's SAPP grant until certain crime data is received by DSP. Finally, DSP and GOCCP must submit a report to the budget committees that includes information on any jurisdiction that did not report crime data on a timely basis and the amount of SAPP funding that was withheld from each jurisdiction.

Section 40 Increase Turnover Expectancy at the Department of Information Technology

SECTION 40. AND BE IT FURTHER ENACTED, That the reimbursable fund appropriation in the Department of Information Technology, Infrastructure (F50B04.04) shall be reduced by \$135,000. The Governor shall develop a schedule for allocating this reimbursable fund reduction across State agencies. The reduction under this section shall equal at least the amount indicated for the funds listed:

Fund	Amount
General	\$81,000
Special	\$27,000
Federal	\$27,000

Explanation: Currently, 13% of positions are vacant. The department has consistently had high vacancy rates that exceeded 20% at times. Increasing the turnover rate to 6% reduces reimbursable fund spending by \$135,000. This reduction shall be distributed across State agencies.

Section 41 Repayment of Catastrophic Event Account

SECTION 41. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation for the Department of Budget and Management (DBM) Executive Direction program F10A01.01 and \$100,000 for the special fund appropriation for the Department of Housing and Community Development (DHCD) Office of the Secretary program S00A20.01 made for the purpose of operations may not be expended until DBM, in consultation with DHCD, submits a report to the budget committees on the balance of outstanding loans and current and proposed repayment for loans made by the DHCD's Neighborhood BusinessWorks program. It is the intent of the budget committees that DHCD repay the Catastrophic Event Account for \$2,500,000 transferred from the account to DHCD. The report shall be submitted by January 1, 2018, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund or be canceled if the report is not submitted to the budget committees.

Explanation: In September 2016, \$2.5 million was transferred from the Catastrophic Event Account into the DHCD Neighborhood BusinessWorks program to provide loans to businesses in Ellicott City. As part of its review, the Legislative Policy Committee recommended that DHCD develop a process by which the funds or repaid loans are deposited into the Catastrophic Event Account. The department should submit a report that provides data regarding the number and amount of loans provided, the outstanding balance of these loans, and the number and amount of any forgiven loans. - (1) The processes in place to ensure coordination between DHMH, MSDE, DHR, and the hospitals serving children in Maryland to find appropriate community placements for children and adolescents with mental illness, developmental disabilities, or complex medical needs.
- (2) The processes in place to ensure coordination between DHMH, MSDE, DHR, and the hospitals serving children in Maryland to find out-of-home placements for children and adolescents with mental illness, developmental disabilities, or complex medical needs.
- (3) The availability by jurisdiction of the following resources for children and adolescents with mental illness, developmental disabilities, or complex medical needs:
 - (a) dedicated child and adolescent inpatient psychiatric beds in acute general and specialty hospitals;
 - (b) therapeutic foster care;
 - (c) residential treatment center services;
 - (d) transportation assistance; and
 - (e) any other community-based treatment service designed to meet the needs of children and adolescents with severe mental illness, developmental disabilities, or complex medical needs.
- (4) Recommendations, based on an analysis of the data, to improve community placement processes for children and adolescents with severe mental illness, developmental disabilities, or complex medical needs including availability of treatment options based on the payer, that will facilitate increased community-based care and decrease inpatient lengths of stay beyond what is medically necessary.

The report shall be submitted by November 15, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Explanation: This language restricts funds until DHR and DHMH submit a joint report on the existing coordination between the agencies, MSDE, and hospitals serving Maryland children to determine appropriate community or out-of-home placements for children with mental illness, developmental disabilities, or complex medical needs. - (1) the processes in place to determine whether to place children in out-of-state placements when in-state resources cannot meet the needs of the child;
- (2) the processes in place to determine in which out-of-state facilities children are placed;
- (3) the frequency of the review of the out-of-state placement to determine whether or not the needs of the child can be met through an in-state provider;
- (4) the current processes in place between DHR and MSDE to ensure that the out-of-state facilities in which children are placed are compliant with the Individuals with Disabilities Education Act;
- (5) the current processes for monitoring children in out-of-state placements and any plans to alter these monitoring practices to ensure the safety of children in out-of-state placements; and
- (6) the resources that would be necessary (both funding and number and type of placements) to move all children in out-of-state placements to in-state placements.

Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Explanation: This language restricts funds until DHR and MSDE submit a joint report that outlines the processes for determinations to place children in out-of-state facilities and in which facilities children are placed, including ongoing monitoring and frequency of reviews to determine whether the child should be returned to a placement in-state. The report is to also include information on the processes in place to ensure that the facilities in which children are placed are compliant with the Individuals with Disabilities Education Act.  - (b) assess the impact of the role that technology has played on compliance and enforcement responsibilities;

Sections

- (2) a comparison of the size, roles, and responsibilities of the departments' compliance and enforcement positions to neighboring or similar states;
- (3) a list of all inspection activities conducted by MDE's Water Management Administration, Land Management Administration, Air and Radiation Management Administration, and MDA's Office of Resource Conservation; and
- (4) the number of:
 - (a) regular positions and contractual full-time equivalents associated with the inspections, including the number of vacancies for the fiscal 2011 through 2017 actuals; and
 - (b) the fiscal 2018 current and fiscal 2019 estimated appropriations.

Further provided that funding restricted for this purpose may be released quarterly in \$50,000 installments for each agency upon receipt of the required quarterly reports. The budget committees shall have 45 days to review and comment on the submitted quarterly reports. Funds restricted may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the budget committees, and the released funding is not used to fill vacant compliance and enforcement positions.

Explanation: This language restricts funding until the submission of a report from MDE and MDA on compliance and enforcement inspections and positions and then further restricts the funding for filling vacant compliance and enforcement positions. The 2016 Joint Chairmen's Report included the request for a similar report on compliance and enforcement inspections and positions for Chesapeake Bay restoration. The submitted report was not responsive to the request because the agencies were unable to evaluate the requested information in the context of Chesapeake Bay restoration.

Sections

Add the following section:

Section 45 Change in Federal Fund Grants Reporting

SECTION 45. AND BE IT FURTHER ENACTED, That the budget committees are concerned about potential reductions in federal fund grants appropriated to State agencies in the fiscal 2018 budget. The budget committees request the Department of Budget and Management to submit a report in conjunction with the fiscal 2019 budget, which identifies reductions in federal grants which are 10% or more below what the State expected to receive in fiscal 2018. The report should identify the specific federal grant program by Catalog of Federal Domestic Assistance number and title, the State agency and program(s) affected by the federal reduction, the impact of the loss of federal grant aid, and whether State funds will be used to replace the lost federal grant aid.

Explanation: This language requires the Department of Budget and Management (DBM) to submit a report to the budget committees in conjunction with the fiscal 2019 budget, which identifies any federal grant which supports spending in the fiscal 2018 budget that has been reduced by 10% or more since the budget was enacted.

Add the following section:

Section 46 Report on Increasing Veteran-owned Small Business Enterprise Participation

SECTION 46. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation in the Maryland Department of Veterans Affairs (MDVA) and \$100,000 of the general fund appropriation in the Governor's Office of Minority Affairs (GOMA) may not be expended until:

- (1) MDVA and GOMA jointly submit a report to the budget committees including:
 - (a) methods to increase veteran-owned small business enterprise participation in State procurement and ensure compliance with the State's 1% purchasing goal;

Sections

- (b) barriers to veteran-owned small business enterprise participation that hinder compliance with the State's 1% purchasing goal, including the requirement in Section 14-601 of the State Finance and Procurement Article for verification by the Center for Veterans Enterprise of the United States Department of Veterans Affairs;
- (c) a comparison of the current Veteran-owned Small Business Enterprise Participation Program to similar programs in the federal government and other state governments, focusing on ease of access by interested firms, and methods of verification, certification, and fraud protection;
- (d) a comparison of the current Veteran-owned Small Business Enterprise Participation Program to similar programs in Maryland, such as the Small Business Reserve Program and the Minority Business Enterprise Participation Program, focusing on ease of access by interested firms, and methods of verification, certification, and fraud prevention; and
- (e) specific recommendations for legislative and regulatory changes to increase compliance with the State's 1% purchasing goal for veteran-owned small business enterprise participation in State procurement.

The budget committees shall have 45 days to review and comment following the receipt of the report. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any purpose and shall revert to the General Fund if the report is not submitted to the committees.

Explanation: This section restricts funding for GOMA and MDVA pending receipt of a joint report on participation of veteran-owned small businesses in State contracting and the effectiveness of the Veteran-owned Small Business Enterprise Participation Program. The section also requires the agencies to submit recommendations to boost participation in State procurement by veteran-owned small businesses.

Sections

Add the following section:

Section 47 State Center

SECTION 47, AND BE IT FURTHER ENACTED, That no funding in this budget may be expended to move State employees from 201 and 301 West Preston Street (State Center) to any other location until the Department of General Services (DGS) has submitted to the budget committees:

- (1) a qualitative and quantitative analysis of the need and the intended benefits of any relocation plan, including a budgetary impact statement; and
- (2) any lease agreement that would go to the Board of Public Works for approval that would result in relocating State employees from 201 and 301 West Preston Street (State Center) that outlines the terms and conditions of the lease.

The budget committees shall have 45 days to review and comment on any report submitted by DGS in compliance with this section.

Explanation: The committees are concerned that State employees may be moved from 201 and 301 West Preston Street (State Center) without consideration for the impact it will have on State employees or the impact on the State budget. This language requires DGS to provide written notification, including an analysis of the benefits and costs of any proposed move of State employees from State Center, and a copy of any lease that would move State employees from State Center.

By: **The Speaker (By Request – Administration)**

Introduced and read first time: January 18, 2017

Assigned to: Appropriations

A BILL ENTITLED

Budget Bill

(Fiscal Year 2018)

AN ACT for the purpose of making the proposed appropriations contained in the State Budget for the fiscal year ending June 30, 2018, in accordance with Article III, Section 52 of the Maryland Constitution; and generally relating to appropriations and budgetary provisions made pursuant to that section.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That subject to the provisions hereinafter set forth and subject to the Public General Laws of Maryland relating to the Budget procedure, the several amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be disbursed for the several purposes specified for the fiscal year beginning July 1, 2017, and ending June 30, 2018, as hereinafter indicated.

PAYMENTS TO CIVIL DIVISIONS OF THE STATE

A15O00.01 Disparity Grants

General Fund Appropriation, provided that this appropriation shall be reduced by \$8,443,550 contingent upon the enactment of legislation level funding the grants at the fiscal 2017 amount.

Further provided that \$10,000,000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until the Maryland State Department of Education (MSDE) certifies that Baltimore

DEPARTMENT OF BUDGET AND MANAGEMENT

OFFICE OF THE SECRETARY

F10A01.01 Executive Direction

General Fund Appropriation, provided that \$100,000 of this appropriation made for the purpose of executive direction may not be expended unless the Department of Budget and Management includes in its submission of the fiscal 2019 Governor's budget books a separate volume that provides personnel and Managing for Results (MFR) data by agency. The personnel data shall be consistent with Section 7-121 of the State Finance and Procurement Article. The MFR data shall include the mission, vision, as well as key goals, objectives, and at least five performance indicators per objective. Funds restricted pending receipt of the volume of the Governor's budget book may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the volume is not included with the Governor's budget books submitted on the third Wednesday of January 2018.

Further provided that \$100,000 of this appropriation made for the purpose of executive direction may not be expended until:

(1) The Department of Juvenile Services and the Maryland State Department of Education (MSDE) jointly develop measures that evaluate the performance of the Juvenile Services Education (JSE) program, to include but not be limited to the following measures:

(a) average length of time to transition student records between a JSE school and a local school system;

- 1 (b) teacher vacancy rates and
2 length of tenure;
- 3 (c) contacts with local school
4 system liaisons to support
5 student transition into the
6 community;
- 7 (d) students participating in
8 postsecondary opportunities
9 and vocational opportunities;
10 and
- 11 (e) the number of classroom
12 hours canceled due to the
13 unavailability of a teacher or
14 substitute.

- 15 (2) Data for the identified performance
16 measures shall be included in
17 MSDE's annual MFR performance
18 measure submission beginning
19 with the fiscal 2019 allowance
20 submitted in January 2018.

21 Funds restricted pending performance
22 indicators may not be transferred by
23 budget amendment or otherwise to any
24 other purpose and shall revert to the
25 General Fund if the performance indicators
26 are not included with the Governor's
27 budget books.

28 Further provided that \$100,000 for the
29 purposes of executive direction may not be
30 expended unless the Department of Budget
31 and Management, in Appendix A in the
32 Maryland Budget Highlights for fiscal
33 2019, reflects no more than \$30,000,000 in
34 general fund reversions for fiscal 2018. For
35 appropriations approved in this Act that
36 are determined to be in excess of the needs
37 of any agency or program above the
38 aggregate estimate of \$30,000,000 in
39 reversions, the fiscal 2019 budget bill
40 should include negative fiscal 2018

deficiencies. Funds restricted may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the estimate for general fund reversions for fiscal 2018 listed in Appendix A of the Budget Highlights at the 2018 session exceed \$30,000,000 2,234,595

Funds are appropriated in other agency budgets and funds will be transferred from the Employees' and Retirees' Health Insurance Non-Budgeted Fund Accounts to pay for services provided by this program. Authorization is hereby granted to use these receipts as special funds for operating expenses in this program.

General Fund Appropriation, provided that \$50,000 of this appropriation may not be expended until the Department of Budget and Management submits a report on fiscal 2017 closeout of the Employee and Retiree Health Insurance Account. This report shall include:

- (1) the closing fiscal 2017 fund balance;
- (2) the actual provider payments due in the fiscal year;
- (3) the State employee and retiree contributions;
- (4) an accounting of rebates, recoveries, and other costs; and
- (5) any closeout transactions processed after the fiscal year ended.

The report shall be submitted to the budget committees by October 1, 2017. The budget committees shall have 45 days to review and comment following the receipt of the report. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Further provided that \$100,000 of this appropriation made for the purpose of the Executive Direction program may not be expended until the Department of Budget and Management submits a report to the budget committees on employee churn. The report shall include the total number of resignations of employees with five years or less of State service for each State agency for each fiscal year from fiscal 2007 to 2016. The report shall be submitted by July 1, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees

DEPARTMENT OF TRANSPORTATION

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the

proposed current year funding and total
project cost estimate resulting from the
project addition or change in scope.

Further provided that notification of project
additions, as outlined in paragraph (1)
above; changes in the scope of a project, as
outlined in paragraph (2) above; or moving
projects from the development and
evaluation program to the construction
program, shall be made to the General
Assembly 45 days prior to the expenditure
of funds or the submission of any contract
for approval to the Board of Public Works.

The Maryland Department of Transportation
(MDOT) may not expend funds on any job
or position of employment approved in this
budget in excess of 9,057.5 positions and
122.2 contractual full-time equivalent
(FTE) positions paid through special
payments payroll (defined as the quotient
of the sum of the hours worked by all such
employees in the fiscal year divided by
2,080 hours) of the total authorized amount
established in the budget for MDOT at any
one time during fiscal 2018. The level of
contractual FTE positions may be exceeded
only if MDOT notifies the budget
committees of the need and justification for
additional contractual personnel due to:

(1) business growth at the Helen
Delich Bentley Port of Baltimore or
Baltimore/Washington
International Thurgood Marshall
Airport, which demands additional
personnel; or

(2) emergency needs that must be met,
such as transit security or highway
maintenance.

The Secretary shall use the authority under
Sections 2-101 and 2-102 of the
Transportation Article to implement this
provision. However, any authorized job or

position to be filled above the regular
position ceiling approved by the Board of
Public Works shall count against the Rule
of 100 imposed by the General Assembly.
The establishment of new jobs or positions
of employment not authorized in the fiscal
2018 budget shall be subject to Section
7-236 of the State Finance and
Procurement Article and the Rule of 100.

necessary to match unanticipated
federal fund attainments; or

(2) any proposed increase either to
provide funds for a new grantee or
to expand funds for an existing
grantee.

Further provided that no expenditures in
excess of \$4,044,334 may occur unless the
department provides notification to the
budget committees to justify the need for
additional expenditures due to either item
(1) or (2) above, and the committees provide

DEBT SERVICE REQUIREMENTS

20 Consolidated Transportation Bonds may be
21 issued in any amount provided that the
22 aggregate outstanding and unpaid balance
23 of these bonds and bonds of prior issues
24 may not exceed \$3,021,675,000 as of June
25 30, 2018. Further provided that the
26 amount paid for debt service shall be
27 reduced by any proceeds generated from
28 net bond sale premiums, provided that
29 those revenues are recognized by the
30 department and reflected in the
31 Transportation Trust Fund forecast.
32 Further provided that the appropriation for
33 debt service shall be reduced by any
34 proceeds generated from net bond sale
35 premiums. To achieve this reduction, the
36 Maryland Department of Transportation
37 (MDOT) may either use the proceeds from
38 the net premium to reduce the size of the
39 bond issuance and/or apply the proceeds
40 from the net premium to eligible debt

44

service.

MDOT shall submit with its annual
September and January financial forecasts
information on:

(1) anticipated and actual
nontraditional debt outstanding as
of June 30 of each year; and

(2) anticipated and actual debt service
payments for each outstanding
nontraditional debt issuance from
fiscal 2017 through 2027.

Nontraditional debt is defined as any debt
instrument that is not a Consolidated
Transportation Bond or a Grant
Anticipation Revenue Vehicle bond; such
debt includes, but is not limited to,
Certificates of Participation, debt backed
by customer facility charges, passenger
facility charges or other revenues, and debt
issued by the Maryland Economic
Development Corporation or any other
third party on behalf of MDOT.

The total aggregate outstanding and unpaid
principal balance of nontraditional debt,
defined as any debt instrument that is not
a Consolidated Transportation Bond or a
Grant Anticipation Revenue Vehicle bond
issued by MDOT, may not exceed
\$880,930,000 as of June 30, 2018.
Provided, however, that in addition to the
limit established under this provision,
MDOT may increase the aggregate
outstanding unpaid and principal balance
of nontraditional debt so long as:

(1) MDOT provides notice to the
Senate Budget and Taxation
Committee and the House
Appropriations Committee stating
the specific reason for the
additional issuance and providing
specific information regarding the

proposed issuance, including
information specifying the total
amount of nontraditional debt that
would be outstanding on June 30,
2018, and the total amount by
which the fiscal 2018 debt service
payment for all nontraditional debt
would increase following the
additional issuance; and

(2) the Senate Budget and Taxation
Committee and the House
Appropriations Committee have 45
days to review and comment on the
proposed additional issuance before
the publication of a preliminary
official statement. The Senate
Budget and Taxation Committee
and the House Appropriations
Committee may hold a public
hearing to discuss the proposed
increase and shall signal their
intent to hold a hearing within 45
days of receiving notice from
MDOT.

MARYLAND PARK SERVICE

K00A04.01 Statewide Operations

Special Fund Appropriation, provided that \$500,000 of this appropriation for the Department of Natural Resources (DNR) Maryland Park Service – Statewide Operations made for the purpose of general operating expenses may not be expended until DNR submits quarterly reports on July 1, 2017; October 1, 2017; January 1, 2018; and April 1, 2018. The reports should discuss the status of developing a resource management planning team, the role of the proposed business development manager, the goals being developed for a formal

long-range plan, the five-year strategic
plans being developed for individual State
parks, and the actual development of a
Comprehensive Long Range Strategic Plan
as contemplated for achievement of the
National Gold Medal Award from the
National Recreation and Park Association.
Funding restricted for this purpose may be
released quarterly in \$125,000
installments upon receipt of the required
quarterly reports. The budget committees
shall have 45 days to review and comment
upon receipt of each report. Funds
restricted pending the receipt of the reports
may not be transferred by budget
amendment or otherwise to any other
purpose and shall be canceled if the reports
are not submitted to the budget committees

REGULATORY SERVICES

Provided that \$100,000 of the general fund appropriation in program M00A01.01 Executive Direction made for the purpose of administration may not be expended until the Department of Health and Mental

Hygiene (DHMH) submits a three-year plan to the budget committees outlining how DHMH will fully staff the Office of Health Care Quality. The report should include (1) an analysis of appropriate compensation for recruitment and retention of nurse surveyors; and (2) an assessment of strategies other than salary that the federal government and other states use to retain nurse surveyors. This report shall be submitted by October 1, 2017, and the committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and will revert to the General Fund if the report is not submitted.

Reimbursements

All appropriations provided for program
M00Q01.03 Medical Care Provider
Reimbursements are to be used for the
purposes herein appropriated, and there
shall be no budgetary transfer to any other
program or purpose.

General Fund Appropriation, provided that no part of this General Fund appropriation may be paid to any physician or surgeon or any hospital, clinic, or other medical facility for or in connection with the performance of any abortion, except upon certification by a physician or surgeon, based upon his or her professional judgment that the procedure is necessary, provided one of the following conditions exists: where continuation of the pregnancy is likely to result in the death of the woman; or where the woman is a victim of rape, sexual offense, or incest that has been reported to a law enforcement agency or a public health or social agency; or where it can be ascertained by the physician with a reasonable degree of medical certainty that the fetus is affected by genetic defect or serious deformity or abnormality; or where it can be ascertained by the physician with a reasonable degree of medical certainty that termination of pregnancy is medically necessary because there is substantial risk that continuation of the pregnancy could have a serious and adverse effect on the woman's present or future physical health; or before an abortion can be performed on the grounds of mental health there must be certification in writing by the physician or surgeon that in his or her professional judgment there exists medical evidence that continuation of the pregnancy is creating a serious effect on the woman's present mental health and if carried to term there is a substantial risk of a serious or long lasting effect on the woman's future mental health.

Further provided that this appropriation shall

be reduced by ~~\$25,000,000~~ \$20,000,000
contingent upon the enactment of
legislation suspending the reduction in the
Medicaid Deficit Assessment for fiscal year
2018 only. Authorization is hereby
provided to process a special fund budget
amendment up to ~~\$25,000,000~~ \$20,000,000
from Hospital Assessments to support
Medicaid provider reimbursements.

58

Further provided that \$375,000 of this
appropriation made for the purpose of a
managed care rate-setting study may not
be used for that purpose and instead shall
be expended only for provider
reimbursements. Funding not used for this
restricted purpose shall revert to the
General Fund.

59

Further provided that \$850,000 of this
appropriation made for provider
reimbursements may not be made for that
purpose and instead shall be expended only
to implement an opioid risk reduction pilot
program. The purpose of the program is to
improve Medicaid patient safety and
clinical outcomes for individuals being
prescribed for long-term opioid therapy for
chronic pain. In implementing the
program, the State shall contract with a
company for urine drug monitoring that
uses clinically driven health services
including complex claims review and
medication management. As part of the
same contract, the State shall require the
successful vendor to contract with a
Maryland nonprofit statewide physician
organization for physician outreach and
education services. It is the intent of the
General Assembly that the Department of
Health and Mental Hygiene apply for any
waiver necessary to use federal matching
funds as part of the pilot. However, if the
department is unable to receive a waiver to
implement the pilot program, the
department should proceed using State
funds only. Funding not used for this

Provided that the spending in fiscal 2018 of the Temporary Assistance for Needy Families federal funds shall not exceed \$249,874,106.

64

OFFICE OF THE SECRETARY

N00A01.01 Office of the Secretary

General Fund Appropriation, provided that \$50,000 of the administrative appropriation may not be expended unless the Department of Human Resources includes Earned Income Tax Credit performance measures, goals, and objectives in the fiscal 2019 Managing for Results submission.

65

Further provided that since the Department of Human Resources (DHR) Office of the Secretary has had four or more repeat audit findings in the most recent fiscal compliance audit issued by the Office of Legislative Audits (OLA), and DHR failed to completely resolve, or make adequate progress toward resolving, those repeat audit findings, \$50,000 of this agency's administrative appropriation may not be expended unless:

66

(1) DHR has reported the corrective action taken with respect to all repeat findings on or before November 1, 2017; and

(2) a report is submitted to the budget committees by OLA listing each repeat finding along with an assessment of the corrective action taken by DHR for each repeat finding. The budget committees shall have 45 days to review and comment to allow funds to be released prior to the end of fiscal 2018

LOCAL DEPARTMENT OPERATIONS**N00G00.01 Foster Care Maintenance Payments**

General Fund Appropriation, provided that funds appropriated herein may be used to develop a broad range of services to assist in returning children with special needs from out-of-state placements, to prevent unnecessary residential or institutional placements within Maryland, and to work with local jurisdictions in these regards. Policy decisions regarding the expenditures of such funds shall be made

jointly by the Executive Director of the Governor's Office for Children, the Secretaries of Health and Mental Hygiene, Human Resources, Juvenile Services, Budget and Management, and the State Superintendent of Education.

Further provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds not expended shall revert to the General Fund.

Further provided that \$200,000 of this appropriation made for the purpose of a new Foster Youth Savings Program shall be restricted pending the submission of two reports to the budget committees. The first report shall be submitted by July 1, 2017, and provide a detailed implementation plan for the Foster Youth Savings Program, including (1) the match terms; (2) limitations on withdrawals of matched funds; (3) type of accounts offered; (4) how children will be enrolled in the program; and (5) the types of education and financial literacy courses required as part of the program. The second report shall be submitted by December 1, 2017, and provide information on the number of youth participating, amount of matched savings provided, and implementation challenges. The budget committees shall have 45 days to review and comment. Funding shall be released in \$100,000 increments for the submission of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted

N00G00.03 Child Welfare Services

General Fund Appropriation, provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.01 Foster Care Maintenance Payments. Funds not expended or transferred shall revert to the General Fund.

72

Further provided that \$100,000 of this appropriation made for the purpose of the Local Child Welfare Services Program may not be expended until the Department of Human Resources submits a report to the Senate Budget and Taxation Committee, the Senate Judicial Proceedings Committee, the House Appropriations Committee, and the House Judiciary Committee on the plans of each local department of social services (LDSS) for partnering to provide and promote affordable housing and employment opportunities for former foster youth. The submission shall include the plans for each LDSS. Each LDSS plan shall:

73

- (1) describe any existing efforts to address the housing and employment needs of former foster youth (after their Child in Need of Assistance or Guardianship case has closed), including how the Family Unification Program vouchers are used to support youth aging out of foster care;

(2) propose new strategies, including ways to partner with private and public sector employers and workforce development entities including the local workforce investment boards, to provide job opportunities for former foster youth;

(3) provide and take into account projections of the number of youth expected to exit foster care at age 21 each year for the next four years; and

(4) propose potential partnerships with the Department of Housing and Community Development, local public housing authorities, and community-based organizations to support the placement of former foster youth (once the child leaves the child welfare system) into safe, stable, and affordable housing.

The report shall be submitted by June 1, 2018, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted

DEPARTMENT OF LABOR, LICENSING, AND REGULATION

OFFICE OF THE SECRETARY

P00A01.01 Executive Direction

General Fund Appropriation, provided that \$250,000 of this appropriation made for the purpose of the Employment Advancement Right Now program may not be expended until the Department of Labor, Licensing, and Regulation submits a report to the budget committees and the House Economic Matters Committee on the demographics and performance of each partnership. The report shall include how many students are enrolled with each partnership, their demographic information, county of residence, educational attainment, and if the participant has received employment or wage promotion in the partnership industry. The report shall be submitted by September 1, 2017, and the committees shall have 45 days to review and comment. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the committees.

Further provided that \$500,000 of this appropriation made for the purpose of Executive Direction may not be expended until the Department of Labor, Licensing, and Regulation submits two reports to the budget committees on the work of the Employment Standards and Safety Inspection. The Employment Standards shall provide a report including (1) a current organizational chart outlining the current staff, vacant positions, the hierarchy of the department, and the Spanish-speaking employees; (2) the number of complaints received by the unit broken down by complaint type including, minimum wage, overtime violations, and

wage misclassification, the county they were filed in, and the language the complaint was filed in; (3) the time it takes to process a complaint from intake to complaint closure; (4) the number of complaints that result in investigations and enforcement actions against the company; (5) the number and percent of written complaints that, after filing, are resolved without investigation and any explanation for each decision not to investigate; (6) the criteria for initiating an investigation; (7) an explanation of requirement for complainants to provide a written letter to their employer for unpaid wages; and (8) the outreach activities of the unit including the number and location of outreach events for fiscal 2012 to 2017.

The Maryland Occupational Safety and Health Administration shall provide a report including (1) a current organizational chart outlining the current staff, vacant positions, the hierarchy of the department, and the Spanish-speaking employees; (2) the actions that have been or will be taken to attract new employees and improve retention; (3) the metric used to determine the optimum number of health and safety inspectors; (4) the total number of full-time equivalents dedicated to the Voluntary Protection Program and the number of Voluntary Protection Program site visits conducted; (5) a detailed explanation for the decrease in the number of inspections opened and investigated; (6) a detailed explanation for failing to meet the annual enforcement goals described in the Federal Annual Monitoring and Evaluation Reports and what actions the agency is taking or plans to take to improve performance in order to meet these goals; (7) a detailed explanation for the decline in annual inspections and what actions have been or will be taken to address known or foreseeable challenges to performing inspection and enforcement

responsibilities; (8) the procedures used to gather, review, and utilize enforcement data, including geographic location and demographic data, to plan enforcement activities for scheduling and prioritizing programmed inspections, including written documentation of the site-specific targeting program; and (9) the procedures for reviewing and adopting federal Occupational Safety and Health Act directives and standards notices and a list of all directives and standards notices received, noting the date received, the action taken, and, if rejected, a reason for the rejection for fiscal 2012 to 2017.

<u>These reports shall be submitted by October 1, 2017, and annually thereafter; and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of these reports may be released in the amount of \$250,000 for each report received but may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted</u>

DIVISION OF CORRECTION – HEADQUARTERS

Q00B01.01 General Administration

General Fund Appropriation, provided that \$100,000 of this appropriation may not be expended until the Department of Public Safety and Correctional Services (DPSCS), in consultation with the Department of Budget and Management, submits a report to the budget committees providing the following information:

- (1) fiscal 2015, 2016, and 2017 data on the number of employees, delineated by category (correctional officer, parole and probation agent, or administrative), leaving DPSCS employment within 6, 12, and 24 months of hire;
- (2) fiscal 2015, 2016, and 2017 data on the number of employees, delineated by category (correctional officer, parole and probation agent, or administrative), leaving DPSCS employment by reason for the separation;
- (3) the amount of nonvoluntary overtime hours worked by DPSCS employees between May 2017 and October 2017;
- (4) the distribution of overtime hours worked and amount earned among DPSCS correctional employees in fiscal 2015, 2016, and 2017; and
- (5) a detailed plan for reducing the number of vacancies throughout the department, particularly among correctional officer and administrative staff. The plan should include an evaluation and

fiscal estimate of solutions
addressing compensation,
improvements in employee
wellness, the potential for utilizing
part-time or retired staff, potential
operating efficiencies designed to
lessen staffing needs, using civilian
positions in lieu of uniformed
personnel, and relaxation of hiring
standards.

The report shall be submitted by November 1,
2017, and the budget committees shall
have 45 days to review and comment.
Funds restricted pending receipt of a report
may not be transferred by budget
amendment or otherwise to any other
purpose and shall revert to the General
Fund if the report is not submitted to the
budget committees 15,287,002

Q00G00.01 General Administration

General Fund Appropriation, provided that \$100,000 of this appropriation made for the purpose of departmental operations may not be expended until the Police and Correctional Training Commissions (PCTC) submits the following information to the budget committees:

(1) PCTC's plan to comply with the finalized U.S. Department of Justice consent decree with the Baltimore Police Department and with the consent decree's specific mentions of PCTC involvement and/or oversight regarding regulations, notification, police training, and overall reform efforts;

(2) PCTC's policies or rules for making a determination as to whether Maryland police departments' training programs or procedures are subject to approval;

(3) PCTC's specific plan regarding PCTC approval of the official Baltimore Police Department Training Plan mentioned in the consent decree;

(4) all written policies regarding PCTC oversight of police firearms regulations and standards; and

(5) PCTC's policies or rules regarding when local jurisdictions' police departments are required to notify PCTC in the event of officer misconduct and officer resignations while misconduct or disciplinary charges are pending.

The report shall be submitted to the budget committees no later than July 1, 2017, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees ...	7,619,230

General Fund Appropriation, provided that \$100,000 of this appropriation shall be restricted until the Department of Public Safety and Correctional Services (DPSCS) conducts a new post-by-post security staffing analysis for each of its custodial facilities in order to identify the actual number of regular positions needed to safely and securely staff the State's correctional institutions. DPSCS shall provide a written report to the budget committees no later than December 1, 2017, with biannual submissions thereafter, summarizing the results of the analysis and explaining the need for any staffing changes resulting from the staffing analysis or changes in policy that require the use of additional positions. To the extent possible, the analysis should discuss ways the department is generating operating efficiencies in lieu of the need for additional positions. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise and shall revert to the General Fund if the report is not submitted to the budget committees

20 Special Fund Appropriation, provided that
 21 this appropriation shall be for the purchase
 22 of textbooks or computer hardware and
 23 software and other electronically delivered
 24 learning materials as permitted under
 25 Title IID, Section 2416(b)(4), (6), and (7) of
 26 the No Child Left Behind Act for loan to
 27 students in eligible nonpublic schools with
 28 a maximum distribution of \$65 per eligible
 29 nonpublic school student for participating
 30 schools, except that at schools where ~~at~~
 31 ~~least 20%~~ from 20% to 40% of the students
 32 are eligible for the free or reduced-price
 33 lunch program there shall be a distribution
 34 of \$95 per student, and at schools where
 35 more than 40% of the students are eligible
 36 for the free or reduced-price lunch program
 37 there shall be a distribution of \$155 per
 38 student. To be eligible to participate, a
 39 nonpublic school shall:

40 (1) Hold a certificate of approval from
 41 or be registered with the State
 42 Board of Education;

43 (2) Not charge more tuition to a
 44 participating student than the

1 statewide average per pupil
2 expenditure by the local education
3 agencies, as calculated by the
4 department, with appropriate
5 exceptions for special education
6 students as determined by the
7 department; and

- 8 (3) Comply with Title VI of the Civil
9 Rights Act of 1964, as amended.

10 The department shall establish a process to
11 ensure that the local education agencies
12 are effectively and promptly working with
13 the nonpublic schools to assure that the
14 nonpublic schools have appropriate access
15 to federal funds for which they are eligible.

16 Further provided that the Maryland State
17 Department of Education shall:

- 18 (1) Assure that the process for
19 textbook, computer hardware, and
20 computer software acquisition uses
21 a list of qualified textbook,
22 computer hardware, and computer
23 software vendors and of qualified
24 textbooks, computer hardware, and
25 computer software; uses textbooks,
26 computer hardware, and computer
27 software that are secular in
28 character and acceptable for use in
29 any public elementary or secondary
30 school in Maryland; and

- 31 (2) Receive requisitions for textbooks,
32 computer hardware, and computer
33 software to be purchased from the
34 eligible and participating schools,
35 and forward the approved
36 requisitions and payments to the
37 qualified textbook, computer
38 hardware, or computer software
39 vendor who will send the textbooks,
40 computer hardware, or computer
41 software directly to the eligible
42 school, which will:

- 1 (i) Report shipment receipt to
2 the department;
- 3 (ii) Provide assurance that the
4 savings on the cost of the
5 textbooks, computer
6 hardware, or computer
7 software will be dedicated to
8 reducing the cost of
9 textbooks, computer
10 hardware, or computer
11 software for students; and
- 12 (iii) Since the textbooks,
13 computer hardware, or
14 computer software shall
15 remain property of the State,
16 maintain appropriate
17 shipment receipt records for
18 audit purposes.

19 Further provided that a nonpublic school
20 participating in the Aid to Non-Public
21 Schools Program R00A03.04 shall certify
22 compliance with Title 20, Subtitle 6 of the
23 State Government Article. A nonpublic
24 school participating in the program may
25 not discriminate in student admissions on
26 the basis of race, color, national origin, or
27 sexual orientation. Nothing herein shall
28 require any school or institution to adopt
29 any rule, regulation, or policy that conflicts
30 with its religious or moral teachings.
31 However, all participating schools must
32 agree that they will not discriminate in
33 student admissions on the basis of race,
34 color, national origin, or sexual orientation.
35 The sole legal remedy for violation of these
36 provisions is ineligibility for participating
37 in the Aid to Non-Public Schools Program..

6,040,000

38 R00A03.05 Broadening Options and Opportunities
39 for Students Today
40 Special Fund Appropriation, provided that
41 this appropriation shall be for a
42 Broadening Options and Opportunities for

1 Students Today (BOOST) Program that
2 provides scholarships for students who are
3 eligible for the free or reduced-price lunch
4 program to attend eligible nonpublic
5 schools. The Maryland State Department
6 of Education (MSDE) shall administer the
7 grant program in accordance with the
8 following guidelines:

9 (1) To be eligible to participate in the
10 BOOST Program, a nonpublic
11 school must:

12 (a) participate in Program
13 R00A03.04 Aid to
14 Non-Public Schools Program
15 for textbooks and computer
16 hardware and software
17 administered by MSDE;

18 (b) provide more than only
19 prekindergarten and
20 kindergarten programs;

21 (c) administer assessments to
22 all students in accordance
23 with federal and State law;
24 and

25 (d) comply with Title VI of the
26 Civil Rights Act of 1964 as
27 amended, Title 20, Subtitle 6
28 of the State Government
29 Article, and not discriminate
30 in student admissions on the
31 basis of race, color, national
32 origin, or sexual
33 orientation. Nothing herein
34 shall require any school or
35 institution to adopt any
36 rule, regulation, or policy
37 that conflicts with its
38 religious or moral teachings.
39 However, all participating
40 schools must agree that they
41 will not discriminate in
42 student admissions based on

1 race, color, national origin, or
2 sexual orientation. If a
3 nonpublic school does not
4 comply with these
5 requirements, it shall
6 reimburse MSDE all
7 scholarship funds received
8 under the BOOST
9 Program and may not charge
10 the student tuition and fees
11 instead. The only other legal
12 remedy for violation of this
13 provision is ineligibility for
14 participating in the BOOST
15 Program.

16 (2) MSDE shall establish procedures
17 for the application and award
18 process for scholarships for
19 students who are eligible for the
20 free or reduced-price lunch
21 program. The procedures shall
22 include consideration for award
23 adjustments if an eligible student
24 becomes ineligible during the
25 course of the school year.

26 (3) MSDE shall compile and certify a
27 list of applicants that ranks eligible
28 students by family income
29 expressed as a percent of the most
30 recent federal poverty levels.

31 (4) MSDE shall submit the ranked list
32 of applicants to the BOOST
33 Advisory Board.

34 (5) There is a BOOST Advisory Board
35 that shall be appointed as follows: 2
36 members appointed by the
37 Governor, 2 members appointed by
38 the President of the Senate, 2
39 members appointed by the Speaker
40 of the House of Delegates, and 1
41 member jointly appointed by the
42 President and the Speaker to serve
43 as the chair. A member of the

BOOST Advisory Board may not be an elected official and may not have any financial interest in an eligible nonpublic school.

(6) The BOOST Advisory Board shall review and certify the ranked list of applicants and shall determine the scholarship award amounts.

(7) MSDE shall make scholarship awards to eligible students as determined by the BOOST Advisory Board.

(8) The amount of a scholarship award may not exceed the lesser of:

(a) the statewide average per pupil expenditure by local education agencies, as calculated by MSDE; or

(b) the tuition of the nonpublic school.

~~Further provided that up to \$150,000 of the appropriation may be used by MSDE to cover the reasonable costs of administering the BOOST Program.~~

Further provided that MSDE shall submit a report to the budget committees by December 15, 2017, that includes the following:

(1) the number of students receiving BOOST Program scholarships;

(2) the amount of the BOOST Program scholarships received;

(3) the number of certified and noncertified teachers in core subject areas for each nonpublic school participating in the BOOST Program;

- (4) the assessments being administered in accordance with federal and State law by nonpublic schools participating in the BOOST Program, as well as student performance on those assessments;
- (5) in the aggregate, for each BOOST Program scholarship awarded (1) the nonpublic school and grade level attended by the student; (2) the school attended in the 2016–2017 school year by the student; and (3) if the student attended the same nonpublic school in the 2016–2017 school year, whether, what type, and how much nonpublic scholarship aid the student received in the 2016–2017 school year and will receive in the 2017–2018 school year;
- (6) the average household income of students receiving BOOST Program scholarships;
- (7) the racial breakdown of students receiving BOOST Program scholarships;
- (8) the number of students designated as English language learners receiving BOOST Program scholarships;
- (9) the number of special education students receiving BOOST Program scholarships;
- (10) the county in which students receiving BOOST Program scholarships reside;

30	The following amounts constitute the General	
31	Fund appropriation for the State operated	
32	institutions of higher education. The State	
33	Comptroller is hereby authorized to	
34	transfer these amounts to the accounts of	
35	the programs indicated below in four equal	
36	allotments; said allotments to be made on	

July 1 and October 1 of 2017 and January 1 and April 1 of 2018. Neither this appropriation nor the amounts herein enumerated constitute a lump sum appropriation as contemplated by Sections 7-207 and 7-233 of the State Finance and Procurement Article of the Code.

General Fund Appropriation, provided that this appropriation shall be reduced by \$4,000,000 contingent on enactment of legislation repealing the requirement that	

1 additional funding be provided to increase
2 funding guideline attainment.

3 Further provided that \$100,000 of this
4 appropriation may not be expended until
5 the University of Maryland Eastern Shore
6 submits a report by November 10, 2017, to
7 the budget committees on the actual fiscal
8 2017 revenues and expenditures by
9 program areas and the fiscal 2018 revenues
10 and expenditures by program area based
11 on the fall 2017 enrollment. The budget
12 committees shall have 45 days to review
13 and comment on the report. Funds
14 restricted pending receipt of a report may
15 not be transferred by budget amendment or
16 otherwise to any other purpose and shall
17 revert to the General Fund if the report is
18 not submitted to the budget committees.

105

19 Further provided that \$70,000 of this
20 appropriation made for the purpose of
21 Towson University to maintain Hidden
22 Waters shall be reduced. It is the intent of
23 the General Assembly that the University
24 System of Maryland Foundation assume
25 full responsibility for the costs of
26 maintaining Hidden Waters.

106

27 Further provided that this appropriation
28 made for the purpose of Baltimore City
29 Community College be reduced by
30 \$750,000.

107

31 Further provided that, contingent upon the
32 failure of enactment of HB 1595 and SB
33 1127, \$1,000,000 of this appropriation
34 made for the purpose of operations at
35 Baltimore City Community College
36 (BCCC) may not be expended until the
37 Board of Trustees of BCCC submits a draft
38 implementation plan to the budget
39 committees on the institution's follow-up
40 to the comprehensive report from the
41 Schaefer Center. The Board of Trustees
42 shall consult with the President in
43 developing the implementation plan. The

108

draft implementation plan is due by
February 1, 2018, and the final
implementation plan is due by June 30,
2018.

The implementation plan shall explain how
BCCC is:

(1) strategically focusing core offerings
of BCCC on the needs of students at
BCCC and the workforce of
Baltimore City, including review
and, if needed, elimination of
programs;

(2) making workforce development and
job placement top educational
priorities of BCCC;

(3) improving student pathways to
success, including remedial
education, attainment of a degree
or a postsecondary certificate, and
transfer to a four-year institution
of higher education;

(4) improving student pathways to
success with the Baltimore City
Public School System, institutions
of higher education, and employers;

(5) aligning the budget of BCCC with
realistic enrollment projections;

(6) engaging in a comprehensive
review of all positions, faculty, and
staff at BCCC;

(7) establishing strong relationships
with key stakeholders, including:

(a) the Mayor of Baltimore City;

(b) the Mayor's Office of
Employment Development;

(c) the Baltimore City Public

School System;

(d) institutions of higher education located in Baltimore City;

(e) State agencies, including the Department of Labor, Licensing, and Regulation;

(f) private employers; and

(g) business and community organizations.

(8) rebuilding and marketing the brand of BCCC;

(9) addressing the information technology and infrastructure needs of BCCC, including whether oversight by the Department of Information Technology is advisable;

(10) developing or selling all unused or underutilized real estate holdings, including the Inner Harbor site; and

(11) identifying any barriers in State or local laws or regulations that impede the ability of BCCC to operate efficiently and effectively, including procurement and capital construction projects.

The budget committees shall have 45 days to review and comment from the date of receipt of the draft implementation plan. Funds restricted pending receipt of the draft implementation plan may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the draft implementation plan is not submitted to the budget committees 1,450,596,376

The following amounts constitute an estimate of Special Fund revenues derived from the Higher Education Investment Fund and the Maryland Emergency Medical System Operations Fund. These revenues support the Special Fund appropriation for the State operated institutions of higher education. The State Comptroller is hereby authorized to transfer these amounts to the accounts of the programs indicated below in four allotments; said allotments to be made on July 1 and October 1 of 2017 and January 1 and April 1 of 2018. To the extent revenue attainment is lower than estimated, the State Comptroller shall adjust the transfers at year's end. Neither this appropriation nor the amounts herein enumerated constitute a lump sum appropriation as contemplated by Sections 7-207 and 7-233 of the State Finance and Procurement Article of the Code.

DEPARTMENT OF THE ENVIRONMENT

Provided that no funding for information technology (IT) development projects may be spent in the budget of the Maryland Department of the Environment (MDE) until notification is provided to the Department of Information Technology (DoIT) and the budget committees. Upon notification, DoIT will determine if an IT project is a Major IT Development Project (MITDP) consistent with Section 3A–301(f) of the State Finance and Procurement Article. If DoIT determines that a project is a MITDP, the project shall be consistent with MDE's Master Plan as required by Section 3A–307 of the State Finance and Procurement Article. For all major IT projects, MDE shall prepare an Information Technology Project Request (ITPR) consistent with Section 3A–308 of the State Finance and Procurement Article. The ITPR shall include a project description; business need or justification; the scope and complexity of the project; benefits; major risks; possible alternatives; and funding plan by year, fund source, and specific fund type.

DEPARTMENT OF STATE POLICE

MARYLAND STATE POLICE

W00A01.01 Office of the Superintendent

General Fund Appropriation 24,012,270

W00A01.02 Field Operations Bureau

General Fund Appropriation, provided that
\$1,000,000 of this appropriation made for
the purpose of funding a new trooper class
may not be expended for that purpose but
instead may be used only to fund the
civilianization of a minimum of 50
positions currently filled by troopers, as
identified in the Office of Legislative
Audits' December 2016 Workforce
Civilianization report. Funds not expended
for this restricted purpose may not be
transferred by budget amendment or
otherwise to any other purpose and shall
revert to the General Fund.

Further provided that \$400,000 of this
appropriation made for the purpose of
funding a new trooper class may not be
expended until the Department of State
Police (DSP) submits a report to the budget
committees demonstrating that at least 50
positions currently filled by troopers have
been reclassified as civilian positions by
May 15, 2018. The report shall be
submitted to the budget committees by
May 25, 2018, and the budget committees
shall have 35 days to review and comment.
To the extent that positions are not
successfully reclassified or the report is not
submitted by the requested date, the
restricted funds shall revert to the General
Fund.

Further provided that the remaining
\$1,000,000 of this appropriation made for
the purpose of funding a new trooper class
shall be deleted in recognition of
anticipated personnel savings generated
from filling the positions with less costly

civilian staff.

It is the intent of the budget committees, given that DSP is currently in the process of evaluating the appropriate size of its workforce, that the civilianization of the 50 positions be achieved via attrition. As sworn position vacancies occur, troopers in administrative positions eligible for civilianization should be transferred into those newly vacant sworn positions and the administrative positions should be reclassified as civilian. This provides the department with less costly administrative staff and deployment of experienced officers in the field, while delaying the determination of whether the department needs additional sworn personnel resources until its staffing study is complete

SECTION 2. AND BE IT FURTHER ENACTED, That in order to carry out the provisions of these appropriations the Secretary of Budget and Management is authorized:

(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense ~~and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.~~

The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury a list limited to the appropriations restricted in this Act, to be placed in contingency reserve ~~a schedule of allotments, if any.~~ The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.

~~(b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.~~

~~(e)~~ (b) The Secretary is authorized to ~~To~~ fix the number and classes of positions, including temporary and permanent positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determinations. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15-105 of the Education Article.

~~(d)~~ (c) To prescribe procedures and forms for carrying out the above provisions.

SECTION 3. AND BE IT FURTHER ENACTED, That in accordance with Section 7-109 of the State Finance and Procurement Article of the Annotated Code of Maryland, it is the intention of the General Assembly to include herein a listing of nonclassified flat rate or per diem positions by unit of State government, job classification, the number in each job classification and the amount proposed for each classification. SECTION 4. AND BE IT FURTHER ENACTED, That if any person holding an office of profit within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, is appointed to or otherwise becomes the holder of a second office within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, then no compensation or other emolument, except expenses incurred in connection with attendance at hearings, meetings, field trips, and working sessions, shall be paid from any funds appropriated by this bill to that person for any services in connection with the second office.

SECTION 5. AND BE IT FURTHER ENACTED, That amounts received pursuant to Sections 2–201 and 7–217 of the State Finance and Procurement Article may be expended by approved budget amendment.

SECTION 6. AND BE IT FURTHER ENACTED, That funds appropriated by this bill may be transferred among programs in accordance with the procedure provided in Sections 7–205 through 7–212, inclusive, of the State Finance and Procurement Article.

SECTION 7. AND BE IT FURTHER ENACTED, That, except as otherwise provided, amounts received from sources estimated or calculated upon in the budget in excess of the estimates for any special or federal fund appropriations listed in this bill may be made available by approved budget amendment.

SECTION 8. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts for the operations of State office buildings and facilities to the budgets of the various agencies and departments occupying the buildings.

1 SECTION 9. AND BE IT FURTHER ENACTED, That \$10,535,100 is appropriated
2 in the various agency budgets for tort claims (including motor vehicles) under the
3 provisions of the State Government Article, Title 12, Subtitle 1, the Maryland Tort Claims
4 Act (MTCA). These funds are to be transferred to the State Insurance Trust Fund; these
5 funds, together with funds appropriated in prior budgets for tort claims but unexpended,
6 are the only funds available to make payments under the provisions of the MTCA.

7 (A) Tort claims for incidents or occurrences occurring after October 1, 1999, paid
8 from the State Insurance Trust Fund, are limited hereby and by State Treasurer's
9 regulations to payments of no more than \$200,000 to a single claimant for injuries
10 arising from a single incident or occurrence.

11 (B) Tort claims for incidents or occurrences occurring after July 1, 1996, and
12 before October 1, 1999, paid from the State Insurance Trust Fund, are limited hereby
13 and by State Treasurer's regulations to payments of no more than \$100,000 to a
14 single claimant for injuries arising from a single incident or occurrence.

15 (C) Tort claims for incidents or occurrences resulting in death on or after July 1,
16 1994, and before July 1, 1996, paid from the State Insurance Trust Fund, are limited
17 hereby and by State Treasurer's regulations to payments of no more than \$75,000 to
18 a single claimant. All other tort claims occurring on or after July 1, 1994, and before
19 July 1, 1996, paid from the State Insurance Trust Fund, are limited hereby and by
20 State Treasurer's regulations to payments of no more than \$50,000 to a single
21 claimant for injuries arising from a single incident or occurrence.

22 (D) Tort claims for incidents or occurrences occurring prior to July 1, 1994, paid
23 from the State Insurance Trust Fund, are limited hereby and by State Treasurer's
24 regulations to payments of no more than \$50,000 to a single claimant for injuries
25 arising from a single incident or occurrence.

26 SECTION 10. AND BE IT FURTHER ENACTED, That authorization is hereby
27 granted to transfer by budget amendment General Fund amounts, budgeted to the various
28 State agency programs and subprograms which comprise the indirect cost pools under the
29 Statewide Indirect Cost Plan, from the State agencies providing such services to the State
30 agencies receiving the services. It is further authorized that receipts by the State agencies
31 providing such services from charges for the indirect services may be used as special funds
32 for operating expenses of the indirect cost pools.

33 SECTION 11. AND BE IT FURTHER ENACTED, That certain funds appropriated
34 to the various State agency programs and subprograms in Comptroller Object 0882
35 (In-State Services – Computer Usage – ADC Only) shall be utilized to pay for services
36 provided by the Comptroller of the Treasury, Data Processing Division, Computer Center
37 Operations (E00A10.01) consistent with the reimbursement schedule provided for in the
38 supporting budget documents. The expenditure or transfer of these funds for other purposes
39 requires the prior approval of the Secretary of Budget and Management. Notwithstanding
40 any other provision of law, the Secretary of Budget and Management may transfer amounts

appropriated in Comptroller Object 0882 between State departments and agencies by approved budget amendment in fiscal 2018.

SECTION 12. AND BE IT FURTHER ENACTED, That, pursuant to Section 8–102 of the State Personnel and Pensions Article, the salary schedule for the executive pay plan during fiscal 2018 shall be as set forth below. Adjustments to the salary schedule may be made during the fiscal year in accordance with the provisions of Sections 8–108 and 8–109 of the State Personnel and Pensions Article. Notwithstanding the inclusion of salaries for positions which are determined by agencies with independent salary setting authority in the salary schedule set forth below, such salaries may be adjusted during the fiscal year in accordance with such salary setting authority.

SECTION 14. AND BE IT FURTHER ENACTED, That if a person is placed by the Departments of Health and Mental Hygiene, Human Resources, or Juvenile Services or the

1 State Department of Education in a facility or program that becomes eligible for Medical
2 Assistance Program (Medicaid) participation, and the Medical Assistance Program makes
3 payment for such services, general funds equal to the general funds paid by the Medical
4 Assistance Program to such a facility or program may be transferred from the previously
5 mentioned departments to the Medical Assistance Program. Further, should the facility or
6 program become eligible subsequent to payment to the facility or program by any of the
7 previously mentioned departments, and the Medical Assistance Program makes
8 subsequent additional payments to the facility or program for the same services, any
9 recoveries of overpayment, whether paid in this or prior fiscal years, shall become available
10 to the Medical Assistance Program for provider reimbursement purposes.

11 SECTION 15. AND BE IT FURTHER ENACTED, That all funds appropriated to the
12 various State departments and agencies in Comptroller Object 0831 (Office of
13 Administrative Hearings) to conduct administrative hearings by the Office of
14 Administrative Hearings are to be transferred to the Office of Administrative Hearings
15 (D99A11.01) on July 1, 2017, and may not be expended for any other purpose.

16 SECTION 16. AND BE IT FURTHER ENACTED, That funds budgeted in the State
17 Department of Education and the Departments of Health and Mental Hygiene, Human
18 Resources, and Juvenile Services may be transferred by budget amendment to the
19 Children's Cabinet Interagency Fund (R00A04.01). Funds transferred would represent
20 costs associated with local partnership agreements approved by the Children's Cabinet
21 Interagency Fund.

22 SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the
23 various State agency programs and subprograms in Comptroller Objects 0152 (Health
24 Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation),
25 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0322 (Capital Lease
26 Telecommunications), 0839 (HR Shared Services), 0874 (Office of Attorney General
27 Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System
28 Allocation), 0897 (Enterprise Budget System Allocation), and 1303 (rent paid to DGS) are
29 to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds~~
30 ~~for other purposes requires the prior approval of the Secretary of Budget and Management.~~
31 Notwithstanding any other provision of law, the Secretary of Budget and Management may
32 transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, 0322, and
33 0876 between State departments and agencies by approved budget amendment in fiscal
34 2017 and fiscal 2018. All funds budgeted in or transferred to Comptroller Objects 0152 and
35 0154, and any funds restricted in this budget for use in the employee and retiree health
36 insurance program that are unspent shall be credited to the fund as established in
37 accordance with Section 2-516 of the State Personnel and Pensions Article of the Annotated
38 Code of Maryland.

39 Further provided that each agency that receives funding in this budget in any of the
40 restricted Comptroller Objects listed within this section shall establish within the State's
41 accounting system a structure of accounts to separately identify for each restricted
42 Comptroller Object, by fund source, the legislative appropriation, monthly transactions,
43 and final expenditures. It is the intent of the General Assembly that an accounting detail

be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

SECTION 18. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0875 (Retirement Administrative Fee) to support the Maryland State Retirement agency operations are to be transferred to the Maryland State Retirement agency (G20J01.01) on July 1, 2017, and may not be expended for any other purpose.

SECTION 19. AND BE IT FURTHER ENACTED, That for fiscal 2018 funding for retirement shall be reduced by ~~\$54,527,621~~ \$55,769,368 in Executive Branch, Legislative Branch, and Judicial Branch agencies to reduce the retirement reinvestment contribution contingent upon the enactment of legislation reducing the amount of the retirement reinvestment contribution. Funding for this purpose shall be reduced in Comptroller Object 0161 (Employees' Retirement), Comptroller Object 0163 (Teachers' Retirement), Comptroller Object 0165 – (State Police Retirement), Comptroller Object 0166 (Judges' Retirement), and Comptroller Object 0169 (Law Enforcement Officers' Retirement) within Executive Branch, Legislative Branch, and Judicial Branch agencies in fiscal 2018 by the following amounts in accordance with a schedule determined by the Governor:

31 SECTION 20. AND BE IT FURTHER ENACTED, That the Governor's budget books
32 shall include a forecast of the impact of the Executive budget proposal on the long-term
33 fiscal condition of the General Fund, the Transportation Trust Fund, and higher education
34 Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues,
35 expenditures, and fund balances in each account for the fiscal year last completed, the
36 current year, the budget year, and four years thereafter. Expenditures shall be reported at
37 such agency, program or unit levels, or categories as may be determined appropriate after
38 consultation with the Department of Legislative Services. A statement of major
39 assumptions underlying the forecast shall also be provided, including but not limited to
40 general salary increases, inflation, and growth of caseloads in significant program areas.

134

41 SECTION 21. AND BE IT FURTHER ENACTED, That all across-the-board
42 reductions applied to the Executive Branch, unless otherwise stated, shall apply to current
43 unrestricted and general funds in the University System of Maryland, St. Mary's College
44 of Maryland, Morgan State University, and Baltimore City Community College.

135

1 SECTION 22. AND BE IT FURTHER ENACTED, That the General Accounting
2 Division of the Comptroller of Maryland shall establish a subsidiary ledger control account
3 to debit all State agency funds budgeted under subobject 0175 (Workers' Compensation)
4 and to credit all payments disbursed to the Chesapeake Employers' Insurance Company
5 (CEIC) via transmittal. The control account shall also record all funds withdrawn from
6 CEIC and returned to the State and subsequently transferred to the General Fund. CEIC
7 shall submit monthly reports to the Department of Legislative Services concerning the
8 status of the account.

136

9 SECTION 23. AND BE IT FURTHER ENACTED, That the Governor's budget books
10 shall include a summary statement of federal revenues by major federal program sources
11 supporting the federal appropriations made therein along with the major assumptions
12 underpinning the federal fund estimates. The Department of Budget and Management
13 (DBM) shall exercise due diligence in reporting this data and ensure that they are updated
14 as appropriate to reflect ongoing congressional action on the federal budget. In addition,
15 DBM shall provide to the Department of Legislative Services (DLS) data for the actual,
16 current, and budget years listing the components of each federal fund appropriation by
17 Catalog of Federal Domestic Assistance number or equivalent detail for programs not in
18 the catalog. Data shall be provided in an electronic format subject to the concurrence of
19 DLS.

137

20 SECTION 24. AND BE IT FURTHER ENACTED, That in the expenditure of federal
21 funds appropriated in this budget or subsequent to the enactment of this budget by the
22 budget amendment process:

138

23 (1) State agencies shall administer these federal funds in a manner that
24 recognizes that federal funds are taxpayer dollars that require prudent fiscal management,
25 careful application to the purposes for which they are directed, and strict attention to
26 budgetary and accounting procedures established for the administration of all public funds.

27 (2) For fiscal 2018, except with respect to capital appropriations, to the
28 extent consistent with federal requirements:

29 (a) when expenditures or encumbrances may be charged to either
30 State or federal fund sources, federal funds shall be charged before State funds are charged
31 except that this policy does not apply to the Department of Human Resources with respect
32 to federal funds to be carried forward into future years for child welfare or welfare reform
33 activities;

34 (b) when additional federal funds are sought or otherwise become
35 available in the course of the fiscal year, agencies shall consider, in consultation with the
36 Department of Budget and Management (DBM), whether opportunities exist to use these
37 federal revenues to support existing operations rather than to expand programs or
38 establish new ones; and

39 (c) DBM shall take appropriate actions to effectively establish the

provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

138

SECTION 25. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2018 as an appendix in the Governor's fiscal 2019 budget books. The report must detail by agency for the actual fiscal 2017 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, the report must list the most recently available federally approved statewide and internal agency cost-recovery rates. As part of the normal fiscal/compliance audit performed for each agency, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2018, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery shall be transferred only to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

139

SECTION 26. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2019 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor's budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2018 except as indicated elsewhere in this Act; however, this may not preclude the placement of additional information into the budget books. For actual fiscal 2017 spending, the fiscal 2018 working appropriation, and the fiscal 2019 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2017 spending, the fiscal 2018 working appropriation, and the fiscal 2019 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

140

Further provided that due diligence shall be taken to accurately report full-time equivalent counts of contractual full-time equivalents in the budget books. For the purpose of this count, contractual full-time equivalents are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

1 Further provided that DBM shall provide to DLS the allowance for each department,
2 unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or
3 Adobe PDF format that depicts the allocation of personnel across operational and
4 administrative activities of the entity.

5 Further provided that for each across-the-board reduction to appropriations or
6 positions in the fiscal 2019 budget bill affecting fiscal 2018 or 2019, DBM shall allocate the
7 reduction for each agency in a level of detail not less than the three-digit R*Stars financial
8 agency code and by each fund type.

9 Further provided that, for the purposes of developing Appendix A in the Maryland
10 Budget Highlights for fiscal 2019, the Governor may not reflect more than \$30,000,000 in
11 general fund reversions for fiscal 2018. For appropriations approved in this Act that are
12 determined to be in excess of the needs of any agency or program above the aggregate
13 estimate of \$30,000,000 in reversions, the fiscal 2019 budget bill should include negative
14 deficiencies.

15 SECTION 27. AND BE IT FURTHER ENACTED, That on or before August 1, 2017,
16 each State agency and each public institution of higher education shall report to the
17 Department of Budget and Management (DBM) any agreements in place for any part of
18 fiscal 2017 between State agencies and any public institution of higher education involving
19 potential expenditures in excess of \$100,000 over the term of the agreement. Further
20 provided that DBM shall provide direction and guidance to all State agencies and public
21 institutions of higher education as to the procedures and specific elements of data to be
22 reported with respect to these interagency agreements, to include at a minimum:

23 (1) a common code for each interagency agreement that specifically
24 identifies each agreement and the fiscal year in which the agreement began;

25 (2) the starting date for each agreement;

26 (3) the ending date for each agreement;

27 (4) a total potential expenditure, or not-to-exceed dollar amount, for the
28 services to be rendered over the term of the agreement by any public institution of higher
29 education to any State agency;

30 (5) a description of the nature of the goods and services to be provided;

31 (6) the total number of personnel, both full-time and part-time, associated
32 with the agreement;

33 (7) contact information for the agency and the public institution of higher
34 education for the person(s) having direct oversight or knowledge of the agreement;

35 (8) total indirect cost recovery or facilities and administrative (F&A)

expenditures authorized for the agreement;

(9) the indirect cost recovery or F&A rate for the agreement and brief description of how the rate was determined;

(10) actual expenditures for the most recently closed fiscal year;

(11) actual base expenditures that the indirect cost recovery or F&A rate may be applied against the most recently closed fiscal year;

(12) actual expenditures for indirect cost recovery or F&A for the most recently closed fiscal year; and

(13) total authorized expenditure for any subaward(s) or subcontract(s) being used as part of the agreement and a brief description of the type of award or contract.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2017, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 that were in effect at any time during fiscal 2017.

Further provided that no new higher education interagency agreement with State agencies with a projected value in excess of \$500,000 may be entered into during fiscal 2018 without prior approval of the Secretary of Budget and Management.

SECTION 28. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

(1) This section may not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance; and

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Account for projects approved by the Legislative Policy Committee.

(2) Budget amendments increasing total appropriations in any fund account by \$100,000 or more may not be approved by the Governor until:

(a) that amendment has been submitted to the Department of

1 Legislative Services (DLS); and

2 (b) the budget committees or the Legislative Policy Committee have
3 considered the amendment or 45 days have elapsed from the date of submission of the
4 amendment. Each amendment submitted to DLS shall include a statement of the amount,
5 sources of funds and purposes of the amendment, and a summary of the impact on regular
6 position or contractual full-time equivalent payroll requirements.

7 (3) Unless permitted by the budget bill or the accompanying supporting
8 documentation or by any other authorizing legislation, and notwithstanding the provisions
9 of Section 3–216 of the Transportation Article, a budget amendment may not:

10 (a) restore funds for items or purposes specifically denied by the
11 General Assembly;

12 (b) fund a capital project not authorized by the General Assembly
13 provided, however, that subject to provisions of the Transportation Article, projects of the
14 Maryland Department of Transportation (MDOT) shall be restricted as provided in Section
15 1 of this Act;

16 (c) increase the scope of a capital project by an amount 7.5% or more
17 over the approved estimate or 5.0% or more over the net square footage of the approved
18 project until the amendment has been submitted to DLS, and the budget committees have
19 considered and offered comment to the Governor or 45 days have elapsed from the date of
20 submission of the amendment. This provision does not apply to MDOT; and

21 (d) provide for the additional appropriation of special, federal, or
22 higher education funds of more than \$100,000 for the reclassification of a position or
23 positions.

24 (4) A budget may not be amended to increase a federal fund appropriation
25 by \$100,000 or more unless documentation evidencing the increase in funds is provided
26 with the amendment and fund availability is certified by the Secretary of Budget and
27 Management.

28 (5) No expenditure or contractual obligation of funds authorized by a
29 proposed budget amendment may be made prior to approval of that amendment by the
30 Governor.

31 (6) Notwithstanding the provisions of this section, any federal, special, or
32 higher education fund appropriation may be increased by budget amendment upon a
33 declaration by the Board of Public Works that the amendment is essential to maintaining
34 public safety, health, or welfare, including protecting the environment or the economic
35 welfare of the State.

36 (7) Budget amendments for new major information technology projects, as
37 defined by Sections 3A–301 and 3A–302 of the State Finance and Procurement Article,

1 must include an Information Technology Project Request, as defined in Section 3A-308 of
2 the State Finance and Procurement Article.

3 (8) Further provided that the fiscal 2018 appropriation detail as shown in
4 the Governor's budget books submitted to the General Assembly in January 2018 and the
5 supporting electronic detail may not include appropriations for budget amendments that
6 have not been signed by the Governor, exclusive of the MDOT pay-as-you-go capital
7 program.

8 (9) Further provided that it is the policy of the State to recognize and
9 appropriate additional special, higher education, and federal revenues in the budget bill as
10 approved by the General Assembly. Further provided that for the fiscal 2019 allowance, the
11 Department of Budget and Management shall continue policies and procedures to minimize
12 reliance on budget amendments for appropriations that could be included in a deficiency
13 appropriation.

14 SECTION 29. AND BE IT FURTHER ENACTED, That:

15 (1) The Secretary of Health and Mental Hygiene shall maintain the
16 accounting systems necessary to determine the extent to which funds appropriated for
17 fiscal 2017 in program M00Q01.03 Medical Care Provider Reimbursements have been
18 disbursed for services provided in that fiscal year and shall prepare and submit the periodic
19 reports required under this section for that program.

20 (2) The State Superintendent of Schools shall maintain the accounting
21 systems necessary to determine the extent to which funds appropriated for fiscal 2017 to
22 program R00A02.07 Students With Disabilities for nonpublic placements have been
23 disbursed for services provided in that fiscal year and to prepare periodic reports as
24 required under this section for that program.

25 (3) The Secretary of Human Resources shall maintain the accounting
26 systems necessary to determine the extent to which funds appropriated for fiscal 2017 in
27 program N00G00.01 Foster Care Maintenance Payments have been disbursed for services
28 provided in that fiscal year, including detail on average monthly caseload, average monthly
29 cost per case, and the total expended for each foster care program, and to prepare the
30 periodic reports required under this section for that program.

31 (4) For the programs specified, reports must indicate total appropriations
32 for fiscal 2017 and total disbursements for services provided during that fiscal year up
33 through the last day of the second month preceding the date on which the report is to be
34 submitted and a comparison to data applicable to those periods in the preceding fiscal year.

35 (5) Reports shall be submitted to the budget committees, the Department
36 of Legislative Services, the Department of Budget and Management, and the Comptroller
37 on November 1, 2017; March 1, 2018; and June 1, 2018.

38 (6) It is the intent of the General Assembly that general funds appropriated

for fiscal 2017 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

SECTION 30. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or an Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2017 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2017 session unless the Acting Secretary is appointed under Article II, Section 11 of the Maryland Constitution prior to July 1, 2017.

SECTION 31. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2017, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that an equal number of positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 contractual full-time equivalents (FTEs) are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual FTEs for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

(1) funds are available from non-State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non-State funds are no longer available.

144

145

1 The Secretary of Budget and Management shall certify and report to the General
2 Assembly by June 30, 2018, the status of positions created with non-State funding sources
3 during fiscal 2014 through 2018 under this provision as remaining, authorized, or abolished
4 due to the discontinuation of funds.

5 SECTION 32. AND BE IT FURTHER ENACTED, That immediately following the
6 close of fiscal 2017, the Secretary of Budget and Management shall determine the total
7 number of full-time equivalent (FTE) positions that are authorized as of the last day of
8 fiscal 2017 and on the first day of fiscal 2018. Authorized positions shall include all
9 positions authorized by the General Assembly in the personnel detail of the budgets for
10 fiscal 2017 and 2018, including nonbudgetary programs, the Maryland Transportation
11 Authority, the University System of Maryland self-supported activities, and the Maryland
12 Correctional Enterprises.

13 The Department of Budget and Management (DBM) shall also prepare a report
14 during fiscal 2018 for the budget committees upon creation of regular FTE positions
15 through Board of Public Works action and upon transfer or abolition of positions. This
16 report shall also be provided as an appendix in the fiscal 2019 Governor's budget books. It
17 shall note, at the program level:

18 (1) where regular FTE positions have been abolished;

19 (2) where regular FTE positions have been created;

20 (3) from where and to where regular FTE positions have been transferred;

21 and

22 (4) where any other adjustments have been made.

23 Provision of contractual FTE information in the same fashion as reported in the
24 appendices of the fiscal 2018 Governor's budget books shall also be provided.

25 SECTION 33. AND BE IT FURTHER ENACTED, That the Department of Budget
26 and Management and the Maryland Department of Transportation are required to submit
27 to the Department of Legislative Services (DLS) Office of Policy Analysis:

28 (1) a report in Excel format listing the grade, salary, title, and incumbent
29 of each position in the Executive Pay Plan (EPP) as of July 15, 2017; October 15, 2017;
30 January 15, 2018; and April 15, 2018; and

31 (2) detail on any lump-sum increases given to employees paid on the EPP
32 subsequent to the previous quarterly report.

33 Flat-rate employees on the EPP shall be included in these reports. Each position in
34 the report shall be assigned a unique identifier that describes the program to which the
35 position is assigned for budget purposes and corresponds to the manner of identification of

positions within the budget data provided annually to the DLS Office of Policy Analysis.

SECTION 34. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

SECTION 35. AND BE IT FURTHER ENACTED, That the Secretary of Budget and Management shall include as an appendix in the fiscal 2019 Governor's budget books an accounting of the fiscal 2017 actual, fiscal 2018 working appropriation, and fiscal 2019 estimated revenues and expenditures associated with the employees' and retirees' health plan. The data in this report should be consistent with the budget data submitted to the Department of Legislative Services. This accounting shall include:

(1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit recoveries, and other miscellaneous recoveries;

(2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and

(3) any balance remaining and held in reserve for future provider payments.

SECTION 36. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Maryland Department of Planning, the Department of Natural Resources, the Maryland Department of Agriculture, the Maryland Department of the Environment, and the Department of Budget and Management provide a report to the budget committees by December 1, 2017, on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The report should include:

(1) fiscal 2017 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reduction; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and "chlorophyll a" for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

(2) projected fiscal 2018 to 2025 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and "chlorophyll a" for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

147
cont

148

149

150

(3) an overall framework discussing the needed regulations, revenues, laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2017 to 2025 in order to reach the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay to be both written in narrative form and tabulated in spreadsheet form that is submitted electronically in disaggregated form to DLS;

(4) an analysis of the various options for financing Chesapeake Bay restoration including public-private partnerships, a regional financing authority, nutrient trading, technological developments, and any other policy innovations that would improve the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration; and

(5) an analysis by the University of Maryland Environmental Finance Center on how cost-effective the existing State funding sources – such as the Bay Restoration Fund, Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, and Water Quality Revolving Loan Fund among others – are being used for Chesapeake Bay restoration purposes.

SECTION 37. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Department of Budget and Management, the Department of Natural Resources, and the Maryland Department of the Environment provide a report on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The scope of the report is as follows: Chesapeake Bay restoration operating and capital expenditures by agency, fund type, and particular fund source based on programs that have over 50% of their activities directly related to Chesapeake Bay restoration for the fiscal 2017 actual, fiscal 2018 working appropriation, and fiscal 2019 allowance to be included as an appendix in the fiscal 2019 budget volumes and submitted electronically in disaggregated form to DLS.

SECTION 38. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall provide an annual report on the revenue from the Regional Greenhouse Gas Initiative (RGGI) carbon dioxide emission allowance auctions and set-aside allowances to the General Assembly in conjunction with the submission of the fiscal 2019 budget and annually thereafter as an appendix to the Governor's budget books. This report shall include information for the actual fiscal 2017 budget, fiscal 2018 working appropriation, and fiscal 2019 allowance. The report shall detail revenue assumptions used to calculate the available Strategic Energy Investment Fund (SEIF) from RGGI auctions for each fiscal year including:

(1) the number of auctions;

(2) the number of allowances sold;

(3) the allowance price for both current and future (if offered) control period

1 allowances sold in each auction; and

2 (4) anticipated revenue from set-aside allowances.

3 The report shall also include detail on the amount of the SEIF from RGGI auction
4 revenue available to each agency that receives funding through each required allocation:

5 (1) energy assistance;

6 (2) energy efficiency and conservation programs, low- and
7 moderate-income sector;

8 (3) energy efficiency and conservation programs, all other sectors;

9 (4) renewable and clean energy programs and initiatives, education,
10 climate change, and resiliency programs;

11 (5) administrative expenditures;

12 (6) dues owed to the RGGI, Inc.; and

13 (7) transfers or diversions of revenue made to other funds.

14 The report should also provide detail on the fund balance for each SEIF subaccount
15 for the fiscal 2017 actual, fiscal 2018 working appropriation, and fiscal 2019 allowance.

16 SECTION 39. AND BE IT FURTHER ENACTED, That \$1,000,000 of the general
17 fund appropriation within the Department of State Police (DSP) may not be expended until
18 DSP submits the Crime in Maryland, 2016 Uniform Crime Report (UCR) to the budget
19 committees. The budget committees shall have 45 days to review and comment following
20 receipt of the report. Funds restricted pending the receipt of the report may not be
21 transferred by budget amendment or otherwise to any other purpose and shall revert to the
22 General Fund if the report is not submitted to the budget committees.

23 Further, provided that, if DSP encounters difficulty obtaining necessary crime data
24 on a timely basis from local jurisdictions who provide the data for inclusion in the UCR,
25 DSP shall notify the Governor's Office of Crime Control and Prevention (GOCCP). GOCCP
26 shall withhold a portion, totaling at least 15%, but no more than 50%, of that jurisdiction's
27 State Aid for Police Protection (SAPP) grant for fiscal 2018 upon receipt of notification from
28 DSP. GOCCP shall withhold SAPP funds until such a time that the jurisdiction submits its
29 crime data to DSP. DSP and GOCCP shall submit a report to the budget committees
30 indicating any jurisdiction from which crime data was not received on a timely basis and
31 the amount of SAPP funding withheld from each jurisdiction.

32 SECTION 40. AND BE IT FURTHER ENACTED, That the reimbursable fund
33 appropriation in the Department of Information Technology, Infrastructure (F50B04.04)
34 shall be reduced by \$135,000. The Governor shall develop a schedule for allocating this

reimbursable fund reduction across State agencies. The reduction under this section shall equal at least the amount indicated for the funds listed:

154
cont

<u>Fund</u>	<u>Amount</u>
<u>General</u>	<u>\$81,000</u>
<u>Special</u>	<u>\$27,000</u>
<u>Federal</u>	<u>\$27,000</u>

SECTION 41. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation for the Department of Budget and Management (DBM) Executive Direction program F10A01.01 and \$100,000 for the special fund appropriation for the Department of Housing and Community Development (DHCD) Office of the Secretary program S00A20.01 made for the purpose of operations may not be expended until DBM, in consultation with DHCD, submits a report to the budget committees on the balance of outstanding loans and current and proposed repayment for loans made by the DHCD's Neighborhood BusinessWorks program. It is the intent of the budget committees that DHCD repay the Catastrophic Event Account for \$2,500,000 transferred from the account to DHCD. The report shall be submitted by January 1, 2018, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund or be canceled if the report is not submitted to the budget committees.

155

SECTION 42. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation within the Department of Human Resources (DHR), \$100,000 of the general fund appropriation within the Department of Health and Mental Hygiene (DHMH), and \$100,000 of the general fund appropriation within the Maryland State Department of Education (MSDE) may not be expended until DHR, DHMH, and MSDE submit a report to the Senate Budget and Taxation Committee, the Senate Finance Committee, the House Appropriations Committee, and the House Health and Government Operations Committee detailing:

156

(1) The processes in place to ensure coordination between DHMH, MSDE, DHR, and the hospitals serving children in Maryland to find appropriate community placements for children and adolescents with mental illness, developmental disabilities, or complex medical needs.

(2) The processes in place to ensure coordination between DHMH, MSDE, DHR, and the hospitals serving children in Maryland to find out-of-home placements for children and adolescents with mental illness, developmental disabilities, or complex medical needs.

(3) The availability by jurisdiction of the following resources for children and adolescents with mental illness, developmental disabilities, or complex medical needs:

(a) dedicated child and adolescent inpatient psychiatric beds in acute general and specialty hospitals;

(b) therapeutic foster care;

(c) residential treatment center services;

(d) transportation assistance; and

(e) any other community-based treatment service designed to meet the needs of children and adolescents with severe mental illness, developmental disabilities, or complex medical needs.

(4) Recommendations, based on an analysis of the data, to improve community placement processes for children and adolescents with severe mental illness, developmental disabilities, or complex medical needs including availability of treatment options based on the payer, that will facilitate increased community-based care and decrease inpatient lengths of stay beyond what is medically necessary.

The report shall be submitted by November 15, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

SECTION 43. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation within the Department of Human Resources (DHR) and \$100,000 of the general fund appropriation within the Maryland State Department of Education (MSDE) may not be expended until DHR and MSDE submit a report to the budget committees detailing:

(1) the processes in place to determine whether to place children in out-of-state placements when in-state resources cannot meet the needs of the child;

(2) the processes in place to determine in which out-of-state facilities children are placed;

(3) the frequency of the review of the out-of-state placement to determine whether or not the needs of the child can be met through an in-state provider;

(4) the current processes in place between DHR and MSDE to ensure that the out-of-state facilities in which children are placed are compliant with the Individuals with Disabilities Education Act;

(5) the current processes for monitoring children in out-of-state placements and any plans to alter these monitoring practices to ensure the safety of children in out-of-state placements; and

(6) the resources that would be necessary (both funding and number and type of placements) to move all children in out-of-state placements to in-state placements.

The report shall be submitted by August 15, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

SECTION 44. AND BE IT FURTHER ENACTED, That \$200,000 of the general fund appropriation in the Maryland Department of the Environment (MDE) and \$200,000 of the general fund appropriation in the Maryland Department of Agriculture (MDA) made for the purpose of general operating expenses may be expended only for the purpose of filling vacant compliance and enforcement positions, provided, however, that no funds may be expended until MDE and MDA jointly prepare and submit quarterly reports on July 1, 2017; October 1, 2017; January 1, 2018; and April 1, 2018; which shall include:

(1) an evaluation of the adequacy of Maryland's current authorized compliance and enforcement positions in the departments. In completing the assessment, the departments should:

(a) provide information on the delegation of authority to other entities; and

(b) assess the impact of the role that technology has played on compliance and enforcement responsibilities;

(2) a comparison of the size, roles, and responsibilities of the departments' compliance and enforcement positions to neighboring or similar states;

(3) a list of all inspection activities conducted by MDE's Water Management Administration, Land Management Administration, Air and Radiation Management Administration, and MDA's Office of Resource Conservation; and

(4) the number of:

(a) regular positions and contractual full-time equivalents associated with the inspections, including the number of vacancies for the fiscal 2011 through 2017 actuals; and

(b) the fiscal 2018 current and fiscal 2019 estimated appropriations.

Further provided that funding restricted for this purpose may be released quarterly in \$50,000 installments for each agency upon receipt of the required quarterly reports. The budget committees shall have 45 days to review and comment on the submitted quarterly reports. Funds restricted may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the budget committees, and the released funding is not used to fill vacant compliance and enforcement positions.

SECTION 45. AND BE IT FURTHER ENACTED, That the budget committees are

1 concerned about potential reductions in federal fund grants appropriated to State agencies
2 in the fiscal 2018 budget. The budget committees request the Department of Budget and
3 Management to submit a report in conjunction with the fiscal 2019 budget, which identifies
4 reductions in federal grants which are 10% or more below what the State expected to receive
5 in fiscal 2018. The report should identify the specific federal grant program by Catalog of
6 Federal Domestic Assistance number and title, the State agency and program(s) affected
7 by the federal reduction, the impact of the loss of federal grant aid, and whether State funds
8 will be used to replace the lost federal grant aid.

9 SECTION 46. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund
10 appropriation in the Maryland Department of Veterans Affairs (MDVA) and \$100,000 of
11 the general fund appropriation in the Governor's Office of Minority Affairs (GOMA) may
12 not be expended until:

13 (1) MDVA and GOMA jointly submit a report to the budget committees
14 including:

15 (a) methods to increase veteran-owned small business enterprise
16 participation in State procurement and ensure compliance with the State's 1% purchasing
17 goal;

18 (b) barriers to veteran-owned small business enterprise
19 participation that hinder compliance with the State's 1% purchasing goal, including the
20 requirement in Section 14-601 of the State Finance and Procurement Article for
21 verification by the Center for Veterans Enterprise of the United States Department of
22 Veterans Affairs;

23 (c) a comparison of the current Veteran-owned Small Business
24 Enterprise Participation Program to similar programs in the federal government and other
25 state governments, focusing on ease of access by interested firms, and methods of
26 verification, certification, and fraud protection;

27 (d) a comparison of the current Veteran-owned Small Business
28 Enterprise Participation Program to similar programs in Maryland, such as the Small
29 Business Reserve Program and the Minority Business Enterprise Participation Program,
30 focusing on ease of access by interested firms, and methods of verification, certification, and
31 fraud prevention; and

32 (e) specific recommendations for legislative and regulatory changes
33 to increase compliance with the State's 1% purchasing goal for veteran-owned small
34 business enterprise participation in State procurement.

35 The budget committees shall have 45 days to review and comment following the
36 receipt of the report. Funds restricted pending the receipt of the report may not be
37 transferred by budget amendment or otherwise to any purpose and shall revert to the
38 General Fund if the report is not submitted to the committees.

1 SECTION 47. AND BE IT FURTHER ENACTED, That no funding in this budget
2 may be expended to move State employees from 201 and 301 West Preston Street (State
3 Center) to any other location until the Department of General Services (DGS) has
4 submitted to the budget committees:

5 (1) a qualitative and quantitative analysis of the need and the intended
6 benefits of any relocation plan, including a budgetary impact statement; and

7 (2) any lease agreement that would go to the Board of Public Works for
8 approval that would result in relocating State employees from 201 and 301 West Preston
9 Street (State Center) that outlines the terms and conditions of the lease.

10 The budget committees shall have 45 days to review and comment on any report
11 submitted by DGS in compliance with this section.

12 SECTION ~~20~~ 48. AND BE IT FURTHER ENACTED, That numerals of this bill
13 showing subtotals and totals are informative only and are not actual appropriations. The
14 actual appropriations are in the numerals for individual items of appropriation. It is the
15 legislative intent that in subsequent printings of the bill the numerals in subtotals and
16 totals shall be administratively corrected or adjusted for continuing purposes of
17 information, in order to be in arithmetic accord with the numerals in the individual items.

18 SECTION ~~21~~ 49. AND BE IT FURTHER ENACTED, That pursuant to the
19 provisions of Article III, Section 52(5a) of the Maryland Constitution, the following total of
20 all proposed appropriations and the total of all estimated revenues available to pay the
21 appropriations for the 2018 fiscal year are submitted.
