

# MARYLAND

Governor's Grants Office  
Annual Report  
2017

Federal Funds Expended by  
State Agencies  
*Fiscal Year 2016*

Larry Hogan, Governor  
Boyd K. Rutherford, Lt. Governor

## SUMMARY

Dear Reader:

This report is compiled and released in 2017, but is based on the Schedule of Expended Federal Awards (commonly referred to as the SEFA) for state Fiscal Year 2016. All information has been reconciled by our state agencies and then audited by the independent auditing company, SB & Company, and reported to the federal government. (The State Audit Report is also contained in this report). In FY 2016, Maryland state agencies expended a total of \$11.617 billion in federal grant funds. The single largest grant program remains Medicaid, with federal funds for Medicaid totaling \$6,125,665,239 in FY16.

The most recent federal Single Audit for the State of Maryland lists only two audit findings among state agencies for fiscal year ending in June 2016. This means Maryland state government can boast that the auditors found only one finding per \$5.8 billion in federal spending. The audit training provided by the Grants Office to state agency staff continues to reap benefits for our state, particularly when our performance is compared to neighboring states, as Virginia (92 findings), Delaware (12 findings), Pennsylvania, (48 findings) and West Virginia (26 findings) during the same time period.

Of course, federal funds benefitting Maryland go beyond grant dollars. Federal funds flow to states also through:

- Retirement & disability (primarily Social Security)
- Direct payments (primarily Medicare)
- Procurement (purchase of goods and services)
- Salaries & wages

***Federal Grant Reports for each State Agency*** make up the bulk of this Annual Report, providing descriptions of each federal grant program. Federal grants, with few exceptions, are identified by a Catalogue of Federal Domestic Assistance (CFDA) number assigned by the federal government. CFDA numbers are included throughout the Annual Report. The first two digits identify the federal agency from which the grant originates. The next three digits identify the specific grant within each agency. The legend below assists in identifying federal grant funding sources by CFDA number. State agencies often obtain funding from multiple federal agencies:

<b>CFDA Number Range</b>	<b>Corresponding Federal Agency</b>
10.001-10.999	U.S. Department of Agriculture
13.000-13.999	U.S. Department of Commerce
14.000-14.999	U.S. Department of Housing & Urban Development
15.000-15.999	U.S. Department of the Interior
16.000-16.999	U.S. Department of Justice
17.000-17.999	U.S. Department of Labor
19.000-19.999	U.S. Department of State
20.000-20.999	U.S. Department of Transportation
21.000-21.999	U.S. Department of the Treasury
23.000-23.999	Appalachian Regional Commission
27.000-27.999	Office of Personnel Management
30.000-30.999	Equal Employment Opportunity Commission
34.000-34.999	Federal Mediation and Conciliation
39.000-39.999	General Services Administration

45.000-45.999 Nat'l Foundation on Arts & Humanities  
47.000-47.999 National Science Foundation  
59.000-59.999 Small Business Administration  
64.000-64.999 U.S. Veterans Administration  
66.000-66.999 U.S. Environmental Protection Agency  
81.000-81.999 U.S. Department of Energy  
83.000-83.999 Federal Emergency Management  
84.000-84.999 U.S. Department of Education  
89.000-89.999 National Archive and Records Admin  
93.000-93.999 U.S. Department of Health & Hum Services  
94.000-94.999 Corporation for Nat'l and Communities  
96.000-96.999 Social Security Administration  
97.000-97.999 U.S. Department of Homeland Security

The following is a partial list of activities coordinated by the Grants Office:

**WEBSITE: [www.grants.maryland.gov](http://www.grants.maryland.gov)**

- Consolidated information on state grants (including an email notifier option), foundation grants, grants training (including webinars), federal procurement, and access to state agency and local government points of contact.

**STATE AGENCY GRANTS TEAM**

- Cabinet Secretaries designate primary points of contact for the Grants Office and we meet regularly to discuss topical issues and challenges.
- Our official points of contact serve as subject experts and entry points within each agency for all grant questions. They review grant formula issues and assist the Governor's Washington, D.C. office in maintaining relationships with federal decision-makers on grant issues.

**GOVERNOR'S ANNUAL GRANTS TRAINING CONFERENCE** – nationally recognized, this conference draws more than 600 participants from every county and many municipal governments, as well as non-profit organizations and state employees who must be keep abreast of the rapid changes in federal grants acquisition and management.

**PUBLICATIONS**

- *Annual Report: Federal Funds to Maryland State Agencies*. This is the office's 14th Annual Report, which documents federal grants expended by Maryland State agencies.
- *Governor's Grants Office electronic bulletins*. Electronic bulletins are emailed to a more than 7,000 subscribers to inform Marylanders about available state and foundation grants, grant issues, news and grants training opportunities. There is a subscription option found on [www.grants.maryland.gov](http://www.grants.maryland.gov).
- *Social Media* - The Governor's Grants Office posts often on Twitter @MDGrantsOffice and Facebook facebook.com/mdgrantsoffice about relevant news, grants and job opportunities, and other related but varied issues to help our followers be successful.

**GRANTS TRAINING**

- **Free Training Sessions:** topics include researching grant opportunities, grant writing, grant budgeting, grant management, subrecipient management, and audits are available to state and local government agencies and nonprofit organizations throughout Maryland. We include advanced grants management trainings addressing post-award issues by national and federal content experts as well as beginner training for small nonprofits just starting their grant operations. Our webinar trainings are recorded and posted to our website for anyone to view on demand and at no cost.
- **Technical Assistance:** The Governor's Grants Office provides technical advice directly to state agencies and multiple local jurisdictions, including through our partners at the Maryland Municipal League and the Maryland Association of Counties; we deliver training and provide counsel to nonprofits in conjunction with our partners, Maryland Nonprofits and the Governor's Office of Community Initiatives.

### **RESEARCH**

- The Governor's Grants Office provides research assistance to organizations looking for grant opportunities to fund specific projects.

### **FOUNDATIONS**

- The Governor's Grants Office works with Maryland foundations, including the network of community foundations, to improve collaboration between state agencies and grant makers.

In all sections of the agency grants reports it is important to recognize differences between the state fiscal year (July 1 – June 30) and the federal fiscal year (October 1 – September 30). When data is obtained from state agencies this is based on state fiscal years but when data comes from USASpending.gov or other federal resources, it is based on federal fiscal years.

You can keep watch on *What's New* at the Governor's Grants Office and sign up for grants notices and our bulletins at [www.grants.maryland.gov](http://www.grants.maryland.gov).

## FACTORS INFLUENCING THE FLOW OF FEDERAL FUNDS

Factors influencing federal spending and taxation include:

- **Demographics:** a state's share of residents aged 65 or older and/or under 18, helps determine spending levels for many federal programs designed to assist seniors and children.
- **Economic well-being:** high poverty rates and low income levels in a state increase the likelihood of federal spending on assistance programs, while high incomes reduce the likelihood of such federal spending and increase federal tax payments. While Maryland's average income is well above the national average, it is impressive that total federal grant dollars to the state on a per capita basis are still above the national average.
- **Industry mix:** traditionally strong in manufacturing, shipping, financial services, and government contracting, Maryland is also home to high-technology and internationally-recognizable businesses. The defense sector drives federal procurement dollars to Maryland, and the concentration of farming enterprises increases federal funding to support Maryland's agricultural industry.
- **Federal facilities:** the location of federal facilities, ranging from military bases to offices to research labs, determines state federal spending on employee benefits, wages, and salaries, among other items. Maryland is home to a number of large federal facilities including the National Institutes of Health and the Center for Medicaid and Medicare Systems (part of the U.S. Department of Health and Human Services).
- **Emergency situations:** targeted federal spending helps offset the impact of unexpected and adverse developments, including natural disasters and human catastrophes.

## **REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS**

The Honorable Peter Franchot  
Comptroller of Maryland

### **Report on the Financial Statements**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the State's basic financial statements.

### ***Management's Responsibility for the Financial Statements***

The State's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain Economic Development Loan Programs; the Maryland Lottery and Gaming Control Agency; the Maryland Transportation Authority; certain Economic Development Insurance Programs; certain foundations included in the higher education component units; the Maryland Technology Development Corporation; and the Investment Trust Fund. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the State, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

The financial statements that we did not audit which are listed above represent the percentages of the total assets, total net position, and total revenues of the accompanying financial statements as listed below.

	Percentage of Opinion Unit		
	Total Assets	Total Net Position	Total Operating Revenues
<b>Business-Type Activities</b>			
Major -			
Certain Economic Development Loan Programs	19.1 %	5.6 %	2.1 %
Maryland Lottery and Gaming Control Agency	2.0	0.0	63.0
Maryland Transportation Authority	52.6	51.0	17.1
Non-Major -			
Economic Development Insurance Programs	0.6	0.9	0.0
Total percentage of business-type activities	<u>74.3 %</u>	<u>57.5%</u>	<u>82.2 %</u>
<b>Component Units</b>			
Major -			
Certain foundations included in the higher education component units	12.5%	15.7 %	10.7%
Non-Major -			
Maryland Technology Development Corporation	0.9	1.2	1.6
Total percentage of component units	<u>13.4 %</u>	<u>16.9 %</u>	<u>12.3 %</u>
<b>Fiduciary Funds</b>			
Investment Trust Fund	6.0%	6.5 %	69.0 %

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Opinions***

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**SB & COMPANY, LLC**  
KNOWLEDGE • QUALITY • CLIENT SERVICE

## *Other Matters*

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis; required supplemental schedules of funding progress and employer contributions for the Maryland Transit Administration Retiree Healthcare Benefit, and Other Post-employment Benefits Plan; required supplemental schedules of employer contributions and net pension liability for Maryland State Retirement and Pension System and Maryland Transit Administration Pension Plan; and the respective budgetary comparison for the budgetary general, special and Federal funds be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State's basic financial statements. The combining financial statements, introductory and statistical sections, financial schedules required by law, and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 and U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements, introductory and statistical sections, financial schedules required by law, and the Schedule of Expenditures of Federal Awards, are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion and based on the reports of the other auditors, the combining financial statements and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

**SB & COMPANY, LLC**  
KNOWLEDGE • QUALITY • CLIENT SERVICE

The introductory and statistical sections and the financial schedules required by law have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2016, on our consideration of the State's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control over financial reporting and compliance.

**REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

This page intentionally left blank.

**S B & COMPANY, LLC**  
KNOWLEDGE • QUALITY • CLIENT SERVICE

**REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Peter Franchot  
Comptroller of Maryland

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated December 7, 2016. Our report includes a reference to other auditors who audited the financial statements of certain Economic Development Loan Programs; the Maryland Lottery and Gaming Control Agency; the Maryland Transportation Authority; and the Maryland Technology Development Corporation, as described in our report on the State's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted other matters involving the internal control over financial reporting, which we have reported to the management of the University System of Maryland in a separate report dated November 11, 2016.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Hunt Valley, Maryland  
December 7, 2016

**REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON COMPLIANCE FOR  
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

This page intentionally left blank

**S B & COMPANY, LLC**  
KNOWLEDGE • QUALITY • CLIENT SERVICE

## **REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

The Honorable Peter Franchot  
Comptroller of Maryland

### **Report on Compliance for Each Major Federal Program**

We have audited the State of Maryland's (the State) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the State's major Federal programs for the year ended June 30, 2016. The State's major Federal programs are identified in the summary of independent public accountants' results section of the accompanying Schedule of Findings and Questioned Costs.

### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the State's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the State's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

The State's basic financial statements include the operations of the Maryland Water Quality Financing Administration, an administration of the Maryland Department of the Environment and the Maryland Transportation Authority, an enterprise fund of the State, which received Federal awards that are not included in the accompanying Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of these entities because the State engaged other auditors to perform a separate audit in accordance with the Uniform Guidance.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the State's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2016.

### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance with the compliance requirements referred to above that are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2016-001, 2016-002, 2016-003, 2016-004, 2016-005, 2016-006, and 2016-008. Our opinion on each major Federal program is not modified with respect to these matters.

The State's response to the noncompliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The State's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of the State is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the State's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal controls over compliance that we consider to be significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2016-008 to be a material weakness.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2016-001, 2016-002, 2016-003, 2016-004, 2016-005, 2016-006, and 2016-007 to be significant deficiencies.

The State's responses to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

## **STATE OF MARYLAND**

### **Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2016**

#### **1. SINGLE AUDIT REPORTING ENTITY**

The State of Maryland (State) includes expenditures in its Schedule of Expenditures of Federal Awards (SEFA) for all Federal programs administered by the funds, agencies, boards and commissions, including component units, included in the State's reporting entity used for its basic financial statements, including the component unit higher education funds—the University System of Maryland, the Baltimore City Community College, Morgan State University, and St. Mary's College of Maryland. However, the Schedule of Expenditures of Federal Awards excludes the Maryland Water Quality Financing Administration of the Maryland Department of the Environment; the Maryland Transportation Authority, an enterprise fund of the State; the Maryland Technology Development Corporation, a component unit of the State; and the Maryland Health Insurance program, part of the general fund of the State. Separate single audits are conducted for these entities if required.

#### **2. BASIS OF ACCOUNTING**

The accompanying Schedule of Expenditures of Federal Awards has been presented on the accrual basis of accounting. Expenditures are recorded, accordingly, when incurred rather than when paid.

The State has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

The non-cash expenditures of approximately \$23,279,000, reported under CFDA No. 10.550, Food Donation, represent the value of food commodity distributions calculated using the U.S. Department of Agriculture, Food and Nutrition Service Commodity Price List in effect as of July 1, 2015. These food commodities were received by the Maryland Department of Education from the U.S. Department of Agriculture for the year ended June 30, 2016.

The non-cash expenditures of approximately \$7,252,000 relating to the Emergency Food Assistance Program reported under CFDA No. 10.569, Emergency Food Assistance Program (Food Commodities), represent the value of food commodity distributions calculated using the U.S. Department of Agriculture, Food and Nutrition Service Commodity Price List in effect as of July 1, 2015. The food commodities were received by the Maryland Department of Human Resources from the U.S. Department of Agriculture for the year ended June 30, 2016.

## **STATE OF MARYLAND**

### **Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2016**

#### **2. BASIS OF ACCOUNTING (continued)**

Expenditures of approximately \$1,102,997,000 reported under CFDA No. 10.551, Supplemental Nutrition Assistance Program (SNAP), represent the fair market value of food stamps distributed for participants' food-stamp purchases during the year ended June 30, 2016.

The non-cash expenditures of approximately \$139,000 for CFDA No. 39.003, Donation of Federal Surplus Property Program, represents the average fair market value percentage, per the General Services Administration (GSA) of 25 percent of the Federal government original acquisition cost (OAC) of the Federal property transferred to recipients by the State during the year ended June 30, 2016.

#### **3. CATEGORIZATION OF EXPENDITURES**

The accompanying Schedule of Expenditures of Federal Awards reflects Federal expenditures for all individual grants that were active during the year. The categorization of expenditures by program included in the accompanying Schedule of Expenditures of Federal Awards is based on the Catalog of Federal Domestic Assistance (CFDA). Changes in the categorization of expenditures occur based on revisions to the CFDA, which are issued in June and December of each year. In accordance with the State's policy, the accompanying Schedule of Expenditures of Federal Awards for the year ended June 30, 2016, reflects CFDA changes issued through June 2016.

#### **4. STATE NONMONETARY FEDERAL FINANCIAL ASSISTANCE**

The State distributes Federal surplus food to the institutions (schools, hospitals, and prisons) and to the needy. The total inventory balance of Federal surplus food on hand as of June 30, 2016, was \$0 for CFDA No. 10.550, Food Donation Program and approximately \$1,200,000 for CFDA No. 10.569, Emergency Food Assistance Program (Food Commodities), and they are not considered current year Federal expenditures. The surplus food was valued using the U.S. Department of Agriculture, Food and Nutrition Service Commodity Price List in effect as of July 1, 2015.

When surplus property is transferred to recipients, it is valued at 25 percent of its OAC, which represents an estimated fair market value of the property transferred. There was no donated Federal surplus property on hand as of June 30, 2016, for CFDA No. 39.003, Donation of Federal Surplus Property Program.

**STATE OF MARYLAND**

**Notes to the Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2016**

**5. UNEMPLOYMENT INSURANCE**

In accordance with the Department of Labor, Office of Inspector General instructions, the State recorded State Regular Unemployment Compensation (UC) benefits under CFDA No. 17.225, on the accompanying Schedule of Expenditures of Federal Awards. The individual State and Federal portions are as follows:

State Regular UC benefits	\$ 566,774,393
Federal UC benefits	11,623,804
Federal UC administrative costs	89,414,473
<b>Total Benefits</b>	<b><u>\$667,812,670</u></b>

**6. FEDERAL MORTGAGE PLANS**

The State operates several programs that purchase federally guaranteed loans, primarily mortgages, from the originators. As the State has no responsibility for determining eligibility or compliance, these guarantees are not considered Federal financial assistance for purposes of the single audit.

**7. LOAN PROGRAMS**

**St. Mary's College of Maryland**

St. Mary's College of Maryland (the College) administers the Federal Perkins Loan Program: Federal Capital Contributions (CFDA No. 84.038). The outstanding loan balance as of June 30, 2016 is \$191,000. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards.

**STATE OF MARYLAND**

**Notes to the Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2016**

**7. LOAN PROGRAMS (continued)**

**Morgan State University**

Morgan State University (the University) administers the Federal Perkins Loan Program: Federal Capital Contributions (CFDA NO. 84.038). The outstanding loan balance as of June 30, 2016 is \$3,025,754. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards.

**University System of Maryland**

The University System of Maryland (the System) administers loans under the Economic Adjustment Assistance Program (CFDA No. 11.307). Under this program, the System uses revolving loan funds to enhance economic activity. The Revolving Loan Fund (RLF) assists business development and expansion. Below is the detail to support the calculation of Total Federal Awards expended as included in the Schedule of Expenditures of Federal Awards:

<b>Economic Development Administration (EDA) Award Number(s)</b>	<b>014903420- 01490342001</b>	<b>014903271</b>	<b>011903134</b>
1. Balance of RLF loans outstanding at the end of the fiscal year, <i>plus</i>	\$ 3,726,933	\$ 967,661	\$ 1,011,583
2. Cash and investment balance in the RLF at the end of the fiscal year, <i>plus</i>	525,964	1,047,352	98,457
3. Administrative expenses paid out of RLF income during the fiscal year, <i>plus</i>	4,164	-	-
4. The unpaid principal of all loans written off during the fiscal year, <i>and then multiply this sum (1+2+3+4) by</i>	-	-	-
5. The Federal share of the RLF	75%	75%	57.4713%
<b>6. Total Federal Awards Expended</b>	<b>\$ 3,192,795</b>	<b>\$ 1,511,260</b>	<b>\$ 637,954</b>

The System administers the following Federal Student Financial Assistance Programs:

<b>CFDA Number</b>	<b>Outstanding Balance as of June 30 , 2016</b>
84.038 Perkins Loan Programs	\$ 58,905,957
93.264 Nurse Faculty Loan Program	584,018
93.364 Nurse Student Loan Program	232,047
93.342 Health Professions Students, Including Primary Care Loans/Loans for Disadvantaged Students	9,440,597
<b>Total</b>	<b>\$ 69,162,619</b>

**STATE OF MARYLAND**

**Notes to the Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2016**

**7. LOAN PROGRAMS** (continued)

**University System of Maryland** (continued)

The outstanding loan balances as of June 30, 2015, and loan expenditures for the year ended June 30, 2016 are considered current-year Federal expenditures. These amounts are reported on the Schedule of Expenditures of Federal Awards.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 001**

**Saint Mary's College of Maryland (St. Mary's)**

**U.S. Department of Education (ED)**

**Student Financial Assistance Cluster**

**CFDA No. 84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)**

**CFDA No. 84.032 Federal Family Education Loans (FFEL)**

**CFDA No. 84.033 Federal Work- Study Program (FWS)**

**CFDA No. 84.037 Perkins Loan Cancellations**

**CFDA No. 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions**

**CFDA No. 84.063 Federal Pell Grant Program (Pell)**

**CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)**

**Compliance and Significant Deficiency over Special Tests and Provisions - Borrower Data  
Transmission and Reconciliation (Direct Loan)**

**Repeat Finding: No**

***Condition:***

During our testing of the borrower data transmission and reconciliations for fiscal year 2016, we noted that the required monthly borrower reconciliations were not performed for 10 months during fiscal year 2016.

***Criteria:***

Per 34 CFR Section 685.102, 301, and 3939, an Institution must report all loan disbursements and submit required records to the Direct Loan Servicing System (DLSS) via the Common Origination and Disbursement (COD) within 15 days of disbursement. Each month, the COD provides institutions with a School Account Statement (SAS) data file which consists of a Cash Summary, Cash Detail, and (optional at the request of the school) Loan Detail records. The school is required to reconcile these files to the institution's financial records.

Per Uniform Guidance:

Institutions must report all loan disbursements and submit required records to the Direct Loan Servicing System (DLSS) via the COD within 15 days of disbursement (*OMB No. 1845-0021*). Each month, the COD provides institutions with a School Account Statement (SAS) data file which consists of a Cash Summary, Cash Detail, and (optional at the request of the school) Loan Detail records. The school is required to reconcile these files to the institution's financial records. Since up to three Direct Loan program years may be open at any given time, schools may receive three SAS data files each month (34 CFR sections 685.102(b), 685.301, and 303).

***Cause:***

St. Mary's did not have proper procedures in place to reconcile the institutions records with the Direct Loan Servicing System monthly starting from the beginning of the fiscal year.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 001** (continued)

***Effect:***

Without proper reconciliation controls in place, there is no assurance that loan disbursements are properly reported in the loan servicing system.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that St. Mary's consistently follow its internal controls established to ensure that reconciliations are performed and reviewed to ensure all reconciling items are adequately addressed on a monthly basis in accordance with the Federal regulations.

***Auditee Response and Corrective Action Plan:***

The College agrees with this recommendation and has taken the following steps to ensure that monthly reconciliations are performed in a timely manner. (a) On the 10th of every month the financial aid office will generate and forward the School Account Statement (SAS) data file to the Business Office. (b) The Business Office will compare names and amounts on the SAS reports against names and amounts posted in the Campus Administrative Resources System (CARS) to determine if there are any differences. (c) Monthly reconciliations will be subjected to a supervisory review and approval to ensure that reconciling items are addressed in accordance with Federal regulations.

***Contact Person:*** Gabriel Mbomeh, Director of Accounting/Comptroller

***Implementation Date:*** March 17, 2017

***Auditor's Conclusion:***

Based on the above, finding remains as stated.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2016 - 002

Saint Mary's College of Maryland (St. Mary's)

U.S Department of Education (ED)

#### Student Financial Assistance Cluster

CFDA 84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)

CFDA 84.032 Federal Family Education Loans (FFEL)

CFDA 84.033 Federal Work- Study Program (FWS)

CFDA 84.037 Perkins Loan Cancellations

CFDA 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions

CFDA 84.063 Federal Pell Grant Program (Pell)

CFDA 84.268 Federal Direct Student Loans (Direct Loan)

#### Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: Yes - 2013-013

#### *Condition:*

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for six of the students selected, St. Mary's did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

#### *Criteria:*

Uniform Grant Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate controls that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Grant Guidance:

Under the Pell grant and Direct Loan programs, institutions must complete and return within 15 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) (OMB No. 1845-0002) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at a minimum of every 60 days.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2016 - 002 (continued)

*Criteria: (continued)*

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site (FPL, 34 CFR section 674.19; Pell, 34 CFR section 690.83(b)(2); FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Enrollment Reporting in a timely and accurate manner is critical for effective management of the programs. Enrollment information must be reported within 30 days whenever attendance changes for students, unless a roster will be submitted within 60 days. These changes include reductions or increases in attendance levels, withdrawals, graduations, or approved leaves-of-absence.

Per 34 CFR § 682.610(c):

A school shall—(1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loans for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

*Cause:*

St. Mary's did not have proper controls in place to ensure enrollment status changes for students receiving student financial aid are reported in a timely manner.

*Effect:*

The change in the student's enrollment is not reported in the NSLDS database in a timely manner, thus, repayment date, grace period, and deferment is not properly determined.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 002** (continued)

***Questioned Costs:***

None.

***Recommendation:***

We recommend that St. Mary's establish procedures to ensure that enrollment status changes are updated in a timely manner in the NSLDS database.

***Auditee Response and Corrective Action Plan:***

The College agrees with this recommendation and has implemented additional policies and procedures in the form of regularly generated reports to monitor students who have withdrawn on a monthly basis and report those changes to the clearinghouse. Each Semester a reporting schedule will be established to ensure that enrollment status changes are updated in a timely manner in the NSLDS database. The College's Office of the Registrar is responsible for reporting these changes. The College has established an Inter-Office Workgroup to approve and monitor procedures in this as well as other areas, the workgroup includes heads or representatives from Enrollment Management, Financial Aid, Academic Services, Registrar and the Business Office.

***Contact Person:*** Nickolas Tulley, College Registrar

***Implementation Date:*** March 17, 2017

***Auditor Conclusion:***

Based on the above, finding remains as stated.

**CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)**

**Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting**

**Repeat Finding: No**

***Condition:***

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for thirteen of the students selected, TU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

***Criteria:***

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance: Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### **Finding 2016 - 003** (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

#### ***Cause:***

TU made submissions to a third party service provider, National Student Clearinghouse (NSC), but did not insure that the service provider submitted accurate enrollment changes timely to the NSLDS.

#### ***Effect:***

The change in student's enrollment is not reported timely to the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

#### ***Questioned Costs:***

None.

#### ***Recommendation:***

We recommend that TU establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 003** (continued)

***Auditee Response and Corrective Action Plan:***

The Department of Education requires institutions to submit enrollment status data and updates to NSLDS within 60 days of all changes. At TU, we submit our enrollment reporting data to the National Student Clearinghouse service, who processes our data and forwards it to NSLDS in the form of monthly Student Status Confirmation Reports (SSCR). Because NSC sends the SSCR reports to NSLDS by the fifth of each month, we must transmit our files to NSC by the end of the previous month to ensure that NSLDS receives them by the federal deadlines.

***Corrective Actions:***

As of January 2017, in collaboration with NSC, the TU Financial Aid and Registrar Offices have revised our NSC report submission schedules to prevent future reporting delays.

1. We have increased our enrollment report submission schedule from 3 submissions for each Fall/Spring semester to 4 submissions per Fall/Spring semester and at least 2 submissions in the Summer.
2. We have also revised our graduation data submission schedule to ensure that all reports reach NSC in time to be included in the appropriate SSCR report to reach NSLDS within 60 days of their graduation dates.

***Contact Person:*** Crystal Simmons, Associate Director Reporting and Scholarship

***Implementation Date:*** January 25, 2017

***Auditor's Conclusion:***

Based on the above, finding remains as stated.

**CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)**

**Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting**

**Repeat Finding: No**

***Condition:***

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for seven of the students selected, UMCP did not submit the students' unofficial withdrawal status to the National Student Loan Data System (NSLDS) timely and within 60 days.

***Criteria:***

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2016 - 004 (continued)

**Criteria:** (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

**Cause:**

UMCP did not submit enrollment changes for certain cases of student withdrawals within the required timeframe from the actual enrollment change date.

**Effect:**

The change in student's enrollment is not reported timely to the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

**Questioned Costs:**

None.

**Recommendation:**

We recommend that UMCP establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 004** (continued)

***Auditee Response and Corrective Action Plan:***

The University of Maryland College Park regularly reports enrollment status changes to the National Student Clearinghouse, every 30 days, which then submits those changes to the NSLDS. It is the university's position that all students cited were reported timely to the NSLDS and we received confirmation of such from NSLDS. UMCP reports changes in enrollment status every 30 days based on the certification date on the student's record as this reflects when the university confirms the student's enrollment status change [certification date as defined by NSLDS Enrollment Reporting Guide, Appendix A, p. 215]. The effective date of the status change, also contained in the student record, does not accurately measure the reporting requirement as this date is adjusted retroactively in circumstances such as retroactive withdrawals and academic dismissals where students do not improve their GPA in a non-compulsory semester as defined by university dismissal and reinstatement procedures.

While management is not in agreement with the dates used to assess timely reporting of enrollment changes to NSLDS, the university will review current procedures for determining student enrollment status changes, particularly as they relate to withdrawals, and evaluate any procedural and system enhancements, including frequency of reporting, to ensure the university is meeting all reporting obligations as required by federal regulations.

***Contact Person:*** Dr. Adrian Cornelius, University Registrar

**Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting**

**Repeat Finding: No**

***Condition:***

During our testing of student enrollment reporting, we reviewed the enrollment status of 40 students. We noted that for eight of the students selected, SU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

***Criteria:***

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2016 - 005 (continued)

##### *Criteria:* (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

##### *Cause:*

SU made submissions to a third party service provider, National Student Clearinghouse (NSC), but did not insure that the service provider submitted accurate enrollment changes timely to the NSLDS.

##### *Effect:*

The change in student's enrollment is not reported timely to the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

##### *Questioned Costs:*

None.

##### *Recommendation:*

We recommend that SU establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2016 - 005 (continued)

##### *Auditee Response and Corrective Action Plan:*

Salisbury University agrees with the finding and has already implemented the following procedures to provide assurance that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

1. During January 2017, relevant SU staff attended various NSC training sessions (e.g., error resolution, enrollment reporting compliance, etc.) to better understand all reporting policies and protocols.
2. Starting on January 25, 2017, the Registrar's Office began submitting monthly degree files.
3. Starting on February 10, 2017, the Registrar's Office submitted the Beginning of Term file (five business days after drop/add ended) and will submit files for future terms about five business days after drop/add ends. Subsequent enrollment files will be submitted to NSC by the 12th of the month.
4. Beginning on January 25, 2017, for students who withdraw prior to the NSC Beginning of Term file, the Registrar's Office will process manual updates to the NSC site as soon as SU is notified of a student's intention to withdraw. If any manual updates need to be posted directly to NSLDS, the Financial Aid Office will do these within the required timeframes.

**Contact Person:** Jacqueline Maisel, Registrar

**Implementation Date:** February 10, 2017

##### *Auditor's Conclusion:*

Based on the above, finding remains as stated.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 006**

**Morgan State University (MSU)**

**U.S. Department of Education (ED)**

**CFDA No. 84.031 Higher Education Institutional Aid**

**Compliance and Significant Deficiency over Activities Allowed or Unallowed and Allowable Costs/Cost Principles**

**Repeat Finding: No**

***Condition:***

During our testing of Activities Allowed or Unallowed and Allowable Costs/Cost Principles, Morgan State (1) was unable to provide the approved timesheet for 4 out of 40 selected payroll transactions; (2) was unable to provide support or allocation method for employee's time charged to the Federal program for 40 out of 40 payroll transactions; (3) was unable to provide sufficient support for the pay rate charged for 1 out of 40 payroll transactions.

***Criteria:***

2 CFR part 215.27 requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Costs were adequately documented.

***Cause:***

Morgan State did not have the controls in place to retain supporting documentation for the payroll expense charged to the grant.

***Effect:***

Morgan State is not in compliance with Activities Allowed or Unallowed and Allowable Costs/Cost Principles.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 006** (continued)

***Questioned Costs:***

Unknown.

***Recommendation:***

We recommend that Morgan State improve internal controls to ensure adequate support is maintained for payroll charges on the grant.

***Auditee Response and Corrective Action Plan:***

Management agrees with the finding and is committed to improving internal controls to ensure adequate support. Over the last year, Morgan State with the assistance of an external consultant has been re-engineering its processes around payroll, effort reporting and time distribution. These efforts will improve the documentation supporting all payroll transactions. We expect going forward that adequate support will be available to support all transactions. The department responsible for initiative is the Department of Research and Economic Development (DRED). The director of restricted funds accounting will have direct responsibility to ensure that all adequate support is maintained for payroll charges on grants.

***Contact Person:*** Bickram Janak, Assistant Vice President for Finance and Management

***Implementation Date:*** May 1, 2017

***Auditor's Conclusion:***

Based on the above, finding remains as stated.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 007**

**Department of Human Resources (DHR)**

**U.S. Department of Health and Human Services**

**CFDA No. 93.558 Temporary Assistance for Needy Families (TANF)**

**Internal Control Deficiency over Eligibility**

**Repeat Finding: No**

***Condition:***

We selected a sample size of 40 transactions to test that the supervisors are reviewing and approving participant's applications and/or redetermination for completeness and accuracy of information. We noted eight cases out of 40 for which the application or redetermination was not signed by the caseworker noting their review for propriety of information per the application and information in the system.

***Criteria:***

The Uniform Guidance and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per State Policies:

Case managers must make a decision on case eligibility and payment, as promptly as possible and either approve the application on Client Automated Resources & Eligibility System (CARES) as soon as you know the customer is eligible or deny the application on the system as soon as you know the customer is not eligible. Case managers must make a decision no later than 30 days from the date the application was filed.

***Cause:***

Case managers are not ensuring that they have reviewed the participant's application or redetermination form for propriety of information noted by their signatures on the documents.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 007 (continued)**

***Effect:***

Participant's application or re-determination forms are not reviewed and approved for propriety of information before input into the system, which increases risk of inaccurate information input in the system for the eligibility determination.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that DHR provide training to Case managers to emphasize the importance of adequate documentation of the caseworkers review and approval or denial of the application or redetermination.

***Auditee Response and Corrective Action Plan:***

DHR agrees that it is critically important for all applications and redeterminations to be reviewed and data-entered into the eligibility system. DHR further acknowledges that case managers must take timely and accurate action in the eligibility system so that reviews of the work done are reliable and thorough.

DHR has located and shared with the auditors the evidence from the eligibility system CARES of the case managers' narration for the review of the application or redetermination as well as system input screen shots to illustrate the action taken. Many of the cases were applications that were electronic submissions, and a case manager's signature is not possible. Electronically filed applications are more prevalent each year due to our improved consumer portal, myDHR reflecting the changing nature of our business process.

DHR's Bureau of Quality Control, which conducts thorough reviews of a monthly sample of paid TANF cases, compares information reported on the applications (electronic or paper) and redeterminations to the information input into CARES, especially using "as of" dates to determine who took what action when. Quality Control also examines narration in CARES as well as documentation scanned into the Enterprise Content Management Solution.

DHR requires case managers to narrate in CARES the action taken. Upon a review of a case action – by local office reviewers or Quality Control – the narration as well as the date-stamped historical screens of the changes made to the case (that is, approval or denial for an application, update for a redetermination or interim change or closure of the case) are reviewed for accuracy.

***Contact Person:*** Vesta Kimble, Deputy Executive Director

***Implementation Date:*** March 14, 2017

***Auditor's Conclusion:***

Based on the above, finding remains as stated.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 008**

**Department of Human Resources (DHR)**

**U.S. Department of Health and Human Services**

**CFDA No. 93.558 Temporary Assistance for Needy Families (TANF)**

**Compliance and Material Weakness over Special Tests and Provisions - Child Support  
Non-Cooperation**

**Repeat Finding: Yes – 2015-009**

***Condition:***

We selected a sample to test whether payments are being reduced to individuals in cases where it is reported to the State TANF agency that an individual is not complying with the State child support program. We tested 40 cases where notification was received that an individual was not complying with Child Support Enforcement (CSE). Of these 40 cases selected, 29 cases did not have benefit payments reduced, nor good cause adequately documented within the Client Automated Resources Eligibility System (CARES) justifying why the payments were not reduced.

***Criteria:***

The Uniform Guidance and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

If the State agency responsible for administering the State plan approved under Title IV-D of the Social Security Act determines that an individual is not cooperating with the State in establishing paternity, or in establishing, modifying or enforcing a support order with respect to a child of the individual, and reports that information to the State agency responsible for TANF, the State TANF agency must (1) deduct an amount equal to not less than 25 percent from the TANF assistance that would otherwise be provided to the family of the individual, and (2) may deny the family any TANF assistance.

## STATE OF MARYLAND

### Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2016

#### **Finding 2016 - 008** (continued)

##### **Criteria** (continued):

Per Uniform Guidance (continued):

HHS may penalize a State for up to five percent of the SFAG for failure to substantially comply with this required State child support program (42 USC 608(a)(2) and 609(a)(8); 45 CFR sections 264.30 and 264.31).

##### **Cause:**

DHR did not ensure that benefit payments were reduced by at least 25% after being notified of an individual's failure to comply with CSE, or maintain adequate documentation of a good cause exception within the CARES system.

##### **Effect:**

This could have resulted in individuals receiving TANF assistance in excess of Federal authorized amounts.

##### **Questioned Costs:**

Unknown.

##### **Recommendation:**

We recommend that the State TANF agency establish and implement controls in place to ensure that when an alert of non-compliance from CSE is received, benefits are reduced in accordance with compliance requirements, and accounts are periodically reviewed to ensure that benefit payments are reduced after a notice has been sent out. This could include a flag being placed on the individuals account after a non-compliance CSE alert has been issued, which has to be cleared by the agency before payment is issued. We further recommend that the State TANF agency develop and maintain controls to ensure that a clear record of the activity on the account is documented within the CARES system.

##### **Auditee Response and Corrective Action Plan:**

The current eligibility system for TANF cases CARES generates an alert from the Child Support system to the case manager of record for a customer's non-cooperation with child support requirements. That alert does not prevent payment of the benefits and does not prevent other changes from being made to the active case. DHR is embarking on a large system modernization effort that will replace CARES. In the meantime, a separate system Match Direct will allow DHR and the local offices to manage and monitor many various data matches and these types of case-specific alerts in order to ensure the casework is completed quickly and accurately. Match Direct is anticipated to "go-live" in May 2017.

In addition to the automated solution, Family Investment Administration (FIA) will issue in March a Policy and Training Alert that provides a comprehensive review of current policies and system procedures on addressing child support alerts. The Policy and Training Alert is a formal communication issued by the FIA Executive Director to local department staff providing guidance on interpreting and implementing departmental policies. FIA will also be releasing a video demonstration on the proper disposition of various CARES alerts. Lastly, FIA is revising its current training on system alerts with a stronger emphasis on the importance and purpose of the alerts.

**STATE OF MARYLAND**

**Schedule of Current Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2016 - 008** (continued)

*Auditee Response and Corrective Action Plan* (Continued):

*Contact Person:* Vesta Kimble, Deputy Executive Director

*Implementation Date:* March 17, 2017

*Auditor's Conclusion:*

Based on the above, finding remains as stated.

**SECTION IV – SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS**

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2015 - 001**

**Maryland Health Benefit Exchange (MHBE)**

**CFDA No. 93.525 - State Planning and Establishment Grants for the Affordable Care Act (ACA)'s Exchanges**

**U.S. Department of Health and Human Services (HHS)**

**Internal Control Deficiency over Subrecipient Monitoring**

***Condition:***

During our testing of Subrecipient Monitoring at the Maryland Health Benefit Exchange (MHBE), we noted that MHBE did not have proper procedures in place to timely obtain and review subrecipient's audit report. For two of two selected subrecipients, the audit reports were obtained after they were requested by the auditor.

***Criteria:***

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215.27) requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Circular A-133 for Subrecipient Monitoring:

A pass-through entity is responsible for Subrecipient Audits – (1) Ensuring that subrecipients expending \$500,000 or more in Federal awards during the subrecipient's fiscal year for fiscal years ending after December 31, 2003 as provided in OMB Circular A-133 have met the audit requirements of OMB Circular A-133 and that the required audits are completed within 9 months of the end of the subrecipient's audit period; (2) issuing a management decision on audit findings within 6 months after receipt of the subrecipient's audit report; and (3) ensuring that the subrecipient takes timely and appropriate corrective action on all audit findings. In cases of continued inability or unwillingness of a subrecipient to have the required audits, the pass-through entity shall take appropriate action using sanctions.

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2015 - 001 (continued)**

***Cause:***

MHBE was not aware of the Federal requirements to obtain and review audit report for subrecipients. MHBE did not have proper procedures in place for subrecipient audits during Fiscal Year 2015.

***Effect:***

MHBE does not have proper controls to ensure subrecipient audit reports are obtained and reviewed in a timely manner to determine if subrecipient is in compliance with the applicable federal requirements.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that MHBE establish internal controls to ensure proper procedures are in place to timely obtain subrecipient audit reports for proper review and documentation.

***Auditee Response and Corrective Action Plan:***

MHBE requested and received external independent audit reports for Fiscal Year 2015 from applicable subrecipients in February 2016. MHBE will perform a gap analysis and implement any necessary internal controls to ensure, (1) subrecipient compliance with OMB Circular A-133 audit requirements, including but not limited to, required audits being completed within nine months of the end of the subrecipient's audit period; and, (2) the subrecipient's timely and appropriate corrective actions on their external audit findings. MHBE will issue a management decision to subrecipients on audit findings within six months after receipt of the subrecipient's audit report and perform monitoring, thereafter. The corrective actions will be fully implemented by June 30, 2016.

***Auditee Update - October 2016***

MHBE (1) created an internal audit tool which contains Uniform Grants Guidance (which superseded the OMB Circular A-133) subrecipient financial auditing requirements, May 2016; (2) completed a Gap analysis to determine Connector Entity compliance with auditing requirements, May 2016; (3) sent a June 1, 2016 letter to Connector Entities regarding the outcome(s) of MHBE on-site monitoring as well as general compliance with regulations; and, (4) sent a follow up decision letter on August 5, 2016 to applicable Connector Entities which expressly addressed their compliance with the auditing requirements. The cycle continues for Fiscal Year 2017.

***2016 Status:***

Based on follow up testing performed for fiscal year 2016, the finding is resolved.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 002

#### Maryland State Department of Education (MSDE)

#### CFDA 84.126 – Rehabilitation Services – Vocational Rehabilitation Grants to States

#### U.S. Department of Education (ED)

#### Compliance and Significant Deficiency over Eligibility

##### *Condition:*

During our testing of Eligibility at the Maryland State Department of Education (MSDE), we selected 60 files to review for eligibility determination. For three of the participant files selected, we noted that the eligibility determination was not made within 60 days after the individual submitted an application for the services.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215.27) requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Section 102(a)(6) of Title I of the Rehabilitation Act of 1973, as amended (29 USC 722(a)(6)) requires that the State Vocational Rehabilitation (VR) agency must determine whether an individual is eligible for VR services within a reasonable period of time, not to exceed 60 days, after the individual has submitted an application for the services unless:

- a. Exceptional and unforeseen circumstances beyond the control of the State VR agency preclude making an eligibility determination within 60 days and the State agency and the individual agree to a specific extension of time; or
- b. The State VR agency is exploring an individual's abilities, capabilities, and capacity to perform in work situations through trial work experiences.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### **Finding 2015 - 002** (continued)

***Cause:***

MSDE did not have proper controls in place to ensure that all eligibility determinations were made timely.

***Effect:***

MSDE is not in compliance with the Eligibility requirement for the Rehabilitation Services – Vocational Rehabilitation Grants to States program.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that MSDE improve internal controls to ensure that all eligibility determinations are made timely in accordance with Federal regulations.

***Auditee Response and Corrective Action Plan:***

The Division of Rehabilitation Services (DORS) has reviewed its existing policies and procedures and has found them to be in compliance with Federal regulations concerning eligibility determination requirements. DORS continues to experience turnover in counseling staff, which requires Unit Supervisors not only to manage the daily operation of the office but also to carry a case load or in some cases multiple caseloads as a result of counselor vacancies. DORS has recognized this issue and last year created a new position in four of the five Regions called an Administrative Supervisor, whose responsibility is to assist Unit Supervisors in staying on top of compliance issues. Three of the four positions have been filled and the remaining position is expected to be filled during the next five to six months based on current recruitment time frames. The smallest Region was not assigned an Administrative Supervisor position; however, the Regional Support Staff will monitor activity reports and alert the Regional Director and Unit Supervisors of any issues.

As an additional control, in the four largest Regions, the Regional Support Staff will also be responsible for reviewing reports which identify prior to the 60 day eligibility deadline cases where eligibility has not been determined. The Regional Director, Administrative Supervisor, and Unit Supervisors will be alerted of any cases where action needs to be taken.

***Auditee Update - October 2016***

During September and October 2016, the Audit Office performed follow up testing to determine whether eligibility determinations are made within 60 days after an individual submits an application for Vocational Rehabilitation services. A sample of fifty seven cases was selected for review from cases where an eligibility decision was made between January 1 and June 30, 2016 and a timely decision was made for fifty three of the fifty seven cases reviewed.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### **Finding 2015 - 002** (continued)

##### *Auditee Update - October 2016* (continued)

Of note, thirty four of the fifty seven sampled cases had an application date on or after April 1, 2016 which would have been after the effective date of the corrective action reported during March 2016 and a timely eligibility decision was made for each of these cases. The additional control mentioned in the March 2016 corrective action response was developed and implemented during April 2016. This control identifies for DORS Offices all cases which have been in application status for more than thirty days and requires that actions which have been and will be taken to ensure a timely decision to be identified and documented. However not all of DORS Offices have complied with all of the provisions of this control since its implementation during April 2016. Instructions associated with the new control were modified during October and require DORS Central Office personnel to monitor compliance by each DORS Office with provisions of the new control. DORS continues to experience turnover in counseling staff which requires supervision at many levels to not only manage the daily operation of the office but also to carry a case load or in some cases multiple caseloads as a result of counselor vacancies. Also regarding staffing, three of the four Administrative Supervisor positions have been filled and on October 13, 2016 authorization from the Department of Budget and Management (DBM) was received to fill the fourth position which is expected to be staffed by February 2017.

##### **2016 Status:**

Based on testing performed for fiscal year 2016, the finding is resolved.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 003

##### Maryland State Department of Education (MSDE)

##### CFDA 84.126 – Rehabilitation Services – Vocational Rehabilitation Grants to States

##### U.S. Department of Education (ED)

#### Compliance and Significant Deficiency over Special Tests and Provisions - Completion of Individualized Plan for Employments (IPEs)

##### *Condition:*

We performed testing to determine if the Individualized Plan for Employments (IPEs) are completed within the required deadlines. During our testing, we noted that for four of the 21 files selected, the IPEs were not developed within 90 days of the eligibility determination. For those four selections, there was no agreement to extend the deadline.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215.27) requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

##### Per OMB A-133:

When an IPE is required for the provision of Vocational Rehabilitation (VR) services under Section 103(a) of the Act, it must be done as soon as possible, but not later than 90 days after the date of the determination of eligibility by the State VR agency, unless the State VR agency and the eligible individual agree to an extension of that deadline to a specific date by which the Plan for Employment (IPE) must be completed (Section 102(b)(3)(F) of the Act (29 USC 722(b)(3)(F))).

##### *Cause:*

MSDE did not have proper controls in place to ensure that all IPEs are completed in a timely manner.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 003 (continued)

***Effect:***

MSDE is not in compliance with the Eligibility requirement for the Rehabilitation Services – Vocational Rehabilitation Grants to States program.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that MSDE improve internal controls to ensure that all IPEs are completed in a timely manner in accordance with Federal regulations.

***Auditee Response and Corrective Action Plan:***

The Division of Rehabilitation Services (DORS) has reviewed its existing policies and procedures and has found them to be in compliance with Federal regulations concerning Individualized Plan for Employment (IPE) development. DORS continues to experience turnover in counseling staff, which requires Unit Supervisors not only to manage the daily operation of the office but also to carry a case load or in some cases multiple caseloads as a result of counselor vacancies. DORS has recognized this issue and last year created a new position in four of the five Regions called an Administrative Supervisor, whose responsibility is to assist Unit Supervisors in staying on top of compliance issues. Three of the four positions have been filled and the remaining position is expected to be filled during the next five to six months based on current recruitment time frames. The smallest Region was not assigned an Administrative Supervisor position; however, the Regional Support Staff will monitor activity reports and alert the Regional Director and Unit Supervisors of any issues.

As an additional control, in the four largest Regions, the Regional Support Staff will also be responsible for reviewing reports which identify prior to the 90 day plan development deadline cases that have not yet had a plan developed. The Regional Director, Administrative Supervisor, and Unit Supervisors will be alerted of any cases where action needs to be taken.

***Auditee Update - October 2016***

During September and October 2016, the Audit Office performed follow up testing to determine whether Individualized Plan for Employments (IPEs) are developed within 90 days of the eligibility determination date. A sample of thirty one IPE plans approved between January 1 and June 30, 2016 was reviewed and an IPE was developed on a timely basis for twenty one of the thirty one IPEs reviewed. Of note, seven of the sampled IPEs had an eligibility determination date after April 1, 2016 which would have been after the effective date of the corrective action reported during March 2016 and an IPE was developed on a timely basis for each of these cases. The additional control mentioned in the March 2016 corrective action response was developed and implemented during April 2016. This control identifies for DORS Offices all cases which have been in eligibility status for more than forty five days and requires that actions which have been and will be taken to ensure the timely development of an IPE to be identified and

CFDA No. 93.364	Nursing Student Loans

##### U.S. Department of Education (ED)

#### Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

##### *Condition:*

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for two out of 30 of the students selected, CSU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in Internal Control – Integrated Framework (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB A-133:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 004 (continued)

**Criteria:** *(continued)*

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

**Cause:**

CSU did not have proper controls in place to review and update enrollment status changes for students receiving student financial aid.

**Effect:**

The change in student's enrollment is not properly reported in the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

**Questioned Costs:**

None.

**Recommendation:**

We recommend that CSU establish a procedure to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 004 (continued)

##### *Auditee Response and Corrective Action Plan*

The University acknowledges that the 2 exceptions that have been cited were reported to the National Student Clearinghouse after the 60 day period. A procedure will be put in place to ensure timely reporting of students who withdraw from the University at the end of a semester or session and may not be captured on the Clearinghouse regular submissions. The following steps will be implemented:

- The Office of Records and Registration (ORR) will report withdrawals to the Clearinghouse on a bi-monthly basis. This process will allow ORR to more accurately monitor withdrawal adjustments to student records.
- The ORR will continue to run a (W) Grade Report during the Clearinghouse verification process to capture students that have dropped classes and received the grade of (W) that could change their initial enrollment from full to half time, less than half time or no units (totally withdrawn from the University).

##### *Auditee Update - February 2017*

The University continues to monitor the steps that were developed to accurately report withdrawal adjustments to the National Student Clearinghouse. The following processes have been implemented to address the reporting of withdrawal adjustments:

1. The Office of Records and Registration (ORR) continues to report withdrawals on a bi-monthly basis to the Clearinghouse. Adjustments continue to be processed in a timely manner and student records are updated with the corrected status.
2. The ORR will continue to use the additional step of running a (W) Grade Report in the Clearinghouse verification process to capture students that have dropped classes and received a grade of (W) that could change their initial enrollment of full to half time, less than half time or no units (totally withdrawn from the University). The ORR staff will verify enrollment status manually before the information is submitted to the Clearinghouse.
3. To assist in accurately reporting enrollment status the ORR has eliminated the student's ability to withdraw from classes or the University. Indicators have been placed on the student's accounts directing them to the ORR to change their enrollment status.
4. The ORR will continue to work with OIT to address systemic issues with accurately reporting enrollment as it relates to academic load as well as other technical issues that are hindering the correct reporting of students' enrollment status.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 004 (continued)

##### *Auditee Update - February 2017* (continued)

5. To ensure student loan borrowers that have withdrawn, graduated, or become less-than-half-time are correctly and timely reported via the Clearinghouse to NSLDS, the Registrar, Technology Manager or designated Registrar staff member will review the NSLDS system.
  
6. The Registrar's Office will perform a secondary-review of reported student loan borrowers that have withdrawn, graduated, or become less-than-half-time from CSU to ensure the following is in accordance with Federal student aid regulations:
  - The withdrawn, graduated, or become less-than-half-time date is correct as reported on the student record for the borrower's latest last day of attendance (official or unofficial) with CSU.
  - The withdrawn, graduated, or become less-than-half-time student borrower is reported within 30 days of the effective date.
  - NSLDS corrections to withdrawn, graduated, or become less-than-half-time student borrowers are identified and made within 30 days from the reported date.

##### **2016 Status:**

Based on follow up testing performed for fiscal year 2016, the finding is a repeat finding.

**Compliance and Significant Deficiency over Special Tests and Provisions - Borrower Data  
Transmission and Reconciliation (Direct Loan)**

***Condition:***

During our testing of the borrower data transmission and reconciliations for fiscal year 2015, we noted that the required monthly borrower reconciliations were not performed for all the months in fiscal year 2015.

***Criteria:***

Per 34 CFR Section 685.102, 301, and 3939 an Institution must report all loan disbursements and submit required records to the Direct Loan Servicing System (DLSS) via the Common Origination and Disbursement (COD) within 30 days of disbursement. Each month, the COD provides institutions with a School Account Statement (SAS) data file which consists of a Cash Summary, Cash Detail, and (optional at the request of the school) Loan Detail records. The school is required to reconcile these files to the institution's financial records.

Per OMB A-133:

Institutions must report all loan disbursements and submit required records to the Direct Loan Servicing System (DLSS) via the COD within 30 days of disbursement (*OMB No. 1845-0021*). Each month, the COD provides institutions with a School Account Statement (SAS) data file which consists of a Cash Summary, Cash Detail, and (optional at the request of the school) Loan Detail records. The school is required to reconcile these files to the institution's financial records. Since up to three Direct Loan program years may be open at any given time, schools may receive three SAS data files each month (34 CFR sections 685.102(b), 685.301, and 303).

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2016

#### Finding 2015 - 005 (continued)

***Cause:***

CSU did not have proper procedures in place to reconcile the institutions records with the Direct Loan Servicing System on a monthly basis starting from the beginning of the fiscal year.

***Effect:***

Without proper reconciliation controls in place, there is no assurance that loan disbursements are properly reported in the loan servicing system.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that CSU consistently follow its internal controls established within fiscal year 2015 to ensure that reconciliations are performed and reviewed to ensure all reconciling items are adequately addressed on a monthly basis in accordance with the Federal regulations.

***Auditee Response and Corrective Action Plan***

The University agrees with the recommendation and implemented within fiscal year 2015 procedures to perform the required monthly reconciliations and ensure all reconciling items are adequately addressed. Upon completion the financial aid office will forward monthly a scanned copy of the reconciliation to the Controller and Assistant Controller.

***Auditee Update - February 2017***

The University implemented procedures to perform monthly reconciliations in Fall of 2015. Reconciliations have been performed through June 30, 2016. The policy is in accordance with 34 CFR Section 685.102,301 and 3939. The Coppin State University (CSU) Office of Financial Aid will perform borrower data transmissions and monthly reconciliations of the Federal Direct Student Loan Programs (FDLP) as follows:

The Associate Director is responsible for performing data transmission and reconciliation for the FDLP. The School Account Statement (SAS) will be reconciled against CSU's PeopleSoft disbursement. Procedures can be found in the Direct Loan Reconciliation Business Process Guide (BPG).

The Associate Financial Aid Director will perform the SAS/CSU reconciliation on a monthly basis following the BPG. A monthly reconciliation report will be generated and signed and dated by the preparer.

The Financial Aid Director will review and approve the transactions on the monthly reconciliation reports as the reviewer.

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2016**

**Finding 2015 - 005** (continued)

*Auditee Update - February 2017* (continued)

A copy of the reconciliation report will be provided to the Controller's Office via electronic or printed listing of the amount available.

The FDLP reconciliation will be included in the monthly reconciliation meeting agenda between the Office of Financial Aid and the Finance Office.

**2016 Status:**

Based on follow up testing performed for fiscal year 2016, the finding is resolved.

#### Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

##### *Condition:*

During our testing of student enrollment reporting, we reviewed the enrollment status of twenty students. We noted that for two of the students selected, UMES did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in Internal Control – Integrated Framework (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB A-133:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 006 (continued)

##### *Criteria:* (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

##### *Cause:*

UMES did not have proper controls in place to review and update enrollment status changes for students receiving student financial aid.

##### *Effect:*

The change in the student's enrollment is not properly reported in the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

##### *Questioned Costs:*

None.

##### *Recommendation:*

We recommend that UMES establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 006 (continued)

##### *Auditee Response and Corrective Action Plan*

Although the effective date of the administrative withdrawal for the two students referenced in the testing was February 6, 2015, the decision to administratively withdraw the two students was not rendered and submitted for processing until March 30, 2015. The change in enrollment status was reported in the very next submission to the Clearinghouse on April 20, 2015, 22 days from March 30<sup>th</sup> and subsequently to NSLDS on May 3, 2015 which was 35 days from March 30<sup>th</sup>, the day the change was officially processed. UMES has established procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

##### *Auditee Update - October 2016*

UMES agrees to the recommendation. Based on 34 CFR 668.22 (1) (3), the date of the institution's determination that the student withdrew varies depending on the type of withdrawal. Specifically, if a student does not begin the official withdrawal process or provide notification of his or her intent to withdraw, the date of the institution's determination that the student withdrew would be the date that the school becomes aware that the student ceased attendance. UMES recognizes this error and has established the following guidelines to ensure that enrollment status are updated and accurately reported in a timely manner:

##### UMES Withdrawal Guidelines:

Official Withdrawals – for any student who begins the official withdrawal process or provides official notification of his/her intent to withdraw, the date of the institution's determination that the student withdrew will be the date the student began the official withdrawal process or the date of the students notification, whichever is later.

Unofficial Withdrawals – for any student who unofficially withdraws (student did not begin official withdrawal process or provide notification of his or her intent to withdraw, but stops attending all courses and the institution determines the student has withdrawn) the date that the institution will use as the withdraw date will be the date that the institution becomes aware that the student ceased attendance.

In addition, UMES has established procedures to update the Enrollment Reporting roster every 30 days which will include any changes in student status, report the date the enrollment status was effective, and enter the new anticipated completion date

##### *2016 Status:*

Based on follow up testing performed for fiscal year 2016, the finding is repeat finding.

**STATE OF MARYLAND**

**Compliance and Significant Deficiency over Special Tests and Provisions - Disbursements  
To or On Behalf of Students**

***Condition:***

During our testing of disbursements to or on behalf of students, we reviewed the disbursements to or on behalf of forty students. We noted that for six disbursements selected, UMES credited the student's account before 10 days before the first day of classes. We also noted the disbursement dates per student accounts, for those six same students, were different from the disbursement dates on Common Origination and Disbursement (COD) System.

***Criteria:***

Per OMB A-133:

The institution must deliver the proceeds to the student or borrower or credit the student's account, notifying the student or parent borrower in writing (34 CFR section 668.165). The earliest an institution may disburse SFA funds (other than FWS) (either by paying the student directly or crediting the student's account) is 10 days before the first day of classes of the payment period for which the disbursement is intended (34 CFR section 668.164(f)).

34 CFR § 685.303:

Before disbursing a loan, a school must determine that all information required by the promissory note has been provided by the borrower and, if applicable, the student. An institution must disburse the loan proceeds on a payment period basis in accordance with 34 CFR section 668.164(b).

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 007 (continued)

**Criteria:** (continued)

34 CFR§ 668.164:

Except as provided in paragraph (a)(2) of this section, an institution makes a disbursement of title IV, HEA program funds on the date that the institution credits a student's account at the institution or pays a student or parent directly with — (i) Funds received from the Secretary; (ii) Funds received from a lender under the FFEL Programs; or (iii) Institutional funds used in advance of receiving title IV, HEA program funds.

Except as provided under paragraph (f)(3) of this section— (1) If a student is enrolled in a credit-hour educational program that is offered in semester, trimester, or quarter academic terms, the earliest an institution may disburse title IV, HEA program funds to a student or parent for any payment period is 10 days before the first day of classes for a payment period. If a student is enrolled in a credit-hour educational program that is not offered in semester, trimester, or quarter academic terms, or in a clock hour educational program the earliest an institution may disburse title IV, HEA program funds to a student or parent for any payment period is the later of— (i) Ten days before the first day of classes of the payment period; or (ii) The date the student completed the previous payment period for which he or she received title IV, HEA program funds, except that this provision does not apply to the payment of Direct Loan or FFEL program funds under the conditions described in 34 CFR section 685.301 (b)(3)(ii), (b)(5), and (b)(6) and 34 CFR 682.604 (c)(6)(ii), (c)(7), and (c)(8), respectively. (3) The earliest an institution may disburse the initial installment of a loan under the Direct Loan or FFEL programs to a first-year, first-time borrower as described in 34 CFR section 682.604(c) and 34 CFR section 685.303(b)(4) is 30 days after the first day of the student's program of study.

**Cause:**

UMES did not have proper procedure in place to review disbursements to students and verify that they were made or returned in accordance with required time frames.

**Effect:**

The disbursements to students were not made in accordance with required time frames, and the dates of disbursement do not agree to the date in the COD system.

**Questioned Costs:**

None.

**Recommendation:**

We recommend that UMES establish procedures to ensure the disbursements to students are made in accordance with required time frames and the dates reported in the COD system agree to the student account.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 007 (continued)

##### *Auditee Response and Corrective Action Plan:*

UMES agrees with the recommendation, and has established procedures to ensure that the scheduled disbursement dates to students are made in accordance with the required time frames as set forth by the U. S. Department of Education and that the dates reported in the COD system agree with the student account. UMES will take a corrective action by setting up the 2016-2017 Aid Year disbursement dates based upon the Academic Calendars. Noting that if the Academic Calendars change, we will adjust the dates within our software accordingly.

##### *Auditee Update - October 2016*

UMES agrees with the recommendation and has established the following guidelines to review students and ensure that disbursements of title IV, Higher Education Act (HEA) program funds to students are made within U.S. Department of Education (ED) regulation as well as update Common Origination and Disbursement (COD) system with the same disbursement dates:

UMES Disbursement Guidelines:

UMES has set up disbursement rules which prohibit any Title IV, HEA funds from disbursing/crediting to a student's account prior to 10 days before the first day of classes.

Before disbursement of any Title IV, HEA program funds, an authorization report (PeopleSoft Query) will be run and list the following information for each student:

- Student Name (Last, First)
- Student ID
- Student active academic program
- Student enrollment status for current/upcoming term (anticipated credits)
- Current Satisfactory Academic Progress (SAP) Status
- Selected for Verification
- Verification Complete
- Entrance Interview
- Master Promissory Note (MPN)
- Student charges for current/upcoming term
- Payment Confirmation (Used for student to self-confirm that s/he will be attending the current upcoming semester).

Student's current enrollment will be verified via review of reports. These reports include students who do not have an active program, are not enrolled, and have not provided all information required by the promissory note (for DL borrowers only). The funds will not be authorized to be disbursed (with the exception of first time borrowers).

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2015**

**Finding 2015 - 007** (continued)

*Auditee Update - October 2016* (continued)

Students who meet active program, enrollment, and Direct Loan promissory note requirements will then be ran through an additional report to ensure no student awarded over his/her Cost of Attendance.

After all requirements have been met, eligible student funds will be disbursed. Once disbursed, UMES will update COD of disbursement of funds (Pell and DL) via PeopleSoft electronic process.

**2016 Status:**

Based on follow up testing performed for fiscal year 2016, the finding is resolved.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 008

##### Department of Human Resources (DHR)

##### Temporary Assistance for Needy Families (TANF) Cluster CFDA 93.558 Temporary Assistance for Needy Families (TANF)

##### U.S. Department of Health and Human Services

#### Compliance and Significant Deficiency over Reporting

##### *Condition:*

During our audit, management could not provide the supporting documentation from their accounting system to support the expenditure amounts reported on Report ACF-204, *Annual Report including the Annual Report on State Maintenance-of-Effort Programs* (OMB No. 0970-0248) for the period of October 1, 2013 thru September 30, 2014.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215.27) requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Circular A-133 for Reporting:

The required reports for Federal awards should be supported by applicable accounting or performance records, and are fairly presented in accordance with governing requirements.

##### *Cause:*

DHR did not have adequate procedures in place related to the special reporting of ACF-204 to ensure the information reported is accurate and properly supported by its accounting records.

##### *Effect:*

The lack of tracking and/or maintenance of records may lead to inaccurate or fraudulent reporting.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### **Finding 2015 - 008** (continued)

##### ***Questioned Costs:***

Unknown

##### ***Recommendation:***

We recommend DHR develop procedures for the reporting process to ensure all reports are supported by the accounting records. The reports should be reviewed and reconciled to the accounting system and the records should be properly maintained to support the reports.

##### ***Auditee Response and Corrective Action Plan:***

The Department agrees with the finding. The Family Investment Administration (FIA), in consultation with Budget and Finance, will develop detailed guidance outlining how the TANF Maintenance of Effort report is completed and standards for supporting documentation and record retention will be developed.

##### ***Auditee Update - October 2016***

DHR has in place a process of maintaining the accounting records that support the calculation of its Maintenance of Effort (MOE) data for the ACF-204 report. The MOE data is based on reported data received from our TANF partners and the source programs, in addition to DHR's internal finance system. DHR's Budget and Finance Department collects this data from the multiple sources to complete the ACF-196 form, the State TANF Finance Report and maintains all supporting records. FIA then receives the ACF-196 report to complete the ACF-204 form and maintains its portion of supporting records in completing the ACF-204 report.

As of the audit, the reports have been reconciled and submitted to and approved by the U.S. Department of Health and Human Services, Administration for Children and Families (ACF). The Department will ensure that future submissions of the ACF Forms are reviewed and approved jointly by Finance and FIA prior to submission.

##### ***2016 Status:***

Based on follow up testing performed for fiscal year 2016, the finding is resolved.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 009

##### Department of Human Resources (DHR)

##### Temporary Assistance for Needy Families (TANF) CFDA No. 93.558

##### U.S. Department of Health and Human Services

#### Compliance and Material Weakness over Special Tests and Provisions - Child Support Non-Cooperation

##### *Condition:*

We selected a sample to test whether payments are being reduced to individuals in cases where it is reported to the State TANF agency that an individual is not complying with the State child support program. We tested 10 cases where notification was received that an individual was not complying with Child Support Enforcement (CSE). Of these 10 cases selected, we noted that benefit payments were not reduced for 9 cases that received an alert that they were not in compliance with child support. During our testing we noted that the CARES system used in the TANF program was not always updated after an alert was issued.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Circular A-133, June 2015:

If the State agency responsible for administering the State plan approved under Title IV-D of the Social Security Act determines that an individual is not cooperating with the State in establishing paternity, or in establishing, modifying or enforcing a support order with respect to a child of the individual, and reports that information to the State agency responsible for TANF, the State TANF agency must (1) deduct an amount equal to not less than 25 percent from the TANF assistance that would otherwise be provided to the family of the individual, and (2) may deny the family any TANF assistance. HHS may penalize a State for up to five percent of the SFAG for failure to substantially comply with this required State child support program (42 USC 608(a)(2) and 609(a)(8); 45 CFR sections 264.30 and 264.31).

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2015**

**Finding 2015 - 009** (continued)

***Cause:***

DHR did not ensure that benefit payments were reduced by at least 25% after being notified of an individual's failure to comply with CSE.

***Effect:***

This resulted in individuals receiving TANF assistance that was not reduced.

***Questioned Costs:***

Unknown

***Recommendation:***

SBC recommends that TANF establish and implement controls to ensure that when an alert of non-compliance from CSE is received, the case is investigated to determine if benefits should be reduced. We also recommend the investigation notes are clearly documented in CARES and if a reduction of benefits is determined to be required, they are reduced timely in accordance with the compliance requirements.

***Auditee Response and Corrective Action Plan:***

After reviewing the nine assistance units (AUs) identified in the audit, the Department agrees that the non-cooperation alerts (code 956 or 957) were not addressed by the local department at the time of alert generation. Three of the AUs identified in the audit are currently in a closed status. The remaining six AUs are being reviewed, and appropriate action will be taken.

The Family Investment Administration (FIA) will issue reminders on alert processing for child support generated alerts and provide additional training to the local departments on the child support cooperation requirements and procedures. In addition, FIA will create a monthly report for local departments to identify outstanding child support non-cooperation alerts.

***Auditee Update - October 2016***

Existing CARES reports are available to identify alerts, code 956, Custodian Failed to Show Up for a CSE Appointment, and code 957, Custodian Refused to Provide CSE with Information. From these reports, compliance controls have been established. FIA staff at the central office will select a sample to examine in order to ensure: 1) proper disposition of the alert; 2) proper action on the alert; and 3) reduction in benefits if needed.

FIA leadership is planning training that will explain how case managers can handle the implemented alerts and include a component for supervisory staff to monitor them. In addition, an Action Transmittal will be issued to ensure that proper procedures are followed.

***2016 Status:***

See 2016-008 for current year finding.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 010

##### Department of Human Resources (DHR)

##### Temporary Assistance for Needy Families (TANF) CFDA No. 93.558

##### U.S. Department of Health and Human Services

#### Compliance and Significant Deficiency over Eligibility

##### *Condition:*

We selected a sample size of 40 transactions to test that payments are not being paid beyond 60 months, unless documented. During our testing, we noted that TANF benefits were paid after 60 months for 5 out of 40 selections. There was no documentation in the CARES system noting a basis for extension of benefits. For 2 out of the 40 tested, we noted the number of payments actually made per the system did not agree with number of payments made per the counter in the CARES system.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Circular A-133, June 2015:

Any family that includes an adult or minor child head of household or a spouse of the head of household who has received assistance under any State program funded by Federal TANF funds for 60 months (whether or not consecutive) is ineligible for additional federally funded TANF assistance. However, the State may extend assistance to a family on the basis of hardship, as defined by the State, or if a family member has been battered or subjected to extreme cruelty.

##### *Cause:*

DHR did not ensure that benefit payments were stopped after 60 months.

##### *Effect:*

Benefits were paid past 60 months, without valid documented basis for extending the benefits.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2015 - 010 (continued)

##### *Questioned Costs:*

\$36,613

##### *Recommendation:*

SBC recommends that DHR establish and implement controls to ensure that benefits are not paid to families beyond 60 months unless there is a valid reason in accordance with Federal guidelines and is the basis documented. We further recommend that DHR develop and maintain controls to ensure that the system is properly counting all monthly payments that are made.

##### *Auditee Response and Corrective Action Plan:*

DHR has reviewed and agrees with the auditor's findings on several of the cases that received TANF benefits for more than 60 months and will implement the recommendation accordingly. The Department will establish controls to ensure there is a documented valid reason.

In the two cases in which the auditors found an incorrect count of months, both had been employed during the time they received benefits. Per §5-313 and COMAR 07.03.03.20, the Department does not count months that a recipient is employed toward the 60 month limit.

In two cases that received TANF benefits for more than 60 months there is documentation of the basis for extension in the Electronic Case Management System (ECMS). One customer is caring for an ill family member, thus the case meets the hardship requirement. In one family there is a child under the age of one making the customer exempt, as well as medical documentation of the customer's disability in ECMS.

##### *Auditee Update - October 2016*

CARES reports exist to assist Family Investment Administration (FIA) central office staff in monitoring the customers who have exceeded the 60th month of Federally funded TANF. The Core Caseload Statewide Case Detail Report lists cases by the exemption type and provides the customer name, case number, Individual Registration Number (IRN), and the Time Limited Eligibility (TLE) counter. The Core Caseload Length of Stay Case Summary Report identifies the total number of cases by local office.

Using the existing Core Caseload reports, FIA central office staff filters the report to identify the specific cases with 60 months or more. A sample of cases is pulled to determine whether an extension was granted correctly, if documentation is available, and if the counter is accurate (that is, none of the 60 months was State-funded or a month in which the customer had earned income).

##### *2016 Status:*

Based on testing performed for fiscal year 2016, the finding is resolved.

##### Compliance and Internal Control Deficiency over Eligibility

###### **Condition:**

During our testing of Eligibility at the Maryland State Department of Education (MSDE), we selected 40 files to review for eligibility determination. For two of the participant files selected, we noted that the eligibility determination was not made within 60 days after the individual submitted an application for the services.

###### **Criteria:**

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215.27) requires that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Section 102(a)(6) of Title I of the Rehabilitation Act of 1973, as amended (29 USC 722(a)(6)) requires that the State Vocational Rehabilitation (VR) Agency must determine whether an individual is eligible for VR services within a reasonable period of time, not to exceed 60 days, after the individual has submitted an application for the services unless:

- a. Exceptional and unforeseen circumstances beyond the control of the State VR agency preclude making an eligibility determination within 60 days and the State agency and the individual agree to a specific extension of time; or
- b. The State VR Agency is exploring an individual's abilities, capabilities, and capacity to perform in work situations through trial work experiences in order to determine the eligibility of the individual or the existence of clear and convincing evidence that the individual is incapable of benefiting in terms of an employment outcome from VR services.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### **Finding 2014 - 007** (continued)

***Cause:***

MSDE did not have proper controls in place to ensure that all eligibility determinations were made timely.

***Effect:***

MSDE is not in compliance with the Eligibility requirement for the Rehabilitation Services – Vocational Rehabilitation Grants to States program.

***Questioned Costs:***

None.

***Recommendation:***

We recommend that MSDE improve internal controls to ensure that all eligibility determinations are made timely.

***Auditee Response and Corrective Action Plan:***

The Division of Rehabilitation Services (DORS) has satisfactory controls regarding compliance to the 60 day eligibility determination requirement. In this regard, all counselors are required to complete a client's eligibility determination within 60 days of the date when the client submitted an application. Furthermore, supervisors are required to follow up on the counselors' adherence to this requirement. The two cited exceptions occurred as a result of unforeseen and extraordinary personnel situations. DORS will continue to look at the eligibility determination in accordance with 29 USC 722(a)(6) and as needed provide either individual or district training to address any future instances where the 60 day eligibility requirement is not met.

***Auditee Update - October 2016***

During September and October 2016, the Audit Office performed follow up testing to determine whether eligibility determinations are made within 60 days after an individual submits an application for Vocational Rehabilitation services. A sample of fifty seven cases was selected for review from cases where an eligibility decision was made between January 1 and June 30, 2016 and a timely decision was made for fifty three of the fifty seven cases reviewed. Of note, thirty four of the fifty seven sampled cases had an application date on or after April 1, 2016 which would have been after the effective date of the corrective action reported during March 2016 and a timely eligibility decision was made for each of these cases. The additional control mentioned in the March 2016 corrective action response was developed and implemented during April 2016. This control identifies for DORS Offices all cases which have been in application status for more than thirty days and requires that actions which have been and will be taken to ensure a timely decision to be identified and documented. However not all of DORS Offices have complied with all of the provisions of this control since its implementation during April 2016. Instructions associated with the new control were modified during October and require DORS Central Office personnel to monitor compliance by each DORS Office with provisions of the new control.

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2015**

**Finding 2014 - 007** (continued)

***Auditee Update - October 2016*** (continued)

DORS continues to experience turnover in counseling staff which requires supervision at many levels to not only manage the daily operation of the office but also to carry a case load or in some cases multiple caseloads as a result of counselor vacancies. Also regarding staffing, three of the four Administrative Supervisor positions have been filled and on October 13, 2016 authorization from the Department of Budget and Management (DBM) was received to fill the fourth position which is expected to be staffed by February 2017.

***2016 Status:***

See finding 2015-002. Based on testing performed for fiscal year 2016, the finding is resolved.

## STATE OF MARYLAND

#### Finding 2014 - 011

##### University System of Maryland – Bowie State University (BSU)

##### Student Financial Assistance Cluster

CFDA No. 84.007	Federal Supplemental Educational Opportunity Grants (FSEOG)
CFDA No. 84.032	Federal Family Education Loans (FFEL)
CFDA No. 84.033	Federal Work- Study Program (FWS)
CFDA No. 84.037	Perkins Loan Cancellations
CFDA No. 84.038	Federal Perkins Loan (FPL) – Federal Capital Contributions
CFDA No. 84.063	Federal Pell Grant Program (Pell)
CFDA No. 84.268	Federal Direct Student Loans (Direct Loan)

##### U.S. Department of Education (ED)

#### Compliance and Internal Control Deficiency over Special Tests and Provisions - Student Enrollment Reporting

##### *Condition:*

During our testing of student enrollment reporting, we reviewed the enrollment status of 40 students. We noted that for eight of the students selected, BSU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days; and for two of the students selected, the enrollment status per the institution's PeopleSoft system did not match the enrollment status per NSLDS.

##### *Criteria:*

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB A-133:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2014 - 011 (continued)

**Criteria:** *(continued)*

Per OMB A-133: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

**Cause:**

BSU did not have proper controls in place to review and update enrollment status changes for students receiving student financial aid.

**Effect:**

The change in student's enrollment is not properly reported in the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

**Questioned Costs:**

None.

**Recommendation:**

We recommend that BSU establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2014 - 011 (continued)

##### *Auditee Response and Corrective Action Plan:*

The University agrees with this finding. The following procedures will be implemented by April 30, 2015:

1. The Financial Aid Coordinator will reconcile discrepancies between Enrollment and Financial Aid on a monthly basis to identify all students that should be updated at NSLDS. The reconciliation will be reviewed and signed off monthly by the Director of Financial Aid.
  - a. Students that complete an official withdraw form will be reported to NSLDS at the end of each month.
  - b. Students that unofficially withdraw (stop outs or no shows) will be reported to NSLDS at the conclusion of the late registration period each semester.
2. The Financial Aid Coordinator will ensure that all changes to student enrollment status are reported to NSLDS within the required time frame.
3. The Financial Aid Coordinator will maintain an updated list of all students reported to NSLDS.

##### *Auditee Update - October 2016:*

Due to the turnover of personnel within the Financial Aid Office, our procedures have been revised with an anticipated implementation date of November 30, 2016.

The University is committed to providing accurate and consistent enrollment information to all the various external regulators, accrediting organizations and funding agencies or other interested parties. The university's official enrollment is determined by the Registrar. The personnel within the Financial Aid Office will work with the Registrar's Office on a monthly basis to reconcile any discrepancies that have been identified between the Registrar's office and Financial Aid. Personnel will specifically check for two criteria. The first criteria being students that complete the official withdrawal form and the second criteria being students that unofficially withdraw (stop outs or no shows).

The reconciliation will be reviewed and signed off by the Director of Financial Aid and the University Registrar.

**STATE OF MARYLAND**

**Schedule of Prior Year Findings and Questioned Costs  
Year Ended June 30, 2015**

**Finding 2014 - 011** (continued)

***Auditee Update - October 2016:*** (continued)

Financial Aid personnel will assist Registrar personnel with ensuring that all identified changes to student enrollment are reported to NSLDS within the allotted time. The allotted time for students that complete the official withdrawal form will be reported to NSLDS by the end of each month. Students that unofficially withdraw will be reported by the established reporting schedule of Bowie State University. The monthly reports will be reviewed and signed off by the Director of Financial Aid and the University Registrar.

***2016 Status:***

Based on the above, the finding was not resolved for fiscal year 2016, thus is a repeat finding.

We recommend that MSU establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2014 - 014 (continued)

##### *Auditee Response and Corrective Action Plan:*

The University has consistently reported student enrollment status information to NSLDS via the National Student Clearinghouse (NSC) on a monthly basis. However, NSC did not report the data to NSLDS for the summer months in 2014. The Federal reporting guidelines now require NSC to remit enrollment information to NSLDS for the summer months as well. Accordingly, the isolated period of a break in service has been eliminated and this finding will not recur. However, as of January 2015, the University has implemented an additional review to help ensure that NSC relays enrollment data to NSLDS in a timely fashion.

##### *Auditee Update - February 2017:*

Morgan State University has fully implemented the auditor's recommendation. Since the auditors identified the internal control deficiencies in fiscal year 2013, the University's Registrar collaborated with the Director of Financial Aid, and established and implemented control procedures to ensure that student enrollment status changes are updated and accurately reported in a timely manner to the NSLDS data center.

Each month, the Registrar's office systemically submits monthly reports of the Enrollment Reporting Roster File to the clearinghouse.

Within two days of the submission, the Registrar's office check to ensure the enrollment file has updated the Clearinghouse database.

After the verifying that the enrollment updates are in the clearinghouse, the Registrar's office verifies that the submitted report agrees with the Clearinghouse and NSLDS records.

The University is now in compliance with the Federal Regulations and the corrective actions for internal controls and enrollment reporting are effective and working as intended.

##### *2016 Status:*

Based on follow up testing performed for fiscal year 2016, the finding is a repeat finding.

**Criteria:** *(continued)*

Per OMB A-133: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loans for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

**Cause:**

MSU did not have proper controls in place to review and update enrollment status changes for students receiving student financial aid.

**Effect:**

The change in the student's enrollment is not properly reported in the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

**Questioned Costs:**

None.

**Recommendation:**

We recommend that MSU establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2013 - 012 (continued)

##### *Auditee Response and Corrective Action Plan:*

This recommendation has been implemented. With the arrival of the new Registrar, as of October 2013, the Office of Records and Registration has established and implemented procedures to correct the identified reporting deficiencies. Since that time, the University has been reporting the enrollment status of its students to the National Student Clearinghouse (NSC) in an accurate and timely manner. After the University submits the report, management receives notification from NSC that the transmission was successful. Therefore, changes in the students' enrollment are now properly reported to the National Student Loan Data System database via NSC.

##### *Auditee Update – February 2017:*

Morgan State University has fully implemented the auditor's recommendation. Since the auditors identified the internal control deficiencies in fiscal year 2013, the University's Registrar collaborated with the Director of Financial Aid, and established and implemented control procedures to ensure that student enrollment status changes are updated and accurately reported in a timely manner to the NSLDS data center.

Each month, the Registrar's office systemically submits monthly reports of the Enrollment Reporting Roster File to the clearinghouse.

Within two days of the submission, the Registrar's office check to ensure the enrollment file has updated the Clearinghouse database.

After the verifying that the enrollment updates are in the clearinghouse, the Registrar's office verifies that the submitted report agrees with the Clearinghouse and NSLDS records.

The University is now in compliance with the Federal Regulations and the corrective actions for internal controls and enrollment reporting are effective and working as intended.

##### *2016 Status:*

See 2014-014. Based on follow up testing performed for fiscal year 2016, the finding is a repeat finding.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2013 - 013 (continued)

*Criteria: (continued)*

Per OMB A-133: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site.

Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall—(1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loans for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

*Cause:*

St. Mary's did not have proper controls in place to review and update enrollment status changes for students receiving student financial aid.

*Effect:*

The change in the student's enrollment is not properly reported in the NSLDS database, thus, repayment date, grace period, and deferment is not properly determined.

*Questioned Costs:*

None.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2013 - 013 (continued)

##### ***Recommendation:***

We recommend that St. Mary's establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

##### ***Auditee Response and Corrective Action Plan:***

The College agrees with this recommendation and has taken appropriate action to ensure that accurate data is reported to NSLDS in a timely manner. The College will adjust its procedures to include a supervisory review of data submitted to NSLDS to ensure that changes made to a student's enrollment status and dates are accurate.

##### ***Auditee Update- February 2017:***

The College is responsible for both timely and accurate reporting of enrollment status changes. Repeat testing of ten students for the Fiscal Year 2014 and 2015 financial aid year has shown the College accurately reported all ten enrollment status changes. However, in two of ten cases our reporting was not timely enough. The College implemented by December 2016 additional policies and procedures in the form of a regularly generated report to monitor students who have withdrawn on a monthly basis and report those to the Clearing-House.

We discovered additional weaknesses in our automated data processing systems as described below and are now in the process of resolving these issues.

During the Fiscal year 2017 the College received a listing of student from the Academic Services Department who either withdrew or took a leave of absence from the College. The list on our system was verified at the Registrar's Office and names submitted to the Clearing-House. In December 2016 and January 2017, the Registrar's Office ran reports to determine if the information in the CARS system was accurate. A comparison of the information in the CARS system submitted against the Clearing-House reports indicated some differences.

Students that the College marked as being on an approved leave of absence (A), were captured on the Clearing-House report as (L) less than full time.

Students who (W) withdrew from the College were not captured on the Clearing-House report.

Our software vendor has been advised of the issue and is in the process of providing a systems maintenance order (SMO) update to the Clearing-House reporting structure that would correct the issue with students being marked incorrectly as an (L) for a leave of absence as well as the issue with W's. The correction would mark students who went on leave with an (A) to be compliant with the Clearing-House coding. In the meantime we are doing manual adjustments for any student that has gone on leave or withdrawn from the College.

##### ***2016 Status:***

See 2016-002 for current year finding.

**Internal Control and Compliance Deficiency over Special Tests and Provisions - Student Enrollment Reporting**

***Condition:***

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted forty of the students selected were incorrectly classified and reported in the National Student Loan Database System (NSLDS) database. Forty of the students withdrew from classes and thus took zero credits, but fifteen were incorrectly reported as attending half-time, twenty-three were incorrectly reported as attending full-time, and two were incorrectly reported as less than half-time.

***Criteria:***

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2012 - 011 (continued)

*Criteria: (continued)*

Per OMB A-133:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via the NSLDS (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall—(1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

*Cause:*

The university did not have proper controls in place to review and update enrollment status changes for students receiving student financial aid. The University considers a grade of “W” to be a valid grade and student still enrolled. Therefore a grade of “W” was not reported to NSLDS.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2012 - 011 (continued)

##### *Effect:*

The change in the student's enrollment to less than half time is not properly reported in the NSLDS database, thus, repayment date, grace period, and deferment are not properly determined.

##### *Questioned Costs:*

Unknown.

##### *Recommendation:*

We recommend that the University establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

##### *Auditee Response and Corrective Action Plan:*

The University's initial transmissions and subsequent transmissions of students' enrollment are reported to the National Student Clearinghouse in a timely manner each semester. In accordance with the University's policies and procedures on students' enrollment and withdrawal, the information reported to the Clearinghouse was correct.

We acknowledge that we have not reported to the Clearinghouse the adjustments in the number of credits when students withdraw from courses. Staff members in Records and Registration, Financial Aid and Information Technology have met to determine how to correct this problem and we have a solution to the reporting problem. The next transmission to the Clearinghouse will reflect students' withdrawals.

##### *Auditee Update - February 2017*

The University continues to monitor the steps that were developed to accurately report withdrawal adjustments to the National Student Clearinghouse. The following processes have been implemented to address the reporting of withdrawal adjustments:

1. The Office of Records and Registration (ORR) continues to report withdrawals on a bi-monthly basis to the Clearinghouse. Adjustments continue to be processed in a timely manner and student records are updated with the corrected status.
2. The ORR will continue to use the additional step of running a (W) Grade Report in the Clearinghouse verification process to capture students that have dropped classes and received a grade of (W) that could change their initial enrollment of full to half time, less than half time or no units (totally withdrawn from the University). The ORR staff will verify enrollment status manually before the information is submitted to the Clearinghouse.

## STATE OF MARYLAND

### Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

#### Finding 2012 - 011 (continued)

##### *Auditee Update - February 2017* (continued)

3. To assist in accurately reporting enrollment status the ORR has eliminated the student's ability to withdraw from classes or the University. Indicators have been placed on the student's accounts directing them to the ORR to change their enrollment status.
4. The ORR will continue to work with OIT to address systemic issues with accurately reporting enrollment as it relates to academic load as well as other technical issues that are hindering the correct reporting of students' enrollment status.
5. To ensure student loan borrowers that have withdrawn, graduated, or become less-than-half-time are correctly and timely reported via the Clearinghouse to NSLDS, the Registrar, Technology Manager or designated Registrar staff member will review the NSLDS system.
6. The Registrar's Office will perform a secondary-review of reported student loan borrowers that have withdrawn, graduated, or become less-than-half-time from CSU to ensure the following is in accordance with Federal student aid regulations:
  - The withdrawn, graduated, or become less-than-half-time date is correct as reported on the student record for the borrower's latest last day of attendance (official or unofficial) with CSU.
  - The withdrawn, graduated, or become less-than-half-time student borrower is reported within 30 days of the effective date.
  - NSLDS corrections to withdrawn, graduated, or become less-than-half-time student borrowers are identified and made within 30 days from the reported date.

##### **2016 Status:**

See 2015-004. Based on follow up testing performed for fiscal year 2016, the finding is a repeat finding.
