Architects Proposals

Bernard Egan

*Hall of Records
Evander*

February 6th 1932.

Mr. Bernard Evander,
20 E. Lexington Street,
Baltimore, Maryland.

Dear Mr. Evander -

I received your favor of February 5th with regard to the Hall of Records. The Board of Public Works will select the architect from a small list of names submitted by the Institute of Architects of those who have had the most experience in work of this kind, particularly along colonial lines.

I do not think your name happens to be on that list, but I will nevertheless be glad to present it to the Board of Public Works when they meet to consider the matter.

With kind regards, I am

Very truly yours,

GOVERNOR.
