THE VILLAGE CHAPEL, PINEHURST, N. C.
HOBART B. UPJOHN, ARCHITECT

THE VILLAGE CHAPEL

BY

REV. THADDEUS A. CHEATHAM

*"A thing of beauty is a joy forever:
Its loveliness increases."*

The Village Chapel at Pinehurst counts itself happy in its friends. Some thirty years ago, the Rev. Edward Everett Hale came here with Mr. James W. Tufts, the founder of Pinehurst, and together they dreamed a dream. That in this peaceful spot an opportunity could be given to prove to Christian people the blessedness of living together in Unity. Both of these men have gone to their reward but the dream becomes more real day by day.

The history of the Chapel is very interesting and its growth has been closely related to the growth of Pinehurst. People of every religious affiliation have been welcomed. The principles of unity and fellowship have been stressed and many have felt that it is the outstanding example in this country of *Christian Unity actually realized*.

The Chapel is owned and controlled by a Board of Directors in which all of the leading religious denominations are represented.

Pinehurst seeks to be more than a resort. It stands for an ideal. The democratic spirit, the cosmopolitan atmosphere, the enthusiastic enjoyment of the simple life, the soothing yet stimulating effect of the climate, and the chance to live in God's out-of-doors; all unite to make Pinehurst a place for the effective renewal of one's mental, physical, and spiritual powers.

Some have been gracious enough to say that the Chapel was the heart of Pinehurst. Certainly there has grown up within its

ENTRANCE PORTICO. THE VILLAGE CHAPEL. PINEHURST, N. C.
HOBART B. UPJOHN, ARCHITECT

hospitable doors a spirit of sincerity, devotion, and reality, that can properly be called a Holy Fellowship.

Three years ago the old Chapel was found to be inadequate to accommodate the growing congregations, and it seemed fitting that a new building should be erected that would worthily express the spirit for which the Chapel stands.

Mr. Leonard Tufts with characteristic generosity set aside a large part of the Village Green for this purpose. The gift seemed to embody the idea that the Chapel should have the best and choicest site in Pinehurst.

Mr. John Cary Spring of Boston served as Chairman of the Committee on Architecture and it was decided to build a Church of Early Colonial design influenced by Southern features.

After a study of his work the Committee decided on Hobart Upjohn of New York as the architect who could best express in a building the idea of simplicity and beauty.

It will be interesting to many to know that the Chapel received the Diploma of Merit at the exhibition in Turin, Italy, known as Mostra Internazionale di Edilizia.

One of the most impressive features of the undertaking was the spontaneous response which made it possible in a few months to build this splendid church and that it is free from debt. The spirit of enthusiasm and co-operation among the Directors, and all the friends of the Chapel was truly wonderful.

I cannot close this sketch without paying tribute to Mr. Upjohn's God-given talent and his earnest devotion.

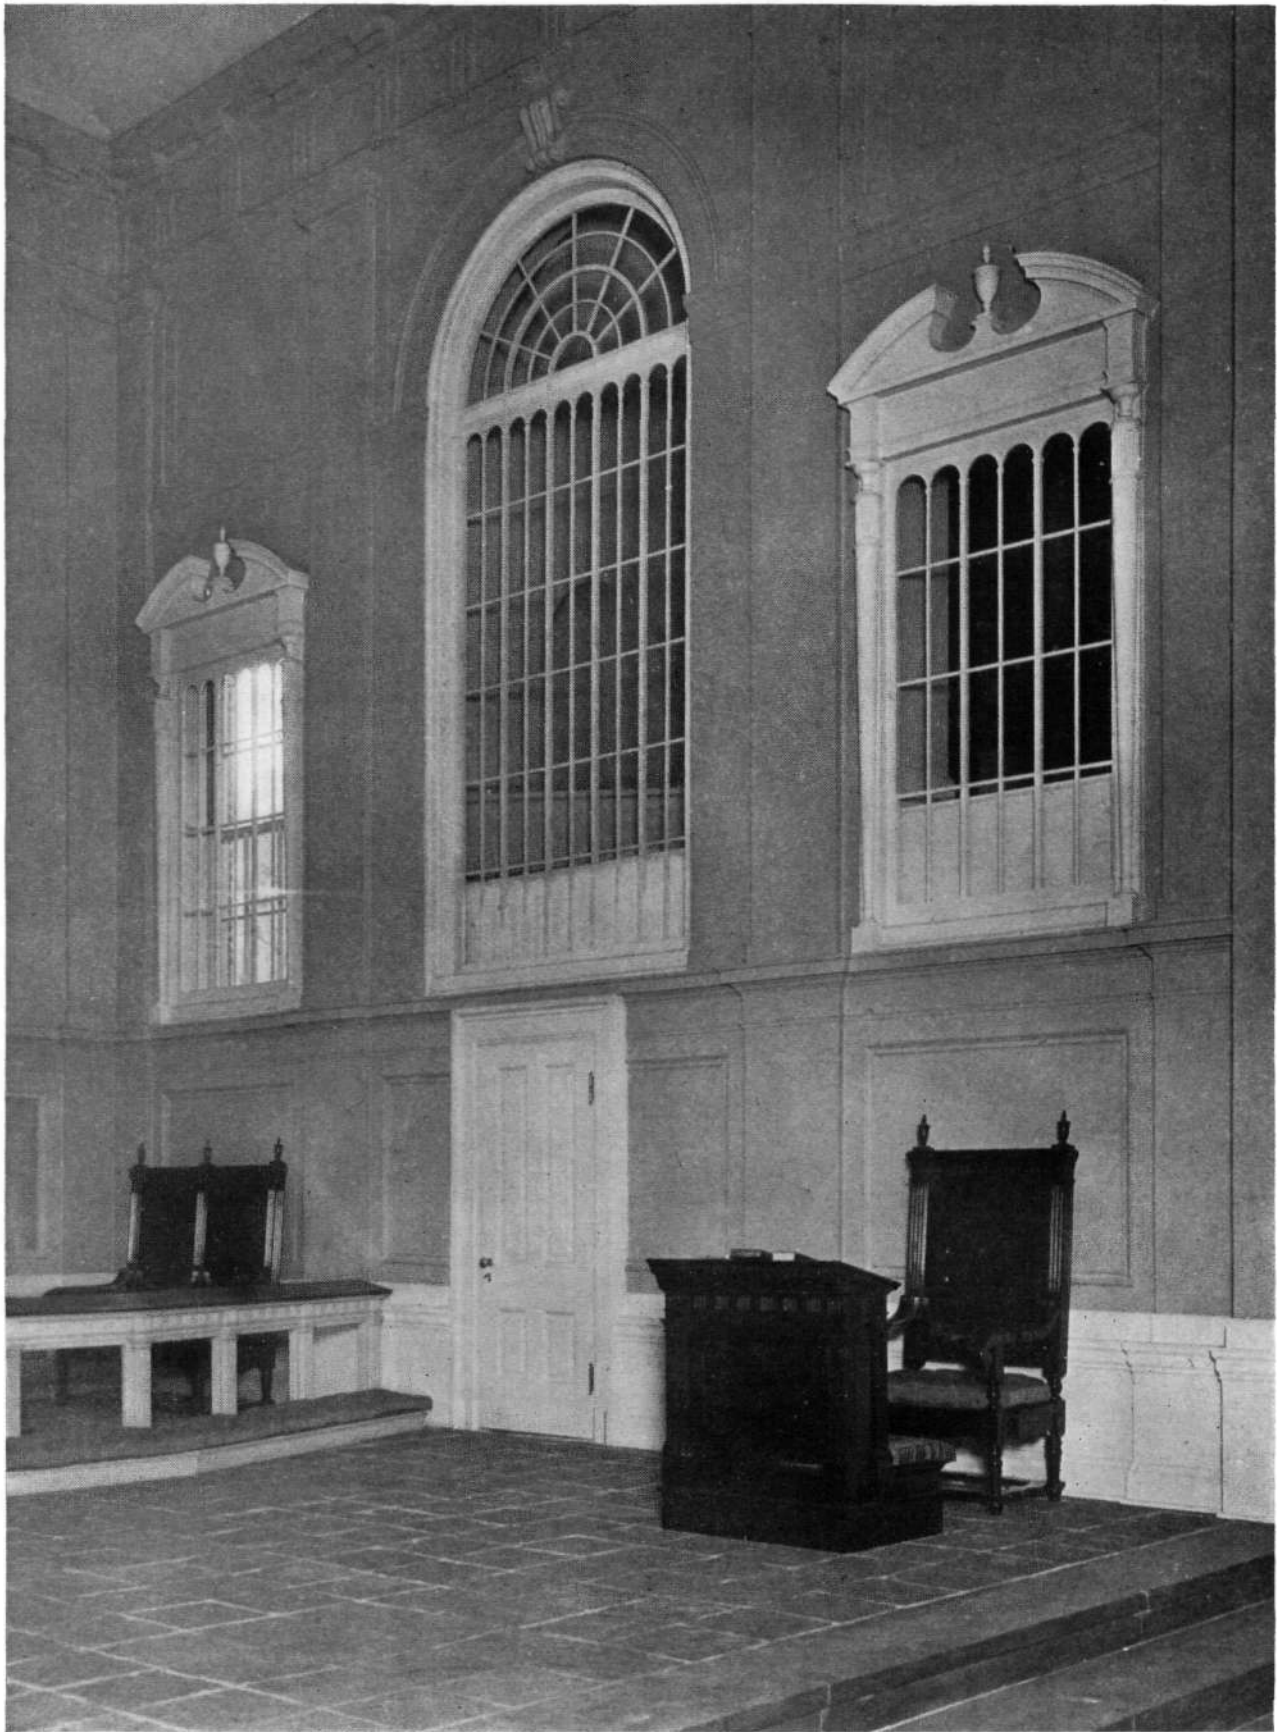

The Village Chapel will stand here through the coming years, with its marvelous needle spire, its perfect proportions, its chaste simplicity, its friendly spirit, and its Devotional Services, to bless and inspire those who come under its influence.
