JOSEPH C. FRANCE
COUNSELOR AT LAW

7 June 1923.

Dear Roland:-

First of all, my congratulations on the fact that you are going back into private practice. In my judgment this is, although maybe you didn't know it, the best thing for you.

Second: The people who own the Hoffman tract around the headwaters of the Gunpowder, want me to find out whether there was anything done (or the prospect of doing anything) toward bringing about its acquisition by the City, on reasonable terms. Also they say that you have some maps and plans, -which they would like to have back.

Please answer this at your convenience, -but answer it.

As ever,
