

## CAPT. **WARD** WILL TESTIFY

---

### **Confers With Governor And Attorney-General Straus.**

Former **Police Captain** Bernard J. **Ward** will be among the witnesses who will testify before Governor Crothers on Tuesday, when he continues his investigation of the **Police** Department. For over an hour yesterday **Captain Ward** conferred with the Governor and Attorney-General Isaac Lobe Straus. After the conference none of the conferees would say what was discussed.

"I want no publicity on this investigation," said **Captain Ward**, as he left the Governor's office. "I will go before the **Police** Board if I am asked or before the Governor when he sends for me." •

Since his dismissal from the **Police** Department **Captain Ward** has been engaged in private business. Because of his long connection with the department, **Captain Ward**, it is thought, might shed some important light on the workings of the department.
