

"MACHINE" AS HE SEES IT**Ex-Governor Frank Brown States Two Propositions.**

Ex-Gov. Frank Brown, in an interview yesterday, expressed two opinions, among others, in regard to the Mayoralty situation:

First—That no candidate whom the "machine" puts up can win in the general election.

Second—That in the present temper of the "machine" no man who defeats it in a straight primary fight can be elected.

The ex-Governor, who had just returned from New York, seemed to be somewhat despondent over the local situation.

NEW CHARGES PERHAPS TODAY**Governor Holds Long Conference With His Advisers.**

On the probable eve of the announcement of the new and amended charges against the Police Commissioners, Governor Crothers yesterday held a long conference with Attorney-General Isaac Lobe Straus and former Mayor Thomas G. Hayes, who prepared them, and Mr. Roger W. Cull, who was named as president of the provisional board. Former Police Captain Bernard J. Ward, who, it is expected, will be one of the Governor's most important witnesses, also held a short conference with Mr. Straus, but neither would tell what transpired.

The Governor is anxious to announce the charges as soon as possible, and they may be made public today. They cover 50 typewritten pages and many specific allegations are made. In addition to the old charges, which have been made more specific, the new ones will contain alleged violations of law which were committed since the Governor held his preliminary investigation.

FOUND DEAD IN WOODS**Body Of Mr. A. S. G. Grason Discovered Near Towson.**

Mr. Andrew S. G. Grason, son of Capt. William Grason, a well-known member of the Towson bar and court auditor, was found dead yesterday afternoon in Chew's Woods, along the Dulany Valley road, just east of the entrance to Prospect Hill Cemetery.

Mr. Grason had not been well for some time. Sunday afternoon he left his home for a walk. He was seen going northward from the town. Not returning home Sunday night, the family became alarmed and a search was begun. It was continued Monday and yesterday. Late yesterday afternoon Mr. Samuel Parks found the body. It was covered with snow.

Dr. J. Royston Green and Coroner Shanklin, of Towson, were summoned and it was decided that death was caused by exposure. It is thought that Mr. Grason started for home, when he became exhausted.

Born at Towson, Mr. Grason was the eldest son of Captain and Mrs. Grason. He was 32 years old, and was educated in the public schools and later was graduated from the Maryland Agricultural College. For a number of years he was employed by the Fidelity and Deposit Company. He was well known among the younger set at Towson and was a member of Towson Lodge of Odd Fellows and Mount Moriah Lodge of Masons. Besides his parents, he leaves four sisters and two brothers.

Judge Schmucker Improved.

Judge Samuel D. Schmucker, who has been confined to his home for the past week suffering from internal troubles, has been removed to the Union Protestant Infirmary, where he was reported slightly improved yesterday afternoon. If his condition continues to improve, his physicians hope to be able to operate tomorrow.
