

**FOUR HUNDRED DOLLARS REWARD.—**

Ran away from the subscriber, near Upper Marlboro', Prince George's county, Maryland, on the 24th of August last, two negro men, **TRUMAN CARTER** and **ISAAC MARSHALL**. Truman is about 36 years of age, 5 feet 8 to 10 inches high, straight and well made, of a dark color, jaw teeth bad, usually wears whiskers, though he sometimes cuts them off when he runs away; he has some white hairs about the back of the head; he is a sensible cunning fellow, and will perhaps try to make his escape. I purchased him of Mr. Zadock Chesly: he has a wife at Mr. Richard Hill's, and a brother named Nick, a blacksmith, working in Carroll's shop in Nottingham, all of this county. About the latter place I think he is lurking. Isaac is quite black, a very homely stupid fellow, though he has a good deal of cunning, about five feet seven to nine inches high, thirty-two years old; he has a defect in one of his knees, caused by something falling upon it, which makes the foot stand out and causes him to limp a little when he walks. I purchased him of the estate of the late Governor Kent, of this county. He has acquaintances at James Kent's, at Pig Point, Anne Arundel county, also at Mr. Kent's, in Alexandria, District of Columbia. Both went off together and will probably remain together.

If taken in a free State I will give the above reward, if in the District of Columbia or in a slave State and out of the county fifty dollars, if in the county twenty-five dollars; in either case they must be secured so that I get them again. I forewarn all persons from harboring or employing the negroes, as I will put the law in full force against all who disregard this notice.
