WILLIAM R. NUTTLE
Registered Surveyor
CHESTERTOWN, MD. 21620

October 28, 1980.

Dear Jim:

I looked over the various descriptions that you sent me, and there is no way that I can describe the property that you want. I have plotted several of the deeds on a copy of my plat. As you can see, there are major discrepancies between the two Metcalfe surveys and between those surveys and mine. I was aware of this before and held the established fence lines, since I could find no previous descriptions of the properties involved.

Even if everything fit, however, it would not do much good. There are too many blank spaces around it to be able to describe your land from other deed descriptions.

Yours,

Bill
