Mr. Frederick Wick
P.O. Box 226
Millington, Md. 21651

Dear Mr. Wick:

Enclosed is a copy of the sketch that I made up some years ago showing the various properties around the mill ponds near Millington. I have outlined the two parcels of the Burns land and the rights-of-way that go with them.

I looked up the various deeds of the Claude Everett farm. I was able to orient some of the descriptions, but others were so bad that I was unable to place them. This was probably academic, however, since the Burns property was originally Everett's, and the Burns descriptions would hold. The missing line would have to be the edge of the millpond.

If you have any questions, please give me a call.

Sincerely yours,

William R. Nuttle

Dear Bill:

Per our conversation, it appears that we will need a survey which locates the following things:

1. The boundaries of the lower portion of the Wick properties closest to Back Street.
2. The town boundary in this vicinity.
3. The intersection of Back Street and Crane Street.
4. The two houses located on the Wick property in question.
5. The approximate location of the driveway.

I have enclosed for your reference a copy of a 1975 survey you did of one of the adjacent properties.

Very truly yours,

C. Daniel Saunders
