SC5593-9-34

Chestertown, Md.
July 13, 1964.

Mr. Franklin Hogans
Rock Hall, Md.

Dear Mr. Hogans:

Enclosed is a plat of the survey of the Barroll property. I left 3 copies with Ernest Cookerly in Chestertown.

As you can see by the note in the lower left hand corner of the plat, that part of the Barroll property lying within the Washington College leasehold lands was not described. These lines are pretty well fouled up and I do not think that any surveyor can straighten them out as things stand now. I did a considerable amount of research when I bought my property and a certain amount recently, and I cannot say where the lot lines should go. However, I believe that I am safe in saying that Mrs. Barroll owns the leasehold rights to the triangular marsh lot to the souteast of the road crossing the marsh, a strip on the east side of my property, and probably some land on the west side of my lot.

I would suggest that if you buy this Barroll property you and your partners, the town of Chestertown that leases lots 1 and 3, Washington College, and I get together and set up lines of agreement that can be described. Ernie Cookerly, who is the attorney for the town seems to think that this would be a comparatively simple matter.

I haven't done any work on a possible subdivision design for you as yet. If this can be deferred for a week or two I would appreciate it. In the event that you need it sooner than that, give me a call.

Sincerely yours,

William R. Nuttle

DESCRIPTION OF THE FEE SIMPLE PART OF LOT 19,

Bos, Bramble & Hogans

Dave Barrell gave go-ahead on survey of his mother's land July 1. Hogans confirmed this July 2.

Outline survey, relative elevations, and tentative 1-acre lot subdivision - check elevations of sewer lines.

Buyers will get 23 acres + and 2164' of waterfront - additional land to be added to make up deficiency.

I told Dave Barrell survey would be ready by middle of week. (July 8 or 9)
