TIME'S FLIGHT.

Another hour wave
Upon the sea of life;
Another soul to save,
Amid the toil and strife.

Two more little feet
To walk the dusty road
To choose wherein two paths may meet,
The narrow and the broad.

Two more little hands
To work for good or ill;
Two more little eyes;
Another little will.

Another heart to love,
Receiving love again;
And so the baby lands,
A thing of joy and pain.

FACT, FUN AND FANCY.

☞ In what ship, and in what capacity, do young ladies like to engage? In courtship as marry-ners.

☞ Whatever Midas touched was turned into gold. In these days, touch a man with gold and he'll turn into anything.

☞ I hold it to be a fact, says Pascal, that if all persons knew what they said of each other, there would not be four friends in the world!

☞ It is said that red is all the rage with the ladies of Buffalo this winter.—They are wearing red heeled shoes, red stockings, and red petticoats.

☞ "Among all my boys," said an old man, "I never had but one boy that took after me, and that was my son Marm, who took after me with a club."

☞ Mosquitoes are very small insects, but one has been known to move a man weighing two hundred pounds, and keep him moving a whole night at that.

☞ Courting has almost been reduced to an art; it can be gone through with as one plays a guitar—by a little *fingering*.

☞ Why is a fool in high station like a man in a balloon? Because everybody appears little to him, and he appears little to everybody.

☞ The great mass of almost all rocks consists of metallic ores, more than half of them being composed of oxygen and some metal.

☞ Astronomy is the oldest of the sciences; it was first studied by shepherds, while watching their flocks at night.

☞ Somebody says a friend of his carries his sense of honor so far as to spend all his time in idleness, because he does not even like to *take advantage* of time.

☞ An exchange infers that Dryden wasn't opposed to mint julips, from a remark that he once made: "Straws may be made the instruments of happiness."

☞ A preacher lately said in his sermon, "let women remember while putting on their profuse and expensive attire, how narrow are the gates of Paradise."

☞ "I am rejoiced, my dear wife, to see you in such good health," said Sparks to his wife. "Health?" was the quick retort; "why, I have had the plague ever since I was married."

☞ "Put out your tongue a little further," said a physician to a female patient; "a little farther, ma'am, if you please—a little further still." "Why, Doctor, do you think there is no end to a woman's tongue?" cried the fair invalid.

☞ An Irishman being asked, on a late trial, for a certificate of his marriage, took his hat off, and exhibited a huge scar, which looked as though it had been made with a fire shovel. The evidence was satisfactory.

☞ The Aurora Borealis is one of the things about which hardly anything is known; the recent display caused as usual, perturbations in the magnetic needle, and in the workings of the telegraph.

☞ In this latitude men, with their houses and farms, are carried along by the rotary motion of the earth just about as fast as a cannon ball moves, while the revolution of the earth round the sun carries us all with a velocity more than sixty times that of a cannon ball.

KNEW AN OATH.—The Mayor of Jeffersonville, Ind., lately bid a boy before him as a witness in a suit. He was asked if he knew the nature of an oath. "Yes, d—d well," was the reply of the boy. He was not sworn.

☞ Envy increases in exact proportion to fame; the man that makes a character, makes enemies. A radiant genius calls forth swarms of peevish, biting, stinging insects, just as the sunshine awakens the world of flies.

☞ A medical student joined, without invitation, a party dining at an inn. After dinner he boasted so much of his abilities, that one of the party said, "You have told us enough of what you can do, tell us something you cannot do"—"Faith," said he, "I cannot pay my share of the reckoning."

☞ Printers' errors are sometimes laughable. A young clergyman printed a sermon, the subject of which was the necessity for moderate and rational relaxation, in which occurred the passage, "men should work and play too." The simple want of a stroke ruined it, and the religious world was scandalized by reading, "men should work and play lou!"

THE KISSING PRIVILEGE.—Surely it is a privilege to be kissed by the breeze that has kissed all the pretty women that are in the world.

Upon this paragraph the Milwaukee News thus comments:

"Nary a privilege, say we, as the same no doubt kissed all the cross, old maids, dirty-hood girls, ugly old mothers, whisky drinkers, tobacco chewers, and dirty-nosed ladies, on the same trip. We prefer to take our kisses direct from the red coralline lips of beauty, and if laugh at it, put them back, instead of picking them out from such a mixed mixture."

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

☞ *Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.*

☞ *On wood Land and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.*

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest*, and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME, prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and presents, to a great extent, the wheat from being strait-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration, &c.* and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged *a legal guarantee* and my *personal honor*.

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

☞ I will also attend to the **Buying of Real Estate**, and EVERYTHING connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia with negroes, stock, &c. attached.

OFFICE and Laboratory, Second Street, 2nd door from South St. in Gittings' New Building BALTIMORE, Md.

☞ All orders to be filled promptly attended to

JESSE T. HIGGINS.

Poolesville, Md., April 5, 1856.

JOHN ALLEN'S IMPROVED TUB WASHING MACHINE

Patented Sept. 14, 1858.

THE subscriber having purchased the right of "JOHN ALLEN'S Improved Tub Washing Machine" for Montgomery county, would respectfully inform the citizens that he is prepared to supply them at very moderate prices.

This Tub combines in itself all the advantages of the best patented washers without their defects, having *Two Inches in Length of Smooth Semi-Cylindric Rubbers*. These Rubbers are indispensible. They perform an essential work in rubbing the clothes, which they do in an oblique manner, thus avoiding sudden or abrupt contact which would be injurious.

It also possesses the Pummels or Knuckles. These also have an important action in knuckling or pummelling the clothes, which they do most effectually.

It contains also 96 Squeezing Angles. This feature is not possessed by any other tub, and is considered to be the most important feature of this invention. The clothes in this tub are *Rubbed, Knuckled and Squeezed*, all at the same time—three movements essential to good washing.

Over 2,000 of these Tubs are now in use in Maryland and the adjoining States, and give entire satisfaction everywhere.

Certificate from E. R. Craven.

I have had *John Allen's Improved Washing Machines* in my Laundry in working operation. It washes cleaner and better than any I have ever had in this place. I recommend it to all as being one of the best machines for family use I ever saw. E. R. CRAVEN,

Proprietor of Baltimore Steam Laundry.

☞ PRICE $6. For sale by

JAMES W. CAMPBELL,
mar 25—3m Rockville, Md.

GETTING OUT GRAIN.

AGENCY FOR WHEELER, MELICK & CO.'S

IMPROVED COMBINED

THRESHER AND WINNOWER.

THE most convenient, portable, easily worked, and perfectly operating machine for threshing, separating and winnowing wheat, rye and oats, now in use. Though comparatively but little known here there are about 1400 of them in use in other grain growing districts, all giving entire satisfaction.

It is the machine (but much improved) that obtained the First Premium at the Montgomery County Fair at the exhibition in 1855, and elicited universal approbation; and wherever exhibited at a working test in competition with others has always taken the *Premium*.

The two-horse machine cleans in the best manner ready for market, with 5 or 6 hands, from 150 to 200 bushels of wheat per day, and the one-horse from 70 to 100 bushels; occupies but little space; is easily moved from stack to stack and readily put up.

For Farmers who raise from 500 to 2000 bushels of wheat and who prefer to do their work with their own force, no other machine is so desirable.

This machine is *warranted* to give entire satisfaction, or may be returned at the expiration of a reasonable time on trial.

I refer to J. L. Duffief, who owns at wo-horse machine; James Perry Wade, do, C. Sherwood, do.; Charles Seates, do., one-horse, and others in the lower section of our county.

Price of Improved One-Horse Thresher and Winnower, including belts, wrenches, can, &c. complete.....$125 00
Two-horse, do..... 245 00
Two-horse power alone, with belt..... 120 00
Two-horse Thresher and Separator.... 125 00
One-horse power alone with belt..... 90 00

☞ Freight from Albany added.

☞ Orders by mail promptly attended to. Machines delivered at Georgetown, D. C. or any point on the Railroad.

JESSE T. HIGGINS,
Sole Agent for the County.
Poolesville, Aug. 7, 1857.

THE BUCKEYE CLOTHES WASHER.

WE have purchased the Patent Right for this valuable machine for the States of Maryland and Delaware, and for the District of Columbia, and offer for sale the right for the whole or any part of the same (except Montgomery county, which we reserve for ourselves.)

An energetic business man to canvass the Territory for the sale of County Rights is wanted. With a suitable person a very liberal arrangement will be made. Apply to

An Important Letter

From Rev. Jacob Seckler, well known and highly respected throughout the State of Pennsylvania:

HANOVER, PA., February 14, 1859.

Messrs. S. W. FOWLE & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry about throughout the country.*

JACOB SECKLER.

MILFORD, DEL., October 25, 1858.

S. W. FOWLE & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it. It is doing wonders. It cures *Coughs, Asthma, Whooping Cough and Consumption*, without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, JACOB Y. FOULK

REMEMBER, THEREFORE, *all who seek health*, that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston*, on the *outside wrapper. Take no other*, it were money wasted and health jeopardized.

jan 13—1y

New Leaf Turned Over!

IN REGARD to Silks, Ladies, Fine Dress Goods, Cloaks, Shawls, Embroideries, &c. we offer an immense stock, all marked in plain figures at the actual cash standard value. No "cash prices" put on, to be taken off according to the customer's skill in "bowing." We have "blazed the way" and showed the public that a one price business can be done in this market, and we do not see any ability to show them that all unanimous fabrics can be sold equally cheap, and there is no actual necessity for those who buy for cash paying for Shawls, Silks, Robes, Cloaks, &c. more than their value. Customers are invited to inspect our Stock of the above fabrics critically as to quality and prices. Purchasers quote daily that our prices for Cloaks, Robes, &c. are two profits less than some of the stores who keep little. Of course it cannot be expected where bills are kept that goods can be sold so cheap as at cash Stores; nevertheless, two profits above the cash value renders luxuries fabrics very dear.

New supplies from the North and East daily.

In future it will be understood that we sell Silks, Robes, Fine Dress Goods, Cloaks, Embroideries, and other luxurious fabrics all remarkably cheap, and purchasers may come with the assurance that bargains in reality may be had. We expect to move large lots at a small advance.

PERRY & BROTHER,

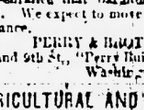
NEW AGRICULTURAL AND MACHINE WAREHOUSE.



Agricultural Implements,
Machinery, Fertilizers,
Garden and Field Seeds,
&c. &c. &c.

THE UNDERSIGNED is now prepared to furnish the above mentioned and all articles pertaining to the agricultural business, at the lowest market rates. Having just returned from a tour through the Northern and New England States, where he has visited a large number of the principal Agricultural Manufacturing Establishments, from which he has taken great pains in selecting a choice assortment of Implements and Machinery of all descriptions. He has also made arrangements to be at all times in receipt of any important improvements that may take place in the agricultural line. Another very important feature in this new establishment is, that the proprietor is a practical agricultural machinist, with an experience of twelve years. He has thereby acquired a thorough knowledge of this business in all its various branches. He therefore feels justified in saying that he can obtain and furnish all articles in his line on as reasonable terms as any house in this country.

☞ Machinery of all descriptions repaired at the shortest notice and on the most reasonable terms.

With the above experience and facilities for conducting this business, (which is all important,) he respectfully solicits the patronage of the farming community and public generally. It shall always be his object to please.

Yours, very respectfully,
J. B. BARTHOLOW,
558 7th, st., *six doors south of Pa. Av.*
Washington City, D. C. [oct 16.

PHILADELPHIA ADVERTISEMENTS.

HOWARD ASSOCIATION, PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION,

In view of the awful destruction of human life caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a *Charitable Act worthy of their name*, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give *Medical Advice Gratis* to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to *furnish Medicines free of charge*. It is needless to add that the Association expends the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their surgeon in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much neglected cause.

An Admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Prostitution, or Self-Abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope,) *free of charge*, on receipt of *two stamps* for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c. are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report of treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa.

By order of the Directors,
EZRA D. HEARTWELL, Pres't.
jan 28—1y GEO. FAIRCHILD, Sec'y.

AGRICULTURE.

ED. BLANCHARD'S FERTILIZER, "PATENTED."

THIS COMPOST possesses all properties the soil requires for the raising of Wheat, Corn, Grass, Vegetables, &c., and in experiment made with it and Peruvian Guano side by side, in raising Wheat, has proved that while its cost is about one-eighth that of the guano, it will produce a far better crop.

As this Fertilizer is secured to me as my property by Letter of Patent, dated August 9, 1858, I will take the law in hand and enforce it against all infringers.

Persons may enquire of Elias Spalding, Esq., near Greenfield Mills, Frederick county, Md., where experiment has been made on Wheat.

INDIVIDUAL RIGHT and Receipt to make it, $20. "Rights" by State, County, District, &c.

EDMOND BLANCHARD,
aug 2w Poolesville, Montg'y Co., Md.

HOUSE-CARPENTERING AND UNDERTAKING

THE subscriber having located himself in POOLESVILLE, for the purpose of carrying on the

Carpentering & House-Joining Business,

would respectfully inform the public that he is now prepared to attend to any work in his line. He guarantees all work done by him to give satisfaction, and his charges will be in accordance with the times.

HAVING provided himself with a second new HEARSE, and the best materials for manufacturing COFFINS, he will attend to Funerals in any part of the county.

SAMUEL W. BOSWELL.

Poolesville, Montg'y Co., Md.

UNDERTAKING.

HAVING purchased the Stock formerly owned by Geo. Dieperer, Esq., about one mile from Colesville, and permanently located myself, I would respectfully inform the citizens of Berry's District, and the county generally, that I have prepared myself with materials for carrying on the UNDERTAKING BUSINESS and hope, from long experience, attention to business, and moderate charges, to share a liberal portion of public patronage.

☞ I will attend to Funerals in any portion of the county. [FAYETTE JICKS.

GROCERIES.

THE SUBSCRIBERS always keep on hand a full supply of Groceries, which they are selling at very low prices. JOHN WATKINS.
dec 14 Second Building above Bridge.
