THE SENTINEL.

BENJAMIN F. WADDY,

Georgetown, D. C. is our authorized Agent for receiving subscriptions and advertisements.

A WOMAN HUNG IN MINNESOTA.—*Scene on the Gallows.*—The St. Paul (Minn.) Pioneer, March 24th, contains a long account of the execution of Mrs. Bilansky, at that place, for the murder of her husband by poisoning. The murderess made the following remarks on the scaffold:

"I die without having had any mercy shown me, or justice. I die for the good of my soul, and not for murder. May you profit by my death. Your courts of justice are *not* courts of justice—but I will yet get justice in Heaven. I am a guilty woman, I know, but not of this murder, which was committed by another. I forgive everybody who did me wrong. I die a sacrifice to the law. I hope you all may be judged better than I have been, and by a righteous judge. I die prepared to meet my God."

Her demeanor was not defiant nor stoical, nor did she shed a tear. It is believed that she expected a pardon or reprieve to the last moment. Dr. Miller, the deputy sheriff, then approached her with the rope, when she exclaimed, "Dr. Miller, how can you stain your hands by putting that rope around my neck—the instrument of my death?" He assured her that duty compelled him to do it, and she made no resistance, and only said, "Do, for God's sake, put it on so it will not suffocate me."

After it had been arranged Dr. Miller took the black cap from his pocket, and proceeded to put it on her head, when she said, "Be sure that my face is well covered." All this took place in less time than it will take to read it, during which she said several times, "God, have mercy—God, have mercy on my soul." Her last words were, "Lord, Jesus Christ, receive my soul."

She was requested to take a step forward on the drop, and then everything being prepared, Dr. Miller made a motion to Sheriff Tullis, who pulled the fatal rope and in an instant she fell, and in a few seconds life was extinct.

POISONS IN LIQUORS.—The extensive adulteration of liquors offered in the market as pure, and the introduction of poisonous ingredients into those which are pronounced healthful, may well excite alarm and call for the attention of our Legislature. Why there should be so much brain-fever, delirium tremens, and so much sudden death among our young men who indulge at the bar, cannot be explained upon any common principles. An expert chemist of this city bought of an importer a bottle of what was called genuine champagne. Analyzation proved it to contain *one quarter of an ounce of sugar of lead.*

The same gentleman analyzed sixteen samples of wine—Port, Sherry and Madeira—in which *not one drop of the juice of the grape* was found. The base of the Port wine was diluted sulphuric acid, colored with elderberry juice, with alum, sugar, and neutral spirits. The basis of the Sherry wine was a pale malt, sulphuric acid from bitter almonds, with a per centage of alcoholic spirits from brandy. The Madeira wine was a decoction of hops, sulphuric acid, honey, Jamaica spirits, &c.—*N. Y Commercial.*

MARKETING AT CHARLESTON.—We copy the following from the Charles Mercury, of Friday:

Beef is selling at 15, and 18 and 20 cents per lb., and some choice cuts sold at 25 cents. Mutton—New York and local—18 a 20 cents. Lamb and Veal, each, 18 a 20 cents. Turkeys in the feather $3.50 per pair, and picked $4.00. Geese, picked, $1.75, and Ducks $1.50 per pair. Chickens, ranged as to size, from 75 cents to $1.25 per pair. Fish has been in demand and scarce. Whiting sell at 50 a 62 cents per string of six or seven, and Blackfish 25 cents per string of three or four. Shad command 37 a 50 cents apiece. Green peas are now abundant, but keep up at the high figure of 25 cents per quart. Cabbages sell at 25 a 37 cents per head, and Greens at 5 a 10 cents. Irish potatoes 37 a 50 cents per peck. Sweet potatoes are getting scarce, and will continue so until the new crop comes to market. They have advanced to 50 a 62 cents per peck. Eggs command 25 cents a dozen. Fresh butter has been in better supply, and can be purchased at 25 cents per pound.

SYMPATHY WITH THE POPE.—The Giornale di Roma of February 25th says:

Within the last few weeks various addresses from Germany have been presented to the Holy Father, in the name of the Catholics of that country. Among those sent from Bavaria, the address from the archdiocese of Munich has 80,000 signatures; that from the diocese of Wurzburg 50,400; from the diocese of Passau 35,010, and from the diocese of Spire 20,000. The address from the archdiocese of Cologne was signed by 105,000, and that from Breslau by 107,000. The Bishop of Culm, in Eastern Prussia, has also sent two volumes of signatures.

THE GREAT BREACH OF PROMISE CASE.—*St. Louis, April 2.*—The jury in the case of Miss Gartsang vs. Mr. Shaw, the wealthy bachelor, returned a verdict on Saturday night for the defendant. A motion for a new taial was made, and if this be refused the case will go to the Supreme Court. This is the second trial of the case, the jury on the first occasion having awarded the lady damages to the amount of $100,000. Now she gets nothing.

DISTRESSING MORTALITY.—Scarlet fever has been desolating the homes of a number of citizens of Beaver county, Pa. In the short space of seventeen days, Mr. John Newton and his wife Elizabeth, of Slippery Rock, were called to lay all their children, four interesting boys, side by side in the church yard.

VALUABLE FARM
IN PRINCE GEORGE'S CO., MD., ADJOINING LAUREL, ON THE WASHINGTON RAILROAD,
AT AUCTION.

TRUSTEE'S SALE.—In virtue of a Deed of Trust, executed to me, as Trustee, by Wm. Robinson, dated 11th day of February last, and recorded in the office of the clerk of the Superior Court of Baltimore city, and Prince George's county, the undersigned, trustee, Laurel, on the Washington Railroad, at 12 o'clock, noon, on

Wednesday, April 11, 1860,

a valuable *TRACT OF LAND*, containing *88 ACRES*, more or less, in the highest state of cultivation, and under good fencing.

This Farm is situated about 400 yards from the Depot at Laurel, about an equal distance from Baltimore and Washington.

There is a railroad switch for the convenience of loading and unloading cars at Laurel. It is now under a high state of cultivation, having been heavily limed and manured during the past few seasons. About fifty acres of this tract is fine meadow land, with a never-failing stream passing through it.

The improvements are a *FRAME DWELLING* and Barn, Ice-house, Corn-Crib and Hay Barracks, with the best of water near the building.

This Farm possesses unusual advantages, being directly on the line of a railroad—equally distant from the cities of Baltimore and Washington, and being at the Laurel Depot makes it exceedingly desirable either for a Dairy or Garden Farm.

Full particulars at sale—when terms will be made known.

ALSO.—Immediately after the sale of the farm, will be sold, for cash—

ALL THE STOCK AND FARMING IMPLEMENTS, together with the growing *CROPS.*

AGRICULTURAL
Implements and Machinery,
SEEDS, &c.
For the Spring of 1860.

THE subscriber, having just returned from his annual tour throughout the New England States, where he is engaged extensively in the manufacture of agricultural implements and Machinery, would call the attention of Farmers and Dealers in agricultural implements to his facilities for furnishing them with all articles in that line.

At the North, where I have just returned, I have made arrangements that will enable me to furnish all goods in my line

AT PRICES BEYOND COMPETITION!
CHEAPER than any House South of New York.

Through the representations and experience of many intelligent farmers, I contemplate in this part of the country several new and important features in Farming Implements and Machinery, as also, new and important improvements on machinery now in use.

I enumerate in part, Implements and Machinery for this season, as follows:

Plows, &c.

A LARGE STOCK OF PLOWS, particularly Minor & Horton's Shovel Plow, with wrought Shears improved by Bartholow.

WHEAT FANS, with balance wheels, a new feature made expressly to my order.
Corn Shellers Corn and Cob Crushers
Hay, Straw and Cornstalk's Cutters
Horse and Ox Carts, Hay Presses, Churns
Horse Hoes, entirely different from any ever offered in this market.

In fact, every other Machine and Implement used for agricultural purposes.

New Flour & Grist Mill,

that will grind one barrel of flour per hour, or ten bushels of corn meal—can be run with any two or four-horse power.

☞ All Machinery guaranteed, and carefully inspected before leaving my warehouse.

Being thoroughly conversant with all the various branches of agricultural machinery, with 15 years' practical experience therein, it is to the interest of the farming community to purchase their machines from me, as it frequently occurs in purchasing machinery from persons unacquainted therewith, it is put up in an improper manner, and it more frequently occurs, in the shipment and moving of machinery, that some of the apparently insignificant parts get out of order, which, by the unpractical, is often unobserved, and when observed, they cannot obviate; hence the accidents and mishaps which render machinery, thus purchased, so unprofitable and expensive to the farmer, as in all cases it is at his risk and expense.

Bone Dust!

Having erected a Bone Mill on Rock Creek, near Flecker's Flour Mill, I am prepared to offer BONE DUST lower than ever offered in the District of Columbia.

Guanos! Guanos!!

Peruvian, Californian, Bartholow's Excelsior Manipulated Guano, and all other Fertilizers constantly on hand, and will be sold on the most favorable terms.

Seeds! Seeds!! Seeds!!!

Orchard, Clover and Timothy Seeds, and all other kinds of Grass Seeds.

ALSO—The largest supply of English, French and American GARDEN SEEDS ever offered in the District.

Being thankful to the farming community for their past favors so liberally bestowed, hope to merit a continuance of the same.

SOLUBLE AMMONIATED PHOSPHATIC GUANO.

MADE OF GUANOS OF OUR OWN DIRECT IMPORTATIONS, and under the personal supervision and direction of Dr. R. H. Stabler, Chemist, of Norfolk.

This Fertilizer we confidently recommend, as the most permanent and cheapest yet offered to the public. Being composed of No. 1 Peruvian and Sombrero Guanos, of our own direct importations, *WE WARRANT IT IN EVERY RESPECT.* The Sombrero Guano, be it being mixed, is rendered *completely soluble*, by the addition of sulphuric acid. This treatment is universally recommended by the most eminent agriculturalists of the day. Without the action of the two elements it contains, simultaneous, and consequently evaporative, is inefficient.

This is the only mixture of the Ammoniated and Phosphatic GUANOS we know of, offered to the Agricultural community, in a really soluble form.

BAUGH'S
RAW BONE
SUPER-PHOSPHATE OF LIME,
Manufactured from unburnt Bones, by
BAUGH & SONS,

W. S. Sale's Office and Store,
No. 20 South Wharves, Market and Chestnut Streets, Phila.

Cash Price,
$45 per 2000 Pounds—2 1-2 cts. per lb.

IN the preparation of this valuable Manure, BONES ARE USED IN THEIR RAW STATE ONLY. They are never burnt, steamed or calcined. They are taken as raw bone-dust, Ossa, crushed with powerful machinery, and subjected to a process by which, while all the virtue of the bone is retained, a Fertilizer is produced, containing in a soluble form and separate form the two indispensable agreeables for the growth of plants and enriching the soil—viz:

Phosphoric Acid and Ammonia.

The effects of Bone, by the use of *BAUGH'S RAW BONE SUPER-PHOSPHATE*, are given to the soil in all their *original strength and purity.* They assimilate at once with the soil, fixing all the needful ammonia for the growing crop, giving it ample nutriment, and leave the land permanently benefitted, so that its presence can be traced for years afterwards.

Martenet & Bond's
MAP
Of Montgomery County, Md.

FROM ACTUAL SURVEYS, by ISAAC BOND, of Sandy Spring, Montgomery Co., Md.

S. J. MARTENET, Publisher, No 6 South St., Baltimore, Md.

In accordance with articles of agreement between the aforesaid parties, the subscriber will proceed with canvassing said county for subscribers, for said Map, at the earliest time consistent with his other interests.

He has met with excellent success so far, and he trusts to meet every where, not only with a characteristic old Montgomery welcome, but with encouragement in the enterprise that will reflect credit upon the intelligence and liberality of his fellow-citizens; for he will come fully prepared to show the superiority of such a map over all others in practical usefulness, appropriateness as an ornament, and in contributing to the public good.

He would, therefore, respectfully but earnestly ask all to wait till he comes, before purchasing or subscribing for any other map that may offer, unless they are determined to have both.

He will bring testimonials from B. Fackler, W. H. Faroahar, Geo. W. Dawson, and many others, for the information of those not already acquainted with

ISAAC BOND, Surveyor
and Publisher of Map of Fred. Co., Md.
