The Girls and the Wives.

Somebody has written the following about the girls and set it afloat:

God bless the girls,
Whose golden curls
Blend with our evening dreams;
They haunt our lives
Like spirit-wives,
Or—as the naiads haunt the streams.

They soothe our pain,
They fill our brains
With dreams of summer hours;
God bless the girls;
God bless their curls;
God bless our human flowers.

The wives, we think, are quite as deserving of a blessing as the girls; therefore we submit the following:

God bless the wives,
They fill our hives
With little bees and honey;
They ease life's shocks,
They mend our socks,
But don't they spend the money?

Of roguish girls,
With sunny curls,
We may in fancy dream;
But wives—true wives—
Throughout our lives,
Are everything they seem.

FOWLE & CO.'S SOLUBLE PHOSPHATED PERUVIAN GUANO,

MADE OF GUANOS OF DIRECT IMPORTATION,

Under the personal supervision and direction of Dr. R. H. STABLER, Chemist, of Alexandria, Va.

THIS FERTILIZER

We confidently recommend as the most permanent and cheapest yet offered to the public. Being composed of

NON

Peruvian and Sombrero GUANOS,

OF OUR OWN DIRECT IMPORTATION FROM THE CHINCHA & SOMBRERO ISLANDS.

WE WARRANT IT in every respect.

The Sombrero Guano,

Before being mixed, is rendered *immediately soluble*, by the addition of Sulppuric acid.—This treatment is universally recommended by the most eminent agricultural chemists. Without it the action of the two Guanos when mixed is not simultaneous, and consequently comparatively inefficient.

This is the only mixture of the Ammoniated and Phosphatic GUANOS we know of, yet offered to the Agricultural community, in a readily soluble form.

Price $50 per ton of 2000 lbs.

Our reports from those who applied the above FERTILIZER to their crops last fall, are *highly satisfactory*—so much so, indeed, as to convince us that our *Soluble Phosphated Peruvian Guano* will, ere long, be altogether used in this section, as a substitute for the Peruvian Guano, which, *without the addition of Phosphates*, tends rather to exhaust than permanently to improve the soil.

THE CHEAPEST AND BEST!

Super Phosphate of Lime, GROUND BONE,

GUANO.

CORNELL & DORSEY, Commission Merchants for the sale of—

FLOUR, GRAIN, PROVISIONS AND PRODUCE GENERALLY,

No. 70 South St., BALTIMORE,

Having arrangements with the Manufacturers for a regular supply of—

Supor-Phosphate of Limo and Ground Bono,

would call the particular attention of Farmers in want of cheap and certain Fertilizers to those articles, which the experience of those who have used them, and Dr. Bicknell's analysis, have satisfactorily proven to be the cheapest and most reliable Fertilizers now offered in this market. They are put up in good shipping barrels.

☞ We will furnish the Phosphate of Lime at $43 per ton of 2,000 pounds, from store; Ground Bone at $25 per short ton.

We also continue to sell the different kinds of Guano, at the lowest market prices when ordered. We respectfully solicit orders from our friends in the country, and all orders will receive our prompt attention.

CORNELL & DORSEY,
mar 2—y No. 70 South St., Baltimore.

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

☞ *The best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.*

☞ *On most Lands and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.*

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano as *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest,* and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration*, &c. and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed; and for their purity the buyer is pledged a *legal guarantee* and my *personal honor.*

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

☞ I will also attend to the Buying of Real Estate, and EVERYTHING connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

An Important Letter

From Rev. JACOB SECKLER, well known and highly respected throughout the State of Pennsylvania:

HANOVER, Pa., February 16, 1859.

Messrs. S. W. FOWLE & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry about throughout the country.*

JACOB SECKLER.

MILTORD, Del., October 25, 1858.

S. W. FOWLE & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption*, without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, *JACOB Y. POULK.*

☞ REMEMBER, THEREFORE, *all who seek health*, that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston*, on the *outside wrapper. Take no other*; it were money wasted and health jeopardized.

HAGERSTOWN ADVERTISEMENTS.

GEISER'S PATENT, SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER,

AND THE LATEST IMPROVED

Iron Tripple-Geared HORSE-POWER,

All furnished Complete, if desired, on

Four Wheels.

THE subscribers desire to call the attention of the Farmers and Threshermen of Montgomery and adjoining counties to their Improved Machine for the present year. This machine has now been before the public for six years, during which time it has earned for itself the reputation of being the best Separator in use; and we have made some very important improvements and additions for the present year, which renders it still more perfect, and we take pleasure in recommending it to the public, knowing that it cannot fail to give general satisfaction. We are now manufacturing two different sizes, as follows:

No. 1, the largest size, is 8-horse power, 36-inch Iron Cylinder, Trunk 37 inches wide, with Stacker, delivering the straw 20 feet beyond the feeder and upon the stack 16 feet high, and can be easily managed either to carry the chaff with the straw, or deliver it in a separate place if required. It bags the grain, by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from 20 to 40 bushels per hour, or from 200 to 500 bushels per day, using eight horses and the same number of hands; but to force the work, under the most favorable circumstances, it will do considerably more, or, with the same number of horses and less hands, it will thrash and clean as much or more grain per day than any other machine now in common use and with much more ease and agreeableness to the hands.

No. 2 is the same as No. 1, except something less in size and capacity; it is from 7 to 8-horse power, 30-inch Iron Cylinder, Trunk 31 inches wide.

Persons having good Thrashers, can have Separators, suitable to their capacity, attached, at a comparatively small cost. All our machines are sold under a warrantee.

We being practical mechanics, and being engaged in the manufacture of these machines for the last five years, and one of us having the advantage of twenty years practical experience in the thrashing machine business, and having in our employ the most skillful workmen, and using the best material, we flatter ourselves that we are now prepared to manufacture these celebrated machines in the most substantial manner.

REPAIRING done in workmanlike manner. All our work warranted to give satisfaction, or no sale. Orders respectfully solicited.
