BONE DUST.

THE subscriber finding it impossible to supply the demand for his BONE DUST, under the old mode of manufacturing, has since last fall, applied

The most improved Machinery to his Factory, enabling him to make from four to six tons per day, and much finer than any heretofore made by him.

RAW BONE, and WARRANTED PURE. His Bone dust has stood the test of the Farmers of this and Montgomery county for the last eleven years, and has found it to be the cheapest and one of the most reliable Fertilizers used, not only giving quick returns, but a quick and permanent improver to the soil.

IN SACKS, Parties furnishing their own Sacks, \$25 per ton. But one price for large or small quantities.

Factory, Araby Mills, three miles South of Frederick. Post Office, Frederick, Md. Terms—Cash July 21—6m J. H. GAMBRILL.

7-30 Northern Pacific Railroad Bonds.

Principal and Interest payable in Gold. THESE BONDS are now offered by JAY COOKE & Co., as a perfectly reliable and profitable investment, and they strongly recommend the conversion of U. S. 5-20's, which have been called in, (or probably will be soon called in,) for redemption into this safe and profitable investment.

The holder of a \$1000 Five-Twenty Bond, who exchanges it now for Northern Pacific's, thereby increases his principal by 14 per cent, receiving \$1140 in Northern Pacific's for \$1000 in Five Twenties. He also permanently increases the yearly interest income on his investment more than 38 per cent, or from \$60, in gold, to \$82 72, in gold.

These Bonds may be purchased or exchanged, without cost to the purchaser, through B. RUSH ROBERTS, At Sandy Spring, in this county. oct 13—6m

WHANN'S RAW BONE SUPER PHOSPHATE.

THE GREAT FERTILIZER FOR ALL CROPS!

The unparalleled success of this renowned manure proves it to be THE BEST FERTILIZER IN THE MARKET.

25 YEARS OF EXPERIENCE have demonstrated that it is not only a Great Crop Producer, but that nothing equals it as a RENOVATOR OF WORN-OUT SOILS.

IT IS COMPOSED OF Pure Raw Bone, Guano, Sulphuric Acid and Salts of Potash and Soda; AND IS WARRANTED FREE FROM ADULTERATION.

25 Whann's Raw Bone Super Phosphate is used by many of the best Farmers and Planters in all sections of the country.

SANDY SPRING, MONTGOMERY CO., MD., 5th Month 10th, 1870. My friend, E. G. EDWARDS, Agent for Walton, Whann & Co., Baltimore, Md.

At my instance I was induced to try a small quantity of a fertilizer prepared for the above Company, in the Spring of 1869, and was so well satisfied with its effects on corn and potatoes, that I used it on my wheat in the Fall following, and also induced several of my neighbors to use several tons.

I put no other manure on for potatoes, and I never had a better crop. I put the same ground, (which was thin,) in wheat last Fall, with no additional manure, except a small sprinkling of the same manure, and the result, so far as that it is the best wheat I have seen this Spring, now heading, and other wheat six to twelve inches high; and, as a general thing, in the section of country where I reside, wheat looks unusually backward, and prospect of a short crop. I have wheat in the same field, that the ground was manured from Barn Yard, Bone and Peruvian Guano, and it is very much behind Whann's. I have called the attention of the neighboring farmers to see the wheat, and, without an exception, they say it is the best they have seen.

I am now using Whann's Raw Bone Super Phosphate as the only manure for my corn and potatoes. I used it on an acre of oats, stubble ground, with no additional manure of any kind, and it now looks better than three-fourths of the wheat I have seen. I do not expect to use any other fertilizer this fall for wheat. I think all that is needed, is for farmers to see the effects, to induce them to use it; and, further, I have been to see the manufactory, and am perfectly satisfied that the public may rely upon being supplied with a genuine article. Respectfully, thy friend, WM. H. STABLER.

For Corn, Potatoes, Wheat, Oats, and all other Crops, WHANN'S RAW BONE SUPER PHOSPHATE IS UNEQUALLED.

It is made only by WHANN, WALTON, WYNN & Co., Wilmington, Delaware. It is put up in strong bags of 200 lbs. each, and THE STANDARD GUARANTEED.

If you do not care to order a large quantity, for a test, buy a single bag.

PAMPHLETS, containing many letters from Farmers, together with directions for use, mailed free to all.
