

The Public

ARE respectfully informed that Messrs. Warren & Hanna are appointed by Dr. Solomon, of Liverpool, the sole and only agents in Baltimore, for his justly celebrated medicines, the "Balm of Gilead," and "Anti-Impetigines."

A FRESH SUPPLY OF THE Cordial Balm of Gilead,

WHICH is prepared (only) by the sole proprietor and inventor, S. SOLOMON, M.D. author of "The Guide to Health," and other valuable works, at his house, Solomon's Place, Brownlow-street, Liverpool.

The train of melancholy disorders which afflict the human frame, under the denomination of nervous diseases, are the principal source of human misery in the privation of health. These disorders proceed from such an infinite variety, and complication of causes, as to render it impossible, if even it were always necessary, to trace them to their true source. The effects however are but too well known and too severely felt amongst too great a portion of mankind; and these effects may, without exaggeration, be asserted, that no remedy superior or more celebrated for efficacy than Dr. Solomon's Cordial Balm of Gilead, never has been discovered. In all delicate, weakly and relaxed constitutions, fowness of spirits, hypochondria, horrors, tremblings, loss of memory, impaired vigor, tabes dorsalis, nervous consumptions; the numberless symptoms of impaired and tottering constitutions, whether arising from a life of inactivity, intemperance or inattention to health. By the strict perseverance in its use, it cheers, braces, and invigorates the whole nervous system, and gives a new tone to all the vital functions, of which, numberless instances can be avouched. Thousands at this day live to bless the day they first applied to this admirable remedy, and enjoy the blessings of health, who might otherwise have dropped into an untimely grave, the victim of an early imprudence.

REMARKABLE CASE.

Lieut. Col. COLQUHOUN, of Ross Lodge, Dunbarton, (uncle to James Colquhoun, esq. M.R. Rosedale House, Dunbarton) has received the most extraordinary benefit from Dr. Solomon's Cordial Balm of Gilead in a nervous complaint, attended with very alarming symptoms of weakness of many years standing, occasioned by great exertion and fatigue during a long campaign in the last American war; a long unsuccessful decline, recommended by the most eminent in the profession, were tried, which would be too tedious to recapitulate; suffice it to say, that the Cordial Balm of Gilead was the only remedy that had the long wished for effect. So sensible is the Colonel of the great efficacy of this medicine, that he has generously given Doctor Solomon permission to make use of his name in recommending the Cordial Balm of Gilead, as a most valuable, safe, and efficacious medicine in all cases of weakness or relaxation of the nervous system, &c.

The Cordial Balm of Gilead is sold in bottles, price 3 dollars each (with directions) or 12 in a case, at 30 dollars, whereby there is a saving of 6 dollars.

ALSO, THE

Celebrated Anti-Impetigines.

Being a safe, salutary and specific remedy for the scurvy, scrofula, rheumatism, St. Anthony's fire, yaws, king's evil, gonorrhoea, leprosy, venereal piles, and all disorders originating in obstructed perspiration or impurity of the blood. Prepared by S. Solomon, M.D. of Liverpool, author of "The Guide to Health," &c.

The remarkable state in which the physical art stands at this day with respect to the Venereal Disease, cannot be better described than it is in Dr. Bell's Preface to his Treatise. He says, that "although much information may be obtained from two works just published on this complaint, as well as some other recent ones, there is still much left for others to elucidate." He goes on, and says, "such is the effect of his experience and observation, that further advantages are daily accruing from the labors of individuals in this disease, as well as in almost every other." Here then is a confession from a candid, worthy and respectable surgeon, founded on "experience and observation," that "further advantages are daily accruing from the labors of individuals" if so, who can claim so great a portion of praise as Dr. Solomon, whose labors have been indefatigable, and who has at a great expense brought the Anti-Impetigines to perfection, and into universal use and request? Men of character, liberality and education, possessing public confidence, as clergymen of unsullied reputations, have recommended numerous objects of those venereal diseases, the scrofula, king's evil, &c. to Dr. Solomon's care, to whom this worded full remedy was applied with the most unbounded success; and those who were reduced to the very jaws of death by mercury and the Venereal Disease, have been snatched from destruction and restored to their relations and friends, with renewed health and vigor, and those whose limbs were almost starting through the skin are covered with flesh, firm and healthy! Such are the virtues of the Anti-Impetigines, and such are its wonderful effects upon the human body! The antidote to mercury, and the purifier of the blood and lymph.

FOR THE FIRST TIME IN BALTIMORE.

Will be exhibited, ON MONDAY NEXT, The 23d inst. in Lemon-street, between Market and East-street, and near the Assembly room, A PHENOMENON,

Which the European and American newspapers have probably spread throughout the United States, that enthusiasm which was produced in Paris, Philadelphia and New-York by the experiment of the INVISIBLE WOMAN; and which would formerly have accredited the inventor for wizard.

The habitation of the Invisible Woman, is a box about 5 feet long and 1 foot square, glazed with glass, so that the view of the spectators is clear through; it is suspended by a small chain and perfectly isolated; from thence she answers any question put to her by the spectators:—she will mention the form or colour of any thing presented to her; she blows, and finally does not differ in any degree from another person, but by her invisibility.

If it was necessary to give a more splendid account of this experiment, the proprietor could relate many pages, who e by the most learned men, on the subject; but it will be sufficient here to repeat a paragraph extracted from the Philadelphia Gazette and Daily Advertiser, (Dec 18, 1806)—it follows:

This astonishing production was discovered about 12 months ago in Paris, by the present proprietor, and there exerted and resided the most elaborate enquiry of numerous philosophical gentlemen. In this city we are informed it has already drawn the attention of several members of the Philosophical Society; but hitherto no correct conjecture has been formed as to the agency by which the effect is produced.

Though it is deemed, that what has already been said, is enough to excite the curious and learned, yet it is further added, that the author of this discovery is a father of a family, cast by the late St. Domingo events, into distress, and left with no other hopes, but the exhibition again of his invention, which he offers with great respect and solicits public patronage from philanthropic and benevolent Americans.

Periods of exhibiting, are every day in the week, (Sundays excepted) from 9 o'clock in the morning until 12 and from 5 till 9 in the evening, at the above mentioned place.

Price of admittance, for grown persons, half a dollar—children half price. July 19

To the Voters of the City and County of Baltimore.

HAVING been encouraged by many of my friends in the city and county, to offer myself as a candidate to be put in nomination for the office of SHERIFF, at the ensuing election, I hope it will not be deemed improper thus early to signify my intention, and to solicit the patronage of my friends generally, and the voters of the city and county at large.

Those who have not a personal knowledge of me, will, on enquiry, find that I have been bred to business, and have been conversant in mercantile transactions from early life.—Should my fellow-citizens think proper, at the expiration of the time of the present sheriff, to bestow on me the office, I trust my conduct therein will be such as will give satisfaction, if a diligent attention and a faithful discharge of the duties thereof, are capable of doing the same. As the above Scheme offers every possible encouragement to adventurers, from the many valuable Prizes it contains, and there being considerably less than two Blanks to a Prize, and all Prizes payable in 60 days after the drawing of the Lottery is completed without any deduction, the Managers entertain the greatest hopes of such a speedy sale of the Tickets, as may enable them to commence drawing without loss of time.

Baltimore and Ann Arundel BRIDGE COMPANY.

NOTICE is HEREBY GIVEN, That the Commissioners, appointed by law, for opening subscriptions for a Capital Stock of Nine Hundred Shares, of One Hundred Dollars each Share, for the purpose of building a Bridge across the River Patuxent, at the place where the Lower Ferry is now kept, called Portland, in Baltimore county, over said river into Ann Arundel county—Will proceed to open subscriptions, at the house of Mr. Wm. Evans, in the city of Baltimore, on MONDAY, the 30th day of July next, and continue open for three days, from 10 o'clock, A. M. until 3 o'clock, P. M. in each day; and at the counting house of Jons Murr, esq. in the city of Annapolis, on the same days and hours above mentioned—and the said subscription shall remain open for those three days at the above respective places, and if it should happen that more than the stipulated number of Shares should be subscribed for on the above three days, then the Commissioners are to apportion them among the subscribers, by deducting from the highest subscriptions until they are reduced to the proper number; or if more persons subscribe than there are shares, then the Commissioners are to cast lots to decide to whom they shall belong. But if the shares should not be all subscribed on the above three first days, then the Commissioners will again open the subscriptions on Monday the 6th day of August next, at the aforesaid places and hours in the city of Baltimore, and city of Annapolis, and permit any person or persons, bodies corporate or otherwise to subscribe for any number of shares, until the whole number of nine hundred shares is completed, and then the commissioners will issue receipts to whom the shares may be long, mentioning therein the receipt of 5 dollars, in part of their subscription, which must be paid in cash, on each share, at the time of subscribing; the other payments will be called for by the directors chosen from the stockholders as the bridge expenditures require, agreeably to the terms and conditions expressed in the law.

The Commissioners beg leave to remark, that for the satisfaction and information of the public, they have had the road run by Mr. John Boulding, his attest d plat of which is lodged at Mr. Evans's, whereby it will appear, that the distance from Mr. Evans's tavern, in the city of Baltimore, to the Ferry landing, at Portland, is 24 miles and 70 perches, from thence across the river is 4 of a mile and 4 1/4 perches, and from the foot of the completed bridge on the Ann Arundel side of the river, in a straight line to Snowden's bridge, at the Furnace, where it intersects the present Federal road, is 16 3/4 miles and 60 perches, and this over remarkably level, dry, even country.—Thus we shall be enabled to travel from Baltimore to Washington, the Federal City, in 39 miles, besides the great superiority of road, whereas the present road is generally estimated at 45 miles.

Those natural advantages, added to a liberal law and charter of incorporation to this Bridge Company, by the legislature of Maryland, at their last session, who viewed it as of the utmost importance to the interest of the city of Baltimore and Ann Arundel county, as well as to the public in general, must assuredly prove a productive fund to the stockholders.
