

the island in the bay of Cadiz—we sought for some authentic information on the subject without success. But we apprehend it to be connected with another report of war being actually declared by Great Britain against Spain, which we long since predicted as a measure necessary to Mr. Pitt's popularity—he may now lead John Bull like a dray horse with impunity—it will be "huzza for the Spanish galleons—and Pitt." *Aurora.*

On the 27th ult. EDWARD GOBIN, a young gentleman who lately moved from this place to Tioga, was shot early in the morning at his own door by some vile assassin who was lying in wait with an evident design to take his life. The ball entered the upper part of his thigh and came out near his left groin; he is still living, and there are hopes of his recovery. There can be no doubt entertained but what the perpetrator of this horrid deed was one of those infamous wretches, known as intruders, who have for years past set at defiance both the laws & power of the State of Pennsylvania. *Lycoming Gazette.*

**NOTICE**

**JAMES SIMONS,**

Married at Canton, by the Rev. Dr. Rattoone, on Saturday evening last, Mr. JOHN SMITH, junior, to Miss FRANCES TOOK.

**NEW-YORK, August 11.**  
Information Wanted.  
The Editor of the Citizen has thoughts of writing, at his leisure, a Biography of General Hamilton. This would comprise a history of our federal politics.  
It has been frequently asserted (and I have joined in the assertion) that General Hamilton proposed in the convention in which the federal constitution originated, a plan of government of a monarchical nature. If this be true, its truth ought to be ascertained; if false, its falsity ought to be established. This is due to the memory of the deceased. Authentic information by letter (post paid) will thankfully be received.

**Mediterranean Passports.**  
Notice is hereby given, that it has been deemed expedient to change the form of the Mediterranean Passport issued to vessels of the United States; that from the eighth day of July next; those of the new form will be issued at the custom houses to every vessel, for which application may be made on a compliance with the terms prescribed by law and surrendering the former passport of which she may be possessed, if any, in which latter case no fees will be required for the exchange; and that by an arrangement agreed upon by the Barbary powers, with whom we are at peace, either the old or the new form of passport will be sufficient to protect the vessels of the United States, from capture until the 1st of July 1805, after which the old form of passport will be unavailable and the new one alone in use.

Department of State,  
23d of May, 1804.  
The printers of the laws of the United States are requested to insert the above in their Gazettes twice a week for the space of six months, and the Collectors of the Customs to keep copies of it posted up in their offices.
