They cannot do without a charter—they must have one—and I hope the state will appoint a majority of the directors—if they do not, they may as well appoint none,—for the directors at the office can all, in one hour, how many votes they will want to get a majority, and a broker, in one day before an election, can purchase the stock and they can furnish the money.

In the year 1811 the charter to the bank of the United States will cease—it will never be renewed if this government lasts and is administered as it now is, for it contains an open and direct violation of the Federal Constitution and as repugnant to the principles of common

Relief to the onsumptive.

Dr. Cooley's Vegetable Elixir.
Secured to him by the (United States) Patent FOR SALE IN BALTIMORE BY
George Maris.

READY, for exceeding every other yet used, for Consumptions, Asthmas, Spitting of Blood, Coughs, shortness of Breath, and every other species of disease to which the organ of life the lungs, is perpetually exposed.

Complaints of the lungs have always been considered the Opprobria Medicinæ (or reproach to the art of physic) and it has long been a desideratum in Medical Science, that a remedy might be devised which should check this outlet of human life. The many thousands which yearly fall a sacrifice to this insidious disease, (Phthisis Pulmonalis, or Consumption of the lungs, has, ever since my acquaintance with diseases, (which is almost thirty years) excited my commiseration, that a large share of my time has been employed in investigating the cause and cure of it; and, from my most unremitted attention and constant research, I have the happiness to proclaim to the world, that, in my Vegetable Elixir, a speedy, safe, and efficient remedy is generally to be had. It is needless for me to dwell too long on the praise of this medicine; those who use it will be immediately convinced of its superior virtues, in dispelling every distressing symptom in the complaints above enumerated; those hectic heats which in a few days are allayed, the night sweats will disappear, the cough diminish rapidly, and the patient who, previous to the use of this medicine, were panting for breath, and fast approaching to dissolution, will find themselves reanimated in the most unexpected manner. So wonderful has been the relief, that to express their gratitude, frequent solicitation have been made to have their testimonials made public of the unrivalled virtues of this medicine; those who experience its benign and salutary effects by a short trial, will need no other recommendation.

It is not pretended that this medicine will cure every disease to which suffering humanity is liable, as is the case with most patent medicines; diseases which are as completely opposite as an acid and an alkali, they will assert, are all to be cured by one simple remedy. Such weak impostors have with much propriety brought most patent drugs into disrepute. But the Vegetable Elixir is calculated for one class of diseases only, viz, those to which the lungs are exposed, and I need not observe that they terminate in consumption. The precursors or harbingers of this hitherto intradable malady, (until the discovery of the Vegetable Elixir) are spitting of blood, pains in the breast and sides, coughs, difficulty in breathing, and a great number of complaints, which slender and delicate constitutions are so frequently laboring under, which, if attended to immediately on their commencement, will easily be obviated, and those in the last stages will be much alleviated, and many of them effectually cured. Price 75 cents per bottle.

Also, for sale at above,
Dr. Cooley's genuine
ANTI-PESTILENTIAL, ATTENUATING AND RESTORATIVE
PILLS,
Greatly enlarged in Rheumatic and Bilious complaints—50 cents a box.

Appointment by the Governor and Council

MARTIN KERSHNER, Esq. Assistant Justice of Washington County Court, in the room of BENJAMIN GALLOWAY, Esquire, who has resigned.

GENERAL THURIOT, Minister Plenipotentiary of Bonaparte, has arrived at Washington.

Paragraphs from the (Boston) DEMOCRAT, on the subject of the late election.

TRUMPH OF PRINCIPLE.

We improve the earliest opportunity to inform our readers, that TEN of our representatives to the next congress are decidedly republican; and that the majority of votes now received from about 320 towns, actually amount to upwards of FOUR THOUSAND for the republican ticket!

It was said in the general court, that they were desirous to resort to a general ticket, in order to show that the whole strength of Massachusetts, was opposed to the general administration; they will no doubt agree that the whole strength of Massachusetts, is now in favor of the general government. Truth is great and will prevail.

A few days since, a thorough-going federalist from Hampshire county, we are told, met the "Centinel Major," in State street, and thus accosted him:—Well Major! I think you gained a point the other day in ousting Dr. Eustis? Yes, replied the Major, we gained a point, but we have lost a Gallon!! How so, says the gentleman? How so? Why, instead of TEN THOUSAND majority for the "Adams and Washington" electoral ticket, as I had predicted, the "JEFFERSONIAN" ticket, will prevail by two or three thousand, consequently Mr. Jefferson, will have every vote in Massachusetts! Impossible, replied the gentleman, it is "too true," says the Major. Oh dear, Oh dear.

It is truly lamentable that the federalists were left to adopt and force upon us against our consent the disastrous measure of a general ticket. They are caught in the snares they laid for us; and now they scarcely preserve decency in their remorse; but those whom God means to destroy he first visits with insanity.

From the land of "STEADY HABITS."
A gentleman who arrived in town last evening, from Connecticut, has politely furnished us with the following pleasing information, viz. The towns of Durham, Middletown, Waterbury & New-Fairfield, which have heretofore been highly federal, have lately chosen for their own officers, men, whose politics are decidedly democratic republican: that the citizens were much alarmed at the late persecuting spirit of their legislature, and that the citizens of the land of blue laws, and boasted steady habits, were fast progressing to participate in the genial rays of republicanism.

On Monday last the election for electors of President and Vice President of the United States, was held throughout this state. In this county, and every other part of the district that we have heard from, the Republican Ticket prevailed unanimously. JOHN TYLER and FREDERICK TILGHMAN, Esquires, are consequently elected.

The following is a correct statement of the votes taken in Washington county.

Sharpsburg	8
Langley's	84
Hagers-town	424
Perry's	57
Hancock-town	39
Total	612

[Hagerstown paper.]

New Hampshire—In our last we were incorrect, in our statement of the number of towns heard from in this state—the following, containing additional returns, will be found correct:—

TOWNS.	REP.	ANTI.
41 In our list (corrected)	2653	2646
6 In Stafford county	230	458
1 Cheshire do.	15	100
2 Rockingham do.	56	93
2 Grafton do.	29	171
5 Hillsborough do.	372	268
57	3355	3738

Present Anti-rep. majority 583

Massachusetts election—The following additional returns were received yesterday:

TOWNS.	REP.	ANTI.
287 In our last	24528	21509
6 Berkshire county	666	354
1 Hampshire do.	9	75
4 Worcester	124	272
293	25267	23210

Present republican majority 3057.

According to the opposition paper of Worcester, the election of Mr. Bangs, as successor to Mr. Hastings is uncertain—even if Mr. Hastings is successful, however, it is allowed his majority will not be above twenty; and Massachusetts will still send ten republicans and but seven Antis to the next congress. To the present congress, there are but seven republicans from that state, the opposition have ten.

(Aurora.)

The following is the return of the votes for elector of President and Vice-President at Easton, (Md.)

Col. Perry Spencer, (Rep.)	114
Capt. Wm. Frazier, (Anti.)	58

Republican majority, 86
The three other districts of the county we have not heard from, nor from Caroline, and the first election district of Dorchester county; but are in hopes Col. Spencer has gained the election.

Columbian Inn—continued.

ISAAC CAUSTEN
Respectfully informs his friends and the public, that he has leased the above named well known Inn, situated at the head of Market-street, and next to the corner of Howard-street, for a term of years; which will be soon let by him as a Public House of Entertainment, under its old name of COLUMBIAN INN, after the 19th day of December next. The situation is very salubrious, and the house is capacious and convenient, and, in every respect, calculated for travellers and others.

The late rapid increase of business, particularly in the wholesale line, in the pleasant quarter of the city in which this COLUMBIAN INN is situated, and its being in the immediate neighborhood of the wagon or country trade, render it a desirable place for country merchants. As to the entertainment the house will afford—I CAUSTEN hopes this will be tested to his advantage, by all those who may honor him with their patronage—he will, at least, declare, that every possible exertion will be made, to merit and obtain the approbation of his friends and the public.
