No. 1.
A judicious writer remarks, that "to live with
satisfaction to one's self and others, to procure
as many comforts of life as are consistent with
our mental and bodily constitution, and to avert
impending danger, or, in other words, to pre-
serve ourselves from the injurious attacks of
external agents, are nearly the whole of what
relates to the practical part of human life." If
then to live with satisfaction to ourselves and
others is so desirable, how can we accomplish
it when deprived of that which is more to be
esteemed than gold and treasure—that which
enlarges the soul—that which, when possessed,
leaves little more to be wished for—that which
when wanted is the greatest of wants—even
that which is the greatest of all blessings, nam-
ely HEALTH! Their incipal source of misery,
then, being the loss of this great jewel, it be-
comes to find a remedy for those disease
which have hitherto baffled the skill of the Fac-
ulty, namely nervous, convulsive, and hypo-
chondriac. If any one man has ever been
more successful than another, it is Dr. J. Sol-
omon, who has brought his **CARDIAC BALM**
OF GILEAD to such perfection that it never
fails of removing the worst and most crum-
bling disorders of this nature. It always exhilarates
and cheers the spirits, and invigorates the whole
frame. Such a medicine, for its healing, bal-
samie, friendly, and sanative qualities upon the
debilitated constitution, deserves the warm-
est encouragement it meets with from all ranks who
have been fortunate enough to have recourse to it.
Pamphlets on its efficacy delivered gratis by
the agents—Messrs. WALKER & HANNA,
corner of Market and South Gay streets, Balti-
more—and sold in bottles, price three dollars
each.
Where may be had, Solomon's Guide to health,
price one dollar, and the celebrated Anti-Pe-
titioner for the Scruvy, Scrofula, Lues, &c. price
50 cents a bottle, with copious directions for
its use.

City of Baltimore.

(BY AUTHORITY.)

(No. XXIV.)

AN ORDINANCE

For the more effectual Inspection of Herrings
and other Fish.

BE it enacted and ordained by the mayor
and city council of Baltimore, That
from and after the first day of March,
1866, all salted herring and shad fish,
brought to the city of Baltimore, for sale,
and which have been, according to the
best judgment of the inspector, taken in
the waters of the Chesapeake bay, or in
any of the rivers or creeks emptying in-
to the same, and packed and put into
casks made of white oak staves, clear of
sap and well seasoned, tightened with
fourteen good and sufficient hoops nailed
with four nails in each chine hoop and
four nails in each upper bilge hoop, suf-
ficient in every respect to hold picking,
and of the following dimensions, to wit:
The length of the stave to be twenty
eight inches, and the thickness thereof
one half inch; the diameter of the head
to be seventeen inches and the thickness
thereof five eighths of an inch; the bilge
diameter to be twenty one inches from
out to out, and the chine not to exceed
one inch in depth, shall be submitted to
the view and examination of the inspec-
tor, under the penalty of three dollars
per barrel, to be paid by the person
bringing the same.

Sec. 2. And be it enacted and ordained
That from and after the first day of
March, 1866, all herrings or shad brought
to the city of Baltimore for sale, and
which are of the description contained in
the first section of this ordinance, and
packed in the manner thereby required,
and which shall be sound and merchant-
able, and in all respects fit to be export-
ed to any foreign market, shall be branded
on the head by the inspector, with a pub-
lic brand mark to be by him provided
for that purpose, with the words *Balti-
more Herrings or Shad*, as the case may
be, for bounty, with the initial of the
christian name, and the surname of the
inspector at full length, and either No.
1 or No. 2, according to the quality there-
of, that is to say, herring: and of the
best quality shall be branded No. 1, and
those of inferior quality No. 2, and he
shall be entitled to receive from the own-
er of the same as a compensation there-
for, six cents, for each and every cask
thus inspected and branded and no more.

Sec. 3. And be it enacted and ordained,
That from and after the first day of
March, 1866, it shall not be lawful for
any persons whomsoever, to export, ship
or take on board any ship or vessel for
exportation, any herrings or shad taken
in the waters of the Chesapeake bay, or
any of the rivers or creeks emptying in-
to the same, unless such herrings or shad
have been duly inspected and branded
or marked, agreeably to this ordinance,
under the penalty of three dollars for
each cask exported or laden on board
any ship or vessel for exportation.

Sec. 4. And be it enacted and ordained,
That all herring or shad fish brought
from the state of North Carolina to the
city of Baltimore, for sale, after the first
day of March, 1866, which shall be
packed in casks made in the manner
and of the dimensions required by the
first section of this ordinance, and
which by the inspector shall be con-
sidered merchantable and fit for export-
ation to any foreign port, shall be in
that case branded in the same manner
a herring or shad fish taken in the
Chesapeake bay.

Sec. 5. And be it enacted and ordained,
That all herrings or other fish packed
in barrels and brought to the city of
Baltimore, for sale, not being of the de-
scription mentioned in the first section
of this ordinance, shall be submitted to
the view and examination of the inspec-
tor, under the penalty of three dollars
per barrel, and if sound, merchant-
able and in good condition, he shall brand
the same on the head of each cask, with
the word *herrings*, or other fish, as the
case may be, for bounty, and either
No. 1 or 2, according to the quality
thereof, and be entitled to receive as a
compensation therefor, five cents for
each and every cask thus inspected and
branded and no more.

Sec. 6. And be it enacted and ordained,
That a person of good repute and skillful
in the good sense, quality and well curing
of salt fish, shall be appointed inspector
of salted fish, whose duty it shall be,
after the first day of March, 1866, to
inspect all the salted fish packed in bar-
rels and brought to the city of Baltimore
for sale, agreeably to the regulations
contained in this ordinance.

Sec. 7. And be it enacted and ordained,
That all salted fish brought to the city
of Baltimore for sale, and which by this
ordinance are directed to be inspected,
shall be filled up by the owner or owners,
person or persons employed for that
purpose, and by him or them repacked
or re-packed, as the case may be, if
required so to be done by the inspector,
and in all respects completed in such
manner as he shall direct, for the pur-
pose of having the same made fit for
exportation, and any owner or owners,
person or persons thus employed by
them refusing or neglecting to comply
therewith, shall forfeit and pay one
dollar, for each and every offence.

Sec. 8. And be it enacted and ordained,
That no inspector shall brand any barrel

or cask of salted fish, which he may
think unsound or unmerchantable,
according to the true intent and meaning
of this ordinance, but shall cause the
same to be marked on the bilge and head
thereof, with a broad arrow, or secure
it for further examination, if required,
which examination the owner shall pro-
cure to be made within two days, and
the inspector shall be entitled to receive
the same compensation as if branded or
marked, and it shall be the duty of the
inspector, after the inspection and con-
demnation of any salted fish, forthwith
to make report to the mayor in writing,
who is hereby authorized and directed
to give notice to the owner or owner-
s, agent or agents thereof, to have the
same removed at least three miles from
the city; and any person or persons
neglecting or refusing to comply with
such notice, within twenty four hours
thereafter, shall forfeit and pay five dol-
lars for each and every cask thus con-
demned and not removed.

Sec. 9. And be it enacted and ordained,
That when any person shall think him-
self aggrieved through the judgment or
want of skill of the inspector, it shall
and may be lawful for such person to
apply to the mayor or a justice of the
peace, who shall, at the charge of the
complainant, issue his warrant, directed
to three indifferent persons, well skilled
in the goodness, quality and well curing
of salted fish, to review and examine
the same, which said three persons shall
take the same oath or affirmations, as by
this ordinance is directed to be taken by
every inspector of salted fish, and shall
carefully view and examine the same,
and if they shall declare the same to be
sound and merchantable, and the barrels
to be as required by this ordinance, then
and in such case the said inspector shall
erase the broad arrow and put such
brand or mark as they shall adjudge
and determine, and this corporation
shall repay the said complainant the said
costs; but if on such review the judg-
ment of the said inspector shall be con-
firmed then and in such case the said
owner of such salted fish, shall pay the
costs of such review.

Sec. 10. And be it enacted and ordained,
That if any person shall alter the mark
or brand of any cask containing fish
marked or branded by the inspector, or
shall mark or brand any cask containing
fish which hath not been inspected with
any mark or brand similar to or in imi-
tation of the inspector's said mark or
brand, or after the said inspector shall
have passed any cask of fish as mer-
chantable, shall pack into the cask which
contains the same, any other salted fish,
or after any cask of salted fish shall be
marked with the broad arrow, shall
unpack and repack the same into other
casks or packages, such person shall
forfeit and pay ten dollars, for each and
every cask repacked or altered as afore-
said.

Sec. 11. And be it enacted and ordained,
That from and after the first day of
March, 1866, no inspector of salted
fish shall directly or indirectly be con-

That the inspector of salted fish may,
with the approbation of the mayor, em-
ploy a person of good repute and well
qualified for such service, as an assist-
ant to aid him in the execution of said
office; and such assistant, after taking
the oath prescribed to be taken by the
inspector of salted fish, is hereby au-
thorized to inspect and brand salted fish
as the inspector himself might do, and
for whose conduct the said inspector
shall be responsible.

Sec. 13. And be it enacted and ordained,
That before the said inspector shall enter
upon the execution of his office, he shall
give bond, with security to be approv-
ed of by the mayor, to the mayor and city
council of Baltimore, in the sum of
five hundred dollars, that he will diligent-

required of him by this ordinance, and that
he will well and truly pay all fines and
forfeitures received by him, and incurred
by reason of this ordinance, in such man-
ner and at such times as the mayor may
direct.

Sec. 14. And be it enacted and ordained,

purchased.

Sec. 15. And be it enacted and ordained,
That any herrings or other fish required
by this ordinance to be inspected, which
shall, on the examination thereof by the
inspector, prove to be falsely packed, that
is to say, the fish in one part of the cask
prove to be of indifferent and inferior
quality from the other, or packed with
any improper and unfit substances, &c. with
intent to defraud, the owner or owners,
agent or agents, shall forfeit and pay for
each and every cask the sum of five dollars.

Sec. 16. And be it enacted and ordained,
That the ordinance, entitled, "An ordi-
nance for the inspection of salted provi-
sions, imported into or exported from the

city of Baltimore," and the several suppli-
ments thereto, so far as the same re-

BALTZER SHEFFER, president
Of the first branch of the city council.
JAS. CALHOUN, president
Of the second branch of the city council.
APPROVED, March 21, 1865.
THOROWGOOD SMITH, Mayor
Of the city of Baltimore.

NEW YORK, April 4.

We have seen a letter from the res-
pectable house of Swanwick & Co. of Can-
diz, dated February 15, which says,
"The English blockading Fleet has
disappeared from before this port, and
is supposed to have joined that of the
Mediterranean."

A fire broke out yesterday morning
in a malt house adjoining the brewery of
Messrs. Murray and Cunningham,
in James' street, which was not got un-
der before the brewery (which contained
5,000 bushels of grain) and two or
three adjacent wooden buildings, were
destroyed.

West India News.—The politeness of
capt. Aborn of the brig *Sealowe*, arriv-
ed yesterday from Martinique via St.
Bartholomew's, has furnished us with in-
teresting intelligence relative to the pro-
cedure of the French squadron in that
quarter. After laying a contribution of
60000 sterling on the inhabitants of Ros-
seau in Dominica, and sending a number
of very valuable ships to Guadeloupe, they
proceeded to Basseterre, St. Kitts, where,
without opposition, they took and burnt
all the shipping in the roads, except the
vessels containing valuable property
which they sent to Guadeloupe. They
then made them advance 350000 sterling
for the town, and proceeded to Nevis,
where they levied 10000 dollars on the
inhabitants. Next they went to Mont-
serrat, but of their conduct there no cer-
tain account had transpired: no doubt
however the people there would have to
pay their quota to the enemy. On the
13th ult. a drogher arrived at St. Bar-
tholomew's which informed that the squad-
ron had gone to attack St. Vincent's, and
that the British were sending forces to
Antigua from Dominica and St. Kitts to
strengthen that island, expecting the next
attack would be made there. It was re-
ported at St. Pierre's, Mar. that a fleet
had been seen to windward of Barbadoes,
which was supposed to be the British.
[Daily Advertiser.]

The following is a list of the vessels
composing the French squadron so ac-
tively and successfully employed against
the British islands in the West Indies,
under the command of admiral Masse-
s's:

| SHIPS. | GUNS. | FRIGATE. | GUNS. |
|-----------------|-------|-----------------|-------|
| Le Majorstueux, | 120 | Le Hermis, | 50 |
| Le Maguanime, | 84 | Le Gloire, | 44 |
| Le Sufirin, | 74 | Le Infatigable, | 44 |
| Le Lyon, | 74 | Two brig, | |
| Le Jemappe, | 74 | One schooner, | |

Captain Rutgers, who arrived here
yesterday from Martinique, informs,
that on the 12th of March he passed
Basseterre, (St. Kitts) and Brimstone
Hill, and saw at each place vessels with
English colours flying, and English col-
ours on the forts—and that on the
evening of the 11th he saw the French
fleet under easy sail off Guadeloupe,
apparently steering for Dominica. He
also informs that the British had evacu-
ated the Diamond rock.

FRANCE.
By the brig *Patty*, from Bordeaux; we
have received Paris papers to the 6th
of February, which contain a variety
of interesting documents relative to
the overtures of France for a peace.
We this day commence those papers,
and shall continue them in future
numbers of this Gazette.
