Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies & Gentlemen of America, during more than 45 years; I ought to be a competent judge. The Subscriber

IS authorized to receive subscriptions of Stock in the Washington TONTINE. Persons disposed to subscribe, will please to make early application. The views of Mr. Stoddert will be best explained by his letter to me—an extract from which I subjoin. FRANCIS JOHNONOT. Georgetown, October 29, 1805. "I hope those in Baltimore, who mean to adventure in the Tontine, will make their subscriptions in November, and the earlier in that month, the more agreeable it will be. I want, if possible, to have the whole completed by the first of December, that I may have one month to employ in arranging every thing relating to this institution, in a way, so clear, as to avoid the possibility, at least the probability, of alteration hereafter. You know that on the 31st of December every single share of stock must depend upon some life, which cannot afterwards be changed. I wish, indeed, by attention beforehand, to avoid every thing like the necessity of alteration or even explanation afterwards. I mean particularly in regard to the description of the lives chosen for the Stock to depend upon. "In the list you sent me of subscriptions, the description of the lives is not full enough. In but few instances have you mentioned their places of residence; I presume they are all of Baltimore; but I ought to be certain. In some instances you have omitted the names of the parents, in others, their residence—all these things are necessary. Be so good as to send me another list, supplying every thing that the second article of the institution requires. A time will come, when the existence or non-existence of a single share, will be worth a contest. "I informed you, or meant to do so, some time ago, that the title to the lots had been examined, and approved of by Messrs. Key and Mason, and that the deeds had been drawn and recorded under their direction, as provided by the first article. This was done, I think, in May. The lots have been lately placed in the hands of an agent for sale, and a few have been sold to sufficient profit. The real interest of the institution will probably be best served, by suffering no sales until better times; but it has been thought right to fix the foundation now, for dividends in 1807." Nov. 6 43t
