VENEREAL COMPLAINTS.
AS Dr. WARNER'S practice has been very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vended or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the urinary passages and debility thereof, from various causes and accidents, removed in the shortest possible space of time.—As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint.
Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicines so prepared, that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet.
N. B. Dr. Warner has removed to the corner of Calvert and Bank streets.

The Subscriber,
HAVING obtained a patent for his new invented STEAM ENGINE for raising water, notices the public, that he is now ready to grant privilege to use the same, for grinding Grain, Plaster of Paris, &c. it may also be used for slitting mills, or for sawing timber, and in fact to any other purpose to which water may be usefully applied.
One peculiar advantage of this invention is that the water which is used on the wheel may be so directed, as to be returned back, and with but very little waste, continually re-applied, so that on very small streams, where once a body of water is collected, the most extensive works may be carried on.
It may also be with an inconsiderable expense, applied to raising water, for supplying cities which are situated on rivers that have not sufficient fall for that purpose.
