

THE WIDOW

OF THE LATE
RICHARD LEE, JUNIOR,
RESPECTFULLY informs the public, that her husband at the time of his death was sole proprietor of the undermentioned celebrated FAMILY MEDICINES, and that she continues to have them faithfully prepared according to the original recipes, which are in her possession. This public notice is rendered necessary by imitations of them having been lately advertised for sale in New York and other places, and also by a report having been widely circulated of my having declined the business. Effectually to counteract such unprincipled attempts, I wish the public to be informed that my friends purchased for me, at the late public sale of my husband's moveable property, all the large stock of Medicines then on hand, and all the necessary apparatus for preparing them—it being then and now my firm determination to continue the business for the benefit of myself and children. With this intention I have appointed Mr JAMES HANNA, No. 102, Market street, my wholesale and retail vendor for the city of Baltimore; and Mr BENJAMIN WILSON, opposite the Market, Fell's Point, at which two places they may be had genuine, and no where else in Baltimore. The genuine Medicines have on the outside wrappers the signature of HANNAH LEE.

Please to observe that the Agency is removed from Warner & Hanna's, to James Hanna's, druggist, No 102, Market-street. Hamilton's Worm-Destroying Lozenges, Hahn's Anti-Bilious Pills, Hamilton's Elixir.

INFALLIBLE AGUE AND FEVER DROPS,

For the cure of Agues, Remittent and Intermittent Fevers.
Never was a medicine offered, that has a greater claim to public approbation than this, as many thousands can testify. It would be needless to expatiate largely on the extraordinary virtues of these Drops, it being the generally received opinion that if taken regularly, and according to the directions, it is the most efficacious medicine in the known world, for the AGUE and intermittent FEVER. Thousands can testify of their being cured by these Drops, after the bark and every other medicine have proved ineffectual. Not one in a hundred has had occasion to take more than one, and numbers not half a bottle.
These Drops are particularly recommended to the inhabitants of low, marshy countries, where the worst sort of AGUES generally prevail; which, unless early attended to, and speedily removed, injure the constitution exceedingly, and bring on dropsies, putrid fevers, and a variety of complaints of the most dangerous and alarming nature. Many other medicines are daily offered to the public for the cure of this disorder, which upon trial have been found either dangerous or useless. The bark is the usual remedy made use of, but being a very nauseous medicine, and seldom taken in sufficient quantity, it very often fails; and children and those who have weak stomachs are frequently lost for want of a more easy and pleasant remedy.

Philadelphia, May 22, 1866.
TO MRS. LEE.

MADAM—Having in a most singular manner experienced in my family the astonishing efficacy of Hamilton's Worm-Destroying Lozenges, prepared by the late Mr Lee, I feel it my duty to add the following curious case to the list of remarkable cures performed by that celebrated medicine. My daughter at the age of 17 months was taken ill with those symptoms which are supposed to denote worms; after having tried a number of things (which are said to be good in such cases) without any benefit, we had the attendance of a respectable physician; but she still continued to decline in health, and at the end of six months became so weak that she could not walk, nor keep food on her stomach, it was so extremely disordered. At this interesting period, one of our neighbors recommended your Lozenges so earnestly, we were induced to send to Mr. Birch's for a box of them; on her taking a third dose according to the printed directions, there came from her a living animal about three quarters of an inch long, and of a most frightful appearance, being very white, with a great number of legs, and something which resembled wings, by which it appeared to spring, and which it did repeatedly (to our great surprise) about the same distance that a small toad can hop on the ground. Its form was altogether unknown to every person who saw it. It lived (in water) about 18 hours. We afterwards put it in spirits and it is now in the possession of Dr. Bleight, of this city. The child grew better from that day; in a very short period began to walk again, and is now in perfect health.

Your's, &c. WM. BRADLEY,
Callowhill-street, between 8th & 9th streets.
Any person may be satisfied of the accuracy and authenticity of this singular occurrence, by making enquiry in the neighborhood; many of the neighbors saw the creature alive, and are well acquainted with the above particulars.
W. B.

HAMILTON'S WORM-DESTROYING LOZENGES.
(There is reason to believe) have within 7 years past, cured upwards of Two Hundred Thousand persons, of both sexes, of every age, and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or fulness in the stomach & bowels.
Among the symptoms attending worms, are disagreeable breath, especially in the morning; bad and corrupted gums—itching in the nose,

and about the seat—convulsions and epileptic fits, and sometimes privation of speech—starting and grinding of the teeth in sleep—irregular appetite, sometimes loathing food, & sometimes voracious—purging with slimy and foetid stools—vomiting—large and hard belly—pains and sickness of the stomach—pains in head and thighs, with lowness of spirits—slow fever, with small and irregular pulse—a dry cough—excessive thirst—sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.
Persons afflicted with any of the above symptoms, should have immediate recourse to "Hamilton's Worm-Destroying Lozenges," which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent vomiting and purging of children, a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of the fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.
Children generally take this medicine with eagerness, it having a pleasing appearance and an agreeable taste.

Hamilton's Worm-Destroying Lozenges are sold by JAMES HANNA, druggist, No. 102, Market-street; also by BENJAMIN WILSON, opposite the Market, Fell's Point—and no where else in Baltimore.
