Veneral Complaints.
Omnibus ad quae periculerint Salutem.
AS DR WARNER'S practice has been very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the Veneral Disease in preference to any Medicine vended or known in Baltimore. Among the numerous cases of the most delicate females in very advanced stages of pregnancy, when to all human probability their tender offspring must have been destroyed in the common mode of cure, there has never been an unfortunate termination. The advantages of medicine not in the least disagreeable to the taste or stomach, the ease to the patient without confinement or restriction in drink or diet, must be self-evident to all. As he has removed cases deemed incurable by the ablest physicians both of Europe and America—The Doctor solicits particularly the attention of those who have made ineffectual trials with others. As Dr. Warner is in the daily habit of receiving communications from other states, and sending medicine to them, he will attend to any letters, postage always being paid, as usual. Those who have injured their constitutions by impudence may be restored by a timely application. Many infants who have been born with this evil affliction have been most effectually restored to health by the subscriber. Masters of vessels and travellers may have their medicine so prepared, that a safe, efficacious and expeditious cure will be made without any restrictions whatever. Cure is warranted in all cases.
Dr. Warner has removed to the corner of Cumberland Row and Water-street, at the west end of the Marsh-market.

THE Subscriber, Agent for the Phœnix Assurance Company of London, hereby gives notice, that constant attendance is given, at the Company's Office in Second-street, for the purpose of receiving orders to insure Houses, Property, Merchandise and Furniture against Fire.—The promptitude with which this Company has adjusted the claims of sufferers, and the solidity of its funds are so well known, that it is unnecessary to offer more on the subject than to refer those who desire information to the Merchants of London, with whom they correspond.—Printed proposals which have been already published, with the terms on which Insurance can be effected, will be delivered to any person on application to the office. The moderate premiums required and the utility of the Institution it is hoped will recommend it to the countenance and patronage of the public.

French Night School.
NOTICE is hereby given, that I the subscriber, Teacher and Translator of the French & English Tongues, have resumed the **FRENCH NIGHT SCHOOL** in my common dwelling, between Light-street and Charles-street; but to promise to do wonders in behalf of my pupils, I have no need—it suffices to tell them that no language can be learned without grammatical rules, even as far as translation; the master and scholars must take a great deal of pains; also, that every person is not capable to learn a foreign language. Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 46 years, I ought to be a competent judge. I would advise those promising youths who will favor me with encouragement, to apply as soon as possible, so that they may get some benefit of their studies by the 15th of March.
