Land, distance about 3 miles from the centre
of Baltimore, on the Harford road, leading to
Long Green; and as the road passes through
the middle of the land, it could be divided in
two small country retreats, for the summer sea-
son, as the water is good on both sides. A
part of the land is cleared and under heavy
grain; and part in small thriving timber; some
buildings on both sides of the road. It is worthy
the attention of any gentleman that wishes
a small retreat that distance from town—it is

Holy Bible Explained.
HENRY S. KEATING, returns his sincere
thanks to those who have patronized the
above work, and informs them that a delay
in its publication has arisen in the wish to
furnish the public with the first impression of
an elegant type, now casting at the infant
foundry of Messrs. Fowler & Co. in this city:
—He is now happy in having it in his power to
add, that the letter is so far completed, as to
enable him to promise that the work will be
put to press in a few days. And to aid in
presenting this valuable work with expedition
to subscribers, H. S. K. has entered himself in
its publication with W. P. Centers, for whom the
handsome type is casting on which the work is
to be printed. In this work, the sacred
writings are in the most pleasing and rational
manner digested and illustrated, by way of
Question and Answer; in which, the principal
points controverted by modern unbelievers
are considered and satisfactorily explained.
In a word, the publishers are confident it will
prove to its readers a complete repository of
useful and entertaining knowledge.
Subscriptions received at the office
of "American" will be delivered in seven
numbers, at 25 cents each, or complete in
boards, at 2 dollars. It will contain 200 pages,

Two Royal Tigers,
MALLE AND FEMALE.
THESE curious animals, lately imported
from Surat, in Asia, are the first that
reached any part of this continent. On their
arrival they were not a year old. They are nine
feet long, and three feet in height. Their crowns
designate them as royal and peculiar to Asia.
When full grown, their bulk is tremendous,
much superior in size to a lion, and of prodigious
strength. Their color is a bright yellow,
beautifully marked with long stripes of black,
which run in the same direction as their ribs,
with others across their thighs. The Tigers in
Asia are the scourge of the country; insidious,
blood-thirsty and malevolent, preferring the
human flesh for their sustenance to that of wild
beasts. They lurk among the bushes, and bound
on their prey: if they succeed, and are undis-
turbed, they plunge their heads into the bodies
of the animals, up to their eyes, as if it were
to satiate themselves with blood, before they
tear them to pieces. It attacks the Lion of
Elephant, and is truly said to be the most pow-
erful animal in the world.
The Ladies and Gentlemen of this town and
its vicinity are respectfully invited to lose no
time in viewing these extraordinary animals, as
there never was and probably never will be
exhibited any others so worthy of their atten-
tion. As the trouble and expense attending
them are enormous, it is impossible for the
keeper to carry longer in a place, than while he
meets with encouragement. He therefore
solicits their speedy attention.
N. B. The cage in which the Tigers are con-
fined is very strong, so that no danger may be
apprehended from them.
To be seen at **JAMES FERON'S**, Horse-
Market, until Thursday Next, the 16th instant.
Admission, 25 cents for grown persons,
children, half price.
