### The Woman's Friend.

KENT & BEATTY'S PATENT WASHING MACHINE.

THE Public have often been amused with an account of curious inventions and ingenious contrivances, few of which have ever answered the intended purpose. This Machine, called the Woman's Friend, wants only a trial to convince the public, that the defects attending others are entirely removed in this. No part of this Machine is liable to swell with the water so as to hinder the action in the least degree. The proprietors think it unnecessary to insert expensive advertisements, as those inclined to purchase a labor-saving machine, will immediately apply at Mrs. Davidson's, No. 1, Market-street, near the bridge. This much admired washing machine has been used at Alexandria in the families of the following gentlemen, and highly approved of; and at their request we publish their names; those gentlemen thinking this machine superior to any thing of the kind ever offered to the public. The ladies in particular are requested to call at Mrs. Davidson's, where a machine stands for public inspection.
